

HB4703

98TH GENERAL ASSEMBLY

State of Illinois

2013 and 2014

HB4703

by Rep. Cynthia Soto

SYNOPSIS AS INTRODUCED:

305 ILCS 5/5-5

from Ch. 23, par. 5-5

Amends the Medical Assistance Article of the Illinois Public Aid Code. Provides that the Department of Healthcare and Family Services shall provide medical assistance coverage for human organ or tissue transplantation for legal immigrants who reside in the State. Permits the Department to adopt any rules necessary to implement this provision.

LRB098 19166 KTG 54318 b

FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning public aid.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Public Aid Code is amended by
5 changing Section 5-5 as follows:

6 (305 ILCS 5/5-5) (from Ch. 23, par. 5-5)

7 Sec. 5-5. Medical services. The Illinois Department, by
8 rule, shall determine the quantity and quality of and the rate
9 of reimbursement for the medical assistance for which payment
10 will be authorized, and the medical services to be provided,
11 which may include all or part of the following: (1) inpatient
12 hospital services; (2) outpatient hospital services; (3) other
13 laboratory and X-ray services; (4) skilled nursing home
14 services; (5) physicians' services whether furnished in the
15 office, the patient's home, a hospital, a skilled nursing home,
16 or elsewhere; (6) medical care, or any other type of remedial
17 care furnished by licensed practitioners; (7) home health care
18 services; (8) private duty nursing service; (9) clinic
19 services; (10) dental services, including prevention and
20 treatment of periodontal disease and dental caries disease for
21 pregnant women, provided by an individual licensed to practice
22 dentistry or dental surgery; for purposes of this item (10),
23 "dental services" means diagnostic, preventive, or corrective

1 procedures provided by or under the supervision of a dentist in
2 the practice of his or her profession; (11) physical therapy
3 and related services; (12) prescribed drugs, dentures, and
4 prosthetic devices; and eyeglasses prescribed by a physician
5 skilled in the diseases of the eye, or by an optometrist,
6 whichever the person may select; (13) other diagnostic,
7 screening, preventive, and rehabilitative services, including
8 to ensure that the individual's need for intervention or
9 treatment of mental disorders or substance use disorders or
10 co-occurring mental health and substance use disorders is
11 determined using a uniform screening, assessment, and
12 evaluation process inclusive of criteria, for children and
13 adults; for purposes of this item (13), a uniform screening,
14 assessment, and evaluation process refers to a process that
15 includes an appropriate evaluation and, as warranted, a
16 referral; "uniform" does not mean the use of a singular
17 instrument, tool, or process that all must utilize; (14)
18 transportation and such other expenses as may be necessary;
19 (15) medical treatment of sexual assault survivors, as defined
20 in Section 1a of the Sexual Assault Survivors Emergency
21 Treatment Act, for injuries sustained as a result of the sexual
22 assault, including examinations and laboratory tests to
23 discover evidence which may be used in criminal proceedings
24 arising from the sexual assault; (16) the diagnosis and
25 treatment of sickle cell anemia; and (17) any other medical
26 care, and any other type of remedial care recognized under the

1 laws of this State, but not including abortions, or induced
2 miscarriages or premature births, unless, in the opinion of a
3 physician, such procedures are necessary for the preservation
4 of the life of the woman seeking such treatment, or except an
5 induced premature birth intended to produce a live viable child
6 and such procedure is necessary for the health of the mother or
7 her unborn child. The Illinois Department, by rule, shall
8 prohibit any physician from providing medical assistance to
9 anyone eligible therefor under this Code where such physician
10 has been found guilty of performing an abortion procedure in a
11 wilful and wanton manner upon a woman who was not pregnant at
12 the time such abortion procedure was performed. The term "any
13 other type of remedial care" shall include nursing care and
14 nursing home service for persons who rely on treatment by
15 spiritual means alone through prayer for healing.

16 Notwithstanding any other provision of this Section, a
17 comprehensive tobacco use cessation program that includes
18 purchasing prescription drugs or prescription medical devices
19 approved by the Food and Drug Administration shall be covered
20 under the medical assistance program under this Article for
21 persons who are otherwise eligible for assistance under this
22 Article.

23 Notwithstanding any other provision of this Code, the
24 Illinois Department may not require, as a condition of payment
25 for any laboratory test authorized under this Article, that a
26 physician's handwritten signature appear on the laboratory

1 test order form. The Illinois Department may, however, impose
2 other appropriate requirements regarding laboratory test order
3 documentation.

4 Notwithstanding any other provision of this Code, the
5 Department shall provide medical assistance coverage for human
6 organ or tissue transplantation for legal immigrants who reside
7 in this State. The Department may adopt any rules necessary to
8 implement this provision.

9 On and after July 1, 2012, the Department of Healthcare and
10 Family Services may provide the following services to persons
11 eligible for assistance under this Article who are
12 participating in education, training or employment programs
13 operated by the Department of Human Services as successor to
14 the Department of Public Aid:

15 (1) dental services provided by or under the
16 supervision of a dentist; and

17 (2) eyeglasses prescribed by a physician skilled in the
18 diseases of the eye, or by an optometrist, whichever the
19 person may select.

20 Notwithstanding any other provision of this Code and
21 subject to federal approval, the Department may adopt rules to
22 allow a dentist who is volunteering his or her service at no
23 cost to render dental services through an enrolled
24 not-for-profit health clinic without the dentist personally
25 enrolling as a participating provider in the medical assistance
26 program. A not-for-profit health clinic shall include a public

1 health clinic or Federally Qualified Health Center or other
2 enrolled provider, as determined by the Department, through
3 which dental services covered under this Section are performed.
4 The Department shall establish a process for payment of claims
5 for reimbursement for covered dental services rendered under
6 this provision.

7 The Illinois Department, by rule, may distinguish and
8 classify the medical services to be provided only in accordance
9 with the classes of persons designated in Section 5-2.

10 The Department of Healthcare and Family Services must
11 provide coverage and reimbursement for amino acid-based
12 elemental formulas, regardless of delivery method, for the
13 diagnosis and treatment of (i) eosinophilic disorders and (ii)
14 short bowel syndrome when the prescribing physician has issued
15 a written order stating that the amino acid-based elemental
16 formula is medically necessary.

17 The Illinois Department shall authorize the provision of,
18 and shall authorize payment for, screening by low-dose
19 mammography for the presence of occult breast cancer for women
20 35 years of age or older who are eligible for medical
21 assistance under this Article, as follows:

22 (A) A baseline mammogram for women 35 to 39 years of
23 age.

24 (B) An annual mammogram for women 40 years of age or
25 older.

26 (C) A mammogram at the age and intervals considered

1 medically necessary by the woman's health care provider for
2 women under 40 years of age and having a family history of
3 breast cancer, prior personal history of breast cancer,
4 positive genetic testing, or other risk factors.

5 (D) A comprehensive ultrasound screening of an entire
6 breast or breasts if a mammogram demonstrates
7 heterogeneous or dense breast tissue, when medically
8 necessary as determined by a physician licensed to practice
9 medicine in all of its branches.

10 All screenings shall include a physical breast exam,
11 instruction on self-examination and information regarding the
12 frequency of self-examination and its value as a preventative
13 tool. For purposes of this Section, "low-dose mammography"
14 means the x-ray examination of the breast using equipment
15 dedicated specifically for mammography, including the x-ray
16 tube, filter, compression device, and image receptor, with an
17 average radiation exposure delivery of less than one rad per
18 breast for 2 views of an average size breast. The term also
19 includes digital mammography.

20 On and after January 1, 2012, providers participating in a
21 quality improvement program approved by the Department shall be
22 reimbursed for screening and diagnostic mammography at the same
23 rate as the Medicare program's rates, including the increased
24 reimbursement for digital mammography.

25 The Department shall convene an expert panel including
26 representatives of hospitals, free-standing mammography

1 facilities, and doctors, including radiologists, to establish
2 quality standards.

3 Subject to federal approval, the Department shall
4 establish a rate methodology for mammography at federally
5 qualified health centers and other encounter-rate clinics.
6 These clinics or centers may also collaborate with other
7 hospital-based mammography facilities.

8 The Department shall establish a methodology to remind
9 women who are age-appropriate for screening mammography, but
10 who have not received a mammogram within the previous 18
11 months, of the importance and benefit of screening mammography.

12 The Department shall establish a performance goal for
13 primary care providers with respect to their female patients
14 over age 40 receiving an annual mammogram. This performance
15 goal shall be used to provide additional reimbursement in the
16 form of a quality performance bonus to primary care providers
17 who meet that goal.

18 The Department shall devise a means of case-managing or
19 patient navigation for beneficiaries diagnosed with breast
20 cancer. This program shall initially operate as a pilot program
21 in areas of the State with the highest incidence of mortality
22 related to breast cancer. At least one pilot program site shall
23 be in the metropolitan Chicago area and at least one site shall
24 be outside the metropolitan Chicago area. An evaluation of the
25 pilot program shall be carried out measuring health outcomes
26 and cost of care for those served by the pilot program compared

1 to similarly situated patients who are not served by the pilot
2 program.

3 Any medical or health care provider shall immediately
4 recommend, to any pregnant woman who is being provided prenatal
5 services and is suspected of drug abuse or is addicted as
6 defined in the Alcoholism and Other Drug Abuse and Dependency
7 Act, referral to a local substance abuse treatment provider
8 licensed by the Department of Human Services or to a licensed
9 hospital which provides substance abuse treatment services.
10 The Department of Healthcare and Family Services shall assure
11 coverage for the cost of treatment of the drug abuse or
12 addiction for pregnant recipients in accordance with the
13 Illinois Medicaid Program in conjunction with the Department of
14 Human Services.

15 All medical providers providing medical assistance to
16 pregnant women under this Code shall receive information from
17 the Department on the availability of services under the Drug
18 Free Families with a Future or any comparable program providing
19 case management services for addicted women, including
20 information on appropriate referrals for other social services
21 that may be needed by addicted women in addition to treatment
22 for addiction.

23 The Illinois Department, in cooperation with the
24 Departments of Human Services (as successor to the Department
25 of Alcoholism and Substance Abuse) and Public Health, through a
26 public awareness campaign, may provide information concerning

1 treatment for alcoholism and drug abuse and addiction, prenatal
2 health care, and other pertinent programs directed at reducing
3 the number of drug-affected infants born to recipients of
4 medical assistance.

5 Neither the Department of Healthcare and Family Services
6 nor the Department of Human Services shall sanction the
7 recipient solely on the basis of her substance abuse.

8 The Illinois Department shall establish such regulations
9 governing the dispensing of health services under this Article
10 as it shall deem appropriate. The Department should seek the
11 advice of formal professional advisory committees appointed by
12 the Director of the Illinois Department for the purpose of
13 providing regular advice on policy and administrative matters,
14 information dissemination and educational activities for
15 medical and health care providers, and consistency in
16 procedures to the Illinois Department.

17 The Illinois Department may develop and contract with
18 Partnerships of medical providers to arrange medical services
19 for persons eligible under Section 5-2 of this Code.
20 Implementation of this Section may be by demonstration projects
21 in certain geographic areas. The Partnership shall be
22 represented by a sponsor organization. The Department, by rule,
23 shall develop qualifications for sponsors of Partnerships.
24 Nothing in this Section shall be construed to require that the
25 sponsor organization be a medical organization.

26 The sponsor must negotiate formal written contracts with

1 medical providers for physician services, inpatient and
2 outpatient hospital care, home health services, treatment for
3 alcoholism and substance abuse, and other services determined
4 necessary by the Illinois Department by rule for delivery by
5 Partnerships. Physician services must include prenatal and
6 obstetrical care. The Illinois Department shall reimburse
7 medical services delivered by Partnership providers to clients
8 in target areas according to provisions of this Article and the
9 Illinois Health Finance Reform Act, except that:

10 (1) Physicians participating in a Partnership and
11 providing certain services, which shall be determined by
12 the Illinois Department, to persons in areas covered by the
13 Partnership may receive an additional surcharge for such
14 services.

15 (2) The Department may elect to consider and negotiate
16 financial incentives to encourage the development of
17 Partnerships and the efficient delivery of medical care.

18 (3) Persons receiving medical services through
19 Partnerships may receive medical and case management
20 services above the level usually offered through the
21 medical assistance program.

22 Medical providers shall be required to meet certain
23 qualifications to participate in Partnerships to ensure the
24 delivery of high quality medical services. These
25 qualifications shall be determined by rule of the Illinois
26 Department and may be higher than qualifications for

1 participation in the medical assistance program. Partnership
2 sponsors may prescribe reasonable additional qualifications
3 for participation by medical providers, only with the prior
4 written approval of the Illinois Department.

5 Nothing in this Section shall limit the free choice of
6 practitioners, hospitals, and other providers of medical
7 services by clients. In order to ensure patient freedom of
8 choice, the Illinois Department shall immediately promulgate
9 all rules and take all other necessary actions so that provided
10 services may be accessed from therapeutically certified
11 optometrists to the full extent of the Illinois Optometric
12 Practice Act of 1987 without discriminating between service
13 providers.

14 The Department shall apply for a waiver from the United
15 States Health Care Financing Administration to allow for the
16 implementation of Partnerships under this Section.

17 The Illinois Department shall require health care
18 providers to maintain records that document the medical care
19 and services provided to recipients of Medical Assistance under
20 this Article. Such records must be retained for a period of not
21 less than 6 years from the date of service or as provided by
22 applicable State law, whichever period is longer, except that
23 if an audit is initiated within the required retention period
24 then the records must be retained until the audit is completed
25 and every exception is resolved. The Illinois Department shall
26 require health care providers to make available, when

1 authorized by the patient, in writing, the medical records in a
2 timely fashion to other health care providers who are treating
3 or serving persons eligible for Medical Assistance under this
4 Article. All dispensers of medical services shall be required
5 to maintain and retain business and professional records
6 sufficient to fully and accurately document the nature, scope,
7 details and receipt of the health care provided to persons
8 eligible for medical assistance under this Code, in accordance
9 with regulations promulgated by the Illinois Department. The
10 rules and regulations shall require that proof of the receipt
11 of prescription drugs, dentures, prosthetic devices and
12 eyeglasses by eligible persons under this Section accompany
13 each claim for reimbursement submitted by the dispenser of such
14 medical services. No such claims for reimbursement shall be
15 approved for payment by the Illinois Department without such
16 proof of receipt, unless the Illinois Department shall have put
17 into effect and shall be operating a system of post-payment
18 audit and review which shall, on a sampling basis, be deemed
19 adequate by the Illinois Department to assure that such drugs,
20 dentures, prosthetic devices and eyeglasses for which payment
21 is being made are actually being received by eligible
22 recipients. Within 90 days after the effective date of this
23 amendatory Act of 1984, the Illinois Department shall establish
24 a current list of acquisition costs for all prosthetic devices
25 and any other items recognized as medical equipment and
26 supplies reimbursable under this Article and shall update such

1 list on a quarterly basis, except that the acquisition costs of
2 all prescription drugs shall be updated no less frequently than
3 every 30 days as required by Section 5-5.12.

4 The rules and regulations of the Illinois Department shall
5 require that a written statement including the required opinion
6 of a physician shall accompany any claim for reimbursement for
7 abortions, or induced miscarriages or premature births. This
8 statement shall indicate what procedures were used in providing
9 such medical services.

10 Notwithstanding any other law to the contrary, the Illinois
11 Department shall, within 365 days after July 22, 2013 (the
12 effective date of Public Act 98-104) ~~this amendatory Act of the~~
13 ~~98th General Assembly~~, establish procedures to permit skilled
14 care facilities licensed under the Nursing Home Care Act to
15 submit monthly billing claims for reimbursement purposes.
16 Following development of these procedures, the Department
17 shall have an additional 365 days to test the viability of the
18 new system and to ensure that any necessary operational or
19 structural changes to its information technology platforms are
20 implemented.

21 The Illinois Department shall require all dispensers of
22 medical services, other than an individual practitioner or
23 group of practitioners, desiring to participate in the Medical
24 Assistance program established under this Article to disclose
25 all financial, beneficial, ownership, equity, surety or other
26 interests in any and all firms, corporations, partnerships,

1 associations, business enterprises, joint ventures, agencies,
2 institutions or other legal entities providing any form of
3 health care services in this State under this Article.

4 The Illinois Department may require that all dispensers of
5 medical services desiring to participate in the medical
6 assistance program established under this Article disclose,
7 under such terms and conditions as the Illinois Department may
8 by rule establish, all inquiries from clients and attorneys
9 regarding medical bills paid by the Illinois Department, which
10 inquiries could indicate potential existence of claims or liens
11 for the Illinois Department.

12 Enrollment of a vendor shall be subject to a provisional
13 period and shall be conditional for one year. During the period
14 of conditional enrollment, the Department may terminate the
15 vendor's eligibility to participate in, or may disenroll the
16 vendor from, the medical assistance program without cause.
17 Unless otherwise specified, such termination of eligibility or
18 disenrollment is not subject to the Department's hearing
19 process. However, a disenrolled vendor may reapply without
20 penalty.

21 The Department has the discretion to limit the conditional
22 enrollment period for vendors based upon category of risk of
23 the vendor.

24 Prior to enrollment and during the conditional enrollment
25 period in the medical assistance program, all vendors shall be
26 subject to enhanced oversight, screening, and review based on

1 the risk of fraud, waste, and abuse that is posed by the
2 category of risk of the vendor. The Illinois Department shall
3 establish the procedures for oversight, screening, and review,
4 which may include, but need not be limited to: criminal and
5 financial background checks; fingerprinting; license,
6 certification, and authorization verifications; unscheduled or
7 unannounced site visits; database checks; prepayment audit
8 reviews; audits; payment caps; payment suspensions; and other
9 screening as required by federal or State law.

10 The Department shall define or specify the following: (i)
11 by provider notice, the "category of risk of the vendor" for
12 each type of vendor, which shall take into account the level of
13 screening applicable to a particular category of vendor under
14 federal law and regulations; (ii) by rule or provider notice,
15 the maximum length of the conditional enrollment period for
16 each category of risk of the vendor; and (iii) by rule, the
17 hearing rights, if any, afforded to a vendor in each category
18 of risk of the vendor that is terminated or disenrolled during
19 the conditional enrollment period.

20 To be eligible for payment consideration, a vendor's
21 payment claim or bill, either as an initial claim or as a
22 resubmitted claim following prior rejection, must be received
23 by the Illinois Department, or its fiscal intermediary, no
24 later than 180 days after the latest date on the claim on which
25 medical goods or services were provided, with the following
26 exceptions:

1 (1) In the case of a provider whose enrollment is in
2 process by the Illinois Department, the 180-day period
3 shall not begin until the date on the written notice from
4 the Illinois Department that the provider enrollment is
5 complete.

6 (2) In the case of errors attributable to the Illinois
7 Department or any of its claims processing intermediaries
8 which result in an inability to receive, process, or
9 adjudicate a claim, the 180-day period shall not begin
10 until the provider has been notified of the error.

11 (3) In the case of a provider for whom the Illinois
12 Department initiates the monthly billing process.

13 (4) In the case of a provider operated by a unit of
14 local government with a population exceeding 3,000,000
15 when local government funds finance federal participation
16 for claims payments.

17 For claims for services rendered during a period for which
18 a recipient received retroactive eligibility, claims must be
19 filed within 180 days after the Department determines the
20 applicant is eligible. For claims for which the Illinois
21 Department is not the primary payer, claims must be submitted
22 to the Illinois Department within 180 days after the final
23 adjudication by the primary payer.

24 In the case of long term care facilities, admission
25 documents shall be submitted within 30 days of an admission to
26 the facility through the Medical Electronic Data Interchange

1 (MEDI) or the Recipient Eligibility Verification (REV) System,
2 or shall be submitted directly to the Department of Human
3 Services using required admission forms. Confirmation numbers
4 assigned to an accepted transaction shall be retained by a
5 facility to verify timely submittal. Once an admission
6 transaction has been completed, all resubmitted claims
7 following prior rejection are subject to receipt no later than
8 180 days after the admission transaction has been completed.

9 Claims that are not submitted and received in compliance
10 with the foregoing requirements shall not be eligible for
11 payment under the medical assistance program, and the State
12 shall have no liability for payment of those claims.

13 To the extent consistent with applicable information and
14 privacy, security, and disclosure laws, State and federal
15 agencies and departments shall provide the Illinois Department
16 access to confidential and other information and data necessary
17 to perform eligibility and payment verifications and other
18 Illinois Department functions. This includes, but is not
19 limited to: information pertaining to licensure;
20 certification; earnings; immigration status; citizenship; wage
21 reporting; unearned and earned income; pension income;
22 employment; supplemental security income; social security
23 numbers; National Provider Identifier (NPI) numbers; the
24 National Practitioner Data Bank (NPDB); program and agency
25 exclusions; taxpayer identification numbers; tax delinquency;
26 corporate information; and death records.

1 The Illinois Department shall enter into agreements with
2 State agencies and departments, and is authorized to enter into
3 agreements with federal agencies and departments, under which
4 such agencies and departments shall share data necessary for
5 medical assistance program integrity functions and oversight.
6 The Illinois Department shall develop, in cooperation with
7 other State departments and agencies, and in compliance with
8 applicable federal laws and regulations, appropriate and
9 effective methods to share such data. At a minimum, and to the
10 extent necessary to provide data sharing, the Illinois
11 Department shall enter into agreements with State agencies and
12 departments, and is authorized to enter into agreements with
13 federal agencies and departments, including but not limited to:
14 the Secretary of State; the Department of Revenue; the
15 Department of Public Health; the Department of Human Services;
16 and the Department of Financial and Professional Regulation.

17 Beginning in fiscal year 2013, the Illinois Department
18 shall set forth a request for information to identify the
19 benefits of a pre-payment, post-adjudication, and post-edit
20 claims system with the goals of streamlining claims processing
21 and provider reimbursement, reducing the number of pending or
22 rejected claims, and helping to ensure a more transparent
23 adjudication process through the utilization of: (i) provider
24 data verification and provider screening technology; and (ii)
25 clinical code editing; and (iii) pre-pay, pre- or
26 post-adjudicated predictive modeling with an integrated case

1 management system with link analysis. Such a request for
2 information shall not be considered as a request for proposal
3 or as an obligation on the part of the Illinois Department to
4 take any action or acquire any products or services.

5 The Illinois Department shall establish policies,
6 procedures, standards and criteria by rule for the acquisition,
7 repair and replacement of orthotic and prosthetic devices and
8 durable medical equipment. Such rules shall provide, but not be
9 limited to, the following services: (1) immediate repair or
10 replacement of such devices by recipients; and (2) rental,
11 lease, purchase or lease-purchase of durable medical equipment
12 in a cost-effective manner, taking into consideration the
13 recipient's medical prognosis, the extent of the recipient's
14 needs, and the requirements and costs for maintaining such
15 equipment. Subject to prior approval, such rules shall enable a
16 recipient to temporarily acquire and use alternative or
17 substitute devices or equipment pending repairs or
18 replacements of any device or equipment previously authorized
19 for such recipient by the Department.

20 The Department shall execute, relative to the nursing home
21 prescreening project, written inter-agency agreements with the
22 Department of Human Services and the Department on Aging, to
23 effect the following: (i) intake procedures and common
24 eligibility criteria for those persons who are receiving
25 non-institutional services; and (ii) the establishment and
26 development of non-institutional services in areas of the State

1 where they are not currently available or are undeveloped; and
2 (iii) notwithstanding any other provision of law, subject to
3 federal approval, on and after July 1, 2012, an increase in the
4 determination of need (DON) scores from 29 to 37 for applicants
5 for institutional and home and community-based long term care;
6 if and only if federal approval is not granted, the Department
7 may, in conjunction with other affected agencies, implement
8 utilization controls or changes in benefit packages to
9 effectuate a similar savings amount for this population; and
10 (iv) no later than July 1, 2013, minimum level of care
11 eligibility criteria for institutional and home and
12 community-based long term care; and (v) no later than October
13 1, 2013, establish procedures to permit long term care
14 providers access to eligibility scores for individuals with an
15 admission date who are seeking or receiving services from the
16 long term care provider. In order to select the minimum level
17 of care eligibility criteria, the Governor shall establish a
18 workgroup that includes affected agency representatives and
19 stakeholders representing the institutional and home and
20 community-based long term care interests. This Section shall
21 not restrict the Department from implementing lower level of
22 care eligibility criteria for community-based services in
23 circumstances where federal approval has been granted.

24 The Illinois Department shall develop and operate, in
25 cooperation with other State Departments and agencies and in
26 compliance with applicable federal laws and regulations,

1 appropriate and effective systems of health care evaluation and
2 programs for monitoring of utilization of health care services
3 and facilities, as it affects persons eligible for medical
4 assistance under this Code.

5 The Illinois Department shall report annually to the
6 General Assembly, no later than the second Friday in April of
7 1979 and each year thereafter, in regard to:

8 (a) actual statistics and trends in utilization of
9 medical services by public aid recipients;

10 (b) actual statistics and trends in the provision of
11 the various medical services by medical vendors;

12 (c) current rate structures and proposed changes in
13 those rate structures for the various medical vendors; and

14 (d) efforts at utilization review and control by the
15 Illinois Department.

16 The period covered by each report shall be the 3 years
17 ending on the June 30 prior to the report. The report shall
18 include suggested legislation for consideration by the General
19 Assembly. The filing of one copy of the report with the
20 Speaker, one copy with the Minority Leader and one copy with
21 the Clerk of the House of Representatives, one copy with the
22 President, one copy with the Minority Leader and one copy with
23 the Secretary of the Senate, one copy with the Legislative
24 Research Unit, and such additional copies with the State
25 Government Report Distribution Center for the General Assembly
26 as is required under paragraph (t) of Section 7 of the State

1 Library Act shall be deemed sufficient to comply with this
2 Section.

3 Rulemaking authority to implement Public Act 95-1045, if
4 any, is conditioned on the rules being adopted in accordance
5 with all provisions of the Illinois Administrative Procedure
6 Act and all rules and procedures of the Joint Committee on
7 Administrative Rules; any purported rule not so adopted, for
8 whatever reason, is unauthorized.

9 On and after July 1, 2012, the Department shall reduce any
10 rate of reimbursement for services or other payments or alter
11 any methodologies authorized by this Code to reduce any rate of
12 reimbursement for services or other payments in accordance with
13 Section 5-5e.
