

Sen. David Koehler

Filed: 5/30/2013

09800SB0740sam001

LRB098 04974 KTG 46709 a

1 AMENDMENT TO SENATE BILL 740

2 AMENDMENT NO. _____. Amend Senate Bill 740 by replacing
3 everything after the enacting clause with the following:

4 "Section 5. If and only if Senate Bill 26 of the 98th
5 General Assembly becomes law, then the Illinois Public Aid Code
6 is amended by changing Section 5-30 as follows:

7 (305 ILCS 5/5-30)

8 Sec. 5-30. Care coordination.

9 (a) At least 50% of recipients eligible for comprehensive
10 medical benefits in all medical assistance programs or other
11 health benefit programs administered by the Department,
12 including the Children's Health Insurance Program Act and the
13 Covering ALL KIDS Health Insurance Act, shall be enrolled in a
14 care coordination program by no later than January 1, 2015. For
15 purposes of this Section, "coordinated care" or "care
16 coordination" means delivery systems where recipients will

1 receive their care from providers who participate under
2 contract in integrated delivery systems that are responsible
3 for providing or arranging the majority of care, including
4 primary care physician services, referrals from primary care
5 physicians, diagnostic and treatment services, behavioral
6 health services, in-patient and outpatient hospital services,
7 dental services, and rehabilitation and long-term care
8 services. The Department shall designate or contract for such
9 integrated delivery systems (i) to ensure enrollees have a
10 choice of systems and of primary care providers within such
11 systems; (ii) to ensure that enrollees receive quality care in
12 a culturally and linguistically appropriate manner; and (iii)
13 to ensure that coordinated care programs meet the diverse needs
14 of enrollees with developmental, mental health, physical, and
15 age-related disabilities.

16 (b) Payment for such coordinated care shall be based on
17 arrangements where the State pays for performance related to
18 health care outcomes, the use of evidence-based practices, the
19 use of primary care delivered through comprehensive medical
20 homes, the use of electronic medical records, and the
21 appropriate exchange of health information electronically made
22 either on a capitated basis in which a fixed monthly premium
23 per recipient is paid and full financial risk is assumed for
24 the delivery of services, or through other risk-based payment
25 arrangements.

26 (c) To qualify for compliance with this Section, the 50%

1 goal shall be achieved by enrolling medical assistance
2 enrollees from each medical assistance enrollment category,
3 including parents, children, seniors, and people with
4 disabilities to the extent that current State Medicaid payment
5 laws would not limit federal matching funds for recipients in
6 care coordination programs. In addition, services must be more
7 comprehensively defined and more risk shall be assumed than in
8 the Department's primary care case management program as of the
9 effective date of this amendatory Act of the 96th General
10 Assembly.

11 (d) The Department shall report to the General Assembly in
12 a separate part of its annual medical assistance program
13 report, beginning April, 2012 until April, 2016, on the
14 progress and implementation of the care coordination program
15 initiatives established by the provisions of this amendatory
16 Act of the 96th General Assembly. The Department shall include
17 in its April 2011 report a full analysis of federal laws or
18 regulations regarding upper payment limitations to providers
19 and the necessary revisions or adjustments in rate
20 methodologies and payments to providers under this Code that
21 would be necessary to implement coordinated care with full
22 financial risk by a party other than the Department.

23 (e) Integrated Care Program for individuals with chronic
24 mental health conditions.

25 (1) The Integrated Care Program shall encompass
26 services administered to recipients of medical assistance

1 under this Article to prevent exacerbations and
2 complications using cost-effective, evidence-based
3 practice guidelines and mental health management
4 strategies.

5 (2) The Department may utilize and expand upon existing
6 contractual arrangements with integrated care plans under
7 the Integrated Care Program for providing the coordinated
8 care provisions of this Section.

9 (3) Payment for such coordinated care shall be based on
10 arrangements where the State pays for performance related
11 to mental health outcomes on a capitated basis in which a
12 fixed monthly premium per recipient is paid and full
13 financial risk is assumed for the delivery of services, or
14 through other risk-based payment arrangements such as
15 provider-based care coordination.

16 (4) The Department shall examine whether chronic
17 mental health management programs and services for
18 recipients with specific chronic mental health conditions
19 do any or all of the following:

20 (A) Improve the patient's overall mental health in
21 a more expeditious and cost-effective manner.

22 (B) Lower costs in other aspects of the medical
23 assistance program, such as hospital admissions,
24 emergency room visits, or more frequent and
25 inappropriate psychotropic drug use.

26 (5) The Department shall work with the facilities and

1 any integrated care plan participating in the program to
2 identify and correct barriers to the successful
3 implementation of this subsection (e) prior to and during
4 the implementation to best facilitate the goals and
5 objectives of this subsection (e).

6 (f) A hospital that is located in a county of the State in
7 which the Department mandates some or all of the beneficiaries
8 of the Medical Assistance Program residing in the county to
9 enroll in a Care Coordination Program, as set forth in Section
10 5-30 of this Code, shall not be eligible for any non-claims
11 based payments not mandated by Article V-A of this Code for
12 which it would otherwise be qualified to receive, unless the
13 hospital is a Coordinated Care Participating Hospital no later
14 than 60 days after the effective date of this amendatory Act of
15 the 97th General Assembly or 60 days after the first mandatory
16 enrollment of a beneficiary in a Coordinated Care program. For
17 purposes of this subsection, "Coordinated Care Participating
18 Hospital" means a hospital that meets one of the following
19 criteria:

20 (1) The hospital has entered into a contract to provide
21 hospital services to enrollees of the care coordination
22 program.

23 (2) The hospital has not been offered a contract by a
24 care coordination plan that pays at least as much as the
25 Department would pay, on a fee-for-service basis, not
26 including disproportionate share hospital adjustment

1 payments or any other supplemental adjustment or add-on
2 payment to the base fee-for-service rate.

3 (g) No later than August 1, 2013, the Department shall
4 issue a purchase of care solicitation for Accountable Care
5 Entities (ACE) to serve any children and parents or caretaker
6 relatives of children eligible for medical assistance under
7 this Article. An ACE may be a single corporate structure or a
8 network of providers organized through contractual
9 relationships with a single corporate entity. The solicitation
10 shall require that:

11 (1) An ACE operating in Cook County be capable of
12 serving at least 40,000 eligible individuals in that
13 county; an ACE operating in Lake, Kane, DuPage, or Will
14 Counties be capable of serving at least 20,000 eligible
15 individuals in those counties and an ACE operating in other
16 regions of the State be capable of serving at least 10,000
17 eligible individuals in the region in which it operates.
18 During initial periods of mandatory enrollment, the
19 Department shall require its enrollment services
20 contractor to use a default assignment algorithm that
21 ensures if possible an ACE reaches the minimum enrollment
22 levels set forth in this paragraph.

23 (2) An ACE must include at a minimum the following
24 types of providers: primary care, specialty care,
25 hospitals, and behavioral healthcare.

26 (3) An ACE shall have a governance structure that

1 includes the major components of the health care delivery
2 system, including one representative from each of the
3 groups listed in paragraph (2).

4 (4) An ACE must be an integrated delivery system,
5 including a network able to provide the full range of
6 services needed by Medicaid beneficiaries and system
7 capacity to securely pass clinical information across
8 participating entities and to aggregate and analyze that
9 data in order to coordinate care.

10 (5) An ACE must be capable of providing both care
11 coordination and complex case management, as necessary, to
12 beneficiaries. To be responsive to the solicitation, a
13 potential ACE must outline its care coordination and
14 complex case management model and plan to reduce the cost
15 of care.

16 (6) In the first 18 months of operation, unless the ACE
17 selects a shorter period, an ACE shall be paid care
18 coordination fees on a per member per month basis that are
19 projected to be cost neutral to the State during the term
20 of their payment and, subject to federal approval, be
21 eligible to share in additional savings generated by their
22 care coordination.

23 (7) In months 19 through 36 of operation, unless the
24 ACE selects a shorter period, an ACE shall be paid on a
25 pre-paid capitation basis for all medical assistance
26 covered services, under contract terms similar to Managed

1 Care Organizations (MCO), with the Department sharing the
2 risk through either stop-loss insurance for extremely high
3 cost individuals or corridors of shared risk based on the
4 overall cost of the total enrollment in the ACE. The ACE
5 shall be responsible for claims processing, encounter data
6 submission, utilization control, and quality assurance.

7 (8) In the fourth and subsequent years of operation, an
8 ACE shall convert to a Managed Care Community Network
9 (MCCN), as defined in this Article, or Health Maintenance
10 Organization pursuant to the Illinois Insurance Code,
11 accepting full-risk capitation payments.

12 The Department shall allow potential ACE entities 5 months
13 from the date of the posting of the solicitation to submit
14 proposals. After the solicitation is released, in addition to
15 the MCO rate development data available on the Department's
16 website, subject to federal and State confidentiality and
17 privacy laws and regulations, the Department shall provide 2
18 years of de-identified summary service data on the targeted
19 population, split between children and adults, showing the
20 historical type and volume of services received and the cost of
21 those services to those potential bidders that sign a data use
22 agreement. The Department may add up to 2 non-state government
23 employees with expertise in creating integrated delivery
24 systems to its review team for the purchase of care
25 solicitation described in this subsection. Any such
26 individuals must sign a no-conflict disclosure and

1 confidentiality agreement and agree to act in accordance with
2 all applicable State laws.

3 During the first 2 years of an ACE's operation, the
4 Department shall provide claims data to the ACE on its
5 enrollees on a periodic basis no less frequently than monthly.

6 Nothing in this subsection shall be construed to limit the
7 Department's mandate to enroll 50% of its beneficiaries into
8 care coordination systems by January 1, 2015, using all
9 available care coordination delivery systems, including Care
10 Coordination Entities (CCE), MCCNs, or MCOs, as long as such
11 movement is done in a manner that meets with federal approval
12 and does not result in a reduction of federal revenues garnered
13 through the Hospital Assessment program, nor be construed to
14 affect the current CCEs, MCCNs, and MCOs selected to serve
15 seniors and persons with disabilities prior to that date as
16 long as such movement is done in a manner that meets with
17 federal approval and does not result in a reduction of federal
18 revenues garnered through the Hospital Assessment program.

19 (h) Department contracts with MCOs and other entities
20 reimbursed by risk based capitation shall have a minimum
21 medical loss ratio of 85%, shall require the MCO or other
22 entity to pay claims within 30 days of receiving a bill that
23 contains all the essential information needed to adjudicate the
24 bill, and shall require the entity to pay a penalty that is at
25 least equal to the penalty imposed under the Illinois Insurance
26 Code for any claims not paid within this time period. The

1 requirements of this subsection shall apply to contracts with
2 MCOs entered into or renewed or extended after June 1, 2013.
