

1 AN ACT concerning utilities.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Power Agency Act is amended by
5 changing Section 1-92 as follows:

6 (20 ILCS 3855/1-92)

7 Sec. 1-92. Aggregation of electrical load by
8 municipalities, townships, and counties.

9 (a) The corporate authorities of a municipality, township
10 board, or county board of a county may adopt an ordinance under
11 which it may aggregate in accordance with this Section
12 residential and small commercial retail electrical loads
13 located, respectively, within the municipality, the township,
14 or the unincorporated areas of the county and, for that
15 purpose, may solicit bids and enter into service agreements to
16 facilitate for those loads the sale and purchase of electricity
17 and related services and equipment.

18 The corporate authorities, township board, or county board
19 may also exercise such authority jointly with any other
20 municipality, township, or county. Two or more municipalities,
21 townships, or counties, or a combination of both, may initiate
22 a process jointly to authorize aggregation by a majority vote
23 of each particular municipality, township, or county as

1 required by this Section.

2 If the corporate authorities, township board, or the county
3 board seek to operate the aggregation program as an opt-out
4 program for residential and small commercial retail customers,
5 then prior to the adoption of an ordinance with respect to
6 aggregation of residential and small commercial retail
7 electric loads, the corporate authorities of a municipality, the township board, or the county board of a county shall
8 submit a referendum to its residents to determine whether or
9 not the aggregation program shall operate as an opt-out program
10 for residential and small commercial retail customers.
11

12 In addition to the notice and conduct requirements of the
13 general election law, notice of the referendum shall state
14 briefly the purpose of the referendum. The question of whether
15 the corporate authorities, the township board, or the county
16 board shall adopt an opt-out aggregation program for
17 residential and small commercial retail customers shall be
18 submitted to the electors of the municipality, township board,
19 or county board at a regular election and approved by a
20 majority of the electors voting on the question. The corporate
21 authorities, township board, or county board must certify to
22 the proper election authority, which must submit the question
23 at an election in accordance with the Election Code.

24 The election authority must submit the question in
25 substantially the following form:

26 Shall the (municipality, township, or county in which

1 the question is being voted upon) have the authority to
2 arrange for the supply of electricity for its residential
3 and small commercial retail customers who have not opted
4 out of such program?

5 The election authority must record the votes as "Yes" or "No".

6 If a majority of the electors voting on the question vote
7 in the affirmative, then the corporate authorities, township
8 board, or county board may implement an opt-out aggregation
9 program for residential and small commercial retail customers.

10 A referendum must pass in each particular municipality,
11 township, or county that is engaged in the aggregation program.
12 If the referendum fails, then the corporate authorities,
13 township board, or county board shall operate the aggregation
14 program as an opt-in program for residential and small
15 commercial retail customers.

16 An ordinance under this Section shall specify whether the
17 aggregation will occur only with the prior consent of each
18 person owning, occupying, controlling, or using an electric
19 load center proposed to be aggregated. Nothing in this Section,
20 however, authorizes the aggregation of electric loads that are
21 served or authorized to be served by an electric cooperative as
22 defined by and pursuant to the Electric Supplier Act or loads
23 served by a municipality that owns and operates its own
24 electric distribution system. No aggregation shall take effect
25 unless approved by a majority of the members of the corporate
26 authority, township board, or county board voting upon the

1 ordinance.

2 A governmental aggregator under this Section is not a
3 public utility or an alternative retail electric supplier.

4 For purposes of this Section, "township" means the portion
5 of a township that is an unincorporated portion of a county
6 that is not otherwise a part of a municipality. In addition to
7 such other limitations as are included in this Section, a
8 township board shall only have authority to aggregate
9 residential and small commercial customer loads in accordance
10 with this Section if the county board of the county in which
11 the township is located (i) is not also submitting a referendum
12 to its residents at the same general election that the township
13 board proposes to submit a referendum under this subsection
14 (a), (ii) has not received authorization through passage of a
15 referendum to operate an opt-out aggregation program for
16 residential and small commercial retail customers under this
17 subsection (a), and (iii) has not otherwise enacted an
18 ordinance under this subsection (a) authorizing the operation
19 of an opt-in aggregation program for residential and small
20 commercial retail customers as described in this Section.

21 (b) Upon the applicable requisite authority under this
22 Section, the corporate authorities, the township board, or the
23 county board, with assistance from the Illinois Power Agency,
24 shall develop a plan of operation and governance for the
25 aggregation program so authorized. Before adopting a plan under
26 this Section, the corporate authorities, township board, or

1 county board shall hold at least 2 public hearings on the plan.
2 Before the first hearing, the corporate authorities, township
3 board, or county board shall publish notice of the hearings
4 once a week for 2 consecutive weeks in a newspaper of general
5 circulation in the jurisdiction. The notice shall summarize the
6 plan and state the date, time, and location of each hearing.
7 Any load aggregation plan established pursuant to this Section
8 shall:

9 (1) provide for universal access to all applicable
10 residential customers and equitable treatment of
11 applicable residential customers;

12 (2) describe demand management and energy efficiency
13 services to be provided to each class of customers; and

14 (3) meet any requirements established by law
15 concerning aggregated service offered pursuant to this
16 Section.

17 (c) The process for soliciting bids for electricity and
18 other related services and awarding proposed agreements for the
19 purchase of electricity and other related services shall be
20 conducted in the following order:

21 (1) The corporate authorities, township board, or
22 county board may solicit bids for electricity and other
23 related services.

24 (1.5) A township board shall request from the electric
25 utility those residential and small commercial customers
26 within their aggregate area either by zip code or zip codes

1 or other means as determined by the electric utility. The
2 electric utility shall then provide to the township board
3 the residential and small commercial customers, including
4 the names and addresses of residential and small commercial
5 customers, electronically. The township board shall be
6 responsible for authenticating the residential and small
7 commercial customers contained in this listing and
8 providing edits of the data to affirm, add, or delete the
9 residential and small commercial customers located within
10 its jurisdiction. The township board shall provide the
11 edited list to the electric utility in an electronic format
12 or other means selected by the electric utility and certify
13 that the information is accurate.

14 (2) Notwithstanding Section 16-122 of the Public
15 Utilities Act and Section 2HH of the Consumer Fraud and
16 Deceptive Business Practices Act, an electric utility that
17 provides residential and small commercial retail electric
18 service in the aggregate area must, upon request of the
19 corporate authorities, township board, or the county board
20 in the aggregate area, submit to the requesting party, in
21 an electronic format, those account numbers, names, and
22 addresses of residential and small commercial retail
23 customers in the aggregate area that are reflected in the
24 electric utility's records at the time of the request;
25 provided, however, that any township board has first
26 provided an accurate customer list to the electric utility

1 as provided for herein.

2 Any corporate authority, township board, or county board
3 receiving customer information from an electric utility shall
4 be subject to the limitations on the disclosure of the
5 information described in Section 16-122 of the Public Utilities
6 Act and Section 2HH of the Consumer Fraud and Deceptive
7 Business Practices Act, and an electric utility shall not be
8 held liable for any claims arising out of the provision of
9 information pursuant to this item (2).

10 (d) If the corporate authorities, township board, or county
11 board operate under an opt-in program for residential and small
12 commercial retail customers, then the corporate authorities, township board, or county board shall comply with all of the
13 following:
14

15 (1) Within 60 days after receiving the bids, the
16 corporate authorities, township board, or county board
17 shall allow residential and small commercial retail
18 customers to commit to the terms and conditions of a bid
19 that has been selected by the corporate authorities, township board,
20 or county board.

21 (2) If (A) the corporate authorities, township board,
22 or county board award proposed agreements for the purchase
23 of electricity and other related services and (B) an
24 agreement is reached between the corporate authorities, township board,
25 or county board for those services, then
26 customers committed to the terms and conditions according

1 to item (1) of this subsection (d) shall be committed to
2 the agreement.

3 (e) If the corporate authorities, township board, or county
4 board operate as an opt-out program for residential and small
5 commercial retail customers, then it shall be the duty of the
6 aggregated entity to fully inform residential and small
7 commercial retail customers in advance that they have the right
8 to opt out of the aggregation program. The disclosure shall
9 prominently state all charges to be made and shall include full
10 disclosure of the cost to obtain service pursuant to Section
11 16-103 of the Public Utilities Act, how to access it, and the
12 fact that it is available to them without penalty, if they are
13 currently receiving service under that Section. The Illinois
14 Power Agency shall furnish, without charge, to any citizen a
15 list of all supply options available to them in a format that
16 allows comparison of prices and products.

17 The Illinois Power Agency shall provide assistance to
18 municipalities, townships, counties, or associations working
19 with municipalities to help complete the plan and bidding
20 process.

21 This Section does not prohibit municipalities or counties
22 from entering into an intergovernmental agreement to aggregate
23 residential and small commercial retail electric loads.
