

SB1341

99TH GENERAL ASSEMBLY

State of Illinois

2015 and 2016

SB1341

Introduced 2/18/2015, by Sen. Dale A. Righter

SYNOPSIS AS INTRODUCED:

105 ILCS 5/18-8.05

Amends the School Code. Provides that, beginning with Fiscal Year 2016, appropriations for the purposes of the State aid formula provisions must be prioritized so that general State aid for school districts is fully funded at 100% of the statutory Foundation Level first, with any remaining funds being used for the other purposes of the State aid formula provisions. Effective July 1, 2015.

LRB099 08610 NHT 28773 b

FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning education.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The School Code is amended by changing Section
5 18-8.05 as follows:

6 (105 ILCS 5/18-8.05)

7 Sec. 18-8.05. Basis for apportionment of general State
8 financial aid and supplemental general State aid to the common
9 schools for the 1998-1999 and subsequent school years.

10 (A) General Provisions.

11 (1) The provisions of this Section apply to the 1998-1999
12 and subsequent school years. The system of general State
13 financial aid provided for in this Section is designed to
14 assure that, through a combination of State financial aid and
15 required local resources, the financial support provided each
16 pupil in Average Daily Attendance equals or exceeds a
17 prescribed per pupil Foundation Level. This formula approach
18 imputes a level of per pupil Available Local Resources and
19 provides for the basis to calculate a per pupil level of
20 general State financial aid that, when added to Available Local
21 Resources, equals or exceeds the Foundation Level. The amount
22 of per pupil general State financial aid for school districts,

1 in general, varies in inverse relation to Available Local
2 Resources. Per pupil amounts are based upon each school
3 district's Average Daily Attendance as that term is defined in
4 this Section.

5 (2) In addition to general State financial aid, school
6 districts with specified levels or concentrations of pupils
7 from low income households are eligible to receive supplemental
8 general State financial aid grants as provided pursuant to
9 subsection (H). The supplemental State aid grants provided for
10 school districts under subsection (H) shall be appropriated for
11 distribution to school districts as part of the same line item
12 in which the general State financial aid of school districts is
13 appropriated under this Section.

14 (3) To receive financial assistance under this Section,
15 school districts are required to file claims with the State
16 Board of Education, subject to the following requirements:

17 (a) Any school district which fails for any given
18 school year to maintain school as required by law, or to
19 maintain a recognized school is not eligible to file for
20 such school year any claim upon the Common School Fund. In
21 case of nonrecognition of one or more attendance centers in
22 a school district otherwise operating recognized schools,
23 the claim of the district shall be reduced in the
24 proportion which the Average Daily Attendance in the
25 attendance center or centers bear to the Average Daily
26 Attendance in the school district. A "recognized school"

1 means any public school which meets the standards as
2 established for recognition by the State Board of
3 Education. A school district or attendance center not
4 having recognition status at the end of a school term is
5 entitled to receive State aid payments due upon a legal
6 claim which was filed while it was recognized.

7 (b) School district claims filed under this Section are
8 subject to Sections 18-9 and 18-12, except as otherwise
9 provided in this Section.

10 (c) If a school district operates a full year school
11 under Section 10-19.1, the general State aid to the school
12 district shall be determined by the State Board of
13 Education in accordance with this Section as near as may be
14 applicable.

15 (d) (Blank).

16 (4) Except as provided in subsections (H) and (L), the
17 board of any district receiving any of the grants provided for
18 in this Section may apply those funds to any fund so received
19 for which that board is authorized to make expenditures by law.

20 School districts are not required to exert a minimum
21 Operating Tax Rate in order to qualify for assistance under
22 this Section.

23 (5) As used in this Section the following terms, when
24 capitalized, shall have the meaning ascribed herein:

25 (a) "Average Daily Attendance": A count of pupil
26 attendance in school, averaged as provided for in

1 subsection (C) and utilized in deriving per pupil financial
2 support levels.

3 (b) "Available Local Resources": A computation of
4 local financial support, calculated on the basis of Average
5 Daily Attendance and derived as provided pursuant to
6 subsection (D).

7 (c) "Corporate Personal Property Replacement Taxes":
8 Funds paid to local school districts pursuant to "An Act in
9 relation to the abolition of ad valorem personal property
10 tax and the replacement of revenues lost thereby, and
11 amending and repealing certain Acts and parts of Acts in
12 connection therewith", certified August 14, 1979, as
13 amended (Public Act 81-1st S.S.-1).

14 (d) "Foundation Level": A prescribed level of per pupil
15 financial support as provided for in subsection (B).

16 (e) "Operating Tax Rate": All school district property
17 taxes extended for all purposes, except Bond and Interest,
18 Summer School, Rent, Capital Improvement, and Vocational
19 Education Building purposes.

20 (B) Foundation Level.

21 (1) The Foundation Level is a figure established by the
22 State representing the minimum level of per pupil financial
23 support that should be available to provide for the basic
24 education of each pupil in Average Daily Attendance. As set
25 forth in this Section, each school district is assumed to exert

1 a sufficient local taxing effort such that, in combination with
2 the aggregate of general State financial aid provided the
3 district, an aggregate of State and local resources are
4 available to meet the basic education needs of pupils in the
5 district.

6 (2) For the 1998-1999 school year, the Foundation Level of
7 support is \$4,225. For the 1999-2000 school year, the
8 Foundation Level of support is \$4,325. For the 2000-2001 school
9 year, the Foundation Level of support is \$4,425. For the
10 2001-2002 school year and 2002-2003 school year, the Foundation
11 Level of support is \$4,560. For the 2003-2004 school year, the
12 Foundation Level of support is \$4,810. For the 2004-2005 school
13 year, the Foundation Level of support is \$4,964. For the
14 2005-2006 school year, the Foundation Level of support is
15 \$5,164. For the 2006-2007 school year, the Foundation Level of
16 support is \$5,334. For the 2007-2008 school year, the
17 Foundation Level of support is \$5,734. For the 2008-2009 school
18 year, the Foundation Level of support is \$5,959.

19 (3) For the 2009-2010 school year and each school year
20 thereafter, the Foundation Level of support is \$6,119 or such
21 greater amount as may be established by law by the General
22 Assembly.

23 (C) Average Daily Attendance.

24 (1) For purposes of calculating general State aid pursuant
25 to subsection (E), an Average Daily Attendance figure shall be

1 utilized. The Average Daily Attendance figure for formula
2 calculation purposes shall be the monthly average of the actual
3 number of pupils in attendance of each school district, as
4 further averaged for the best 3 months of pupil attendance for
5 each school district. In compiling the figures for the number
6 of pupils in attendance, school districts and the State Board
7 of Education shall, for purposes of general State aid funding,
8 conform attendance figures to the requirements of subsection
9 (F).

10 (2) The Average Daily Attendance figures utilized in
11 subsection (E) shall be the requisite attendance data for the
12 school year immediately preceding the school year for which
13 general State aid is being calculated or the average of the
14 attendance data for the 3 preceding school years, whichever is
15 greater. The Average Daily Attendance figures utilized in
16 subsection (H) shall be the requisite attendance data for the
17 school year immediately preceding the school year for which
18 general State aid is being calculated.

19 (D) Available Local Resources.

20 (1) For purposes of calculating general State aid pursuant
21 to subsection (E), a representation of Available Local
22 Resources per pupil, as that term is defined and determined in
23 this subsection, shall be utilized. Available Local Resources
24 per pupil shall include a calculated dollar amount representing
25 local school district revenues from local property taxes and

1 from Corporate Personal Property Replacement Taxes, expressed
2 on the basis of pupils in Average Daily Attendance. Calculation
3 of Available Local Resources shall exclude any tax amnesty
4 funds received as a result of Public Act 93-26.

5 (2) In determining a school district's revenue from local
6 property taxes, the State Board of Education shall utilize the
7 equalized assessed valuation of all taxable property of each
8 school district as of September 30 of the previous year. The
9 equalized assessed valuation utilized shall be obtained and
10 determined as provided in subsection (G).

11 (3) For school districts maintaining grades kindergarten
12 through 12, local property tax revenues per pupil shall be
13 calculated as the product of the applicable equalized assessed
14 valuation for the district multiplied by 3.00%, and divided by
15 the district's Average Daily Attendance figure. For school
16 districts maintaining grades kindergarten through 8, local
17 property tax revenues per pupil shall be calculated as the
18 product of the applicable equalized assessed valuation for the
19 district multiplied by 2.30%, and divided by the district's
20 Average Daily Attendance figure. For school districts
21 maintaining grades 9 through 12, local property tax revenues
22 per pupil shall be the applicable equalized assessed valuation
23 of the district multiplied by 1.05%, and divided by the
24 district's Average Daily Attendance figure.

25 For partial elementary unit districts created pursuant to
26 Article 11E of this Code, local property tax revenues per pupil

1 shall be calculated as the product of the equalized assessed
2 valuation for property within the partial elementary unit
3 district for elementary purposes, as defined in Article 11E of
4 this Code, multiplied by 2.06% and divided by the district's
5 Average Daily Attendance figure, plus the product of the
6 equalized assessed valuation for property within the partial
7 elementary unit district for high school purposes, as defined
8 in Article 11E of this Code, multiplied by 0.94% and divided by
9 the district's Average Daily Attendance figure.

10 (4) The Corporate Personal Property Replacement Taxes paid
11 to each school district during the calendar year one year
12 before the calendar year in which a school year begins, divided
13 by the Average Daily Attendance figure for that district, shall
14 be added to the local property tax revenues per pupil as
15 derived by the application of the immediately preceding
16 paragraph (3). The sum of these per pupil figures for each
17 school district shall constitute Available Local Resources as
18 that term is utilized in subsection (E) in the calculation of
19 general State aid.

20 (E) Computation of General State Aid.

21 (1) For each school year, the amount of general State aid
22 allotted to a school district shall be computed by the State
23 Board of Education as provided in this subsection.

24 (2) For any school district for which Available Local
25 Resources per pupil is less than the product of 0.93 times the

1 Foundation Level, general State aid for that district shall be
2 calculated as an amount equal to the Foundation Level minus
3 Available Local Resources, multiplied by the Average Daily
4 Attendance of the school district.

5 (3) For any school district for which Available Local
6 Resources per pupil is equal to or greater than the product of
7 0.93 times the Foundation Level and less than the product of
8 1.75 times the Foundation Level, the general State aid per
9 pupil shall be a decimal proportion of the Foundation Level
10 derived using a linear algorithm. Under this linear algorithm,
11 the calculated general State aid per pupil shall decline in
12 direct linear fashion from 0.07 times the Foundation Level for
13 a school district with Available Local Resources equal to the
14 product of 0.93 times the Foundation Level, to 0.05 times the
15 Foundation Level for a school district with Available Local
16 Resources equal to the product of 1.75 times the Foundation
17 Level. The allocation of general State aid for school districts
18 subject to this paragraph 3 shall be the calculated general
19 State aid per pupil figure multiplied by the Average Daily
20 Attendance of the school district.

21 (4) For any school district for which Available Local
22 Resources per pupil equals or exceeds the product of 1.75 times
23 the Foundation Level, the general State aid for the school
24 district shall be calculated as the product of \$218 multiplied
25 by the Average Daily Attendance of the school district.

26 (5) The amount of general State aid allocated to a school

1 district for the 1999-2000 school year meeting the requirements
2 set forth in paragraph (4) of subsection (G) shall be increased
3 by an amount equal to the general State aid that would have
4 been received by the district for the 1998-1999 school year by
5 utilizing the Extension Limitation Equalized Assessed
6 Valuation as calculated in paragraph (4) of subsection (G) less
7 the general State aid allotted for the 1998-1999 school year.
8 This amount shall be deemed a one time increase, and shall not
9 affect any future general State aid allocations.

10 (6) Beginning with Fiscal Year 2016, appropriations for the
11 purposes of this Section must be prioritized so that general
12 State aid for school districts as computed under this
13 subsection (E) is fully funded at 100% of the statutory
14 Foundation Level, as referenced in paragraph (3) of subsection
15 (B) of this Section, first, with any remaining funds being used
16 for the purposes of the other subsections of this Section.

17 (F) Compilation of Average Daily Attendance.

18 (1) Each school district shall, by July 1 of each year,
19 submit to the State Board of Education, on forms prescribed by
20 the State Board of Education, attendance figures for the school
21 year that began in the preceding calendar year. The attendance
22 information so transmitted shall identify the average daily
23 attendance figures for each month of the school year. Beginning
24 with the general State aid claim form for the 2002-2003 school
25 year, districts shall calculate Average Daily Attendance as

1 provided in subdivisions (a), (b), and (c) of this paragraph
2 (1).

3 (a) In districts that do not hold year-round classes,
4 days of attendance in August shall be added to the month of
5 September and any days of attendance in June shall be added
6 to the month of May.

7 (b) In districts in which all buildings hold year-round
8 classes, days of attendance in July and August shall be
9 added to the month of September and any days of attendance
10 in June shall be added to the month of May.

11 (c) In districts in which some buildings, but not all,
12 hold year-round classes, for the non-year-round buildings,
13 days of attendance in August shall be added to the month of
14 September and any days of attendance in June shall be added
15 to the month of May. The average daily attendance for the
16 year-round buildings shall be computed as provided in
17 subdivision (b) of this paragraph (1). To calculate the
18 Average Daily Attendance for the district, the average
19 daily attendance for the year-round buildings shall be
20 multiplied by the days in session for the non-year-round
21 buildings for each month and added to the monthly
22 attendance of the non-year-round buildings.

23 Except as otherwise provided in this Section, days of
24 attendance by pupils shall be counted only for sessions of not
25 less than 5 clock hours of school work per day under direct
26 supervision of: (i) teachers, or (ii) non-teaching personnel or

1 volunteer personnel when engaging in non-teaching duties and
2 supervising in those instances specified in subsection (a) of
3 Section 10-22.34 and paragraph 10 of Section 34-18, with pupils
4 of legal school age and in kindergarten and grades 1 through
5 12.

6 Days of attendance by tuition pupils shall be accredited
7 only to the districts that pay the tuition to a recognized
8 school.

9 (2) Days of attendance by pupils of less than 5 clock hours
10 of school shall be subject to the following provisions in the
11 compilation of Average Daily Attendance.

12 (a) Pupils regularly enrolled in a public school for
13 only a part of the school day may be counted on the basis
14 of 1/6 day for every class hour of instruction of 40
15 minutes or more attended pursuant to such enrollment,
16 unless a pupil is enrolled in a block-schedule format of 80
17 minutes or more of instruction, in which case the pupil may
18 be counted on the basis of the proportion of minutes of
19 school work completed each day to the minimum number of
20 minutes that school work is required to be held that day.

21 (b) (Blank).

22 (c) A session of 4 or more clock hours may be counted
23 as a day of attendance upon certification by the regional
24 superintendent, and approved by the State Superintendent
25 of Education to the extent that the district has been
26 forced to use daily multiple sessions.

1 (d) A session of 3 or more clock hours may be counted
2 as a day of attendance (1) when the remainder of the school
3 day or at least 2 hours in the evening of that day is
4 utilized for an in-service training program for teachers,
5 up to a maximum of 5 days per school year, provided a
6 district conducts an in-service training program for
7 teachers in accordance with Section 10-22.39 of this Code;
8 or, in lieu of 4 such days, 2 full days may be used, in
9 which event each such day may be counted as a day required
10 for a legal school calendar pursuant to Section 10-19 of
11 this Code; (1.5) when, of the 5 days allowed under item
12 (1), a maximum of 4 days are used for parent-teacher
13 conferences, or, in lieu of 4 such days, 2 full days are
14 used, in which case each such day may be counted as a
15 calendar day required under Section 10-19 of this Code,
16 provided that the full-day, parent-teacher conference
17 consists of (i) a minimum of 5 clock hours of
18 parent-teacher conferences, (ii) both a minimum of 2 clock
19 hours of parent-teacher conferences held in the evening
20 following a full day of student attendance, as specified in
21 subsection (F)(1)(c), and a minimum of 3 clock hours of
22 parent-teacher conferences held on the day immediately
23 following evening parent-teacher conferences, or (iii)
24 multiple parent-teacher conferences held in the evenings
25 following full days of student attendance, as specified in
26 subsection (F)(1)(c), in which the time used for the

1 parent-teacher conferences is equivalent to a minimum of 5
2 clock hours; and (2) when days in addition to those
3 provided in items (1) and (1.5) are scheduled by a school
4 pursuant to its school improvement plan adopted under
5 Article 34 or its revised or amended school improvement
6 plan adopted under Article 2, provided that (i) such
7 sessions of 3 or more clock hours are scheduled to occur at
8 regular intervals, (ii) the remainder of the school days in
9 which such sessions occur are utilized for in-service
10 training programs or other staff development activities
11 for teachers, and (iii) a sufficient number of minutes of
12 school work under the direct supervision of teachers are
13 added to the school days between such regularly scheduled
14 sessions to accumulate not less than the number of minutes
15 by which such sessions of 3 or more clock hours fall short
16 of 5 clock hours. Any full days used for the purposes of
17 this paragraph shall not be considered for computing
18 average daily attendance. Days scheduled for in-service
19 training programs, staff development activities, or
20 parent-teacher conferences may be scheduled separately for
21 different grade levels and different attendance centers of
22 the district.

23 (e) A session of not less than one clock hour of
24 teaching hospitalized or homebound pupils on-site or by
25 telephone to the classroom may be counted as 1/2 day of
26 attendance, however these pupils must receive 4 or more

1 clock hours of instruction to be counted for a full day of
2 attendance.

3 (f) A session of at least 4 clock hours may be counted
4 as a day of attendance for first grade pupils, and pupils
5 in full day kindergartens, and a session of 2 or more hours
6 may be counted as 1/2 day of attendance by pupils in
7 kindergartens which provide only 1/2 day of attendance.

8 (g) For children with disabilities who are below the
9 age of 6 years and who cannot attend 2 or more clock hours
10 because of their disability or immaturity, a session of not
11 less than one clock hour may be counted as 1/2 day of
12 attendance; however for such children whose educational
13 needs so require a session of 4 or more clock hours may be
14 counted as a full day of attendance.

15 (h) A recognized kindergarten which provides for only
16 1/2 day of attendance by each pupil shall not have more
17 than 1/2 day of attendance counted in any one day. However,
18 kindergartens may count 2 1/2 days of attendance in any 5
19 consecutive school days. When a pupil attends such a
20 kindergarten for 2 half days on any one school day, the
21 pupil shall have the following day as a day absent from
22 school, unless the school district obtains permission in
23 writing from the State Superintendent of Education.
24 Attendance at kindergartens which provide for a full day of
25 attendance by each pupil shall be counted the same as
26 attendance by first grade pupils. Only the first year of

1 attendance in one kindergarten shall be counted, except in
2 case of children who entered the kindergarten in their
3 fifth year whose educational development requires a second
4 year of kindergarten as determined under the rules and
5 regulations of the State Board of Education.

6 (i) On the days when the assessment that includes a
7 college and career ready determination is administered
8 under subsection (c) of Section 2-3.64a-5 of this Code, the
9 day of attendance for a pupil whose school day must be
10 shortened to accommodate required testing procedures may
11 be less than 5 clock hours and shall be counted towards the
12 176 days of actual pupil attendance required under Section
13 10-19 of this Code, provided that a sufficient number of
14 minutes of school work in excess of 5 clock hours are first
15 completed on other school days to compensate for the loss
16 of school work on the examination days.

17 (j) Pupils enrolled in a remote educational program
18 established under Section 10-29 of this Code may be counted
19 on the basis of one-fifth day of attendance for every clock
20 hour of instruction attended in the remote educational
21 program, provided that, in any month, the school district
22 may not claim for a student enrolled in a remote
23 educational program more days of attendance than the
24 maximum number of days of attendance the district can claim
25 (i) for students enrolled in a building holding year-round
26 classes if the student is classified as participating in

1 the remote educational program on a year-round schedule or
2 (ii) for students enrolled in a building not holding
3 year-round classes if the student is not classified as
4 participating in the remote educational program on a
5 year-round schedule.

6 (G) Equalized Assessed Valuation Data.

7 (1) For purposes of the calculation of Available Local
8 Resources required pursuant to subsection (D), the State Board
9 of Education shall secure from the Department of Revenue the
10 value as equalized or assessed by the Department of Revenue of
11 all taxable property of every school district, together with
12 (i) the applicable tax rate used in extending taxes for the
13 funds of the district as of September 30 of the previous year
14 and (ii) the limiting rate for all school districts subject to
15 property tax extension limitations as imposed under the
16 Property Tax Extension Limitation Law.

17 The Department of Revenue shall add to the equalized
18 assessed value of all taxable property of each school district
19 situated entirely or partially within a county that is or was
20 subject to the provisions of Section 15-176 or 15-177 of the
21 Property Tax Code (a) an amount equal to the total amount by
22 which the homestead exemption allowed under Section 15-176 or
23 15-177 of the Property Tax Code for real property situated in
24 that school district exceeds the total amount that would have
25 been allowed in that school district if the maximum reduction

1 under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in
2 all other counties in tax year 2003 or (ii) \$5,000 in all
3 counties in tax year 2004 and thereafter and (b) an amount
4 equal to the aggregate amount for the taxable year of all
5 additional exemptions under Section 15-175 of the Property Tax
6 Code for owners with a household income of \$30,000 or less. The
7 county clerk of any county that is or was subject to the
8 provisions of Section 15-176 or 15-177 of the Property Tax Code
9 shall annually calculate and certify to the Department of
10 Revenue for each school district all homestead exemption
11 amounts under Section 15-176 or 15-177 of the Property Tax Code
12 and all amounts of additional exemptions under Section 15-175
13 of the Property Tax Code for owners with a household income of
14 \$30,000 or less. It is the intent of this paragraph that if the
15 general homestead exemption for a parcel of property is
16 determined under Section 15-176 or 15-177 of the Property Tax
17 Code rather than Section 15-175, then the calculation of
18 Available Local Resources shall not be affected by the
19 difference, if any, between the amount of the general homestead
20 exemption allowed for that parcel of property under Section
21 15-176 or 15-177 of the Property Tax Code and the amount that
22 would have been allowed had the general homestead exemption for
23 that parcel of property been determined under Section 15-175 of
24 the Property Tax Code. It is further the intent of this
25 paragraph that if additional exemptions are allowed under
26 Section 15-175 of the Property Tax Code for owners with a

1 household income of less than \$30,000, then the calculation of
2 Available Local Resources shall not be affected by the
3 difference, if any, because of those additional exemptions.

4 This equalized assessed valuation, as adjusted further by
5 the requirements of this subsection, shall be utilized in the
6 calculation of Available Local Resources.

7 (2) The equalized assessed valuation in paragraph (1) shall
8 be adjusted, as applicable, in the following manner:

9 (a) For the purposes of calculating State aid under
10 this Section, with respect to any part of a school district
11 within a redevelopment project area in respect to which a
12 municipality has adopted tax increment allocation
13 financing pursuant to the Tax Increment Allocation
14 Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11
15 of the Illinois Municipal Code or the Industrial Jobs
16 Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the
17 Illinois Municipal Code, no part of the current equalized
18 assessed valuation of real property located in any such
19 project area which is attributable to an increase above the
20 total initial equalized assessed valuation of such
21 property shall be used as part of the equalized assessed
22 valuation of the district, until such time as all
23 redevelopment project costs have been paid, as provided in
24 Section 11-74.4-8 of the Tax Increment Allocation
25 Redevelopment Act or in Section 11-74.6-35 of the
26 Industrial Jobs Recovery Law. For the purpose of the

1 equalized assessed valuation of the district, the total
2 initial equalized assessed valuation or the current
3 equalized assessed valuation, whichever is lower, shall be
4 used until such time as all redevelopment project costs
5 have been paid.

6 (b) The real property equalized assessed valuation for
7 a school district shall be adjusted by subtracting from the
8 real property value as equalized or assessed by the
9 Department of Revenue for the district an amount computed
10 by dividing the amount of any abatement of taxes under
11 Section 18-170 of the Property Tax Code by 3.00% for a
12 district maintaining grades kindergarten through 12, by
13 2.30% for a district maintaining grades kindergarten
14 through 8, or by 1.05% for a district maintaining grades 9
15 through 12 and adjusted by an amount computed by dividing
16 the amount of any abatement of taxes under subsection (a)
17 of Section 18-165 of the Property Tax Code by the same
18 percentage rates for district type as specified in this
19 subparagraph (b).

20 (3) For the 1999-2000 school year and each school year
21 thereafter, if a school district meets all of the criteria of
22 this subsection (G) (3), the school district's Available Local
23 Resources shall be calculated under subsection (D) using the
24 district's Extension Limitation Equalized Assessed Valuation
25 as calculated under this subsection (G) (3).

26 For purposes of this subsection (G) (3) the following terms

1 shall have the following meanings:

2 "Budget Year": The school year for which general State
3 aid is calculated and awarded under subsection (E).

4 "Base Tax Year": The property tax levy year used to
5 calculate the Budget Year allocation of general State aid.

6 "Preceding Tax Year": The property tax levy year
7 immediately preceding the Base Tax Year.

8 "Base Tax Year's Tax Extension": The product of the
9 equalized assessed valuation utilized by the County Clerk
10 in the Base Tax Year multiplied by the limiting rate as
11 calculated by the County Clerk and defined in the Property
12 Tax Extension Limitation Law.

13 "Preceding Tax Year's Tax Extension": The product of
14 the equalized assessed valuation utilized by the County
15 Clerk in the Preceding Tax Year multiplied by the Operating
16 Tax Rate as defined in subsection (A).

17 "Extension Limitation Ratio": A numerical ratio,
18 certified by the County Clerk, in which the numerator is
19 the Base Tax Year's Tax Extension and the denominator is
20 the Preceding Tax Year's Tax Extension.

21 "Operating Tax Rate": The operating tax rate as defined
22 in subsection (A).

23 If a school district is subject to property tax extension
24 limitations as imposed under the Property Tax Extension
25 Limitation Law, the State Board of Education shall calculate
26 the Extension Limitation Equalized Assessed Valuation of that

1 district. For the 1999-2000 school year, the Extension
2 Limitation Equalized Assessed Valuation of a school district as
3 calculated by the State Board of Education shall be equal to
4 the product of the district's 1996 Equalized Assessed Valuation
5 and the district's Extension Limitation Ratio. Except as
6 otherwise provided in this paragraph for a school district that
7 has approved or does approve an increase in its limiting rate,
8 for the 2000-2001 school year and each school year thereafter,
9 the Extension Limitation Equalized Assessed Valuation of a
10 school district as calculated by the State Board of Education
11 shall be equal to the product of the Equalized Assessed
12 Valuation last used in the calculation of general State aid and
13 the district's Extension Limitation Ratio. If the Extension
14 Limitation Equalized Assessed Valuation of a school district as
15 calculated under this subsection (G)(3) is less than the
16 district's equalized assessed valuation as calculated pursuant
17 to subsections (G)(1) and (G)(2), then for purposes of
18 calculating the district's general State aid for the Budget
19 Year pursuant to subsection (E), that Extension Limitation
20 Equalized Assessed Valuation shall be utilized to calculate the
21 district's Available Local Resources under subsection (D). For
22 the 2009-2010 school year and each school year thereafter, if a
23 school district has approved or does approve an increase in its
24 limiting rate, pursuant to Section 18-190 of the Property Tax
25 Code, affecting the Base Tax Year, the Extension Limitation
26 Equalized Assessed Valuation of the school district, as

1 calculated by the State Board of Education, shall be equal to
2 the product of the Equalized Assessed Valuation last used in
3 the calculation of general State aid times an amount equal to
4 one plus the percentage increase, if any, in the Consumer Price
5 Index for all Urban Consumers for all items published by the
6 United States Department of Labor for the 12-month calendar
7 year preceding the Base Tax Year, plus the Equalized Assessed
8 Valuation of new property, annexed property, and recovered tax
9 increment value and minus the Equalized Assessed Valuation of
10 disconnected property. New property and recovered tax
11 increment value shall have the meanings set forth in the
12 Property Tax Extension Limitation Law.

13 Partial elementary unit districts created in accordance
14 with Article 11E of this Code shall not be eligible for the
15 adjustment in this subsection (G)(3) until the fifth year
16 following the effective date of the reorganization.

17 (3.5) For the 2010-2011 school year and each school year
18 thereafter, if a school district's boundaries span multiple
19 counties, then the Department of Revenue shall send to the
20 State Board of Education, for the purpose of calculating
21 general State aid, the limiting rate and individual rates by
22 purpose for the county that contains the majority of the school
23 district's Equalized Assessed Valuation.

24 (4) For the purposes of calculating general State aid for
25 the 1999-2000 school year only, if a school district
26 experienced a triennial reassessment on the equalized assessed

1 valuation used in calculating its general State financial aid
2 apportionment for the 1998-1999 school year, the State Board of
3 Education shall calculate the Extension Limitation Equalized
4 Assessed Valuation that would have been used to calculate the
5 district's 1998-1999 general State aid. This amount shall equal
6 the product of the equalized assessed valuation used to
7 calculate general State aid for the 1997-1998 school year and
8 the district's Extension Limitation Ratio. If the Extension
9 Limitation Equalized Assessed Valuation of the school district
10 as calculated under this paragraph (4) is less than the
11 district's equalized assessed valuation utilized in
12 calculating the district's 1998-1999 general State aid
13 allocation, then for purposes of calculating the district's
14 general State aid pursuant to paragraph (5) of subsection (E),
15 that Extension Limitation Equalized Assessed Valuation shall
16 be utilized to calculate the district's Available Local
17 Resources.

18 (5) For school districts having a majority of their
19 equalized assessed valuation in any county except Cook, DuPage,
20 Kane, Lake, McHenry, or Will, if the amount of general State
21 aid allocated to the school district for the 1999-2000 school
22 year under the provisions of subsection (E), (H), and (J) of
23 this Section is less than the amount of general State aid
24 allocated to the district for the 1998-1999 school year under
25 these subsections, then the general State aid of the district
26 for the 1999-2000 school year only shall be increased by the

1 difference between these amounts. The total payments made under
2 this paragraph (5) shall not exceed \$14,000,000. Claims shall
3 be prorated if they exceed \$14,000,000.

4 (H) Supplemental General State Aid.

5 (1) In addition to the general State aid a school district
6 is allotted pursuant to subsection (E), qualifying school
7 districts shall receive a grant, paid in conjunction with a
8 district's payments of general State aid, for supplemental
9 general State aid based upon the concentration level of
10 children from low-income households within the school
11 district. Supplemental State aid grants provided for school
12 districts under this subsection shall be appropriated for
13 distribution to school districts as part of the same line item
14 in which the general State financial aid of school districts is
15 appropriated under this Section.

16 (1.5) This paragraph (1.5) applies only to those school
17 years preceding the 2003-2004 school year. For purposes of this
18 subsection (H), the term "Low-Income Concentration Level"
19 shall be the low-income eligible pupil count from the most
20 recently available federal census divided by the Average Daily
21 Attendance of the school district. If, however, (i) the
22 percentage decrease from the 2 most recent federal censuses in
23 the low-income eligible pupil count of a high school district
24 with fewer than 400 students exceeds by 75% or more the
25 percentage change in the total low-income eligible pupil count

1 of contiguous elementary school districts, whose boundaries
2 are coterminous with the high school district, or (ii) a high
3 school district within 2 counties and serving 5 elementary
4 school districts, whose boundaries are coterminous with the
5 high school district, has a percentage decrease from the 2 most
6 recent federal censuses in the low-income eligible pupil count
7 and there is a percentage increase in the total low-income
8 eligible pupil count of a majority of the elementary school
9 districts in excess of 50% from the 2 most recent federal
10 censuses, then the high school district's low-income eligible
11 pupil count from the earlier federal census shall be the number
12 used as the low-income eligible pupil count for the high school
13 district, for purposes of this subsection (H). The changes made
14 to this paragraph (1) by Public Act 92-28 shall apply to
15 supplemental general State aid grants for school years
16 preceding the 2003-2004 school year that are paid in fiscal
17 year 1999 or thereafter and to any State aid payments made in
18 fiscal year 1994 through fiscal year 1998 pursuant to
19 subsection 1(n) of Section 18-8 of this Code (which was
20 repealed on July 1, 1998), and any high school district that is
21 affected by Public Act 92-28 is entitled to a recomputation of
22 its supplemental general State aid grant or State aid paid in
23 any of those fiscal years. This recomputation shall not be
24 affected by any other funding.

25 (1.10) This paragraph (1.10) applies to the 2003-2004
26 school year and each school year thereafter. For purposes of

1 this subsection (H), the term "Low-Income Concentration Level"
2 shall, for each fiscal year, be the low-income eligible pupil
3 count as of July 1 of the immediately preceding fiscal year (as
4 determined by the Department of Human Services based on the
5 number of pupils who are eligible for at least one of the
6 following low income programs: Medicaid, the Children's Health
7 Insurance Program, TANF, or Food Stamps, excluding pupils who
8 are eligible for services provided by the Department of
9 Children and Family Services, averaged over the 2 immediately
10 preceding fiscal years for fiscal year 2004 and over the 3
11 immediately preceding fiscal years for each fiscal year
12 thereafter) divided by the Average Daily Attendance of the
13 school district.

14 (2) Supplemental general State aid pursuant to this
15 subsection (H) shall be provided as follows for the 1998-1999,
16 1999-2000, and 2000-2001 school years only:

17 (a) For any school district with a Low Income
18 Concentration Level of at least 20% and less than 35%, the
19 grant for any school year shall be \$800 multiplied by the
20 low income eligible pupil count.

21 (b) For any school district with a Low Income
22 Concentration Level of at least 35% and less than 50%, the
23 grant for the 1998-1999 school year shall be \$1,100
24 multiplied by the low income eligible pupil count.

25 (c) For any school district with a Low Income
26 Concentration Level of at least 50% and less than 60%, the

1 grant for the 1998-99 school year shall be \$1,500
2 multiplied by the low income eligible pupil count.

3 (d) For any school district with a Low Income
4 Concentration Level of 60% or more, the grant for the
5 1998-99 school year shall be \$1,900 multiplied by the low
6 income eligible pupil count.

7 (e) For the 1999-2000 school year, the per pupil amount
8 specified in subparagraphs (b), (c), and (d) immediately
9 above shall be increased to \$1,243, \$1,600, and \$2,000,
10 respectively.

11 (f) For the 2000-2001 school year, the per pupil
12 amounts specified in subparagraphs (b), (c), and (d)
13 immediately above shall be \$1,273, \$1,640, and \$2,050,
14 respectively.

15 (2.5) Supplemental general State aid pursuant to this
16 subsection (H) shall be provided as follows for the 2002-2003
17 school year:

18 (a) For any school district with a Low Income
19 Concentration Level of less than 10%, the grant for each
20 school year shall be \$355 multiplied by the low income
21 eligible pupil count.

22 (b) For any school district with a Low Income
23 Concentration Level of at least 10% and less than 20%, the
24 grant for each school year shall be \$675 multiplied by the
25 low income eligible pupil count.

26 (c) For any school district with a Low Income

1 Concentration Level of at least 20% and less than 35%, the
2 grant for each school year shall be \$1,330 multiplied by
3 the low income eligible pupil count.

4 (d) For any school district with a Low Income
5 Concentration Level of at least 35% and less than 50%, the
6 grant for each school year shall be \$1,362 multiplied by
7 the low income eligible pupil count.

8 (e) For any school district with a Low Income
9 Concentration Level of at least 50% and less than 60%, the
10 grant for each school year shall be \$1,680 multiplied by
11 the low income eligible pupil count.

12 (f) For any school district with a Low Income
13 Concentration Level of 60% or more, the grant for each
14 school year shall be \$2,080 multiplied by the low income
15 eligible pupil count.

16 (2.10) Except as otherwise provided, supplemental general
17 State aid pursuant to this subsection (H) shall be provided as
18 follows for the 2003-2004 school year and each school year
19 thereafter:

20 (a) For any school district with a Low Income
21 Concentration Level of 15% or less, the grant for each
22 school year shall be \$355 multiplied by the low income
23 eligible pupil count.

24 (b) For any school district with a Low Income
25 Concentration Level greater than 15%, the grant for each
26 school year shall be \$294.25 added to the product of \$2,700

1 and the square of the Low Income Concentration Level, all
2 multiplied by the low income eligible pupil count.

3 For the 2003-2004 school year and each school year
4 thereafter through the 2008-2009 school year only, the grant
5 shall be no less than the grant for the 2002-2003 school year.
6 For the 2009-2010 school year only, the grant shall be no less
7 than the grant for the 2002-2003 school year multiplied by
8 0.66. For the 2010-2011 school year only, the grant shall be no
9 less than the grant for the 2002-2003 school year multiplied by
10 0.33. Notwithstanding the provisions of this paragraph to the
11 contrary, if for any school year supplemental general State aid
12 grants are prorated as provided in paragraph (1) of this
13 subsection (H), then the grants under this paragraph shall be
14 prorated.

15 For the 2003-2004 school year only, the grant shall be no
16 greater than the grant received during the 2002-2003 school
17 year added to the product of 0.25 multiplied by the difference
18 between the grant amount calculated under subsection (a) or (b)
19 of this paragraph (2.10), whichever is applicable, and the
20 grant received during the 2002-2003 school year. For the
21 2004-2005 school year only, the grant shall be no greater than
22 the grant received during the 2002-2003 school year added to
23 the product of 0.50 multiplied by the difference between the
24 grant amount calculated under subsection (a) or (b) of this
25 paragraph (2.10), whichever is applicable, and the grant
26 received during the 2002-2003 school year. For the 2005-2006

1 school year only, the grant shall be no greater than the grant
2 received during the 2002-2003 school year added to the product
3 of 0.75 multiplied by the difference between the grant amount
4 calculated under subsection (a) or (b) of this paragraph
5 (2.10), whichever is applicable, and the grant received during
6 the 2002-2003 school year.

7 (3) School districts with an Average Daily Attendance of
8 more than 1,000 and less than 50,000 that qualify for
9 supplemental general State aid pursuant to this subsection
10 shall submit a plan to the State Board of Education prior to
11 October 30 of each year for the use of the funds resulting from
12 this grant of supplemental general State aid for the
13 improvement of instruction in which priority is given to
14 meeting the education needs of disadvantaged children. Such
15 plan shall be submitted in accordance with rules and
16 regulations promulgated by the State Board of Education.

17 (4) School districts with an Average Daily Attendance of
18 50,000 or more that qualify for supplemental general State aid
19 pursuant to this subsection shall be required to distribute
20 from funds available pursuant to this Section, no less than
21 \$261,000,000 in accordance with the following requirements:

22 (a) The required amounts shall be distributed to the
23 attendance centers within the district in proportion to the
24 number of pupils enrolled at each attendance center who are
25 eligible to receive free or reduced-price lunches or
26 breakfasts under the federal Child Nutrition Act of 1966

1 and under the National School Lunch Act during the
2 immediately preceding school year.

3 (b) The distribution of these portions of supplemental
4 and general State aid among attendance centers according to
5 these requirements shall not be compensated for or
6 contravened by adjustments of the total of other funds
7 appropriated to any attendance centers, and the Board of
8 Education shall utilize funding from one or several sources
9 in order to fully implement this provision annually prior
10 to the opening of school.

11 (c) Each attendance center shall be provided by the
12 school district a distribution of noncategorical funds and
13 other categorical funds to which an attendance center is
14 entitled under law in order that the general State aid and
15 supplemental general State aid provided by application of
16 this subsection supplements rather than supplants the
17 noncategorical funds and other categorical funds provided
18 by the school district to the attendance centers.

19 (d) Any funds made available under this subsection that
20 by reason of the provisions of this subsection are not
21 required to be allocated and provided to attendance centers
22 may be used and appropriated by the board of the district
23 for any lawful school purpose.

24 (e) Funds received by an attendance center pursuant to
25 this subsection shall be used by the attendance center at
26 the discretion of the principal and local school council

1 for programs to improve educational opportunities at
2 qualifying schools through the following programs and
3 services: early childhood education, reduced class size or
4 improved adult to student classroom ratio, enrichment
5 programs, remedial assistance, attendance improvement, and
6 other educationally beneficial expenditures which
7 supplement the regular and basic programs as determined by
8 the State Board of Education. Funds provided shall not be
9 expended for any political or lobbying purposes as defined
10 by board rule.

11 (f) Each district subject to the provisions of this
12 subdivision (H) (4) shall submit an acceptable plan to meet
13 the educational needs of disadvantaged children, in
14 compliance with the requirements of this paragraph, to the
15 State Board of Education prior to July 15 of each year.
16 This plan shall be consistent with the decisions of local
17 school councils concerning the school expenditure plans
18 developed in accordance with part 4 of Section 34-2.3. The
19 State Board shall approve or reject the plan within 60 days
20 after its submission. If the plan is rejected, the district
21 shall give written notice of intent to modify the plan
22 within 15 days of the notification of rejection and then
23 submit a modified plan within 30 days after the date of the
24 written notice of intent to modify. Districts may amend
25 approved plans pursuant to rules promulgated by the State
26 Board of Education.

1 Upon notification by the State Board of Education that
2 the district has not submitted a plan prior to July 15 or a
3 modified plan within the time period specified herein, the
4 State aid funds affected by that plan or modified plan
5 shall be withheld by the State Board of Education until a
6 plan or modified plan is submitted.

7 If the district fails to distribute State aid to
8 attendance centers in accordance with an approved plan, the
9 plan for the following year shall allocate funds, in
10 addition to the funds otherwise required by this
11 subsection, to those attendance centers which were
12 underfunded during the previous year in amounts equal to
13 such underfunding.

14 For purposes of determining compliance with this
15 subsection in relation to the requirements of attendance
16 center funding, each district subject to the provisions of
17 this subsection shall submit as a separate document by
18 December 1 of each year a report of expenditure data for
19 the prior year in addition to any modification of its
20 current plan. If it is determined that there has been a
21 failure to comply with the expenditure provisions of this
22 subsection regarding contravention or supplanting, the
23 State Superintendent of Education shall, within 60 days of
24 receipt of the report, notify the district and any affected
25 local school council. The district shall within 45 days of
26 receipt of that notification inform the State

1 Superintendent of Education of the remedial or corrective
2 action to be taken, whether by amendment of the current
3 plan, if feasible, or by adjustment in the plan for the
4 following year. Failure to provide the expenditure report
5 or the notification of remedial or corrective action in a
6 timely manner shall result in a withholding of the affected
7 funds.

8 The State Board of Education shall promulgate rules and
9 regulations to implement the provisions of this
10 subsection. No funds shall be released under this
11 subdivision (H) (4) to any district that has not submitted a
12 plan that has been approved by the State Board of
13 Education.

14 (I) (Blank).

15 (J) (Blank).

16 (K) Grants to Laboratory and Alternative Schools.

17 In calculating the amount to be paid to the governing board
18 of a public university that operates a laboratory school under
19 this Section or to any alternative school that is operated by a
20 regional superintendent of schools, the State Board of
21 Education shall require by rule such reporting requirements as
22 it deems necessary.

23 As used in this Section, "laboratory school" means a public

1 school which is created and operated by a public university and
2 approved by the State Board of Education. The governing board
3 of a public university which receives funds from the State
4 Board under this subsection (K) may not increase the number of
5 students enrolled in its laboratory school from a single
6 district, if that district is already sending 50 or more
7 students, except under a mutual agreement between the school
8 board of a student's district of residence and the university
9 which operates the laboratory school. A laboratory school may
10 not have more than 1,000 students, excluding students with
11 disabilities in a special education program.

12 As used in this Section, "alternative school" means a
13 public school which is created and operated by a Regional
14 Superintendent of Schools and approved by the State Board of
15 Education. Such alternative schools may offer courses of
16 instruction for which credit is given in regular school
17 programs, courses to prepare students for the high school
18 equivalency testing program or vocational and occupational
19 training. A regional superintendent of schools may contract
20 with a school district or a public community college district
21 to operate an alternative school. An alternative school serving
22 more than one educational service region may be established by
23 the regional superintendents of schools of the affected
24 educational service regions. An alternative school serving
25 more than one educational service region may be operated under
26 such terms as the regional superintendents of schools of those

1 educational service regions may agree.

2 Each laboratory and alternative school shall file, on forms
3 provided by the State Superintendent of Education, an annual
4 State aid claim which states the Average Daily Attendance of
5 the school's students by month. The best 3 months' Average
6 Daily Attendance shall be computed for each school. The general
7 State aid entitlement shall be computed by multiplying the
8 applicable Average Daily Attendance by the Foundation Level as
9 determined under this Section.

10 (L) Payments, Additional Grants in Aid and Other Requirements.

11 (1) For a school district operating under the financial
12 supervision of an Authority created under Article 34A, the
13 general State aid otherwise payable to that district under this
14 Section, but not the supplemental general State aid, shall be
15 reduced by an amount equal to the budget for the operations of
16 the Authority as certified by the Authority to the State Board
17 of Education, and an amount equal to such reduction shall be
18 paid to the Authority created for such district for its
19 operating expenses in the manner provided in Section 18-11. The
20 remainder of general State school aid for any such district
21 shall be paid in accordance with Article 34A when that Article
22 provides for a disposition other than that provided by this
23 Article.

24 (2) (Blank).

25 (3) Summer school. Summer school payments shall be made as

1 provided in Section 18-4.3.

2 (M) Education Funding Advisory Board.

3 The Education Funding Advisory Board, hereinafter in this
4 subsection (M) referred to as the "Board", is hereby created.
5 The Board shall consist of 5 members who are appointed by the
6 Governor, by and with the advice and consent of the Senate. The
7 members appointed shall include representatives of education,
8 business, and the general public. One of the members so
9 appointed shall be designated by the Governor at the time the
10 appointment is made as the chairperson of the Board. The
11 initial members of the Board may be appointed any time after
12 the effective date of this amendatory Act of 1997. The regular
13 term of each member of the Board shall be for 4 years from the
14 third Monday of January of the year in which the term of the
15 member's appointment is to commence, except that of the 5
16 initial members appointed to serve on the Board, the member who
17 is appointed as the chairperson shall serve for a term that
18 commences on the date of his or her appointment and expires on
19 the third Monday of January, 2002, and the remaining 4 members,
20 by lots drawn at the first meeting of the Board that is held
21 after all 5 members are appointed, shall determine 2 of their
22 number to serve for terms that commence on the date of their
23 respective appointments and expire on the third Monday of
24 January, 2001, and 2 of their number to serve for terms that
25 commence on the date of their respective appointments and

1 expire on the third Monday of January, 2000. All members
2 appointed to serve on the Board shall serve until their
3 respective successors are appointed and confirmed. Vacancies
4 shall be filled in the same manner as original appointments. If
5 a vacancy in membership occurs at a time when the Senate is not
6 in session, the Governor shall make a temporary appointment
7 until the next meeting of the Senate, when he or she shall
8 appoint, by and with the advice and consent of the Senate, a
9 person to fill that membership for the unexpired term. If the
10 Senate is not in session when the initial appointments are
11 made, those appointments shall be made as in the case of
12 vacancies.

13 The Education Funding Advisory Board shall be deemed
14 established, and the initial members appointed by the Governor
15 to serve as members of the Board shall take office, on the date
16 that the Governor makes his or her appointment of the fifth
17 initial member of the Board, whether those initial members are
18 then serving pursuant to appointment and confirmation or
19 pursuant to temporary appointments that are made by the
20 Governor as in the case of vacancies.

21 The State Board of Education shall provide such staff
22 assistance to the Education Funding Advisory Board as is
23 reasonably required for the proper performance by the Board of
24 its responsibilities.

25 For school years after the 2000-2001 school year, the
26 Education Funding Advisory Board, in consultation with the

1 State Board of Education, shall make recommendations as
2 provided in this subsection (M) to the General Assembly for the
3 foundation level under subdivision (B)(3) of this Section and
4 for the supplemental general State aid grant level under
5 subsection (H) of this Section for districts with high
6 concentrations of children from poverty. The recommended
7 foundation level shall be determined based on a methodology
8 which incorporates the basic education expenditures of
9 low-spending schools exhibiting high academic performance. The
10 Education Funding Advisory Board shall make such
11 recommendations to the General Assembly on January 1 of odd
12 numbered years, beginning January 1, 2001.

13 (N) (Blank).

14 (O) References.

15 (1) References in other laws to the various subdivisions of
16 Section 18-8 as that Section existed before its repeal and
17 replacement by this Section 18-8.05 shall be deemed to refer to
18 the corresponding provisions of this Section 18-8.05, to the
19 extent that those references remain applicable.

20 (2) References in other laws to State Chapter 1 funds shall
21 be deemed to refer to the supplemental general State aid
22 provided under subsection (H) of this Section.

23 (P) Public Act 93-838 and Public Act 93-808 make inconsistent

1 changes to this Section. Under Section 6 of the Statute on
2 Statutes there is an irreconcilable conflict between Public Act
3 93-808 and Public Act 93-838. Public Act 93-838, being the last
4 acted upon, is controlling. The text of Public Act 93-838 is
5 the law regardless of the text of Public Act 93-808.
