14 Initiative Board.

15 (b) The purpose of the Urban Weatherization Initiative is
16 to promote the State's interest in reducing the impact of high

1 ensure that residents of those communities are able to access
2 the work as a local employment engine. The Initiative also
3 seeks to implement outreach strategies to increase awareness of
4 cost savings and job training services associated with the
5 program.

6 (c) The efforts of the Urban Weatherization Initiative
7 shall be coordinated with those of federal weatherization
8 programs, including, but not limited to, the weatherization
9 programs of the United States Department of Energy. The
10 Department shall administer the Initiative so as to qualify for
11 any federal grant or matching programs that may from time to
