1 AN ACT concerning education.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the
5 Illinois Virtual School Act.

6 Section 5. Policy and purposes. The General Assembly
7 hereby finds and declares that meeting the educational needs of
8 children in our State's schools is of the greatest importance
9 to the future welfare of this State; closing the achievement
10 gap between high-performing students, including the gap
11 between minority and non-minority students and between
12 economically disadvantaged students and their more advantaged
13 peers, is a significant and present challenge; and providing a
14 broader range of educational options to parents and utilizing
15 existing resources, along with technology, may help students in
16 our State improve their academic achievement. In recognition of
17 these needs, this Act creates the Illinois Virtual School, a
18 statewide virtual school, to ensure equitable access to rich
19 and varied learning opportunities for Illinois students, with
20 an emphasis on curricular areas needed to ensure that all
21 students can meet the Illinois Learning Standards and succeed
22 in higher education and the workplace; support schools in the
23 integration of online learning technology into their own

1 educational programs; and expand high-quality professional
2 development opportunities for Illinois teachers and other
3 educators.

4 The primary purposes of the Illinois Virtual School shall
5 be the following:

6 (1) to offer to all students in this State in grades
7 kindergarten through 12 rigorous online courses aligned to
8 State and national standards and taught by highly qualified
9 online instructors to supplement and complement the
10 educational opportunities available in the students'
11 current educational setting;

12 (2) to provide to schools in this State access to the
13 same online courses along with professional development
14 for the schools' faculty so that the local school may
15 provide online learning options taught by their own
16 faculty; and

17 (3) to provide online professional development
18 opportunities for Illinois teachers and other educators to
19 assist in meeting re-certification requirements.

20 Section 10. Creation and funding. There is hereby created
21 the Illinois Virtual School, a statewide virtual school to
22 serve Illinois students in kindergarten through grade 12 and
23 Illinois teachers and other educators, funded through an annual
24 State appropriation to meet the operation and capital needs of
25 the Illinois Virtual School. Fees may be charged to schools and

1 home-schooled families on a per enrollment basis to cover costs
2 directly associated with the offering of online courses and the
3 providing of online curriculum to Illinois schools. The
4 Illinois Virtual School may also charge fees for services
5 provided to students and schools outside of this State in order
6 to further support the services provided to Illinois students
7 and educators.

8 In order to be eligible for State appropriations, the
9 Illinois Virtual School shall submit to the State Board of
10 Education not later than the 1st day of October of each year
11 its budget proposal for the operation and capital needs of the
12 Illinois Virtual School for its next fiscal year.

13 Section 15. Accountability. The operations of the Illinois
14 Virtual School must be audited on an annual basis by the Office
15 of the Auditor General. The Illinois Virtual School shall
16 prepare an annual report to be submitted to the General
17 Assembly and the Governor regarding the Illinois Virtual
