

AN ACT concerning health.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 1. Short title. This Act may be cited as the Interagency Children's Behavioral Health Services Act.

Section 5. Children's Behavioral Health Transformation Initiative. This Act establishes a Children's Behavioral Health Transformation Officer. The Officer shall lead the State's comprehensive, interagency effort to ensure that youth with significant and complex behavioral health needs receive appropriate community and residential services and that the State-supported system is transparent and easier for youth and their families to navigate. The Officer shall serve as a policymaker and spokesperson on children's behavioral health, including coordinating the interagency effort through legislation, rules, and budgets and communicating with the General Assembly and federal and local leaders on these critical issues.

An Interagency Children's Behavioral Health Services Team is established to find appropriate services, residential treatment, and support for children identified by each participating agency as requiring enhanced agency collaboration to identify and obtain treatment in a

residential setting. Responsibilities of each participating agency shall be outlined in an interagency agreement between all the relevant State agencies.

Section 10. Interagency agreement. In order to establish the Interagency Children's Behavioral Health Services Team, within 90 days after the effective date of this Act, the Department of Children of Family Services, the Department of Human Services, the Department of Healthcare and Family Services, the Illinois State Board of Education, the Department of Juvenile Justice, and the Department of Public Health shall enter into an interagency agreement for the purpose of establishing the roles and responsibilities of each participating agency.

The interagency agreement, among other things, shall address all of the following:

(1) Require each participating agency to assign staff to the Interagency Children's Behavioral Health Services Team who have operational knowledge of and decision-making authority over the agency's children's behavioral health programs and services.

(2) Set criteria to identify children whose cases will be presented to the Interagency Children's Behavioral Health Services Team for prioritized review. Criteria shall include, but not be limited to:

(A) the length of time the child has been

clinically approved for residential services through existing funding streams but has not been admitted to an appropriate program;

(B) the length of time the child has been in a hospital emergency department or medical unit seeking inpatient treatment for psychiatric or behavioral health emergency;

(C) the length of time the child has been in a psychiatric or general acute care hospital for inpatient psychiatric treatment beyond medical necessity;

(D) the risk of being taken into the custody of the Department of Children and Family Services in the absence of abuse or neglect as defined by the Abused and Neglected Child Reporting Act or the Juvenile Court Act of 1987 for the sole purpose of obtaining behavioral health services or residential treatment;

(E) other circumstances that require enhanced interagency collaboration to find appropriate services for the child.

(3) Require each agency, or its designee, to present each identified child's clinical case, to the extent permitted by State and federal law, to the Interagency Children's Behavioral Health Services Team during regular team meetings to outline the child's needs and to determine if any of the participating agencies have

residential or other supportive services that may be available for the child to ensure that the child receives appropriate treatment, including residential treatment if necessary, as soon as possible.

(4) Require the Community and Residential Services Authority to notify the Interagency Children's Behavioral Health Services Team of any child that has been referred for services who meet the criteria set forth in paragraph (2) and to present the clinical cases for the child to the interagency team to determine if any agency program can assist the child.

(5) Require the participating agencies to develop a quarterly analysis, to be submitted to the General Assembly, the Governor's Office, and the Community and Residential Services Authority including the following information, to the extent permitted by State and federal law:

(A) the number of children presented to the team;

(B) the children's clinical presentations that required enhanced agency collaboration;

(C) the types of services including residential treatment that were needed to appropriately support the aggregate needs of children presented;

(D) the timeframe it took to find placement or appropriate services; and

(E) any other data or information the Interagency

Children's Behavioral Health Services Team deems appropriate.

All information collected, shared, or stored pursuant to this Section shall be handled in accordance with all State and federal privacy laws and accompanying regulations and rules, including without limitation the federal Health Insurance Portability and Accountability Act of 1996 (Public Law 104-191) and the Mental Health and Developmental Disabilities Confidentiality Act.

Nothing in this Section shall be construed or applied in a manner that would conflict with, diminish, or infringe upon, any State agency's obligation to comply fully with requirements imposed under a court order or State or federal consent decree applicable to that agency.

Section 15. The Children and Family Services Act is amended by changing Sections 5 and 17 as follows:

(20 ILCS 505/5) (from Ch. 23, par. 5005)

Sec. 5. Direct child welfare services; Department of Children and Family Services. To provide direct child welfare services when not available through other public or private child care or program facilities.

(a) For purposes of this Section:

(1) "Children" means persons found within the State who are under the age of 18 years. The term also includes

persons under age 21 who:

(A) were committed to the Department pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987 and who continue under the jurisdiction of the court; or

(B) were accepted for care, service and training by the Department prior to the age of 18 and whose best interest in the discretion of the Department would be served by continuing that care, service and training because of severe emotional disturbances, physical disability, social adjustment or any combination thereof, or because of the need to complete an educational or vocational training program.

(2) "Homeless youth" means persons found within the State who are under the age of 19, are not in a safe and stable living situation and cannot be reunited with their families.

(3) "Child welfare services" means public social services which are directed toward the accomplishment of the following purposes:

(A) protecting and promoting the health, safety and welfare of children, including homeless, dependent, or neglected children;

(B) remedying, or assisting in the solution of problems which may result in, the neglect, abuse, exploitation, or delinquency of children;

(C) preventing the unnecessary separation of children from their families by identifying family problems, assisting families in resolving their problems, and preventing the breakup of the family where the prevention of child removal is desirable and possible when the child can be cared for at home without endangering the child's health and safety;

(D) restoring to their families children who have been removed, by the provision of services to the child and the families when the child can be cared for at home without endangering the child's health and safety;

(E) placing children in suitable adoptive homes, in cases where restoration to the biological family is not safe, possible, or appropriate;

(F) assuring safe and adequate care of children away from their homes, in cases where the child cannot be returned home or cannot be placed for adoption. At the time of placement, the Department shall consider concurrent planning, as described in subsection (1-1) of this Section so that permanency may occur at the earliest opportunity. Consideration should be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child;

(G) (blank);

(H) (blank); and

(I) placing and maintaining children in facilities that provide separate living quarters for children under the age of 18 and for children 18 years of age and older, unless a child 18 years of age is in the last year of high school education or vocational training, in an approved individual or group treatment program, in a licensed shelter facility, or secure child care facility. The Department is not required to place or maintain children:

(i) who are in a foster home, or

(ii) who are persons with a developmental disability, as defined in the Mental Health and Developmental Disabilities Code, or

(iii) who are female children who are pregnant, pregnant and parenting, or parenting, or

(iv) who are siblings, in facilities that provide separate living quarters for children 18 years of age and older and for children under 18 years of age.

(b) (Blank).

(b-5) The Department shall adopt rules to establish a process for all licensed residential providers in Illinois to submit data as required by the Department, if they contract or receive reimbursement for children's mental health, substance use, and developmental disability services from the Department

of Human Services, the Department of Juvenile Justice, or the Department of Healthcare and Family Services. The requested data must include, but is not limited to, capacity, staffing, and occupancy data for the purpose of establishing State need and placement availability.

All information collected, shared, or stored pursuant to this subsection shall be handled in accordance with all State and federal privacy laws and accompanying regulations and rules, including without limitation the federal Health Insurance Portability and Accountability Act of 1996 (Public Law 104-191) and the Mental Health and Developmental Disabilities Confidentiality Act.

(c) The Department shall establish and maintain tax-supported child welfare services and extend and seek to improve voluntary services throughout the State, to the end that services and care shall be available on an equal basis throughout the State to children requiring such services.

(d) The Director may authorize advance disbursements for any new program initiative to any agency contracting with the Department. As a prerequisite for an advance disbursement, the contractor must post a surety bond in the amount of the advance disbursement and have a purchase of service contract approved by the Department. The Department may pay up to 2 months operational expenses in advance. The amount of the advance disbursement shall be prorated over the life of the contract or the remaining months of the fiscal year, whichever is less,

and the installment amount shall then be deducted from future bills. Advance disbursement authorizations for new initiatives shall not be made to any agency after that agency has operated during 2 consecutive fiscal years. The requirements of this Section concerning advance disbursements shall not apply with respect to the following: payments to local public agencies for child day care services as authorized by Section 5a of this Act; and youth service programs receiving grant funds under Section 17a-4.

(e) (Blank).

(f) (Blank).

(g) The Department shall establish rules and regulations concerning its operation of programs designed to meet the goals of child safety and protection, family preservation, family reunification, and adoption, including, but not limited to:

(1) adoption;

(2) foster care;

(3) family counseling;

(4) protective services;

(5) (blank);

(6) homemaker service;

(7) return of runaway children;

(8) (blank);

(9) placement under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25, or 5-740 of the Juvenile

Court Act of 1987 in accordance with the federal Adoption Assistance and Child Welfare Act of 1980; and

(10) interstate services.

Rules and regulations established by the Department shall include provisions for training Department staff and the staff of Department grantees, through contracts with other agencies or resources, in screening techniques to identify substance use disorders, as defined in the Substance Use Disorder Act, approved by the Department of Human Services, as a successor to the Department of Alcoholism and Substance Abuse, for the purpose of identifying children and adults who should be referred for an assessment at an organization appropriately licensed by the Department of Human Services for substance use disorder treatment.

(h) If the Department finds that there is no appropriate program or facility within or available to the Department for a youth in care and that no licensed private facility has an adequate and appropriate program or none agrees to accept the youth in care, the Department shall create an appropriate individualized, program-oriented plan for such youth in care. The plan may be developed within the Department or through purchase of services by the Department to the extent that it is within its statutory authority to do.

(i) Service programs shall be available throughout the State and shall include but not be limited to the following services:

- (1) case management;
- (2) homemakers;
- (3) counseling;
- (4) parent education;
- (5) day care; and
- (6) emergency assistance and advocacy.

In addition, the following services may be made available to assess and meet the needs of children and families:

- (1) comprehensive family-based services;
- (2) assessments;
- (3) respite care; and
- (4) in-home health services.

The Department shall provide transportation for any of the services it makes available to children or families or for which it refers children or families.

(j) The Department may provide categories of financial assistance and education assistance grants, and shall establish rules and regulations concerning the assistance and grants, to persons who adopt children with physical or mental disabilities, children who are older, or other hard-to-place children who (i) immediately prior to their adoption were youth in care or (ii) were determined eligible for financial assistance with respect to a prior adoption and who become available for adoption because the prior adoption has been dissolved and the parental rights of the adoptive parents have been terminated or because the child's adoptive parents have

died. The Department may continue to provide financial assistance and education assistance grants for a child who was determined eligible for financial assistance under this subsection (j) in the interim period beginning when the child's adoptive parents died and ending with the finalization of the new adoption of the child by another adoptive parent or parents. The Department may also provide categories of financial assistance and education assistance grants, and shall establish rules and regulations for the assistance and grants, to persons appointed guardian of the person under Section 5-7 of the Juvenile Court Act or Section 2-27, 3-28, 4-25, or 5-740 of the Juvenile Court Act of 1987 for children who were youth in care for 12 months immediately prior to the appointment of the guardian.

The amount of assistance may vary, depending upon the needs of the child and the adoptive parents, as set forth in the annual assistance agreement. Special purpose grants are allowed where the child requires special service but such costs may not exceed the amounts which similar services would cost the Department if it were to provide or secure them as guardian of the child.

Any financial assistance provided under this subsection is inalienable by assignment, sale, execution, attachment, garnishment, or any other remedy for recovery or collection of a judgment or debt.

(j-5) The Department shall not deny or delay the placement

of a child for adoption if an approved family is available either outside of the Department region handling the case, or outside of the State of Illinois.

(k) The Department shall accept for care and training any child who has been adjudicated neglected or abused, or dependent committed to it pursuant to the Juvenile Court Act or the Juvenile Court Act of 1987.

(l) The Department shall offer family preservation services, as defined in Section 8.2 of the Abused and Neglected Child Reporting Act, to help families, including adoptive and extended families. Family preservation services shall be offered (i) to prevent the placement of children in substitute care when the children can be cared for at home or in the custody of the person responsible for the children's welfare, (ii) to reunite children with their families, or (iii) to maintain an adoptive placement. Family preservation services shall only be offered when doing so will not endanger the children's health or safety. With respect to children who are in substitute care pursuant to the Juvenile Court Act of 1987, family preservation services shall not be offered if a goal other than those of subdivisions (A), (B), or (B-1) of subsection (2) of Section 2-28 of that Act has been set, except that reunification services may be offered as provided in paragraph (F) of subsection (2) of Section 2-28 of that Act. Nothing in this paragraph shall be construed to create a private right of action or claim on the part of any individual

or child welfare agency, except that when a child is the subject of an action under Article II of the Juvenile Court Act of 1987 and the child's service plan calls for services to facilitate achievement of the permanency goal, the court hearing the action under Article II of the Juvenile Court Act of 1987 may order the Department to provide the services set out in the plan, if those services are not provided with reasonable promptness and if those services are available.

The Department shall notify the child and his family of the Department's responsibility to offer and provide family preservation services as identified in the service plan. The child and his family shall be eligible for services as soon as the report is determined to be "indicated". The Department may offer services to any child or family with respect to whom a report of suspected child abuse or neglect has been filed, prior to concluding its investigation under Section 7.12 of the Abused and Neglected Child Reporting Act. However, the child's or family's willingness to accept services shall not be considered in the investigation. The Department may also provide services to any child or family who is the subject of any report of suspected child abuse or neglect or may refer such child or family to services available from other agencies in the community, even if the report is determined to be unfounded, if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of

such services shall be voluntary. The Department may also provide services to any child or family after completion of a family assessment, as an alternative to an investigation, as provided under the "differential response program" provided for in subsection (a-5) of Section 7.4 of the Abused and Neglected Child Reporting Act.

The Department may, at its discretion except for those children also adjudicated neglected or dependent, accept for care and training any child who has been adjudicated addicted, as a truant minor in need of supervision or as a minor requiring authoritative intervention, under the Juvenile Court Act or the Juvenile Court Act of 1987, but no such child shall be committed to the Department by any court without the approval of the Department. On and after January 1, 2015 (the effective date of Public Act 98-803) and before January 1, 2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 16 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, (ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. On and after January 1,

2017, a minor charged with a criminal offense under the Criminal Code of 1961 or the Criminal Code of 2012 or adjudicated delinquent shall not be placed in the custody of or committed to the Department by any court, except (i) a minor less than 15 years of age committed to the Department under Section 5-710 of the Juvenile Court Act of 1987, ii) a minor for whom an independent basis of abuse, neglect, or dependency exists, which must be defined by departmental rule, or (iii) a minor for whom the court has granted a supplemental petition to reinstate wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987. An independent basis exists when the allegations or adjudication of abuse, neglect, or dependency do not arise from the same facts, incident, or circumstances which give rise to a charge or adjudication of delinquency. The Department shall assign a caseworker to attend any hearing involving a youth in the care and custody of the Department who is placed on aftercare release, including hearings involving sanctions for violation of aftercare release conditions and aftercare release revocation hearings.

As soon as is possible after August 7, 2009 (the effective date of Public Act 96-134), the Department shall develop and implement a special program of family preservation services to support intact, foster, and adoptive families who are experiencing extreme hardships due to the difficulty and stress of caring for a child who has been diagnosed with a pervasive developmental disorder if the Department determines

that those services are necessary to ensure the health and safety of the child. The Department may offer services to any family whether or not a report has been filed under the Abused and Neglected Child Reporting Act. The Department may refer the child or family to services available from other agencies in the community if the conditions in the child's or family's home are reasonably likely to subject the child or family to future reports of suspected child abuse or neglect. Acceptance of these services shall be voluntary. The Department shall develop and implement a public information campaign to alert health and social service providers and the general public about these special family preservation services. The nature and scope of the services offered and the number of families served under the special program implemented under this paragraph shall be determined by the level of funding that the Department annually allocates for this purpose. The term "pervasive developmental disorder" under this paragraph means a neurological condition, including, but not limited to, Asperger's Syndrome and autism, as defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

(1-1) The legislature recognizes that the best interests of the child require that the child be placed in the most permanent living arrangement as soon as is practically possible. To achieve this goal, the legislature directs the Department of Children and Family Services to conduct

concurrent planning so that permanency may occur at the earliest opportunity. Permanent living arrangements may include prevention of placement of a child outside the home of the family when the child can be cared for at home without endangering the child's health or safety; reunification with the family, when safe and appropriate, if temporary placement is necessary; or movement of the child toward the most permanent living arrangement and permanent legal status.

When determining reasonable efforts to be made with respect to a child, as described in this subsection, and in making such reasonable efforts, the child's health and safety shall be the paramount concern.

When a child is placed in foster care, the Department shall ensure and document that reasonable efforts were made to prevent or eliminate the need to remove the child from the child's home. The Department must make reasonable efforts to reunify the family when temporary placement of the child occurs unless otherwise required, pursuant to the Juvenile Court Act of 1987. At any time after the dispositional hearing where the Department believes that further reunification services would be ineffective, it may request a finding from the court that reasonable efforts are no longer appropriate. The Department is not required to provide further reunification services after such a finding.

A decision to place a child in substitute care shall be made with considerations of the child's health, safety, and

best interests. At the time of placement, consideration should also be given so that if reunification fails or is delayed, the placement made is the best available placement to provide permanency for the child.

The Department shall adopt rules addressing concurrent planning for reunification and permanency. The Department shall consider the following factors when determining appropriateness of concurrent planning:

- (1) the likelihood of prompt reunification;
- (2) the past history of the family;
- (3) the barriers to reunification being addressed by the family;
- (4) the level of cooperation of the family;
- (5) the foster parents' willingness to work with the family to reunite;
- (6) the willingness and ability of the foster family to provide an adoptive home or long-term placement;
- (7) the age of the child;
- (8) placement of siblings.

(m) The Department may assume temporary custody of any child if:

- (1) it has received a written consent to such temporary custody signed by the parents of the child or by the parent having custody of the child if the parents are not living together or by the guardian or custodian of the child if the child is not in the custody of either parent,

or

(2) the child is found in the State and neither a parent, guardian nor custodian of the child can be located.

If the child is found in his or her residence without a parent, guardian, custodian, or responsible caretaker, the Department may, instead of removing the child and assuming temporary custody, place an authorized representative of the Department in that residence until such time as a parent, guardian, or custodian enters the home and expresses a willingness and apparent ability to ensure the child's health and safety and resume permanent charge of the child, or until a relative enters the home and is willing and able to ensure the child's health and safety and assume charge of the child until a parent, guardian, or custodian enters the home and expresses such willingness and ability to ensure the child's safety and resume permanent charge. After a caretaker has remained in the home for a period not to exceed 12 hours, the Department must follow those procedures outlined in Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987.

The Department shall have the authority, responsibilities and duties that a legal custodian of the child would have pursuant to subsection (9) of Section 1-3 of the Juvenile Court Act of 1987. Whenever a child is taken into temporary custody pursuant to an investigation under the Abused and Neglected Child Reporting Act, or pursuant to a referral and

acceptance under the Juvenile Court Act of 1987 of a minor in limited custody, the Department, during the period of temporary custody and before the child is brought before a judicial officer as required by Section 2-9, 3-11, 4-8, or 5-415 of the Juvenile Court Act of 1987, shall have the authority, responsibilities and duties that a legal custodian of the child would have under subsection (9) of Section 1-3 of the Juvenile Court Act of 1987.

The Department shall ensure that any child taken into custody is scheduled for an appointment for a medical examination.

A parent, guardian, or custodian of a child in the temporary custody of the Department who would have custody of the child if he were not in the temporary custody of the Department may deliver to the Department a signed request that the Department surrender the temporary custody of the child. The Department may retain temporary custody of the child for 10 days after the receipt of the request, during which period the Department may cause to be filed a petition pursuant to the Juvenile Court Act of 1987. If a petition is so filed, the Department shall retain temporary custody of the child until the court orders otherwise. If a petition is not filed within the 10-day period, the child shall be surrendered to the custody of the requesting parent, guardian, or custodian not later than the expiration of the 10-day period, at which time the authority and duties of the Department with respect to the

temporary custody of the child shall terminate.

(m-1) The Department may place children under 18 years of age in a secure child care facility licensed by the Department that cares for children who are in need of secure living arrangements for their health, safety, and well-being after a determination is made by the facility director and the Director or the Director's designate prior to admission to the facility subject to Section 2-27.1 of the Juvenile Court Act of 1987. This subsection (m-1) does not apply to a child who is subject to placement in a correctional facility operated pursuant to Section 3-15-2 of the Unified Code of Corrections, unless the child is a youth in care who was placed in the care of the Department before being subject to placement in a correctional facility and a court of competent jurisdiction has ordered placement of the child in a secure care facility.

(n) The Department may place children under 18 years of age in licensed child care facilities when in the opinion of the Department, appropriate services aimed at family preservation have been unsuccessful and cannot ensure the child's health and safety or are unavailable and such placement would be for their best interest. Payment for board, clothing, care, training and supervision of any child placed in a licensed child care facility may be made by the Department, by the parents or guardians of the estates of those children, or by both the Department and the parents or guardians, except that no payments shall be made by the

Department for any child placed in a licensed child care facility for board, clothing, care, training and supervision of such a child that exceed the average per capita cost of maintaining and of caring for a child in institutions for dependent or neglected children operated by the Department. However, such restriction on payments does not apply in cases where children require specialized care and treatment for problems of severe emotional disturbance, physical disability, social adjustment, or any combination thereof and suitable facilities for the placement of such children are not available at payment rates within the limitations set forth in this Section. All reimbursements for services delivered shall be absolutely inalienable by assignment, sale, attachment, or garnishment or otherwise.

(n-1) The Department shall provide or authorize child welfare services, aimed at assisting minors to achieve sustainable self-sufficiency as independent adults, for any minor eligible for the reinstatement of wardship pursuant to subsection (2) of Section 2-33 of the Juvenile Court Act of 1987, whether or not such reinstatement is sought or allowed, provided that the minor consents to such services and has not yet attained the age of 21. The Department shall have responsibility for the development and delivery of services under this Section. An eligible youth may access services under this Section through the Department of Children and Family Services or by referral from the Department of Human

Services. Youth participating in services under this Section shall cooperate with the assigned case manager in developing an agreement identifying the services to be provided and how the youth will increase skills to achieve self-sufficiency. A homeless shelter is not considered appropriate housing for any youth receiving child welfare services under this Section. The Department shall continue child welfare services under this Section to any eligible minor until the minor becomes 21 years of age, no longer consents to participate, or achieves self-sufficiency as identified in the minor's service plan. The Department of Children and Family Services shall create clear, readable notice of the rights of former foster youth to child welfare services under this Section and how such services may be obtained. The Department of Children and Family Services and the Department of Human Services shall disseminate this information statewide. The Department shall adopt regulations describing services intended to assist minors in achieving sustainable self-sufficiency as independent adults.

(o) The Department shall establish an administrative review and appeal process for children and families who request or receive child welfare services from the Department. Youth in care who are placed by private child welfare agencies, and foster families with whom those youth are placed, shall be afforded the same procedural and appeal rights as children and families in the case of placement by the

Department, including the right to an initial review of a private agency decision by that agency. The Department shall ensure that any private child welfare agency, which accepts youth in care for placement, affords those rights to children and foster families. The Department shall accept for administrative review and an appeal hearing a complaint made by (i) a child or foster family concerning a decision following an initial review by a private child welfare agency or (ii) a prospective adoptive parent who alleges a violation of subsection (j-5) of this Section. An appeal of a decision concerning a change in the placement of a child shall be conducted in an expedited manner. A court determination that a current foster home placement is necessary and appropriate under Section 2-28 of the Juvenile Court Act of 1987 does not constitute a judicial determination on the merits of an administrative appeal, filed by a former foster parent, involving a change of placement decision.

(p) (Blank).

(q) The Department may receive and use, in their entirety, for the benefit of children any gift, donation, or bequest of money or other property which is received on behalf of such children, or any financial benefits to which such children are or may become entitled while under the jurisdiction or care of the Department, except that the benefits described in Section 5.46 must be used and conserved consistent with the provisions under Section 5.46.

The Department shall set up and administer no-cost, interest-bearing accounts in appropriate financial institutions for children for whom the Department is legally responsible and who have been determined eligible for Veterans' Benefits, Social Security benefits, assistance allotments from the armed forces, court ordered payments, parental voluntary payments, Supplemental Security Income, Railroad Retirement payments, Black Lung benefits, or other miscellaneous payments. Interest earned by each account shall be credited to the account, unless disbursed in accordance with this subsection.

In disbursing funds from children's accounts, the Department shall:

(1) Establish standards in accordance with State and federal laws for disbursing money from children's accounts. In all circumstances, the Department's "Guardianship Administrator" or his or her designee must approve disbursements from children's accounts. The Department shall be responsible for keeping complete records of all disbursements for each account for any purpose.

(2) Calculate on a monthly basis the amounts paid from State funds for the child's board and care, medical care not covered under Medicaid, and social services; and utilize funds from the child's account, as covered by regulation, to reimburse those costs. Monthly,

disbursements from all children's accounts, up to 1/12 of \$13,000,000, shall be deposited by the Department into the General Revenue Fund and the balance over 1/12 of \$13,000,000 into the DCFS Children's Services Fund.

(3) Maintain any balance remaining after reimbursing for the child's costs of care, as specified in item (2). The balance shall accumulate in accordance with relevant State and federal laws and shall be disbursed to the child or his or her guardian, or to the issuing agency.

(r) The Department shall promulgate regulations encouraging all adoption agencies to voluntarily forward to the Department or its agent names and addresses of all persons who have applied for and have been approved for adoption of a hard-to-place child or child with a disability and the names of such children who have not been placed for adoption. A list of such names and addresses shall be maintained by the Department or its agent, and coded lists which maintain the confidentiality of the person seeking to adopt the child and of the child shall be made available, without charge, to every adoption agency in the State to assist the agencies in placing such children for adoption. The Department may delegate to an agent its duty to maintain and make available such lists. The Department shall ensure that such agent maintains the confidentiality of the person seeking to adopt the child and of the child.

(s) The Department of Children and Family Services may

establish and implement a program to reimburse Department and private child welfare agency foster parents licensed by the Department of Children and Family Services for damages sustained by the foster parents as a result of the malicious or negligent acts of foster children, as well as providing third party coverage for such foster parents with regard to actions of foster children to other individuals. Such coverage will be secondary to the foster parent liability insurance policy, if applicable. The program shall be funded through appropriations from the General Revenue Fund, specifically designated for such purposes.

(t) The Department shall perform home studies and investigations and shall exercise supervision over visitation as ordered by a court pursuant to the Illinois Marriage and Dissolution of Marriage Act or the Adoption Act only if:

(1) an order entered by an Illinois court specifically directs the Department to perform such services; and

(2) the court has ordered one or both of the parties to the proceeding to reimburse the Department for its reasonable costs for providing such services in accordance with Department rules, or has determined that neither party is financially able to pay.

The Department shall provide written notification to the court of the specific arrangements for supervised visitation and projected monthly costs within 60 days of the court order. The Department shall send to the court information related to

the costs incurred except in cases where the court has determined the parties are financially unable to pay. The court may order additional periodic reports as appropriate.

(u) In addition to other information that must be provided, whenever the Department places a child with a prospective adoptive parent or parents, in a licensed foster home, group home, or child care institution, or in a relative home, the Department shall provide to the prospective adoptive parent or parents or other caretaker:

(1) available detailed information concerning the child's educational and health history, copies of immunization records (including insurance and medical card information), a history of the child's previous placements, if any, and reasons for placement changes excluding any information that identifies or reveals the location of any previous caretaker;

(2) a copy of the child's portion of the client service plan, including any visitation arrangement, and all amendments or revisions to it as related to the child; and

(3) information containing details of the child's individualized educational plan when the child is receiving special education services.

The caretaker shall be informed of any known social or behavioral information (including, but not limited to, criminal background, fire setting, perpetuation of sexual

abuse, destructive behavior, and substance abuse) necessary to care for and safeguard the children to be placed or currently in the home. The Department may prepare a written summary of the information required by this paragraph, which may be provided to the foster or prospective adoptive parent in advance of a placement. The foster or prospective adoptive parent may review the supporting documents in the child's file in the presence of casework staff. In the case of an emergency placement, casework staff shall at least provide known information verbally, if necessary, and must subsequently provide the information in writing as required by this subsection.

The information described in this subsection shall be provided in writing. In the case of emergency placements when time does not allow prior review, preparation, and collection of written information, the Department shall provide such information as it becomes available. Within 10 business days after placement, the Department shall obtain from the prospective adoptive parent or parents or other caretaker a signed verification of receipt of the information provided. Within 10 business days after placement, the Department shall provide to the child's guardian ad litem a copy of the information provided to the prospective adoptive parent or parents or other caretaker. The information provided to the prospective adoptive parent or parents or other caretaker shall be reviewed and approved regarding accuracy at the

supervisory level.

(u-5) Effective July 1, 1995, only foster care placements licensed as foster family homes pursuant to the Child Care Act of 1969 shall be eligible to receive foster care payments from the Department. Relative caregivers who, as of July 1, 1995, were approved pursuant to approved relative placement rules previously promulgated by the Department at 89 Ill. Adm. Code 335 and had submitted an application for licensure as a foster family home may continue to receive foster care payments only until the Department determines that they may be licensed as a foster family home or that their application for licensure is denied or until September 30, 1995, whichever occurs first.

(v) The Department shall access criminal history record information as defined in the Illinois Uniform Conviction Information Act and information maintained in the adjudicatory and dispositional record system as defined in Section 2605-355 of the Illinois State Police Law if the Department determines the information is necessary to perform its duties under the Abused and Neglected Child Reporting Act, the Child Care Act of 1969, and the Children and Family Services Act. The Department shall provide for interactive computerized communication and processing equipment that permits direct on-line communication with the Illinois State Police's central criminal history data repository. The Department shall comply with all certification requirements and provide certified operators who have been trained by personnel from the Illinois

State Police. In addition, one Office of the Inspector General investigator shall have training in the use of the criminal history information access system and have access to the terminal. The Department of Children and Family Services and its employees shall abide by rules and regulations established by the Illinois State Police relating to the access and dissemination of this information.

(v-1) Prior to final approval for placement of a child, the Department shall conduct a criminal records background check of the prospective foster or adoptive parent, including fingerprint-based checks of national crime information databases. Final approval for placement shall not be granted if the record check reveals a felony conviction for child abuse or neglect, for spousal abuse, for a crime against children, or for a crime involving violence, including rape, sexual assault, or homicide, but not including other physical assault or battery, or if there is a felony conviction for physical assault, battery, or a drug-related offense committed within the past 5 years.

(v-2) Prior to final approval for placement of a child, the Department shall check its child abuse and neglect registry for information concerning prospective foster and adoptive parents, and any adult living in the home. If any prospective foster or adoptive parent or other adult living in the home has resided in another state in the preceding 5 years, the Department shall request a check of that other state's

child abuse and neglect registry.

(w) Within 120 days of August 20, 1995 (the effective date of Public Act 89-392), the Department shall prepare and submit to the Governor and the General Assembly, a written plan for the development of in-state licensed secure child care facilities that care for children who are in need of secure living arrangements for their health, safety, and well-being. For purposes of this subsection, secure care facility shall mean a facility that is designed and operated to ensure that all entrances and exits from the facility, a building or a distinct part of the building, are under the exclusive control of the staff of the facility, whether or not the child has the freedom of movement within the perimeter of the facility, building, or distinct part of the building. The plan shall include descriptions of the types of facilities that are needed in Illinois; the cost of developing these secure care facilities; the estimated number of placements; the potential cost savings resulting from the movement of children currently out-of-state who are projected to be returned to Illinois; the necessary geographic distribution of these facilities in Illinois; and a proposed timetable for development of such facilities.

(x) The Department shall conduct annual credit history checks to determine the financial history of children placed under its guardianship pursuant to the Juvenile Court Act of 1987. The Department shall conduct such credit checks starting

when a youth in care turns 12 years old and each year thereafter for the duration of the guardianship as terminated pursuant to the Juvenile Court Act of 1987. The Department shall determine if financial exploitation of the child's personal information has occurred. If financial exploitation appears to have taken place or is presently ongoing, the Department shall notify the proper law enforcement agency, the proper State's Attorney, or the Attorney General.

(y) Beginning on July 22, 2010 (the effective date of Public Act 96-1189), a child with a disability who receives residential and educational services from the Department shall be eligible to receive transition services in accordance with Article 14 of the School Code from the age of 14.5 through age 21, inclusive, notwithstanding the child's residential services arrangement. For purposes of this subsection, "child with a disability" means a child with a disability as defined by the federal Individuals with Disabilities Education Improvement Act of 2004.

(z) The Department shall access criminal history record information as defined as "background information" in this subsection and criminal history record information as defined in the Illinois Uniform Conviction Information Act for each Department employee or Department applicant. Each Department employee or Department applicant shall submit his or her fingerprints to the Illinois State Police in the form and manner prescribed by the Illinois State Police. These

fingerprints shall be checked against the fingerprint records now and hereafter filed in the Illinois State Police and the Federal Bureau of Investigation criminal history records databases. The Illinois State Police shall charge a fee for conducting the criminal history record check, which shall be deposited into the State Police Services Fund and shall not exceed the actual cost of the record check. The Illinois State Police shall furnish, pursuant to positive identification, all Illinois conviction information to the Department of Children and Family Services.

For purposes of this subsection:

"Background information" means all of the following:

(i) Upon the request of the Department of Children and Family Services, conviction information obtained from the Illinois State Police as a result of a fingerprint-based criminal history records check of the Illinois criminal history records database and the Federal Bureau of Investigation criminal history records database concerning a Department employee or Department applicant.

(ii) Information obtained by the Department of Children and Family Services after performing a check of the Illinois State Police's Sex Offender Database, as authorized by Section 120 of the Sex Offender Community Notification Law, concerning a Department employee or Department applicant.

(iii) Information obtained by the Department of

Children and Family Services after performing a check of the Child Abuse and Neglect Tracking System (CANTS) operated and maintained by the Department.

"Department employee" means a full-time or temporary employee coded or certified within the State of Illinois Personnel System.

"Department applicant" means an individual who has conditional Department full-time or part-time work, a contractor, an individual used to replace or supplement staff, an academic intern, a volunteer in Department offices or on Department contracts, a work-study student, an individual or entity licensed by the Department, or an unlicensed service provider who works as a condition of a contract or an agreement and whose work may bring the unlicensed service provider into contact with Department clients or client records.

(20 ILCS 505/17) (from Ch. 23, par. 5017)

Sec. 17. Youth and Community Services Program. The Department of Human Services shall develop a State program for youth and community services which will assure that youth who come into contact or may come into contact with either the child welfare system or the juvenile ~~the child welfare and the juvenile~~ justice system ~~systems~~ will have access to needed

community, prevention, diversion, emergency and independent living services. The term "youth" means a person under the age of 19 years. The term "homeless youth" means a youth who cannot be reunited with his or her family and is not in a safe and stable living situation. This Section shall not be construed to require the Department of Human Services to provide services under this Section to any homeless youth who is at least 18 years of age but is younger than 19 years of age; however, the Department may, in its discretion, provide services under this Section to any such homeless youth.

(a) The goals of the program shall be to:

(1) maintain children and youths in their own community;

(2) eliminate unnecessary categorical funding of programs by funding more comprehensive and integrated programs;

(3) encourage local volunteers and voluntary associations in developing programs aimed at preventing and controlling juvenile delinquency;

(4) address voids in services and close service gaps;

(5) develop program models aimed at strengthening the relationships between youth and their families and aimed at developing healthy, independent lives for homeless youth;

(6) contain costs by redirecting funding to more comprehensive and integrated community-based services; and

(7) coordinate education, employment, training and other programs for youths with other State agencies.

(b) The duties of the Department under the program shall be to:

(1) design models for service delivery by local communities;

(2) test alternative systems for delivering youth services;

(3) develop standards necessary to achieve and maintain, on a statewide basis, more comprehensive and integrated community-based youth services;

(4) monitor and provide technical assistance to local boards and local service systems;

(5) assist local organizations in developing programs which address the problems of youths and their families through direct services, advocacy with institutions, and improvement of local conditions; ~~and~~

(6) (blank); ~~and develop a statewide adoption awareness campaign aimed at pregnant teenagers.~~

(7) establish temporary emergency placements for youth in crisis as defined by the Children's Behavioral Health Transformation Team through comprehensive community-based youth services provider grants.

(A) Temporary emergency placements:

(i) must be licensed through the Department of Children and Family Services or, in the case of a

foster home or host home, by the supervising child welfare agency;

(ii) must be strategically situated to meet regional need and minimize geographic disruption in consultation with the Children's Behavioral Health Transformation Officer and the Children's Behavioral Health Transformation Team; and

(iii) shall include Comprehensive Community-Based Youth Services program host homes, foster homes, homeless youth shelters, Department of Children and Family Services youth shelters, or other licensed placements for minor youth compliant with the Child Care Act of 1969 provided under the Comprehensive Community-Based Youth Services program.

(B) Beginning on the effective date of this amendatory Act of the 103rd General Assembly, once sufficient capacity has been developed, temporary emergency placements must also include temporary emergency placement shelters provided under the Comprehensive Community-Based Youth Services program. Temporary emergency placement shelters shall be managed by Comprehensive Community-Based Youth Services provider organizations and shall be available to house youth receiving interim 24/7 crisis intervention services as defined by the Juvenile Court

Act of 1987 and the Comprehensive Community-Based Youth Services program grant and the Department, and shall provide access to clinical supports for youth while staying at the shelter.

(C) Comprehensive Community-Based Youth Services organizations shall retain the sole authority to place youth in host homes and temporary emergency placement shelters provided under the Comprehensive Community-Based Youth Services program.

(D) Crisis youth, as defined by the Children's Behavioral Health Transformation Team, shall be prioritized in temporary emergency placements.

(E) Additional placement options may be authorized for crisis and non-crisis program youth with the permission of the youth's parent or legal guardian.

(F) While in a temporary emergency placement, the organization shall work with the parent, guardian, or custodian to effectuate the youth's return home or to an alternative long-term living arrangement. As necessary, the agency or association shall also work with the youth's local school district, the Department, the Department of Human Services, the Department of Healthcare and Family Services, and the Department of Juvenile Justice to identify immediate and long-term services, treatment, or placement.

Nothing in this Section shall be construed or applied in a

manner that would conflict with, diminish, or infringe upon, any State agency's obligation to comply fully with requirements imposed under a court order or State or federal consent decree applicable to that agency.

(Source: P.A. 89-507, eff. 7-1-97.)

Section 17. The Mental Health and Developmental Disabilities Administrative Act is amended by adding Section 11.4 as follows:

(20 ILCS 1705/11.4 new)

Sec. 11.4. Care portal for families with children who have complex behavioral health needs. The Department shall establish and maintain a public-facing Care Portal to serve as a centralized resource for families with children who have significant and complex behavioral health needs. The Care Portal shall streamline the process of directing families and guardians to the appropriate level and type of care for their children. In consultation with the Children's Behavioral Health Transformation Officer, the Department shall develop specifications for the Care Portal that ensure automatic service eligibility matching, transparent data sharing, regular reporting, and appropriate staffing, among other items. The Department shall, in coordination with the Departments of Children and Family Services, Healthcare and Family Services, Juvenile Justice, and Public Health as well

as the State Board of Education, develop training and communication for school districts, hospital social workers, and system partners to demonstrate how individuals can assist a family seeking youth behavioral health services and how to access the Care Portal. Such training must include information on the applicable federal and State law for the determination of the need for residential placements for educational purposes by individualized education program (IEP) teams. Procedures for use of the Care Portal must not prohibit or limit residential facilities from accepting students placed by school districts for educational purposes as determined by the IEP team.

Section 20. The School Code is amended by changing Sections 2-3.163, 14-7.02, and 14-15.01 and by adding Section 2-3.196 as follows:

(105 ILCS 5/2-3.163)

Sec. 2-3.163. Prioritization of Urgency of Need for Services database.

(a) The General Assembly makes all of the following findings:

(1) The Department of Human Services maintains a statewide database known as the Prioritization of Urgency of Need for Services that records information about individuals with developmental disabilities who are

potentially in need of services.

(2) The Department of Human Services uses the data on Prioritization of Urgency of Need for Services to select individuals for services as funding becomes available, to develop proposals and materials for budgeting, and to plan for future needs.

(3) Prioritization of Urgency of Need for Services is available for children and adults with a developmental disability who have an unmet service need anticipated in the next 5 years.

(4) Prioritization of Urgency of Need for Services is the first step toward getting developmental disabilities services in this State. If individuals are not on the Prioritization of Urgency of Need for Services waiting list, they are not in queue for State developmental disabilities services.

(5) Prioritization of Urgency of Need for Services may be underutilized by children and their parents or guardians due to lack of awareness or lack of information.

(b) The State Board of Education may work with school districts to inform all students with developmental disabilities and their parents or guardians about the Prioritization of Urgency of Need for Services database.

(c) Subject to appropriation, the Department of Human Services and State Board of Education shall develop and implement an online, computer-based training program for at

least one designated employee in every public school in this State to educate him or her about the Prioritization of Urgency of Need for Services database and steps to be taken to ensure children and adolescents are enrolled. The training shall include instruction for at least one designated employee in every public school in contacting the appropriate developmental disabilities Independent Service Coordination agency to enroll children and adolescents in the database. At least one designated employee in every public school shall ensure the opportunity to enroll in the Prioritization of Urgency of Need for Services database is discussed during annual individualized education program (IEP) meetings for all children and adolescents believed to have a developmental disability.

(d) The State Board of Education, in consultation with the Department of Human Services, through school districts, shall provide to parents and guardians of students a copy of the Department of Human Services's guide titled "Understanding PUNS: A Guide to Prioritization for Urgency of Need for Services" each year at the annual review meeting for the student's individualized education program, including the consideration required in subsection (e) of this Section.

(e) The Department of Human Services shall consider the length of time spent on the Prioritization of Urgency of Need for Services waiting list, in addition to other factors considered, when selecting individuals on the list for

services.

(f) Subject to appropriation, the Department of Human Services shall expand its selection of individuals from the Prioritization of Urgency of Need for Services database to include individuals who receive services through the Children and Young Adults with Developmental Disabilities - Support Waiver.

(Source: P.A. 102-57, eff. 7-9-21.)

(105 ILCS 5/2-3.196 new)

Sec. 2-3.196. Mental health screenings. On or before December 15, 2023, the State Board of Education, in consultation with the Children's Behavioral Health Transformation Officer, Children's Behavioral Health Transformation Team, and the Office of the Governor, shall file a report with the Governor and the General Assembly that includes recommendations for implementation of mental health screenings in schools for students enrolled in kindergarten through grade 12. This report must include a landscape scan of current district-wide screenings, recommendations for screening tools, training for staff, and linkage and referral for identified students.

(105 ILCS 5/14-7.02) (from Ch. 122, par. 14-7.02)

Sec. 14-7.02. Children attending private schools, public out-of-state schools, public school residential facilities or

private special education facilities.

(a) The General Assembly recognizes that non-public schools or special education facilities provide an important service in the educational system in Illinois.

(b) If a student's individualized education program (IEP) team determines that because of his or her disability the special education program of a district is unable to meet the needs of the child and the child attends a non-public school or special education facility, a public out-of-state school or a special education facility owned and operated by a county government unit that provides special educational services required by the child and is in compliance with the appropriate rules and regulations of the State Superintendent of Education, the school district in which the child is a resident shall pay the actual cost of tuition for special education and related services provided during the regular school term and during the summer school term if the child's educational needs so require, excluding room, board and transportation costs charged the child by that non-public school or special education facility, public out-of-state school or county special education facility, or \$4,500 per year, whichever is less, and shall provide him any necessary transportation. "Nonpublic special education facility" shall include a residential facility, within or without the State of Illinois, which provides special education and related services to meet the needs of the child by utilizing private

schools or public schools, whether located on the site or off the site of the residential facility. Resident district financial responsibility and reimbursement applies for both nonpublic special education facilities that are approved by the State Board of Education pursuant to 23 Ill. Adm. Code 401 or other applicable laws or rules and for emergency placements in nonpublic special education facilities that are not approved by the State Board of Education pursuant to 23 Ill. Adm. Code 401 or other applicable laws or rules, subject to the requirements of this Section.

(c) Prior to the placement of a child in an out-of-state special education residential facility, the school district must refer to the child or the child's parent or guardian the option to place the child in a special education residential facility located within this State, if any, that provides treatment and services comparable to those provided by the out-of-state special education residential facility. The school district must review annually the placement of a child in an out-of-state special education residential facility. As a part of the review, the school district must refer to the child or the child's parent or guardian the option to place the child in a comparable special education residential facility located within this State, if any.

(c-5) Before a provider that operates a nonpublic special education facility terminates a student's placement in that facility, the provider must request an IEP meeting from the

contracting school district. If the provider elects to terminate the student's placement following the IEP meeting, the provider must give written notice to this effect to the parent or guardian, the contracting public school district, and the State Board of Education no later than 20 business days before the date of termination, unless the health and safety of any student are endangered. The notice must include the detailed reasons for the termination and any actions taken to address the reason for the termination.

(d) Payments shall be made by the resident school district to the entity providing the educational services, whether the entity is the nonpublic special education facility or the school district wherein the facility is located, no less than once per quarter, unless otherwise agreed to in writing by the parties.

(e) A school district may place a student in a nonpublic special education facility providing educational services, but not approved by the State Board of Education pursuant to 23 Ill. Adm. Code 401 or other applicable laws or rules, provided that the State Board of Education provides an emergency and student-specific approval for placement. The State Board of Education shall promptly, within 10 days after the request, approve a request for emergency and student-specific approval for placement if the following have been demonstrated to the State Board of Education:

- (1) the facility demonstrates appropriate licensure of

teachers for the student population;

(2) the facility demonstrates age-appropriate curriculum;

(3) the facility provides enrollment and attendance data;

(4) the facility demonstrates the ability to implement the child's IEP; and

(5) the school district demonstrates that it made good faith efforts to place the student in an approved facility, but no approved facility has accepted the student or has availability for immediate placement of the student.

A resident school district may also submit such proof to the State Board of Education as may be required for its student. The State Board of Education may not unreasonably withhold approval once satisfactory proof is provided to the State Board.

(f) If an impartial due process hearing officer who is contracted by the State Board of Education pursuant to this Article orders placement of a student with a disability in a residential facility that is not approved by the State Board of Education, then, for purposes of this Section, the facility shall be deemed approved for placement and school district payments and State reimbursements shall be made accordingly.

(g) Emergency placement in a facility approved pursuant to subsection (e) or (f) may continue to be utilized so long as

(i) the student's IEP team determines annually that such placement continues to be appropriate to meet the student's needs and (ii) at least every 3 years following the student's placement, the IEP team reviews appropriate placements approved by the State Board of Education pursuant to 23 Ill. Adm. Code 401 or other applicable laws or rules to determine whether there are any approved placements that can meet the student's needs, have accepted the student, and have availability for placement of the student.

(h) The State Board of Education shall promulgate rules and regulations for determining when placement in a private special education facility is appropriate. Such rules and regulations shall take into account the various types of services needed by a child and the availability of such services to the particular child in the public school. In developing these rules and regulations the State Board of Education shall consult with the Advisory Council on Education of Children with Disabilities and hold public hearings to secure recommendations from parents, school personnel, and others concerned about this matter.

The State Board of Education shall also promulgate rules and regulations for transportation to and from a residential school. Transportation to and from home to a residential school more than once each school term shall be subject to prior approval by the State Superintendent in accordance with the rules and regulations of the State Board.

(i) A school district making tuition payments pursuant to this Section is eligible for reimbursement from the State for the amount of such payments actually made in excess of the district per capita tuition charge for students not receiving special education services. Such reimbursement shall be approved in accordance with Section 14-12.01 and each district shall file its claims, computed in accordance with rules prescribed by the State Board of Education, on forms prescribed by the State Superintendent of Education. Data used as a basis of reimbursement claims shall be for the preceding regular school term and summer school term. Each school district shall transmit its claims to the State Board of Education on or before August 15. The State Board of Education, before approving any such claims, shall determine their accuracy and whether they are based upon services and facilities provided under approved programs. Upon approval the State Board shall cause vouchers to be prepared showing the amount due for payment of reimbursement claims to school districts, for transmittal to the State Comptroller on the 30th day of September, December, and March, respectively, and the final voucher, no later than June 20. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved.

(j) No child shall be placed in a special education program pursuant to this Section if the tuition cost for

special education and related services increases more than 10 percent over the tuition cost for the previous school year or exceeds \$4,500 per year unless such costs have been approved by the Illinois Purchased Care Review Board. The Illinois Purchased Care Review Board shall consist of the following persons, or their designees: the Directors of Children and Family Services, Public Health, Public Aid, and the Governor's Office of Management and Budget; the Secretary of Human Services; the State Superintendent of Education; and such other persons as the Governor may designate. The Review Board shall also consist of one non-voting member who is an administrator of a private, nonpublic, special education school. The Review Board shall establish rules and regulations for its determination of allowable costs and payments made by local school districts for special education, room and board, and other related services provided by non-public schools or special education facilities and shall establish uniform standards and criteria which it shall follow. The Review Board shall approve the usual and customary rate or rates of a special education program that (i) is offered by an out-of-state, non-public provider of integrated autism specific educational and autism specific residential services, (ii) offers 2 or more levels of residential care, including at least one locked facility, and (iii) serves 12 or fewer Illinois students.

(k) In determining rates based on allowable costs, the

Review Board shall consider any wage increases awarded by the General Assembly to front line personnel defined as direct support persons, aides, front-line supervisors, qualified intellectual disabilities professionals, nurses, and non-administrative support staff working in service settings in community-based settings within the State and adjust customary rates or rates of a special education program to be equitable to the wage increase awarded to similar staff positions in a community residential setting. Any wage increase awarded by the General Assembly to front line personnel defined as direct support persons, aides, front-line supervisors, qualified intellectual disabilities professionals, nurses, and non-administrative support staff working in community-based settings within the State, including the \$0.75 per hour increase contained in Public Act 100-23 and the \$0.50 per hour increase included in Public Act 100-23, shall also be a basis for any facility covered by this Section to appeal its rate before the Review Board under the process defined in Title 89, Part 900, Section 340 of the Illinois Administrative Code. Illinois Administrative Code Title 89, Part 900, Section 342 shall be updated to recognize wage increases awarded to community-based settings to be a basis for appeal. However, any wage increase that is captured upon appeal from a previous year shall not be counted by the Review Board as revenue for the purpose of calculating a facility's future rate.

(l) Any definition used by the Review Board in administrative rule or policy to define "related organizations" shall include any and all exceptions contained in federal law or regulation as it pertains to the federal definition of "related organizations".

(m) The Review Board shall establish uniform definitions and criteria for accounting separately by special education, room and board and other related services costs. The Board shall also establish guidelines for the coordination of services and financial assistance provided by all State agencies to assure that no otherwise qualified child with a disability receiving services under Article 14 shall be excluded from participation in, be denied the benefits of or be subjected to discrimination under any program or activity provided by any State agency.

(n) The Review Board shall review the costs for special education and related services provided by non-public schools or special education facilities and shall approve or disapprove such facilities in accordance with the rules and regulations established by it with respect to allowable costs.

(o) The State Board of Education shall provide administrative and staff support for the Review Board as deemed reasonable by the State Superintendent of Education. This support shall not include travel expenses or other compensation for any Review Board member other than the State Superintendent of Education.

(p) The Review Board shall seek the advice of the Advisory Council on Education of Children with Disabilities on the rules and regulations to be promulgated by it relative to providing special education services.

(q) If a child has been placed in a program in which the actual per pupil costs of tuition for special education and related services based on program enrollment, excluding room, board and transportation costs, exceed \$4,500 and such costs have been approved by the Review Board, the district shall pay such total costs which exceed \$4,500. A district making such tuition payments in excess of \$4,500 pursuant to this Section shall be responsible for an amount in excess of \$4,500 equal to the district per capita tuition charge and shall be eligible for reimbursement from the State for the amount of such payments actually made in excess of the districts per capita tuition charge for students not receiving special education services.

(r) If a child has been placed in an approved individual program and the tuition costs including room and board costs have been approved by the Review Board, then such room and board costs shall be paid by the appropriate State agency subject to the provisions of Section 14-8.01 of this Act. Room and board costs not provided by a State agency other than the State Board of Education shall be provided by the State Board of Education on a current basis. In no event, however, shall the State's liability for funding of these tuition costs begin

until after the legal obligations of third party payors have been subtracted from such costs. If the money appropriated by the General Assembly for such purpose for any year is insufficient, it shall be apportioned on the basis of the claims approved. Each district shall submit estimated claims to the State Superintendent of Education. Upon approval of such claims, the State Superintendent of Education shall direct the State Comptroller to make payments on a monthly basis. The frequency for submitting estimated claims and the method of determining payment shall be prescribed in rules and regulations adopted by the State Board of Education. Such current state reimbursement shall be reduced by an amount equal to the proceeds which the child or child's parents are eligible to receive under any public or private insurance or assistance program. Nothing in this Section shall be construed as relieving an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.

(s) If it otherwise qualifies, a school district is eligible for the transportation reimbursement under Section 14-13.01 and for the reimbursement of tuition payments under this Section whether the non-public school or special education facility, public out-of-state school or county special education facility, attended by a child who resides in that district and requires special educational services, is within or outside of the State of Illinois. However, a

district is not eligible to claim transportation reimbursement under this Section unless the district certifies to the State Superintendent of Education that the district is unable to provide special educational services required by the child for the current school year.

(t) Nothing in this Section authorizes the reimbursement of a school district for the amount paid for tuition of a child attending a non-public school or special education facility, public out-of-state school or county special education facility unless the school district certifies to the State Superintendent of Education that the special education program of that district is unable to meet the needs of that child because of his disability and the State Superintendent of Education finds that the school district is in substantial compliance with Section 14-4.01. However, if a child is unilaterally placed by a State agency or any court in a non-public school or special education facility, public out-of-state school, or county special education facility, a school district shall not be required to certify to the State Superintendent of Education, for the purpose of tuition reimbursement, that the special education program of that district is unable to meet the needs of a child because of his or her disability.

(u) Any educational or related services provided, pursuant to this Section in a non-public school or special education facility or a special education facility owned and operated by

a county government unit shall be at no cost to the parent or guardian of the child. However, current law and practices relative to contributions by parents or guardians for costs other than educational or related services are not affected by this amendatory Act of 1978.

(v) Reimbursement for children attending public school residential facilities shall be made in accordance with the provisions of this Section.

(w) Notwithstanding any other provision of law, any school district receiving a payment under this Section or under Section 14-7.02b, 14-13.01, or 29-5 of this Code may classify all or a portion of the funds that it receives in a particular fiscal year or from general State aid pursuant to Section 18-8.05 of this Code as funds received in connection with any funding program for which it is entitled to receive funds from the State in that fiscal year (including, without limitation, any funding program referenced in this Section), regardless of the source or timing of the receipt. The district may not classify more funds as funds received in connection with the funding program than the district is entitled to receive in that fiscal year for that program. Any classification by a district must be made by a resolution of its board of education. The resolution must identify the amount of any payments or general State aid to be classified under this paragraph and must specify the funding program to which the funds are to be treated as received in connection therewith.

This resolution is controlling as to the classification of funds referenced therein. A certified copy of the resolution must be sent to the State Superintendent of Education. The resolution shall still take effect even though a copy of the resolution has not been sent to the State Superintendent of Education in a timely manner. No classification under this paragraph by a district shall affect the total amount or timing of money the district is entitled to receive under this Code. No classification under this paragraph by a district shall in any way relieve the district from or affect any requirements that otherwise would apply with respect to that funding program, including any accounting of funds by source, reporting expenditures by original source and purpose, reporting requirements, or requirements of providing services. (Source: P.A. 101-10, eff. 6-5-19; 102-254, eff. 8-6-21; 102-703, eff. 4-22-22.)

(105 ILCS 5/14-15.01) (from Ch. 122, par. 14-15.01)

Sec. 14-15.01. Community and Residential Services Authority.

(a) (1) The Community and Residential Services Authority is hereby created and shall consist of the following members:

A representative of the State Board of Education;

Four representatives of the Department of Human Services appointed by the Secretary of Human Services, with one member from the Division of Community Health and Prevention, one

member from the Division of Developmental Disabilities, one member from the Division of Mental Health, and one member from the Division of Rehabilitation Services;

A representative of the Department of Children and Family Services;

A representative of the Department of Juvenile Justice;

A representative of the Department of Healthcare and Family Services;

A representative of the Attorney General's Disability Rights Advocacy Division;

The Chairperson and Minority Spokesperson of the House and Senate Committees on Elementary and Secondary Education or their designees; and

Six persons appointed by the Governor. Five of such appointees shall be experienced or knowledgeable relative to provision of services for individuals with a behavior disorder or a severe emotional disturbance and shall include representatives of both the private and public sectors, except that no more than 2 of those 5 appointees may be from the public sector and at least 2 must be or have been directly involved in provision of services to such individuals. The remaining member appointed by the Governor shall be or shall have been a parent of an individual with a behavior disorder or a severe emotional disturbance, and that appointee may be from either the private or the public sector.

(2) Members appointed by the Governor shall be appointed

for terms of 4 years and shall continue to serve until their respective successors are appointed; provided that the terms of the original appointees shall expire on August 1, 1990. Any vacancy in the office of a member appointed by the Governor shall be filled by appointment of the Governor for the remainder of the term.

A vacancy in the office of a member appointed by the Governor exists when one or more of the following events occur:

- (i) An appointee dies;
- (ii) An appointee files a written resignation with the Governor;
- (iii) An appointee ceases to be a legal resident of the State of Illinois; or
- (iv) An appointee fails to attend a majority of regularly scheduled Authority meetings in a fiscal year.

Members who are representatives of an agency shall serve at the will of the agency head. Membership on the Authority shall cease immediately upon cessation of their affiliation with the agency. If such a vacancy occurs, the appropriate agency head shall appoint another person to represent the agency.

If a legislative member of the Authority ceases to be Chairperson or Minority Spokesperson of the designated Committees, they shall automatically be replaced on the Authority by the person who assumes the position of

Chairperson or Minority Spokesperson.

(b) The Community and Residential Services Authority shall have the following powers and duties:

(1) Serve as a Parent/Guardian Navigator Assistance Program, to work directly with parents/guardians of youth with behavioral health concerns to provide assistance coordinating efforts with public agencies, including but not limited to local school district, State Board of Education, the Department of Human Services, Department of Children and Family Services, the Department of Healthcare and Family Services, Department of Public Health, and Department of Juvenile Justice. ~~To conduct surveys to determine the extent of need, the degree to which documented need is currently being met and feasible alternatives for matching need with resources.~~

(2) Work in conjunction with the new Care Portal and Care Portal Team to utilize the centralized IT platform for communication and case management, including collaboration on the development of Portal training, communications to the public, business processes for case triage, assignment, and referral. ~~To develop policy statements for interagency cooperation to cover all aspects of service delivery, including laws, regulations and procedures, and clear guidelines for determining responsibility at all times.~~

(3) To develop and submit to the Governor, the General

Assembly, the Directors of the agencies represented on the Authority, and State Board of Education a master plan for operating the Parent/Guardian Navigator Assistance Program, including how referrals are made, plan for dispute relative to plans of service or funding for plans of service, plans to include parents with lived experience as peer supports. ~~To recommend policy statements and provide information regarding effective programs for delivery of services to all individuals under 22 years of age with a behavior disorder or a severe emotional disturbance in public or private situations.~~

(4) (Blank). ~~To review the criteria for service eligibility, provision and availability established by the governmental agencies represented on this Authority, and to recommend changes, additions or deletions to such criteria.~~

(5) (Blank). ~~To develop and submit to the Governor, the General Assembly, the Directors of the agencies represented on the Authority, and the State Board of Education a master plan for individuals under 22 years of age with a behavior disorder or a severe emotional disturbance, including detailed plans of service ranging from the least to the most restrictive options; and to assist local communities, upon request, in developing or strengthening collaborative interagency networks.~~

(6) (Blank). ~~To develop a process for making~~

~~determinations in situations where there is a dispute relative to a plan of service for individuals or funding for a plan of service.~~

(7) (Blank). ~~To provide technical assistance to parents, service consumers, providers, and member agency personnel regarding statutory responsibilities of human service and educational agencies, and to provide such assistance as deemed necessary to appropriately access needed services.~~

(8) (Blank). ~~To establish a pilot program to act as a residential research hub to research and identify appropriate residential settings for youth who are being housed in an emergency room for more than 72 hours or who are deemed beyond medical necessity in a psychiatric hospital. If a child is deemed beyond medical necessity in a psychiatric hospital and is in need of residential placement, the goal of the program is to prevent a lock out pursuant to the goals of the Custody Relinquishment Prevention Act.~~

(c) (1) The members of the Authority shall receive no compensation for their services but shall be entitled to reimbursement of reasonable expenses incurred while performing their duties.

(2) The Authority may appoint special study groups to operate under the direction of the Authority and persons appointed to such groups shall receive only reimbursement of

reasonable expenses incurred in the performance of their duties.

(3) The Authority shall elect from its membership a chairperson, vice-chairperson and secretary.

(4) The Authority may employ and fix the compensation of such employees and technical assistants as it deems necessary to carry out its powers and duties under this Act. Staff assistance for the Authority shall be provided by the State Board of Education.

(5) Funds for the ordinary and contingent expenses of the Authority shall be appropriated to the State Board of Education in a separate line item.

(d) (1) The Authority shall have power to promulgate rules and regulations to carry out its powers and duties under this Act.

(2) The Authority may accept monetary gifts or grants from the federal government or any agency thereof, from any charitable foundation or professional association or from any other reputable source for implementation of any program necessary or desirable to the carrying out of the general purposes of the Authority. Such gifts and grants may be held in trust by the Authority and expended in the exercise of its powers and performance of its duties as prescribed by law.

(3) The Authority shall submit an annual report of its activities and expenditures to the Governor, the General Assembly, the directors of agencies represented on the

Authority, and the State Superintendent of Education, due January 1 of each year.

(e) The Executive Director of the Authority or his or her designee shall be added as a participant on the Interagency Clinical Team established in the intergovernmental agreement among the Department of Healthcare and Family Services, the Department of Children and Family Services, the Department of Human Services, the State Board of Education, the Department of Juvenile Justice, and the Department of Public Health, with consent of the youth or the youth's guardian or family pursuant to the Custody Relinquishment Prevention Act.

(Source: P.A. 102-43, eff. 7-6-21.)

Section 25. The Illinois Public Aid Code is amended by changing Section 5-30.1 as follows:

(305 ILCS 5/5-30.1)

Sec. 5-30.1. Managed care protections.

(a) As used in this Section:

"Managed care organization" or "MCO" means any entity which contracts with the Department to provide services where payment for medical services is made on a capitated basis.

"Emergency services" include:

(1) emergency services, as defined by Section 10 of the Managed Care Reform and Patient Rights Act;

(2) emergency medical screening examinations, as

defined by Section 10 of the Managed Care Reform and Patient Rights Act;

(3) post-stabilization medical services, as defined by Section 10 of the Managed Care Reform and Patient Rights Act; and

(4) emergency medical conditions, as defined by Section 10 of the Managed Care Reform and Patient Rights Act.

(b) As provided by Section 5-16.12, managed care organizations are subject to the provisions of the Managed Care Reform and Patient Rights Act.

(c) An MCO shall pay any provider of emergency services that does not have in effect a contract with the contracted Medicaid MCO. The default rate of reimbursement shall be the rate paid under Illinois Medicaid fee-for-service program methodology, including all policy adjusters, including but not limited to Medicaid High Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments, and all outlier add-on adjustments to the extent such adjustments are incorporated in the development of the applicable MCO capitated rates.

(d) An MCO shall pay for all post-stabilization services as a covered service in any of the following situations:

(1) the MCO authorized such services;

(2) such services were administered to maintain the enrollee's stabilized condition within one hour after a

request to the MCO for authorization of further post-stabilization services;

(3) the MCO did not respond to a request to authorize such services within one hour;

(4) the MCO could not be contacted; or

(5) the MCO and the treating provider, if the treating provider is a non-affiliated provider, could not reach an agreement concerning the enrollee's care and an affiliated provider was unavailable for a consultation, in which case the MCO must pay for such services rendered by the treating non-affiliated provider until an affiliated provider was reached and either concurred with the treating non-affiliated provider's plan of care or assumed responsibility for the enrollee's care. Such payment shall be made at the default rate of reimbursement paid under Illinois Medicaid fee-for-service program methodology, including all policy adjusters, including but not limited to Medicaid High Volume Adjustments, Medicaid Percentage Adjustments, Outpatient High Volume Adjustments and all outlier add-on adjustments to the extent that such adjustments are incorporated in the development of the applicable MCO capitated rates.

(e) The following requirements apply to MCOs in determining payment for all emergency services:

(1) MCOs shall not impose any requirements for prior approval of emergency services.

(2) The MCO shall cover emergency services provided to enrollees who are temporarily away from their residence and outside the contracting area to the extent that the enrollees would be entitled to the emergency services if they still were within the contracting area.

(3) The MCO shall have no obligation to cover medical services provided on an emergency basis that are not covered services under the contract.

(4) The MCO shall not condition coverage for emergency services on the treating provider notifying the MCO of the enrollee's screening and treatment within 10 days after presentation for emergency services.

(5) The determination of the attending emergency physician, or the provider actually treating the enrollee, of whether an enrollee is sufficiently stabilized for discharge or transfer to another facility, shall be binding on the MCO. The MCO shall cover emergency services for all enrollees whether the emergency services are provided by an affiliated or non-affiliated provider.

(6) The MCO's financial responsibility for post-stabilization care services it has not pre-approved ends when:

(A) a plan physician with privileges at the treating hospital assumes responsibility for the enrollee's care;

(B) a plan physician assumes responsibility for

the enrollee's care through transfer;

(C) a contracting entity representative and the treating physician reach an agreement concerning the enrollee's care; or

(D) the enrollee is discharged.

(f) Network adequacy and transparency.

(1) The Department shall:

(A) ensure that an adequate provider network is in place, taking into consideration health professional shortage areas and medically underserved areas;

(B) publicly release an explanation of its process for analyzing network adequacy;

(C) periodically ensure that an MCO continues to have an adequate network in place;

(D) require MCOs, including Medicaid Managed Care Entities as defined in Section 5-30.2, to meet provider directory requirements under Section 5-30.3;

(E) require MCOs to ensure that any Medicaid-certified provider under contract with an MCO and previously submitted on a roster on the date of service is paid for any medically necessary, Medicaid-covered, and authorized service rendered to any of the MCO's enrollees, regardless of inclusion on the MCO's published and publicly available directory of available providers; and

(F) require MCOs, including Medicaid Managed Care

Entities as defined in Section 5-30.2, to meet each of the requirements under subsection (d-5) of Section 10 of the Network Adequacy and Transparency Act; with necessary exceptions to the MCO's network to ensure that admission and treatment with a provider or at a treatment facility in accordance with the network adequacy standards in paragraph (3) of subsection (d-5) of Section 10 of the Network Adequacy and Transparency Act is limited to providers or facilities that are Medicaid certified.

(2) Each MCO shall confirm its receipt of information submitted specific to physician or dentist additions or physician or dentist deletions from the MCO's provider network within 3 days after receiving all required information from contracted physicians or dentists, and electronic physician and dental directories must be updated consistent with current rules as published by the Centers for Medicare and Medicaid Services or its successor agency.

(g) Timely payment of claims.

(1) The MCO shall pay a claim within 30 days of receiving a claim that contains all the essential information needed to adjudicate the claim.

(2) The MCO shall notify the billing party of its inability to adjudicate a claim within 30 days of receiving that claim.

(3) The MCO shall pay a penalty that is at least equal to the timely payment interest penalty imposed under Section 368a of the Illinois Insurance Code for any claims not timely paid.

(A) When an MCO is required to pay a timely payment interest penalty to a provider, the MCO must calculate and pay the timely payment interest penalty that is due to the provider within 30 days after the payment of the claim. In no event shall a provider be required to request or apply for payment of any owed timely payment interest penalties.

(B) Such payments shall be reported separately from the claim payment for services rendered to the MCO's enrollee and clearly identified as interest payments.

(4) (A) The Department shall require MCOs to expedite payments to providers identified on the Department's expedited provider list, determined in accordance with 89 Ill. Adm. Code 140.71(b), on a schedule at least as frequently as the providers are paid under the Department's fee-for-service expedited provider schedule.

(B) Compliance with the expedited provider requirement may be satisfied by an MCO through the use of a Periodic Interim Payment (PIP) program that has been mutually agreed to and documented between the MCO and the provider, if the PIP program ensures that any expedited provider

receives regular and periodic payments based on prior period payment experience from that MCO. Total payments under the PIP program may be reconciled against future PIP payments on a schedule mutually agreed to between the MCO and the provider.

(C) The Department shall share at least monthly its expedited provider list and the frequency with which it pays providers on the expedited list.

(g-5) Recognizing that the rapid transformation of the Illinois Medicaid program may have unintended operational challenges for both payers and providers:

(1) in no instance shall a medically necessary covered service rendered in good faith, based upon eligibility information documented by the provider, be denied coverage or diminished in payment amount if the eligibility or coverage information available at the time the service was rendered is later found to be inaccurate in the assignment of coverage responsibility between MCOs or the fee-for-service system, except for instances when an individual is deemed to have not been eligible for coverage under the Illinois Medicaid program; and

(2) the Department shall, by December 31, 2016, adopt rules establishing policies that shall be included in the Medicaid managed care policy and procedures manual addressing payment resolutions in situations in which a provider renders services based upon information obtained

after verifying a patient's eligibility and coverage plan through either the Department's current enrollment system or a system operated by the coverage plan identified by the patient presenting for services:

(A) such medically necessary covered services shall be considered rendered in good faith;

(B) such policies and procedures shall be developed in consultation with industry representatives of the Medicaid managed care health plans and representatives of provider associations representing the majority of providers within the identified provider industry; and

(C) such rules shall be published for a review and comment period of no less than 30 days on the Department's website with final rules remaining available on the Department's website.

The rules on payment resolutions shall include, but not be limited to:

(A) the extension of the timely filing period;

(B) retroactive prior authorizations; and

(C) guaranteed minimum payment rate of no less than the current, as of the date of service, fee-for-service rate, plus all applicable add-ons, when the resulting service relationship is out of network.

The rules shall be applicable for both MCO coverage

and fee-for-service coverage.

If the fee-for-service system is ultimately determined to have been responsible for coverage on the date of service, the Department shall provide for an extended period for claims submission outside the standard timely filing requirements.

(g-6) MCO Performance Metrics Report.

(1) The Department shall publish, on at least a quarterly basis, each MCO's operational performance, including, but not limited to, the following categories of metrics:

(A) claims payment, including timeliness and accuracy;

(B) prior authorizations;

(C) grievance and appeals;

(D) utilization statistics;

(E) provider disputes;

(F) provider credentialing; and

(G) member and provider customer service.

(2) The Department shall ensure that the metrics report is accessible to providers online by January 1, 2017.

(3) The metrics shall be developed in consultation with industry representatives of the Medicaid managed care health plans and representatives of associations representing the majority of providers within the identified industry.

(4) Metrics shall be defined and incorporated into the applicable Managed Care Policy Manual issued by the Department.

(g-7) MCO claims processing and performance analysis. In order to monitor MCO payments to hospital providers, pursuant to Public Act 100-580, the Department shall post an analysis of MCO claims processing and payment performance on its website every 6 months. Such analysis shall include a review and evaluation of a representative sample of hospital claims that are rejected and denied for clean and unclean claims and the top 5 reasons for such actions and timeliness of claims adjudication, which identifies the percentage of claims adjudicated within 30, 60, 90, and over 90 days, and the dollar amounts associated with those claims.

(g-8) Dispute resolution process. The Department shall maintain a provider complaint portal through which a provider can submit to the Department unresolved disputes with an MCO. An unresolved dispute means an MCO's decision that denies in whole or in part a claim for reimbursement to a provider for health care services rendered by the provider to an enrollee of the MCO with which the provider disagrees. Disputes shall not be submitted to the portal until the provider has availed itself of the MCO's internal dispute resolution process. Disputes that are submitted to the MCO internal dispute resolution process may be submitted to the Department of Healthcare and Family Services' complaint portal no sooner

than 30 days after submitting to the MCO's internal process and not later than 30 days after the unsatisfactory resolution of the internal MCO process or 60 days after submitting the dispute to the MCO internal process. Multiple claim disputes involving the same MCO may be submitted in one complaint, regardless of whether the claims are for different enrollees, when the specific reason for non-payment of the claims involves a common question of fact or policy. Within 10 business days of receipt of a complaint, the Department shall present such disputes to the appropriate MCO, which shall then have 30 days to issue its written proposal to resolve the dispute. The Department may grant one 30-day extension of this time frame to one of the parties to resolve the dispute. If the dispute remains unresolved at the end of this time frame or the provider is not satisfied with the MCO's written proposal to resolve the dispute, the provider may, within 30 days, request the Department to review the dispute and make a final determination. Within 30 days of the request for Department review of the dispute, both the provider and the MCO shall present all relevant information to the Department for resolution and make individuals with knowledge of the issues available to the Department for further inquiry if needed. Within 30 days of receiving the relevant information on the dispute, or the lapse of the period for submitting such information, the Department shall issue a written decision on the dispute based on contractual terms between the provider

and the MCO, contractual terms between the MCO and the Department of Healthcare and Family Services and applicable Medicaid policy. The decision of the Department shall be final. By January 1, 2020, the Department shall establish by rule further details of this dispute resolution process. Disputes between MCOs and providers presented to the Department for resolution are not contested cases, as defined in Section 1-30 of the Illinois Administrative Procedure Act, conferring any right to an administrative hearing.

(g-9) (1) The Department shall publish annually on its website a report on the calculation of each managed care organization's medical loss ratio showing the following:

(A) Premium revenue, with appropriate adjustments.

(B) Benefit expense, setting forth the aggregate amount spent for the following:

(i) Direct paid claims.

(ii) Subcapitation payments.

(iii) Other claim payments.

(iv) Direct reserves.

(v) Gross recoveries.

(vi) Expenses for activities that improve health care quality as allowed by the Department.

(2) The medical loss ratio shall be calculated consistent with federal law and regulation following a claims runout period determined by the Department.

(g-10) (1) "Liability effective date" means the date on

which an MCO becomes responsible for payment for medically necessary and covered services rendered by a provider to one of its enrollees in accordance with the contract terms between the MCO and the provider. The liability effective date shall be the later of:

(A) The execution date of a network participation contract agreement.

(B) The date the provider or its representative submits to the MCO the complete and accurate standardized roster form for the provider in the format approved by the Department.

(C) The provider effective date contained within the Department's provider enrollment subsystem within the Illinois Medicaid Program Advanced Cloud Technology (IMPACT) System.

(2) The standardized roster form may be submitted to the MCO at the same time that the provider submits an enrollment application to the Department through IMPACT.

(3) By October 1, 2019, the Department shall require all MCOs to update their provider directory with information for new practitioners of existing contracted providers within 30 days of receipt of a complete and accurate standardized roster template in the format approved by the Department provided that the provider is effective in the Department's provider enrollment subsystem within the IMPACT system. Such provider directory shall be readily accessible for purposes of

selecting an approved health care provider and comply with all other federal and State requirements.

(g-11) The Department shall work with relevant stakeholders on the development of operational guidelines to enhance and improve operational performance of Illinois' Medicaid managed care program, including, but not limited to, improving provider billing practices, reducing claim rejections and inappropriate payment denials, and standardizing processes, procedures, definitions, and response timelines, with the goal of reducing provider and MCO administrative burdens and conflict. The Department shall include a report on the progress of these program improvements and other topics in its Fiscal Year 2020 annual report to the General Assembly.

(g-12) Notwithstanding any other provision of law, if the Department or an MCO requires submission of a claim for payment in a non-electronic format, a provider shall always be afforded a period of no less than 90 business days, as a correction period, following any notification of rejection by either the Department or the MCO to correct errors or omissions in the original submission.

Under no circumstances, either by an MCO or under the State's fee-for-service system, shall a provider be denied payment for failure to comply with any timely submission requirements under this Code or under any existing contract, unless the non-electronic format claim submission occurs after

the initial 180 days following the latest date of service on the claim, or after the 90 business days correction period following notification to the provider of rejection or denial of payment.

(h) The Department shall not expand mandatory MCO enrollment into new counties beyond those counties already designated by the Department as of June 1, 2014 for the individuals whose eligibility for medical assistance is not the seniors or people with disabilities population until the Department provides an opportunity for accountable care entities and MCOs to participate in such newly designated counties.

(h-5) Leading indicator data sharing. By January 1, 2024, the Department shall obtain input from the Department of Human Services, the Department of Juvenile Justice, the Department of Children and Family Services, the State Board of Education, managed care organizations, providers, and clinical experts to identify and analyze key indicators from assessments and data sets available to the Department that can be shared with managed care organizations and similar care coordination entities contracted with the Department as leading indicators for elevated behavioral health crisis risk for children. To the extent permitted by State and federal law, the identified leading indicators shall be shared with managed care organizations and similar care coordination entities contracted with the Department within 6 months of

identification for the purpose of improving care coordination with the early detection of elevated risk. Leading indicators shall be reassessed annually with stakeholder input.

(i) The requirements of this Section apply to contracts with accountable care entities and MCOs entered into, amended, or renewed after June 16, 2014 (the effective date of Public Act 98-651).

(j) Health care information released to managed care organizations. A health care provider shall release to a Medicaid managed care organization, upon request, and subject to the Health Insurance Portability and Accountability Act of 1996 and any other law applicable to the release of health information, the health care information of the MCO's enrollee, if the enrollee has completed and signed a general release form that grants to the health care provider permission to release the recipient's health care information to the recipient's insurance carrier.

(k) The Department of Healthcare and Family Services, managed care organizations, a statewide organization representing hospitals, and a statewide organization representing safety-net hospitals shall explore ways to support billing departments in safety-net hospitals.

(l) The requirements of this Section added by Public Act 102-4 shall apply to services provided on or after the first day of the month that begins 60 days after April 27, 2021 (the effective date of Public Act 102-4).

(Source: P.A. 101-209, eff. 8-5-19; 102-4, eff. 4-27-21; 102-43, eff. 7-6-21; 102-144, eff. 1-1-22; 102-454, eff. 8-20-21; 102-813, eff. 5-13-22.)

Section 30. The Juvenile Court Act of 1987 is amended by changing Section 3-5 as follows:

(705 ILCS 405/3-5) (from Ch. 37, par. 803-5)

Sec. 3-5. Interim crisis intervention services.

(a) Any minor who is taken into limited custody, or who independently requests or is referred for assistance, may be provided crisis intervention services by an agency or association, as defined in this Act, provided the association or agency staff (i) immediately investigate the circumstances of the minor and the facts surrounding the minor being taken into custody and promptly explain these facts and circumstances to the minor, and (ii) make a reasonable effort to inform the minor's parent, guardian or custodian of the fact that the minor has been taken into limited custody and where the minor is being kept, and (iii) if the minor consents, make a reasonable effort to transport, arrange for the transportation of, or otherwise release the minor to the parent, guardian or custodian. Upon release of the child who is believed to need or benefit from medical, psychological, psychiatric or social services, the association or agency may inform the minor and the person to whom the minor is released

of the nature and location of appropriate services and shall, if requested, assist in establishing contact between the family and other associations or agencies providing such services. If the agency or association is unable by all reasonable efforts to contact a parent, guardian or custodian, or if the person contacted lives an unreasonable distance away, or if the minor refuses to be taken to his or her home or other appropriate residence, or if the agency or association is otherwise unable despite all reasonable efforts to make arrangements for the safe return of the minor, the minor may be taken to a temporary living arrangement which is in compliance with the Child Care Act of 1969 or which is with persons agreed to by the parents and the agency or association.

(b) An agency or association is authorized to permit a minor to be sheltered in a temporary living arrangement provided the agency seeks to effect the minor's return home or alternative living arrangements agreeable to the minor and the parent, guardian, or custodian as soon as practicable. No minor shall be sheltered in a temporary living arrangement for more than 21 business days. Throughout such limited custody, the agency or association shall work with the parent, guardian, or custodian and the minor's local school district, the Department of Human Services, the Department of Healthcare and Family Services, the Department of Juvenile Justice, and the Department of Children and Family Services to identify immediate and long-term treatment or placement. ~~48 hours,~~

~~excluding Saturdays, Sundays, and court designated holidays, when the agency has reported the minor as neglected or abused because the parent, guardian, or custodian refuses to permit the child to return home, provided that in all other instances the minor may be sheltered when the agency obtains the consent of the parent, guardian, or custodian or documents its unsuccessful efforts to obtain the consent or authority of the parent, guardian, or custodian, including recording the date and the staff involved in all telephone calls, telegrams, letters, and personal contacts to obtain the consent or authority, in which instances the minor may be so sheltered for not more than 21 days. If at any time during the crisis intervention there is a concern that the minor has experienced abuse or neglect, the Comprehensive Community Based-Youth Services provider shall contact ~~the parent, guardian or eustodian refuses to permit the minor to return home, and no other living arrangement agreeable to the parent, guardian, or custodian can be made, and the parent, guardian, or custodian has not made any other appropriate living arrangement for the child, the agency may deem the minor to be neglected and report the neglect to the Department of Children and Family Services as provided in the Abused and Neglected Child Reporting Act. The Child Protective Service Unit of the Department of Children and Family Services shall begin an investigation of the report within 24 hours after receiving the report and shall determine whether to file a petition alleging that the~~~~

~~minor is neglected or abused as described in Section 2-3 of this Act. Subject to appropriation, the Department may take the minor into temporary protective custody at any time after receiving the report, provided that the Department shall take temporary protective custody within 48 hours of receiving the report if its investigation is not completed. If the Department of Children and Family Services determines that the minor is not a neglected minor because the minor is an immediate physical danger to himself, herself, or others living in the home, then the Department shall take immediate steps to either secure the minor's immediate admission to a mental health facility, arrange for law enforcement authorities to take temporary custody of the minor as a delinquent minor, or take other appropriate action to assume protective custody in order to safeguard the minor or others living in the home from immediate physical danger.~~

(c) Any agency or association or employee thereof acting reasonably and in good faith in the care of a minor being provided interim crisis intervention services and shelter care shall be immune from any civil or criminal liability resulting from such care.
