

1 AMENDMENT TO SENATE BILL 168

2 AMENDMENT NO. _____. Amend Senate Bill 168 as follows:

3 on page 1, by replacing lines 8 through 17 with the
4 following:

5 "beginning of each academic year, the University shall inform
6 each of its incoming students about meningitis and its
7 transmission. Any University facility that delivers health
8 services to University students must offer the meningitis
9 vaccine, subject to availability of the vaccine from the
10 manufacturer. Nothing in this Section may"; and

11 on page 1, by replacing lines 24 through 29 with the
12 following:

13 "beginning of each academic year, the University shall inform
14 each of its incoming students about meningitis and its
15 transmission. Any University facility that delivers health
16 services to University students must offer the meningitis
17 vaccine, subject to availability of the vaccine from the
18 manufacturer. Nothing in this Section may"; and

19 on page 2, by deleting lines 1 through 4; and

20 on page 2, by replacing lines 11 through 20 with the
21 following:

22 "beginning of each academic year, the University shall inform

1 each of its incoming students about meningitis and its
2 transmission. Any University facility that delivers health
3 services to University students must offer the meningitis
4 vaccine, subject to availability of the vaccine from the
5 manufacturer. Nothing in this Section may"; and

6 on page 2, by replacing lines 27 through 30 with the
7 following:

8 "beginning of each academic year, the University shall inform
9 each of its incoming students about meningitis and its
10 transmission. Any University facility that delivers health
11 services to University students must offer the meningitis
12 vaccine, subject to availability of the vaccine from the
13 manufacturer. Nothing in this Section may"; and

14 on page 3, by deleting lines 1 through 6; and

15 on page 3, by replacing lines 13 through 22 with the
16 following:

17 "beginning of each academic year, the University shall inform
18 each of its incoming students about meningitis and its
19 transmission. Any University facility that delivers health
20 services to University students must offer the meningitis
21 vaccine, subject to availability of the vaccine from the
22 manufacturer. Nothing in this Section may"; and

23 on page 3, by replacing lines 29 through 30 with the
24 following:

25 "beginning of each academic year, the University shall inform
26 each of its incoming students about meningitis and its
27 transmission. Any University facility that delivers health
28 services to University students must offer the meningitis
29 vaccine, subject to availability of the vaccine from the
30 manufacturer. Nothing in this Section may"; and

31 on page 4, by deleting lines 1 through 8; and

1 on page 4, by replacing lines 15 through 24, with the
2 following:

3 "beginning of each academic year, the University shall inform
4 each of its incoming students about meningitis and its
5 transmission. Any University facility that delivers health
6 services to University students must offer the meningitis
7 vaccine, subject to availability of the vaccine from the
8 manufacturer. Nothing in this Section may"; and

9 on page 5, by replacing lines 1 through 10 with the
10 following:

11 "beginning of each academic year, the University shall inform
12 each of its incoming students about meningitis and its
13 transmission. Any University facility that delivers health
14 services to University students must offer the meningitis
15 vaccine, subject to availability of the vaccine from the
16 manufacturer. Nothing in this Section may"; and

17 on page 5, by replacing lines 17 through 26 with the
18 following:

19 "beginning of each academic year, the University shall inform
20 each of its incoming students about meningitis and its
21 transmission. Any University facility that delivers health
22 services to University students must offer the meningitis
23 vaccine, subject to availability of the vaccine from the
24 manufacturer. Nothing in this Section may".
