A BILL FOR

1 AN ACT concerning State government.

2 **Be it enacted by the People of the State of Illinois,**  
3 **represented in the General Assembly:**

4 Section 1. Short title. This Act may be cited as the  
5 Commission on Taxpayer Oversight and Reduction of State  
6 Spending Act.

7 Section 5. Legislative intent. It is the continuing policy  
8 of the State to provide the citizens of Illinois with a  
9 government that is accountable to the taxpayers. To carry out  
10 this policy effectively, it is essential that the General  
11 Assembly examine expenditures of the State for programs and  
12 services and make recommendations to reduce spending.

13 Section 10. Creation of Commission. The Commission on  
14 Taxpayer Oversight and Reduction of State Spending, hereafter  
15 in this Act referred to as the "Commission", is hereby created  
16 in the Governor's Office of Management and Budget to examine  
17 expenditures of the State and make recommendations to the  
18 Governor and General Assembly to reduce State spending. The  
19 Commission shall:

20 (1) Conduct investigations to ascertain facts, review  
21 appropriations and expenditures, and make recommendations  
22 and reports concerning revenues and expenditures of the

1 State, its departments, subdivisions, and agencies,  
2 whether created by the Constitution or otherwise.

3 (2) Review the budget submitted by the Governor and  
4 make recommendations for reducing expenditures set forth  
5 in the budget, provided the Commission shall take into  
6 account any specific areas of reductions recommended for  
7 the Commission's review by the Governor and the statewide  
8 prioritized budgetary goals established by Section 50-25  
9 of the State Budget Law of the Civil Administrative Code of  
10 Illinois, as those goals are reflected in the budget  
11 submitted by the Governor.

12 (3) Review programs, strategies, and activities  
13 conducted by agencies and grant recipients to determine  
14 whether they are achieving the prioritized outcomes and  
15 meeting the goals established under Section 50-25 of the  
16 State Budget Law of the Civil Administrative Code of  
17 Illinois in an efficient manner and make recommendations to  
18 reduce appropriations or expenditures of agencies and  
19 grant recipients failing to meet the outcomes and goals.

20 (4) Consider budgetary reductions at the State and  
21 local levels of government through the reduction or  
22 elimination of statutorily mandated expenditures or the  
23 consolidation of government agencies and instrumentalities  
24 to eliminate waste and inefficiency in the operation of  
25 State and local government.

26 The Commission shall have continuing existence and may

1 meet, act, and conduct its business at any place within this  
2 State, during the sessions of the General Assembly or any  
3 recess thereof, and in the interim periods between sessions.

16 Section 20. Reports of the Commission. The Commission may,  
17 upon the concurrence of a majority of its members, issue a  
18 report with recommendations. The Commission shall conduct at  
19 least one public hearing prior to issuing any report and allow  
20 interested persons to present their views and comments. The

14 made in the report and a specific response to each

19 with the recommendation. If the Governor rejects the  
20 recommendation of the Commission, the response shall include

22 Section 30. Cooperation of State agencies. The Governor's  
23 Office of Management and Budget shall cooperate with the  
24 Commission by providing relevant data, documents, and other

1 information as requested by the Commission. The Governor's  
2 Office of Management and Budget shall, upon request, provide  
3 the Commission with an analysis of the costs or savings  
4 associated with any potential recommendation. At the request of  
5 the Commission, each State agency shall, without delay, make
