

**SB0530**

**97TH GENERAL ASSEMBLY**

**State of Illinois**

**2011 and 2012**

**SB0530**

Introduced 2/8/2011, by Sen. John J. Cullerton

**SYNOPSIS AS INTRODUCED:**

40 ILCS 5/2-124

from Ch. 108 1/2, par. 2-124

Amends the General Assembly Article of the Illinois Pension Code. Makes a technical change in a Section concerning contributions by the State.

LRB097 04260 JDS 44299 b

PENSION IMPACT  
NOTE ACT MAY  
APPLY

**A BILL FOR**

1 AN ACT concerning public employee benefits.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 5. The Illinois Pension Code is amended by changing  
5 Section 2-124 as follows:

6 (40 ILCS 5/2-124) (from Ch. 108 1/2, par. 2-124)

7 Sec. 2-124. Contributions by State.

8 (a) The ~~The~~ State shall make contributions to the System by  
9 appropriations of amounts which, together with the  
10 contributions of participants, interest earned on investments,  
11 and other income will meet the cost of maintaining and  
12 administering the System on a 90% funded basis in accordance  
13 with actuarial recommendations.

14 (b) The Board shall determine the amount of State  
15 contributions required for each fiscal year on the basis of the  
16 actuarial tables and other assumptions adopted by the Board and  
17 the prescribed rate of interest, using the formula in  
18 subsection (c).

19 (c) For State fiscal years 2011 through 2045, the minimum  
20 contribution to the System to be made by the State for each  
21 fiscal year shall be an amount determined by the System to be  
22 sufficient to bring the total assets of the System up to 90% of  
23 the total actuarial liabilities of the System by the end of

1 State fiscal year 2045. In making these determinations, the  
2 required State contribution shall be calculated each year as a  
3 level percentage of payroll over the years remaining to and  
4 including fiscal year 2045 and shall be determined under the  
5 projected unit credit actuarial cost method.

6 For State fiscal years 1996 through 2005, the State  
7 contribution to the System, as a percentage of the applicable  
8 employee payroll, shall be increased in equal annual increments  
9 so that by State fiscal year 2011, the State is contributing at  
10 the rate required under this Section.

11 Notwithstanding any other provision of this Article, the  
12 total required State contribution for State fiscal year 2006 is  
13 \$4,157,000.

14 Notwithstanding any other provision of this Article, the  
15 total required State contribution for State fiscal year 2007 is  
16 \$5,220,300.

17 For each of State fiscal years 2008 through 2009, the State  
18 contribution to the System, as a percentage of the applicable  
19 employee payroll, shall be increased in equal annual increments  
20 from the required State contribution for State fiscal year  
21 2007, so that by State fiscal year 2011, the State is  
22 contributing at the rate otherwise required under this Section.

23 Notwithstanding any other provision of this Article, the  
24 total required State contribution for State fiscal year 2010 is  
25 \$10,454,000 and shall be made from the proceeds of bonds sold  
26 in fiscal year 2010 pursuant to Section 7.2 of the General

1 Obligation Bond Act, less (i) the pro rata share of bond sale  
2 expenses determined by the System's share of total bond  
3 proceeds, (ii) any amounts received from the General Revenue  
4 Fund in fiscal year 2010, and (iii) any reduction in bond  
5 proceeds due to the issuance of discounted bonds, if  
6 applicable.

7 Beginning in State fiscal year 2046, the minimum State  
8 contribution for each fiscal year shall be the amount needed to  
9 maintain the total assets of the System at 90% of the total  
10 actuarial liabilities of the System.

11 Amounts received by the System pursuant to Section 25 of  
12 the Budget Stabilization Act or Section 8.12 of the State  
13 Finance Act in any fiscal year do not reduce and do not  
14 constitute payment of any portion of the minimum State  
15 contribution required under this Article in that fiscal year.  
16 Such amounts shall not reduce, and shall not be included in the  
17 calculation of, the required State contributions under this  
18 Article in any future year until the System has reached a  
19 funding ratio of at least 90%. A reference in this Article to  
20 the "required State contribution" or any substantially similar  
21 term does not include or apply to any amounts payable to the  
22 System under Section 25 of the Budget Stabilization Act.

23 Notwithstanding any other provision of this Section, the  
24 required State contribution for State fiscal year 2005 and for  
25 fiscal year 2008 and each fiscal year thereafter, as calculated  
26 under this Section and certified under Section 2-134, shall not

1 exceed an amount equal to (i) the amount of the required State  
2 contribution that would have been calculated under this Section  
3 for that fiscal year if the System had not received any  
4 payments under subsection (d) of Section 7.2 of the General  
5 Obligation Bond Act, minus (ii) the portion of the State's  
6 total debt service payments for that fiscal year on the bonds  
7 issued for the purposes of that Section 7.2, as determined and  
8 certified by the Comptroller, that is the same as the System's  
9 portion of the total moneys distributed under subsection (d) of  
10 Section 7.2 of the General Obligation Bond Act. In determining  
11 this maximum for State fiscal years 2008 through 2010, however,  
12 the amount referred to in item (i) shall be increased, as a  
13 percentage of the applicable employee payroll, in equal  
14 increments calculated from the sum of the required State  
15 contribution for State fiscal year 2007 plus the applicable  
16 portion of the State's total debt service payments for fiscal  
17 year 2007 on the bonds issued for the purposes of Section 7.2  
18 of the General Obligation Bond Act, so that, by State fiscal  
19 year 2011, the State is contributing at the rate otherwise  
20 required under this Section.

21 (d) For purposes of determining the required State  
22 contribution to the System, the value of the System's assets  
23 shall be equal to the actuarial value of the System's assets,  
24 which shall be calculated as follows:

25 As of June 30, 2008, the actuarial value of the System's  
26 assets shall be equal to the market value of the assets as of

1 that date. In determining the actuarial value of the System's  
2 assets for fiscal years after June 30, 2008, any actuarial  
3 gains or losses from investment return incurred in a fiscal  
4 year shall be recognized in equal annual amounts over the  
5 5-year period following that fiscal year.

6 (e) For purposes of determining the required State  
7 contribution to the system for a particular year, the actuarial  
8 value of assets shall be assumed to earn a rate of return equal  
9 to the system's actuarially assumed rate of return.
