LRB095 19978 RCE 47936 a

1 AMENDMENT TO SENATE BILL 2775

2 AMENDMENT NO. \_\_\_\_\_. Amend Senate Bill 2775 replacing  
3 everything after the enacting clause with the following:

4 "Section 5. The Illinois Diseased Animals Act is amended by  
5 changing Section 6 as follows:

6 (510 ILCS 50/6) (from Ch. 8, par. 173)

7 Sec. 6. Whenever quarantine is established in accordance  
8 with the provisions of this Act, notice shall be given by  
9 delivery in person or by mailing by registered or certified  
10 mail, postage prepaid, to the owner or occupant of any premises  
11 so quarantined. Such notice shall be written or printed, or  
12 partly written and partly printed, with an explanation of the  
13 contents thereof. Such quarantine shall be sufficiently proved  
14 in any court by the production of a true copy of such notice of  
15 quarantine together with an affidavit, sworn to by the officer  
16 or employee of the Department who delivered or mailed such

1 notice, containing a statement that the original thereof was  
2 delivered or mailed in the manner herein prescribed.

3 Every quarantine so established shall remain in effect  
4 until removed by order of the Department. Any person aggrieved  
5 by any quarantine may appeal to the Department which shall  
6 thereupon sustain, modify or annul the quarantine as it may  
7 deem proper. ~~Quarantines will be removed when epidemiological  
8 evidence indicates that the disease or contamination threat to  
9 humans or other animals no longer exists.~~

10 Upon the satisfaction of the Director that the reason for  
11 quarantine no longer exists, animals and premises quarantined  
12 under this Act shall be released. The requirements for release  
13 shall be determined based on one or both of the following: (i)  
14 the most recent veterinary medical information available for  
15 the condition or (ii) consultation with USDA or other federal  
16 agencies and reference their recommendations, guidelines, or  
17 requirements.

18 Methods for quarantine release may include, but are not  
19 limited to:

20 (1) Complete and total depopulation of affected  
21 animals followed by Department approved methods of  
22 cleaning and disinfection of the quarantined premises,  
23 when appropriate, as verified by a Department  
24 representative.

25 (2) Completion of a Department approved testing  
26 protocol that proves the condition no longer exists in the

1 affected and susceptible animals.

2 (3) The use of a vaccination protocol approved by the  
3 Department combined with an approved testing protocol and  
4 depopulation of the affected animals.

5 (4) Completion of a treatment protocol approved by the  
6 Department followed by a testing protocol approved by the  
7 Department proving the condition no longer exists in the  
8 treated animals.

9 (5) Fulfillment of the requirements for quarantine  
10 release as provided for in the Program Standards or Uniform  
11 Methods and Rules for state/federal cooperative disease  
12 programs.

13 (6) After the lapse of an appropriate length of time,  
14 it is determined to the satisfaction of the Director that  
15 the condition for which the quarantine was issued no longer  
16 exists.

17 Within 45 days after the issuance of quarantine, the  
18 Department shall provide the owner with a protocol whereby the  
19 quarantine will be released. Notice of the required protocol  
20 shall be given by delivery in person or by mailing by  
21 registered or certified mail, postage prepaid, to the owner or  
22 occupant of any premises under quarantine.
