

Rep. Lawrence M. Walsh, Jr.

Filed: 3/19/2013

09800HB0493ham001

LRB098 03324 NHT 43339 a

1 AMENDMENT TO HOUSE BILL 493

2 AMENDMENT NO. _____. Amend House Bill 493 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. The School Code is amended by changing Section
5 18-8.05 as follows:

6 (105 ILCS 5/18-8.05)

7 (Text of Section after amendment by P.A. 97-742)

8 Sec. 18-8.05. Basis for apportionment of general State
9 financial aid and supplemental general State aid to the common
10 schools for the 1998-1999 and subsequent school years.

11 (A) General Provisions.

12 (1) The provisions of this Section apply to the 1998-1999
13 and subsequent school years. The system of general State
14 financial aid provided for in this Section is designed to
15 assure that, through a combination of State financial aid and

1 required local resources, the financial support provided each
2 pupil in Average Daily Attendance equals or exceeds a
3 prescribed per pupil Foundation Level. This formula approach
4 imputes a level of per pupil Available Local Resources and
5 provides for the basis to calculate a per pupil level of
6 general State financial aid that, when added to Available Local
7 Resources, equals or exceeds the Foundation Level. The amount
8 of per pupil general State financial aid for school districts,
9 in general, varies in inverse relation to Available Local
10 Resources. Per pupil amounts are based upon each school
11 district's Average Daily Attendance as that term is defined in
12 this Section.

13 (2) In addition to general State financial aid, school
14 districts with specified levels or concentrations of pupils
15 from low income households are eligible to receive supplemental
16 general State financial aid grants as provided pursuant to
17 subsection (H). The supplemental State aid grants provided for
18 school districts under subsection (H) shall be appropriated for
19 distribution to school districts as part of the same line item
20 in which the general State financial aid of school districts is
21 appropriated under this Section.

22 (3) To receive financial assistance under this Section,
23 school districts are required to file claims with the State
24 Board of Education, subject to the following requirements:

25 (a) Any school district which fails for any given
26 school year to maintain school as required by law, or to

1 maintain a recognized school is not eligible to file for
2 such school year any claim upon the Common School Fund. In
3 case of nonrecognition of one or more attendance centers in
4 a school district otherwise operating recognized schools,
5 the claim of the district shall be reduced in the
6 proportion which the Average Daily Attendance in the
7 attendance center or centers bear to the Average Daily
8 Attendance in the school district. A "recognized school"
9 means any public school which meets the standards as
10 established for recognition by the State Board of
11 Education. A school district or attendance center not
12 having recognition status at the end of a school term is
13 entitled to receive State aid payments due upon a legal
14 claim which was filed while it was recognized.

15 (b) School district claims filed under this Section are
16 subject to Sections 18-9 and 18-12, except as otherwise
17 provided in this Section.

18 (c) If a school district operates a full year school
19 under Section 10-19.1, the general State aid to the school
20 district shall be determined by the State Board of
21 Education in accordance with this Section as near as may be
22 applicable.

23 (d) (Blank).

24 (4) Except as provided in subsections (H) and (L), the
25 board of any district receiving any of the grants provided for
26 in this Section may apply those funds to any fund so received

1 for which that board is authorized to make expenditures by law.

2 School districts are not required to exert a minimum
3 Operating Tax Rate in order to qualify for assistance under
4 this Section.

5 (5) As used in this Section the following terms, when
6 capitalized, shall have the meaning ascribed herein:

7 (a) "Average Daily Attendance": A count of pupil
8 attendance in school, averaged as provided for in
9 subsection (C) and utilized in deriving per pupil financial
10 support levels.

11 (b) "Available Local Resources": A computation of
12 local financial support, calculated on the basis of Average
13 Daily Attendance and derived as provided pursuant to
14 subsection (D).

15 (c) "Corporate Personal Property Replacement Taxes":
16 Funds paid to local school districts pursuant to "An Act in
17 relation to the abolition of ad valorem personal property
18 tax and the replacement of revenues lost thereby, and
19 amending and repealing certain Acts and parts of Acts in
20 connection therewith", certified August 14, 1979, as
21 amended (Public Act 81-1st S.S.-1).

22 (d) "Foundation Level": A prescribed level of per pupil
23 financial support as provided for in subsection (B).

24 (e) "Operating Tax Rate": All school district property
25 taxes extended for all purposes, except Bond and Interest,
26 Summer School, Rent, Capital Improvement, and Vocational

1 Education Building purposes.

2 (B) Foundation Level.

3 (1) The Foundation Level is a figure established by the
4 State representing the minimum level of per pupil financial
5 support that should be available to provide for the basic
6 education of each pupil in Average Daily Attendance. As set
7 forth in this Section, each school district is assumed to exert
8 a sufficient local taxing effort such that, in combination with
9 the aggregate of general State financial aid provided the
10 district, an aggregate of State and local resources are
11 available to meet the basic education needs of pupils in the
12 district.

13 (2) For the 1998-1999 school year, the Foundation Level of
14 support is \$4,225. For the 1999-2000 school year, the
15 Foundation Level of support is \$4,325. For the 2000-2001 school
16 year, the Foundation Level of support is \$4,425. For the
17 2001-2002 school year and 2002-2003 school year, the Foundation
18 Level of support is \$4,560. For the 2003-2004 school year, the
19 Foundation Level of support is \$4,810. For the 2004-2005 school
20 year, the Foundation Level of support is \$4,964. For the
21 2005-2006 school year, the Foundation Level of support is
22 \$5,164. For the 2006-2007 school year, the Foundation Level of
23 support is \$5,334. For the 2007-2008 school year, the
24 Foundation Level of support is \$5,734. For the 2008-2009 school
25 year, the Foundation Level of support is \$5,959.

1 (3) For the 2009-2010 school year and each school year
2 thereafter, the Foundation Level of support is \$6,119 or such
3 greater amount as may be established by law by the General
4 Assembly.

5 (C) Average Daily Attendance.

6 (1) For purposes of calculating general State aid pursuant
7 to subsection (E), an Average Daily Attendance figure shall be
8 utilized. The Average Daily Attendance figure for formula
9 calculation purposes shall be the monthly average of the actual
10 number of pupils in attendance of each school district, as
11 further averaged for the best 3 months of pupil attendance for
12 each school district. In compiling the figures for the number
13 of pupils in attendance, school districts and the State Board
14 of Education shall, for purposes of general State aid funding,
15 conform attendance figures to the requirements of subsection
16 (F).

17 (2) The Average Daily Attendance figures utilized in
18 subsection (E) shall be the requisite attendance data for the
19 school year immediately preceding the school year for which
20 general State aid is being calculated or the average of the
21 attendance data for the 3 preceding school years, whichever is
22 greater. The Average Daily Attendance figures utilized in
23 subsection (H) shall be the requisite attendance data for the
24 school year immediately preceding the school year for which
25 general State aid is being calculated.

1 (D) Available Local Resources.

2 (1) For purposes of calculating general State aid pursuant
3 to subsection (E), a representation of Available Local
4 Resources per pupil, as that term is defined and determined in
5 this subsection, shall be utilized. Available Local Resources
6 per pupil shall include a calculated dollar amount representing
7 local school district revenues from local property taxes and
8 from Corporate Personal Property Replacement Taxes, expressed
9 on the basis of pupils in Average Daily Attendance. Calculation
10 of Available Local Resources shall exclude any tax amnesty
11 funds received as a result of Public Act 93-26.

12 (2) In determining a school district's revenue from local
13 property taxes, the State Board of Education shall utilize the
14 equalized assessed valuation of all taxable property of each
15 school district as of September 30 of the previous year. The
16 equalized assessed valuation utilized shall be obtained and
17 determined as provided in subsection (G).

18 (3) For school districts maintaining grades kindergarten
19 through 12, local property tax revenues per pupil shall be
20 calculated as the product of the applicable equalized assessed
21 valuation for the district multiplied by 3.00%, and divided by
22 the district's Average Daily Attendance figure. For school
23 districts maintaining grades kindergarten through 8, local
24 property tax revenues per pupil shall be calculated as the
25 product of the applicable equalized assessed valuation for the

1 district multiplied by 2.30%, and divided by the district's
2 Average Daily Attendance figure. For school districts
3 maintaining grades 9 through 12, local property tax revenues
4 per pupil shall be the applicable equalized assessed valuation
5 of the district multiplied by 1.05%, and divided by the
6 district's Average Daily Attendance figure.

7 For partial elementary unit districts created pursuant to
8 Article 11E of this Code, local property tax revenues per pupil
9 shall be calculated as the product of the equalized assessed
10 valuation for property within the partial elementary unit
11 district for elementary purposes, as defined in Article 11E of
12 this Code, multiplied by 2.06% and divided by the district's
13 Average Daily Attendance figure, plus the product of the
14 equalized assessed valuation for property within the partial
15 elementary unit district for high school purposes, as defined
16 in Article 11E of this Code, multiplied by 0.94% and divided by
17 the district's Average Daily Attendance figure.

18 (4) The Corporate Personal Property Replacement Taxes paid
19 to each school district during the calendar year one year
20 before the calendar year in which a school year begins, divided
21 by the Average Daily Attendance figure for that district, shall
22 be added to the local property tax revenues per pupil as
23 derived by the application of the immediately preceding
24 paragraph (3). The sum of these per pupil figures for each
25 school district shall constitute Available Local Resources as
26 that term is utilized in subsection (E) in the calculation of

1 general State aid.

2 (E) Computation of General State Aid.

3 (1) For each school year, the amount of general State aid
4 allotted to a school district shall be computed by the State
5 Board of Education as provided in this subsection.

6 (2) For any school district for which Available Local
7 Resources per pupil is less than the product of 0.93 times the
8 Foundation Level, general State aid for that district shall be
9 calculated as an amount equal to the Foundation Level minus
10 Available Local Resources, multiplied by the Average Daily
11 Attendance of the school district.

12 (3) For any school district for which Available Local
13 Resources per pupil is equal to or greater than the product of
14 0.93 times the Foundation Level and less than the product of
15 1.75 times the Foundation Level, the general State aid per
16 pupil shall be a decimal proportion of the Foundation Level
17 derived using a linear algorithm. Under this linear algorithm,
18 the calculated general State aid per pupil shall decline in
19 direct linear fashion from 0.07 times the Foundation Level for
20 a school district with Available Local Resources equal to the
21 product of 0.93 times the Foundation Level, to 0.05 times the
22 Foundation Level for a school district with Available Local
23 Resources equal to the product of 1.75 times the Foundation
24 Level. The allocation of general State aid for school districts
25 subject to this paragraph 3 shall be the calculated general

1 State aid per pupil figure multiplied by the Average Daily
2 Attendance of the school district.

3 (4) For any school district for which Available Local
4 Resources per pupil equals or exceeds the product of 1.75 times
5 the Foundation Level, the general State aid for the school
6 district shall be calculated as the product of \$218 multiplied
7 by the Average Daily Attendance of the school district.

8 (5) The amount of general State aid allocated to a school
9 district for the 1999-2000 school year meeting the requirements
10 set forth in paragraph (4) of subsection (G) shall be increased
11 by an amount equal to the general State aid that would have
12 been received by the district for the 1998-1999 school year by
13 utilizing the Extension Limitation Equalized Assessed
14 Valuation as calculated in paragraph (4) of subsection (G) less
15 the general State aid allotted for the 1998-1999 school year.
16 This amount shall be deemed a one time increase, and shall not
17 affect any future general State aid allocations.

18 (6) If, in any given calendar year, a school district for
19 which Available Local Resources per pupil is equal to or
20 greater than the product of 0.93 multiplied by the Foundation
21 Level and less than the product of 1.75 multiplied by the
22 Foundation Level experiences a loss in Corporate Personal
23 Property Replacement Tax dollars compared to the prior calendar
24 year, then the State Board of Education shall calculate and
25 make a supplemental payment to the district to fully compensate
26 the district for this loss.

1 (F) Compilation of Average Daily Attendance.

2 (1) Each school district shall, by July 1 of each year,
3 submit to the State Board of Education, on forms prescribed by
4 the State Board of Education, attendance figures for the school
5 year that began in the preceding calendar year. The attendance
6 information so transmitted shall identify the average daily
7 attendance figures for each month of the school year. Beginning
8 with the general State aid claim form for the 2002-2003 school
9 year, districts shall calculate Average Daily Attendance as
10 provided in subdivisions (a), (b), and (c) of this paragraph
11 (1).

12 (a) In districts that do not hold year-round classes,
13 days of attendance in August shall be added to the month of
14 September and any days of attendance in June shall be added
15 to the month of May.

16 (b) In districts in which all buildings hold year-round
17 classes, days of attendance in July and August shall be
18 added to the month of September and any days of attendance
19 in June shall be added to the month of May.

20 (c) In districts in which some buildings, but not all,
21 hold year-round classes, for the non-year-round buildings,
22 days of attendance in August shall be added to the month of
23 September and any days of attendance in June shall be added
24 to the month of May. The average daily attendance for the
25 year-round buildings shall be computed as provided in

1 subdivision (b) of this paragraph (1). To calculate the
2 Average Daily Attendance for the district, the average
3 daily attendance for the year-round buildings shall be
4 multiplied by the days in session for the non-year-round
5 buildings for each month and added to the monthly
6 attendance of the non-year-round buildings.

7 Except as otherwise provided in this Section, days of
8 attendance by pupils shall be counted only for sessions of not
9 less than 5 clock hours of school work per day under direct
10 supervision of: (i) teachers, or (ii) non-teaching personnel or
11 volunteer personnel when engaging in non-teaching duties and
12 supervising in those instances specified in subsection (a) of
13 Section 10-22.34 and paragraph 10 of Section 34-18, with pupils
14 of legal school age and in kindergarten and grades 1 through
15 12.

16 Days of attendance by tuition pupils shall be accredited
17 only to the districts that pay the tuition to a recognized
18 school.

19 (2) Days of attendance by pupils of less than 5 clock hours
20 of school shall be subject to the following provisions in the
21 compilation of Average Daily Attendance.

22 (a) Pupils regularly enrolled in a public school for
23 only a part of the school day may be counted on the basis
24 of 1/6 day for every class hour of instruction of 40
25 minutes or more attended pursuant to such enrollment,
26 unless a pupil is enrolled in a block-schedule format of 80

1 minutes or more of instruction, in which case the pupil may
2 be counted on the basis of the proportion of minutes of
3 school work completed each day to the minimum number of
4 minutes that school work is required to be held that day.

5 (b) (Blank).

6 (c) A session of 4 or more clock hours may be counted
7 as a day of attendance upon certification by the regional
8 superintendent, and approved by the State Superintendent
9 of Education to the extent that the district has been
10 forced to use daily multiple sessions.

11 (d) A session of 3 or more clock hours may be counted
12 as a day of attendance (1) when the remainder of the school
13 day or at least 2 hours in the evening of that day is
14 utilized for an in-service training program for teachers,
15 up to a maximum of 5 days per school year, provided a
16 district conducts an in-service training program for
17 teachers in accordance with Section 10-22.39 of this Code;
18 or, in lieu of 4 such days, 2 full days may be used, in
19 which event each such day may be counted as a day required
20 for a legal school calendar pursuant to Section 10-19 of
21 this Code; (1.5) when, of the 5 days allowed under item
22 (1), a maximum of 4 days are used for parent-teacher
23 conferences, or, in lieu of 4 such days, 2 full days are
24 used, in which case each such day may be counted as a
25 calendar day required under Section 10-19 of this Code,
26 provided that the full-day, parent-teacher conference

1 consists of (i) a minimum of 5 clock hours of
2 parent-teacher conferences, (ii) both a minimum of 2 clock
3 hours of parent-teacher conferences held in the evening
4 following a full day of student attendance, as specified in
5 subsection (F)(1)(c), and a minimum of 3 clock hours of
6 parent-teacher conferences held on the day immediately
7 following evening parent-teacher conferences, or (iii)
8 multiple parent-teacher conferences held in the evenings
9 following full days of student attendance, as specified in
10 subsection (F)(1)(c), in which the time used for the
11 parent-teacher conferences is equivalent to a minimum of 5
12 clock hours; and (2) when days in addition to those
13 provided in items (1) and (1.5) are scheduled by a school
14 pursuant to its school improvement plan adopted under
15 Article 34 or its revised or amended school improvement
16 plan adopted under Article 2, provided that (i) such
17 sessions of 3 or more clock hours are scheduled to occur at
18 regular intervals, (ii) the remainder of the school days in
19 which such sessions occur are utilized for in-service
20 training programs or other staff development activities
21 for teachers, and (iii) a sufficient number of minutes of
22 school work under the direct supervision of teachers are
23 added to the school days between such regularly scheduled
24 sessions to accumulate not less than the number of minutes
25 by which such sessions of 3 or more clock hours fall short
26 of 5 clock hours. Any full days used for the purposes of

1 this paragraph shall not be considered for computing
2 average daily attendance. Days scheduled for in-service
3 training programs, staff development activities, or
4 parent-teacher conferences may be scheduled separately for
5 different grade levels and different attendance centers of
6 the district.

7 (e) A session of not less than one clock hour of
8 teaching hospitalized or homebound pupils on-site or by
9 telephone to the classroom may be counted as 1/2 day of
10 attendance, however these pupils must receive 4 or more
11 clock hours of instruction to be counted for a full day of
12 attendance.

13 (f) A session of at least 4 clock hours may be counted
14 as a day of attendance for first grade pupils, and pupils
15 in full day kindergartens, and a session of 2 or more hours
16 may be counted as 1/2 day of attendance by pupils in
17 kindergartens which provide only 1/2 day of attendance.

18 (g) For children with disabilities who are below the
19 age of 6 years and who cannot attend 2 or more clock hours
20 because of their disability or immaturity, a session of not
21 less than one clock hour may be counted as 1/2 day of
22 attendance; however for such children whose educational
23 needs so require a session of 4 or more clock hours may be
24 counted as a full day of attendance.

25 (h) A recognized kindergarten which provides for only
26 1/2 day of attendance by each pupil shall not have more

1 than 1/2 day of attendance counted in any one day. However,
2 kindergartens may count 2 1/2 days of attendance in any 5
3 consecutive school days. When a pupil attends such a
4 kindergarten for 2 half days on any one school day, the
5 pupil shall have the following day as a day absent from
6 school, unless the school district obtains permission in
7 writing from the State Superintendent of Education.
8 Attendance at kindergartens which provide for a full day of
9 attendance by each pupil shall be counted the same as
10 attendance by first grade pupils. Only the first year of
11 attendance in one kindergarten shall be counted, except in
12 case of children who entered the kindergarten in their
13 fifth year whose educational development requires a second
14 year of kindergarten as determined under the rules and
15 regulations of the State Board of Education.

16 (i) On the days when the Prairie State Achievement
17 Examination is administered under subsection (c) of
18 Section 2-3.64 of this Code, the day of attendance for a
19 pupil whose school day must be shortened to accommodate
20 required testing procedures may be less than 5 clock hours
21 and shall be counted towards the 176 days of actual pupil
22 attendance required under Section 10-19 of this Code,
23 provided that a sufficient number of minutes of school work
24 in excess of 5 clock hours are first completed on other
25 school days to compensate for the loss of school work on
26 the examination days.

1 (j) Pupils enrolled in a remote educational program
2 established under Section 10-29 of this Code may be counted
3 on the basis of one-fifth day of attendance for every clock
4 hour of instruction attended in the remote educational
5 program, provided that, in any month, the school district
6 may not claim for a student enrolled in a remote
7 educational program more days of attendance than the
8 maximum number of days of attendance the district can claim

9 (i) for students enrolled in a building holding year-round
10 classes if the student is classified as participating in
11 the remote educational program on a year-round schedule or

12 (ii) for students enrolled in a building not holding
13 year-round classes if the student is not classified as
14 participating in the remote educational program on a
15 year-round schedule.

16 (G) Equalized Assessed Valuation Data.

17 (1) For purposes of the calculation of Available Local
18 Resources required pursuant to subsection (D), the State Board
19 of Education shall secure from the Department of Revenue the
20 value as equalized or assessed by the Department of Revenue of
21 all taxable property of every school district, together with
22 (i) the applicable tax rate used in extending taxes for the
23 funds of the district as of September 30 of the previous year
24 and (ii) the limiting rate for all school districts subject to
25 property tax extension limitations as imposed under the

1 Property Tax Extension Limitation Law.

2 The Department of Revenue shall add to the equalized
3 assessed value of all taxable property of each school district
4 situated entirely or partially within a county that is or was
5 subject to the provisions of Section 15-176 or 15-177 of the
6 Property Tax Code (a) an amount equal to the total amount by
7 which the homestead exemption allowed under Section 15-176 or
8 15-177 of the Property Tax Code for real property situated in
9 that school district exceeds the total amount that would have
10 been allowed in that school district if the maximum reduction
11 under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in
12 all other counties in tax year 2003 or (ii) \$5,000 in all
13 counties in tax year 2004 and thereafter and (b) an amount
14 equal to the aggregate amount for the taxable year of all
15 additional exemptions under Section 15-175 of the Property Tax
16 Code for owners with a household income of \$30,000 or less. The
17 county clerk of any county that is or was subject to the
18 provisions of Section 15-176 or 15-177 of the Property Tax Code
19 shall annually calculate and certify to the Department of
20 Revenue for each school district all homestead exemption
21 amounts under Section 15-176 or 15-177 of the Property Tax Code
22 and all amounts of additional exemptions under Section 15-175
23 of the Property Tax Code for owners with a household income of
24 \$30,000 or less. It is the intent of this paragraph that if the
25 general homestead exemption for a parcel of property is
26 determined under Section 15-176 or 15-177 of the Property Tax

1 Code rather than Section 15-175, then the calculation of
2 Available Local Resources shall not be affected by the
3 difference, if any, between the amount of the general homestead
4 exemption allowed for that parcel of property under Section
5 15-176 or 15-177 of the Property Tax Code and the amount that
6 would have been allowed had the general homestead exemption for
7 that parcel of property been determined under Section 15-175 of
8 the Property Tax Code. It is further the intent of this
9 paragraph that if additional exemptions are allowed under
10 Section 15-175 of the Property Tax Code for owners with a
11 household income of less than \$30,000, then the calculation of
12 Available Local Resources shall not be affected by the
13 difference, if any, because of those additional exemptions.

14 This equalized assessed valuation, as adjusted further by
15 the requirements of this subsection, shall be utilized in the
16 calculation of Available Local Resources.

17 (2) The equalized assessed valuation in paragraph (1) shall
18 be adjusted, as applicable, in the following manner:

19 (a) For the purposes of calculating State aid under
20 this Section, with respect to any part of a school district
21 within a redevelopment project area in respect to which a
22 municipality has adopted tax increment allocation
23 financing pursuant to the Tax Increment Allocation
24 Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11
25 of the Illinois Municipal Code or the Industrial Jobs
26 Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the

1 Illinois Municipal Code, no part of the current equalized
2 assessed valuation of real property located in any such
3 project area which is attributable to an increase above the
4 total initial equalized assessed valuation of such
5 property shall be used as part of the equalized assessed
6 valuation of the district, until such time as all
7 redevelopment project costs have been paid, as provided in
8 Section 11-74.4-8 of the Tax Increment Allocation
9 Redevelopment Act or in Section 11-74.6-35 of the
10 Industrial Jobs Recovery Law. For the purpose of the
11 equalized assessed valuation of the district, the total
12 initial equalized assessed valuation or the current
13 equalized assessed valuation, whichever is lower, shall be
14 used until such time as all redevelopment project costs
15 have been paid.

16 (b) The real property equalized assessed valuation for
17 a school district shall be adjusted by subtracting from the
18 real property value as equalized or assessed by the
19 Department of Revenue for the district an amount computed
20 by dividing the amount of any abatement of taxes under
21 Section 18-170 of the Property Tax Code by 3.00% for a
22 district maintaining grades kindergarten through 12, by
23 2.30% for a district maintaining grades kindergarten
24 through 8, or by 1.05% for a district maintaining grades 9
25 through 12 and adjusted by an amount computed by dividing
26 the amount of any abatement of taxes under subsection (a)

1 of Section 18-165 of the Property Tax Code by the same
2 percentage rates for district type as specified in this
3 subparagraph (b).

4 (3) For the 1999-2000 school year and each school year
5 thereafter, if a school district meets all of the criteria of
6 this subsection (G) (3), the school district's Available Local
7 Resources shall be calculated under subsection (D) using the
8 district's Extension Limitation Equalized Assessed Valuation
9 as calculated under this subsection (G) (3).

10 For purposes of this subsection (G) (3) the following terms
11 shall have the following meanings:

12 "Budget Year": The school year for which general State
13 aid is calculated and awarded under subsection (E).

14 "Base Tax Year": The property tax levy year used to
15 calculate the Budget Year allocation of general State aid.

16 "Preceding Tax Year": The property tax levy year
17 immediately preceding the Base Tax Year.

18 "Base Tax Year's Tax Extension": The product of the
19 equalized assessed valuation utilized by the County Clerk
20 in the Base Tax Year multiplied by the limiting rate as
21 calculated by the County Clerk and defined in the Property
22 Tax Extension Limitation Law.

23 "Preceding Tax Year's Tax Extension": The product of
24 the equalized assessed valuation utilized by the County
25 Clerk in the Preceding Tax Year multiplied by the Operating
26 Tax Rate as defined in subsection (A).

1 "Extension Limitation Ratio": A numerical ratio,
2 certified by the County Clerk, in which the numerator is
3 the Base Tax Year's Tax Extension and the denominator is
4 the Preceding Tax Year's Tax Extension.

5 "Operating Tax Rate": The operating tax rate as defined
6 in subsection (A).

7 If a school district is subject to property tax extension
8 limitations as imposed under the Property Tax Extension
9 Limitation Law, the State Board of Education shall calculate
10 the Extension Limitation Equalized Assessed Valuation of that
11 district. For the 1999-2000 school year, the Extension
12 Limitation Equalized Assessed Valuation of a school district as
13 calculated by the State Board of Education shall be equal to
14 the product of the district's 1996 Equalized Assessed Valuation
15 and the district's Extension Limitation Ratio. Except as
16 otherwise provided in this paragraph for a school district that
17 has approved or does approve an increase in its limiting rate,
18 for the 2000-2001 school year and each school year thereafter,
19 the Extension Limitation Equalized Assessed Valuation of a
20 school district as calculated by the State Board of Education
21 shall be equal to the product of the Equalized Assessed
22 Valuation last used in the calculation of general State aid and
23 the district's Extension Limitation Ratio. If the Extension
24 Limitation Equalized Assessed Valuation of a school district as
25 calculated under this subsection (G)(3) is less than the
26 district's equalized assessed valuation as calculated pursuant

1 to subsections (G) (1) and (G) (2), then for purposes of
2 calculating the district's general State aid for the Budget
3 Year pursuant to subsection (E), that Extension Limitation
4 Equalized Assessed Valuation shall be utilized to calculate the
5 district's Available Local Resources under subsection (D). For
6 the 2009-2010 school year and each school year thereafter, if a
7 school district has approved or does approve an increase in its
8 limiting rate, pursuant to Section 18-190 of the Property Tax
9 Code, affecting the Base Tax Year, the Extension Limitation
10 Equalized Assessed Valuation of the school district, as
11 calculated by the State Board of Education, shall be equal to
12 the product of the Equalized Assessed Valuation last used in
13 the calculation of general State aid times an amount equal to
14 one plus the percentage increase, if any, in the Consumer Price
15 Index for all Urban Consumers for all items published by the
16 United States Department of Labor for the 12-month calendar
17 year preceding the Base Tax Year, plus the Equalized Assessed
18 Valuation of new property, annexed property, and recovered tax
19 increment value and minus the Equalized Assessed Valuation of
20 disconnected property. New property and recovered tax
21 increment value shall have the meanings set forth in the
22 Property Tax Extension Limitation Law.

23 Partial elementary unit districts created in accordance
24 with Article 11E of this Code shall not be eligible for the
25 adjustment in this subsection (G) (3) until the fifth year
26 following the effective date of the reorganization.

1 (3.5) For the 2010-2011 school year and each school year
2 thereafter, if a school district's boundaries span multiple
3 counties, then the Department of Revenue shall send to the
4 State Board of Education, for the purpose of calculating
5 general State aid, the limiting rate and individual rates by
6 purpose for the county that contains the majority of the school
7 district's Equalized Assessed Valuation.

8 (4) For the purposes of calculating general State aid for
9 the 1999-2000 school year only, if a school district
10 experienced a triennial reassessment on the equalized assessed
11 valuation used in calculating its general State financial aid
12 apportionment for the 1998-1999 school year, the State Board of
13 Education shall calculate the Extension Limitation Equalized
14 Assessed Valuation that would have been used to calculate the
15 district's 1998-1999 general State aid. This amount shall equal
16 the product of the equalized assessed valuation used to
17 calculate general State aid for the 1997-1998 school year and
18 the district's Extension Limitation Ratio. If the Extension
19 Limitation Equalized Assessed Valuation of the school district
20 as calculated under this paragraph (4) is less than the
21 district's equalized assessed valuation utilized in
22 calculating the district's 1998-1999 general State aid
23 allocation, then for purposes of calculating the district's
24 general State aid pursuant to paragraph (5) of subsection (E),
25 that Extension Limitation Equalized Assessed Valuation shall
26 be utilized to calculate the district's Available Local

1 Resources.

2 (5) For school districts having a majority of their
3 equalized assessed valuation in any county except Cook, DuPage,
4 Kane, Lake, McHenry, or Will, if the amount of general State
5 aid allocated to the school district for the 1999-2000 school
6 year under the provisions of subsection (E), (H), and (J) of
7 this Section is less than the amount of general State aid
8 allocated to the district for the 1998-1999 school year under
9 these subsections, then the general State aid of the district
10 for the 1999-2000 school year only shall be increased by the
11 difference between these amounts. The total payments made under
12 this paragraph (5) shall not exceed \$14,000,000. Claims shall
13 be prorated if they exceed \$14,000,000.

14 (H) Supplemental General State Aid.

15 (1) In addition to the general State aid a school district
16 is allotted pursuant to subsection (E), qualifying school
17 districts shall receive a grant, paid in conjunction with a
18 district's payments of general State aid, for supplemental
19 general State aid based upon the concentration level of
20 children from low-income households within the school
21 district. Supplemental State aid grants provided for school
22 districts under this subsection shall be appropriated for
23 distribution to school districts as part of the same line item
24 in which the general State financial aid of school districts is
25 appropriated under this Section.

1 (1.5) This paragraph (1.5) applies only to those school
2 years preceding the 2003-2004 school year. For purposes of this
3 subsection (H), the term "Low-Income Concentration Level"
4 shall be the low-income eligible pupil count from the most
5 recently available federal census divided by the Average Daily
6 Attendance of the school district. If, however, (i) the
7 percentage decrease from the 2 most recent federal censuses in
8 the low-income eligible pupil count of a high school district
9 with fewer than 400 students exceeds by 75% or more the
10 percentage change in the total low-income eligible pupil count
11 of contiguous elementary school districts, whose boundaries
12 are coterminous with the high school district, or (ii) a high
13 school district within 2 counties and serving 5 elementary
14 school districts, whose boundaries are coterminous with the
15 high school district, has a percentage decrease from the 2 most
16 recent federal censuses in the low-income eligible pupil count
17 and there is a percentage increase in the total low-income
18 eligible pupil count of a majority of the elementary school
19 districts in excess of 50% from the 2 most recent federal
20 censuses, then the high school district's low-income eligible
21 pupil count from the earlier federal census shall be the number
22 used as the low-income eligible pupil count for the high school
23 district, for purposes of this subsection (H). The changes made
24 to this paragraph (1) by Public Act 92-28 shall apply to
25 supplemental general State aid grants for school years
26 preceding the 2003-2004 school year that are paid in fiscal

1 year 1999 or thereafter and to any State aid payments made in
2 fiscal year 1994 through fiscal year 1998 pursuant to
3 subsection 1(n) of Section 18-8 of this Code (which was
4 repealed on July 1, 1998), and any high school district that is
5 affected by Public Act 92-28 is entitled to a recomputation of
6 its supplemental general State aid grant or State aid paid in
7 any of those fiscal years. This recomputation shall not be
8 affected by any other funding.

9 (1.10) This paragraph (1.10) applies to the 2003-2004
10 school year and each school year thereafter. For purposes of
11 this subsection (H), the term "Low-Income Concentration Level"
12 shall, for each fiscal year, be the low-income eligible pupil
13 count as of July 1 of the immediately preceding fiscal year (as
14 determined by the Department of Human Services based on the
15 number of pupils who are eligible for at least one of the
16 following low income programs: Medicaid, the Children's Health
17 Insurance Program, TANF, or Food Stamps, excluding pupils who
18 are eligible for services provided by the Department of
19 Children and Family Services, averaged over the 2 immediately
20 preceding fiscal years for fiscal year 2004 and over the 3
21 immediately preceding fiscal years for each fiscal year
22 thereafter) divided by the Average Daily Attendance of the
23 school district.

24 (2) Supplemental general State aid pursuant to this
25 subsection (H) shall be provided as follows for the 1998-1999,
26 1999-2000, and 2000-2001 school years only:

1 (a) For any school district with a Low Income
2 Concentration Level of at least 20% and less than 35%, the
3 grant for any school year shall be \$800 multiplied by the
4 low income eligible pupil count.

5 (b) For any school district with a Low Income
6 Concentration Level of at least 35% and less than 50%, the
7 grant for the 1998-1999 school year shall be \$1,100
8 multiplied by the low income eligible pupil count.

9 (c) For any school district with a Low Income
10 Concentration Level of at least 50% and less than 60%, the
11 grant for the 1998-99 school year shall be \$1,500
12 multiplied by the low income eligible pupil count.

13 (d) For any school district with a Low Income
14 Concentration Level of 60% or more, the grant for the
15 1998-99 school year shall be \$1,900 multiplied by the low
16 income eligible pupil count.

17 (e) For the 1999-2000 school year, the per pupil amount
18 specified in subparagraphs (b), (c), and (d) immediately
19 above shall be increased to \$1,243, \$1,600, and \$2,000,
20 respectively.

21 (f) For the 2000-2001 school year, the per pupil
22 amounts specified in subparagraphs (b), (c), and (d)
23 immediately above shall be \$1,273, \$1,640, and \$2,050,
24 respectively.

25 (2.5) Supplemental general State aid pursuant to this
26 subsection (H) shall be provided as follows for the 2002-2003

1 school year:

2 (a) For any school district with a Low Income
3 Concentration Level of less than 10%, the grant for each
4 school year shall be \$355 multiplied by the low income
5 eligible pupil count.

6 (b) For any school district with a Low Income
7 Concentration Level of at least 10% and less than 20%, the
8 grant for each school year shall be \$675 multiplied by the
9 low income eligible pupil count.

10 (c) For any school district with a Low Income
11 Concentration Level of at least 20% and less than 35%, the
12 grant for each school year shall be \$1,330 multiplied by
13 the low income eligible pupil count.

14 (d) For any school district with a Low Income
15 Concentration Level of at least 35% and less than 50%, the
16 grant for each school year shall be \$1,362 multiplied by
17 the low income eligible pupil count.

18 (e) For any school district with a Low Income
19 Concentration Level of at least 50% and less than 60%, the
20 grant for each school year shall be \$1,680 multiplied by
21 the low income eligible pupil count.

22 (f) For any school district with a Low Income
23 Concentration Level of 60% or more, the grant for each
24 school year shall be \$2,080 multiplied by the low income
25 eligible pupil count.

26 (2.10) Except as otherwise provided, supplemental general

1 State aid pursuant to this subsection (H) shall be provided as
2 follows for the 2003-2004 school year and each school year
3 thereafter:

4 (a) For any school district with a Low Income
5 Concentration Level of 15% or less, the grant for each
6 school year shall be \$355 multiplied by the low income
7 eligible pupil count.

8 (b) For any school district with a Low Income
9 Concentration Level greater than 15%, the grant for each
10 school year shall be \$294.25 added to the product of \$2,700
11 and the square of the Low Income Concentration Level, all
12 multiplied by the low income eligible pupil count.

13 For the 2003-2004 school year and each school year
14 thereafter through the 2008-2009 school year only, the grant
15 shall be no less than the grant for the 2002-2003 school year.
16 For the 2009-2010 school year only, the grant shall be no less
17 than the grant for the 2002-2003 school year multiplied by
18 0.66. For the 2010-2011 school year only, the grant shall be no
19 less than the grant for the 2002-2003 school year multiplied by
20 0.33. Notwithstanding the provisions of this paragraph to the
21 contrary, if for any school year supplemental general State aid
22 grants are prorated as provided in paragraph (1) of this
23 subsection (H), then the grants under this paragraph shall be
24 prorated.

25 For the 2003-2004 school year only, the grant shall be no
26 greater than the grant received during the 2002-2003 school

1 year added to the product of 0.25 multiplied by the difference
2 between the grant amount calculated under subsection (a) or (b)
3 of this paragraph (2.10), whichever is applicable, and the
4 grant received during the 2002-2003 school year. For the
5 2004-2005 school year only, the grant shall be no greater than
6 the grant received during the 2002-2003 school year added to
7 the product of 0.50 multiplied by the difference between the
8 grant amount calculated under subsection (a) or (b) of this
9 paragraph (2.10), whichever is applicable, and the grant
10 received during the 2002-2003 school year. For the 2005-2006
11 school year only, the grant shall be no greater than the grant
12 received during the 2002-2003 school year added to the product
13 of 0.75 multiplied by the difference between the grant amount
14 calculated under subsection (a) or (b) of this paragraph
15 (2.10), whichever is applicable, and the grant received during
16 the 2002-2003 school year.

17 (3) School districts with an Average Daily Attendance of
18 more than 1,000 and less than 50,000 that qualify for
19 supplemental general State aid pursuant to this subsection
20 shall submit a plan to the State Board of Education prior to
21 October 30 of each year for the use of the funds resulting from
22 this grant of supplemental general State aid for the
23 improvement of instruction in which priority is given to
24 meeting the education needs of disadvantaged children. Such
25 plan shall be submitted in accordance with rules and
26 regulations promulgated by the State Board of Education.

1 (4) School districts with an Average Daily Attendance of
2 50,000 or more that qualify for supplemental general State aid
3 pursuant to this subsection shall be required to distribute
4 from funds available pursuant to this Section, no less than
5 \$261,000,000 in accordance with the following requirements:

6 (a) The required amounts shall be distributed to the
7 attendance centers within the district in proportion to the
8 number of pupils enrolled at each attendance center who are
9 eligible to receive free or reduced-price lunches or
10 breakfasts under the federal Child Nutrition Act of 1966
11 and under the National School Lunch Act during the
12 immediately preceding school year.

13 (b) The distribution of these portions of supplemental
14 and general State aid among attendance centers according to
15 these requirements shall not be compensated for or
16 contravened by adjustments of the total of other funds
17 appropriated to any attendance centers, and the Board of
18 Education shall utilize funding from one or several sources
19 in order to fully implement this provision annually prior
20 to the opening of school.

21 (c) Each attendance center shall be provided by the
22 school district a distribution of noncategorical funds and
23 other categorical funds to which an attendance center is
24 entitled under law in order that the general State aid and
25 supplemental general State aid provided by application of
26 this subsection supplements rather than supplants the

1 noncategorical funds and other categorical funds provided
2 by the school district to the attendance centers.

3 (d) Any funds made available under this subsection that
4 by reason of the provisions of this subsection are not
5 required to be allocated and provided to attendance centers
6 may be used and appropriated by the board of the district
7 for any lawful school purpose.

8 (e) Funds received by an attendance center pursuant to
9 this subsection shall be used by the attendance center at
10 the discretion of the principal and local school council
11 for programs to improve educational opportunities at
12 qualifying schools through the following programs and
13 services: early childhood education, reduced class size or
14 improved adult to student classroom ratio, enrichment
15 programs, remedial assistance, attendance improvement, and
16 other educationally beneficial expenditures which
17 supplement the regular and basic programs as determined by
18 the State Board of Education. Funds provided shall not be
19 expended for any political or lobbying purposes as defined
20 by board rule.

21 (f) Each district subject to the provisions of this
22 subdivision (H) (4) shall submit an acceptable plan to meet
23 the educational needs of disadvantaged children, in
24 compliance with the requirements of this paragraph, to the
25 State Board of Education prior to July 15 of each year.
26 This plan shall be consistent with the decisions of local

1 school councils concerning the school expenditure plans
2 developed in accordance with part 4 of Section 34-2.3. The
3 State Board shall approve or reject the plan within 60 days
4 after its submission. If the plan is rejected, the district
5 shall give written notice of intent to modify the plan
6 within 15 days of the notification of rejection and then
7 submit a modified plan within 30 days after the date of the
8 written notice of intent to modify. Districts may amend
9 approved plans pursuant to rules promulgated by the State
10 Board of Education.

11 Upon notification by the State Board of Education that
12 the district has not submitted a plan prior to July 15 or a
13 modified plan within the time period specified herein, the
14 State aid funds affected by that plan or modified plan
15 shall be withheld by the State Board of Education until a
16 plan or modified plan is submitted.

17 If the district fails to distribute State aid to
18 attendance centers in accordance with an approved plan, the
19 plan for the following year shall allocate funds, in
20 addition to the funds otherwise required by this
21 subsection, to those attendance centers which were
22 underfunded during the previous year in amounts equal to
23 such underfunding.

24 For purposes of determining compliance with this
25 subsection in relation to the requirements of attendance
26 center funding, each district subject to the provisions of

1 this subsection shall submit as a separate document by
2 December 1 of each year a report of expenditure data for
3 the prior year in addition to any modification of its
4 current plan. If it is determined that there has been a
5 failure to comply with the expenditure provisions of this
6 subsection regarding contravention or supplanting, the
7 State Superintendent of Education shall, within 60 days of
8 receipt of the report, notify the district and any affected
9 local school council. The district shall within 45 days of
10 receipt of that notification inform the State
11 Superintendent of Education of the remedial or corrective
12 action to be taken, whether by amendment of the current
13 plan, if feasible, or by adjustment in the plan for the
14 following year. Failure to provide the expenditure report
15 or the notification of remedial or corrective action in a
16 timely manner shall result in a withholding of the affected
17 funds.

18 The State Board of Education shall promulgate rules and
19 regulations to implement the provisions of this
20 subsection. No funds shall be released under this
21 subdivision (H) (4) to any district that has not submitted a
22 plan that has been approved by the State Board of
23 Education.

24 (I) (Blank).

1 (J) (Blank).

2 (K) Grants to Laboratory and Alternative Schools.

3 In calculating the amount to be paid to the governing board
4 of a public university that operates a laboratory school under
5 this Section or to any alternative school that is operated by a
6 regional superintendent of schools, the State Board of
7 Education shall require by rule such reporting requirements as
8 it deems necessary.

9 As used in this Section, "laboratory school" means a public
10 school which is created and operated by a public university and
11 approved by the State Board of Education. The governing board
12 of a public university which receives funds from the State
13 Board under this subsection (K) may not increase the number of
14 students enrolled in its laboratory school from a single
15 district, if that district is already sending 50 or more
16 students, except under a mutual agreement between the school
17 board of a student's district of residence and the university
18 which operates the laboratory school. A laboratory school may
19 not have more than 1,000 students, excluding students with
20 disabilities in a special education program.

21 As used in this Section, "alternative school" means a
22 public school which is created and operated by a Regional
23 Superintendent of Schools and approved by the State Board of
24 Education. Such alternative schools may offer courses of
25 instruction for which credit is given in regular school

1 programs, courses to prepare students for the high school
2 equivalency testing program or vocational and occupational
3 training. A regional superintendent of schools may contract
4 with a school district or a public community college district
5 to operate an alternative school. An alternative school serving
6 more than one educational service region may be established by
7 the regional superintendents of schools of the affected
8 educational service regions. An alternative school serving
9 more than one educational service region may be operated under
10 such terms as the regional superintendents of schools of those
11 educational service regions may agree.

12 Each laboratory and alternative school shall file, on forms
13 provided by the State Superintendent of Education, an annual
14 State aid claim which states the Average Daily Attendance of
15 the school's students by month. The best 3 months' Average
16 Daily Attendance shall be computed for each school. The general
17 State aid entitlement shall be computed by multiplying the
18 applicable Average Daily Attendance by the Foundation Level as
19 determined under this Section.

20 (L) Payments, Additional Grants in Aid and Other Requirements.

21 (1) For a school district operating under the financial
22 supervision of an Authority created under Article 34A, the
23 general State aid otherwise payable to that district under this
24 Section, but not the supplemental general State aid, shall be
25 reduced by an amount equal to the budget for the operations of

1 the Authority as certified by the Authority to the State Board
2 of Education, and an amount equal to such reduction shall be
3 paid to the Authority created for such district for its
4 operating expenses in the manner provided in Section 18-11. The
5 remainder of general State school aid for any such district
6 shall be paid in accordance with Article 34A when that Article
7 provides for a disposition other than that provided by this
8 Article.

9 (2) (Blank).

10 (3) Summer school. Summer school payments shall be made as
11 provided in Section 18-4.3.

12 (M) Education Funding Advisory Board.

13 The Education Funding Advisory Board, hereinafter in this
14 subsection (M) referred to as the "Board", is hereby created.
15 The Board shall consist of 5 members who are appointed by the
16 Governor, by and with the advice and consent of the Senate. The
17 members appointed shall include representatives of education,
18 business, and the general public. One of the members so
19 appointed shall be designated by the Governor at the time the
20 appointment is made as the chairperson of the Board. The
21 initial members of the Board may be appointed any time after
22 the effective date of this amendatory Act of 1997. The regular
23 term of each member of the Board shall be for 4 years from the
24 third Monday of January of the year in which the term of the
25 member's appointment is to commence, except that of the 5

1 initial members appointed to serve on the Board, the member who
2 is appointed as the chairperson shall serve for a term that
3 commences on the date of his or her appointment and expires on
4 the third Monday of January, 2002, and the remaining 4 members,
5 by lots drawn at the first meeting of the Board that is held
6 after all 5 members are appointed, shall determine 2 of their
7 number to serve for terms that commence on the date of their
8 respective appointments and expire on the third Monday of
9 January, 2001, and 2 of their number to serve for terms that
10 commence on the date of their respective appointments and
11 expire on the third Monday of January, 2000. All members
12 appointed to serve on the Board shall serve until their
13 respective successors are appointed and confirmed. Vacancies
14 shall be filled in the same manner as original appointments. If
15 a vacancy in membership occurs at a time when the Senate is not
16 in session, the Governor shall make a temporary appointment
17 until the next meeting of the Senate, when he or she shall
18 appoint, by and with the advice and consent of the Senate, a
19 person to fill that membership for the unexpired term. If the
20 Senate is not in session when the initial appointments are
21 made, those appointments shall be made as in the case of
22 vacancies.

23 The Education Funding Advisory Board shall be deemed
24 established, and the initial members appointed by the Governor
25 to serve as members of the Board shall take office, on the date
26 that the Governor makes his or her appointment of the fifth

1 initial member of the Board, whether those initial members are
2 then serving pursuant to appointment and confirmation or
3 pursuant to temporary appointments that are made by the
4 Governor as in the case of vacancies.

5 The State Board of Education shall provide such staff
6 assistance to the Education Funding Advisory Board as is
7 reasonably required for the proper performance by the Board of
8 its responsibilities.

9 For school years after the 2000-2001 school year, the
10 Education Funding Advisory Board, in consultation with the
11 State Board of Education, shall make recommendations as
12 provided in this subsection (M) to the General Assembly for the
13 foundation level under subdivision (B)(3) of this Section and
14 for the supplemental general State aid grant level under
15 subsection (H) of this Section for districts with high
16 concentrations of children from poverty. The recommended
17 foundation level shall be determined based on a methodology
18 which incorporates the basic education expenditures of
19 low-spending schools exhibiting high academic performance. The
20 Education Funding Advisory Board shall make such
21 recommendations to the General Assembly on January 1 of odd
22 numbered years, beginning January 1, 2001.

23 (N) (Blank).

24 (O) References.

1 (1) References in other laws to the various subdivisions of
2 Section 18-8 as that Section existed before its repeal and
3 replacement by this Section 18-8.05 shall be deemed to refer to
4 the corresponding provisions of this Section 18-8.05, to the
5 extent that those references remain applicable.

6 (2) References in other laws to State Chapter 1 funds shall
7 be deemed to refer to the supplemental general State aid
8 provided under subsection (H) of this Section.

9 (P) Public Act 93-838 and Public Act 93-808 make inconsistent
10 changes to this Section. Under Section 6 of the Statute on
11 Statutes there is an irreconcilable conflict between Public Act
12 93-808 and Public Act 93-838. Public Act 93-838, being the last
13 acted upon, is controlling. The text of Public Act 93-838 is
14 the law regardless of the text of Public Act 93-808.

20 Section 95. No acceleration or delay. Where this Act makes
21 changes in a statute that is represented in this Act by text
22 that is not yet or no longer in effect (for example, a Section
23 represented by multiple versions), the use of that text does
24 not accelerate or delay the taking effect of (i) the changes

1 made by this Act or (ii) provisions derived from any other
2 Public Act.

3 Section 99. Effective date. This Act takes effect July 1,
4 2013.".
