HB0476 Enrolled LRB9202817MWcd

- 1 AN ACT in relation to emergency telephone systems.
- 2 Be it enacted by the People of the State of Illinois,
- 3 represented in the General Assembly:
- 4 Section 5. The Emergency Telephone System Act is
- 5 amended by changing Section 15.6 as follows:
- 6 (50 ILCS 750/15.6)
- 7 Sec. 15.6. Enhanced 9-1-1 service; business service.
- 8 (a) After June 30, 2000, or within 18 months after
- 9 enhanced 9-1-1 service becomes available, any entity that
- 10 installs or operates a private business switch service and
- 11 provides telecommunications facilities or services to
- 12 businesses shall assure that the system is connected to the
- 13 public switched network in a manner that calls to 9-1-1
- 14 result in automatic number and location identification. For
- 15 buildings having their own street address and containing
- 16 workspace of 40,000 square feet or less, location
- identification shall include the building's street address.
- 18 For buildings having their own street address and containing
- 19 workspace of more than 40,000 square feet, location
- 20 identification shall include the building's street address
- 21 and one distinct location identification per 40,000 square
- 22 feet of workspace. Separate buildings containing workspace of
- 23 40,000 square feet or less having a common public street
- 24 address shall have a distinct location identification for
- each building in addition to the street address.
- 26 (b) Exemptions. Buildings containing workspace of more
- than 40,000 square feet are exempt from the multiple location
- 28 identification requirements of subsection (a) if the building
- 29 maintains, at all times, alternative and adequate means of
- 30 signaling and responding to emergencies. Those means shall
- 31 include, but not be limited to, a telephone system that

1 provides the physical location of 9-1-1 calls coming from

- 2 within the building. Health care facilities are presumed to
- 3 meet the requirements of this paragraph if the facilities are
- 4 staffed with medical or nursing personnel 24 hours per day
- 5 and if an alternative means of providing information about
- 6 the source of an emergency call exists. Buildings under this
- 7 exemption must provide 9-1-1 service that provides the
- 8 building's street address.
- 9 Buildings containing workspace of more than 40,000 square
- 10 feet are exempt from subsection (a) if the building
- 11 maintains, at all times, alternative and adequate means of
- 12 signaling and responding to emergencies, including a
- 13 telephone system that provides the location of a 9-1-1 call
- 14 coming from within the building, and the building is serviced
- by its own medical, fire and security personnel. Buildings
- 16 under this exemption are subject to emergency phone system
- 17 certification by the Illinois Commerce Commission.
- Buildings in communities not serviced by enhanced 9-1-1
- 19 service are exempt from subsection (a). $2\theta\theta\theta$
- 20 <u>Correctional institutions and facilities, as defined in</u>
- 21 <u>subsection (d) of Section 3-1-2 of the Unified Code of</u>
- 22 <u>Corrections, are exempt from subsection (a).</u>
- 23 (c) This Act does not apply to any PBX telephone
- 24 extension that uses radio transmissions to convey electrical
- 25 signals directly between the telephone extension and the
- 26 serving PBX.
- 27 (d) An entity that violates this Section is guilty of a
- business offense and shall be fined not less than \$1,000 and
- 29 not more than \$5,000.
- 30 (e) Nothing in this Section shall be construed to
- 31 preclude the Attorney General on behalf of the Commission or
- on his or her own initiative, or any other interested person,
- from seeking judicial relief, by mandamus, injunction, or
- otherwise, to compel compliance with this Section.

- 1 (f) The Commission shall promulgate rules for the
- 2 administration of this Section no later than January 1, 2000.
