

97TH GENERAL ASSEMBLY

State of Illinois

2011 and 2012

HB5826

Introduced 2/16/2012, by Rep. Linda Chapa LaVia

SYNOPSIS AS INTRODUCED:

105 ILCS 5/18-8.05

Amends the School Code. In provisions concerning supplemental general State aid, removes language requiring school districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid to submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from the grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children.

LRB097 19949 AMC 65241 b

FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning education.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The School Code is amended by changing Section
5 18-8.05 as follows:

6 (105 ILCS 5/18-8.05)

7 Sec. 18-8.05. Basis for apportionment of general State
8 financial aid and supplemental general State aid to the common
9 schools for the 1998-1999 and subsequent school years.

10 (A) General Provisions.

11 (1) The provisions of this Section apply to the 1998-1999
12 and subsequent school years. The system of general State
13 financial aid provided for in this Section is designed to
14 assure that, through a combination of State financial aid and
15 required local resources, the financial support provided each
16 pupil in Average Daily Attendance equals or exceeds a
17 prescribed per pupil Foundation Level. This formula approach
18 imputes a level of per pupil Available Local Resources and
19 provides for the basis to calculate a per pupil level of
20 general State financial aid that, when added to Available Local
21 Resources, equals or exceeds the Foundation Level. The amount
22 of per pupil general State financial aid for school districts,

1 in general, varies in inverse relation to Available Local
2 Resources. Per pupil amounts are based upon each school
3 district's Average Daily Attendance as that term is defined in
4 this Section.

5 (2) In addition to general State financial aid, school
6 districts with specified levels or concentrations of pupils
7 from low income households are eligible to receive supplemental
8 general State financial aid grants as provided pursuant to
9 subsection (H). The supplemental State aid grants provided for
10 school districts under subsection (H) shall be appropriated for
11 distribution to school districts as part of the same line item
12 in which the general State financial aid of school districts is
13 appropriated under this Section.

14 (3) To receive financial assistance under this Section,
15 school districts are required to file claims with the State
16 Board of Education, subject to the following requirements:

17 (a) Any school district which fails for any given
18 school year to maintain school as required by law, or to
19 maintain a recognized school is not eligible to file for
20 such school year any claim upon the Common School Fund. In
21 case of nonrecognition of one or more attendance centers in
22 a school district otherwise operating recognized schools,
23 the claim of the district shall be reduced in the
24 proportion which the Average Daily Attendance in the
25 attendance center or centers bear to the Average Daily
26 Attendance in the school district. A "recognized school"

1 means any public school which meets the standards as
2 established for recognition by the State Board of
3 Education. A school district or attendance center not
4 having recognition status at the end of a school term is
5 entitled to receive State aid payments due upon a legal
6 claim which was filed while it was recognized.

7 (b) School district claims filed under this Section are
8 subject to Sections 18-9 and 18-12, except as otherwise
9 provided in this Section.

10 (c) If a school district operates a full year school
11 under Section 10-19.1, the general State aid to the school
12 district shall be determined by the State Board of
13 Education in accordance with this Section as near as may be
14 applicable.

15 (d) (Blank).

16 (4) Except as provided in subsections (H) and (L), the
17 board of any district receiving any of the grants provided for
18 in this Section may apply those funds to any fund so received
19 for which that board is authorized to make expenditures by law.

20 School districts are not required to exert a minimum
21 Operating Tax Rate in order to qualify for assistance under
22 this Section.

23 (5) As used in this Section the following terms, when
24 capitalized, shall have the meaning ascribed herein:

25 (a) "Average Daily Attendance": A count of pupil
26 attendance in school, averaged as provided for in

1 subsection (C) and utilized in deriving per pupil financial
2 support levels.

3 (b) "Available Local Resources": A computation of
4 local financial support, calculated on the basis of Average
5 Daily Attendance and derived as provided pursuant to
6 subsection (D).

7 (c) "Corporate Personal Property Replacement Taxes":
8 Funds paid to local school districts pursuant to "An Act in
9 relation to the abolition of ad valorem personal property
10 tax and the replacement of revenues lost thereby, and
11 amending and repealing certain Acts and parts of Acts in
12 connection therewith", certified August 14, 1979, as
13 amended (Public Act 81-1st S.S.-1).

14 (d) "Foundation Level": A prescribed level of per pupil
15 financial support as provided for in subsection (B).

16 (e) "Operating Tax Rate": All school district property
17 taxes extended for all purposes, except Bond and Interest,
18 Summer School, Rent, Capital Improvement, and Vocational
19 Education Building purposes.

20 (B) Foundation Level.

21 (1) The Foundation Level is a figure established by the
22 State representing the minimum level of per pupil financial
23 support that should be available to provide for the basic
24 education of each pupil in Average Daily Attendance. As set
25 forth in this Section, each school district is assumed to exert

1 a sufficient local taxing effort such that, in combination with
2 the aggregate of general State financial aid provided the
3 district, an aggregate of State and local resources are
4 available to meet the basic education needs of pupils in the
5 district.

6 (2) For the 1998-1999 school year, the Foundation Level of
7 support is \$4,225. For the 1999-2000 school year, the
8 Foundation Level of support is \$4,325. For the 2000-2001 school
9 year, the Foundation Level of support is \$4,425. For the
10 2001-2002 school year and 2002-2003 school year, the Foundation
11 Level of support is \$4,560. For the 2003-2004 school year, the
12 Foundation Level of support is \$4,810. For the 2004-2005 school
13 year, the Foundation Level of support is \$4,964. For the
14 2005-2006 school year, the Foundation Level of support is
15 \$5,164. For the 2006-2007 school year, the Foundation Level of
16 support is \$5,334. For the 2007-2008 school year, the
17 Foundation Level of support is \$5,734. For the 2008-2009 school
18 year, the Foundation Level of support is \$5,959.

19 (3) For the 2009-2010 school year and each school year
20 thereafter, the Foundation Level of support is \$6,119 or such
21 greater amount as may be established by law by the General
22 Assembly.

23 (C) Average Daily Attendance.

24 (1) For purposes of calculating general State aid pursuant
25 to subsection (E), an Average Daily Attendance figure shall be

1 utilized. The Average Daily Attendance figure for formula
2 calculation purposes shall be the monthly average of the actual
3 number of pupils in attendance of each school district, as
4 further averaged for the best 3 months of pupil attendance for
5 each school district. In compiling the figures for the number
6 of pupils in attendance, school districts and the State Board
7 of Education shall, for purposes of general State aid funding,
8 conform attendance figures to the requirements of subsection
9 (F).

10 (2) The Average Daily Attendance figures utilized in
11 subsection (E) shall be the requisite attendance data for the
12 school year immediately preceding the school year for which
13 general State aid is being calculated or the average of the
14 attendance data for the 3 preceding school years, whichever is
15 greater. The Average Daily Attendance figures utilized in
16 subsection (H) shall be the requisite attendance data for the
17 school year immediately preceding the school year for which
18 general State aid is being calculated.

19 (D) Available Local Resources.

20 (1) For purposes of calculating general State aid pursuant
21 to subsection (E), a representation of Available Local
22 Resources per pupil, as that term is defined and determined in
23 this subsection, shall be utilized. Available Local Resources
24 per pupil shall include a calculated dollar amount representing
25 local school district revenues from local property taxes and

1 from Corporate Personal Property Replacement Taxes, expressed
2 on the basis of pupils in Average Daily Attendance. Calculation
3 of Available Local Resources shall exclude any tax amnesty
4 funds received as a result of Public Act 93-26.

5 (2) In determining a school district's revenue from local
6 property taxes, the State Board of Education shall utilize the
7 equalized assessed valuation of all taxable property of each
8 school district as of September 30 of the previous year. The
9 equalized assessed valuation utilized shall be obtained and
10 determined as provided in subsection (G).

11 (3) For school districts maintaining grades kindergarten
12 through 12, local property tax revenues per pupil shall be
13 calculated as the product of the applicable equalized assessed
14 valuation for the district multiplied by 3.00%, and divided by
15 the district's Average Daily Attendance figure. For school
16 districts maintaining grades kindergarten through 8, local
17 property tax revenues per pupil shall be calculated as the
18 product of the applicable equalized assessed valuation for the
19 district multiplied by 2.30%, and divided by the district's
20 Average Daily Attendance figure. For school districts
21 maintaining grades 9 through 12, local property tax revenues
22 per pupil shall be the applicable equalized assessed valuation
23 of the district multiplied by 1.05%, and divided by the
24 district's Average Daily Attendance figure.

25 For partial elementary unit districts created pursuant to
26 Article 11E of this Code, local property tax revenues per pupil

1 shall be calculated as the product of the equalized assessed
2 valuation for property within the partial elementary unit
3 district for elementary purposes, as defined in Article 11E of
4 this Code, multiplied by 2.06% and divided by the district's
5 Average Daily Attendance figure, plus the product of the
6 equalized assessed valuation for property within the partial
7 elementary unit district for high school purposes, as defined
8 in Article 11E of this Code, multiplied by 0.94% and divided by
9 the district's Average Daily Attendance figure.

10 (4) The Corporate Personal Property Replacement Taxes paid
11 to each school district during the calendar year one year
12 before the calendar year in which a school year begins, divided
13 by the Average Daily Attendance figure for that district, shall
14 be added to the local property tax revenues per pupil as
15 derived by the application of the immediately preceding
16 paragraph (3). The sum of these per pupil figures for each
17 school district shall constitute Available Local Resources as
18 that term is utilized in subsection (E) in the calculation of
19 general State aid.

20 (E) Computation of General State Aid.

21 (1) For each school year, the amount of general State aid
22 allotted to a school district shall be computed by the State
23 Board of Education as provided in this subsection.

24 (2) For any school district for which Available Local
25 Resources per pupil is less than the product of 0.93 times the

1 Foundation Level, general State aid for that district shall be
2 calculated as an amount equal to the Foundation Level minus
3 Available Local Resources, multiplied by the Average Daily
4 Attendance of the school district.

5 (3) For any school district for which Available Local
6 Resources per pupil is equal to or greater than the product of
7 0.93 times the Foundation Level and less than the product of
8 1.75 times the Foundation Level, the general State aid per
9 pupil shall be a decimal proportion of the Foundation Level
10 derived using a linear algorithm. Under this linear algorithm,
11 the calculated general State aid per pupil shall decline in
12 direct linear fashion from 0.07 times the Foundation Level for
13 a school district with Available Local Resources equal to the
14 product of 0.93 times the Foundation Level, to 0.05 times the
15 Foundation Level for a school district with Available Local
16 Resources equal to the product of 1.75 times the Foundation
17 Level. The allocation of general State aid for school districts
18 subject to this paragraph 3 shall be the calculated general
19 State aid per pupil figure multiplied by the Average Daily
20 Attendance of the school district.

21 (4) For any school district for which Available Local
22 Resources per pupil equals or exceeds the product of 1.75 times
23 the Foundation Level, the general State aid for the school
24 district shall be calculated as the product of \$218 multiplied
25 by the Average Daily Attendance of the school district.

26 (5) The amount of general State aid allocated to a school

1 district for the 1999-2000 school year meeting the requirements
2 set forth in paragraph (4) of subsection (G) shall be increased
3 by an amount equal to the general State aid that would have
4 been received by the district for the 1998-1999 school year by
5 utilizing the Extension Limitation Equalized Assessed
6 Valuation as calculated in paragraph (4) of subsection (G) less
7 the general State aid allotted for the 1998-1999 school year.
8 This amount shall be deemed a one time increase, and shall not
9 affect any future general State aid allocations.

10 (F) Compilation of Average Daily Attendance.

11 (1) Each school district shall, by July 1 of each year,
12 submit to the State Board of Education, on forms prescribed by
13 the State Board of Education, attendance figures for the school
14 year that began in the preceding calendar year. The attendance
15 information so transmitted shall identify the average daily
16 attendance figures for each month of the school year. Beginning
17 with the general State aid claim form for the 2002-2003 school
18 year, districts shall calculate Average Daily Attendance as
19 provided in subdivisions (a), (b), and (c) of this paragraph
20 (1).

21 (a) In districts that do not hold year-round classes,
22 days of attendance in August shall be added to the month of
23 September and any days of attendance in June shall be added
24 to the month of May.

25 (b) In districts in which all buildings hold year-round

1 classes, days of attendance in July and August shall be
2 added to the month of September and any days of attendance
3 in June shall be added to the month of May.

4 (c) In districts in which some buildings, but not all,
5 hold year-round classes, for the non-year-round buildings,
6 days of attendance in August shall be added to the month of
7 September and any days of attendance in June shall be added
8 to the month of May. The average daily attendance for the
9 year-round buildings shall be computed as provided in
10 subdivision (b) of this paragraph (1). To calculate the
11 Average Daily Attendance for the district, the average
12 daily attendance for the year-round buildings shall be
13 multiplied by the days in session for the non-year-round
14 buildings for each month and added to the monthly
15 attendance of the non-year-round buildings.

16 Except as otherwise provided in this Section, days of
17 attendance by pupils shall be counted only for sessions of not
18 less than 5 clock hours of school work per day under direct
19 supervision of: (i) teachers, or (ii) non-teaching personnel or
20 volunteer personnel when engaging in non-teaching duties and
21 supervising in those instances specified in subsection (a) of
22 Section 10-22.34 and paragraph 10 of Section 34-18, with pupils
23 of legal school age and in kindergarten and grades 1 through
24 12.

25 Days of attendance by tuition pupils shall be accredited
26 only to the districts that pay the tuition to a recognized

1 school.

2 (2) Days of attendance by pupils of less than 5 clock hours
3 of school shall be subject to the following provisions in the
4 compilation of Average Daily Attendance.

5 (a) Pupils regularly enrolled in a public school for
6 only a part of the school day may be counted on the basis
7 of 1/6 day for every class hour of instruction of 40
8 minutes or more attended pursuant to such enrollment,
9 unless a pupil is enrolled in a block-schedule format of 80
10 minutes or more of instruction, in which case the pupil may
11 be counted on the basis of the proportion of minutes of
12 school work completed each day to the minimum number of
13 minutes that school work is required to be held that day.

14 (b) Days of attendance may be less than 5 clock hours
15 on the opening and closing of the school term, and upon the
16 first day of pupil attendance, if preceded by a day or days
17 utilized as an institute or teachers' workshop.

18 (c) A session of 4 or more clock hours may be counted
19 as a day of attendance upon certification by the regional
20 superintendent, and approved by the State Superintendent
21 of Education to the extent that the district has been
22 forced to use daily multiple sessions.

23 (d) A session of 3 or more clock hours may be counted
24 as a day of attendance (1) when the remainder of the school
25 day or at least 2 hours in the evening of that day is
26 utilized for an in-service training program for teachers,

1 up to a maximum of 5 days per school year, provided a
2 district conducts an in-service training program for
3 teachers in accordance with Section 10-22.39 of this Code;
4 or, in lieu of 4 such days, 2 full days may be used, in
5 which event each such day may be counted as a day required
6 for a legal school calendar pursuant to Section 10-19 of
7 this Code; (1.5) when, of the 5 days allowed under item
8 (1), a maximum of 4 days are used for parent-teacher
9 conferences, or, in lieu of 4 such days, 2 full days are
10 used, in which case each such day may be counted as a
11 calendar day required under Section 10-19 of this Code,
12 provided that the full-day, parent-teacher conference
13 consists of (i) a minimum of 5 clock hours of
14 parent-teacher conferences, (ii) both a minimum of 2 clock
15 hours of parent-teacher conferences held in the evening
16 following a full day of student attendance, as specified in
17 subsection (F)(1)(c), and a minimum of 3 clock hours of
18 parent-teacher conferences held on the day immediately
19 following evening parent-teacher conferences, or (iii)
20 multiple parent-teacher conferences held in the evenings
21 following full days of student attendance, as specified in
22 subsection (F)(1)(c), in which the time used for the
23 parent-teacher conferences is equivalent to a minimum of 5
24 clock hours; and (2) when days in addition to those
25 provided in items (1) and (1.5) are scheduled by a school
26 pursuant to its school improvement plan adopted under

1 Article 34 or its revised or amended school improvement
2 plan adopted under Article 2, provided that (i) such
3 sessions of 3 or more clock hours are scheduled to occur at
4 regular intervals, (ii) the remainder of the school days in
5 which such sessions occur are utilized for in-service
6 training programs or other staff development activities
7 for teachers, and (iii) a sufficient number of minutes of
8 school work under the direct supervision of teachers are
9 added to the school days between such regularly scheduled
10 sessions to accumulate not less than the number of minutes
11 by which such sessions of 3 or more clock hours fall short
12 of 5 clock hours. Any full days used for the purposes of
13 this paragraph shall not be considered for computing
14 average daily attendance. Days scheduled for in-service
15 training programs, staff development activities, or
16 parent-teacher conferences may be scheduled separately for
17 different grade levels and different attendance centers of
18 the district.

19 (e) A session of not less than one clock hour of
20 teaching hospitalized or homebound pupils on-site or by
21 telephone to the classroom may be counted as 1/2 day of
22 attendance, however these pupils must receive 4 or more
23 clock hours of instruction to be counted for a full day of
24 attendance.

25 (f) A session of at least 4 clock hours may be counted
26 as a day of attendance for first grade pupils, and pupils

1 in full day kindergartens, and a session of 2 or more hours
2 may be counted as 1/2 day of attendance by pupils in
3 kindergartens which provide only 1/2 day of attendance.

4 (g) For children with disabilities who are below the
5 age of 6 years and who cannot attend 2 or more clock hours
6 because of their disability or immaturity, a session of not
7 less than one clock hour may be counted as 1/2 day of
8 attendance; however for such children whose educational
9 needs so require a session of 4 or more clock hours may be
10 counted as a full day of attendance.

11 (h) A recognized kindergarten which provides for only
12 1/2 day of attendance by each pupil shall not have more
13 than 1/2 day of attendance counted in any one day. However,
14 kindergartens may count 2 1/2 days of attendance in any 5
15 consecutive school days. When a pupil attends such a
16 kindergarten for 2 half days on any one school day, the
17 pupil shall have the following day as a day absent from
18 school, unless the school district obtains permission in
19 writing from the State Superintendent of Education.
20 Attendance at kindergartens which provide for a full day of
21 attendance by each pupil shall be counted the same as
22 attendance by first grade pupils. Only the first year of
23 attendance in one kindergarten shall be counted, except in
24 case of children who entered the kindergarten in their
25 fifth year whose educational development requires a second
26 year of kindergarten as determined under the rules and

1 regulations of the State Board of Education.

2 (i) On the days when the Prairie State Achievement
3 Examination is administered under subsection (c) of
4 Section 2-3.64 of this Code, the day of attendance for a
5 pupil whose school day must be shortened to accommodate
6 required testing procedures may be less than 5 clock hours
7 and shall be counted towards the 176 days of actual pupil
8 attendance required under Section 10-19 of this Code,
9 provided that a sufficient number of minutes of school work
10 in excess of 5 clock hours are first completed on other
11 school days to compensate for the loss of school work on
12 the examination days.

13 (j) Pupils enrolled in a remote educational program
14 established under Section 10-29 of this Code may be counted
15 on the basis of one-fifth day of attendance for every clock
16 hour of instruction attended in the remote educational
17 program, provided that, in any month, the school district
18 may not claim for a student enrolled in a remote
19 educational program more days of attendance than the
20 maximum number of days of attendance the district can claim

21 (i) for students enrolled in a building holding year-round
22 classes if the student is classified as participating in
23 the remote educational program on a year-round schedule or
24 (ii) for students enrolled in a building not holding
25 year-round classes if the student is not classified as
26 participating in the remote educational program on a

1 year-round schedule.

2 (G) Equalized Assessed Valuation Data.

3 (1) For purposes of the calculation of Available Local
4 Resources required pursuant to subsection (D), the State Board
5 of Education shall secure from the Department of Revenue the
6 value as equalized or assessed by the Department of Revenue of
7 all taxable property of every school district, together with
8 (i) the applicable tax rate used in extending taxes for the
9 funds of the district as of September 30 of the previous year
10 and (ii) the limiting rate for all school districts subject to
11 property tax extension limitations as imposed under the
12 Property Tax Extension Limitation Law.

13 The Department of Revenue shall add to the equalized
14 assessed value of all taxable property of each school district
15 situated entirely or partially within a county that is or was
16 subject to the provisions of Section 15-176 or 15-177 of the
17 Property Tax Code (a) an amount equal to the total amount by
18 which the homestead exemption allowed under Section 15-176 or
19 15-177 of the Property Tax Code for real property situated in
20 that school district exceeds the total amount that would have
21 been allowed in that school district if the maximum reduction
22 under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in
23 all other counties in tax year 2003 or (ii) \$5,000 in all
24 counties in tax year 2004 and thereafter and (b) an amount
25 equal to the aggregate amount for the taxable year of all

1 additional exemptions under Section 15-175 of the Property Tax
2 Code for owners with a household income of \$30,000 or less. The
3 county clerk of any county that is or was subject to the
4 provisions of Section 15-176 or 15-177 of the Property Tax Code
5 shall annually calculate and certify to the Department of
6 Revenue for each school district all homestead exemption
7 amounts under Section 15-176 or 15-177 of the Property Tax Code
8 and all amounts of additional exemptions under Section 15-175
9 of the Property Tax Code for owners with a household income of
10 \$30,000 or less. It is the intent of this paragraph that if the
11 general homestead exemption for a parcel of property is
12 determined under Section 15-176 or 15-177 of the Property Tax
13 Code rather than Section 15-175, then the calculation of
14 Available Local Resources shall not be affected by the
15 difference, if any, between the amount of the general homestead
16 exemption allowed for that parcel of property under Section
17 15-176 or 15-177 of the Property Tax Code and the amount that
18 would have been allowed had the general homestead exemption for
19 that parcel of property been determined under Section 15-175 of
20 the Property Tax Code. It is further the intent of this
21 paragraph that if additional exemptions are allowed under
22 Section 15-175 of the Property Tax Code for owners with a
23 household income of less than \$30,000, then the calculation of
24 Available Local Resources shall not be affected by the
25 difference, if any, because of those additional exemptions.

26 This equalized assessed valuation, as adjusted further by

1 the requirements of this subsection, shall be utilized in the
2 calculation of Available Local Resources.

3 (2) The equalized assessed valuation in paragraph (1) shall
4 be adjusted, as applicable, in the following manner:

5 (a) For the purposes of calculating State aid under
6 this Section, with respect to any part of a school district
7 within a redevelopment project area in respect to which a
8 municipality has adopted tax increment allocation
9 financing pursuant to the Tax Increment Allocation
10 Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11
11 of the Illinois Municipal Code or the Industrial Jobs
12 Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the
13 Illinois Municipal Code, no part of the current equalized
14 assessed valuation of real property located in any such
15 project area which is attributable to an increase above the
16 total initial equalized assessed valuation of such
17 property shall be used as part of the equalized assessed
18 valuation of the district, until such time as all
19 redevelopment project costs have been paid, as provided in
20 Section 11-74.4-8 of the Tax Increment Allocation
21 Redevelopment Act or in Section 11-74.6-35 of the
22 Industrial Jobs Recovery Law. For the purpose of the
23 equalized assessed valuation of the district, the total
24 initial equalized assessed valuation or the current
25 equalized assessed valuation, whichever is lower, shall be
26 used until such time as all redevelopment project costs

1 have been paid.

2 (b) The real property equalized assessed valuation for
3 a school district shall be adjusted by subtracting from the
4 real property value as equalized or assessed by the
5 Department of Revenue for the district an amount computed
6 by dividing the amount of any abatement of taxes under
7 Section 18-170 of the Property Tax Code by 3.00% for a
8 district maintaining grades kindergarten through 12, by
9 2.30% for a district maintaining grades kindergarten
10 through 8, or by 1.05% for a district maintaining grades 9
11 through 12 and adjusted by an amount computed by dividing
12 the amount of any abatement of taxes under subsection (a)
13 of Section 18-165 of the Property Tax Code by the same
14 percentage rates for district type as specified in this
15 subparagraph (b).

16 (3) For the 1999-2000 school year and each school year
17 thereafter, if a school district meets all of the criteria of
18 this subsection (G) (3), the school district's Available Local
19 Resources shall be calculated under subsection (D) using the
20 district's Extension Limitation Equalized Assessed Valuation
21 as calculated under this subsection (G) (3).

22 For purposes of this subsection (G) (3) the following terms
23 shall have the following meanings:

24 "Budget Year": The school year for which general State
25 aid is calculated and awarded under subsection (E).

26 "Base Tax Year": The property tax levy year used to

1 calculate the Budget Year allocation of general State aid.

2 "Preceding Tax Year": The property tax levy year
3 immediately preceding the Base Tax Year.

4 "Base Tax Year's Tax Extension": The product of the
5 equalized assessed valuation utilized by the County Clerk
6 in the Base Tax Year multiplied by the limiting rate as
7 calculated by the County Clerk and defined in the Property
8 Tax Extension Limitation Law.

9 "Preceding Tax Year's Tax Extension": The product of
10 the equalized assessed valuation utilized by the County
11 Clerk in the Preceding Tax Year multiplied by the Operating
12 Tax Rate as defined in subsection (A).

13 "Extension Limitation Ratio": A numerical ratio,
14 certified by the County Clerk, in which the numerator is
15 the Base Tax Year's Tax Extension and the denominator is
16 the Preceding Tax Year's Tax Extension.

17 "Operating Tax Rate": The operating tax rate as defined
18 in subsection (A).

19 If a school district is subject to property tax extension
20 limitations as imposed under the Property Tax Extension
21 Limitation Law, the State Board of Education shall calculate
22 the Extension Limitation Equalized Assessed Valuation of that
23 district. For the 1999-2000 school year, the Extension
24 Limitation Equalized Assessed Valuation of a school district as
25 calculated by the State Board of Education shall be equal to
26 the product of the district's 1996 Equalized Assessed Valuation

1 and the district's Extension Limitation Ratio. Except as
2 otherwise provided in this paragraph for a school district that
3 has approved or does approve an increase in its limiting rate,
4 for the 2000-2001 school year and each school year thereafter,
5 the Extension Limitation Equalized Assessed Valuation of a
6 school district as calculated by the State Board of Education
7 shall be equal to the product of the Equalized Assessed
8 Valuation last used in the calculation of general State aid and
9 the district's Extension Limitation Ratio. If the Extension
10 Limitation Equalized Assessed Valuation of a school district as
11 calculated under this subsection (G)(3) is less than the
12 district's equalized assessed valuation as calculated pursuant
13 to subsections (G)(1) and (G)(2), then for purposes of
14 calculating the district's general State aid for the Budget
15 Year pursuant to subsection (E), that Extension Limitation
16 Equalized Assessed Valuation shall be utilized to calculate the
17 district's Available Local Resources under subsection (D). For
18 the 2009-2010 school year and each school year thereafter, if a
19 school district has approved or does approve an increase in its
20 limiting rate, pursuant to Section 18-190 of the Property Tax
21 Code, affecting the Base Tax Year, the Extension Limitation
22 Equalized Assessed Valuation of the school district, as
23 calculated by the State Board of Education, shall be equal to
24 the product of the Equalized Assessed Valuation last used in
25 the calculation of general State aid times an amount equal to
26 one plus the percentage increase, if any, in the Consumer Price

1 Index for all Urban Consumers for all items published by the
2 United States Department of Labor for the 12-month calendar
3 year preceding the Base Tax Year, plus the Equalized Assessed
4 Valuation of new property, annexed property, and recovered tax
5 increment value and minus the Equalized Assessed Valuation of
6 disconnected property. New property and recovered tax
7 increment value shall have the meanings set forth in the
8 Property Tax Extension Limitation Law.

9 Partial elementary unit districts created in accordance
10 with Article 11E of this Code shall not be eligible for the
11 adjustment in this subsection (G)(3) until the fifth year
12 following the effective date of the reorganization.

13 (3.5) For the 2010-2011 school year and each school year
14 thereafter, if a school district's boundaries span multiple
15 counties, then the Department of Revenue shall send to the
16 State Board of Education, for the purpose of calculating
17 general State aid, the limiting rate and individual rates by
18 purpose for the county that contains the majority of the school
19 district's Equalized Assessed Valuation.

20 (4) For the purposes of calculating general State aid for
21 the 1999-2000 school year only, if a school district
22 experienced a triennial reassessment on the equalized assessed
23 valuation used in calculating its general State financial aid
24 apportionment for the 1998-1999 school year, the State Board of
25 Education shall calculate the Extension Limitation Equalized
26 Assessed Valuation that would have been used to calculate the

1 district's 1998-1999 general State aid. This amount shall equal
2 the product of the equalized assessed valuation used to
3 calculate general State aid for the 1997-1998 school year and
4 the district's Extension Limitation Ratio. If the Extension
5 Limitation Equalized Assessed Valuation of the school district
6 as calculated under this paragraph (4) is less than the
7 district's equalized assessed valuation utilized in
8 calculating the district's 1998-1999 general State aid
9 allocation, then for purposes of calculating the district's
10 general State aid pursuant to paragraph (5) of subsection (E),
11 that Extension Limitation Equalized Assessed Valuation shall
12 be utilized to calculate the district's Available Local
13 Resources.

14 (5) For school districts having a majority of their
15 equalized assessed valuation in any county except Cook, DuPage,
16 Kane, Lake, McHenry, or Will, if the amount of general State
17 aid allocated to the school district for the 1999-2000 school
18 year under the provisions of subsection (E), (H), and (J) of
19 this Section is less than the amount of general State aid
20 allocated to the district for the 1998-1999 school year under
21 these subsections, then the general State aid of the district
22 for the 1999-2000 school year only shall be increased by the
23 difference between these amounts. The total payments made under
24 this paragraph (5) shall not exceed \$14,000,000. Claims shall
25 be prorated if they exceed \$14,000,000.

1 (H) Supplemental General State Aid.

2 (1) In addition to the general State aid a school district
3 is allotted pursuant to subsection (E), qualifying school
4 districts shall receive a grant, paid in conjunction with a
5 district's payments of general State aid, for supplemental
6 general State aid based upon the concentration level of
7 children from low-income households within the school
8 district. Supplemental State aid grants provided for school
9 districts under this subsection shall be appropriated for
10 distribution to school districts as part of the same line item
11 in which the general State financial aid of school districts is
12 appropriated under this Section.

13 (1.5) This paragraph (1.5) applies only to those school
14 years preceding the 2003-2004 school year. For purposes of this
15 subsection (H), the term "Low-Income Concentration Level"
16 shall be the low-income eligible pupil count from the most
17 recently available federal census divided by the Average Daily
18 Attendance of the school district. If, however, (i) the
19 percentage decrease from the 2 most recent federal censuses in
20 the low-income eligible pupil count of a high school district
21 with fewer than 400 students exceeds by 75% or more the
22 percentage change in the total low-income eligible pupil count
23 of contiguous elementary school districts, whose boundaries
24 are coterminous with the high school district, or (ii) a high
25 school district within 2 counties and serving 5 elementary
26 school districts, whose boundaries are coterminous with the

1 high school district, has a percentage decrease from the 2 most
2 recent federal censuses in the low-income eligible pupil count
3 and there is a percentage increase in the total low-income
4 eligible pupil count of a majority of the elementary school
5 districts in excess of 50% from the 2 most recent federal
6 censuses, then the high school district's low-income eligible
7 pupil count from the earlier federal census shall be the number
8 used as the low-income eligible pupil count for the high school
9 district, for purposes of this subsection (H). The changes made
10 to this paragraph (1) by Public Act 92-28 shall apply to
11 supplemental general State aid grants for school years
12 preceding the 2003-2004 school year that are paid in fiscal
13 year 1999 or thereafter and to any State aid payments made in
14 fiscal year 1994 through fiscal year 1998 pursuant to
15 subsection 1(n) of Section 18-8 of this Code (which was
16 repealed on July 1, 1998), and any high school district that is
17 affected by Public Act 92-28 is entitled to a recomputation of
18 its supplemental general State aid grant or State aid paid in
19 any of those fiscal years. This recomputation shall not be
20 affected by any other funding.

21 (1.10) This paragraph (1.10) applies to the 2003-2004
22 school year and each school year thereafter. For purposes of
23 this subsection (H), the term "Low-Income Concentration Level"
24 shall, for each fiscal year, be the low-income eligible pupil
25 count as of July 1 of the immediately preceding fiscal year (as
26 determined by the Department of Human Services based on the

1 number of pupils who are eligible for at least one of the
2 following low income programs: Medicaid, the Children's Health
3 Insurance Program, TANF, or Food Stamps, excluding pupils who
4 are eligible for services provided by the Department of
5 Children and Family Services, averaged over the 2 immediately
6 preceding fiscal years for fiscal year 2004 and over the 3
7 immediately preceding fiscal years for each fiscal year
8 thereafter) divided by the Average Daily Attendance of the
9 school district.

10 (2) Supplemental general State aid pursuant to this
11 subsection (H) shall be provided as follows for the 1998-1999,
12 1999-2000, and 2000-2001 school years only:

13 (a) For any school district with a Low Income
14 Concentration Level of at least 20% and less than 35%, the
15 grant for any school year shall be \$800 multiplied by the
16 low income eligible pupil count.

17 (b) For any school district with a Low Income
18 Concentration Level of at least 35% and less than 50%, the
19 grant for the 1998-1999 school year shall be \$1,100
20 multiplied by the low income eligible pupil count.

21 (c) For any school district with a Low Income
22 Concentration Level of at least 50% and less than 60%, the
23 grant for the 1998-99 school year shall be \$1,500
24 multiplied by the low income eligible pupil count.

25 (d) For any school district with a Low Income
26 Concentration Level of 60% or more, the grant for the

1 1998-99 school year shall be \$1,900 multiplied by the low
2 income eligible pupil count.

3 (e) For the 1999-2000 school year, the per pupil amount
4 specified in subparagraphs (b), (c), and (d) immediately
5 above shall be increased to \$1,243, \$1,600, and \$2,000,
6 respectively.

7 (f) For the 2000-2001 school year, the per pupil
8 amounts specified in subparagraphs (b), (c), and (d)
9 immediately above shall be \$1,273, \$1,640, and \$2,050,
10 respectively.

11 (2.5) Supplemental general State aid pursuant to this
12 subsection (H) shall be provided as follows for the 2002-2003
13 school year:

14 (a) For any school district with a Low Income
15 Concentration Level of less than 10%, the grant for each
16 school year shall be \$355 multiplied by the low income
17 eligible pupil count.

18 (b) For any school district with a Low Income
19 Concentration Level of at least 10% and less than 20%, the
20 grant for each school year shall be \$675 multiplied by the
21 low income eligible pupil count.

22 (c) For any school district with a Low Income
23 Concentration Level of at least 20% and less than 35%, the
24 grant for each school year shall be \$1,330 multiplied by
25 the low income eligible pupil count.

26 (d) For any school district with a Low Income

1 Concentration Level of at least 35% and less than 50%, the
2 grant for each school year shall be \$1,362 multiplied by
3 the low income eligible pupil count.

4 (e) For any school district with a Low Income
5 Concentration Level of at least 50% and less than 60%, the
6 grant for each school year shall be \$1,680 multiplied by
7 the low income eligible pupil count.

8 (f) For any school district with a Low Income
9 Concentration Level of 60% or more, the grant for each
10 school year shall be \$2,080 multiplied by the low income
11 eligible pupil count.

12 (2.10) Except as otherwise provided, supplemental general
13 State aid pursuant to this subsection (H) shall be provided as
14 follows for the 2003-2004 school year and each school year
15 thereafter:

16 (a) For any school district with a Low Income
17 Concentration Level of 15% or less, the grant for each
18 school year shall be \$355 multiplied by the low income
19 eligible pupil count.

20 (b) For any school district with a Low Income
21 Concentration Level greater than 15%, the grant for each
22 school year shall be \$294.25 added to the product of \$2,700
23 and the square of the Low Income Concentration Level, all
24 multiplied by the low income eligible pupil count.

25 For the 2003-2004 school year and each school year
26 thereafter through the 2008-2009 school year only, the grant

1 shall be no less than the grant for the 2002-2003 school year.
2 For the 2009-2010 school year only, the grant shall be no less
3 than the grant for the 2002-2003 school year multiplied by
4 0.66. For the 2010-2011 school year only, the grant shall be no
5 less than the grant for the 2002-2003 school year multiplied by
6 0.33. Notwithstanding the provisions of this paragraph to the
7 contrary, if for any school year supplemental general State aid
8 grants are prorated as provided in paragraph (1) of this
9 subsection (H), then the grants under this paragraph shall be
10 prorated.

11 For the 2003-2004 school year only, the grant shall be no
12 greater than the grant received during the 2002-2003 school
13 year added to the product of 0.25 multiplied by the difference
14 between the grant amount calculated under subsection (a) or (b)
15 of this paragraph (2.10), whichever is applicable, and the
16 grant received during the 2002-2003 school year. For the
17 2004-2005 school year only, the grant shall be no greater than
18 the grant received during the 2002-2003 school year added to
19 the product of 0.50 multiplied by the difference between the
20 grant amount calculated under subsection (a) or (b) of this
21 paragraph (2.10), whichever is applicable, and the grant
22 received during the 2002-2003 school year. For the 2005-2006
23 school year only, the grant shall be no greater than the grant
24 received during the 2002-2003 school year added to the product
25 of 0.75 multiplied by the difference between the grant amount
26 calculated under subsection (a) or (b) of this paragraph

1 (2.10), whichever is applicable, and the grant received during
2 the 2002-2003 school year.

3 (3) (Blank). ~~School districts with an Average Daily~~
4 ~~Attendance of more than 1,000 and less than 50,000 that qualify~~
5 ~~for supplemental general State aid pursuant to this subsection~~
6 ~~shall submit a plan to the State Board of Education prior to~~
7 ~~October 30 of each year for the use of the funds resulting from~~
8 ~~this grant of supplemental general State aid for the~~
9 ~~improvement of instruction in which priority is given to~~
10 ~~meeting the education needs of disadvantaged children. Such~~
11 ~~plan shall be submitted in accordance with rules and~~
12 ~~regulations promulgated by the State Board of Education.~~

13 (4) School districts with an Average Daily Attendance of
14 50,000 or more that qualify for supplemental general State aid
15 pursuant to this subsection shall be required to distribute
16 from funds available pursuant to this Section, no less than
17 \$261,000,000 in accordance with the following requirements:

18 (a) The required amounts shall be distributed to the
19 attendance centers within the district in proportion to the
20 number of pupils enrolled at each attendance center who are
21 eligible to receive free or reduced-price lunches or
22 breakfasts under the federal Child Nutrition Act of 1966
23 and under the National School Lunch Act during the
24 immediately preceding school year.

25 (b) The distribution of these portions of supplemental
26 and general State aid among attendance centers according to

1 these requirements shall not be compensated for or
2 contravened by adjustments of the total of other funds
3 appropriated to any attendance centers, and the Board of
4 Education shall utilize funding from one or several sources
5 in order to fully implement this provision annually prior
6 to the opening of school.

7 (c) Each attendance center shall be provided by the
8 school district a distribution of noncategorical funds and
9 other categorical funds to which an attendance center is
10 entitled under law in order that the general State aid and
11 supplemental general State aid provided by application of
12 this subsection supplements rather than supplants the
13 noncategorical funds and other categorical funds provided
14 by the school district to the attendance centers.

15 (d) Any funds made available under this subsection that
16 by reason of the provisions of this subsection are not
17 required to be allocated and provided to attendance centers
18 may be used and appropriated by the board of the district
19 for any lawful school purpose.

20 (e) Funds received by an attendance center pursuant to
21 this subsection shall be used by the attendance center at
22 the discretion of the principal and local school council
23 for programs to improve educational opportunities at
24 qualifying schools through the following programs and
25 services: early childhood education, reduced class size or
26 improved adult to student classroom ratio, enrichment

1 programs, remedial assistance, attendance improvement, and
2 other educationally beneficial expenditures which
3 supplement the regular and basic programs as determined by
4 the State Board of Education. Funds provided shall not be
5 expended for any political or lobbying purposes as defined
6 by board rule.

7 (f) Each district subject to the provisions of this
8 subdivision (H) (4) shall submit an acceptable plan to meet
9 the educational needs of disadvantaged children, in
10 compliance with the requirements of this paragraph, to the
11 State Board of Education prior to July 15 of each year.
12 This plan shall be consistent with the decisions of local
13 school councils concerning the school expenditure plans
14 developed in accordance with part 4 of Section 34-2.3. The
15 State Board shall approve or reject the plan within 60 days
16 after its submission. If the plan is rejected, the district
17 shall give written notice of intent to modify the plan
18 within 15 days of the notification of rejection and then
19 submit a modified plan within 30 days after the date of the
20 written notice of intent to modify. Districts may amend
21 approved plans pursuant to rules promulgated by the State
22 Board of Education.

23 Upon notification by the State Board of Education that
24 the district has not submitted a plan prior to July 15 or a
25 modified plan within the time period specified herein, the
26 State aid funds affected by that plan or modified plan

1 shall be withheld by the State Board of Education until a
2 plan or modified plan is submitted.

3 If the district fails to distribute State aid to
4 attendance centers in accordance with an approved plan, the
5 plan for the following year shall allocate funds, in
6 addition to the funds otherwise required by this
7 subsection, to those attendance centers which were
8 underfunded during the previous year in amounts equal to
9 such underfunding.

10 For purposes of determining compliance with this
11 subsection in relation to the requirements of attendance
12 center funding, each district subject to the provisions of
13 this subsection shall submit as a separate document by
14 December 1 of each year a report of expenditure data for
15 the prior year in addition to any modification of its
16 current plan. If it is determined that there has been a
17 failure to comply with the expenditure provisions of this
18 subsection regarding contravention or supplanting, the
19 State Superintendent of Education shall, within 60 days of
20 receipt of the report, notify the district and any affected
21 local school council. The district shall within 45 days of
22 receipt of that notification inform the State
23 Superintendent of Education of the remedial or corrective
24 action to be taken, whether by amendment of the current
25 plan, if feasible, or by adjustment in the plan for the
26 following year. Failure to provide the expenditure report

1 or the notification of remedial or corrective action in a
2 timely manner shall result in a withholding of the affected
3 funds.

4 The State Board of Education shall promulgate rules and
5 regulations to implement the provisions of this
6 subsection. No funds shall be released under this
7 subdivision (H) (4) to any district that has not submitted a
8 plan that has been approved by the State Board of
9 Education.

10 (I) (Blank).

11 (J) (Blank).

12 (K) Grants to Laboratory and Alternative Schools.

13 In calculating the amount to be paid to the governing board
14 of a public university that operates a laboratory school under
15 this Section or to any alternative school that is operated by a
16 regional superintendent of schools, the State Board of
17 Education shall require by rule such reporting requirements as
18 it deems necessary.

19 As used in this Section, "laboratory school" means a public
20 school which is created and operated by a public university and
21 approved by the State Board of Education. The governing board
22 of a public university which receives funds from the State
23 Board under this subsection (K) may not increase the number of

1 students enrolled in its laboratory school from a single
2 district, if that district is already sending 50 or more
3 students, except under a mutual agreement between the school
4 board of a student's district of residence and the university
5 which operates the laboratory school. A laboratory school may
6 not have more than 1,000 students, excluding students with
7 disabilities in a special education program.

8 As used in this Section, "alternative school" means a
9 public school which is created and operated by a Regional
10 Superintendent of Schools and approved by the State Board of
11 Education. Such alternative schools may offer courses of
12 instruction for which credit is given in regular school
13 programs, courses to prepare students for the high school
14 equivalency testing program or vocational and occupational
15 training. A regional superintendent of schools may contract
16 with a school district or a public community college district
17 to operate an alternative school. An alternative school serving
18 more than one educational service region may be established by
19 the regional superintendents of schools of the affected
20 educational service regions. An alternative school serving
21 more than one educational service region may be operated under
22 such terms as the regional superintendents of schools of those
23 educational service regions may agree.

24 Each laboratory and alternative school shall file, on forms
25 provided by the State Superintendent of Education, an annual
26 State aid claim which states the Average Daily Attendance of

1 the school's students by month. The best 3 months' Average
2 Daily Attendance shall be computed for each school. The general
3 State aid entitlement shall be computed by multiplying the
4 applicable Average Daily Attendance by the Foundation Level as
5 determined under this Section.

6 (L) Payments, Additional Grants in Aid and Other Requirements.

7 (1) For a school district operating under the financial
8 supervision of an Authority created under Article 34A, the
9 general State aid otherwise payable to that district under this
10 Section, but not the supplemental general State aid, shall be
11 reduced by an amount equal to the budget for the operations of
12 the Authority as certified by the Authority to the State Board
13 of Education, and an amount equal to such reduction shall be
14 paid to the Authority created for such district for its
15 operating expenses in the manner provided in Section 18-11. The
16 remainder of general State school aid for any such district
17 shall be paid in accordance with Article 34A when that Article
18 provides for a disposition other than that provided by this
19 Article.

20 (2) (Blank).

21 (3) Summer school. Summer school payments shall be made as
22 provided in Section 18-4.3.

23 (M) Education Funding Advisory Board.

24 The Education Funding Advisory Board, hereinafter in this

1 subsection (M) referred to as the "Board", is hereby created.
2 The Board shall consist of 5 members who are appointed by the
3 Governor, by and with the advice and consent of the Senate. The
4 members appointed shall include representatives of education,
5 business, and the general public. One of the members so
6 appointed shall be designated by the Governor at the time the
7 appointment is made as the chairperson of the Board. The
8 initial members of the Board may be appointed any time after
9 the effective date of this amendatory Act of 1997. The regular
10 term of each member of the Board shall be for 4 years from the
11 third Monday of January of the year in which the term of the
12 member's appointment is to commence, except that of the 5
13 initial members appointed to serve on the Board, the member who
14 is appointed as the chairperson shall serve for a term that
15 commences on the date of his or her appointment and expires on
16 the third Monday of January, 2002, and the remaining 4 members,
17 by lots drawn at the first meeting of the Board that is held
18 after all 5 members are appointed, shall determine 2 of their
19 number to serve for terms that commence on the date of their
20 respective appointments and expire on the third Monday of
21 January, 2001, and 2 of their number to serve for terms that
22 commence on the date of their respective appointments and
23 expire on the third Monday of January, 2000. All members
24 appointed to serve on the Board shall serve until their
25 respective successors are appointed and confirmed. Vacancies
26 shall be filled in the same manner as original appointments. If

1 a vacancy in membership occurs at a time when the Senate is not
2 in session, the Governor shall make a temporary appointment
3 until the next meeting of the Senate, when he or she shall
4 appoint, by and with the advice and consent of the Senate, a
5 person to fill that membership for the unexpired term. If the
6 Senate is not in session when the initial appointments are
7 made, those appointments shall be made as in the case of
8 vacancies.

9 The Education Funding Advisory Board shall be deemed
10 established, and the initial members appointed by the Governor
11 to serve as members of the Board shall take office, on the date
12 that the Governor makes his or her appointment of the fifth
13 initial member of the Board, whether those initial members are
14 then serving pursuant to appointment and confirmation or
15 pursuant to temporary appointments that are made by the
16 Governor as in the case of vacancies.

17 The State Board of Education shall provide such staff
18 assistance to the Education Funding Advisory Board as is
19 reasonably required for the proper performance by the Board of
20 its responsibilities.

21 For school years after the 2000-2001 school year, the
22 Education Funding Advisory Board, in consultation with the
23 State Board of Education, shall make recommendations as
24 provided in this subsection (M) to the General Assembly for the
25 foundation level under subdivision (B)(3) of this Section and
26 for the supplemental general State aid grant level under

1 subsection (H) of this Section for districts with high
2 concentrations of children from poverty. The recommended
3 foundation level shall be determined based on a methodology
4 which incorporates the basic education expenditures of
5 low-spending schools exhibiting high academic performance. The
6 Education Funding Advisory Board shall make such
7 recommendations to the General Assembly on January 1 of odd
8 numbered years, beginning January 1, 2001.

9 (N) (Blank).

10 (O) References.

11 (1) References in other laws to the various subdivisions of
12 Section 18-8 as that Section existed before its repeal and
13 replacement by this Section 18-8.05 shall be deemed to refer to
14 the corresponding provisions of this Section 18-8.05, to the
15 extent that those references remain applicable.

16 (2) References in other laws to State Chapter 1 funds shall
17 be deemed to refer to the supplemental general State aid
18 provided under subsection (H) of this Section.

19 (P) Public Act 93-838 and Public Act 93-808 make inconsistent
20 changes to this Section. Under Section 6 of the Statute on
21 Statutes there is an irreconcilable conflict between Public Act
22 93-808 and Public Act 93-838. Public Act 93-838, being the last
23 acted upon, is controlling. The text of Public Act 93-838 is

1 the law regardless of the text of Public Act 93-808.
