A BILL FOR

1 AN ACT concerning State government.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Governor's Office of Management and Budget
5 Act is amended by adding Section 2.8 as follows:

6 (20 ILCS 3005/2.8 new)

7 Sec. 2.8. Office of Lean Enterprise.

8 (a) As used in this Section, "lean" means a
9 business-oriented system for organizing and managing product
10 development, operations, suppliers, and customer relations to
11 create precise customer value, expressed as providing goods and
12 services with higher quality and fewer defects and errors and
13 with less human effort, less space, less capital, and less time
14 than more traditional systems.

15 (b) The Office of Lean Enterprise is hereby created within
16 the Governor's Office of Management and Budget. The function of
17 the Office of Lean Enterprise is to ensure implementation of
18 lean tools and enterprises as a component of a performance
19 management system for all executive branch agencies. Staffing
20 for the Office of Lean Enterprise shall be provided by an
21 administrator appointed by the Director of the Governor's
22 Office of Management and Budget.

23 (c) The duties of the Office of Lean Enterprise may

1 include, but are not limited to, the following:

2 (1) Create strategic and tactical approaches for lean
3 implementation, including integration into State
4 governance and operational systems.

5 (2) Lead and develop State government's capacity to
6 implement lean tools and enterprises, including design and
7 development of instructional materials as needed with the
8 goal of integrating continuous improvement into the
9 organizational culture.

10 (3) Create demand for lean tools and enterprises in
11 departments.

12 (4) Communicate with agency directors, boards,
13 commissions, and senior management to create interest and
14 organizational will to implement lean tools and
15 enterprises to improve agency results.

16 (5) Provide direction and advice to department heads
17 and senior management to plan and implement departmental
18 lean programs.

19 (6) Direct and review plans for leadership and assist
20 with the selection of process improvement projects of key
21 importance to agency goals, programs, and missions.

22 (7) Identify and assist departments in identifying
23 potential lean projects.

24 (8) Continuously evaluate organizational performance
25 in meeting objectives, identify and structure the
26 direction the lean implementation should take to provide

1 greatest effectiveness, and justify critical and
2 far-reaching changes.

3 (9) Lead the collection and reporting of data and
4 learning related to lean accomplishments.

5 (10) Widely disseminate lean results and learning to
6 Illinois residents, stakeholders, and other members of the
7 public to demonstrate the benefits and return on
8 investment.

9 (11) Evaluate the effect of unforeseen developments on
10 plans and programs and present to agency directors, boards,
11 commissions, and senior management suggested changes in
12 overall direction.

13 (12) Provide input related to proposals regarding new
14 or revised legislation, rules, and related changes which
15 have a direct impact over the implementation.

16 (13) Lead the development of alliances and
17 partnerships with the business community, associations,
18 consultants, and other stakeholders to enhance external
19 support and advance the implementation of lean tools and
20 enterprises in state government.

21 (14) Lead relations with the General Assembly and staff
22 to build support for and understanding of lean work in
23 State government.

24 Section 99. Effective date. This Act takes effect upon
25 becoming law.
