FISCAL NOTE ACT  
MAY APPLY

A BILL FOR

1 AN ACT concerning State services.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the State  
5 Services Accountability Act.

6 Section 5. Legislative findings and declaration of policy.

7 (a) The purpose of this Act is to set forth a program to  
8 better provide services to the citizens of Illinois by ensuring  
9 that tax dollars expended for services are properly used for  
10 their allocated purpose. The State of Illinois enters into  
11 reimbursement agreements and contracts with and provides  
12 grants to private entities (contractors and grantees) for the  
13 purpose of providing services for the citizens of Illinois. The  
14 State of Illinois enters into these contracts and provides  
15 these grants to provide quality services for the citizens of  
16 Illinois.

17 (b) The General Assembly finds that the needs of its  
18 citizens cannot be met if the time frame for provision of  
19 services provided through reimbursement agreements, contracts,  
20 or grant agreements between the State of Illinois and  
21 contractors and grantees are subject to disruption and further  
22 finds that likelihood of disruption is enhanced when a work  
23 stoppage is involved.

1           (c) The General Assembly further finds that the tax dollars  
2 should be used for their appropriated use. In addition, staff  
3 time, paid with tax dollars, should be spent providing services  
4 to Illinois' citizens.

5           (d) This Act is intended solely as a limitation on the  
6 permissible uses of State appropriations. It is not intended to  
7 expand, limit, or in any manner affect existing rights or  
8 duties of employers, employees, or labor organizations under  
9 the National Labor Relations Act or other federal law affecting  
10 labor relations.
