

1 AN ACT concerning health.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Mercury-added Product Prohibition Act is  
5 amended by adding Section 40 as follows:

6 (410 ILCS 46/40 new)

7 Sec. 40. Mercury-containing compact fluorescent lighting;  
8 Internet Web site and outreach; procurement.

9 (a) By October 1, 2009, the Agency shall create a Web site  
10 that provides information on the mercury content of compact  
11 fluorescent lamps used in residential applications, what to do  
12 when a fluorescent lamp breaks, and options for consumers to  
13 safely manage and recycle spent mercury-containing compact  
14 fluorescent lamps generated in the State. The Agency shall also  
15 collaborate with lamp manufacturers, retailers, utilities,  
16 local governments, environmental organizations, and solid  
17 waste haulers on outreach efforts to inform consumers about the  
18 safe and proper management of spent mercury-containing  
19 fluorescent lamps. In developing an outreach strategy, the  
20 Agency shall consider a variety of media and methods for  
21 disseminating information, including, but not limited to,  
22 point of sale information, newspaper and magazine  
23 advertisements, Web sites, package markings, bill inserts,

1 public service announcements, and stickers for dumpsters and  
2 trash bins.

3 (b) By March 1, 2010, the Department of Central Management  
4 Services, in collaboration with the Department of Commerce and  
5 Economic Opportunity and the Agency, shall review and revise  
6 procurement specifications for lamps and ballasts purchased by  
7 State agencies. The specifications shall be revised to optimize  
8 energy efficiency, toxics reduction, lighting quality, and  
9 lamp life, taking into account performance, availability and  
10 cost considerations. After July 1, 2010, the Department of  
11 Central Management Services shall ensure that the  
12 environmental and performance specifications developed under  
13 this subsection are incorporated into bid solicitations  
14 issued, and contracts entered into, for lamps and ballasts  
15 purchased by State agencies.

16 (c) For the purposes of this subsection,

17 (1) "Lamp" means the bulb or tube portion of an  
18 electrical lighting device, including, but not limited to,  
19 a compact fluorescent lamp; a linear, circular or u-bent  
20 tube; a high intensity discharge lamp; or an exit sign lamp  
21 or fixture.

22 (2) "Ballast" means a device used to provide and  
23 control the voltage in a linear fluorescent lamp.

24 Section 99. Effective date. This Act takes effect upon  
25 becoming law.
