

AN ACT concerning revenue.

**Be it enacted by the People of the State of Illinois,
represented in the General Assembly:**

Section 1. Short title. This Act may be cited as the Film Production Services Tax Credit Act of 2008.

Section 5. Purpose. The General Assembly finds that the Illinois economy is highly vulnerable to other states and nations that have major financial incentive programs targeted to the motion picture industry. Because of the incentive programs of these competitor locations, Illinois must move aggressively with new business development investment tools so that Illinois is more competitive in site location decision-making for film productions. In an increasingly global economy, Illinois' long-term development will benefit from rational, strategic use of State resources in support of film production development and growth. It is the purpose of this Act to preserve and expand the existing human infrastructure for the motion picture industry in Illinois. It shall be the policy of this State to promote and encourage the training and hiring of Illinois residents who represent the diversity of the Illinois population through the creation and implementation of training, education, and recruitment programs organized in cooperation with Illinois colleges and

universities, labor organizations, and the motion picture industry.

Section 10. Definitions. As used in this Act:

(35 ILCS 5/213)

Sec. 213. Film production services credit. For tax years beginning on or after January 1, 2004, a taxpayer who has been awarded a tax credit under the Film Production Services Tax Credit Act or under the Film Production Services Tax Credit Act of 2008 is entitled to a credit against the taxes imposed under subsections (a) and (b) of Section 201 of this Act in an amount determined by the Department of Commerce and Economic

Opportunity under those Acts ~~the Film Production Services Tax Credit Act~~. If the taxpayer is a partnership or Subchapter S corporation, the credit is allowed to the partners or shareholders in accordance with the determination of income and distributive share of income under Sections 702 and 704 and Subchapter S of the Internal Revenue Code.

A transfer of this credit may be made by the taxpayer earning the credit within one year after the credit is awarded in accordance with rules adopted by the Department of Commerce and Economic Opportunity.

The Department, in cooperation with the Department of Commerce and Economic Opportunity, must prescribe rules to enforce and administer the provisions of this Section. This Section is exempt from the provisions of Section 250 of this Act.

The credit may not be carried back. If the amount of the credit exceeds the tax liability for the year, the excess may be carried forward and applied to the tax liability of the 5 taxable years following the excess credit year. The credit shall be applied to the earliest year for which there is a tax liability. If there are credits from more than one tax year that are available to offset a liability, the earlier credit shall be applied first. In no event shall a credit under this Section reduce the taxpayer's liability to less than zero.
