21 Notwithstanding any other provision of law, any school
22 district receiving a payment under this Section or under
23 Section 14-7.02, 14-7.02b, or 29-5 of this Code may classify
24 all or a portion of the funds that it receives in a particular
25 fiscal year or from general State aid pursuant to Section
26 18-8.05 of this Code as funds received in connection with any

1 funding program for which it is entitled to receive funds from
2 the State in that fiscal year (including, without limitation,
3 any funding program referenced in this Section), regardless of
4 the source or timing of the receipt. The district may not
5 classify more funds as funds received in connection with the
6 funding program than the district is entitled to receive in
7 that fiscal year for that program. Any classification by a
8 district must be made by a resolution of its board of
9 education. The resolution must identify the amount of any
10 payments or general State aid to be classified under this
11 paragraph and must specify the funding program to which the
12 funds are to be treated as received in connection therewith.
13 This resolution is controlling as to the classification of
14 funds referenced therein. A certified copy of the resolution
15 must be sent to the State Superintendent of Education. The
16 resolution shall still take effect even though a copy of the
17 resolution has not been sent to the State Superintendent of
18 Education in a timely manner. No classification under this
19 paragraph by a district shall affect the total amount or timing
20 of money the district is entitled to receive under this Code.
21 No classification under this paragraph by a district shall in
22 any way relieve the district from or affect any requirements
23 that otherwise would apply with respect to that funding
24 program, including any accounting of funds by source, reporting
25 expenditures by original source and purpose, reporting
26 requirements, or requirements of providing services.
