

1 AN ACT concerning safety.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Environmental Protection Act is amended by
5 changing Sections 55, 55.1, 55.2, and 55.6 as follows:

6 (415 ILCS 5/55) (from Ch. 111 1/2, par. 1055)

7 Sec. 55. Prohibited activities.

8 (a) No person shall:

9 (1) Cause or allow the open dumping of any used or
10 waste tire.

11 (2) Cause or allow the open burning of any used or
12 waste tire.

13 (3) Except at a tire storage site which contains more
14 than 50 used tires, cause or allow the storage of any used
15 tire unless the tire is altered, reprocessed, converted,
16 covered, or otherwise prevented from accumulating water.

17 (4) Cause or allow the operation of a tire storage site
18 except in compliance with Board regulations.

19 (5) Abandon, dump or dispose of any used or waste tire
20 on private or public property, except in a sanitary
21 landfill approved by the Agency pursuant to regulations
22 adopted by the Board.

23 (6) Fail to submit required reports, tire removal

1 agreements, or Board regulations.

2 (b) (Blank.)

3 (b-1) Beginning January 1, 1995, no person shall knowingly
4 mix any used or waste tire, either whole or cut, with municipal
5 waste, and no owner or operator of a sanitary landfill shall
6 accept any used or waste tire for final disposal; except that
7 used or waste tires, when separated from other waste, may be
8 accepted if: (1) the sanitary landfill provides and maintains a
9 means for shredding, slitting, or chopping whole tires and so
10 treats whole tires and, if approved by the Agency in a permit
11 issued under this Act, uses the used or waste tires for
12 alternative uses, which may include on-site practices such as
13 lining of roadways with tire scraps, alternative daily cover,
14 or use in a leachate collection system or (2) the sanitary
15 landfill, by its notification to the Illinois Industrial
16 Materials Exchange Service, makes available the used or waste
17 tire to an appropriate facility for reuse, reprocessing, or
18 converting, including use as an alternate energy fuel. If,
19 within 30 days after notification to the Illinois Industrial
20 Materials Exchange Service of the availability of waste tires,
21 no specific request for the used or waste tires is received by
22 the sanitary landfill, and the sanitary landfill determines it
23 has no alternative use for those used or waste tires, the
24 sanitary landfill may dispose of slit, chopped, or shredded
25 used or waste tires in the sanitary landfill. In the event the
26 physical condition of a used or waste tire makes shredding,

1 slitting, chopping, reuse, reprocessing, or other alternative
2 use of the used or waste tire impractical or infeasible, then
3 the sanitary landfill, after authorization by the Agency, may
4 accept the used or waste tire for disposal.

5 Sanitary landfills and facilities for reuse, reprocessing,
6 or converting, including use as alternative fuel, shall (i)
7 notify the Illinois Industrial Materials Exchange Service of
8 the availability of and demand for used or waste tires and (ii)
9 consult with the Department of Commerce and Economic
10 Opportunity regarding the status of marketing of waste tires to
11 facilities for reuse.

12 (c) Any person who sells new or used tires at retail or
13 operates a tire storage site or a tire disposal site which
14 contains more than 50 used or waste tires shall give notice of
15 such activity to the Agency. Any person engaging in such
16 activity for the first time after January 1, 1990, shall give
17 notice to the Agency within 30 days after the date of
18 commencement of the activity. The form of such notice shall be
19 specified by the Agency and shall be limited to information
20 regarding the following:

- 21 (1) the name and address of the owner and operator;
- 22 (2) the name, address and location of the operation;
- 23 (3) the type of operations involving used and waste
24 tires (storage, disposal, conversion or processing); and
- 25 (4) the number of used and waste tires present at the
26 location.

1 (d) Beginning January 1, 1992, no person shall cause or
2 allow the operation of:

3 (1) a tire storage site which contains more than 50
4 used tires, unless the owner or operator, by January 1,
5 1992 (or the January 1 following commencement of operation,
6 whichever is later) and January 1 of each year thereafter,
7 (i) registers the site with the Agency, except that the
8 registration requirement in this item (i) does not apply in
9 the case of a tire storage site required to be permitted
10 under subsection (d-5), (ii) certifies to the Agency that
11 the site complies with any applicable standards adopted by
12 the Board pursuant to Section 55.2, (iii) reports to the
13 Agency the number of tires accumulated, the status of
14 vector controls, and the actions taken to handle and
15 process the tires, and (iv) pays the fee required under
16 subsection (b) of Section 55.6; or

17 (2) a tire disposal site, unless the owner or operator
18 (i) has received approval from the Agency after filing a
19 tire removal agreement pursuant to Section 55.4, or (ii)
20 has entered into a written agreement to participate in a
21 consensual removal action under Section 55.3.

22 The Agency shall provide written forms for the annual
23 registration and certification required under this subsection
24 (d).

25 (d-4) On or before January 1, 2015, the owner or operator
26 of each tire storage site that contains used tires totaling

1 more than 10,000 passenger tire equivalents, or at which more
2 than 500 tons of used tires are processed in a calendar year,
3 shall submit documentation demonstrating its compliance with
4 Board rules adopted under this Title. This documentation must
5 be submitted on forms and in a format prescribed by the Agency.

6 (d-5) Beginning July 1, 2016, no person shall cause or
7 allow the operation of a tire storage site that contains used
8 tires totaling more than 10,000 passenger tire equivalents, or
9 at which more than 500 tons of used tires are processed in a
10 calendar year, without a permit granted by the Agency or in
11 violation of any conditions imposed by that permit, including
12 periodic reports and full access to adequate records and the
13 inspection of facilities, as may be necessary to ensure
14 compliance with this Act and with regulations and standards
15 adopted under this Act.

16 (d-6) No person shall cause or allow the operation of a
17 tire storage site in violation of the financial assurance rules
18 established by the Board under subsection (b) of Section 55.2
19 of this Act. In addition to the remedies otherwise provided
20 under this Act, the State's Attorney of the county in which the
21 violation occurred, or the Attorney General, may, at the
22 request of the Agency or on his or her own motion, institute a
23 civil action for an immediate injunction, prohibitory or
24 mandatory, to restrain any violation of this subsection (d-6)
25 or to require any other action as may be necessary to abate or
26 mitigate any immediate danger or threat to public health or the

1 environment at the site. Injunctions to restrain a violation of
2 this subsection (d-6) may include, but are not limited to, the
3 required removal of all tires for which financial assurance is
4 not maintained and a prohibition against the acceptance of
5 tires in excess of the amount for which financial assurance is
6 maintained.

7 (e) No person shall cause or allow the storage, disposal,
8 treatment or processing of any used or waste tire in violation
9 of any regulation or standard adopted by the Board.

10 (f) No person shall arrange for the transportation of used
11 or waste tires away from the site of generation with a person
12 known to openly dump such tires.

13 (g) No person shall engage in any operation as a used or
14 waste tire transporter except in compliance with Board
15 regulations.

16 (h) No person shall cause or allow the combustion of any
17 used or waste tire in an enclosed device unless a permit has
18 been issued by the Agency authorizing such combustion pursuant
19 to regulations adopted by the Board for the control of air
20 pollution and consistent with the provisions of Section 9.4 of
21 this Act.

22 (i) No person shall cause or allow the use of pesticides to
23 treat tires except as prescribed by Board regulations.

24 (j) No person shall fail to comply with the terms of a tire
25 removal agreement approved by the Agency pursuant to Section
26 55.4.

1 (k) No person shall:

2 (1) Cause or allow water to accumulate in used or waste
3 tires. The prohibition set forth in this paragraph (1) of
4 subsection (k) shall not apply to used or waste tires
5 located at a residential household, as long as not more
6 than 12 used or waste tires are located at the site.

7 (2) Fail to collect a fee required under Section 55.8
8 of this Title.

9 (3) Fail to file a return required under Section 55.10
10 of this Title.

17 (a) The prohibitions set forth in subdivision (a)(3) of
18 Section 55 of this Act shall not apply to used tires:

19 (1) generated and located at a site as a result of the
20 growing and harvesting of agricultural crops or the raising
21 of animals, as long as not more than 20 used tires are
22 located at the site;

23 (2) located at a residential household, as long as not
24 more than 12 used tires are located at the site; or

25 (3) which were placed in service for recreational

1 purposes prior to January 1, 1990 at a school, park or
2 playground, provided that the used tires are altered by
3 January 1, 1992.

4 (b) The prohibitions set forth in subdivisions (a)(3),
5 (a)(4), (c), (d), (d-5), (d-6), (e), (g), and (k)(4) of Section
6 55 of this Act shall not apply to used or waste tires collected
7 by a not-for-profit corporation if:

8 (1) the collection location has been approved by the
9 applicable general purpose unit of local government;

10 (2) the collected tires are transported to a facility
11 permitted by the Agency to store, process or dispose of
12 used or waste tires within 7 days after collection; and

13 (3) the collection does not occur as a continuous

15

16 (c) The prohibitions set forth in subdivisions (a)(3),
17 (a)(4), (c), (d), (d-5), (d-6), (e), (g), and (k)(4) of Section

19 by the State or a unit of local government, provided that:

20 (1) the collection is part of an established program to
21 take preventive or corrective action regarding such tires;

22 (2) any staging sites for handling such tires are
23 reasonably secure and regularly maintained in a safe
24 manner; and

25 (3) the Agency is notified in writing during January of
26 each calendar year regarding the location of the staging

1 sites, the number of such tires accumulated, the status of
2 vector controls, and actions taken to process such tires.

3 The Agency shall provide written confirmation to a State
4 agency or unit of local government regarding the applicability
5 of this subsection upon receipt of a written description of its
6 established program, and each January following receipt of the
7 annual report required under subdivision (c)(3) of this
8 subsection.

9 For purposes of determining the applicability of this
10 subsection, any municipality with a population over 1,000,000
11 may certify to the Agency by January 1, 1990 that it operates

13 certification, the established program shall be deemed to
14 satisfy the provisions of subdivisions (1) and (2) of this
15 subsection.

16 (d) The prohibitions set forth in subdivision (a)(5) of
