- 1 AN ACT concerning energy efficiency.
- 2 Be it enacted by the People of the State of Illinois,
- 3 represented in the General Assembly:
- 4 Section 5. The Renewable Energy, Energy Efficiency, and
- 5 Coal Resources Development Law of 1997 is amended by changing
- 6 Section 6-6 as follows:
- 7 (20 ILCS 687/6-6)

31

- 8 (Section scheduled to be repealed on December 16, 2007)
- 9 Sec. 6-6. Energy efficiency program.
- the year beginning January 1, 10 For 1998, thereafter as provided in this Section, each electric utility 11 as defined in Section 3-105 of the Public Utilities Act and 12 13 each alternative retail electric supplier as defined in Section 16-102 of the Public Utilities Act supplying electric 14 power and energy to retail customers located in the State of 15 16 Illinois shall contribute annually a pro rata share of a total amount of \$3,000,000 based upon the 17 number οf 18 kilowatt-hours sold by each such entity in the 12 months preceding the year of contribution. On or before May 1 19 20 each year, the Illinois Commerce Commission shall determine and notify the Department of Commerce and Community Affairs 21 22 of the pro rata share owed by each electric utility and each alternative retail electric supplier based upon information 23 supplied annually to the Illinois Commerce Commission. On or 24 before June 1 of each year, the Department of Commerce and 25 Community Affairs shall send written notification to each 26 27 electric utility and each alternative retail electric supplier of the amount of pro rata share they owe. These 28 contributions shall be remitted to the Department of Revenue 29 on or before June 30 of each year the contribution is due on 30

a return prescribed and furnished by the Department of

1 Revenue showing such information as the Department of Revenue 2 may reasonably require. The funds received pursuant to this Section shall be subject to the appropriation of funds by the 3 4 General Assembly. The Department of Revenue shall place the 5 funds remitted under this Section in a trust fund, that is hereby created in the State Treasury, called the Energy 6 7 Efficiency Trust Fund. If an electric utility or alternative 8 retail electric supplier does not remit its pro rata share to 9 the Department of Revenue, the Department of Revenue must inform the Illinois Commerce Commission of such failure. 10 11 Illinois Commerce Commission may then revoke t.he certification of that electric utility or alternative retail 12 electric supplier. The Illinois Commerce Commission may not 13 certification of any electric utility or 14 the 15 alternative retail electric supplier that is delinquent 16 paying its pro rata share.

- (b) The Department of Commerce and Community Affairs shall disburse the moneys in the Energy Efficiency Trust Fund to benefit residential electric customers through to-fund projects which the Department of Commerce and Community Affairs has determined will promote energy efficiency in the State of Illinois. The Department of Commerce and Community Affairs shall establish a list of projects eligible grants from the Energy Efficiency Trust Fund including, but not limited to, supporting energy efficiency efforts for low-income households, replacing energy inefficient windows with more efficient windows, replacing energy inefficient appliances with more efficient appliances, replacing energy inefficient lighting with more efficient lighting, insulating dwellings and buildings, <u>using market incentives to encourage</u> energy efficiency, and such other projects which will increase energy efficiency in homes and rental properties.
- 33 (c) The Department of Commerce and Community Affairs 34 shall establish criteria and an application process for this

- 1 grant program.
- 2 (d) The Department of Commerce and Community Affairs
- 3 shall conduct a study of other possible energy efficiency
- 4 improvements and evaluate methods for promoting energy
- 5 efficiency and conservation, especially for the benefit of
- 6 low-income customers.
- 7 (e) The Department of Commerce and Community Affairs
- 8 shall submit an annual report to the General Assembly
- 9 evaluating the effectiveness of the projects and programs
- 10 provided in this Section, and recommending further
- 11 legislation which will encourage additional development and
- implementation of energy efficiency projects and programs in
- 13 Illinois and other actions that help to meet the goals of
- 14 this Section.
