8 (1) Shall at the time of admission provide, in order of
9 priority, each resident, or the resident's guardian, if any, or
10 the resident's representative, if any, or the resident's
11 immediate family member, if any, with a written statement
12 explaining to the resident and to the resident's spouse (a)

22 each resident or the resident's guardian, if any, or the
23 resident's representative, if any, or the resident's immediate

2 statement and understands that failure to comply with asset and
3 income disclosure requirements may result in the denial of
4 Medicaid eligibility.

7 of priority, the resident or the resident's guardian, if any,
8 or the resident's representative, if any, or the resident's
9 immediate family member, if any; such authorization shall be

16 indicates that the facility has only a fiduciary interest in
17 the funds and any interest from the account shall accrue to the
18 resident. The facility may keep up to \$100 of a resident's
19 money in a non-interest bearing account or petty cash fund, to
20 be readily available for the resident's current expenditures.

3 authorization from the resident or the resident's guardian or
4 if the resident is a minor, his parent, to handle it
5 differently, (b) take all steps necessary to ensure that a
6 personal needs allowance that is placed in a resident's
