

95TH GENERAL ASSEMBLY State of Illinois 2007 and 2008 SB1369

Introduced 2/9/2007, by Sen. James F. Clayborne, Jr.

SYNOPSIS AS INTRODUCED:

New Act

Creates the Prison Litigation Reform Act. Provides that the court, on its own motion or on the motion of a party, shall dismiss any inmate suit relating to the conditions of confinement or the effects of actions by government officials on the lives of persons confined in prison if the court is satisfied that the action is frivolous, is malicious, seeks monetary relief from a defendant who is immune from such relief, or fails to state a cause of action based upon which relief can be granted. Provides that if the court makes a determination to dismiss a suit based on the content, or lack thereof, of the complaint, the court may dismiss the underlying claim without first requiring the exhaustion of administrative remedies. Provides that before service of process on the defendants, the court shall review the complaint in any civil action in which an inmate seeks redress from a governmental entity or officer or employee of a governmental entity. Provides that in any inmate suit in which attorney's fees are authorized, such fees shall be awarded only to the extent they were directly and reasonably incurred in proving an actual violation of the plaintiff's rights protected by a statute pursuant to which fees may be awarded, and the amount of the fee is proportionately related to the court-ordered relief for the violation or the fee was directly and reasonably incurred in enforcing the relief ordered for the violation. Provides that an inmate may not bring a civil action or appeal a judgment in a civil action or proceeding in forma pauperis if the inmate has, on 3 or more prior occasions while incarcerated or detained in any facility, brought an action or appeal in a State court that was dismissed on the grounds that it was frivolous or malicious, unless the inmate is in imminent danger of serious physical injury.

1 AN ACT concerning prison litigation.

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. Short title. This Act may be cited as the Prison Litigation Reform Act.

Section 5. Findings. The General Assembly finds that, while there are legitimate grievances that are made the subject of civil actions filed in State courts by inmates with respect to the conditions of their confinement or the effects of actions by government officials on their lives, many such civil actions are frivolous in nature and serve only to place an additional burden on the already crowded dockets of the courts of the State of Illinois. This has become more troublesome with the passage of the federal Prison Litigation Reform Act, which has served to reduce the filings of inmate suits in federal courts but to increase such filings in State courts. The General Assembly further finds, therefore, that it will advance the general welfare of the citizens of the State of Illinois for there to be enacted a Prison Litigation Reform Act, applicable to civil actions and inmate suits filed in the courts of this State.

Section 10. Definitions. In this Act, the enumerated terms

1 shall have the following meanings:

- (1) "Civil action with respect to prison conditions" or "inmate suit" means any civil proceeding with respect to the conditions of confinement or the effects of actions by government officials on the lives of persons confined in prison, including mandamus actions and actions relating to the revocation of good conduct credit but not including post conviction relief or habeas corpus proceedings, challenging the fact or duration of confinement in prison.
- (2) "Consent decree" means any relief entered by the court that is based in whole or in part upon the consent or acquiescence of the parties, not including private settlements.
 - (3) "Correctional facility" means any State or local jail, prison, or other correctional center that incarcerates or detains juveniles or adults accused of, convicted of, sentenced for, or adjudicated delinquent for violations of criminal law.
- (4) "Expert" means any person appointed by a court to exercise the powers of an expert, regardless of the title or description given by the court.
 - (5) "Fails to state a cause of action based upon which relief can be granted" means the complaint does not allege a set of facts in support of a claim which would entitle the plaintiff to relief on the claim.
- (6) "Frivolous" means that a pleading, motion or other filing which purports to be a legal document filed by an inmate

17

in his or her suit meets any one or more of the following 1 2 criteria: (a) it lacks an arquable basis either in law or in 3 fact; (b) it is being presented for any improper purpose, such as to harass or to cause unnecessary delay or needless increase 5 in the cost of litigation; (c) the claims, defenses, or other legal contentions made therein are not warranted by existing 6 7 law or by a nonfrivolous argument for the extension, modification, or reversal of existing law or the establishment 8 9 of new law; (d) the allegations and other factual contentions 10 do not have evidentiary support or, if specifically so 11 identified, are not likely to have evidentiary support after a 12 reasonable opportunity for further investigation or discovery; 13 or (e) the denials of factual contentions are not warranted on 14 the evidence or, if specifically so identified, 15 reasonably based on a lack or information or belief.

- (7) "Inmate" means any person subject to incarceration, detention, or admission to any correctional facility who is accused of, convicted of, sentenced for, or adjudicated delinquent for a violation of criminal law or the terms or conditions of parole, probation, pretrial release, or a diversionary program. Status as an "inmate" is determined as of the time the cause of action arises. Subsequent events, including post-trial judicial action or release from custody, shall not affect such status.
- (8) "Inmate release order" means any order, including a temporary restraining order or preliminary injunction, that

- 1 has the purpose or effect of reducing or limiting the inmate
- 2 population, or that directs the release of inmates from or
- 3 prohibits the admission of inmates to a correctional facility.
- 4 (9) "Private settlement agreement" means an agreement
- 5 entered into among the parties that is not subject to judicial
- 6 enforcement, other than the reinstatement of the civil
- 7 proceeding settled by the agreement.
- 8 (10) "Prospective relief" means all relief other than
- 9 compensatory monetary damages.
- 10 (11) "Relief" means all relief in any form that may be
- granted or approved by the court, and includes consent decrees
- but does not include private settlement agreements.
- 13 Section 15. Suits by inmates.
- 14 (a) For purposes of this Section, the enumerated terms
- shall have the following meanings:
- 16 (1) "Administrative remedies" means written policies
- 17 adopted by governmental entities responsible for the
- 18 operation of correctional facilities which establish an
- 19 internal procedure for receiving, addressing, and
- 20 resolving claims by inmates with respect to the conditions
- of confinement or the effects of actions by government
- 22 officials on the lives of persons confined in a
- 23 correctional facility.
- 24 (2) "Available" means all administrative remedies
- adopted by governmental entities, which address claims of

- the kind asserted by the inmate, even if the administrative remedies do not allow the prisoner the particular kind of relief sought.
 - (b) No inmate suit shall assert a cause of action under State law until all available administrative remedies are exhausted. Exhaustion of all available administrative remedies shall be an element of the plaintiff's case in each inmate suit, to be pled and proved specifically by the plaintiff. If an inmate suit is filed in contravention of this paragraph, the court shall dismiss the suit without prejudice.
 - (c) The court shall take judicial notice of administrative remedies adopted by a governmental entity that have been filed with the clerk of the court in the county where the governmental entity is domiciled.
 - (d) The court, on its own motion or on the motion of a party, shall dismiss any inmate suit if the court is satisfied that the action is frivolous, is malicious, seeks monetary relief from a defendant who is immune from such relief, or fails to state a cause of action based upon which relief can be granted. If the court makes a determination to dismiss a suit based on the content, or lack thereof, of the complaint, the court may dismiss the underlying claim without first requiring the exhaustion of administrative remedies. The court, on its own motion, may raise an exception of improper venue and transfer the suit to a court of proper venue or dismiss the suit.

- 1 (e) No inmate suit may assert a claim under State law for 2 mental or emotional injury suffered while in custody without 3 alleging and showing a physical injury.
 - (f) The exclusive venue for civil actions with respect to prison conditions shall be the county in which the correctional facility is situated where the inmate was assigned when the cause of action arose. Upon consent of all parties, the court may transfer the suit to a county in which venue otherwise would be proper.
 - (g) The actions of more than one inmate may not be joined and an inmate suit filed or prosecuted pro se may not assert a class action. If a suit names more than one plaintiff or asserts a pro se class action, the claims of all plaintiffs, other than the first named plaintiff, shall be dismissed without prejudice.

Section 20. Judicial screening and service of process.

(a) Before service on the defendants, the court shall review the complaint in any civil action in which an inmate seeks redress from a governmental entity or officer or employee of a governmental entity. On such review, the court shall identify cognizable claims and shall dismiss the complaint, or any portion of the complaint, if it is frivolous, is malicious, seeks monetary relief from a defendant who is immune from such relief, or fails to state a cause of action upon which relief can be granted.

- 1 (b) A court shall not authorize or permit service of 2 process in an inmate suit until there has been compliance with 3 both of the following:
 - (1) The screening required in subsection (a) of this Section has been completed; and
 - (2) The fees have been paid or the provisions of the in forma pauperis Section, below, have been satisfied, if the plaintiff is proceeding in forma pauperis.
 - (c) The clerk shall not issue summons in an inmate suit until specifically authorized to do so by the court, as provided in subsection (b) of this Section, and then summons shall be served only upon those defendants specifically ordered by the court to be served.
- 14 Section 25. Attorney's fees.
 - (a) In any inmate suit in which attorney's fees are authorized, such fees shall be awarded only to the extent they were directly and reasonably incurred in proving an actual violation of the plaintiff's rights protected by a statute pursuant to which fees may be awarded, and the amount of the fee is proportionately related to the court-ordered relief for the violation or the fee was directly and reasonably incurred in enforcing the relief ordered for the violation.
 - (b) Whenever a monetary judgment is awarded in an action described in subsection (a), a portion of the judgment, not to exceed 25%, shall be applied to satisfy the amount of

8

- attorney's fees awarded against the defendant. If the award of attorney's fees is not more than 150% of the judgment, the excess shall be paid by the defendant. No award of attorney's fees in an action shall be based on an hourly rate greater than the hourly rate established for payment of court-appointed counsel.
 - (c) Nothing in this Section shall prohibit an inmate from entering into an agreement to pay an attorney's fee in an amount greater than the amount authorized hereunder, if the fee is paid by the individual rather than by the defendant.
- 11 Section 30. Proceedings in forma pauperis.
 - (a) (1) An inmate who seeks to bring a civil action or file an appeal or writ application in a civil action without prepayment of fees or security must comply with all requirements for proceeding in forma pauperis and shall submit a certified copy of his or her trust fund account statement or institutional equivalent for the 6-month period immediately preceding the filing of the action, notice of appeal, or writ application, obtained from the appropriate official of each correctional facility at which the inmate is or was confined.
 - (2) If an inmate brings a civil action or files an appeal or writ application in forma pauperis as authorized by paragraph (a)(1), the inmate still shall be required to pay the full amount of the fee. The court shall assess and, when funds exist, collect, as a partial payment of the fees required by

- law, an initial partial filling fee of 20% of the greater of the average monthly deposits to the inmate's account, or the average monthly balance in the inmate's account for the 6-month period immediately preceding the filling of the action, notice of appeal, or writ application.
 - (3) If an inmate brings a civil action, files an appeal, or files a writ application in which the inmate is not allowed to proceed as a pauper, the inmate must pay the required costs in advance. If the inmate does not pay the costs in advance, the civil action, appeal, or writ application shall be dismissed without prejudice.
 - (b) (1) After payment of the initial partial filling fee, as required by paragraph (a) (2) of this Section, the inmate shall be required to make monthly payments of 20% of the preceding month's income credited to the inmate's account. The agency having custody of the inmate shall forward payments from the inmate's account to the clerk of the court each time the amount in the account exceeds \$10 until the filling fees are paid in full.
 - (2) (A) The order granting an inmate's request to proceed in forma pauperis automatically stays all proceedings, including any service of process, until all costs or fees due to the clerk from the inmate in the matter are paid. During the pendency of the stay, the inmate may not take any action to prosecute the suit, including but not limited to filing any pleadings, discovery, or motions, other than a motion for

- voluntary dismissal or a motion to lift the stay because all costs have been paid.
 - (B) If, at any time during the pendency of the action, additional costs or fees due to the clerk accrue and are unpaid by the inmate, then upon order of the court, on its own motion or on motion of the clerk or any party, the action may be stayed under the terms set out in paragraph (2) (A) until all such additional costs are paid.
 - (C) The automatic stay shall not apply when the court makes a written finding that: (i) the suit is a proceeding for judicial review; (ii) the suit is a post-conviction relief or habeas corpus proceeding challenging the fact or duration of confinement in a correctional facility; or (iii) the inmate is in imminent danger of serious physical injury, the suit solely seeks injunctive relief to avoid the danger, and relief is available in the suit which will avert the danger.
 - (D) Notwithstanding any filing fee, or any portion thereof, that may have been paid, the court shall dismiss the case at any time if the court determines that the allegation of poverty was untrue, or the action or appeal is frivolous, is malicious, seeks monetary relief against a defendant who is immune from such relief, or fails to state a cause of action based upon which relief can be granted.
 - (E) If a judgment against an inmate includes the payment of costs, the inmate shall be required to pay the full amount of the costs ordered, in the same manner as is provided for filing

1 fees.

- (F) In actions to which this Act applies, the provisions of this Section, to the extent of any conflict with those of the Code of Civil Procedure, shall apply to and govern the payment of filing fees and costs.
 - (G) If an inmate has at least 3 dismissals as described in the Section on successive claims, below, but the inmate does not yet have 3 dismissals that are final under that Section, and, further, if the inmate is disqualified from proceeding as a pauper either in federal court by operation of 28 USC 1915(g) or in the courts of another state by operation of a similar law of that state, then the court on its own motion may, or on motion of a party shall, stay all proceedings in any other prisoner suit or appeal in which the inmate is proceeding as a pauper until such time as the dismissals become final. This subsection (g) shall not apply if the court finds that the inmate is in imminent danger of serious physical injury.

Section 35. Successive claims. In no event shall an inmate bring a civil action or appeal a judgment in a civil action or proceeding in forma pauperis if the inmate has, on 3 or more prior occasions while incarcerated or detained in any facility, brought an action or appeal in a State court that was dismissed on the grounds that it was frivolous or malicious, unless the inmate is in imminent danger of serious physical injury.

- Section 40. Appropriate remedies with respect to correctional facilities conditions.
 - (a) Prospective relief in any civil action with respect to prison conditions shall extend no further than necessary to correct the violation of the State right of a particular plaintiff. The court shall not grant or approve any prospective relief unless the court finds that such relief is narrowly drawn, extends no further than necessary to correct the violation of the State right, and is the least intrusive means necessary to correct the violation of the State right. The court shall give substantial weight to any adverse impact on public safety or the operation of a criminal justice system caused by the relief. The court shall not order any prospective relief that requires or permits a government official to exceed his or her authority under State or local law, or otherwise violates State or local law, unless State law permits such relief to be ordered, the relief is necessary to correct the violation of a State right, and no other relief will correct the violation of the State right. Nothing in this Section shall be construed to authorize the courts, in exercising their remedial powers, to order the construction of prisons or the raising of taxes, or to repeal or detract from otherwise applicable limitations on the remedial powers of the courts.
 - (b) In any civil action with respect to conditions in a correctional facility, and to the extent otherwise authorized by law, the court may enter a temporary restraining order or a

preliminary injunction. Preliminary injunctive relief must be narrowly drawn, extend no further than necessary to correct the harm the court finds requires such relief, and be the least intrusive means necessary to correct that harm. The court shall give substantial weight to any adverse impact on public safety or the operation of a criminal justice system caused by the preliminary relief. Preliminary injunctive relief shall expire automatically, 90 days after its entry, unless the court makes the findings required under subsection (a) for the entry of prospective relief and makes the order final before the expiration of the 90-day period.

- (c) In any civil action with respect to prison conditions, no prisoner release order shall be entered unless a court previously has entered an order for less intrusive relief that has failed to remedy the violation of the State right sought to be remedied through the prisoner release order and the defendant has had a reasonable amount of time to comply with the previous court order.
- (d) Any State or local official or unit of government whose jurisdiction or function includes the appropriation of funds for the construction, operation, or maintenance of correctional facilities, or the prosecution or custody of persons who may be released from, or not admitted to, a correctional facility as a result of an inmate release order shall have standing to oppose the imposition or continuation in effect of such relief and to seek termination of such relief,

- and shall have the right to intervene in any proceeding relating to such relief.
 - (e) (1) In any civil action with respect to conditions in a correctional facility, in which prospective relief is ordered, such relief shall be terminable upon the motion of any party or intervener no sooner than 2 years after the date the court granted or approved the prospective relief, or one year after the date the court has entered an order denying termination of prospective relief under this Section, or, in the case of an order issued on or before the effective date of this Act, 2 years after such effective date.
 - (2) In any civil action with respect to conditions in a correctional facility, a defendant or intervener shall be entitled to the immediate termination of any prospective relief if the relief was approved or granted in the absence of a finding by the court that the relief was narrowly drawn, extended no further than was necessary to correct the violation of the state right, and was the least intrusive means necessary to correct the violation of the State right.
 - (3) Prospective relief shall not terminate if the court makes written findings, based on the record, that prospective relief remains necessary to correct a current or ongoing violation of the State right and that the prospective relief is narrowly drawn, extends no further than necessary to correct the violation of the State right, and is the least intrusive means to correct the violation.

- (4) Nothing in this Section shall prevent any party or intervener from seeking modification or termination before the relief is terminable hereunder, to the extent that modification or termination otherwise would be legally permissible.
- (f) In any civil action with respect to conditions in a correctional facility, the court shall not enter or approve a consent decree unless it complies with the limitations on relief set forth in subsection (a). Nothing in this Section shall preclude parties from entering into a private settlement agreement that does not comply with the limitations on relief set forth in subsection (a), if the terms of that agreement are not subject to court enforcement, other than the reinstatement of the civil proceeding settled by the agreement.
- (g) The court shall promptly rule on any motion to modify or terminate prospective relief in a civil action with respect to conditions in a correctional facility. Any prospective relief subject to a pending motion shall be automatically stayed during the period beginning on the 30th day after such motion is filed, in the case of a motion made under subsection (e), or beginning on the 180th day after such motion is filed, in the case of a motion made under any other law, and ending on the date the court enters a final order ruling on the motion.
- 23 Section 45. Experts.
- 24 (a) When otherwise specifically authorized by law, in any 25 inmate suit, the court may appoint an expert who shall be

disinterested and objective and will give due regard to the public safety. If the court determines that the appointment of an expert is necessary, the court shall request that the defendant and the plaintiff each submit a list of not more than 5 persons to serve as the expert. Each side shall have the opportunity to strike up to 3 persons from the opposing party's list. The court shall select the expert from the persons remaining on the lists after the striking of names. Any party shall have the right to an interlocutory appeal of the judge's selection of an expert under this Section on the ground of partiality.

- (b) An expert appointed under this Section may be authorized to conduct hearings and prepare proposed findings of fact on the record and may assist in the development of remedial plans. The expert shall not make any findings or communications ex parte. An expert may be appointed during the remedial phase of a civil action with respect to conditions in a correctional facility only upon a finding that the remedial phase will be sufficiently complex to warrant such an appointment.
- (c) In any civil action with respect to conditions in a correctional facility, in which an expert is appointed under this Section, the court shall review the appointment of the expert every 6 months to determine whether the services of the expert continue to be required. The expert may be removed at any time. In no event shall the appointment of an expert extend

1.3

- 1 beyond the termination of the relief.
- 2 (d) Notwithstanding any other law to the contrary, the
 3 compensation to be allowed to an expert shall not be greater
 4 than the hourly rate established for the payment of
 5 court-appointed counsel, plus costs reasonably incurred by the
 6 expert. Such compensation and costs shall be paid with funds
 7 available to the court through the county in which the inmate
 8 suit is pending.
 - Section 50. Payment of damage award in satisfaction of pending restitution orders. Any damages awarded to an inmate in connection with a civil action brought against any correctional facility or against any official or agent of such correctional facility first shall be paid directly to satisfy any outstanding restitution orders pending against the inmate. The remainder of any such award, after full payment of all pending restitution orders, shall be forwarded to the inmate. Prior to payment of any damages awarded under this Section, reasonable efforts shall be made to notify the victims of the crime of which the inmate was convicted concerning the pending payment of damages.
 - Section 55. Earned release credit or good time credit revocation. If a civil action with respect to prison conditions is filed by an inmate in an Illinois or federal court against the State, the Department of Corrections, the Prisoner Review

1.3

Board, or any of their officers or employees, and the court makes a specific finding that a pleading, motion, or other paper filed by the prisoner is frivolous, the Department of Corrections shall conduct a hearing to revoke up to 180 days of good conduct credit by bringing charges against the prisoner sought to be deprived of the good conduct credits before the Prisoner Review Board, as provided in subparagraph (a) (8) of Section 3-3-2 of the Unified Code of Corrections. If the prisoner has not accumulated 180 days of good conduct credit at the time of the finding, then the Prisoner Review Board may revoke all good conduct credit accumulated by the prisoner.

Section 60. Claims arising under federal law. Except as specifically prohibited by federal law, the provisions of this Act also shall apply to all prisoner suits brought in State court asserting claims arising under 42 USC 1983 or other federal laws.
