6 Spending Act.

7 Section 5. Legislative intent. It is the continuing policy  
8 of the State to provide the citizens of Illinois with a  
9 government that is accountable to the taxpayers. To carry out

9 whether created by the Constitution or otherwise.

10 (2) Review the budget submitted by the Governor and  
11 make recommendations for reducing expenditures set forth

13 account any specific areas of reductions recommended for  
14 the Commission's review by the Governor and the statewide  
15 prioritized budgetary goals established by Section 50-25  
16 of the State Budget Law of the Civil Administrative Code of  
17 Illinois, as those goals are reflected in the budget  
18 submitted by the Governor.

20 conducted by agencies and grant recipients to determine  
21 whether they are achieving the prioritized outcomes and  
22 meeting the goals established under Section 50-25 of the  
23 State Budget Law of the Civil Administrative Code of  
24 Illinois in an efficient manner and make recommendations to  
25 reduce appropriations or expenditures of agencies and  
26 grant recipients failing to meet the outcomes and goals.

1           (4) Consider budgetary reductions at the State and  
2           local levels of government through the reduction or  
3           elimination of statutorily mandated expenditures or the  
4           consolidation of government agencies and instrumentalities  
5           to eliminate waste and inefficiency in the operation of  
6           State and local government.

7           The Commission shall have continuing existence and may  
8           meet, act, and conduct its business at any place within this
