1 AMENDMENT TO HOUSE BILL 299

2 AMENDMENT NO. _____. Amend House Bill 299 on page 1, line
3 17, by replacing "undetectable." with "undetectable; provided,
4 however, that hospitals and laboratories may only be required
5 to report such test results for tests performed on or after 90
6 days after the date that the Department furnishes an electronic
7 method for the reporting of such results to the Department and
8 only if a hospital or laboratory has an electronic health
9 record that enables the hospital or laboratory to identify HIV
10 patients. Until electronic laboratory reporting is
11 established, hospitals and laboratories shall continue to
12 report cases of HIV and AIDS in Illinois in accordance with the
13 administrative rules adopted by the Department that are in
14 effect on May 1, 2011.".
