1 AMENDMENT TO SENATE BILL 1682

2 AMENDMENT NO. \_\_\_\_\_. Amend Senate Bill 1682 by replacing  
3 everything after the enacting clause with the following:

4 "Section 5. The Environmental Protection Act is amended by  
5 changing Section 12.5 as follows:

6 (415 ILCS 5/12.5)

7 Sec. 12.5. NPDES discharge fees; sludge permit fees.

8 (a) Beginning July 1, 2003, the Agency shall assess and  
9 collect annual fees (i) in the amounts set forth in subsection  
10 (e) for all discharges that require an NPDES permit under  
11 subsection (f) of Section 12, from each person holding an NPDES  
12 permit authorizing those discharges (including a person who  
13 continues to discharge under an expired permit pending  
14 renewal), and (ii) in the amounts set forth in subsection (f)  
15 of this Section for all activities that require a permit under  
16 subsection (b) of Section 12, from each person holding a

1 domestic sewage sludge generator or user permit.

2 Each person subject to this Section must remit the  
3 applicable annual fee to the Agency in accordance with the  
4 requirements set forth in this Section and any rules adopted  
5 pursuant to this Section.

6 (b) Within 30 days after the effective date of this  
7 Section, and each year thereafter, except when a fee is not due  
8 because of the operation of subsection (c), the Agency shall  
9 send a fee notice by mail to each existing permittee subject to  
10 a fee under this Section at his or her address of record. The  
11 notice shall state the amount of the applicable annual fee and  
12 the date by which payment is required.

13 Except as provided in subsection (c) with respect to  
14 initial fees under new permits and certain modifications of  
15 existing permits, fees payable under this Section are due by  
16 the date specified in the fee notice, which shall be no less  
17 than 30 days after the date the fee notice is mailed by the  
18 Agency.

19 (c) The initial annual fee for discharges under a new NPDES  
20 permit or for activity under a new sludge generator or sludge  
21 user permit must be remitted to the Agency prior to the  
22 issuance of the permit. The Agency shall provide notice of the  
23 amount of the fee to the applicant during its review of the  
24 application. In the case of a new NPDES or sludge permit issued  
25 during the months of January through June, the Agency may  
26 prorate the initial annual fee payable under this Section.

1           The initial annual fee for discharges or other activity  
2 under a general NPDES permit must be remitted to the Agency as  
3 part of the application for coverage under that general permit.

4           Beginning January 1, 2010, in the case of construction site  
5 storm water discharges for which a coverage letter under a  
6 general NPDES permit or individual NPDES permit has been issued  
7 or for which the application for coverage under an NPDES permit  
8 has been filed with the Agency, no annual fee shall be due  
9 after payment of an initial annual fee in the amount provided  
10 in subsection (e) (10) of this Section.

11           If a requested modification to an existing NPDES permit  
12 causes a change in the applicable fee categories under  
13 subsection (e) that results in an increase in the required fee,  
14 the permittee must pay to the Agency the amount of the  
15 increase, prorated for the number of months remaining before  
16 the next July 1, before the modification is granted.

17           (d) Failure to submit the fee required under this Section  
18 by the due date constitutes a violation of this Section. Late  
19 payments shall incur an interest penalty, calculated at the  
20 rate in effect from time to time for tax delinquencies under  
21 subsection (a) of Section 1003 of the Illinois Income Tax Act,  
22 from the date the fee is due until the date the fee payment is  
23 received by the Agency.

24           (e) The annual fees applicable to discharges under NPDES  
25 permits are as follows:

26           (1) For NPDES permits for publicly owned treatment

1 works, other facilities for which the wastewater being  
2 treated and discharged is primarily domestic sewage, and  
3 wastewater discharges from the operation of public water

11 combined sewer overflow outfall is contained within a  
12 permit subject to subsection (e)(1) fees.

13 (3) For NPDES permits for mines producing coal, the fee  
14 is \$5,000.

26 Flow rate that is more than 100,000 gallons per day.

1           (6) For NPDES permits for industrial activity where

3 under subdivision (e) (3) or (e) (4), the fee is:

4           (i) \$15,000 for a facility with a Design Average  
5 Flow rate that is not more than 250,000 gallons per  
6 day; and

7           (ii) \$20,000 for a facility with a Design Average  
8 Flow rate that is more than 250,000 gallons per day.

4 (11) For NPDES permits for Concentrated Animal Feeding  
5 Operations, the amount of the fee shall be established by  
6 Agency rule. The Agency shall set the fee amount so that  
7 the total revenue generated from fees under this  
8 subdivision (e) (11) is sufficient to support the Agency's  
9 cost of administering the Concentrated Animal Feeding  
10 Operation program under the Clean Water Act; provided that  
11 the fee amount shall not exceed \$1,200.

12 (f) The annual fee for activities under a permit that

25 program established in this Section. The Agency may include  
26 provisions pertaining to invoices, notice of late payment,

1 refunds, and disputes concerning the amount or timeliness of  
2 payment. The Agency may set forth procedures and criteria for  
3 the acceptance of payments. The absence of such rules does not  
4 affect the duty of the Agency to immediately begin the  
5 assessment and collection of fees under this Section.

6 (j) All fees and interest penalties collected by the Agency  
7 under this Section shall be deposited into the Illinois Clean  
8 Water Fund, which is hereby created as a special fund in the  
9 State treasury. Gifts, supplemental environmental project  
10 funds, and grants may be deposited into the Fund. Investment  
11 earnings on moneys held in the Fund shall be credited to the  
12 Fund.

13 Subject to appropriation, the moneys in the Fund shall be  
14 used by the Agency to carry out the Agency's clean water  
15 activities.
