23 (b) Instead of the number of aldermen set forth in

25 may adopt, either by ordinance or by resolution, not more than

1 decennial census results, the following number of aldermen: in

22 (65 ILCS 5/3.1-20-25) (from Ch. 24, par. 3.1-20-25)

23 Sec. 3.1-20-25. Redistricting a city.

24 (a) In the formation of wards, the number of inhabitants of
25 the city immediately preceding the division of the city into

1 wards shall be as nearly equal in population, and the wards
2 shall be of as compact and contiguous territory, as
3 practicable. Wards shall be created in a manner so that, as far
4 as practicable, no precinct shall be divided between 2 or more
5 wards.

6 (b) Whenever an official decennial census shows that a city
7 contains more or fewer wards than it is entitled to, the city
8 council of the city, by ordinance, shall redistrict the city
9 into as many wards as the city is entitled. This redistricting
10 shall be completed not less than 30 days before the first day
11 set by the general election law for the filing of candidate
12 petitions for the next succeeding election for city officers.
13 At this election there shall be elected the number of aldermen
14 to which the city is entitled, except as provided in subsection
15 (c).

16 (c) If it appears from any official decennial census that
17 it is necessary to redistrict under subsection (b) or for any
18 other reason ~~a city has the requisite number of inhabitants to~~
19 ~~authorize it to increase the number of aldermen,~~ the city
20 council shall immediately proceed to redistrict the city and
21 shall hold the next city election in accordance with the new
22 redistricting. At this election, the aldermen whose terms of
23 office are not expiring shall be considered aldermen for the
24 new wards respectively in which their residences are situated.
25 At this election and at the next election, in a municipality
26 that is not a newly incorporated municipality, a candidate for

1 alderman may be elected from any ward that contains a part of
2 the ward in which he or she resided at least one year next
3 preceding the election that follows the redistricting, and, if
4 elected, that person may be reelected from the new ward he or
5 she represents if he or she resides in that ward for at least
6 one year next preceding reelection. If there are 2 or more
7 aldermen with terms of office not expiring and residing in the
8 same ward under the new redistricting, the alderman who holds
9 over for that ward shall be determined by lot in the presence
10 of the city council, in the manner directed by the council, and
11 all other aldermen shall fill their unexpired terms as
12 aldermen-at-large. The aldermen-at-large, if any, shall have
13 the same powers and duties as all other aldermen, but upon the
14 expiration of their terms the offices of aldermen-at-large
15 shall be abolished.

16 (d) If the redistricting results in one or more wards in
17 which no aldermen reside whose terms of office have not
18 expired, 2 aldermen shall be elected in accordance with Section
19 3.1-20-35, unless the city elected only one alderman per ward
20 pursuant to a referendum under subsection (a) of Section
21 3.1-20-20.

22 (e) A redistricting ordinance that has decreased the number
23 of wards of a city because of a decrease in population of the
24 city shall not be effective if, not less than 60 days before
25 the time fixed for the next succeeding general municipal
26 election, an official census is officially published that shows

1 that the city has regained a population that entitles it to the
2 number of wards that it had just before the passage of the last
3 redistricting ordinance.
