1 AMENDMENT TO SENATE BILL 1036

2 AMENDMENT NO. \_\_\_\_\_. Amend Senate Bill 1036 by replacing  
3 everything after the enacting clause with the following:

4 "Section 5. The Unified Code of Corrections is amended by  
5 adding Article 20 to Chapter III as follows:

6 (730 ILCS 5/Ch. III Art. 20 heading new)

7 ARTICLE 20. INTEGRATED CORRECTIONAL RE-ENTRY PILOT PROGRAM

8 (730 ILCS 5/3-20-5 new)

9 Sec. 3-20-5. Integrated Correctional Re-entry Pilot  
10 Program.

11 (a) The General Assembly finds that an Integrated  
12 Correctional Re-entry Pilot Program would reduce the costs of  
13 incarceration and recidivism in this State.

14 (b) The Illinois Department of Corrections shall establish  
15 a 2-year Integrated Correctional Re-entry Pilot Program for

1 eligible offenders.

2 (c) In order for an offender to be eligible for the  
3 program:

4 (1) the person shall have a professional diagnostic  
5 assessment that has determined that the person is drug or  
6 alcohol dependent and would benefit from treatment;

7 (2) the person is a drug or alcohol dependent person  
8 within the meaning of the Alcoholism and Other Drug Abuse  
9 and Dependency Act or was drug or alcohol dependent at the  
10 time of the commission of the present offense;

11 (3) the present offense was committed while the person  
12 was under the influence of a controlled substance or  
13 alcohol or was committed to acquire property or moneys in  
14 order to support the person's drug or alcohol dependency;

15 (4) substance abuse treatment and monitoring will  
16 serve to benefit the person by addressing the drug or  
17 alcohol dependency and will thereby reduce the likelihood  
18 that the person will commit another offense;

19 (5) the person has not been previously convicted of, or  
20 adjudicated delinquent for, arson or a related offense  
21 pursuant to Article 20 of the Criminal Code of 1961, or a  
22 similar crime under the laws of any other state or the  
23 United States;

24 (6) the person has not been previously convicted of, or  
25 adjudicated delinquent for, the commission of a sex offense  
26 as defined in Article 11 of the Criminal Code of 1961 or a

1 similar crime under the laws of any other state or the  
2 United States;

3 (7) the length of the person's aggregate sentence for  
4 the present offense was at least 36 months;

5 (8) the person meets eligibility criteria established  
6 pursuant to Department of Corrections rules for release to  
7 residential community programs except that a person shall  
8 be eligible 6 months prior to parole or mandatory  
9 supervised release (MSR);

10 (9) the person shall be currently participating in an  
11 institutional substance abuse treatment program in an  
12 Illinois Department of Corrections facility; and

13 (10) any person who meets the eligibility criteria  
14 outlined in paragraphs (1) through (9) of this subsection  
15 (c) shall be eligible for admission into the program. Any  
16 inmate incarcerated on the effective date of this  
17 amendatory Act of the 97th General Assembly shall also be  
18 eligible for the program if the eligibility requirements  
19 specified in paragraphs (1) through (9) of this subsection  
20 (c) are met.

21 (d) An offender eligible for the Integrated Correctional  
22 Re-entry Pilot Program shall be transitioned to the Integrated  
23 Correctional Re-entry Pilot Program for continued care and  
24 transitional or re-entry services for the final 6 months of the  
25 incarceration portion of his or her sentence.

26 (e) An offender transitioned to the Integrated

1 Correctional Re-entry Pilot Program must reside in his or her  
2 own approved residence or approved transitional housing, but  
3 shall attend on-site programming at the Integrated  
4 Correctional Re-entry Pilot Program facility for 8 to 12 hours  
5 a day. An offender in the Integrated Correctional Re-entry  
6 Pilot Program shall be placed on electronic monitoring with an  
7 approved electronic monitoring device as defined in Section  
8 5-8A-2 of this Code for the first 60 to 90 days of his or her  
9 participation in the Program. An offender's movements shall be  
10 restricted to his or her residence, the Integrated Correctional  
11 Re-entry Pilot Program facility, and work or education sites as  
12 the offender progresses through the Program. If an offender  
13 violates the movement restrictions imposed by this Section, the  
14 offender's parole agent shall be immediately notified and the  
15 Department of Corrections shall impose punishment upon the  
16 offender up to and including revocation of electronic  
17 monitoring status and return to incarceration in an Illinois  
18 Department of Corrections facility.

19 (f) The Program shall be an integrated Service Delivery  
20 model provided by a single qualified vendor, and shall include,  
21 at a minimum the following components:

22 (1) Substance Abuse and Co-Occurring Disorder  
23 treatment. Participation in the Program must begin with  
24 intensive treatment provided by certified substance abuse  
25 counselors or licensed mental health professionals. Upon  
26 entry into the Program an offender shall undergo a

1 comprehensive battery of substance abuse and mental health  
2 assessments to determine treatment needs. Based on  
3 assessed risks and needs individualized goals and  
4 objectives must be developed for each participant.  
5 Treatment programming must include substance abuse  
6 counseling groups, cognitive restructuring interventions,  
7 anger management groups, co-occurring disorder groups,  
8 individual therapy, and medication-assisted treatment, as  
9 indicated. Program compliance must be monitored through  
10 regular urinalysis drug testing. The intensive treatment  
11 phase shall last a minimum of 90-days, and will be followed  
12 by a less intensive "step-down" treatment phase for the  
13 minimum of an additional 90 days, designed to prepare  
14 offenders for self-sufficiency in the community through  
15 continued outpatient and aftercare treatment, life skills  
16 training, and employment readiness training.

17 (2) Re-entry Case Management. Re-entry case managers  
18 shall coordinate comprehensive re-entry support services  
19 tailored to the needs of each offender and shall coordinate  
20 the treatment team in the provision of these services.

21 (3) Medication Assisted Treatment. The offender, when  
22 indicated, shall be administered once-monthly,  
23 non-addictive, FDA-approved medication for the treatment  
24 of alcohol dependence and the prevention of relapse to  
25 opioid dependence following detoxification.

26 (g) A single treatment provider shall be selected to

1 provide the Pilot Program through a Request for Qualifications  
2 (RFQ) process. A Request for Qualifications form of procurement  
3 shall allow the Department of Corrections to select the vendor  
4 to implement the Pilot of this Program, without the demands of  
5 prescribing the Program in a form solicitation procurement  
6 document. This is required so that a qualified provider can  
7 assist the Illinois Department of Corrections with the planning  
8 and implementation process for the Program during the start-up  
9 period authorized by this Code. The RFQ selection shall require  
10 that the Illinois Department of Corrections select a vendor for  
11 the program that shall:

12 (1) have significant experience providing alcohol and  
13 drug abuse treatment, and co-occurring mental health  
14 treatment to offenders sentenced to the Department of  
15 Corrections, both on an in-custody basis and in community  
16 corrections settings;

17 (2) have a record of providing high quality  
18 evidence-based substance abuse and alcohol treatment at  
19 the community level in Illinois;

20 (3) possess deep knowledge and familiarity with the  
21 communities on Chicago's west side; and

22 (4) have experience using once-monthly, non-addictive,  
23 FDA-approved medication to treat alcohol and drug abuse.

24 (h) The Integrated Correctional Re-entry Pilot Program  
25 shall be based in a facility designed to serve communities on  
26 the west side of Chicago.

1       (i) The Department of Corrections shall operate the  
2 Integrated Correctional Re-entry Pilot Program for no less than  
3 2 years plus a 6-month start-up phase, beginning on the  
4 effective date of this amendatory Act of the 97th General  
5 Assembly. The Department of Corrections shall monitor and  
6 evaluate the impact of the Integrated Correctional Re-entry  
7 Pilot Program during its implementation, including cost  
8 efficiency and the effect of the Program on recidivism, and  
9 establish a 3-year follow up evaluation and outcome assessment  
10 for all participants in the Program. The Department of  
11 Corrections shall include the results of the evaluation in a  
12 report that it must use to assess the potential long-term  
13 implementation and expansion of the Integrated Correctional  
14 Re-entry Pilot Program in Illinois.

15       (j) Upon completion of the evaluation of the pilot phase,  
16 per subsection (i) of this Section, if the Program is found to  
17 successfully reduce recidivism and incarceration costs for the  
18 target population, the Department of Corrections shall  
19 replicate the Program in additional geographic areas of the  
20 State. The expansion shall be accomplished through a  
21 competitive bid process, with preference given to entities with  
22 experience in the provision of integrated services similar to  
23 those provided in the Program's design.

24       Section 99. Effective date. This Act takes effect upon  
25 becoming law."
