

99TH GENERAL ASSEMBLY

State of Illinois

2015 and 2016

SB2511

Introduced 2/9/2016, by Sen. Chris Nybo

SYNOPSIS AS INTRODUCED:

35 ILCS 5/304

from Ch. 120, par. 3-304

Amends the Illinois Income Tax Act. Provides that, for the purpose of calculating the sales factor when allocating business income of persons other than residents, if the purchaser is the United States government, then the sale is a sale of personal property in this State if the purchaser is within the State or the property is shipped from an office, store, warehouse, factory or other place of storage in this State (currently, when the purchaser is the United States government, the sale is in this State only if the property is shipped from an office, store, warehouse, factory or other place of storage in this State). Removes provisions providing that the sale is in this State if the property is shipped from an office, store, warehouse, factory or other place of storage in this State and the purchaser is not taxable in the State of the purchaser. Removes provisions concerning purchasers who are doing business on a premises owned or leased by a person who has independently contracted with the seller for the printing of newspapers, periodicals or books. Removes provisions providing that sales of tangible personal property are not in this State if the seller and purchaser would be members of the same unitary business group but for the fact that either the seller or purchaser is a person with 80% or more of total business activity outside of the United States and the property is purchased for resale.

FISCAL NOTE ACT
MAY APPLY

A BILL FOR

1 AN ACT concerning revenue.

2 **Be it enacted by the People of the State of Illinois,**
3 **represented in the General Assembly:**

4 Section 5. The Illinois Income Tax Act is amended by
5 changing Section 304 as follows:

6 (35 ILCS 5/304) (from Ch. 120, par. 3-304)

7 Sec. 304. Business income of persons other than residents.

8 (a) In general. The business income of a person other than
9 a resident shall be allocated to this State if such person's
10 business income is derived solely from this State. If a person
11 other than a resident derives business income from this State
12 and one or more other states, then, for tax years ending on or
13 before December 30, 1998, and except as otherwise provided by
14 this Section, such person's business income shall be
15 apportioned to this State by multiplying the income by a
16 fraction, the numerator of which is the sum of the property
17 factor (if any), the payroll factor (if any) and 200% of the
18 sales factor (if any), and the denominator of which is 4
19 reduced by the number of factors other than the sales factor
20 which have a denominator of zero and by an additional 2 if the
21 sales factor has a denominator of zero. For tax years ending on
22 or after December 31, 1998, and except as otherwise provided by
23 this Section, persons other than residents who derive business

1 income from this State and one or more other states shall
2 compute their apportionment factor by weighting their
3 property, payroll, and sales factors as provided in subsection
4 (h) of this Section.

5 (1) Property factor.

6 (A) The property factor is a fraction, the numerator of
7 which is the average value of the person's real and
8 tangible personal property owned or rented and used in the
9 trade or business in this State during the taxable year and
10 the denominator of which is the average value of all the
11 person's real and tangible personal property owned or
12 rented and used in the trade or business during the taxable
13 year.

14 (B) Property owned by the person is valued at its
15 original cost. Property rented by the person is valued at 8
16 times the net annual rental rate. Net annual rental rate is
17 the annual rental rate paid by the person less any annual
18 rental rate received by the person from sub-rentals.

19 (C) The average value of property shall be determined
20 by averaging the values at the beginning and ending of the
21 taxable year but the Director may require the averaging of
22 monthly values during the taxable year if reasonably
23 required to reflect properly the average value of the
24 person's property.

25 (2) Payroll factor.

26 (A) The payroll factor is a fraction, the numerator of

1 which is the total amount paid in this State during the
2 taxable year by the person for compensation, and the
3 denominator of which is the total compensation paid
4 everywhere during the taxable year.

5 (B) Compensation is paid in this State if:

6 (i) The individual's service is performed entirely
7 within this State;

8 (ii) The individual's service is performed both
9 within and without this State, but the service
10 performed without this State is incidental to the
11 individual's service performed within this State; or

12 (iii) Some of the service is performed within this
13 State and either the base of operations, or if there is
14 no base of operations, the place from which the service
15 is directed or controlled is within this State, or the
16 base of operations or the place from which the service
17 is directed or controlled is not in any state in which
18 some part of the service is performed, but the
19 individual's residence is in this State.

20 (iv) Compensation paid to nonresident professional
21 athletes.

22 (a) General. The Illinois source income of a
23 nonresident individual who is a member of a
24 professional athletic team includes the portion of the
25 individual's total compensation for services performed
26 as a member of a professional athletic team during the

1 taxable year which the number of duty days spent within
2 this State performing services for the team in any
3 manner during the taxable year bears to the total
4 number of duty days spent both within and without this
5 State during the taxable year.

6 (b) Travel days. Travel days that do not involve
7 either a game, practice, team meeting, or other similar
8 team event are not considered duty days spent in this
9 State. However, such travel days are considered in the
10 total duty days spent both within and without this
11 State.

12 (c) Definitions. For purposes of this subpart
13 (iv):

14 (1) The term "professional athletic team"
15 includes, but is not limited to, any professional
16 baseball, basketball, football, soccer, or hockey
17 team.

18 (2) The term "member of a professional
19 athletic team" includes those employees who are
20 active players, players on the disabled list, and
21 any other persons required to travel and who travel
22 with and perform services on behalf of a
23 professional athletic team on a regular basis.
24 This includes, but is not limited to, coaches,
25 managers, and trainers.

26 (3) Except as provided in items (C) and (D) of

1 this subpart (3), the term "duty days" means all
2 days during the taxable year from the beginning of
3 the professional athletic team's official
4 pre-season training period through the last game
5 in which the team competes or is scheduled to
6 compete. Duty days shall be counted for the year in
7 which they occur, including where a team's
8 official pre-season training period through the
9 last game in which the team competes or is
10 scheduled to compete, occurs during more than one
11 tax year.

12 (A) Duty days shall also include days on
13 which a member of a professional athletic team
14 performs service for a team on a date that does
15 not fall within the foregoing period (e.g.,
16 participation in instructional leagues, the
17 "All Star Game", or promotional "caravans").
18 Performing a service for a professional
19 athletic team includes conducting training and
20 rehabilitation activities, when such
21 activities are conducted at team facilities.

22 (B) Also included in duty days are game
23 days, practice days, days spent at team
24 meetings, promotional caravans, preseason
25 training camps, and days served with the team
26 through all post-season games in which the team

1 competes or is scheduled to compete.

2 (C) Duty days for any person who joins a
3 team during the period from the beginning of
4 the professional athletic team's official
5 pre-season training period through the last
6 game in which the team competes, or is
7 scheduled to compete, shall begin on the day
8 that person joins the team. Conversely, duty
9 days for any person who leaves a team during
10 this period shall end on the day that person
11 leaves the team. Where a person switches teams
12 during a taxable year, a separate duty-day
13 calculation shall be made for the period the
14 person was with each team.

15 (D) Days for which a member of a
16 professional athletic team is not compensated
17 and is not performing services for the team in
18 any manner, including days when such member of
19 a professional athletic team has been
20 suspended without pay and prohibited from
21 performing any services for the team, shall not
22 be treated as duty days.

23 (E) Days for which a member of a
24 professional athletic team is on the disabled
25 list and does not conduct rehabilitation
26 activities at facilities of the team, and is

1 not otherwise performing services for the team
2 in Illinois, shall not be considered duty days
3 spent in this State. All days on the disabled
4 list, however, are considered to be included in
5 total duty days spent both within and without
6 this State.

7 (4) The term "total compensation for services
8 performed as a member of a professional athletic
9 team" means the total compensation received during
10 the taxable year for services performed:

11 (A) from the beginning of the official
12 pre-season training period through the last
13 game in which the team competes or is scheduled
14 to compete during that taxable year; and

15 (B) during the taxable year on a date which
16 does not fall within the foregoing period
17 (e.g., participation in instructional leagues,
18 the "All Star Game", or promotional caravans).

19 This compensation shall include, but is not
20 limited to, salaries, wages, bonuses as described
21 in this subpart, and any other type of compensation
22 paid during the taxable year to a member of a
23 professional athletic team for services performed
24 in that year. This compensation does not include
25 strike benefits, severance pay, termination pay,
26 contract or option year buy-out payments,

1 expansion or relocation payments, or any other
2 payments not related to services performed for the
3 team.

4 For purposes of this subparagraph, "bonuses"
5 included in "total compensation for services
6 performed as a member of a professional athletic
7 team" subject to the allocation described in
8 Section 302(c)(1) are: bonuses earned as a result
9 of play (i.e., performance bonuses) during the
10 season, including bonuses paid for championship,
11 playoff or "bowl" games played by a team, or for
12 selection to all-star league or other honorary
13 positions; and bonuses paid for signing a
14 contract, unless the payment of the signing bonus
15 is not conditional upon the signee playing any
16 games for the team or performing any subsequent
17 services for the team or even making the team, the
18 signing bonus is payable separately from the
19 salary and any other compensation, and the signing
20 bonus is nonrefundable.

21 (3) Sales factor.

22 (A) The sales factor is a fraction, the numerator of
23 which is the total sales of the person in this State during
24 the taxable year, and the denominator of which is the total
25 sales of the person everywhere during the taxable year.

26 (B) Sales of tangible personal property are in this

1 State if:

2 (i) The property is delivered or shipped to a
3 purchaser, ~~other than the United States government,~~
4 within this State regardless of the f. o. b. point or
5 other conditions of the sale; or

6 (ii) The property is shipped from an office, store,
7 warehouse, factory or other place of storage in this
8 State and ~~either~~ the purchaser is the United States
9 government ~~or the person is not taxable in the state of~~
10 ~~the purchaser; provided, however, that premises owned~~
11 ~~or leased by a person who has independently contracted~~
12 ~~with the seller for the printing of newspapers,~~
13 ~~periodicals or books shall not be deemed to be an~~
14 ~~office, store, warehouse, factory or other place of~~
15 ~~storage for purposes of this Section. Sales of tangible~~
16 ~~personal property are not in this State if the seller~~
17 ~~and purchaser would be members of the same unitary~~
18 ~~business group but for the fact that either the seller~~
19 ~~or purchaser is a person with 80% or more of total~~
20 ~~business activity outside of the United States and the~~
21 ~~property is purchased for resale.~~

22 (B-1) Patents, copyrights, trademarks, and similar
23 items of intangible personal property.

24 (i) Gross receipts from the licensing, sale, or
25 other disposition of a patent, copyright, trademark,
26 or similar item of intangible personal property, other

1 than gross receipts governed by paragraph (B-7) of this
2 item (3), are in this State to the extent the item is
3 utilized in this State during the year the gross
4 receipts are included in gross income.

5 (ii) Place of utilization.

6 (I) A patent is utilized in a state to the
7 extent that it is employed in production,
8 fabrication, manufacturing, or other processing in
9 the state or to the extent that a patented product
10 is produced in the state. If a patent is utilized
11 in more than one state, the extent to which it is
12 utilized in any one state shall be a fraction equal
13 to the gross receipts of the licensee or purchaser
14 from sales or leases of items produced,
15 fabricated, manufactured, or processed within that
16 state using the patent and of patented items
17 produced within that state, divided by the total of
18 such gross receipts for all states in which the
19 patent is utilized.

20 (II) A copyright is utilized in a state to the
21 extent that printing or other publication
22 originates in the state. If a copyright is utilized
23 in more than one state, the extent to which it is
24 utilized in any one state shall be a fraction equal
25 to the gross receipts from sales or licenses of
26 materials printed or published in that state

1 divided by the total of such gross receipts for all
2 states in which the copyright is utilized.

3 (III) Trademarks and other items of intangible
4 personal property governed by this paragraph (B-1)
5 are utilized in the state in which the commercial
6 domicile of the licensee or purchaser is located.

7 (iii) If the state of utilization of an item of
8 property governed by this paragraph (B-1) cannot be
9 determined from the taxpayer's books and records or
10 from the books and records of any person related to the
11 taxpayer within the meaning of Section 267(b) of the
12 Internal Revenue Code, 26 U.S.C. 267, the gross
13 receipts attributable to that item shall be excluded
14 from both the numerator and the denominator of the
15 sales factor.

16 (B-2) Gross receipts from the license, sale, or other
17 disposition of patents, copyrights, trademarks, and
18 similar items of intangible personal property, other than
19 gross receipts governed by paragraph (B-7) of this item
20 (3), may be included in the numerator or denominator of the
21 sales factor only if gross receipts from licenses, sales,
22 or other disposition of such items comprise more than 50%
23 of the taxpayer's total gross receipts included in gross
24 income during the tax year and during each of the 2
25 immediately preceding tax years; provided that, when a
26 taxpayer is a member of a unitary business group, such

1 determination shall be made on the basis of the gross
2 receipts of the entire unitary business group.

3 (B-5) For taxable years ending on or after December 31,
4 2008, except as provided in subsections (ii) through (vii),
5 receipts from the sale of telecommunications service or
6 mobile telecommunications service are in this State if the
7 customer's service address is in this State.

8 (i) For purposes of this subparagraph (B-5), the
9 following terms have the following meanings:

10 "Ancillary services" means services that are
11 associated with or incidental to the provision of
12 "telecommunications services", including but not
13 limited to "detailed telecommunications billing",
14 "directory assistance", "vertical service", and "voice
15 mail services".

16 "Air-to-Ground Radiotelephone service" means a

19 provide radio telecommunications service for hire to
20 subscribers in aircraft.

21 "Call-by-call Basis" means any method of charging
22 for telecommunications services where the price is

8 "Customer Channel Termination Point" means the
9 location where the customer either inputs or receives
10 the communications.

11 "Detailed telecommunications billing service"
12 means an "ancillary service" of separately stating
13 information pertaining to individual calls on a

1 representative of where the customer's use of the

4 business street address of the customer. In the case of
5 mobile telecommunications services, "place of primary
6 use" must be within the licensed service area of the
7 home service provider.

8 "Post-paid telecommunication service" means the
9 telecommunications service obtained by making a
10 payment on a call-by-call basis either through the use
11 of a credit card or payment mechanism such as a bank
12 card, travel card, credit card, or debit card, or by
13 charge made to a telephone number which is not
14 associated with the origination or termination of the
15 telecommunications service. A post-paid calling
16 service includes telecommunications service, except a
17 prepaid wireless calling service, that would be a
18 prepaid calling service except it is not exclusively a
19 telecommunication service.

20 "Prepaid telecommunication service" means the
21 right to access exclusively telecommunications
22 services, which must be paid for in advance and which

17 other associated services that are provided in
18 connection with the use of such channel or channels.

19 "Service address" means:

20 (a) The location of the telecommunications
21 equipment to which a customer's call is charged and
22 from which the call originates or terminates,
23 regardless of where the call is billed or paid;

24 (b) If the location in line (a) is not known,
25 service address means the origination point of the
26 signal of the telecommunications services first

1 identified by either the seller's
2 telecommunications system or in information
3 received by the seller from its service provider
4 where the system used to transport such signals is
5 not that of the seller; and

9 "Telecommunications service" means the electronic
10 transmission, conveyance, or routing of voice, data,
11 audio, video, or any other information or signals to a

15 processing applications are used to act on the form,
16 code or protocol of the content for purposes of
17 transmission, conveyance or routing without regard to
18 whether such service is referred to as voice over
19 Internet protocol services or is classified by the
20 Federal Communications Commission as enhanced or value
21 added. "Telecommunications service" does not include:

22 (a) Data processing and information services

3 equipment on a customer's premises;

4 (c) Tangible personal property;

5 (d) Advertising, including but not limited to

11 programming services, regardless of the medium,
12 including the furnishing of transmission,
13 conveyance and routing of such services by the
14 programming service provider. Radio and television
15 audio and video programming services shall include
16 but not be limited to cable service as defined in

22 electronically", including but not limited to
23 software, music, video, reading materials or ring
24 tones.

25 "Vertical service" means an "ancillary service"
26 that is offered in connection with one or more

1 "telecommunications services", which offers advanced
2 calling features that allow customers to identify
3 callers and to manage multiple calls and call
4 connections, including "conference bridging services".

5 "Voice mail service" means an "ancillary service"
6 that enables the customer to store, send or receive
7 recorded messages. "Voice mail service" does not
8 include any "vertical services" that the customer may
9 be required to have in order to utilize the "voice mail
10 service".

11 (ii) Receipts from the sale of telecommunications
12 service sold on an individual call-by-call basis are in
13 this State if either of the following applies:

14 (a) The call both originates and terminates in
15 this State.

16 (b) The call either originates or terminates
17 in this State and the service address is located in
18 this State.

19 (iii) Receipts from the sale of postpaid
20 telecommunications service at retail are in this State
21 if the origination point of the telecommunication
22 signal, as first identified by the service provider's
23 telecommunication system or as identified by

25 provider if the system used to transport
26 telecommunication signals is not the seller's, is

1 located in this State.

8 service or mobile telecommunications service is in
9 this State if the purchaser's billing information
10 indicates a location in this State.

11 (v) Receipts from the sale of private
12 communication services are in this State as follows:

13 (a) 100% of receipts from charges imposed at
14 each channel termination point in this State.

15 (b) 100% of receipts from charges for the total
16 channel mileage between each channel termination
17 point in this State.

18 (c) 50% of the total receipts from charges for
19 service segments when those segments are between 2
20 customer channel termination points, 1 of which is
21 located in this State and the other is located
22 outside of this State, which segments are
23 separately charged.

24 (d) The receipts from charges for service
25 segments with a channel termination point located
26 in this State and in two or more other states, and

1 which segments are not separately billed, are in
2 this State based on a percentage determined by
3 dividing the number of customer channel
4 termination points in this State by the total
5 number of customer channel termination points.

6 (vi) Receipts from charges for ancillary services
7 for telecommunications service sold to customers at
8 retail are in this State if the customer's primary
9 place of use of telecommunications services associated
10 with those ancillary services is in this State. If the
11 seller of those ancillary services cannot determine
12 where the associated telecommunications are located,
13 then the ancillary services shall be based on the
14 location of the purchaser.

15 (vii) Receipts to access a carrier's network or

25 service if the interstate call either originates
26 or terminates in this State.

1 (c) 100% of the receipts from interstate end
2 user access line charges, if the customer's
3 service address is in this State. As used in this
4 subdivision, "interstate end user access line
5 charges" includes, but is not limited to, the
6 surcharge approved by the federal communications
7 commission and levied pursuant to 47 CFR 69.

12 resale shall be sourced to this State using the
13 apportionment concepts used for non-resale
14 receipts of telecommunications services if the
15 information is readily available to make that
16 determination. If the information is not readily
17 available, then the taxpayer may use any other
18 reasonable and consistent method.

19 (B-7) For taxable years ending on or after December 31,
20 2008, receipts from the sale of broadcasting services are

22 this State. For purposes of this paragraph (B-7), the
23 following terms have the following meanings:

24 "Advertising revenue" means consideration received
25 by the taxpayer in exchange for broadcasting services

2 film or radio programming, from sponsorships of the
3 programming, or from product placements in the
4 programming.

5 "Audience factor" means the ratio that the
6 audience or subscribers located in this State of a
7 station, a network, or a cable system bears to the
8 total audience or total subscribers for that station,
9 network, or cable system. The audience factor for film
10 or radio programming shall be determined by reference
11 to the books and records of the taxpayer or by
12 reference to published rating statistics provided the
13 method used by the taxpayer is consistently used from
14 year to year for this purpose and fairly represents the
15 taxpayer's activity in this State.

16 "Broadcast" or "broadcasting" or "broadcasting
17 services" means the transmission or provision of film
18 or radio programming, whether through the public
19 airwaves, by cable, by direct or indirect satellite
20 transmission, or by any other means of communication,
21 either through a station, a network, or a cable system.

22 "Film" or "film programming" means the broadcast
23 on television of any and all performances, events, or
24 productions, including but not limited to news,
25 sporting events, plays, stories, or other literary,
26 commercial, educational, or artistic works, either

1 live or through the use of video tape, disc, or any
2 other type of format or medium. Each episode of a
3 series of films produced for television shall
4 constitute separate "film" notwithstanding that the
5 series relates to the same principal subject and is
6 produced during one or more tax periods.

7 "Radio" or "radio programming" means the broadcast
8 on radio of any and all performances, events, or
9 productions, including but not limited to news,
10 sporting events, plays, stories, or other literary,
11 commercial, educational, or artistic works, either
12 live or through the use of an audio tape, disc, or any
13 other format or medium. Each episode in a series of
14 radio programming produced for radio broadcast shall
15 constitute a separate "radio programming"
16 notwithstanding that the series relates to the same
17 principal subject and is produced during one or more
18 tax periods.

19 (i) In the case of advertising revenue from
20 broadcasting, the customer is the advertiser and
21 the service is received in this State if the
22 commercial domicile of the advertiser is in this
23 State.

24 (ii) In the case where film or radio
25 programming is broadcast by a station, a network,
26 or a cable system for a fee or other remuneration

1 received from the recipient of the broadcast, the
2 portion of the service that is received in this
3 State is measured by the portion of the recipients
4 of the broadcast located in this State.
5 Accordingly, the fee or other remuneration for
6 such service that is included in the Illinois
7 numerator of the sales factor is the total of those
8 fees or other remuneration received from
9 recipients in Illinois. For purposes of this
10 paragraph, a taxpayer may determine the location
11 of the recipients of its broadcast using the
12 address of the recipient shown in its contracts
13 with the recipient or using the billing address of
14 the recipient in the taxpayer's records.

15 (iii) In the case where film or radio
16 programming is broadcast by a station, a network,
17 or a cable system for a fee or other remuneration
18 from the person providing the programming, the
19 portion of the broadcast service that is received
20 by such station, network, or cable system in this
21 State is measured by the portion of recipients of
22 the broadcast located in this State. Accordingly,
23 the amount of revenue related to such an
24 arrangement that is included in the Illinois
25 numerator of the sales factor is the total fee or
26 other total remuneration from the person providing

1 the programming related to that broadcast
2 multiplied by the Illinois audience factor for
3 that broadcast.

4 (iv) In the case where film or radio
5 programming is provided by a taxpayer that is a
6 network or station to a customer for broadcast in
7 exchange for a fee or other remuneration from that
8 customer the broadcasting service is received at
9 the location of the office of the customer from
10 which the services were ordered in the regular
11 course of the customer's trade or business.
12 Accordingly, in such a case the revenue derived by
13 the taxpayer that is included in the taxpayer's
14 Illinois numerator of the sales factor is the
15 revenue from such customers who receive the
16 broadcasting service in Illinois.

17 (v) In the case where film or radio programming
18 is provided by a taxpayer that is not a network or
19 station to another person for broadcasting in
20 exchange for a fee or other remuneration from that
21 person, the broadcasting service is received at
22 the location of the office of the customer from
23 which the services were ordered in the regular
24 course of the customer's trade or business.
25 Accordingly, in such a case the revenue derived by
26 the taxpayer that is included in the taxpayer's

1 Illinois numerator of the sales factor is the
2 revenue from such customers who receive the
3 broadcasting service in Illinois.

4 (B-8) Gross receipts from winnings under the Illinois
5 Lottery Law from the assignment of a prize under Section
6 13.1 ~~13-1~~ of the Illinois Lottery Law are received in this
7 State. This paragraph (B-8) applies only to taxable years
8 ending on or after December 31, 2013.

9 (C) For taxable years ending before December 31, 2008,
10 sales, other than sales governed by paragraphs (B), (B-1),
11 (B-2), and (B-8) are in this State if:

12 (i) The income-producing activity is performed in
13 this State; or

14 (ii) The income-producing activity is performed
15 both within and without this State and a greater
16 proportion of the income-producing activity is
17 performed within this State than without this State,
18 based on performance costs.

19 (C-5) For taxable years ending on or after December 31,
20 2008, sales, other than sales governed by paragraphs (B),
21 (B-1), (B-2), (B-5), and (B-7), are in this State if any of
22 the following criteria are met:

23 (i) Sales from the sale or lease of real property
24 are in this State if the property is located in this
25 State.

26 (ii) Sales from the lease or rental of tangible

1 personal property are in this State if the property is
2 located in this State during the rental period. Sales
3 from the lease or rental of tangible personal property
4 that is characteristically moving property, including,
5 but not limited to, motor vehicles, rolling stock,
6 aircraft, vessels, or mobile equipment are in this
7 State to the extent that the property is used in this
8 State.

9 (iii) In the case of interest, net gains (but not
10 less than zero) and other items of income from
11 intangible personal property, the sale is in this State
12 if:

13 (a) in the case of a taxpayer who is a dealer
14 in the item of intangible personal property within
15 the meaning of Section 475 of the Internal Revenue
16 Code, the income or gain is received from a
17 customer in this State. For purposes of this
18 subparagraph, a customer is in this State if the
19 customer is an individual, trust or estate who is a
20 resident of this State and, for all other
21 customers, if the customer's commercial domicile
22 is in this State. Unless the dealer has actual
23 knowledge of the residence or commercial domicile
24 of a customer during a taxable year, the customer
25 shall be deemed to be a customer in this State if
26 the billing address of the customer, as shown in

1 the records of the dealer, is in this State; or

2 (b) in all other cases, if the
3 income-producing activity of the taxpayer is
4 performed in this State or, if the
5 income-producing activity of the taxpayer is
6 performed both within and without this State, if a
7 greater proportion of the income-producing
8 activity of the taxpayer is performed within this
9 State than in any other state, based on performance
10 costs.

11 (iv) Sales of services are in this State if the
12 services are received in this State. For the purposes
13 of this section, gross receipts from the performance of
14 services provided to a corporation, partnership, or
15 trust may only be attributed to a state where that
16 corporation, partnership, or trust has a fixed place of
17 business. If the state where the services are received
18 is not readily determinable or is a state where the
19 corporation, partnership, or trust receiving the
20 service does not have a fixed place of business, the
21 services shall be deemed to be received at the location
22 of the office of the customer from which the services
23 were ordered in the regular course of the customer's
24 trade or business. If the ordering office cannot be
25 determined, the services shall be deemed to be received
26 at the office of the customer to which the services are

1 billed. If the taxpayer is not taxable in the state in
2 which the services are received, the sale must be
3 excluded from both the numerator and the denominator of
4 the sales factor. The Department shall adopt rules
5 prescribing where specific types of service are
6 received, including, but not limited to, publishing,
7 and utility service.

8 (D) For taxable years ending on or after December 31,
9 1995, the following items of income shall not be included
10 in the numerator or denominator of the sales factor:
11 dividends; amounts included under Section 78 of the
12 Internal Revenue Code; and Subpart F income as defined in
13 Section 952 of the Internal Revenue Code. No inference
14 shall be drawn from the enactment of this paragraph (D) in
15 construing this Section for taxable years ending before
16 December 31, 1995.

17 (E) Paragraphs (B-1) and (B-2) shall apply to tax years
18 ending on or after December 31, 1999, provided that a
19 taxpayer may elect to apply the provisions of these
20 paragraphs to prior tax years. Such election shall be made
21 in the form and manner prescribed by the Department, shall
22 be irrevocable, and shall apply to all tax years; provided
23 that, if a taxpayer's Illinois income tax liability for any
24 tax year, as assessed under Section 903 prior to January 1,
25 1999, was computed in a manner contrary to the provisions
26 of paragraphs (B-1) or (B-2), no refund shall be payable to

1 the taxpayer for that tax year to the extent such refund is
2 the result of applying the provisions of paragraph (B-1) or
3 (B-2) retroactively. In the case of a unitary business
4 group, such election shall apply to all members of such
5 group for every tax year such group is in existence, but
6 shall not apply to any taxpayer for any period during which
7 that taxpayer is not a member of such group.

8 (b) Insurance companies.

9 (1) In general. Except as otherwise provided by
10 paragraph (2), business income of an insurance company for
11 a taxable year shall be apportioned to this State by
12 multiplying such income by a fraction, the numerator of
13 which is the direct premiums written for insurance upon
14 property or risk in this State, and the denominator of
15 which is the direct premiums written for insurance upon
16 property or risk everywhere. For purposes of this
17 subsection, the term "direct premiums written" means the
18 total amount of direct premiums written, assessments and
19 annuity considerations as reported for the taxable year on
20 the annual statement filed by the company with the Illinois
21 Director of Insurance in the form approved by the National
22 Convention of Insurance Commissioners or such other form as
23 may be prescribed in lieu thereof.

24 (2) Reinsurance. If the principal source of premiums
25 written by an insurance company consists of premiums for
26 reinsurance accepted by it, the business income of such

1 company shall be apportioned to this State by multiplying
2 such income by a fraction, the numerator of which is the
3 sum of (i) direct premiums written for insurance upon
4 property or risk in this State, plus (ii) premiums written
5 for reinsurance accepted in respect of property or risk in
6 this State, and the denominator of which is the sum of
7 (iii) direct premiums written for insurance upon property
8 or risk everywhere, plus (iv) premiums written for
9 reinsurance accepted in respect of property or risk
10 everywhere. For purposes of this paragraph, premiums
11 written for reinsurance accepted in respect of property or
12 risk in this State, whether or not otherwise determinable,
13 may, at the election of the company, be determined on the
14 basis of the proportion which premiums written for
15 reinsurance accepted from companies commercially domiciled
16 in Illinois bears to premiums written for reinsurance
17 accepted from all sources, or, alternatively, in the
18 proportion which the sum of the direct premiums written for
19 insurance upon property or risk in this State by each
20 ceding company from which reinsurance is accepted bears to
21 the sum of the total direct premiums written by each such
22 ceding company for the taxable year. The election made by a
23 company under this paragraph for its first taxable year
24 ending on or after December 31, 2011, shall be binding for
25 that company for that taxable year and for all subsequent
26 taxable years, and may be altered only with the written

1 permission of the Department, which shall not be
2 unreasonably withheld.

3 (c) Financial organizations.

4 (1) In general. For taxable years ending before
5 December 31, 2008, business income of a financial
6 organization shall be apportioned to this State by
7 multiplying such income by a fraction, the numerator of
8 which is its business income from sources within this
9 State, and the denominator of which is its business income
10 from all sources. For the purposes of this subsection, the
11 business income of a financial organization from sources
12 within this State is the sum of the amounts referred to in
13 subparagraphs (A) through (E) following, but excluding the
14 adjusted income of an international banking facility as
15 determined in paragraph (2):

16 (A) Fees, commissions or other compensation for
17 financial services rendered within this State;

18 (B) Gross profits from trading in stocks, bonds or
19 other securities managed within this State;

20 (C) Dividends, and interest from Illinois
21 customers, which are received within this State;

22 (D) Interest charged to customers at places of
23 business maintained within this State for carrying
24 debit balances of margin accounts, without deduction
25 of any costs incurred in carrying such accounts; and

26 (E) Any other gross income resulting from the

1 operation as a financial organization within this
2 State. In computing the amounts referred to in
3 paragraphs (A) through (E) of this subsection, any
4 amount received by a member of an affiliated group
5 (determined under Section 1504(a) of the Internal
6 Revenue Code but without reference to whether any such
7 corporation is an "includible corporation" under
8 Section 1504(b) of the Internal Revenue Code) from
9 another member of such group shall be included only to
10 the extent such amount exceeds expenses of the
11 recipient directly related thereto.

12 (2) International Banking Facility. For taxable years
13 ending before December 31, 2008:

14 (A) Adjusted Income. The adjusted income of an
15 international banking facility is its income reduced
16 by the amount of the floor amount.

17 (B) Floor Amount. The floor amount shall be the
18 amount, if any, determined by multiplying the income of
19 the international banking facility by a fraction, not
20 greater than one, which is determined as follows:

21 (i) The numerator shall be:

22 The average aggregate, determined on a
23 quarterly basis, of the financial organization's
24 loans to banks in foreign countries, to foreign
25 domiciled borrowers (except where secured
26 primarily by real estate) and to foreign

1 governments and other foreign official
2 institutions, as reported for its branches,
3 agencies and offices within the state on its
4 "Consolidated Report of Condition", Schedule A,
5 Lines 2.c., 5.b., and 7.a., which was filed with
6 the Federal Deposit Insurance Corporation and
7 other regulatory authorities, for the year 1980,
8 minus

9 The average aggregate, determined on a
10 quarterly basis, of such loans (other than loans of
11 an international banking facility), as reported by
12 the financial institution for its branches,
13 agencies and offices within the state, on the
14 corresponding Schedule and lines of the
15 Consolidated Report of Condition for the current
16 taxable year, provided, however, that in no case
17 shall the amount determined in this clause (the
18 subtrahend) exceed the amount determined in the
19 preceding clause (the minuend); and

20 (ii) the denominator shall be the average
21 aggregate, determined on a quarterly basis, of the
22 international banking facility's loans to banks in
23 foreign countries, to foreign domiciled borrowers
24 (except where secured primarily by real estate)
25 and to foreign governments and other foreign
26 official institutions, which were recorded in its

1 financial accounts for the current taxable year.

2 (C) Change to Consolidated Report of Condition and
3 in Qualification. In the event the Consolidated Report
4 of Condition which is filed with the Federal Deposit
5 Insurance Corporation and other regulatory authorities
6 is altered so that the information required for
7 determining the floor amount is not found on Schedule
8 A, lines 2.c., 5.b. and 7.a., the financial institution
9 shall notify the Department and the Department may, by
10 regulations or otherwise, prescribe or authorize the
11 use of an alternative source for such information. The
12 financial institution shall also notify the Department
13 should its international banking facility fail to
14 qualify as such, in whole or in part, or should there
15 be any amendment or change to the Consolidated Report
16 of Condition, as originally filed, to the extent such
17 amendment or change alters the information used in
18 determining the floor amount.

19 (3) For taxable years ending on or after December 31,
20 2008, the business income of a financial organization shall
21 be apportioned to this State by multiplying such income by
22 a fraction, the numerator of which is its gross receipts
23 from sources in this State or otherwise attributable to
24 this State's marketplace and the denominator of which is
25 its gross receipts everywhere during the taxable year.
26 "Gross receipts" for purposes of this subparagraph (3)

1 means gross income, including net taxable gain on
2 disposition of assets, including securities and money
3 market instruments, when derived from transactions and
4 activities in the regular course of the financial
5 organization's trade or business. The following examples
6 are illustrative:

7 (i) Receipts from the lease or rental of real or
8 tangible personal property are in this State if the
9 property is located in this State during the rental
10 period. Receipts from the lease or rental of tangible
11 personal property that is characteristically moving
12 property, including, but not limited to, motor
13 vehicles, rolling stock, aircraft, vessels, or mobile
14 equipment are from sources in this State to the extent
15 that the property is used in this State.

16 (ii) Interest income, commissions, fees, gains on
17 disposition, and other receipts from assets in the
18 nature of loans that are secured primarily by real
19 estate or tangible personal property are from sources
20 in this State if the security is located in this State.

21 (iii) Interest income, commissions, fees, gains on
22 disposition, and other receipts from consumer loans
23 that are not secured by real or tangible personal
24 property are from sources in this State if the debtor
25 is a resident of this State.

26 (iv) Interest income, commissions, fees, gains on

1 disposition, and other receipts from commercial loans
2 and installment obligations that are not secured by
3 real or tangible personal property are from sources in
4 this State if the proceeds of the loan are to be
5 applied in this State. If it cannot be determined where
6 the funds are to be applied, the income and receipts
7 are from sources in this State if the office of the
8 borrower from which the loan was negotiated in the
9 regular course of business is located in this State. If
10 the location of this office cannot be determined, the
11 income and receipts shall be excluded from the
12 numerator and denominator of the sales factor.

13 (v) Interest income, fees, gains on disposition,
14 service charges, merchant discount income, and other
15 receipts from credit card receivables are from sources
16 in this State if the card charges are regularly billed
17 to a customer in this State.

18 (vi) Receipts from the performance of services,
19 including, but not limited to, fiduciary, advisory,
20 and brokerage services, are in this State if the
21 services are received in this State within the meaning
22 of subparagraph (a) (3) (C-5) (iv) of this Section.

23 (vii) Receipts from the issuance of travelers
24 checks and money orders are from sources in this State
25 if the checks and money orders are issued from a
26 location within this State.

1 (viii) Receipts from investment assets and
2 activities and trading assets and activities are
3 included in the receipts factor as follows:

4 (1) Interest, dividends, net gains (but not
5 less than zero) and other income from investment
6 assets and activities from trading assets and
7 activities shall be included in the receipts
8 factor. Investment assets and activities and
9 trading assets and activities include but are not
10 limited to: investment securities; trading account
11 assets; federal funds; securities purchased and
12 sold under agreements to resell or repurchase;
13 options; futures contracts; forward contracts;
14 notional principal contracts such as swaps;
15 equities; and foreign currency transactions. With
16 respect to the investment and trading assets and
17 activities described in subparagraphs (A) and (B)
18 of this paragraph, the receipts factor shall
19 include the amounts described in such
20 subparagraphs.

21 (A) The receipts factor shall include the
22 amount by which interest from federal funds
23 sold and securities purchased under resale
24 agreements exceeds interest expense on federal
25 funds purchased and securities sold under
26 repurchase agreements.

1 (B) The receipts factor shall include the
2 amount by which interest, dividends, gains and
3 other income from trading assets and
4 activities, including but not limited to
5 assets and activities in the matched book, in
6 the arbitrage book, and foreign currency
7 transactions, exceed amounts paid in lieu of
8 interest, amounts paid in lieu of dividends,
9 and losses from such assets and activities.

10 (2) The numerator of the receipts factor
11 includes interest, dividends, net gains (but not
12 less than zero), and other income from investment
13 assets and activities and from trading assets and
14 activities described in paragraph (1) of this
15 subsection that are attributable to this State.

16 (A) The amount of interest, dividends, net
17 gains (but not less than zero), and other
18 income from investment assets and activities
19 in the investment account to be attributed to
20 this State and included in the numerator is
21 determined by multiplying all such income from
22 such assets and activities by a fraction, the
23 numerator of which is the gross income from
24 such assets and activities which are properly
25 assigned to a fixed place of business of the
26 taxpayer within this State and the denominator

1 of which is the gross income from all such
2 assets and activities.

3 (B) The amount of interest from federal
4 funds sold and purchased and from securities
5 purchased under resale agreements and
6 securities sold under repurchase agreements
7 attributable to this State and included in the
8 numerator is determined by multiplying the
9 amount described in subparagraph (A) of
10 paragraph (1) of this subsection from such
11 funds and such securities by a fraction, the
12 numerator of which is the gross income from
13 such funds and such securities which are
14 properly assigned to a fixed place of business
15 of the taxpayer within this State and the
16 denominator of which is the gross income from
17 all such funds and such securities.

18 (C) The amount of interest, dividends,
19 gains, and other income from trading assets and
20 activities, including but not limited to
21 assets and activities in the matched book, in
22 the arbitrage book and foreign currency
23 transactions (but excluding amounts described
24 in subparagraphs (A) or (B) of this paragraph),
25 attributable to this State and included in the
26 numerator is determined by multiplying the

1 amount described in subparagraph (B) of
2 paragraph (1) of this subsection by a fraction,
3 the numerator of which is the gross income from
4 such trading assets and activities which are
5 properly assigned to a fixed place of business
6 of the taxpayer within this State and the
7 denominator of which is the gross income from
8 all such assets and activities.

9 (D) Properly assigned, for purposes of
10 this paragraph (2) of this subsection, means
11 the investment or trading asset or activity is
12 assigned to the fixed place of business with
13 which it has a preponderance of substantive
14 contacts. An investment or trading asset or
15 activity assigned by the taxpayer to a fixed
16 place of business without the State shall be
17 presumed to have been properly assigned if:

18 (i) the taxpayer has assigned, in the
19 regular course of its business, such asset
20 or activity on its records to a fixed place
21 of business consistent with federal or
22 state regulatory requirements;

23 (ii) such assignment on its records is
24 based upon substantive contacts of the
25 asset or activity to such fixed place of
26 business; and

1 (iii) the taxpayer uses such records
2 reflecting assignment of such assets or
3 activities for the filing of all state and
4 local tax returns for which an assignment
5 of such assets or activities to a fixed
6 place of business is required.

7 (E) The presumption of proper assignment
8 of an investment or trading asset or activity
9 provided in subparagraph (D) of paragraph (2)
10 of this subsection may be rebutted upon a
11 showing by the Department, supported by a
12 preponderance of the evidence, that the
13 preponderance of substantive contacts
14 regarding such asset or activity did not occur
15 at the fixed place of business to which it was
16 assigned on the taxpayer's records. If the
17 fixed place of business that has a
18 preponderance of substantive contacts cannot
19 be determined for an investment or trading
20 asset or activity to which the presumption in
21 subparagraph (D) of paragraph (2) of this
22 subsection does not apply or with respect to
23 which that presumption has been rebutted, that
24 asset or activity is properly assigned to the
25 state in which the taxpayer's commercial
26 domicile is located. For purposes of this

1 subparagraph (E), it shall be presumed,
2 subject to rebuttal, that taxpayer's
3 commercial domicile is in the state of the
4 United States or the District of Columbia to
5 which the greatest number of employees are
6 regularly connected with the management of the
7 investment or trading income or out of which
8 they are working, irrespective of where the
9 services of such employees are performed, as of
10 the last day of the taxable year.

11 (4) (Blank).

12 (5) (Blank).

13 (c-1) Federally regulated exchanges. For taxable years
14 ending on or after December 31, 2012, business income of a
15 federally regulated exchange shall, at the option of the
16 federally regulated exchange, be apportioned to this State by
17 multiplying such income by a fraction, the numerator of which
18 is its business income from sources within this State, and the
19 denominator of which is its business income from all sources.
20 For purposes of this subsection, the business income within
21 this State of a federally regulated exchange is the sum of the
22 following:

23 (1) Receipts attributable to transactions executed on
24 a physical trading floor if that physical trading floor is
25 located in this State.

26 (2) Receipts attributable to all other matching,

1 execution, or clearing transactions, including without
2 limitation receipts from the provision of matching,
3 execution, or clearing services to another entity,
4 multiplied by (i) for taxable years ending on or after
5 December 31, 2012 but before December 31, 2013, 63.77%; and
6 (ii) for taxable years ending on or after December 31,
7 2013, 27.54%.

8 (3) All other receipts not governed by subparagraphs
9 (1) or (2) of this subsection (c-1), to the extent the
10 receipts would be characterized as "sales in this State"
11 under item (3) of subsection (a) of this Section.

12 "Federally regulated exchange" means (i) a "registered
13 entity" within the meaning of 7 U.S.C. Section 1a(40) (A), (B),
14 or (C), (ii) an "exchange" or "clearing agency" within the
15 meaning of 15 U.S.C. Section 78c (a) (1) or (23), (iii) any such
16 entities regulated under any successor regulatory structure to
17 the foregoing, and (iv) all taxpayers who are members of the
18 same unitary business group as a federally regulated exchange,
19 determined without regard to the prohibition in Section
20 1501(a) (27) of this Act against including in a unitary business
21 group taxpayers who are ordinarily required to apportion
22 business income under different subsections of this Section;
23 provided that this subparagraph (iv) shall apply only if 50% or
24 more of the business receipts of the unitary business group
25 determined by application of this subparagraph (iv) for the
26 taxable year are attributable to the matching, execution, or

1 clearing of transactions conducted by an entity described in
2 subparagraph (i), (ii), or (iii) of this paragraph.

3 In no event shall the Illinois apportionment percentage
4 computed in accordance with this subsection (c-1) for any
5 taxpayer for any tax year be less than the Illinois
6 apportionment percentage computed under this subsection (c-1)
7 for that taxpayer for the first full tax year ending on or
8 after December 31, 2013 for which this subsection (c-1) applied
9 to the taxpayer.

10 (d) Transportation services. For taxable years ending
11 before December 31, 2008, business income derived from
12 furnishing transportation services shall be apportioned to
13 this State in accordance with paragraphs (1) and (2):

14 (1) Such business income (other than that derived from
15 transportation by pipeline) shall be apportioned to this
16 State by multiplying such income by a fraction, the
17 numerator of which is the revenue miles of the person in
18 this State, and the denominator of which is the revenue
19 miles of the person everywhere. For purposes of this
20 paragraph, a revenue mile is the transportation of 1
21 passenger or 1 net ton of freight the distance of 1 mile
22 for a consideration. Where a person is engaged in the
23 transportation of both passengers and freight, the
24 fraction above referred to shall be determined by means of
25 an average of the passenger revenue mile fraction and the
26 freight revenue mile fraction, weighted to reflect the

1 person's

2 (A) relative railway operating income from total
3 passenger and total freight service, as reported to the
4 Interstate Commerce Commission, in the case of
5 transportation by railroad, and

6 (B) relative gross receipts from passenger and
7 freight transportation, in case of transportation
8 other than by railroad.

9 (2) Such business income derived from transportation
10 by pipeline shall be apportioned to this State by
11 multiplying such income by a fraction, the numerator of
12 which is the revenue miles of the person in this State, and
13 the denominator of which is the revenue miles of the person
14 everywhere. For the purposes of this paragraph, a revenue
15 mile is the transportation by pipeline of 1 barrel of oil,
16 1,000 cubic feet of gas, or of any specified quantity of
17 any other substance, the distance of 1 mile for a
18 consideration.

19 (3) For taxable years ending on or after December 31,
20 2008, business income derived from providing
21 transportation services other than airline services shall
22 be apportioned to this State by using a fraction, (a) the
23 numerator of which shall be (i) all receipts from any
24 movement or shipment of people, goods, mail, oil, gas, or
25 any other substance (other than by airline) that both
26 originates and terminates in this State, plus (ii) that

1 portion of the person's gross receipts from movements or
2 shipments of people, goods, mail, oil, gas, or any other
3 substance (other than by airline) that originates in one
4 state or jurisdiction and terminates in another state or
5 jurisdiction, that is determined by the ratio that the
6 miles traveled in this State bears to total miles
7 everywhere and (b) the denominator of which shall be all
8 revenue derived from the movement or shipment of people,
9 goods, mail, oil, gas, or any other substance (other than
10 by airline). Where a taxpayer is engaged in the
11 transportation of both passengers and freight, the
12 fraction above referred to shall first be determined
13 separately for passenger miles and freight miles. Then an
14 average of the passenger miles fraction and the freight
15 miles fraction shall be weighted to reflect the taxpayer's:

16 (A) relative railway operating income from total
17 passenger and total freight service, as reported to the
18 Surface Transportation Board, in the case of
19 transportation by railroad; and

20 (B) relative gross receipts from passenger and
21 freight transportation, in case of transportation
22 other than by railroad.

23 (4) For taxable years ending on or after December 31,
24 2008, business income derived from furnishing airline
25 transportation services shall be apportioned to this State
26 by multiplying such income by a fraction, the numerator of

1 which is the revenue miles of the person in this State, and
2 the denominator of which is the revenue miles of the person
3 everywhere. For purposes of this paragraph, a revenue mile
4 is the transportation of one passenger or one net ton of
5 freight the distance of one mile for a consideration. If a
6 person is engaged in the transportation of both passengers
7 and freight, the fraction above referred to shall be
8 determined by means of an average of the passenger revenue
9 mile fraction and the freight revenue mile fraction,
10 weighted to reflect the person's relative gross receipts
11 from passenger and freight airline transportation.

12 (e) Combined apportionment. Where 2 or more persons are
13 engaged in a unitary business as described in subsection
14 (a) (27) of Section 1501, a part of which is conducted in this
15 State by one or more members of the group, the business income
16 attributable to this State by any such member or members shall
17 be apportioned by means of the combined apportionment method.

18 (f) Alternative allocation. If the allocation and
19 apportionment provisions of subsections (a) through (e) and of
20 subsection (h) do not, for taxable years ending before December
21 31, 2008, fairly represent the extent of a person's business
22 activity in this State, or, for taxable years ending on or
23 after December 31, 2008, fairly represent the market for the
24 person's goods, services, or other sources of business income,
25 the person may petition for, or the Director may, without a
26 petition, permit or require, in respect of all or any part of

1 the person's business activity, if reasonable:

2 (1) Separate accounting;

3 (2) The exclusion of any one or more factors;

4 (3) The inclusion of one or more additional factors
5 which will fairly represent the person's business
6 activities or market in this State; or

7 (4) The employment of any other method to effectuate an
8 equitable allocation and apportionment of the person's
9 business income.

10 (g) Cross reference. For allocation of business income by
11 residents, see Section 301(a).

12 (h) For tax years ending on or after December 31, 1998, the
13 apportionment factor of persons who apportion their business
14 income to this State under subsection (a) shall be equal to:

15 (1) for tax years ending on or after December 31, 1998
16 and before December 31, 1999, $16 \frac{2}{3}\%$ of the property
17 factor plus $16 \frac{2}{3}\%$ of the payroll factor plus $66 \frac{2}{3}\%$ of
18 the sales factor;

19 (2) for tax years ending on or after December 31, 1999
20 and before December 31, 2000, $8 \frac{1}{3}\%$ of the property factor
21 plus $8 \frac{1}{3}\%$ of the payroll factor plus $83 \frac{1}{3}\%$ of the sales
22 factor;

23 (3) for tax years ending on or after December 31, 2000,
24 the sales factor.

25 If, in any tax year ending on or after December 31, 1998 and
26 before December 31, 2000, the denominator of the payroll,

1 property, or sales factor is zero, the apportionment factor
2 computed in paragraph (1) or (2) of this subsection for that
3 year shall be divided by an amount equal to 100% minus the
4 percentage weight given to each factor whose denominator is
5 equal to zero.
