

1 AN ACT concerning education.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Public Community College Act is amended by
5 changing Section 2-25 as follows:

6 (110 ILCS 805/2-25)

7 Sec. 2-25. College and Career Readiness Pilot Program.

8 (a) The General Assembly finds that there is a direct and
9 significant link between academic preparation of students
10 ~~being academically prepared for college~~ and success in
11 postsecondary education and careers. Many students enter
12 college unprepared for the academic rigors of college and
13 require noncredit remedial courses to attain skills and
14 knowledge needed for regular, credit coursework. Remediation
15 lengthens time to degree, imposes additional costs on students
16 and colleges, and uses student financial aid for courses that
17 will not count toward a degree. All students entering college
18 take a college entrance exam or a placement test. These tests
19 ~~All high school juniors take the Prairie State Achievement~~
20 ~~Examination, which contains the ACT college assessment exam.~~
21 ~~ACT test elements and scores can be correlated to specific~~
22 ~~course placements in community colleges. Customized ACT test~~
23 ~~results~~ can be used ~~in collaboration with high schools~~ to

1 assist high school students to identify areas for improvement
2 and help to ~~them~~ close skill gaps during students' ~~their~~ senior
3 year. College ~~Greater college~~ and career readiness reduces ~~will~~
4 ~~reduce~~ the need for remediation, lowers ~~lower~~ educational
5 costs, shortens ~~shorten~~ time to degree, and increases ~~increase~~
6 the overall success rate of Illinois college students.

7 (b) Subject to appropriation, the State Board shall create
8 a ~~3-year~~ pilot project, to be known as the College and Career
9 Readiness Pilot Program. Subject to appropriation, on July 1,
10 2010, the State Board shall extend the current program for an
11 additional 3 years and include an additional 7 sites (or as
12 many as are allowed by available funding), as evidenced by the
13 effectiveness of the current program. If in any of these 3
14 additional years, money is not appropriated for the program,
15 then the State Board shall extend the program for an additional
16 year. The goals of the program are as follows:

17 (1) To diagnose college readiness by developing a
18 system that aligns ~~to align~~ ACT scores or college placement
19 examinations to specific community college courses in
20 developmental and freshman curriculums.

21 (2) To reduce remediation by decreasing the need for
22 remedial coursework in mathematics, reading, and writing
23 at the college level through (i) increasing the number of
24 students enrolled in a college-prep core curriculum, (ii)
25 assisting students in improving college readiness skills,
26 and (iii) increasing successful student transitions into

1 postsecondary education.

2 (3) To align high school and college curriculums.

3 (4) To provide resources and academic support to
4 students to enrich the junior and senior year of high
5 school through remedial or advanced coursework and other
6 interventions.

8 measure the effectiveness of readiness intervention
9 strategies.

16 participating in the program before July 1, 2010, the ~~The~~
17 State Board shall select 7 additional ~~4~~ community colleges
