

SB2892

97TH GENERAL ASSEMBLY

State of Illinois

2011 and 2012

SB2892

Introduced 2/1/2012, by Sen. Michael Noland

SYNOPSIS AS INTRODUCED:

New Act

Creates the Single-Payer Health and Universal Care System Act. Sets forth the findings of the General Assembly. Provides that in conjunction with the Department of Insurance, the Department of Healthcare and Family Services shall examine the feasibility of creating and implementing a health care access plan that accomplishes certain goals. Provides that the Department of Healthcare and Family Services shall issue a report of its findings and recommendations to the General Assembly on or before July 1, 2012. Effective immediately.

FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning health.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the
5 Single-Payer Health and Universal Care System Act.

6 Section 5. Findings. Single-payer health care demonstrated
7 by Medicare and the Veterans Administration is a well-tested
8 model that has been proven to contain the growth in health care
9 spending while promoting quality improvements and maintaining
10 comprehensive coverage. It is the intent of the General
11 Assembly to establish a system of universal health coverage in
12 this State that provides all residents with comprehensive
13 health care benefits, guarantees a single standard care for all
14 residents, stabilizes the growth in health care spending, and
15 improves the quality of health care for all residents.

16 Section 10. Definitions. In this Act, "Department" means
17 the Department of Healthcare and Family Services.

18 Section 15. Health care access plan. In conjunction with
19 the Department of Insurance, the Department shall examine the
20 feasibility of creating and implementing a health care access
21 plan that does the following:

1 (1) provides access to a full range of preventive,
2 acute, and long-term health care services;

3 (2) maintains and improves the quality of health care
4 services offered to Illinois residents;

5 (3) provides portability of coverage, regardless of
6 employment status;

7 (4) provides uniform benefits for all Illinois
8 residents;

9 (5) encourages regional and local consumer
10 participation in decisions about health care delivery,
11 financing, and provider supply;

12 (6) controls capital and overall expenditures;

13 (7) provides global budgeting for health care
14 providers;

15 (8) avoids unnecessary duplication in the development
16 and availability of health care facilities and services;

17 (9) offers a mechanism for reviewing and implementing
18 multiple approaches to preventive medicine based on new
19 technologies; and

20 (10) implements comprehensive health planning tied to
21 a unified State health care budget.

22 Section 20. Report. The Department shall issue a report of
23 its findings and recommendation to the General Assembly on or
24 before July 1, 2012.

25 Section 99. Effective date. This Act takes effect upon

1 becoming law.
