11 for curricula in all elementary and secondary schools in this
12 State: human ecology and health, human growth and development,
13 the emotional, psychological, physiological, hygienic and
14 social responsibilities of family life, including sexual
15 abstinence until marriage, prevention and control of disease,
16 including instruction in grades 6 through 12 on the prevention,

4 the following areas may also be included as a basis for
5 curricula in all elementary and secondary schools in this
6 State: basic first aid (including, but not limited to,
7 cardiopulmonary resuscitation and the Heimlich maneuver),
