4 Section 5. The State Property Control Act is amended by  
5 changing Section 7.3 as follows:

6 (30 ILCS 605/7.3) (from Ch. 127, par. 133b10.3)

7 Sec. 7.3. The Administrator shall have charge of all  
8 transferable property and shall have authority to take  
9 possession and control of such property in order to transfer or  
10 assign any such property to any other State agency that has  
11 need or use for such property or to dispose of said property in  
12 accordance with Section 7 of this Act.

13 Notwithstanding any other provision of law to the contrary,  
14 each airplane and helicopter owned by the State and not  
15 designated for emergency use under a plan developed pursuant to  
16 Section 3.120 of the Emergency Medical Services (EMS) Systems  
17 Act is deemed surplus and shall be sold by the Administrator as  
18 soon as possible after the effective date of this amendatory  
19 Act of the 95th General Assembly, using whatever method of  
20 sale, including but not limited to a widely used global  
21 Internet auction site, that the Administrator in his or her  
22 discretion determines most profitable to the State. Each  
23 airplane and helicopter owned by the State and designated for

1 emergency use under a plan developed pursuant to Section 3.120  
2 of the Emergency Medical Services (EMS) Systems Act shall be  
3 deemed surplus property and sold by the Administrator as soon  
4 as possible after the airplane or helicopter ceases to be so  
5 designated, using whatever method of sale, including but not  
6 limited to a widely used global Internet auction site, that the  
7 Administrator in his or her discretion determines most  
8 profitable to the State. Proceeds from the sale of each  
9 airplane or helicopter shall be deposited into the State Parks  
10 Fund and used for State park improvements.

11 ~~The Administrator may not dispose of a transferable~~  
12 ~~airplane by sale until he or she determines that (i) the agency~~  
13 ~~no longer has a need for the airplane, (ii) the airplane will~~  
14 ~~not be used as a trade-in on another aircraft, and (iii) no~~  
15 ~~public university or college in Illinois that offers courses in~~  
16 ~~aviation, flight training, or other subjects involving~~  
17 ~~knowledge of the workings of an airplane has listed the need~~  
18 ~~for an airplane as provided in this Section.~~

19 Responsible officers shall periodically report all  
20 transferable property at locations under their jurisdictions  
21 to the Administrator. The Administrator shall review such  
22 reports and arrange for physical examination of said property  
23 if necessary to determine if said items of transferable  
24 property should be transferred to another State agency,  
25 transferred to a central warehouse, or disposed of. The  
26 Administrator shall advise responsible officers of the results

1 of these reviews as necessary.

2 The staff under the jurisdiction of the Administrator shall  
3 review as necessary State agencies' inventories for potential  
4 items of transferable property. If in the opinion of the  
5 Administrator's staff, any property appears to be  
6 transferable, the Administrator shall notify the responsible  
7 officer of his determination. The executive head of the agency  
8 holding the property in question may appeal the determination  
9 in writing to the Administrator.

10 The Administrator will review the determination in  
11 accordance with rules and procedures established pursuant to  
12 Section 5 of this Act.

13 The Administrator shall maintain lists of transferable  
14 property and of State agency needs for such property and will  
15 transfer where appropriate listed transferable property to  
16 agencies listing their needs for such property as detailed by  
17 their responsible officers. ~~The Administrator must give  
18 priority for transfer of an airplane, that is not to be used as  
19 a trade in, to a public university or college in Illinois that  
20 offers courses in aviation, flight training, or other subjects  
21 involving knowledge of the workings of an airplane and that has  
22 listed the need for an airplane.~~
