

AN ACT to revise the law by combining multiple enactments and making technical corrections.

**Be it enacted by the People of the State of Illinois,  
represented in the General Assembly:**

Section 1. Nature of this Act.

(a) This Act may be cited as the First 2009 General Revisory Act.

(b) This Act is not intended to make any substantive change in the law. It reconciles conflicts that have arisen from multiple amendments and enactments and makes technical corrections and revisions in the law.

This Act revises and, where appropriate, renumbers certain Sections that have been added or amended by more than one Public Act. In certain cases in which a repealed Act or Section has been replaced with a successor law, this Act may incorporate amendments to the repealed Act or Section into the successor law. This Act also corrects errors, revises cross-references, and deletes obsolete text.

(c) In this Act, the reference at the end of each amended Section indicates the sources in the Session Laws of Illinois that were used in the preparation of the text of that Section. The text of the Section included in this Act is intended to include the different versions of the Section found in the Public Acts included in the list of sources, but may not

include other versions of the Section to be found in Public Acts not included in the list of sources. The list of sources is not a part of the text of the Section.

(d) Public Acts 95-703 through 95-1003 were considered in the preparation of the combining revisories included in this Act. Many of these combining revisories contain no striking or underscoring because no additional changes are being made in the material that is being combined.

Section 5. The Regulatory Sunset Act is amended by changing Section 4.28 as follows:

Section 10. The Illinois Administrative Procedure Act is amended by changing Section 10-65 as follows:

(5 ILCS 100/10-65) (from Ch. 127, par. 1010-65)

Sec. 10-65. Licenses.

(a) When any licensing is required by law to be preceded by notice and an opportunity for a hearing, the provisions of this Act concerning contested cases shall apply.

(b) When a licensee has made timely and sufficient application for the renewal of a license or a new license with reference to any activity of a continuing nature, the existing license shall continue in full force and effect until the final agency decision on the application has been made unless a later date is fixed by order of a reviewing court.

(c) Except as provided in Section 1-17 ~~1-27~~ of the Department of Natural Resources Act, an application for the

renewal of a license or a new license shall include the applicant's social security number. Each agency shall require the licensee to certify on the application form, under penalty of perjury, that he or she is not more than 30 days delinquent in complying with a child support order. Every application shall state that failure to so certify shall result in disciplinary action, and that making a false statement may subject the licensee to contempt of court. The agency shall notify each applicant or licensee who acknowledges a delinquency or who, contrary to his or her certification, is found to be delinquent or who after receiving notice, fails to comply with a subpoena or warrant relating to a paternity or a child support proceeding, that the agency intends to take disciplinary action. Accordingly, the agency shall provide written notice of the facts or conduct upon which the agency will rely to support its proposed action and the applicant or licensee shall be given an opportunity for a hearing in accordance with the provisions of the Act concerning contested cases. Any delinquency in complying with a child support order can be remedied by arranging for payment of past due and current support. Any failure to comply with a subpoena or warrant relating to a paternity or child support proceeding can be remedied by complying with the subpoena or warrant. Upon a final finding of delinquency or failure to comply with a subpoena or warrant, the agency shall suspend, revoke, or refuse to issue or renew the license. In cases in which the

Department of Healthcare and Family Services (formerly Department of Public Aid) has previously determined that an applicant or a licensee is more than 30 days delinquent in the payment of child support and has subsequently certified the delinquency to the licensing agency, and in cases in which a court has previously determined that an applicant or licensee has been in violation of the Non-Support Punishment Act for more than 60 days, the licensing agency shall refuse to issue or renew or shall revoke or suspend that person's license based solely upon the certification of delinquency made by the Department of Healthcare and Family Services (formerly Department of Public Aid) or the certification of violation made by the court. Further process, hearings, or redetermination of the delinquency or violation by the licensing agency shall not be required. The licensing agency may issue or renew a license if the licensee has arranged for payment of past and current child support obligations in a manner satisfactory to the Department of Healthcare and Family Services (formerly Department of Public Aid) or the court. The licensing agency may impose conditions, restrictions, or disciplinary action upon that license.

(d) Except as provided in subsection (c), no agency shall revoke, suspend, annul, withdraw, amend materially, or refuse to renew any valid license without first giving written notice to the licensee of the facts or conduct upon which the agency will rely to support its proposed action and an opportunity for

a hearing in accordance with the provisions of this Act concerning contested cases. At the hearing, the licensee shall have the right to show compliance with all lawful requirements for the retention, continuation, or renewal of the license. If, however, the agency finds that the public interest, safety, or welfare imperatively requires emergency action, and if the agency incorporates a finding to that effect in its order, summary suspension of a license may be ordered pending proceedings for revocation or other action. Those proceedings shall be promptly instituted and determined.

(e) Any application for renewal of a license that contains required and relevant information, data, material, or circumstances that were not contained in an application for the existing license shall be subject to the provisions of subsection (a).

Section 30. The Illinois Identification Card Act is amended by changing Section 4 as follows:

(15 ILCS 335/4) (from Ch. 124, par. 24)

Sec. 4. Identification Card.

(a) The Secretary of State shall issue a standard Illinois Identification Card to any natural person who is a resident of the State of Illinois who applies for such card, or renewal thereof, or who applies for a standard Illinois Identification Card upon release as a committed person on parole, mandatory supervised release, final discharge, or pardon from the Department of Corrections by submitting an identification card issued by the Department of Corrections under Section 3-14-1 of the Unified Code of Corrections, together with the prescribed fees. No identification card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of

State the valid foreign state identification card, license, or permit. The card shall be prepared and supplied by the Secretary of State and shall include a photograph of the applicant. The applicant, upon receipt of a card and prior to its use for any purpose, shall affix his signature thereon in the space provided therefor. The Illinois Identification Card may be used for identification purposes in any lawful situation only by the person to whom it was issued. As used in this Act, "photograph" means any color photograph or digitally produced and captured image of an applicant for an identification card. As used in this Act, "signature" means the name of a person as written by that person and captured in a manner acceptable to the Secretary of State.

(b) The Secretary of State shall issue a special Illinois Identification Card, which shall be known as an Illinois Disabled Person Identification Card, to any natural person who is a resident of the State of Illinois, who is a disabled person as defined in Section 4A of this Act, who applies for such card, or renewal thereof. No Disabled Person Identification Card shall be issued to any person who holds a valid foreign state identification card, license, or permit unless the person first surrenders to the Secretary of State the valid foreign state identification card, license, or permit. The Secretary of State shall charge no fee to issue such card. The card shall be prepared and supplied by the Secretary of State, and shall include a photograph of the

applicant, a designation indicating that the card is an Illinois Disabled Person Identification Card, and shall include a comprehensible designation of the type and classification of the applicant's disability as set out in Section 4A of this Act. If the applicant so requests, the card shall include a description of the applicant's disability and any information about the applicant's disability or medical history which the Secretary determines would be helpful to the applicant in securing emergency medical care. The applicant, upon receipt of such a card and prior to its use for any purpose, shall have affixed thereon in the space provided therefor his signature or mark. If a mark is used in lieu of a signature, such mark shall be affixed to the card in the presence of two witnesses who attest to the authenticity of the mark. The Illinois Disabled Person Identification Card may be used for identification purposes in any lawful situation by the person to whom it was issued.

other documentation of disability whenever any State law requires that a disabled person provide such documentation of disability, however an Illinois Disabled Person Identification Card shall not qualify the cardholder to participate in any program or to receive any benefit which is not available to all persons with like disabilities. Notwithstanding any other provisions of law, an Illinois Disabled Person Identification Card, or evidence that the Secretary of State has issued an Illinois Disabled Person Identification Card, shall not be used by any person other than the person named on such card to prove that the person named on such card is a disabled person or for any other purpose unless the card is used for the benefit of the person named on such card, and the person named on such card consents to such use at the time the card is so used.

An optometrist's determination of a visual disability under Section 4A of this Act is acceptable as documentation for the purpose of issuing an Illinois Disabled Person Identification Card.

When medical information is contained on an Illinois Disabled Person Identification Card, the Office of the Secretary of State shall not be liable for any actions taken based upon that medical information.

(c) Beginning January 1, 1986, the Secretary of State shall provide that each original or renewal Illinois Identification Card or Illinois Disabled Person Identification Card issued to a person under the age of 21, shall be of a distinct nature

from those Illinois Identification Cards or Illinois Disabled Person Identification Cards issued to individuals 21 years of age or older. The color designated for Illinois Identification Cards or Illinois Disabled Person Identification Cards for persons under the age of 21 shall be at the discretion of the Secretary of State.

(c-1) Beginning January 1, 2003, each original or renewal Illinois Identification Card or Illinois Disabled Person Identification Card issued to a person under the age of 21 shall display the date upon which the person becomes 18 years of age and the date upon which the person becomes 21 years of age.

(d) The Secretary of State may issue a Senior Citizen discount card, to any natural person who is a resident of the State of Illinois who is 60 years of age or older and who applies for such a card or renewal thereof. The Secretary of State shall charge no fee to issue such card. The card shall be issued in every county and applications shall be made available at, but not limited to, nutrition sites, senior citizen centers and Area Agencies on Aging. The applicant, upon receipt of such card and prior to its use for any purpose, shall have affixed thereon in the space provided therefor his signature or mark.

(e) The Secretary of State, in his or her discretion, may designate on each Illinois Identification Card or Illinois Disabled Person Identification Card a space where the card holder may place a sticker or decal, issued by the Secretary of

State, of uniform size as the Secretary may specify, that shall indicate in appropriate language that the card holder has renewed his or her Illinois Identification Card or Illinois Disabled Person Identification Card.

Section 50. The Department of Public Health Powers and Duties Law of the Civil Administrative Code of Illinois is amended by changing Sections 2310-76 and 2310-90 as follows:

(20 ILCS 2310/2310-76)

Sec. 2310-76. Chronic Disease Prevention and Health Promotion Task Force.

(a) In Illinois, as well as in other parts of the United States, chronic diseases are a significant health and economic problem for our citizens and State government. Chronic diseases such as cancer, diabetes, cardiovascular disease, and arthritis are largely preventable non-communicable conditions associated with risk factors such as poor nutrition, physical inactivity, tobacco or alcohol abuse, as well as other social determinants of chronic illness. It is fully documented by national and State data that significant disparity exists between racial, ethnic, and socioeconomic groups and that the incidence and impact of many of these conditions disproportionately affect these populations.

Chronic diseases can take away a person's quality of life or his or her ability to work. The Centers for Disease Control and Prevention reports that 7 out of 10 Americans who die each year, or more than 1.7 million people, die of a chronic disease. In Illinois, studies have indicated that during the study period the State has spent more than \$12.5 billion in health care dollars to treat chronic diseases in our State. The financial burden for Illinois from the impact of lost work days and lower employee productivity during the same time period related to chronic diseases resulted in an annual economic loss of \$43.6 billion. These same studies have concluded that

improvements in preventing and managing chronic diseases could drastically reduce future costs associated with chronic disease in Illinois and that the most effective way to trim healthcare spending in Illinois and across the U.S. is to take measures aimed at preventing diseases before we have to treat them. Furthermore, by addressing health disparities and by targeting chronic disease prevention and health promotion services toward the highest risk groups, especially in communities where racial, ethnic, and socioeconomic factors indicate high rates of these diseases, the goals of improving the overall health status for all Illinois residents can be achieved. Health promotion and prevention programs and activities are scattered throughout a number of State agencies with various streams of funding and little coordination. While the State has been looking at making significant changes to healthcare coverage for a portion of the population, in order to have the most effective impact, any changes to the healthcare delivery system in Illinois should take into consideration and integrate the role of prevention and health promotion in that system.

(b) Subject to appropriation, within 6 months after the effective date of this amendatory Act of the 95th General Assembly, a Task Force on Chronic Disease Prevention and Health Promotion shall be convened to study and make recommendations regarding the structure of the chronic disease prevention and health promotion system in Illinois, as well as changes that

should be made to the system in order to integrate and coordinate efforts in the State and ensure continuity and consistency of purpose and the elimination of disparity in the delivery of this care in Illinois.

(c) The Department of Public Health shall have primary responsibility for, and shall provide staffing and technical and administrative support for the Task Force in its efforts. The other State agencies represented on the Task Force shall work cooperatively with the Department of Public Health to provide administrative and technical support to the Task Force in its efforts. Membership of the Task Force shall consist of 18 members as follows: the Director of Public Health, who shall serve as Chair; the Secretary of Human Services or his or her designee; the Director of Aging or his or her designee; the Director of Healthcare and Family Services or his or her designee; 4 members of the General Assembly, one from the State Senate appointed by the President of the Senate, one from the State Senate appointed by the Minority Leader of the Senate, one from the House of Representatives appointed by the Speaker of the House, and one from the House of Representatives appointed by the Minority Leader of the House; and 10 members appointed by the Director of Public Health and who shall be representative of State associations and advocacy organizations with a primary focus that includes chronic disease prevention, public health delivery, medicine, health care and disease management, or community health.

(d) The Task Force shall seek input from interested parties and shall hold a minimum of 3 public hearings across the State, including one in northern Illinois, one in central Illinois, and one in southern Illinois.

(e) On or before July 1, 2010, the Task Force shall, at a minimum, make recommendations to the Director of Public Health on the following: reforming the delivery system for chronic disease prevention and health promotion in Illinois; ensuring adequate funding for infrastructure and delivery of programs; addressing health disparity; and the role of health promotion and chronic disease prevention in support of State spending on health care.

Sec. 2310-90. Laboratories; fees; Public Health Laboratory Services Revolving Fund. To maintain physical, chemical, bacteriological, and biological laboratories; to make examinations of milk, water, atmosphere, sewage, wastes, and other substances, and equipment and processes relating thereto; to make diagnostic tests for diseases and tests for the evaluation of health hazards considered necessary for the protection of the people of the State; and to assess a reasonable fee for services provided as established by regulation, under the Illinois Administrative Procedure Act, which shall not exceed the Department's actual costs to provide

these services.

Excepting fees collected under the Newborn Metabolic Screening ~~Phenylketonuria Testing~~ Act and the Lead Poisoning Prevention Act, all fees shall be deposited into the Public Health Laboratory Services Revolving Fund. Other State and federal funds related to laboratory services may also be deposited into the Fund, and all interest that accrues on the moneys in the Fund shall be deposited into the Fund.

Moneys shall be appropriated from the Fund solely for the purposes of testing specimens submitted in support of Department programs established for the protection of human health, welfare, and safety, and for testing specimens submitted by physicians and other health care providers, to determine whether chemically hazardous, biologically infectious substances, or other disease causing conditions are present.

Section 55. The Criminal Identification Act is amended by changing Section 5 as follows:

(20 ILCS 2630/5) (from Ch. 38, par. 206-5)

Sec. 5. Arrest reports; expungement.

(a) All policing bodies of this State shall furnish to the Department, daily, in the form and detail the Department requires, fingerprints and descriptions of all persons who are

arrested on charges of violating any penal statute of this State for offenses that are classified as felonies and Class A or B misdemeanors and of all minors of the age of 10 and over who have been arrested for an offense which would be a felony if committed by an adult, and may forward such fingerprints and descriptions for minors arrested for Class A or B misdemeanors. Moving or nonmoving traffic violations under the Illinois Vehicle Code shall not be reported except for violations of Chapter 4, Section 11-204.1, or Section 11-501 of that Code. In addition, conservation offenses, as defined in the Supreme Court Rule 501(c), that are classified as Class B misdemeanors shall not be reported.

Whenever an adult or minor prosecuted as an adult, not having previously been convicted of any criminal offense or municipal ordinance violation, charged with a violation of a municipal ordinance or a felony or misdemeanor, is acquitted or released without being convicted, whether the acquittal or release occurred before, on, or after the effective date of this amendatory Act of 1991, the Chief Judge of the circuit wherein the charge was brought, any judge of that circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the defendant's trial may upon verified petition of the defendant order the record of arrest expunged from the official records of the arresting authority and the Department and order that the records of the clerk of the circuit court be sealed until

further order of the court upon good cause shown and the name of the defendant obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. The Department may charge the petitioner a fee equivalent to the cost of processing any order to expunge or seal the records, and the fee shall be deposited into the State Police Services Fund. The records of those arrests, however, that result in a disposition of supervision for any offense shall not be expunged from the records of the arresting authority or the Department nor impounded by the court until 2 years after discharge and dismissal of supervision. Those records that result from a supervision for a violation of Section 3-707, 3-708, 3-710, 5-401.3, or 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance, or for a violation of Section 12-3.2, 12-15 or 16A-3 of the Criminal Code of 1961, or probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 12-4.3(b)(1) and (2) of the Criminal Code of 1961 (as those provisions existed before their deletion by Public Act 89-313), Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act when the judgment of conviction has been vacated, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act when the judgment of

conviction has been vacated, or Section 10 of the Steroid Control Act shall not be expunged from the records of the arresting authority nor impounded by the court until 5 years after termination of probation or supervision. Those records that result from a supervision for a violation of Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance, shall not be expunged. All records set out above may be ordered by the court to be expunged from the records of the arresting authority and impounded by the court after 5 years, but shall not be expunged by the Department, but shall, on court order be sealed by the Department and may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or a similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual.

(a-5) Those records maintained by the Department for persons arrested prior to their 17th birthday shall be expunged as provided in Section 5-915 of the Juvenile Court Act of 1987.

(b) Whenever a person has been convicted of a crime or of the violation of a municipal ordinance, in the name of a person whose identity he has stolen or otherwise come into possession of, the aggrieved person from whom the identity was stolen or otherwise obtained without authorization, upon learning of the

person having been arrested using his identity, may, upon verified petition to the chief judge of the circuit wherein the arrest was made, have a court order entered nunc pro tunc by the chief judge to correct the arrest record, conviction record, if any, and all official records of the arresting authority, the Department, other criminal justice agencies, the prosecutor, and the trial court concerning such arrest, if any, by removing his name from all such records in connection with the arrest and conviction, if any, and by inserting in the records the name of the offender, if known or ascertainable, in lieu of the aggrieved's name. The records of the clerk of the circuit court shall be sealed until further order of the court upon good cause shown and the name of the aggrieved person obliterated on the official index required to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act, but the order shall not affect any index issued by the circuit court clerk before the entry of the order. Nothing in this Section shall limit the Department of State Police or other criminal justice agencies or prosecutors from listing under an offender's name the false names he or she has used. For purposes of this Section, convictions for moving and nonmoving traffic violations other than convictions for violations of Chapter 4, Section 11-204.1 or Section 11-501 of the Illinois Vehicle Code shall not be a bar to expunging the record of arrest and court records for violation of a misdemeanor or municipal ordinance.

(c) Whenever a person who has been convicted of an offense is granted a pardon by the Governor which specifically authorizes expungement, he may, upon verified petition to the chief judge of the circuit where the person had been convicted, any judge of the circuit designated by the Chief Judge, or in counties of less than 3,000,000 inhabitants, the presiding trial judge at the defendant's trial, ~~may~~ have a court order entered expunging the record of arrest from the official records of the arresting authority and order that the records of the clerk of the circuit court and the Department be sealed until further order of the court upon good cause shown or as otherwise provided herein, and the name of the defendant obliterated from the official index requested to be kept by the circuit court clerk under Section 16 of the Clerks of Courts Act in connection with the arrest and conviction for the offense for which he had been pardoned but the order shall not affect any index issued by the circuit court clerk before the entry of the order. All records sealed by the Department may be disseminated by the Department only as required by law or to the arresting authority, the State's Attorney, and the court upon a later arrest for the same or similar offense or for the purpose of sentencing for any subsequent felony. Upon conviction for any subsequent offense, the Department of Corrections shall have access to all sealed records of the Department pertaining to that individual. Upon entry of the order of expungement, the clerk of the circuit court shall

promptly mail a copy of the order to the person who was pardoned.

(c-5) Whenever a person has been convicted of criminal sexual assault, aggravated criminal sexual assault, predatory criminal sexual assault of a child, criminal sexual abuse, or aggravated criminal sexual abuse, the victim of that offense may request that the State's Attorney of the county in which the conviction occurred file a verified petition with the presiding trial judge at the defendant's trial to have a court order entered to seal the records of the clerk of the circuit court in connection with the proceedings of the trial court concerning that offense. However, the records of the arresting authority and the Department of State Police concerning the offense shall not be sealed. The court, upon good cause shown, shall make the records of the clerk of the circuit court in connection with the proceedings of the trial court concerning the offense available for public inspection.

(c-6) If a conviction has been set aside on direct review or on collateral attack and the court determines by clear and convincing evidence that the defendant was factually innocent of the charge, the court shall enter an expungement order as provided in subsection (b) of Section 5-5-4 of the Unified Code of Corrections.

(d) Notice of the petition for subsections (a), (b), and (c) shall be served by the clerk upon the State's Attorney or prosecutor charged with the duty of prosecuting the offense,

the Department of State Police, the arresting agency and the chief legal officer of the unit of local government affecting the arrest. Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency or such chief legal officer objects to the petition within 30 days from the date of the notice, the court shall enter an order granting or denying the petition. The clerk of the court shall promptly mail a copy of the order to the person, the arresting agency, the prosecutor, the Department of State Police and such other criminal justice agencies as may be ordered by the judge.

(e) Nothing herein shall prevent the Department of State Police from maintaining all records of any person who is admitted to probation upon terms and conditions and who fulfills those terms and conditions pursuant to Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, Section 70 of the Methamphetamine Control and Community Protection Act, Section 12-4.3 of the Criminal Code of 1961, Section 10-102 of the Illinois Alcoholism and Other Drug Dependency Act, Section 40-10 of the Alcoholism and Other Drug Abuse and Dependency Act, or Section 10 of the Steroid Control Act.

(f) No court order issued under the expungement provisions of this Section shall become final for purposes of appeal until 30 days after notice is received by the Department. Any court order contrary to the provisions of this Section is void.

(g) Except as otherwise provided in subsection (c-5) of

this Section, the court shall not order the sealing or expungement of the arrest records and records of the circuit court clerk of any person granted supervision for or convicted of any sexual offense committed against a minor under 18 years of age. For the purposes of this Section, "sexual offense committed against a minor" includes but is not limited to the offenses of indecent solicitation of a child or criminal sexual abuse when the victim of such offense is under 18 years of age.

(h) (1) Applicability. Notwithstanding any other provision of this Act to the contrary and cumulative with any rights to expungement of criminal records, this subsection authorizes the sealing of criminal records of adults and of minors prosecuted as adults.

(2) Sealable offenses. The following offenses may be sealed:

(ii) Section 4 of the Cannabis Control Act;

(iii) Section 402 of the Illinois Controlled Substances Act; and

(iv) Section 60 of the Methamphetamine Control and Community Protection Act.

However, for purposes of this subsection (h), a sentence of first offender probation under Section 10 of the Cannabis Control Act, Section 410 of the Illinois Controlled Substances Act, or Section 70 of the Methamphetamine Control and Community Protection Act shall be treated as a Class 4 felony conviction.

(3) Requirements for sealing. Records identified as sealable under clause (h) (2) may be sealed when the individual was:

(A) Acquitted of the offense or offenses or released

without being convicted.

(B) Convicted of the offense or offenses and the conviction or convictions were reversed.

(C) Placed on misdemeanor supervision for an offense or offenses; and

(i) at least 3 years have elapsed since the completion of the term of supervision, or terms of supervision, if more than one term has been ordered; and

(4) Requirements for sealing of records when more than one charge and disposition have been filed. When multiple offenses are petitioned to be sealed under this subsection (h), the requirements of the relevant provisions of clauses (h) (3) (A)

through (D) each apply. In instances in which more than one waiting period is applicable under clauses (h)(C)(i) and (ii) and (h)(D)(i) and (ii), the longer applicable period applies, and the requirements of clause (h)(3) shall be considered met when the petition is filed after the passage of the longer applicable waiting period. That period commences on the date of the completion of the last sentence or the end of supervision, probation, or parole, whichever is last in time.

(5) Subsequent convictions. A person may not have subsequent felony conviction records sealed as provided in this subsection (h) if he or she is convicted of any felony offense after the date of the sealing of prior felony records as provided in this subsection (h).

(6) Notice of eligibility for sealing. Upon acquittal, release without conviction, or being placed on supervision for a sealable offense, or upon conviction of a sealable offense, the person shall be informed by the court of the right to have the records sealed and the procedures for the sealing of the records.

(C) Service of petition. The clerk shall promptly serve a copy of the petition on the State's Attorney or prosecutor charged with the duty of prosecuting the offense, the Department of State Police, the arresting

agency and the chief legal officer of the unit of local government effecting the arrest.

(D) Entry of order. Unless the State's Attorney or prosecutor, the Department of State Police, the arresting agency or such chief legal officer objects to sealing of the records within 90 days of notice the court shall enter an order sealing the defendant's records.

(E) Hearing upon objection. If an objection is filed, the court shall set a date for a hearing and notify the petitioner and the parties on whom the petition had been served, and shall hear evidence on whether the sealing of the records should or should not be granted, and shall make a determination on whether to issue an order to seal the records based on the evidence presented at the hearing.

(F) Service of order. After entering the order to seal records, the court must provide copies of the order to the Department, in a form and manner prescribed by the Department, to the petitioner, to the State's Attorney or prosecutor charged with the duty of prosecuting the offense, to the arresting agency, to the chief legal officer of the unit of local government effecting the arrest, and to such other criminal justice agencies as may be ordered by the court.

(8) Fees. Notwithstanding any provision of the Clerk of the Courts Act to the contrary, and subject to the approval of the county board, the clerk may charge a fee equivalent to the cost

associated with the sealing of records by the clerk and the Department of State Police. The clerk shall forward the Department of State Police portion of the fee to the Department and it shall be deposited into the State Police Services Fund.

(i) Subject to available funding, the Illinois Department of Corrections shall conduct a study of the impact of sealing, especially on employment and recidivism rates, utilizing a random sample of those who apply for the sealing of their criminal records under Public Act 93-211, in accordance to rules adopted by the Department. At the request of the Illinois Department of Corrections, records of the Illinois Department of Employment Security shall be utilized as appropriate to assist in the study. The study shall not disclose any data in a manner that would allow the identification of any particular individual or employing unit. The study shall be made available to the General Assembly no later than September 1, 2006.

(j) Notwithstanding any provision of the Clerks of Courts Act to the contrary, the clerk may charge a fee equivalent to the cost associated with the sealing or expungement of records by the clerk. From the total filing fee collected for the Petition to seal or expunge, the clerk shall deposit \$10 into the Circuit Court Clerk Operation and Administrative Fund, to be used to offset the costs incurred by the Circuit Court Clerk in performing the additional duties required to serve the Petition to Seal or Expunge on all parties. The clerk shall also charge a filing fee equivalent to the cost of sealing or

expunging the record by the Department of State Police. The clerk shall collect and forward the Department of State Police portion of the fee to the Department and it shall be deposited in the State Police Services Fund.

Section 70. The Illinois Income Tax Act is amended by changing Sections 203, 509, 510, and 901 and by setting forth and renumbering multiple versions of Section 507PP as follows:

(35 ILCS 5/203) (from Ch. 120, par. 2-203)

Sec. 203. Base income defined.

(a) Individuals.

(1) In general. In the case of an individual, base income means an amount equal to the taxpayer's adjusted gross income for the taxable year as modified by paragraph (2).

(2) Modifications. The adjusted gross income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

(A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of adjusted gross income, except stock dividends of qualified public utilities described in Section 305(e) of the Internal Revenue Code;

(B) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income in

the computation of adjusted gross income for the taxable year;

(C) An amount equal to the amount received during the taxable year as a recovery or refund of real property taxes paid with respect to the taxpayer's principal residence under the Revenue Act of 1939 and for which a deduction was previously taken under subparagraph (L) of this paragraph (2) prior to July 1, 1991, the retrospective application date of Article 4 of Public Act 87-17. In the case of multi-unit or multi-use structures and farm dwellings, the taxes on the taxpayer's principal residence shall be that portion of the total taxes for the entire property which is attributable to such principal residence;

(D) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of adjusted gross income;

(D-5) An amount, to the extent not included in adjusted gross income, equal to the amount of money withdrawn by the taxpayer in the taxable year from a medical care savings account and the interest earned on the account in the taxable year of a withdrawal pursuant to subsection (b) of Section 20 of the Medical Care Savings Account Act or subsection (b) of Section 20 of the Medical Care Savings Account Act of 2000;

(D-10) For taxable years ending after December 31, 1997, an amount equal to any eligible remediation costs that the individual deducted in computing adjusted gross income and for which the individual claims a credit under subsection (l) of Section 201;

(D-15) For taxable years 2001 and thereafter, an amount equal to the bonus depreciation deduction taken on the taxpayer's federal income tax return for the taxable year under subsection (k) of Section 168 of the Internal Revenue Code;

(D-16) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-15), then an amount equal to the aggregate amount of the deductions taken in all taxable years under subparagraph (Z) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (Z), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with

respect to any one piece of property;

(D-17) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to

whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or

agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-18) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the

foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or

related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable

year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority

under Section 404 of this Act;

(D-19) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(a)(2)(D-17) or

Section 203(a) (2) (D-18) of this Act.

(D-20) For taxable years beginning on or after January 1, 2002 and ending on or before December 31, 2006, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5 of the State Treasurer Act or (ii) a distribution from the Illinois Prepaid Tuition Trust Fund, an amount equal to the amount excluded from gross income under Section 529(c) (3) (B). For taxable years beginning on or after January 1, 2007, in the case of a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code, other than (i) a distribution from a College Savings Pool created under Section 16.5 of the State Treasurer Act, (ii) a distribution from the Illinois Prepaid Tuition Trust Fund, or (iii) a distribution from a qualified tuition program under Section 529 of the Internal Revenue Code that (I) adopts and determines that its offering materials comply with the College Savings Plans Network's disclosure principles and (II) has made reasonable efforts to inform in-state residents of the existence of in-state qualified tuition programs by informing Illinois residents directly and, where applicable, to inform financial intermediaries distributing the

program to inform in-state residents of the existence of in-state qualified tuition programs at least annually, an amount equal to the amount excluded from gross income under Section 529(c)(3)(B).

For the purposes of this subparagraph (D-20), a qualified tuition program has made reasonable efforts if it makes disclosures (which may use the term "in-state program" or "in-state plan" and need not specifically refer to Illinois or its qualified programs by name) (i) directly to prospective participants in its offering materials or makes a public disclosure, such as a website posting; and (ii) where applicable, to intermediaries selling the out-of-state program in the same manner that the out-of-state program distributes its offering materials;

(D-21) For taxable years beginning on or after January 1, 2007, in the case of transfer of moneys from a qualified tuition program under Section 529 of the Internal Revenue Code that is administered by the State to an out-of-state program, an amount equal to the amount of moneys previously deducted from base income under subsection (a)(2)(Y) of this Section.

and by deducting from the total so obtained the sum of the following amounts:

(E) For taxable years in which a net operating loss carryback or carryforward from a taxable year ending prior to December 31, 1986 is an element of taxable income under paragraph (1) of subsection (e) or

subparagraph (E) of paragraph (2) of subsection (e), the amount by which addition modifications other than those provided by this subparagraph (E) exceeded subtraction modifications in such earlier taxable year, with the following limitations applied in the order that they are listed:

(i) the addition modification relating to the net operating loss carried back or forward to the taxable year from any taxable year ending prior to December 31, 1986 shall be reduced by the amount of addition modification under this subparagraph (E) which related to that net operating loss and which was taken into account in calculating the base income of an earlier taxable year, and

(ii) the addition modification relating to the net operating loss carried back or forward to the taxable year from any taxable year ending prior to December 31, 1986 shall not exceed the amount of such carryback or carryforward;

For taxable years in which there is a net operating loss carryback or carryforward from more than one other taxable year ending prior to December 31, 1986, the addition modification provided in this subparagraph (E) shall be the sum of the amounts computed independently under the preceding provisions of this subparagraph (E) for each such taxable year;

(E-5) For taxable years ending after December 31, 1997, an amount equal to any eligible remediation costs that the corporation deducted in computing adjusted gross income and for which the corporation claims a credit under subsection (l) of Section 201;

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (T), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with

respect to any one piece of property;

(E-12) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact the foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the

same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest

paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(E-13) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same

unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(b)(2)(E-12) of this Act. As used in this subparagraph, the term

"intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards

by which the Department will utilize its authority under Section 404 of this Act;

(E-14) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition

modification required under Section 203(b)(2)(E-12) or Section 203(b)(2)(E-13) of this Act;

(E-15) For taxable years beginning after December 31, 2008, any deduction for dividends paid by a captive real estate investment trust that is allowed to a real estate investment trust under Section 857(b)(2)(B) of the Internal Revenue Code for dividends paid;

disallowed as deductions by Section 265(a)(1) of the Internal Revenue Code, as now or hereafter amended; and (ii) for taxable years ending on or after August 13, 1999, Sections 171(a)(2), 265, 280C, 291(a)(3), and 832(b)(5)(B)(i) of the Internal Revenue Code; the provisions of this subparagraph are exempt from the provisions of Section 250;

(J) An amount equal to all amounts included in such total which are exempt from taxation by this State either by reason of its statutes or Constitution or by reason of the Constitution, treaties or statutes of the United States; provided that, in the case of any statute of this State that exempts income derived from bonds or other obligations from the tax imposed under this Act, the amount exempted shall be the interest net of bond premium amortization;

(3) for taxable years ending after December 31, 2005:

(i) for property on which a bonus depreciation deduction of 30% of the adjusted basis was taken, "x" equals "y" multiplied by

30 and then divided by 70 (or "y" multiplied by 0.429); and

(ii) for property on which a bonus depreciation deduction of 50% of the adjusted basis was taken, "x" equals "y" multiplied by 1.0.

The aggregate amount deducted under this subparagraph in all taxable years for any one piece of property may not exceed the amount of the bonus depreciation deduction taken on that property on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code. This subparagraph (T) is exempt from the provisions of Section 250;

(U) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (E-10), then an amount equal to that addition modification.

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (E-10), then an amount equal to that addition modification.

The taxpayer is allowed to take the deduction under this subparagraph only once with respect to any one piece of property.

This subparagraph (U) is exempt from the provisions of Section 250;

(V) The amount of: (i) any interest income (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-17), 203(b)(2)(E-12), 203(c)(2)(G-12), or 203(d)(2)(D-7), but not to exceed the amount of such addition modification, (ii) any income from intangible property (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-18), 203(b)(2)(E-13), 203(c)(2)(G-13), or 203(d)(2)(D-8), but not to exceed the amount of such addition modification, and (iii) any insurance premium income (net of deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-19), Section

203(b)(2)(E-14), Section 203(c)(2)(G-14), or Section 203(d)(2)(D-9), but not to exceed the amount of that addition modification. This subparagraph (V) is exempt from the provisions of Section 250;

(W) An amount equal to the interest income taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with (i) a foreign person who would be a member of the taxpayer's unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304, but not to exceed the addition modification required to be made for the same taxable year under Section 203(b)(2)(E-12) for interest paid, accrued, or incurred, directly or indirectly, to the same person. This subparagraph (W) is exempt from the provisions of Section 250; and

(X) An amount equal to the income from intangible property taken into account for the taxable year (net

of the deductions allocable thereto) with respect to transactions with (i) a foreign person who would be a member of the taxpayer's unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304, but not to exceed the addition modification required to be made for the same taxable year under Section 203(b)(2)(E-13) for intangible expenses and costs paid, accrued, or incurred, directly or indirectly, to the same foreign person. This subparagraph (X) is exempt from the provisions of Section 250. ~~(Y)~~

(3) Special rule. For purposes of paragraph (2) (A), "gross income" in the case of a life insurance company, for tax years ending on and after December 31, 1994, shall mean the gross investment income for the taxable year.

(c) Trusts and estates.

(1) In general. In the case of a trust or estate, base

income means an amount equal to the taxpayer's taxable income for the taxable year as modified by paragraph (2).

(2) Modifications. Subject to the provisions of paragraph (3), the taxable income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

(A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of taxable income;

(B) In the case of (i) an estate, \$600; (ii) a trust which, under its governing instrument, is required to distribute all of its income currently, \$300; and (iii) any other trust, \$100, but in each such case, only to the extent such amount was deducted in the computation of taxable income;

(C) An amount equal to the amount of tax imposed by this Act to the extent deducted from gross income in the computation of taxable income for the taxable year;

(D) The amount of any net operating loss deduction taken in arriving at taxable income, other than a net operating loss carried forward from a taxable year ending prior to December 31, 1986;

(E) For taxable years in which a net operating loss carryback or carryforward from a taxable year ending prior to December 31, 1986 is an element of taxable

income under paragraph (1) of subsection (e) or subparagraph (E) of paragraph (2) of subsection (e), the amount by which addition modifications other than those provided by this subparagraph (E) exceeded subtraction modifications in such taxable year, with the following limitations applied in the order that they are listed:

(i) the addition modification relating to the net operating loss carried back or forward to the taxable year from any taxable year ending prior to December 31, 1986 shall be reduced by the amount of addition modification under this subparagraph (E) which related to that net operating loss and which was taken into account in calculating the base income of an earlier taxable year, and

(ii) the addition modification relating to the net operating loss carried back or forward to the taxable year from any taxable year ending prior to December 31, 1986 shall not exceed the amount of such carryback or carryforward;

For taxable years in which there is a net operating loss carryback or carryforward from more than one other taxable year ending prior to December 31, 1986, the addition modification provided in this subparagraph (E) shall be the sum of the amounts computed independently under the preceding provisions of this

subparagraph (E) for each such taxable year;

(F) For taxable years ending on or after January 1, 1989, an amount equal to the tax deducted pursuant to Section 164 of the Internal Revenue Code if the trust or estate is claiming the same tax for purposes of the Illinois foreign tax credit under Section 601 of this Act;

(G) An amount equal to the amount of the capital gain deduction allowable under the Internal Revenue Code, to the extent deducted from gross income in the computation of taxable income;

(G-5) For taxable years ending after December 31, 1997, an amount equal to any eligible remediation costs that the trust or estate deducted in computing adjusted gross income and for which the trust or estate claims a credit under subsection (l) of Section 201;

(G-10) For taxable years 2001 and thereafter, an amount equal to the bonus depreciation deduction taken on the taxpayer's federal income tax return for the taxable year under subsection (k) of Section 168 of the Internal Revenue Code; and

(G-11) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (G-10), then an amount equal to the aggregate amount of the

deductions taken in all taxable years under subparagraph (R) with respect to that property.

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (R), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(G-12) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily

required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

(i) an item of interest paid, accrued, or incurred, directly or indirectly, to a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such interest; or

(ii) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person, during the same taxable

year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of

this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(G-13) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary

business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(c)(2)(G-12) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes: (1) expenses, losses, and costs for or related to the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service marks, copyrights, mask works, trade secrets, and similar types of intangible assets.

This paragraph shall not apply to the following:

- (i) any item of intangible expenses or costs

paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing

evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(G-14) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were

included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(c) (2) (G-12) or Section 203(c) (2) (G-13) of this Act.

and by deducting from the total so obtained the sum of the following amounts:

(H) An amount equal to all amounts included in such total pursuant to the provisions of Sections 402(a), 402(c), 403(a), 403(b), 406(a), 407(a) and 408 of the Internal Revenue Code or included in such total as distributions under the provisions of any retirement or disability plan for employees of any governmental agency or unit, or retirement payments to retired partners, which payments are excluded in computing net earnings from self employment by Section 1402 of the Internal Revenue Code and regulations adopted pursuant thereto;

(I) The valuation limitation amount;

(J) An amount equal to the amount of any tax imposed by this Act which was refunded to the taxpayer and included in such total for the taxable year;

(K) An amount equal to all amounts included in taxable income as modified by subparagraphs (A), (B), (C), (D), (E), (F) and (G) which are exempt from taxation by this State either by reason of its statutes or Constitution or by reason of the Constitution, treaties or statutes of the United States; provided that, in the case of any statute of this State that exempts income derived from bonds or other obligations from the tax imposed under this Act, the amount exempted shall be the interest net of bond premium amortization;

(L) With the exception of any amounts subtracted under subparagraph (K), an amount equal to the sum of all amounts disallowed as deductions by (i) Sections 171(a) (2) and 265(a) (2) of the Internal Revenue Code, as now or hereafter amended, and all amounts of expenses allocable to interest and disallowed as deductions by Section 265(1) of the Internal Revenue Code of 1954, as now or hereafter amended; and (ii) for taxable years ending on or after August 13, 1999, Sections 171(a) (2), 265, 280C, and 832(b) (5) (B) (i) of the Internal Revenue Code; the provisions of this

subparagraph are exempt from the provisions of Section 250;

(M) An amount equal to those dividends included in such total which were paid by a corporation which conducts business operations in an Enterprise Zone or zones created under the Illinois Enterprise Zone Act or a River Edge Redevelopment Zone or zones created under the River Edge Redevelopment Zone Act and conducts substantially all of its operations in an Enterprise Zone or Zones or a River Edge Redevelopment Zone or zones. This subparagraph (M) is exempt from the provisions of Section 250;

(N) An amount equal to any contribution made to a job training project established pursuant to the Tax Increment Allocation Redevelopment Act;

(O) An amount equal to those dividends included in such total that were paid by a corporation that conducts business operations in a federally designated Foreign Trade Zone or Sub-Zone and that is designated a High Impact Business located in Illinois; provided that dividends eligible for the deduction provided in subparagraph (M) of paragraph (2) of this subsection shall not be eligible for the deduction provided under this subparagraph (O);

(P) An amount equal to the amount of the deduction used to compute the federal income tax credit for

restoration of substantial amounts held under claim of right for the taxable year pursuant to Section 1341 of the Internal Revenue Code of 1986;

(Q) For taxable year 1999 and thereafter, an amount equal to the amount of any (i) distributions, to the extent includible in gross income for federal income tax purposes, made to the taxpayer because of his or her status as a victim of persecution for racial or religious reasons by Nazi Germany or any other Axis regime or as an heir of the victim and (ii) items of income, to the extent includible in gross income for federal income tax purposes, attributable to, derived from or in any way related to assets stolen from, hidden from, or otherwise lost to a victim of persecution for racial or religious reasons by Nazi Germany or any other Axis regime immediately prior to, during, and immediately after World War II, including, but not limited to, interest on the proceeds receivable as insurance under policies issued to a victim of persecution for racial or religious reasons by Nazi Germany or any other Axis regime by European insurance companies immediately prior to and during World War II; provided, however, this subtraction from federal adjusted gross income does not apply to assets acquired with such assets or with the proceeds from the sale of such assets; provided, further, this paragraph shall

only apply to a taxpayer who was the first recipient of such assets after their recovery and who is a victim of persecution for racial or religious reasons by Nazi Germany or any other Axis regime or as an heir of the victim. The amount of and the eligibility for any public assistance, benefit, or similar entitlement is not affected by the inclusion of items (i) and (ii) of this paragraph in gross income for federal income tax purposes. This paragraph is exempt from the provisions of Section 250;

(R) For taxable years 2001 and thereafter, for the taxable year in which the bonus depreciation deduction is taken on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code and for each applicable taxable year thereafter, an amount equal to "x", where:

(1) "y" equals the amount of the depreciation deduction taken for the taxable year on the taxpayer's federal income tax return on property for which the bonus depreciation deduction was taken in any year under subsection (k) of Section 168 of the Internal Revenue Code, but not including the bonus depreciation deduction;

(2) for taxable years ending on or before December 31, 2005, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by

0.429); and

(3) for taxable years ending after December 31, 2005:

(i) for property on which a bonus depreciation deduction of 30% of the adjusted basis was taken, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429); and

(ii) for property on which a bonus depreciation deduction of 50% of the adjusted basis was taken, "x" equals "y" multiplied by 1.0.

The aggregate amount deducted under this subparagraph in all taxable years for any one piece of property may not exceed the amount of the bonus depreciation deduction taken on that property on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code. This subparagraph (R) is exempt from the provisions of Section 250;

(S) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (G-10), then an amount equal to that addition modification.

If the taxpayer continues to own property through

the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (G-10), then an amount equal to that addition modification.

The taxpayer is allowed to take the deduction under this subparagraph only once with respect to any one piece of property.

This subparagraph (S) is exempt from the provisions of Section 250;

(T) The amount of (i) any interest income (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-17), 203(b)(2)(E-12), 203(c)(2)(G-12), or 203(d)(2)(D-7), but not to exceed the amount of such addition modification and (ii) any income from intangible property (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-18), 203(b)(2)(E-13), 203(c)(2)(G-13), or 203(d)(2)(D-8), but not to exceed the amount of such

addition modification. This subparagraph (T) is exempt from the provisions of Section 250;

(U) An amount equal to the interest income taken into account for the taxable year (net of the deductions allocable thereto) with respect to transactions with (i) a foreign person who would be a member of the taxpayer's unitary business group but for the fact the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304, but not to exceed the addition modification required to be made for the same taxable year under Section 203(c)(2)(G-12) for interest paid, accrued, or incurred, directly or indirectly, to the same person. This subparagraph (U) is exempt from the provisions of Section 250; and

This subparagraph (V) is exempt from the provisions of Section 250. ~~(W)~~

(3) Limitation. The amount of any modification otherwise required under this subsection shall, under regulations prescribed by the Department, be adjusted by any amounts included therein which were properly paid, credited, or required to be distributed, or permanently set aside for charitable purposes pursuant to Internal Revenue Code Section 642(c) during the taxable year.

(1) In general. In the case of a partnership, base income means an amount equal to the taxpayer's taxable income for the taxable year as modified by paragraph (2).

(2) Modifications. The taxable income referred to in paragraph (1) shall be modified by adding thereto the sum of the following amounts:

(A) An amount equal to all amounts paid or accrued to the taxpayer as interest or dividends during the taxable year to the extent excluded from gross income in the computation of taxable income;

If the taxpayer continues to own property through the last day of the last tax year for which the taxpayer may claim a depreciation deduction for federal income tax purposes and for which the taxpayer was allowed in any taxable year to make a subtraction modification under subparagraph (O), then an amount equal to that subtraction modification.

The taxpayer is required to make the addition modification under this subparagraph only once with respect to any one piece of property;

(D-7) An amount equal to the amount otherwise allowed as a deduction in computing base income for interest paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact the foreign person's business activity outside the United States is 80% or more of the foreign person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person

who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the interest was paid, accrued, or incurred.

This paragraph shall not apply to the following:

the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person, during the same taxable year, paid, accrued, or incurred, the interest to a person that is not a related member, and

(b) the transaction giving rise to the interest expense between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects an arm's-length interest rate and terms; or

(iii) the taxpayer can establish, based on clear and convincing evidence, that the interest paid, accrued, or incurred relates to a contract or agreement entered into at arm's-length rates and terms and the principal purpose for the payment is not federal or Illinois tax avoidance; or

(iv) an item of interest paid, accrued, or incurred, directly or indirectly, to a person if the taxpayer establishes by clear and convincing evidence that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f).

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act; and

(D-8) An amount equal to the amount of intangible expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, (i) for taxable years ending on or after December 31, 2004, to a foreign person who would be a member of the same unitary business group but for the fact that the foreign person's business activity outside the United States is 80% or more of that person's total business activity and (ii) for taxable years ending on or after December 31, 2008, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this

subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income pursuant to Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the intangible expenses and costs were directly or indirectly paid, incurred or accrued. The preceding sentence shall not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(d)(2)(D-7) of this Act. As used in this subparagraph, the term "intangible expenses and costs" includes (1) expenses, losses, and costs for, or related to, the direct or indirect acquisition, use, maintenance or management, ownership, sale, exchange, or any other disposition of intangible property; (2) losses incurred, directly or indirectly, from factoring transactions or discounting transactions; (3) royalty, patent, technical, and copyright fees; (4) licensing fees; and (5) other similar expenses and costs. For purposes of this subparagraph, "intangible property" includes patents, patent applications, trade names, trademarks, service

marks, copyrights, mask works, trade secrets, and similar types of intangible assets;

This paragraph shall not apply to the following:

(i) any item of intangible expenses or costs paid, accrued, or incurred, directly or indirectly, from a transaction with a person who is subject in a foreign country or state, other than a state which requires mandatory unitary reporting, to a tax on or measured by net income with respect to such item; or

(ii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, if the taxpayer can establish, based on a preponderance of the evidence, both of the following:

(a) the person during the same taxable year paid, accrued, or incurred, the intangible expense or cost to a person that is not a related member, and

(b) the transaction giving rise to the intangible expense or cost between the taxpayer and the person did not have as a principal purpose the avoidance of Illinois income tax, and is paid pursuant to a contract or agreement that reflects arm's-length terms; or

(iii) any item of intangible expense or cost paid, accrued, or incurred, directly or indirectly, from a transaction with a person if the taxpayer establishes by clear and convincing evidence, that the adjustments are unreasonable; or if the taxpayer and the Director agree in writing to the application or use of an alternative method of apportionment under Section 304(f);

Nothing in this subsection shall preclude the Director from making any other adjustment otherwise allowed under Section 404 of this Act for any tax year beginning after the effective date of this amendment provided such adjustment is made pursuant to regulation adopted by the Department and such regulations provide methods and standards by which the Department will utilize its authority under Section 404 of this Act;

(D-9) For taxable years ending on or after December 31, 2008, an amount equal to the amount of insurance premium expenses and costs otherwise allowed as a deduction in computing base income, and that were paid, accrued, or incurred, directly or indirectly, to a person who would be a member of the same unitary business group but for the fact that the person is prohibited under Section 1501(a)(27) from being included in the unitary business group because he or

she is ordinarily required to apportion business income under different subsections of Section 304. The addition modification required by this subparagraph shall be reduced to the extent that dividends were included in base income of the unitary group for the same taxable year and received by the taxpayer or by a member of the taxpayer's unitary business group (including amounts included in gross income under Sections 951 through 964 of the Internal Revenue Code and amounts included in gross income under Section 78 of the Internal Revenue Code) with respect to the stock of the same person to whom the premiums and costs were directly or indirectly paid, incurred, or accrued. The preceding sentence does not apply to the extent that the same dividends caused a reduction to the addition modification required under Section 203(d)(2)(D-7) or Section 203(d)(2)(D-8) of this Act.

and by deducting from the total so obtained the following amounts:

(E) The valuation limitation amount;

(G) An amount equal to all amounts included in taxable income as modified by subparagraphs (A), (B), (C) and (D) which are exempt from taxation by this

State either by reason of its statutes or Constitution or by reason of the Constitution, treaties or statutes of the United States; provided that, in the case of any statute of this State that exempts income derived from bonds or other obligations from the tax imposed under this Act, the amount exempted shall be the interest net of bond premium amortization;

(H) Any income of the partnership which constitutes personal service income as defined in Section 1348 (b) (1) of the Internal Revenue Code (as in effect December 31, 1981) or a reasonable allowance for compensation paid or accrued for services rendered by partners to the partnership, whichever is greater;

(J) With the exception of any amounts subtracted under subparagraph (G), an amount equal to the sum of all amounts disallowed as deductions by (i) Sections 171(a) (2), and 265(2) of the Internal Revenue Code of 1954, as now or hereafter amended, and all amounts of expenses allocable to interest and disallowed as

deductions by Section 265(1) of the Internal Revenue Code, as now or hereafter amended; and (ii) for taxable years ending on or after August 13, 1999, Sections 171(a)(2), 265, 280C, and 832(b)(5)(B)(i) of the Internal Revenue Code; the provisions of this subparagraph are exempt from the provisions of Section 250;

(K) An amount equal to those dividends included in such total which were paid by a corporation which conducts business operations in an Enterprise Zone or zones created under the Illinois Enterprise Zone Act, enacted by the 82nd General Assembly, or a River Edge Redevelopment Zone or zones created under the River Edge Redevelopment Zone Act and conducts substantially all of its operations in an Enterprise Zone or Zones or from a River Edge Redevelopment Zone or zones. (N) An amount equal to the amount of the deduction used to compute the federal income tax credit for restoration of substantial amounts held under claim of right for the taxable year pursuant to Section 1341 of the Internal Revenue Code of 1986;

(1) "y" equals the amount of the depreciation deduction taken for the taxable year on the taxpayer's federal income tax return on property for which the bonus depreciation deduction was taken in any year under subsection (k) of Section 168 of the Internal Revenue Code, but not including the bonus depreciation deduction;

(2) for taxable years ending on or before December 31, 2005, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429); and

(3) for taxable years ending after December 31, 2005:

(i) for property on which a bonus depreciation deduction of 30% of the adjusted basis was taken, "x" equals "y" multiplied by 30 and then divided by 70 (or "y" multiplied by 0.429); and

(ii) for property on which a bonus depreciation deduction of 50% of the adjusted basis was taken, "x" equals "y" multiplied by 1.0.

The aggregate amount deducted under this subparagraph in all taxable years for any one piece of property may not exceed the amount of the bonus depreciation deduction taken on that property on the taxpayer's federal income tax return under subsection (k) of Section 168 of the Internal Revenue Code. This subparagraph (O) is exempt from the provisions of Section 250;

(P) If the taxpayer sells, transfers, abandons, or otherwise disposes of property for which the taxpayer was required in any taxable year to make an addition modification under subparagraph (D-5), then an amount equal to that addition modification.

The taxpayer is allowed to take the deduction under this subparagraph only once with respect to any one piece of property.

This subparagraph (P) is exempt from the provisions of Section 250;

(Q) The amount of (i) any interest income (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-17), 203(b)(2)(E-12), 203(c)(2)(G-12), or 203(d)(2)(D-7), but not to exceed the amount of such addition modification and (ii) any income from intangible property (net of the deductions allocable thereto) taken into account for the taxable year with respect to a transaction with a taxpayer that is required to make an addition modification with respect to such transaction under Section 203(a)(2)(D-18), 203(b)(2)(E-13), 203(c)(2)(G-13), or 203(d)(2)(D-8), but not to exceed the amount of such addition modification. This subparagraph (S) is exempt from Section 250. ~~(T)~~

(e) Gross income; adjusted gross income; taxable income.

(1) In general. Subject to the provisions of paragraph (2) and subsection (b) (3), for purposes of this Section and Section 803(e), a taxpayer's gross income, adjusted gross income, or taxable income for the taxable year shall mean the amount of gross income, adjusted gross income or taxable income properly reportable for federal income tax purposes for the taxable year under the provisions of the Internal Revenue Code. Taxable income may be less than zero. However, for taxable years ending on or after

December 31, 1986, net operating loss carryforwards from taxable years ending prior to December 31, 1986, may not exceed the sum of federal taxable income for the taxable year before net operating loss deduction, plus the excess of addition modifications over subtraction modifications for the taxable year. For taxable years ending prior to December 31, 1986, taxable income may never be an amount in excess of the net operating loss for the taxable year as defined in subsections (c) and (d) of Section 172 of the Internal Revenue Code, provided that when taxable income of a corporation (other than a Subchapter S corporation), trust, or estate is less than zero and addition modifications, other than those provided by subparagraph (E) of paragraph (2) of subsection (b) for corporations or subparagraph (E) of paragraph (2) of subsection (c) for trusts and estates, exceed subtraction modifications, an addition modification must be made under those subparagraphs for any other taxable year to which the taxable income less than zero (net operating loss) is applied under Section 172 of the Internal Revenue Code or under subparagraph (E) of paragraph (2) of this subsection (e) applied in conjunction with Section 172 of the Internal Revenue Code.

(2) Special rule. For purposes of paragraph (1) of this subsection, the taxable income properly reportable for federal income tax purposes shall mean:

(A) Certain life insurance companies. In the case of a life insurance company subject to the tax imposed by Section 801 of the Internal Revenue Code, life insurance company taxable income, plus the amount of distribution from pre-1984 policyholder surplus accounts as calculated under Section 815a of the Internal Revenue Code;

(B) Certain other insurance companies. In the case of mutual insurance companies subject to the tax imposed by Section 831 of the Internal Revenue Code, insurance company taxable income;

(C) Regulated investment companies. In the case of a regulated investment company subject to the tax imposed by Section 852 of the Internal Revenue Code, investment company taxable income;

(D) Real estate investment trusts. In the case of a real estate investment trust subject to the tax imposed by Section 857 of the Internal Revenue Code, real estate investment trust taxable income;

(E) Consolidated corporations. In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, taxable income determined as if such corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year

for which it was a member of an affiliated group. For purposes of this subparagraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b) (2) of the Internal Revenue Code had been in effect for all such years;

(F) Cooperatives. In the case of a cooperative corporation or association, the taxable income of such organization determined in accordance with the provisions of Section 1381 through 1388 of the Internal Revenue Code;

(G) Subchapter S corporations. In the case of: (i) a Subchapter S corporation for which there is in effect an election for the taxable year under Section 1362 of the Internal Revenue Code, the taxable income of such corporation determined in accordance with Section 1363(b) of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 1363(b)(1) of the Internal Revenue Code to be separately stated; and (ii) a Subchapter S corporation for which there is in effect a federal election to opt out of the provisions of the Subchapter S Revision Act of 1982 and have applied instead the prior federal Subchapter S rules as in effect on July 1, 1982, the taxable income of such corporation determined in accordance with the federal Subchapter S rules as in effect on July 1, 1982; and

(H) Partnerships. In the case of a partnership, taxable income determined in accordance with Section 703 of the Internal Revenue Code, except that taxable income shall take into account those items which are required by Section 703(a)(1) to be separately stated but which would be taken into account by an individual in calculating his taxable income.

(3) Recapture of business expenses on disposition of asset or business. Notwithstanding any other law to the contrary, if in prior years income from an asset or business has been classified as business income and in a later year is demonstrated to be non-business income, then all expenses, without limitation, deducted in such later year and in the 2 immediately preceding taxable years related to that asset or business that generated the non-business income shall be added back and recaptured as business income in the year of the disposition of the asset or business. Such amount shall be apportioned to Illinois using the greater of the apportionment fraction computed for the business under Section 304 of this Act for the taxable year or the average of the apportionment fractions computed for the business under Section 304 of this Act for the taxable year and for the 2 immediately preceding taxable years.

(f) Valuation limitation amount.

(1) In general. The valuation limitation amount referred to in subsections (a) (2) (G), (c) (2) (I) and (d) (2) (E) is an amount equal to:

(A) The sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of gain reportable under the provisions of Section 1245 or 1250 of the Internal Revenue Code) for all property in respect of which such gain was reported for the taxable year; plus

(B) The lesser of (i) the sum of the pre-August 1, 1969 appreciation amounts (to the extent consisting of capital gain) for all property in respect of which such gain was reported for federal income tax purposes for the taxable year, or (ii) the net capital gain for the taxable year, reduced in either case by any amount of such gain included in the amount determined under subsection (a) (2) (F) or (c) (2) (H).

(2) Pre-August 1, 1969 appreciation amount.

(A) If the fair market value of property referred to in paragraph (1) was readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is the lesser of (i) the excess of such fair market value over the taxpayer's basis (for determining gain) for such property on that date (determined under the Internal Revenue Code as in effect on that date), or (ii) the total gain realized and reportable for federal income tax purposes in

respect of the sale, exchange or other disposition of such property.

(B) If the fair market value of property referred to in paragraph (1) was not readily ascertainable on August 1, 1969, the pre-August 1, 1969 appreciation amount for such property is that amount which bears the same ratio to the total gain reported in respect of the property for federal income tax purposes for the taxable year, as the number of full calendar months in that part of the taxpayer's holding period for the property ending July 31, 1969 bears to the number of full calendar months in the taxpayer's entire holding period for the property.

(C) The Department shall prescribe such regulations as may be necessary to carry out the purposes of this paragraph.

(g) Double deductions. Unless specifically provided otherwise, nothing in this Section shall permit the same item to be deducted more than once.

(h) Legislative intention. Except as expressly provided by this Section there shall be no modifications or limitations on the amounts of income, gain, loss or deduction taken into account in determining gross income, adjusted gross income or taxable income for federal income tax purposes for the taxable

year, or in the amount of such items entering into the computation of base income and net income under this Act for such taxable year, whether in respect of property values as of August 1, 1969 or otherwise.

the preceding month. Section 75. The Retailers' Occupation Tax Act is amended by changing Section 2-45 as follows:

(35 ILCS 120/2-45) (from Ch. 120, par. 441-45)

Sec. 2-45. Manufacturing and assembly exemption. The manufacturing and assembly machinery and equipment exemption includes machinery and equipment that replaces machinery and equipment in an existing manufacturing facility as well as machinery and equipment that are for use in an expanded or new manufacturing facility.

The machinery and equipment exemption also includes machinery and equipment used in the general maintenance or repair of exempt machinery and equipment or for in-house manufacture of exempt machinery and equipment. For the purposes of this exemption, terms have the following meanings:

(1) "Manufacturing process" means the production of an article of tangible personal property, whether the article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by a procedure commonly regarded as manufacturing, processing, fabricating, or refining that changes some existing material or materials into a material with a different form, use, or name. In relation to a recognized integrated business composed of a series of operations that collectively constitute manufacturing, or individually constitute manufacturing

operations, the manufacturing process commences with the first operation or stage of production in the series and does not end until the completion of the final product in the last operation or stage of production in the series. For purposes of this exemption, photoprocessing is a manufacturing process of tangible personal property for wholesale or retail sale.

(2) "Assembling process" means the production of an article of tangible personal property, whether the article is a finished product or an article for use in the process of manufacturing or assembling a different article of tangible personal property, by the combination of existing materials in a manner commonly regarded as assembling that results in a material of a different form, use, or name.

(3) "Machinery" means major mechanical machines or major components of those machines contributing to a manufacturing or assembling process.

(4) "Equipment" includes an independent device or tool separate from machinery but essential to an integrated manufacturing or assembly process; including computers used primarily in a manufacturer's computer assisted design, computer assisted manufacturing (CAD/CAM) system; any subunit or assembly comprising a component of any machinery or auxiliary, adjunct, or attachment parts of machinery, such as tools, dies, jigs, fixtures, patterns, and molds; and any parts that require periodic replacement

in the course of normal operation; but does not include hand tools. Equipment includes chemicals or chemicals acting as catalysts but only if the chemicals or chemicals acting as catalysts effect a direct and immediate change upon a product being manufactured or assembled for wholesale or retail sale or lease.

(5) "Production related tangible personal property" means all tangible personal property that is used or consumed by the purchaser in a manufacturing facility in which a manufacturing process takes place and includes, without limitation, tangible personal property that is purchased for incorporation into real estate within a manufacturing facility and tangible personal property that is used or consumed in activities such as research and development, preproduction material handling, receiving, quality control, inventory control, storage, staging, and packaging for shipping and transportation purposes. "Production related tangible personal property" does not include (i) tangible personal property that is used, within or without a manufacturing facility, in sales, purchasing, accounting, fiscal management, marketing, personnel recruitment or selection, or landscaping or (ii) tangible personal property that is required to be titled or registered with a department, agency, or unit of federal, State, or local government.

The manufacturing and assembling machinery and equipment

exemption includes production related tangible personal property that is purchased on or after July 1, 2007 and on or before June 30, 2008. The exemption for production related tangible personal property is subject to both of the following limitations:

(1) The maximum amount of the exemption for any one taxpayer may not exceed 5% of the purchase price of production related tangible personal property that is purchased on or after July 1, 2007 and on or before June 30, 2008. A credit under Section 3-85 of this Act may not be earned by the purchase of production related tangible personal property for which an exemption is received under this Section.

(2) The maximum aggregate amount of the exemptions for production related tangible personal property awarded under this Act and the Use Retailers' Occupation Tax Act to all taxpayers may not exceed \$10,000,000. If the claims for the exemption exceed \$10,000,000, then the Department shall reduce the amount of the exemption to each taxpayer on a pro rata basis.

The Department may adopt rules to implement and administer the exemption for production related tangible personal property.

The manufacturing and assembling machinery and equipment exemption includes the sale of materials to a purchaser who produces exempted types of machinery, equipment, or tools and who rents or leases that machinery, equipment, or tools to a

manufacturer of tangible personal property. This exemption also includes the sale of materials to a purchaser who manufactures those materials into an exempted type of machinery, equipment, or tools that the purchaser uses himself or herself in the manufacturing of tangible personal property. The purchaser of the machinery and equipment who has an active resale registration number shall furnish that number to the seller at the time of purchase. A purchaser of the machinery, equipment, and tools without an active resale registration number shall furnish to the seller a certificate of exemption for each transaction stating facts establishing the exemption for that transaction, and that certificate shall be available to the Department for inspection or audit. Informal rulings, opinions, or letters issued by the Department in response to an inquiry or request for an opinion from any person regarding the coverage and applicability of this exemption to specific devices shall be published, maintained as a public record, and made available for public inspection and copying. If the informal ruling, opinion, or letter contains trade secrets or other confidential information, where possible, the Department shall delete that information before publication. Whenever informal rulings, opinions, or letters contain a policy of general applicability, the Department shall formulate and adopt that policy as a rule in accordance with the Illinois Administrative Procedure Act.

DIVISION 15.3. WIND FARMS

(65 ILCS 5/11-74.4-3) (from Ch. 24, par. 11-74.4-3)

Sec. 11-74.4-3. Definitions. The following terms, wherever used or referred to in this Division 74.4 shall have the following respective meanings, unless in any case a different meaning clearly appears from the context.

(a) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "blighted area" shall have the meaning set forth in

this Section prior to that date.

On and after November 1, 1999, "blighted area" means any improved or vacant area within the boundaries of a redevelopment project area located within the territorial limits of the municipality where:

(1) If improved, industrial, commercial, and residential buildings or improvements are detrimental to the public safety, health, or welfare because of a combination of 5 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the improved part of the redevelopment project area:

(A) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(B) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(C) Deterioration. With respect to buildings, defects including, but not limited to, major defects in

the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(D) Presence of structures below minimum code standards. All structures that do not meet the standards of zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(E) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(F) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(G) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without

windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(H) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(I) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land

coverage are: (i) the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and (ii) the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(J) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(K) Environmental clean-up. The proposed redevelopment project area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground

storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(L) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(M) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published

by the United States Department of Labor or successor agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(2) If vacant, the sound growth of the redevelopment project area is impaired by a combination of 2 or more of the following factors, each of which is (i) present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) Obsolete platting of vacant land that results in parcels of limited or narrow size or configurations of parcels of irregular size or shape that would be difficult to develop on a planned basis and in a manner compatible with contemporary standards and requirements, or platting that failed to create rights-of-ways for streets or alleys or that created inadequate right-of-way widths for streets, alleys, or other public rights-of-way or that omitted easements for public utilities.

(B) Diversity of ownership of parcels of vacant land sufficient in number to retard or impede the ability to assemble the land for development.

(C) Tax and special assessment delinquencies exist

or the property has been the subject of tax sales under the Property Tax Code within the last 5 years.

(D) Deterioration of structures or site improvements in neighboring areas adjacent to the vacant land.

(E) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(F) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor

agency for 3 of the last 5 calendar years prior to the year in which the redevelopment project area is designated.

(3) If vacant, the sound growth of the redevelopment project area is impaired by one of the following factors that (i) is present, with that presence documented, to a meaningful extent so that a municipality may reasonably find that the factor is clearly present within the intent of the Act and (ii) is reasonably distributed throughout the vacant part of the redevelopment project area to which it pertains:

(A) The area consists of one or more unused quarries, mines, or strip mine ponds.

(B) The area consists of unused rail yards, rail tracks, or railroad rights-of-way.

(C) The area, prior to its designation, is subject to (i) chronic flooding that adversely impacts on real property in the area as certified by a registered professional engineer or appropriate regulatory agency or (ii) surface water that discharges from all or a part of the area and contributes to flooding within the same watershed, but only if the redevelopment project provides for facilities or improvements to contribute to the alleviation of all or part of the flooding.

(D) The area consists of an unused or illegal disposal site containing earth, stone, building

debris, or similar materials that were removed from construction, demolition, excavation, or dredge sites.

(E) Prior to November 1, 1999, the area is not less than 50 nor more than 100 acres and 75% of which is vacant (notwithstanding that the area has been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area), and the area meets at least one of the factors itemized in paragraph (1) of this subsection, the area has been designated as a town or village center by ordinance or comprehensive plan adopted prior to January 1, 1982, and the area has not been developed for that designated purpose.

(F) The area qualified as a blighted improved area immediately prior to becoming vacant, unless there has been substantial private investment in the immediately surrounding area.

(b) For any redevelopment project area that has been designated pursuant to this Section by an ordinance adopted prior to November 1, 1999 (the effective date of Public Act 91-478), "conservation area" shall have the meaning set forth in this Section prior to that date.

On and after November 1, 1999, "conservation area" means any improved area within the boundaries of a redevelopment project area located within the territorial limits of the municipality in which 50% or more of the structures in the area

have an age of 35 years or more. Such an area is not yet a blighted area but because of a combination of 3 or more of the following factors is detrimental to the public safety, health, morals or welfare and such an area may become a blighted area:

(1) Dilapidation. An advanced state of disrepair or neglect of necessary repairs to the primary structural components of buildings or improvements in such a combination that a documented building condition analysis determines that major repair is required or the defects are so serious and so extensive that the buildings must be removed.

(2) Obsolescence. The condition or process of falling into disuse. Structures have become ill-suited for the original use.

(3) Deterioration. With respect to buildings, defects including, but not limited to, major defects in the secondary building components such as doors, windows, porches, gutters and downspouts, and fascia. With respect to surface improvements, that the condition of roadways, alleys, curbs, gutters, sidewalks, off-street parking, and surface storage areas evidence deterioration, including, but not limited to, surface cracking, crumbling, potholes, depressions, loose paving material, and weeds protruding through paved surfaces.

(4) Presence of structures below minimum code standards. All structures that do not meet the standards of

zoning, subdivision, building, fire, and other governmental codes applicable to property, but not including housing and property maintenance codes.

(5) Illegal use of individual structures. The use of structures in violation of applicable federal, State, or local laws, exclusive of those applicable to the presence of structures below minimum code standards.

(6) Excessive vacancies. The presence of buildings that are unoccupied or under-utilized and that represent an adverse influence on the area because of the frequency, extent, or duration of the vacancies.

(7) Lack of ventilation, light, or sanitary facilities. The absence of adequate ventilation for light or air circulation in spaces or rooms without windows, or that require the removal of dust, odor, gas, smoke, or other noxious airborne materials. Inadequate natural light and ventilation means the absence or inadequacy of skylights or windows for interior spaces or rooms and improper window sizes and amounts by room area to window area ratios. Inadequate sanitary facilities refers to the absence or inadequacy of garbage storage and enclosure, bathroom facilities, hot water and kitchens, and structural inadequacies preventing ingress and egress to and from all rooms and units within a building.

(8) Inadequate utilities. Underground and overhead utilities such as storm sewers and storm drainage, sanitary

sewers, water lines, and gas, telephone, and electrical services that are shown to be inadequate. Inadequate utilities are those that are: (i) of insufficient capacity to serve the uses in the redevelopment project area, (ii) deteriorated, antiquated, obsolete, or in disrepair, or (iii) lacking within the redevelopment project area.

(9) Excessive land coverage and overcrowding of structures and community facilities. The over-intensive use of property and the crowding of buildings and accessory facilities onto a site. Examples of problem conditions warranting the designation of an area as one exhibiting excessive land coverage are: the presence of buildings either improperly situated on parcels or located on parcels of inadequate size and shape in relation to present-day standards of development for health and safety and the presence of multiple buildings on a single parcel. For there to be a finding of excessive land coverage, these parcels must exhibit one or more of the following conditions: insufficient provision for light and air within or around buildings, increased threat of spread of fire due to the close proximity of buildings, lack of adequate or proper access to a public right-of-way, lack of reasonably required off-street parking, or inadequate provision for loading and service.

(10) Deleterious land use or layout. The existence of incompatible land-use relationships, buildings occupied by

inappropriate mixed-uses, or uses considered to be noxious, offensive, or unsuitable for the surrounding area.

(11) Lack of community planning. The proposed redevelopment project area was developed prior to or without the benefit or guidance of a community plan. This means that the development occurred prior to the adoption by the municipality of a comprehensive or other community plan or that the plan was not followed at the time of the area's development. This factor must be documented by evidence of adverse or incompatible land-use relationships, inadequate street layout, improper subdivision, parcels of inadequate shape and size to meet contemporary development standards, or other evidence demonstrating an absence of effective community planning.

(12) The area has incurred Illinois Environmental Protection Agency or United States Environmental Protection Agency remediation costs for, or a study conducted by an independent consultant recognized as having expertise in environmental remediation has determined a need for, the clean-up of hazardous waste, hazardous substances, or underground storage tanks required by State or federal law, provided that the remediation costs constitute a material impediment to the development or redevelopment of the redevelopment project area.

(13) The total equalized assessed value of the proposed redevelopment project area has declined for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the balance of the municipality for 3 of the last 5 calendar years for which information is available or is increasing at an annual rate that is less than the Consumer Price Index for All Urban Consumers published by the United States Department of Labor or successor agency for 3 of the last 5 calendar years for which information is available.

(c) "Industrial park" means an area in a blighted or conservation area suitable for use by any manufacturing, industrial, research or transportation enterprise, of facilities to include but not be limited to factories, mills, processing plants, assembly plants, packing plants, fabricating plants, industrial distribution centers, warehouses, repair overhaul or service facilities, freight terminals, research facilities, test facilities or railroad facilities.

(d) "Industrial park conservation area" means an area within the boundaries of a redevelopment project area located within the territorial limits of a municipality that is a labor surplus municipality or within 1 1/2 miles of the territorial limits of a municipality that is a labor surplus municipality if the area is annexed to the municipality; which area is zoned as industrial no later than at the time the municipality by

ordinance designates the redevelopment project area, and which area includes both vacant land suitable for use as an industrial park and a blighted area or conservation area contiguous to such vacant land.

(e) "Labor surplus municipality" means a municipality in which, at any time during the 6 months before the municipality by ordinance designates an industrial park conservation area, the unemployment rate was over 6% and was also 100% or more of the national average unemployment rate for that same time as published in the United States Department of Labor Bureau of Labor Statistics publication entitled "The Employment Situation" or its successor publication. For the purpose of this subsection, if unemployment rate statistics for the municipality are not available, the unemployment rate in the municipality shall be deemed to be the same as the unemployment rate in the principal county in which the municipality is located.

(f) "Municipality" shall mean a city, village, incorporated town, or a township that is located in the unincorporated portion of a county with 3 million or more inhabitants, if the county adopted an ordinance that approved the township's redevelopment plan.

(g) "Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal

Service Occupation Tax Act by retailers and servicemen on transactions at places located in a State Sales Tax Boundary during the calendar year 1985.

(g-1) "Revised Initial Sales Tax Amounts" means the amount of taxes paid under the Retailers' Occupation Tax Act, Use Tax Act, Service Use Tax Act, the Service Occupation Tax Act, the Municipal Retailers' Occupation Tax Act, and the Municipal Service Occupation Tax Act by retailers and servicemen on transactions at places located within the State Sales Tax Boundary revised pursuant to Section 11-74.4-8a(9) of this Act.

(h) "Municipal Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid to a municipality from the Local Government Tax Fund arising from sales by retailers and servicemen within the redevelopment project area or State Sales Tax Boundary, as the case may be, for as long as the redevelopment project area or State Sales Tax Boundary, as the case may be, exist over and above the aggregate amount of taxes as certified by the Illinois Department of Revenue and paid under the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act by retailers and servicemen, on transactions at places of business located in the redevelopment project area or State Sales Tax Boundary, as the case may be, during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing. For purposes of computing the aggregate amount of

such taxes for base years occurring prior to 1985, the Department of Revenue shall determine the Initial Sales Tax Amounts for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amounts". For purposes of determining the Municipal Sales Tax Increment, the Department of Revenue shall for each period subtract from the amount paid to the municipality from the Local Government Tax Fund arising from sales by retailers and servicemen on transactions located in the redevelopment project area or the State Sales Tax Boundary, as the case may be, the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for the Municipal Retailers' Occupation Tax Act and the Municipal Service Occupation Tax Act. For the State Fiscal Year 1989, this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales

Tax Amounts as appropriate. For the State Fiscal Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, to June 30, 1989, to determine the tax amounts received from retailers and servicemen pursuant to the Municipal Retailers' Occupation Tax and the Municipal Service Occupation Tax Act which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending June 30 to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, the Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts, as the case may be.

(i) "Net State Sales Tax Increment" means the sum of the following: (a) 80% of the first \$100,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; (b) 60% of the amount in excess of \$100,000 but not exceeding \$500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary; and (c) 40% of all amounts in excess of \$500,000 of State Sales Tax Increment annually generated within a State Sales Tax Boundary. If, however, a municipality established a tax increment financing district in a county with a population in excess of 3,000,000 before January 1, 1986, and the municipality entered into a contract

or issued bonds after January 1, 1986, but before December 31, 1986, to finance redevelopment project costs within a State Sales Tax Boundary, then the Net State Sales Tax Increment means, for the fiscal years beginning July 1, 1990, and July 1, 1991, 100% of the State Sales Tax Increment annually generated within a State Sales Tax Boundary; and notwithstanding any other provision of this Act, for those fiscal years the Department of Revenue shall distribute to those municipalities 100% of their Net State Sales Tax Increment before any distribution to any other municipality and regardless of whether or not those other municipalities will receive 100% of their Net State Sales Tax Increment. For Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a State Sales Tax Boundary, the Net State Sales Tax Increment shall be calculated as follows: By multiplying the Net State Sales Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter.

Municipalities that issued bonds in connection with a redevelopment project in a redevelopment project area within

the State Sales Tax Boundary prior to July 29, 1991, or that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988, shall continue to receive their proportional share of the Illinois Tax Increment Fund distribution until the date on which the redevelopment project is completed or terminated. If, however, a municipality that issued bonds in connection with a redevelopment project in a redevelopment project area within the State Sales Tax Boundary prior to July 29, 1991 retires the bonds prior to June 30, 2007 or a municipality that entered into contracts in connection with a redevelopment project in a redevelopment project area before June 1, 1988 completes the contracts prior to June 30, 2007, then so long as the redevelopment project is not completed or is not terminated, the Net State Sales Tax Increment shall be calculated, beginning on the date on which the bonds are retired or the contracts are completed, as follows: By multiplying the Net State Sales Tax Increment by 60% in the State Fiscal Year 2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for State Fiscal Year 2008 and thereafter. Refunding of any bonds issued prior to July 29, 1991, shall not alter the Net State Sales Tax Increment.

(j) "State Utility Tax Increment Amount" means an amount equal to the aggregate increase in State electric and gas tax

charges imposed on owners and tenants, other than residential customers, of properties located within the redevelopment project area under Section 9-222 of the Public Utilities Act, over and above the aggregate of such charges as certified by the Department of Revenue and paid by owners and tenants, other than residential customers, of properties within the redevelopment project area during the base year, which shall be the calendar year immediately prior to the year of the adoption of the ordinance authorizing tax increment allocation financing.

(k) "Net State Utility Tax Increment" means the sum of the following: (a) 80% of the first \$100,000 of State Utility Tax Increment annually generated by a redevelopment project area; (b) 60% of the amount in excess of \$100,000 but not exceeding \$500,000 of the State Utility Tax Increment annually generated by a redevelopment project area; and (c) 40% of all amounts in excess of \$500,000 of State Utility Tax Increment annually generated by a redevelopment project area. For the State Fiscal Year 1999, and every year thereafter until the year 2007, for any municipality that has not entered into a contract or has not issued bonds prior to June 1, 1988 to finance redevelopment project costs within a redevelopment project area, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in the State Fiscal Year 1999; 80% in the State Fiscal Year 2000; 70% in the State Fiscal Year 2001; 60% in the State Fiscal Year

2002; 50% in the State Fiscal Year 2003; 40% in the State Fiscal Year 2004; 30% in the State Fiscal Year 2005; 20% in the State Fiscal Year 2006; and 10% in the State Fiscal Year 2007. No payment shall be made for the State Fiscal Year 2008 and thereafter.

Municipalities that issue bonds in connection with the redevelopment project during the period from June 1, 1988 until 3 years after the effective date of this Amendatory Act of 1988 shall receive the Net State Utility Tax Increment, subject to appropriation, for 15 State Fiscal Years after the issuance of such bonds. For the 16th through the 20th State Fiscal Years after issuance of the bonds, the Net State Utility Tax Increment shall be calculated as follows: By multiplying the Net State Utility Tax Increment by 90% in year 16; 80% in year 17; 70% in year 18; 60% in year 19; and 50% in year 20. Refunding of any bonds issued prior to June 1, 1988, shall not alter the revised Net State Utility Tax Increment payments set forth above.

(l) "Obligations" mean bonds, loans, debentures, notes, special certificates or other evidence of indebtedness issued by the municipality to carry out a redevelopment project or to refund outstanding obligations.

(m) "Payment in lieu of taxes" means those estimated tax revenues from real property in a redevelopment project area derived from real property that has been acquired by a municipality which according to the redevelopment project or

plan is to be used for a private use which taxing districts would have received had a municipality not acquired the real property and adopted tax increment allocation financing and which would result from levies made after the time of the adoption of tax increment allocation financing to the time the current equalized value of real property in the redevelopment project area exceeds the total initial equalized value of real property in said area.

(n) "Redevelopment plan" means the comprehensive program of the municipality for development or redevelopment intended by the payment of redevelopment project costs to reduce or eliminate those conditions the existence of which qualified the redevelopment project area as a "blighted area" or "conservation area" or combination thereof or "industrial park conservation area," and thereby to enhance the tax bases of the taxing districts which extend into the redevelopment project area. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities" is limited to mean camping and hunting. Each redevelopment plan shall set forth in

writing the program to be undertaken to accomplish the objectives and shall include but not be limited to:

(A) an itemized list of estimated redevelopment project costs;

(B) evidence indicating that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise;

(C) an assessment of any financial impact of the redevelopment project area on or any increased demand for services from any taxing district affected by the plan and any program to address such financial impact or increased demand;

(D) the sources of funds to pay costs;

(E) the nature and term of the obligations to be issued;

(F) the most recent equalized assessed valuation of the redevelopment project area;

(G) an estimate as to the equalized assessed valuation after redevelopment and the general land uses to apply in the redevelopment project area;

(H) a commitment to fair employment practices and an affirmative action plan;

(I) if it concerns an industrial park conservation area, the plan shall also include a general description of any proposed developer, user and tenant of any property, a description of the type, structure and general character of

the facilities to be developed, a description of the type, class and number of new employees to be employed in the operation of the facilities to be developed; and

(J) if property is to be annexed to the municipality, the plan shall include the terms of the annexation agreement.

The provisions of items (B) and (C) of this subsection (n) shall not apply to a municipality that before March 14, 1994 (the effective date of Public Act 88-537) had fixed, either by its corporate authorities or by a commission designated under subsection (k) of Section 11-74.4-4, a time and place for a public hearing as required by subsection (a) of Section 11-74.4-5. No redevelopment plan shall be adopted unless a municipality complies with all of the following requirements:

(1) The municipality finds that the redevelopment project area on the whole has not been subject to growth and development through investment by private enterprise and would not reasonably be anticipated to be developed without the adoption of the redevelopment plan.

(2) The municipality finds that the redevelopment plan and project conform to the comprehensive plan for the development of the municipality as a whole, or, for municipalities with a population of 100,000 or more, regardless of when the redevelopment plan and project was adopted, the redevelopment plan and project either: (i) conforms to the strategic economic development or

redevelopment plan issued by the designated planning authority of the municipality, or (ii) includes land uses that have been approved by the planning commission of the municipality.

(3) The redevelopment plan establishes the estimated dates of completion of the redevelopment project and retirement of obligations issued to finance redevelopment project costs. Those dates may not be later than the dates set forth under Section 11-74.4-3.5., ~~or (DDD), (EEE), or (FFF), or (GGG), or (HHH), or (III), or (JJJ), (KKK), (LLL), (MMM), or (NNN) if the ordinance was adopted on December 23, 1986 by the Village of Libertyville.~~

A municipality may by municipal ordinance amend an existing redevelopment plan to conform to this paragraph (3) as amended by Public Act 91-478, which municipal ordinance may be adopted without further hearing or notice and without complying with the procedures provided in this Act pertaining to an amendment to or the initial approval of a redevelopment plan and project and designation of a redevelopment project area.

(3.5) The municipality finds, in the case of an industrial park conservation area, also that the municipality is a labor surplus municipality and that the implementation of the redevelopment plan will reduce unemployment, create new jobs and by the provision of new facilities enhance the tax base of the taxing districts

that extend into the redevelopment project area.

(4) If any incremental revenues are being utilized under Section 8(a)(1) or 8(a)(2) of this Act in redevelopment project areas approved by ordinance after January 1, 1986, the municipality finds: (a) that the redevelopment project area would not reasonably be developed without the use of such incremental revenues, and (b) that such incremental revenues will be exclusively utilized for the development of the redevelopment project area.

(5) If the redevelopment plan will not result in displacement of residents from 10 or more inhabited residential units, and the municipality certifies in the plan that such displacement will not result from the plan, a housing impact study need not be performed. If, however, the redevelopment plan would result in the displacement of residents from 10 or more inhabited residential units, or if the redevelopment project area contains 75 or more inhabited residential units and no certification is made, then the municipality shall prepare, as part of the separate feasibility report required by subsection (a) of Section 11-74.4-5, a housing impact study.

Part I of the housing impact study shall include (i) data as to whether the residential units are single family or multi-family units, (ii) the number and type of rooms within the units, if that information is available, (iii)

whether the units are inhabited or uninhabited, as determined not less than 45 days before the date that the ordinance or resolution required by subsection (a) of Section 11-74.4-5 is passed, and (iv) data as to the racial and ethnic composition of the residents in the inhabited residential units. The data requirement as to the racial and ethnic composition of the residents in the inhabited residential units shall be deemed to be fully satisfied by data from the most recent federal census.

Part II of the housing impact study shall identify the inhabited residential units in the proposed redevelopment project area that are to be or may be removed. If inhabited residential units are to be removed, then the housing impact study shall identify (i) the number and location of those units that will or may be removed, (ii) the municipality's plans for relocation assistance for those residents in the proposed redevelopment project area whose residences are to be removed, (iii) the availability of replacement housing for those residents whose residences are to be removed, and shall identify the type, location, and cost of the housing, and (iv) the type and extent of relocation assistance to be provided.

(6) On and after November 1, 1999, the housing impact study required by paragraph (5) shall be incorporated in the redevelopment plan for the redevelopment project area.

(7) On and after November 1, 1999, no redevelopment

plan shall be adopted, nor an existing plan amended, nor shall residential housing that is occupied by households of low-income and very low-income persons in currently existing redevelopment project areas be removed after November 1, 1999 unless the redevelopment plan provides, with respect to inhabited housing units that are to be removed for households of low-income and very low-income persons, affordable housing and relocation assistance not less than that which would be provided under the federal Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the regulations under that Act, including the eligibility criteria. Affordable housing may be either existing or newly constructed housing. For purposes of this paragraph (7), "low-income households", "very low-income households", and "affordable housing" have the meanings set forth in the Illinois Affordable Housing Act. The municipality shall make a good faith effort to ensure that this affordable housing is located in or near the redevelopment project area within the municipality.

(8) On and after November 1, 1999, if, after the adoption of the redevelopment plan for the redevelopment project area, any municipality desires to amend its redevelopment plan to remove more inhabited residential units than specified in its original redevelopment plan, that change shall be made in accordance with the procedures

in subsection (c) of Section 11-74.4-5.

(9) For redevelopment project areas designated prior to November 1, 1999, the redevelopment plan may be amended without further joint review board meeting or hearing, provided that the municipality shall give notice of any such changes by mail to each affected taxing district and registrant on the interested party registry, to authorize the municipality to expend tax increment revenues for redevelopment project costs defined by paragraphs (5) and (7.5), subparagraphs (E) and (F) of paragraph (11), and paragraph (11.5) of subsection (q) of Section 11-74.4-3, so long as the changes do not increase the total estimated redevelopment project costs set out in the redevelopment plan by more than 5% after adjustment for inflation from the date the plan was adopted.

(o) "Redevelopment project" means any public and private development project in furtherance of the objectives of a redevelopment plan. On and after November 1, 1999 (the effective date of Public Act 91-478), no redevelopment plan may be approved or amended that includes the development of vacant land (i) with a golf course and related clubhouse and other facilities or (ii) designated by federal, State, county, or municipal government as public land for outdoor recreational activities or for nature preserves and used for that purpose within 5 years prior to the adoption of the redevelopment plan. For the purpose of this subsection, "recreational activities"

is limited to mean camping and hunting.

(p) "Redevelopment project area" means an area designated by the municipality, which is not less in the aggregate than 1 1/2 acres and in respect to which the municipality has made a finding that there exist conditions which cause the area to be classified as an industrial park conservation area or a blighted area or a conservation area, or a combination of both blighted areas and conservation areas.

(q) "Redevelopment project costs" mean and include the sum total of all reasonable or necessary costs incurred or estimated to be incurred, and any such costs incidental to a redevelopment plan and a redevelopment project. Such costs include, without limitation, the following:

(1) Costs of studies, surveys, development of plans, and specifications, implementation and administration of the redevelopment plan including but not limited to staff and professional service costs for architectural, engineering, legal, financial, planning or other services, provided however that no charges for professional services may be based on a percentage of the tax increment collected; except that on and after November 1, 1999 (the effective date of Public Act 91-478), no contracts for professional services, excluding architectural and engineering services, may be entered into if the terms of the contract extend beyond a period of 3 years. In addition, "redevelopment project costs" shall not include

lobbying expenses. After consultation with the municipality, each tax increment consultant or advisor to a municipality that plans to designate or has designated a redevelopment project area shall inform the municipality in writing of any contracts that the consultant or advisor has entered into with entities or individuals that have received, or are receiving, payments financed by tax increment revenues produced by the redevelopment project area with respect to which the consultant or advisor has performed, or will be performing, service for the municipality. This requirement shall be satisfied by the consultant or advisor before the commencement of services for the municipality and thereafter whenever any other contracts with those individuals or entities are executed by the consultant or advisor;

(1.5) After July 1, 1999, annual administrative costs shall not include general overhead or administrative costs of the municipality that would still have been incurred by the municipality if the municipality had not designated a redevelopment project area or approved a redevelopment plan;

(1.6) The cost of marketing sites within the redevelopment project area to prospective businesses, developers, and investors;

(2) Property assembly costs, including but not limited to acquisition of land and other property, real or

personal, or rights or interests therein, demolition of buildings, site preparation, site improvements that serve as an engineered barrier addressing ground level or below ground environmental contamination, including, but not limited to parking lots and other concrete or asphalt barriers, and the clearing and grading of land;

(3) Costs of rehabilitation, reconstruction or repair or remodeling of existing public or private buildings, fixtures, and leasehold improvements; and the cost of replacing an existing public building if pursuant to the implementation of a redevelopment project the existing public building is to be demolished to use the site for private investment or devoted to a different use requiring private investment;

(4) Costs of the construction of public works or improvements, except that on and after November 1, 1999, redevelopment project costs shall not include the cost of constructing a new municipal public building principally used to provide offices, storage space, or conference facilities or vehicle storage, maintenance, or repair for administrative, public safety, or public works personnel and that is not intended to replace an existing public building as provided under paragraph (3) of subsection (q) of Section 11-74.4-3 unless either (i) the construction of the new municipal building implements a redevelopment project that was included in a redevelopment plan that was

adopted by the municipality prior to November 1, 1999 or  
(ii) the municipality makes a reasonable determination in  
the redevelopment plan, supported by information that  
provides the basis for that determination, that the new  
municipal building is required to meet an increase in the  
need for public safety purposes anticipated to result from  
the implementation of the redevelopment plan;

(5) Costs of job training and retraining projects,  
including the cost of "welfare to work" programs  
implemented by businesses located within the redevelopment  
project area;

(6) Financing costs, including but not limited to all  
necessary and incidental expenses related to the issuance  
of obligations and which may include payment of interest on  
any obligations issued hereunder including interest  
accruing during the estimated period of construction of any  
redevelopment project for which such obligations are  
issued and for not exceeding 36 months thereafter and  
including reasonable reserves related thereto;

(7) To the extent the municipality by written agreement  
accepts and approves the same, all or a portion of a taxing  
district's capital costs resulting from the redevelopment  
project necessarily incurred or to be incurred within a  
taxing district in furtherance of the objectives of the  
redevelopment plan and project.

(7.5) For redevelopment project areas designated (or

redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after November 1, 1999, an elementary, secondary, or unit school district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act, and which costs shall be paid by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units and shall be calculated annually as follows:

(A) for foundation districts, excluding any school district in a municipality with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that

housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general State aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts with a district average 1995-96 Per Capita Tuition Charge of less than \$5,900, no more than 25% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts with a district average 1995-96 Per Capita Tuition Charge of less than \$5,900, no more than 17% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts with a district average 1995-96 Per Capita Tuition Charge of less than \$5,900, no more than 8% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(B) For alternate method districts, flat grant

districts, and foundation districts with a district average 1995-96 Per Capita Tuition Charge equal to or more than \$5,900, excluding any school district with a population in excess of 1,000,000, by multiplying the district's increase in attendance resulting from the net increase in new students enrolled in that school district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by the most recently available per capita tuition cost as defined in Section 10-20.12a of the School Code less any increase in general state aid as defined in Section 18-8.05 of the School Code attributable to these added new students subject to the following annual limitations:

(i) for unit school districts, no more than 40% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act;

(ii) for elementary school districts, no more

than 27% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act; and

(iii) for secondary school districts, no more than 13% of the total amount of property tax increment revenue produced by those housing units that have received tax increment finance assistance under this Act.

(C) For any school district in a municipality with a population in excess of 1,000,000, the following restrictions shall apply to the reimbursement of increased costs under this paragraph (7.5):

(i) no increased costs shall be reimbursed unless the school district certifies that each of the schools affected by the assisted housing project is at or over its student capacity;

(ii) the amount reimbursable shall be reduced by the value of any land donated to the school district by the municipality or developer, and by the value of any physical improvements made to the schools by the municipality or developer; and

(iii) the amount reimbursed may not affect amounts otherwise obligated by the terms of any bonds, notes, or other funding instruments, or the terms of any redevelopment agreement.

Any school district seeking payment under this paragraph (7.5) shall, after July 1 and before September 30 of each year, provide the municipality with reasonable evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the school district. If the school district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. School districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise required by this paragraph (7.5). By acceptance of this reimbursement the school district waives the right to directly or indirectly set aside, modify, or contest in any manner the establishment of the redevelopment project area or projects;

(7.7) For redevelopment project areas designated (or redevelopment project areas amended to add or increase the number of tax-increment-financing assisted housing units) on or after January 1, 2005 (the effective date of Public Act 93-961), a public library district's increased costs attributable to assisted housing units located within the redevelopment project area for which the developer or redeveloper receives financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure

improvements within the boundaries of the assisted housing sites necessary for the completion of that housing as authorized by this Act shall be paid to the library district by the municipality from the Special Tax Allocation Fund when the tax increment revenue is received as a result of the assisted housing units. This paragraph (7.7) applies only if (i) the library district is located in a county that is subject to the Property Tax Extension Limitation Law or (ii) the library district is not located in a county that is subject to the Property Tax Extension Limitation Law but the district is prohibited by any other law from increasing its tax levy rate without a prior voter referendum.

The amount paid to a library district under this paragraph (7.7) shall be calculated by multiplying (i) the net increase in the number of persons eligible to obtain a library card in that district who reside in housing units within the redevelopment project area that have received financial assistance through an agreement with the municipality or because the municipality incurs the cost of necessary infrastructure improvements within the boundaries of the housing sites necessary for the completion of that housing as authorized by this Act since the designation of the redevelopment project area by (ii) the per-patron cost of providing library services so long as it does not exceed \$120. The per-patron cost shall be

the Total Operating Expenditures Per Capita as stated in the most recent Illinois Public Library Statistics produced by the Library Research Center at the University of Illinois. The municipality may deduct from the amount that it must pay to a library district under this paragraph any amount that it has voluntarily paid to the library district from the tax increment revenue. The amount paid to a library district under this paragraph (7.7) shall be no more than 2% of the amount produced by the assisted housing units and deposited into the Special Tax Allocation Fund.

A library district is not eligible for any payment under this paragraph (7.7) unless the library district has experienced an increase in the number of patrons from the municipality that created the tax-increment-financing district since the designation of the redevelopment project area.

Any library district seeking payment under this paragraph (7.7) shall, after July 1 and before September 30 of each year, provide the municipality with convincing evidence to support its claim for reimbursement before the municipality shall be required to approve or make the payment to the library district. If the library district fails to provide the information during this period in any year, it shall forfeit any claim to reimbursement for that year. Library districts may adopt a resolution waiving the right to all or a portion of the reimbursement otherwise

required by this paragraph (7.7). By acceptance of such reimbursement, the library district shall forfeit any right to directly or indirectly set aside, modify, or contest in any manner whatsoever the establishment of the redevelopment project area or projects;

(8) Relocation costs to the extent that a municipality determines that relocation costs shall be paid or is required to make payment of relocation costs by federal or State law or in order to satisfy subparagraph (7) of subsection (n);

(9) Payment in lieu of taxes;

(10) Costs of job training, retraining, advanced vocational education or career education, including but not limited to courses in occupational, semi-technical or technical fields leading directly to employment, incurred by one or more taxing districts, provided that such costs (i) are related to the establishment and maintenance of additional job training, advanced vocational education or career education programs for persons employed or to be employed by employers located in a redevelopment project area; and (ii) when incurred by a taxing district or taxing districts other than the municipality, are set forth in a written agreement by or among the municipality and the taxing district or taxing districts, which agreement describes the program to be undertaken, including but not limited to the number of employees to be trained, a

description of the training and services to be provided, the number and type of positions available or to be available, itemized costs of the program and sources of funds to pay for the same, and the term of the agreement. Such costs include, specifically, the payment by community college districts of costs pursuant to Sections 3-37, 3-38, 3-40 and 3-40.1 of the Public Community College Act and by school districts of costs pursuant to Sections 10-22.20a and 10-23.3a of The School Code;

(11) Interest cost incurred by a redeveloper related to the construction, renovation or rehabilitation of a redevelopment project provided that:

(A) such costs are to be paid directly from the special tax allocation fund established pursuant to this Act;

(B) such payments in any one year may not exceed 30% of the annual interest costs incurred by the redeveloper with regard to the redevelopment project during that year;

(C) if there are not sufficient funds available in the special tax allocation fund to make the payment pursuant to this paragraph (11) then the amounts so due shall accrue and be payable when sufficient funds are available in the special tax allocation fund;

(D) the total of such interest payments paid pursuant to this Act may not exceed 30% of the total

(i) cost paid or incurred by the redeveloper for the redevelopment project plus (ii) redevelopment project costs excluding any property assembly costs and any relocation costs incurred by a municipality pursuant to this Act; and

(E) the cost limits set forth in subparagraphs (B) and (D) of paragraph (11) shall be modified for the financing of rehabilitated or new housing units for low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act. The percentage of 75% shall be substituted for 30% in subparagraphs (B) and (D) of paragraph (11).

(F) Instead of the eligible costs provided by subparagraphs (B) and (D) of paragraph (11), as modified by this subparagraph, and notwithstanding any other provisions of this Act to the contrary, the municipality may pay from tax increment revenues up to 50% of the cost of construction of new housing units to be occupied by low-income households and very low-income households as defined in Section 3 of the Illinois Affordable Housing Act. The cost of construction of those units may be derived from the proceeds of bonds issued by the municipality under this Act or other constitutional or statutory authority or from other sources of municipal revenue that may be reimbursed from tax increment revenues or the proceeds

of bonds issued to finance the construction of that housing.

The eligible costs provided under this subparagraph (F) of paragraph (11) shall be an eligible cost for the construction, renovation, and rehabilitation of all low and very low-income housing units, as defined in Section 3 of the Illinois Affordable Housing Act, within the redevelopment project area. If the low and very low-income units are part of a residential redevelopment project that includes units not affordable to low and very low-income households, only the low and very low-income units shall be eligible for benefits under subparagraph (F) of paragraph (11). The standards for maintaining the occupancy by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, of those units constructed with eligible costs made available under the provisions of this subparagraph (F) of paragraph (11) shall be established by guidelines adopted by the municipality. The responsibility for annually documenting the initial occupancy of the units by low-income households and very low-income households, as defined in Section 3 of the Illinois Affordable Housing Act, shall be that of the then current owner of the property. For ownership units, the guidelines will

provide, at a minimum, for a reasonable recapture of funds, or other appropriate methods designed to preserve the original affordability of the ownership units. For rental units, the guidelines will provide, at a minimum, for the affordability of rent to low and very low-income households. As units become available, they shall be rented to income-eligible tenants. The municipality may modify these guidelines from time to time; the guidelines, however, shall be in effect for as long as tax increment revenue is being used to pay for costs associated with the units or for the retirement of bonds issued to finance the units or for the life of the redevelopment project area, whichever is later.

(11.5) If the redevelopment project area is located within a municipality with a population of more than 100,000, the cost of day care services for children of employees from low-income families working for businesses located within the redevelopment project area and all or a portion of the cost of operation of day care centers established by redevelopment project area businesses to serve employees from low-income families working in businesses located in the redevelopment project area. For the purposes of this paragraph, "low-income families" means families whose annual income does not exceed 80% of the municipal, county, or regional median income, adjusted

for family size, as the annual income and municipal, county, or regional median income are determined from time to time by the United States Department of Housing and Urban Development.

(12) Unless explicitly stated herein the cost of construction of new privately-owned buildings shall not be an eligible redevelopment project cost.

(13) After November 1, 1999 (the effective date of Public Act 91-478), none of the redevelopment project costs enumerated in this subsection shall be eligible redevelopment project costs if those costs would provide direct financial support to a retail entity initiating operations in the redevelopment project area while terminating operations at another Illinois location within 10 miles of the redevelopment project area but outside the boundaries of the redevelopment project area municipality. For purposes of this paragraph, termination means a closing of a retail operation that is directly related to the opening of the same operation or like retail entity owned or operated by more than 50% of the original ownership in a redevelopment project area, but it does not mean closing an operation for reasons beyond the control of the retail entity, as documented by the retail entity, subject to a reasonable finding by the municipality that the current location contained inadequate space, had become economically obsolete, or was no longer a viable location

for the retailer or serviceman.

(14) No cost shall be a redevelopment project cost in a redevelopment project area if used to demolish, remove, or substantially modify a historic resource, after August 26, 2008 (the effective date of Public Act 95-934) ~~this amendatory Act of the 95th General Assembly~~, unless no prudent and feasible alternative exists. "Historic resource" for the purpose of this item (14) means (i) a place or structure that is included or eligible for inclusion on the National Register of Historic Places or (ii) a contributing structure in a district on the National Register of Historic Places. This item (14) does not apply to a place or structure for which demolition, removal, or modification is subject to review by the preservation agency of a Certified Local Government designated as such by the National Park Service of the United States Department of the Interior.

If a special service area has been established pursuant to the Special Service Area Tax Act or Special Service Area Tax Law, then any tax increment revenues derived from the tax imposed pursuant to the Special Service Area Tax Act or Special Service Area Tax Law may be used within the redevelopment project area for the purposes permitted by that Act or Law as well as the purposes permitted by this Act.

(r) "State Sales Tax Boundary" means the redevelopment project area or the amended redevelopment project area

boundaries which are determined pursuant to subsection (9) of Section 11-74.4-8a of this Act. The Department of Revenue shall certify pursuant to subsection (9) of Section 11-74.4-8a the appropriate boundaries eligible for the determination of State Sales Tax Increment.

(s) "State Sales Tax Increment" means an amount equal to the increase in the aggregate amount of taxes paid by retailers and servicemen, other than retailers and servicemen subject to the Public Utilities Act, on transactions at places of business located within a State Sales Tax Boundary pursuant to the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act, and the Service Occupation Tax Act, except such portion of such increase that is paid into the State and Local Sales Tax Reform Fund, the Local Government Distributive Fund, the Local Government Tax Fund and the County and Mass Transit District Fund, for as long as State participation exists, over and above the Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts for such taxes as certified by the Department of Revenue and paid under those Acts by retailers and servicemen on transactions at places of business located within the State Sales Tax Boundary during the base year which shall be the calendar year immediately prior to the year in which the municipality adopted tax increment allocation financing, less 3.0% of such amounts generated under the Retailers' Occupation Tax Act, Use Tax Act and Service Use Tax Act and the Service Occupation Tax Act,

which sum shall be appropriated to the Department of Revenue to cover its costs of administering and enforcing this Section. For purposes of computing the aggregate amount of such taxes for base years occurring prior to 1985, the Department of Revenue shall compute the Initial Sales Tax Amount for such taxes and deduct therefrom an amount equal to 4% of the aggregate amount of taxes per year for each year the base year is prior to 1985, but not to exceed a total deduction of 12%. The amount so determined shall be known as the "Adjusted Initial Sales Tax Amount". For purposes of determining the State Sales Tax Increment the Department of Revenue shall for each period subtract from the tax amounts received from retailers and servicemen on transactions located in the State Sales Tax Boundary, the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or Revised Initial Sales Tax Amounts for the Retailers' Occupation Tax Act, the Use Tax Act, the Service Use Tax Act and the Service Occupation Tax Act. For the State Fiscal Year 1989 this calculation shall be made by utilizing the calendar year 1987 to determine the tax amounts received. For the State Fiscal Year 1990, this calculation shall be made by utilizing the period from January 1, 1988, until September 30, 1988, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For the State Fiscal

Year 1991, this calculation shall be made by utilizing the period from October 1, 1988, until June 30, 1989, to determine the tax amounts received from retailers and servicemen, which shall have deducted therefrom nine-twelfths of the certified Initial State Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts as appropriate. For every State Fiscal Year thereafter, the applicable period shall be the 12 months beginning July 1 and ending on June 30, to determine the tax amounts received which shall have deducted therefrom the certified Initial Sales Tax Amounts, Adjusted Initial Sales Tax Amounts or the Revised Initial Sales Tax Amounts. Municipalities intending to receive a distribution of State Sales Tax Increment must report a list of retailers to the Department of Revenue by October 31, 1988 and by July 31, of each year thereafter.

(t) "Taxing districts" means counties, townships, cities and incorporated towns and villages, school, road, park, sanitary, mosquito abatement, forest preserve, public health, fire protection, river conservancy, tuberculosis sanitarium and any other municipal corporations or districts with the power to levy taxes.

(u) "Taxing districts' capital costs" means those costs of taxing districts for capital improvements that are found by the municipal corporate authorities to be necessary and directly result from the redevelopment project.

(v) As used in subsection (a) of Section 11-74.4-3 of this

Act, "vacant land" means any parcel or combination of parcels of real property without industrial, commercial, and residential buildings which has not been used for commercial agricultural purposes within 5 years prior to the designation of the redevelopment project area, unless the parcel is included in an industrial park conservation area or the parcel has been subdivided; provided that if the parcel was part of a larger tract that has been divided into 3 or more smaller tracts that were accepted for recording during the period from 1950 to 1990, then the parcel shall be deemed to have been subdivided, and all proceedings and actions of the municipality taken in that connection with respect to any previously approved or designated redevelopment project area or amended redevelopment project area are hereby validated and hereby declared to be legally sufficient for all purposes of this Act. For purposes of this Section and only for land subject to the subdivision requirements of the Plat Act, land is subdivided when the original plat of the proposed Redevelopment Project Area or relevant portion thereof has been properly certified, acknowledged, approved, and recorded or filed in accordance with the Plat Act and a preliminary plat, if any, for any subsequent phases of the proposed Redevelopment Project Area or relevant portion thereof has been properly approved and filed in accordance with the applicable ordinance of the municipality.

(w) "Annual Total Increment" means the sum of each

municipality's annual Net Sales Tax Increment and each municipality's annual Net Utility Tax Increment. The ratio of the Annual Total Increment of each municipality to the Annual Total Increment for all municipalities, as most recently calculated by the Department, shall determine the proportional shares of the Illinois Tax Increment Fund to be distributed to each municipality.

(d) For redevelopment project areas for which bonds were issued before July 29, 1991, or for which contracts were entered into before June 1, 1988, in connection with a redevelopment project in the area within the State Sales Tax Boundary, the estimated dates of completion of the

redevelopment project and retirement of obligations to finance redevelopment project costs (including refunding bonds under Section 11-74.4-7) may be extended by municipal ordinance to December 31, 2013. The termination procedures of subsection (b) of Section 11-74.4-8 are not required for these redevelopment project areas in 2009 but are required in 2013. The extension allowed by Public Act 87-1272 shall not apply to real property tax increment allocation financing under Section 11-74.4-8.

(e) Those dates, for purposes of real property tax increment allocation financing pursuant to Section 11-74.4-8 only, shall be not more than 35 years for redevelopment project areas that were adopted on or after December 16, 1986 and for which at least \$8 million worth of municipal bonds were authorized on or after December 19, 1989 but before January 1, 1990; provided that the municipality elects to extend the life of the redevelopment project area to 35 years by the adoption of an ordinance after at least 14 but not more than 30 days' written notice to the taxing bodies, that would otherwise constitute the joint review board for the redevelopment project area, before the adoption of the ordinance.

(65 ILCS 5/11-74.4-7) (from Ch. 24, par. 11-74.4-7)

Sec. 11-74.4-7. Obligations secured by the special tax allocation fund set forth in Section 11-74.4-8 for the redevelopment project area may be issued to provide for redevelopment project costs. Such obligations, when so issued, shall be retired in the manner provided in the ordinance authorizing the issuance of such obligations by the receipts of taxes levied as specified in Section 11-74.4-9 against the

taxable property included in the area, by revenues as specified by Section 11-74.4-8a and other revenue designated by the municipality. A municipality may in the ordinance pledge all or any part of the funds in and to be deposited in the special tax allocation fund created pursuant to Section 11-74.4-8 to the payment of the redevelopment project costs and obligations. Any pledge of funds in the special tax allocation fund shall provide for distribution to the taxing districts and to the Illinois Department of Revenue of moneys not required, pledged, earmarked, or otherwise designated for payment and securing of the obligations and anticipated redevelopment project costs and such excess funds shall be calculated annually and deemed to be "surplus" funds. In the event a municipality only applies or pledges a portion of the funds in the special tax allocation fund for the payment or securing of anticipated redevelopment project costs or of obligations, any such funds remaining in the special tax allocation fund after complying with the requirements of the application or pledge, shall also be calculated annually and deemed "surplus" funds. All surplus funds in the special tax allocation fund shall be distributed annually within 180 days after the close of the municipality's fiscal year by being paid by the municipal treasurer to the County Collector, to the Department of Revenue and to the municipality in direct proportion to the tax incremental revenue received as a result of an increase in the equalized assessed value of property in the redevelopment project area,

tax incremental revenue received from the State and tax incremental revenue received from the municipality, but not to exceed as to each such source the total incremental revenue received from that source. The County Collector shall thereafter make distribution to the respective taxing districts in the same manner and proportion as the most recent distribution by the county collector to the affected districts of real property taxes from real property in the redevelopment project area.

Without limiting the foregoing in this Section, the municipality may in addition to obligations secured by the special tax allocation fund pledge for a period not greater than the term of the obligations towards payment of such obligations any part or any combination of the following: (a) net revenues of all or part of any redevelopment project; (b) taxes levied and collected on any or all property in the municipality; (c) the full faith and credit of the municipality; (d) a mortgage on part or all of the redevelopment project; or (e) any other taxes or anticipated receipts that the municipality may lawfully pledge.

Such obligations may be issued in one or more series bearing interest at such rate or rates as the corporate authorities of the municipality shall determine by ordinance. Such obligations shall bear such date or dates, mature at such time or times not exceeding 20 years from their respective dates, be in such denomination, carry such registration

privileges, be executed in such manner, be payable in such medium of payment at such place or places, contain such covenants, terms and conditions, and be subject to redemption as such ordinance shall provide. Obligations issued pursuant to this Act may be sold at public or private sale at such price as shall be determined by the corporate authorities of the municipalities. No referendum approval of the electors shall be required as a condition to the issuance of obligations pursuant to this Division except as provided in this Section.

In the event the municipality authorizes issuance of obligations pursuant to the authority of this Division secured by the full faith and credit of the municipality, which obligations are other than obligations which may be issued under home rule powers provided by Article VII, Section 6 of the Illinois Constitution, or pledges taxes pursuant to (b) or (c) of the second paragraph of this section, the ordinance authorizing the issuance of such obligations or pledging such taxes shall be published within 10 days after such ordinance has been passed in one or more newspapers, with general circulation within such municipality. The publication of the ordinance shall be accompanied by a notice of (1) the specific number of voters required to sign a petition requesting the question of the issuance of such obligations or pledging taxes to be submitted to the electors; (2) the time in which such petition must be filed; and (3) the date of the prospective referendum. The municipal clerk shall provide a petition form

to any individual requesting one.

If no petition is filed with the municipal clerk, as hereinafter provided in this Section, within 30 days after the publication of the ordinance, the ordinance shall be in effect. But, if within that 30 day period a petition is filed with the municipal clerk, signed by electors in the municipality numbering 10% or more of the number of registered voters in the municipality, asking that the question of issuing obligations using full faith and credit of the municipality as security for the cost of paying for redevelopment project costs, or of pledging taxes for the payment of such obligations, or both, be submitted to the electors of the municipality, the corporate authorities of the municipality shall call a special election in the manner provided by law to vote upon that question, or, if a general, State or municipal election is to be held within a period of not less than 30 or more than 90 days from the date such petition is filed, shall submit the question at the next general, State or municipal election. If it appears upon the canvass of the election by the corporate authorities that a majority of electors voting upon the question voted in favor thereof, the ordinance shall be in effect, but if a majority of the electors voting upon the question are not in favor thereof, the ordinance shall not take effect.

The ordinance authorizing the obligations may provide that the obligations shall contain a recital that they are issued pursuant to this Division, which recital shall be conclusive

evidence of their validity and of the regularity of their issuance.

In the event the municipality authorizes issuance of obligations pursuant to this Section secured by the full faith and credit of the municipality, the ordinance authorizing the obligations may provide for the levy and collection of a direct annual tax upon all taxable property within the municipality sufficient to pay the principal thereof and interest thereon as it matures, which levy may be in addition to and exclusive of the maximum of all other taxes authorized to be levied by the municipality, which levy, however, shall be abated to the extent that monies from other sources are available for payment of the obligations and the municipality certifies the amount of said monies available to the county clerk.

A certified copy of such ordinance shall be filed with the county clerk of each county in which any portion of the municipality is situated, and shall constitute the authority for the extension and collection of the taxes to be deposited in the special tax allocation fund.

A municipality may also issue its obligations to refund in whole or in part, obligations theretofore issued by such municipality under the authority of this Act, whether at or prior to maturity, provided however, that the last maturity of the refunding obligations may not be later than the dates set forth under Section 11-74.4-3.5. ~~DDD (EEE) (FFF) (GGG), (HHH) (III) (JJJ) (KKK) (LLL) (MMM), or (NNN) if the ordinance was~~

~~adopted on December 23, 1986 by the Village of Libertyville~~

In the event a municipality issues obligations under home rule powers or other legislative authority the proceeds of which are pledged to pay for redevelopment project costs, the municipality may, if it has followed the procedures in conformance with this division, retire said obligations from funds in the special tax allocation fund in amounts and in such manner as if such obligations had been issued pursuant to the provisions of this division.

All obligations heretofore or hereafter issued pursuant to this Act shall not be regarded as indebtedness of the municipality issuing such obligations or any other taxing district for the purpose of any limitation imposed by law.

The Commission has no quick-take powers, no zoning powers, and no power to establish or enforce building codes. The Commission

may not acquire any property pursuant to this Section before a comprehensive master plan has been approved under Section 65.

Property owned by and exclusively used by the Commission shall be exempt from taxation and shall be subject to condemnation by the State and any municipal corporation or agency of the State for any State or municipal purpose under the provisions for the exercise of the right of eminent domain under the Eminent Domain Act ~~Article VII of the Code of Civil Procedure.~~

Section 120. The Southwest Regional Port District Act is amended by changing Section 5 as follows:

(70 ILCS 1855/5) (from Ch. 19, par. 455)

Sec. 5. The District has power to acquire and accept by purchase, lease, gift, grant or otherwise any property and rights useful for its purposes and to provide for the development of channels, ports, harbors, airports, airfields,

terminals, port facilities, terminal facilities, aquariums, museums, planetariums, climatrons and any other building or facility which the District has the power to acquire, construct, reconstruct, extend or improve, to serve the needs of commerce within the District. The District may acquire real or personal property or any rights therein in the manner, as near as may be, as is provided for the exercise of the right of eminent domain under the Eminent Domain Act ~~Article VII of the Code of Civil Procedure~~, as heretofore or hereafter amended; except that no rights or property of any kind or character now or hereafter owned, leased, controlled or operated and used by, or necessary for the actual operations of any common carrier engaged in interstate commerce, or of any other public utility subject to the jurisdiction of the Illinois Commerce Commission, shall be taken or appropriated by the District without first obtaining the approval of the Illinois Commerce Commission; and except that no property owned by any city within the District shall be taken or appropriated without first obtaining the consent of the governing body of such city.

Also, the District may lease to others for any period of time, not to exceed 99 years, upon such terms as its Board may determine, any of its real property, rights of way or privileges, or any interest therein, or any part thereof, for industrial, manufacturing, commercial or harbor purposes, which is in the opinion of the Port District Board no longer required for its primary purposes in the development of port

and harbor facilities for the use of public transportation, or which may not be immediately needed for such purposes, but where such leases will in the opinion of the Port District Board aid and promote such purposes, and in conjunction with such leases, the District may grant rights of way and privileges across the property of the District, which rights of way and privileges may be assignable and irrevocable during the term of any such lease and may include the right to enter upon the property of the District to do such things as may be necessary for the enjoyment of such leases, rights of way and privileges, and such leases may contain such conditions and retain such interest therein as may be deemed for the best interest of the District by such Board.

Also, the District shall have the right to grant easements and permits for the use of any such real property, rights of way or privileges which in the opinion of the Board will not interfere with the use thereof by the District for its primary purposes and such easements and permits may contain such conditions and retain such interest therein as may be deemed for the best interest of the District by the Board.

With respect to any and all leases, easements, rights of way, privileges and permits made or granted by the Board, the Board may agree upon and collect the rentals, charges and fees that may be deemed for the best interest of the District. Such rentals, charges and fees shall be used to defray the reasonable expenses of the District and to pay the principal of

and interest on any revenue bonds issued by the District.

Section 125. The Sanitary District Act of 1917 is amended by changing Sections 8 and 15 as follows:

(70 ILCS 2405/8) (from Ch. 42, par. 307)

Sec. 8. (a) The sanitary district may acquire by purchase, condemnation, or otherwise all real and personal property, right of way and privilege, either within or without its corporate limits that may be required for its corporate purposes. If real property is acquired by condemnation, the sanitary district may not sell or lease any portion of the property for a period of 10 years after acquisition by condemnation is completed. If, after such 10-year period, the sanitary district decides to sell or lease the property, it must first offer the property for sale or lease to the previous owner of the land from whom the sanitary district acquired the property. If the sanitary district and such previous owner do not execute a contract for purchase or lease of the property within 60 days from the initial offer, the sanitary district then may offer the property for sale or lease to any other person. If any district formed under this Act is unable to agree with any other sanitary district upon the terms whereby it shall be permitted to use the drains, channels or ditches of such other sanitary district, the right to such use may be

acquired by condemnation in any circuit court by proceedings as provided in Section 4-17 of the Illinois Drainage Code. The compensation to be paid for such use may be a gross sum, or it may be in the form of an annual rental, to be paid in yearly installments as provided by the judgment of the court wherein such proceedings may be had. However, when such compensation is fixed at a gross sum all moneys for the purchase and condemnation of any property shall be paid before possession is taken or any work done on the premises damaged by the construction of such channel or outlet, and in case of an appeal from the circuit court taken by either party whereby the amount of damages is not finally determined, then possession may be taken, if the amount of judgment in such court is deposited at some bank or savings and loan association to be designated by the court, subject to the payment of such damages on orders signed by the circuit court, whenever the amount of damages is finally determined. The sanitary district may sell, convey, vacate and release the real or personal property, right of way and privileges acquired by it when no longer required for the purposes of the district.

(b) A sanitary district may exercise its powers of eminent domain to acquire a public utility only if the Illinois Commerce Commission, following petition by the sanitary district, has granted approval for the sanitary district to proceed in accordance with the Eminent Domain Act ~~Article VII~~ ~~of the Code of Civil Procedure~~. The following procedures must

be followed when a sanitary district exercises its power of eminent domain to acquire a public utility.

(1) The sanitary district shall petition the Commission for approval of the acquisition of a public utility by the exercise of eminent domain powers. The petition filed by the sanitary district shall state the following:

(A) the caption of the case;

(B) the date of the filing of the application;

(C) the name and address of the condemnee;

(D) the name and address of the condemnor;

(E) a specific reference to the statute under which the condemnation action is authorized;

(F) a specific reference to the action, whether by ordinance, resolution, or otherwise, by which the declaration of taking was authorized, including the date when such action was taken, and the place where the record may be examined;

(G) a description of the purpose of the condemnation;

(H) a reasonable description of the property to be condemned;

(I) a statement of how just compensation will be made;

(J) a statement that, if the condemnee wishes to challenge the proceeding, the condemnee shall file

objections within 45 days after its receipt of the notice.

(2) Within 30 days after the filing of a petition by the sanitary district of its intent to acquire by eminent domain all real and personal property, rights of way, and privileges of a public utility, the sanitary district shall serve a copy of the petition on the public utility and shall publish a notice of the filing of the petition in a newspaper of general circulation in the area served by the sanitary district. The sanitary district shall file a certificate of publication with the Commission as proof of publication.

(3) Within 45 days after being served with the notice required by this Section, the condemnee may file objections to the petition with the Commission. All objections shall state specifically the grounds relied upon. All objections shall be raised at one time and in one document. The condemnee shall serve a copy of the objections upon the condemnor within 72 hours after the objections are filed with the Commission.

(4) The Commission shall make a determination regarding the petition and any objections to the petition and shall make such orders and decrees as justice and law shall require. The Commission may take evidence by deposition or otherwise and shall entertain oral argument on all objections. The Commission shall make its

determination within 105 days after its receipt of the objections of the condemnee, unless the Commission, in its discretion, extends the determination period for a further period not exceeding 6 months.

(c) The Illinois Commerce Commission shall approve the taking of any property by a sanitary district under subsection (b), within or outside its boundaries, if it is in the public interest. The taking shall be considered to be in the public interest if the sanitary district establishes by a preponderance of the evidence:

(1) that the sanitary district has been in existence as the operator of a wastewater system for at least 20 years;

(2) that it will provide wastewater treatment service within the proposed area subject to condemnation at the same level of wastewater treatment service provided throughout the district;

(3) that it will provide the wastewater collection, treatment, and disposal at the same or less operational and maintenance volumetric or bulk rate as the public utility whose property is subject to condemnation; and

(4) that it is not financially impractical for the public utility to serve its remaining customers who are not in the area subject to condemnation.

(70 ILCS 2405/15) (from Ch. 42, par. 314)

Sec. 15. Whenever the board of trustees of any sanitary district shall pass an ordinance for the making of any improvement which such district is authorized to make, the making of which will require that private property should be taken or damaged, such district may cause compensation therefor to be ascertained, and may condemn and acquire possession thereof in the same manner as nearly as may be as is provided for the exercise of the right of eminent domain under the Eminent Domain Act, as amended, except Article VII of the Code of Civil Procedure, and all amendments thereto: Provided, however, that (i) proceedings to ascertain the compensation to be paid for taking or damaging private property shall in all cases be instituted in the county where the property sought to be taken or damaged is situated, and (ii): And, provided, that all damages to property, whether determined by agreement or by final judgment of court, shall be paid 7 prior to the payment of any other debt or obligation.

Section 130. The Metropolitan Water Reclamation District Act is amended by changing Section 7a and by setting forth and renumbering multiple versions of Section 302 as follows:

(70 ILCS 2605/7a) (from Ch. 42, par. 326a)

Sec. 7a. Discharge into sewers of a sanitary district.

(a) The terms used in this Section are defined as follows:

"Board of Commissioners" means the Board of Commissioners of the sanitary district.

"Sewage" means water-carried human wastes or a combination of water-carried wastes from residences, buildings, businesses, industrial establishments, institutions, or other places together with any ground, surface, storm, or other water that may be present.

"Industrial Wastes" means all solids, liquids, or gaseous wastes resulting from any commercial, industrial, manufacturing, agricultural, trade, or business operation or process, or from the development, recovery, or processing of natural resources.

"Other Wastes" means decayed wood, sawdust, shavings, bark, lime, refuse, ashes, garbage, offal, oil, tar, chemicals, and all other substances except sewage and industrial wastes.

"Person" means any individual, firm, association, joint venture, sole proprietorship, company, partnership, estate copartnership, corporation, joint stock company, trust, school district, unit of local government, or private corporation organized or existing under the laws of this or any other state or country.

"Executive Director" means the executive director of the sanitary district.

(b) It shall be unlawful for any person to discharge sewage, industrial waste, or other wastes into the sewerage system of a sanitary district or into any sewer connected

therewith, except upon the terms and conditions that the sanitary district might reasonably impose by way of ordinance, permit, or otherwise.

Any sanitary district, in addition to all other powers vested in it and in the interest of public health and safety, or as authorized by subsections (b) and (c) of Section 46 of the Environmental Protection Act, is hereby empowered to pass all ordinances, rules, or regulations necessary to implement this Section, including but not limited to, the imposition of charges based on factors that influence the cost of treatment, including strength and volume, and including the right of access during reasonable hours to the premises of a person for enforcement of adopted ordinances, rules, or regulations.

(c) Whenever the sanitary district acting through the executive director determines that sewage, industrial wastes, or other wastes are being discharged into the sewerage system and when, in the opinion of the executive director the discharge is in violation of an ordinance, rules, or regulations adopted by the Board of Commissioners under this Section governing industrial wastes or other wastes, the executive director shall order the offending party to cease and desist. The order shall be served by certified mail or personally on the owner, officer, registered agent, or individual designated by permit.

In the event the offending party fails or refuses to discontinue the discharge within 90 days after notification of

the cease and desist order, the executive director may order the offending party to show cause before the Board of Commissioners of the sanitary district why the discharge should not be discontinued. A notice shall be served on the offending party directing him, her, or it to show cause before the Board of Commissioners why an order should not be entered directing the discontinuance of the discharge. The notice shall specify the time and place where a hearing will be held and shall be served personally or by registered or certified mail at least 10 days before the hearing; and in the case of a unit of local government or a corporation the service shall be upon an officer or agent thereof. After reviewing the evidence, the Board of Commissioners may issue an order to the party responsible for the discharge, directing that within a specified period of time the discharge be discontinued. The Board of Commissioners may also order the party responsible for the discharge to pay a civil penalty in an amount specified by the Board of Commissioners that is not less than \$100 nor more than \$2,000 per day for each day of discharge of effluent in violation of this Act as provided in subsection (d). The Board of Commissioners may also order the party responsible for the violation to pay court reporter costs and hearing officer fees in a total amount not exceeding \$3,000.

(d) The Board of Commissioners shall establish procedures for assessing civil penalties and issuing orders under subsection (c) as follows:

(1) In making its orders and determinations, the Board of Commissioners shall take into consideration all the facts and circumstances bearing on the activities involved and the assessment of civil penalties as shown by the record produced at the hearing.

(2) The Board of Commissioners shall establish a panel of independent hearing officers to conduct all hearings on the assessment of civil penalties and issuance of orders under subsection (c). The hearing officers shall be attorneys licensed to practice law in this State.

(3) The Board of Commissioners shall promulgate procedural rules governing the proceedings, the assessment of civil penalties, and the issuance of orders.

(4) All hearings shall be on the record, and testimony taken must be under oath and recorded stenographically. Transcripts so recorded must be made available to any member of the public or any party to the hearing upon payment of the usual charges for transcripts. At the hearing, the hearing officer may issue, in the name of the Board of Commissioners, notices of hearing requesting the attendance and testimony of witnesses and the production of evidence relevant to any matter involved in the hearing and may examine witnesses.

(5) The hearing officer shall conduct a full and impartial hearing on the record, with an opportunity for the presentation of evidence and cross-examination of the

witnesses. The hearing officer shall issue findings of fact, conclusions of law, a recommended civil penalty, and an order based solely on the record. The hearing officer may also recommend, as part of the order, that the discharge of industrial waste be discontinued within a specified time.

(6) The findings of fact, conclusions of law, recommended civil penalty, and order shall be transmitted to the Board of Commissioners along with a complete record of the hearing.

(7) The Board of Commissioners shall either approve or disapprove the findings of fact, conclusions of law, recommended civil penalty, and order. If the findings of fact, conclusions of law, recommended civil penalty, or order are rejected, the Board of Commissioners shall remand the matter to the hearing officer for further proceedings. If the order is accepted by the Board of Commissioners, it shall constitute the final order of the Board of Commissioners.

(8) (Blank).

(9) The civil penalty specified by the Board of Commissioners shall be paid within 35 days after the party on whom it is imposed receives a written copy of the order of the Board of Commissioners, unless the person or persons to whom the order is issued seeks judicial review ~~under paragraph (8)~~.

(10) If the respondent seeks judicial review of the order assessing civil penalties, the respondent shall, within 35 days after the date of the final order, pay the amount of the civil penalties into an escrow account maintained by the district for that purpose or file a bond guaranteeing payment of the civil penalties if the civil penalties are upheld on review.

(11) Civil penalties not paid by the times specified above shall be delinquent and subject to a lien recorded against the property of the person ordered to pay the penalty. The foregoing provisions for asserting liens against real estate by the sanitary district shall be in addition to and not in derogation of any other remedy or right of recovery, in law or equity, that the sanitary district may have with respect to the collection or recovery of penalties and charges imposed by the sanitary district. Judgment in a civil action brought by the sanitary district to recover or collect the charges shall not operate as a release and waiver of the lien upon the real estate for the amount of the judgment. Only satisfaction of the judgment or the filing of a release or satisfaction of lien shall release the lien.

(e) The executive director may order a person to cease the discharge of industrial waste upon a finding by the executive director that the final order of the Board of Commissioners entered after a hearing to show cause has been violated. The

executive director shall serve the person with a copy of his or her order either by certified mail or personally by serving the owner, officer, registered agent, or individual designated by permit. The order of the executive director shall also schedule an expedited hearing before a hearing officer designated by the Board of Commissioners for the purpose of determining whether the company has violated the final order of the Board of Commissioners. The Board of Commissioners shall adopt rules of procedure governing expedited hearings. In no event shall the hearing be conducted less than 7 days after receipt by the person of the executive director's order.

At the conclusion of the expedited hearing, the hearing officer shall prepare a report with his or her findings and recommendations and transmit it to the Board of Commissioners. If the Board of Commissioners, after reviewing the findings and recommendations, and the record produced at the hearings, determines that the person has violated the Board of Commissioner's final order, the Board of Commissioners may authorize the plugging of the sewer. The executive director shall give not less than 10 days written notice of the Board of Commissioner's order to the owner, officer, registered agent, or individual designated by permit, as well as the owner of record of the real estate and other parties known to be affected, that the sewer will be plugged.

The foregoing provision for plugging a sewer shall be in addition to and not in derogation of any other remedy, in law

or in equity, that the district may have to prevent violation of its ordinances and orders of its Board of Commissioners.

(f) A violation of the final order of the Board of Commissioners shall be considered a nuisance. If any person discharges sewage, industrial wastes, or other wastes into any waters contrary to the final order of the Board of Commissioners, the sanitary district acting through the executive director has the power to commence an action or proceeding in the circuit court in and for the county in which the sanitary district is located for the purpose of having the discharge stopped either by mandamus or injunction, or to remedy the violation in any manner provided for in this Section.

The court shall specify a time, not exceeding 20 days after the service of the copy of the complaint, in which the party complained of must plead to the complaint, and in the meantime, the party may be restrained. In case of default or after pleading, the court shall immediately inquire into the facts and circumstances of the case and enter an appropriate judgment in respect to the matters complained of. Appeals may be taken as in other civil cases.

(g) The sanitary district, acting through the executive director, has the power to commence an action or proceeding for mandamus or injunction in the circuit court ordering a person to cease its discharge, when, in the opinion of the executive director, the person's discharge presents an imminent danger to

the public health, welfare, or safety, presents or may present an endangerment to the environment, or threatens to interfere with the operation of the sewerage system or a water reclamation plant under the jurisdiction of the sanitary district. The initiation of a show cause hearing is not a prerequisite to the commencement by the sanitary district of an action or proceeding for mandamus or injunction in the circuit court. The court shall specify a time, not exceeding 20 days after the service of a copy of the petition, in which the party complained of must answer the petition, and in the meantime, the party may be restrained. In case of default in answer or after answer, the court shall immediately inquire into the facts and circumstances of the case and enter an appropriate judgment order in respect to the matters complained of. An appeal may be taken from the final judgment in the same manner and with the same effect as appeals are taken from judgment of the circuit court in other actions for mandamus or injunction.

(h) Whenever the sanitary district commences an action under subsection (f) of this Section, the court shall assess a civil penalty of not less than \$1,000 nor more than \$10,000 for each day the person violates a Board order. Whenever the sanitary district commences an action under subsection (g) of this Section, the court shall assess a civil penalty of not less than \$1,000 nor more than \$10,000 for each day the person violates the ordinance. Each day's continuance of the violation is a separate offense. The penalties provided in this Section

plus interest at the rate set forth in the Interest Act on unpaid penalties, costs, and fees, imposed by the Board of Commissioners under subsection (d), the reasonable costs to the sanitary district of removal or other remedial action caused by discharges in violation of this Act, reasonable attorney's fees, court costs, and other expenses of litigation together with costs for inspection, sampling, analysis, and administration related to the enforcement action against the offending party are recoverable by the sanitary district in a civil action.

(i) The Board of Commissioners may establish fees for late filing of reports with the sanitary district required by an ordinance governing discharges. The sanitary district shall provide by certified mail a written notice of the fee assessment that states the person has 30 days after the receipt of the notice to request a conference with the executive director's designee to discuss or dispute the appropriateness of the assessed fee. Unless a person objects to paying the fee for filing a report late by timely requesting in writing a conference with a designee of the executive director, that person waives his or her right to a conference and the sanitary district may impose a lien recorded against the property of the person for the amount of the unpaid fee.

If a person requests a conference and the matter is not resolved at the conference, the person subject to the fee may request an administrative hearing before an impartial hearing

officer appointed under subsection (d) to determine the person's liability for and the amount of the fee.

If the hearing officer finds that the late filing fees are owed to the sanitary district, the sanitary district shall notify the responsible person or persons of the hearing officer's decision. If payment is not made within 30 days after the notice, the sanitary district may impose a lien on the property of the person or persons.

Any liens filed under this subsection shall apply only to the property to which the late filing fees are related. A claim for lien shall be filed in the office of the recorder of the county in which the property is located. The filing of a claim for lien by the district does not prevent the sanitary district from pursuing other means for collecting late filing fees. If a claim for lien is filed, the sanitary district shall notify the person whose property is subject to the lien, and the person may challenge the lien by filing an action in the circuit court. The action shall be filed within 90 days after the person receives the notice of the filing of the claim for lien. The court shall hear evidence concerning the underlying reasons for the lien only if an administrative hearing has not been held under this subsection.

(j) If the provisions of any paragraph of this Section are declared unconstitutional or invalid by the final decision of any court of competent jurisdiction, the provisions of the remaining paragraphs continue in effect.

(k) Nothing in this Section eliminates any of the powers now granted to municipalities having a population of 500,000 or more as to design, preparation of plans, and construction, maintenance, and operation of sewers and sewerage systems, or for the control and elimination or prevention of the pollution of their waters or waterways, in the Illinois Municipal Code or any other Act of the State of Illinois.

(l) The provisions of the Administrative Review Law and all amendments and rules adopted pursuant to that Law apply to and govern all proceedings for the judicial review of final administrative decisions of the Board of Commissioners in the enforcement of any ordinance, rule, or regulation adopted under this Act.

Section 135. The Metropolitan Transit Authority Act is amended by changing Section 12a as follows:

(70 ILCS 3605/12a) (from Ch. 111 2/3, par. 312a)

Sec. 12a. In addition to other powers provided in Section 12b, the Authority may issue its notes from time to time, in anticipation of tax receipts of the Regional Transportation Authority allocated to the Authority or of other revenues or receipts of the Authority, in order to provide money for the

Authority to cover any cash flow deficit which the Authority anticipates incurring. Provided, however, that no such notes may be issued unless the annual cost thereof is incorporated in a budget or revised budget of the Authority which has been approved by the Regional Transportation Authority. Any such notes are referred to as "Working Cash Notes". Provided further that, the board shall not issue and have outstanding or demand and direct that the Board of the Regional Transportation Authority issue and have outstanding more than an aggregate of \$40,000,000 in Working Cash Notes. No Working Cash Notes shall be issued for a term of longer than 18 months. Proceeds of Working Cash Notes may be used to pay day to day operating expenses of the Authority, consisting of wages, salaries and fringe benefits, professional and technical services (including legal, audit, engineering and other consulting services), office rental, furniture, fixtures and equipment, insurance premiums, claims for self-insured amounts under insurance policies, public utility obligations for telephone, light, heat and similar items, travel expenses, office supplies, postage, dues, subscriptions, public hearings and information expenses, fuel purchases, and payments of grants and payments under purchase of service agreements for operations of transportation agencies, prior to the receipt by the Authority from time to time of funds for paying such expenses. Proceeds of the Working Cash Notes shall not be used (i) to increase or provide a debt service reserve fund for any

bonds or notes other than Working Cash Notes of the same Series, or (ii) to pay principal of or interest or redemption premium on any capital bonds or notes, whether as such amounts become due or by earlier redemption, issued by the Authority or a transportation agency to construct or acquire public transportation facilities, or to provide funds to purchase such capital bonds or notes.

(b) The ordinance providing for the issuance of any such notes shall fix the date or dates of maturity, the dates on which interest is payable, any sinking fund account or reserve fund account provisions and all other details of such notes and may provide for such covenants or agreements necessary or desirable with regard to the issue, sale and security of such notes. The Authority shall determine and fix the rate or rates of interest of its notes issued under this Act in an ordinance adopted by the Board prior to the issuance thereof, none of which rates of interest shall exceed that permitted in "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended. Interest may be payable annually or semi-annually, or at such other times as determined by the Board. Notes issued under this Section may be issued as serial or term obligations, shall be of such denomination or denominations and form, including interest coupons to be attached thereto, be executed in such

manner, shall be payable at such place or places and bear such date as the Board shall fix by the ordinance authorizing such note and shall mature at such time or times, within a period not to exceed 18 months from the date of issue, and may be redeemable prior to maturity with or without premium, at the option of the Board, upon such terms and conditions as the Board shall fix by the ordinance authorizing the issuance of such notes. The Board may provide for the registration of notes in the name of the owner as to the principal alone or as to both principal and interest, upon such terms and conditions as the Board may determine. The ordinance authorizing notes may provide for the exchange of such notes which are fully registered, as to both principal and interest, with notes which are registerable as to principal only. All notes issued under this Section by the Board shall be sold at a price which may be at a premium or discount but such that the interest cost (excluding any redemption premium) to the Board of the proceeds of an issue of such notes, computed to stated maturity according to standard tables of bond values, shall not exceed that permitted in "An Act to authorize public corporations to issue bonds, other evidences of indebtedness and tax anticipation warrants subject to interest rate limitations set forth therein", approved May 26, 1970, as now or hereafter amended. Such notes shall be sold at such time or times as the Board shall determine. The notes may be sold either upon competitive bidding or by negotiated sale (without any

requirement of publication of intention to negotiate the sale of such notes), as the Board shall determine by ordinance adopted with the affirmative votes of at least 4 Directors. In case any officer whose signature appears on any notes or coupons authorized pursuant to this Section shall cease to be such officer before delivery of such notes, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until such delivery. Neither the Directors of the Regional Transportation Authority, the Directors of the Authority nor any person executing any bonds or notes thereof shall be liable personally on any such bonds or notes or coupons by reason of the issuance thereof.

(c) All notes of the Authority issued pursuant to this Section shall be general obligations of the Authority to which shall be pledged the full faith and credit of the Authority, as provided in this Section. Such notes shall be secured as provided in the authorizing ordinance, which may, notwithstanding any other provision of this Act, include in addition to any other security, a specific pledge or assignment of and lien on or security interest in any or all tax receipts of the Regional Transportation Authority allocated to the Authority and on any or all other revenues or moneys of the Authority from whatever source which may by law be utilized for debt service purposes and a specific pledge or assignment of and lien on or security interest in any funds or accounts

established or provided for by the ordinance of the Board authorizing the issuance of such notes. Any such pledge, assignment, lien or security interest for the benefit of holders of notes of the Authority shall be valid and binding from the time the notes are issued without any physical delivery or further act, and shall be valid and binding as against and prior to the claims of all other parties having claims of any kind against the Authority or any other person irrespective of whether such other parties have notice of such pledge, assignment, lien or security interest. The obligations of the Authority incurred pursuant to this Section shall be superior to and have priority over any other obligations of the Authority except for obligations under Section 12. The Board may provide in the ordinance authorizing the issuance of any notes issued pursuant to this Section for the creation of, deposits in, and regulation and disposition of sinking fund or reserve accounts relating to such notes. The ordinance authorizing the issuance of any notes pursuant to this Section may contain provisions as part of the contract with the holders of the notes, for the creation of a separate fund to provide for the payment of principal and interest on such notes and for the deposit in such fund from any or all the tax receipts of the Regional Transportation Authority allocated to the Authority and from any or all such other moneys or revenues of the Authority from whatever source which may by law be utilized for debt service purposes, all as provided in such ordinance,

of amounts to meet the debt service requirements on such notes, including principal and interest, and any sinking fund or reserve fund account requirements as may be provided by such ordinance, and all expenses incident to or in connection with such fund and accounts or the payment of such notes. Such ordinance may also provide limitations on the issuance of additional notes of the Authority. No such notes of the Authority shall constitute a debt of the State of Illinois.

(d) The ordinance of the Board authorizing the issuance of any notes may provide additional security for such notes by providing for appointment of a corporate trustee (which may be any trust company or bank having the powers of a trust company within the State) with respect to such notes. The ordinance shall prescribe the rights, duties and powers of the trustee to be exercised for the benefit of the Authority and the protection of the holders of such notes. The ordinance may provide for the trustee to hold in ~~and~~ trust, invest and use amounts in funds and accounts created as provided by the ordinance with respect to the notes. The ordinance shall provide that amounts so paid to the trustee which are not required to be deposited, held or invested in funds and accounts created by the ordinance with respect to notes or used for paying notes to be paid by the trustee to the Authority.

(e) Any notes of the Authority issued pursuant to this Section shall constitute a contract between the Authority and the holders from time to time of such notes. In issuing any

note, the Board may include in the ordinance authorizing such issue a covenant as part of the contract with the holders of the notes, that as long as such obligations are outstanding, it shall make such deposits, as provided in paragraph (c) of this Section. A certified copy of the ordinance authorizing the issuance of any such obligations shall be filed at or prior to the issuance of such obligations with the Regional Transportation Authority, Comptroller of the State of Illinois and the Illinois Department of Revenue.

(f) The State of Illinois pledges to and agrees with the holders of the notes of the Authority issued pursuant to this Section that the State will not limit or alter the rights and powers vested in the Authority by this Act or in the Regional Transportation Authority by the "Regional Transportation Authority Act" so as to impair the terms of any contract made by the Authority with such holders or in any way impair the rights and remedies of such holders until such notes, together with interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceedings by or on behalf of such holders, are fully met and discharged. In addition, the State pledges to and agrees with the holders of the notes of the Authority issued pursuant to this Section that the State will not limit or alter the basis on which State funds are to be paid to the Authority as provided in the Regional Transportation Authority Act, or the use of such funds, so as to impair the terms of any such

contract. The Board is authorized to include these pledges and agreements of the State in any contract with the holders of bonds or notes issued pursuant to this Section.

(g) The Board shall not at any time issue, sell or deliver any Interim Financing Notes pursuant to this Section which will cause it to have issued and outstanding at any time in excess of \$40,000,000 of Working Cash Notes. Notes which are being paid or retired by such issuance, sale or delivery of notes, and notes for which sufficient funds have been deposited with the paying agency of such notes to provide for payment of principal and interest thereon or to provide for the redemption thereof, all pursuant to the ordinance authorizing the issuance of such notes, shall not be considered to be outstanding for the purposes of this paragraph.

(h) The Board, subject to the terms of any agreements with noteholders as may then exist, shall have power, out of any funds available therefor, to purchase notes of the Authority which shall thereupon be cancelled.

(i) In addition to any other authority granted by law, the State Treasurer may, with the approval of the Governor, invest or reinvest, at a price not to exceed par, any State money in the State Treasury which is not needed for current expenditures due or about to become due in Interim Financing Notes.

Section 140. The Local Mass Transit District Act is amended

by changing Section 5.01 as follows:

(70 ILCS 3610/5.01) (from Ch. 111 2/3, par. 355.01)

Sec. 5.01. Metro East Mass Transit District; use and occupation taxes.

(a) The Board of Trustees of any Metro East Mass Transit District may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District any or all of the taxes and fees provided in this Section. All taxes and fees imposed under this Section shall be used only for public mass transportation systems, and the amount used to provide mass transit service to unserved areas of the District shall be in the same proportion to the total proceeds as the number of persons residing in the unserved areas is to the total population of the District. Except as otherwise provided in this Act, taxes imposed under this Section and civil penalties imposed incident thereto shall be collected and enforced by the State Department of Revenue. The Department shall have the power to administer and enforce the taxes and to determine all rights for refunds for erroneous payments of the taxes.

(b) The Board may impose a Metro East Mass Transit District Retailers' Occupation Tax upon all persons engaged in the business of selling tangible personal property at retail in the district at a rate of 1/4 of 1%, or as authorized under subsection (d-5) of this Section, of the gross receipts from

the sales made in the course of such business within the district. The tax imposed under this Section and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this Section; to collect all taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with, this Section, the Department and persons who are subject to this Section shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 1, 1a, 1a-1, 1c, 1d, 1e, 1f, 1i, 1j, 2 through 2-65 (in respect to all provisions therein other than the State rate of tax), 2c, 3 (except as to the disposition of taxes and penalties collected), 4, 5, 5a, 5c, 5d, 5e, 5f, 5g, 5h, 5i, 5j, 5k, 5l, 6, 6a, 6b, 6c, 7, 8, 9, 10, 11, 12, 13, and 14 of the Retailers' Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the Section may reimburse themselves for their seller's tax liability hereunder by separately stating the tax as an additional

charge, which charge may be stated in combination, in a single amount, with State taxes that sellers are required to collect under the Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this Section to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) ~~(g)~~ of this Section.

If a tax is imposed under this subsection (b), a tax shall also be imposed under subsections (c) and (d) of this Section.

For the purpose of determining whether a tax authorized under this Section is applicable, a retail sale, by a producer of coal or other mineral mined in Illinois, is a sale at retail at the place where the coal or other mineral mined in Illinois is extracted from the earth. This paragraph does not apply to coal or other mineral when it is delivered or shipped by the seller to the purchaser at a point outside Illinois so that the sale is exempt under the Federal Constitution as a sale in interstate or foreign commerce.

No tax shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this

State.

Nothing in this Section shall be construed to authorize the Metro East Mass Transit District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by this State.

(c) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Service Occupation Tax shall also be imposed upon all persons engaged, in the district, in the business of making sales of service, who, as an incident to making those sales of service, transfer tangible personal property within the District, either in the form of tangible personal property or in the form of real estate as an incident to a sale of service. The tax rate shall be 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of tangible personal property so transferred within the district. The tax imposed under this paragraph and all civil penalties that may be assessed as an incident thereof shall be collected and enforced by the State Department of Revenue. The Department shall have full power to administer and enforce this paragraph; to collect all taxes and penalties due hereunder; to dispose of taxes and penalties so collected in the manner hereinafter provided; and to determine all rights to credit memoranda arising on account of the erroneous payment of tax or penalty hereunder. In the administration of, and compliance with this paragraph, the Department and persons who

are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure as are prescribed in Sections 1a-1, 2 (except that the reference to State in the definition of supplier maintaining a place of business in this State shall mean the Authority), 2a, 3 through 3-50 (in respect to all provisions therein other than the State rate of tax), 4 (except that the reference to the State shall be to the Authority), 5, 7, 8 (except that the jurisdiction to which the tax shall be a debt to the extent indicated in that Section 8 shall be the District), 9 (except as to the disposition of taxes and penalties collected, and except that the returned merchandise credit for this tax may not be taken against any State tax), 10, 11, 12 (except the reference therein to Section 2b of the Retailers' Occupation Tax Act), 13 (except that any reference to the State shall mean the District), the first paragraph of Section 15, 16, 17, 18, 19 and 20 of the Service Occupation Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, as fully as if those provisions were set forth herein.

Persons subject to any tax imposed under the authority granted in this paragraph may reimburse themselves for their serviceman's tax liability hereunder by separately stating the tax as an additional charge, which charge may be stated in

combination, in a single amount, with State tax that servicemen are authorized to collect under the Service Use Tax Act, in accordance with such bracket schedules as the Department may prescribe.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the warrant to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) ~~(g)~~ of this Section.

Nothing in this paragraph shall be construed to authorize the District to impose a tax upon the privilege of engaging in any business which under the Constitution of the United States may not be made the subject of taxation by the State.

(d) If a tax has been imposed under subsection (b), a Metro East Mass Transit District Use Tax shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is purchased outside the district at retail from a retailer, and that is titled or registered with an agency of this State's government, at a rate of 1/4%, or as authorized under subsection (d-5) of this Section, of the selling price of the tangible personal property within the District, as "selling price" is defined in the Use Tax Act. The tax shall be collected from persons whose Illinois address for

titling or registration purposes is given as being in the District. The tax shall be collected by the Department of Revenue for the Metro East Mass Transit District. The tax must be paid to the State, or an exemption determination must be obtained from the Department of Revenue, before the title or certificate of registration for the property may be issued. The tax or proof of exemption may be transmitted to the Department by way of the State agency with which, or the State officer with whom, the tangible personal property must be titled or registered if the Department and the State agency or State officer determine that this procedure will expedite the processing of applications for title or registration.

The Department shall have full power to administer and enforce this paragraph; to collect all taxes, penalties and interest due hereunder; to dispose of taxes, penalties and interest so collected in the manner hereinafter provided; and to determine all rights to credit memoranda or refunds arising on account of the erroneous payment of tax, penalty or interest hereunder. In the administration of, and compliance with, this paragraph, the Department and persons who are subject to this paragraph shall have the same rights, remedies, privileges, immunities, powers and duties, and be subject to the same conditions, restrictions, limitations, penalties, exclusions, exemptions and definitions of terms and employ the same modes of procedure, as are prescribed in Sections 2 (except the definition of "retailer maintaining a place of business in this

State"), 3 through 3-80 (except provisions pertaining to the State rate of tax, and except provisions concerning collection or refunding of the tax by retailers), 4, 11, 12, 12a, 14, 15, 19 (except the portions pertaining to claims by retailers and except the last paragraph concerning refunds), 20, 21 and 22 of the Use Tax Act and Section 3-7 of the Uniform Penalty and Interest Act, that are not inconsistent with this paragraph, as fully as if those provisions were set forth herein.

Whenever the Department determines that a refund should be made under this paragraph to a claimant instead of issuing a credit memorandum, the Department shall notify the State Comptroller, who shall cause the order to be drawn for the amount specified, and to the person named, in the notification from the Department. The refund shall be paid by the State Treasurer out of the Metro East Mass Transit District tax fund established under paragraph (h) ~~(g)~~ of this Section.

(d-5) (A) The county board of any county participating in the Metro East Mass Transit District may authorize, by ordinance, a referendum on the question of whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%. Upon adopting the ordinance, the county board shall certify the proposition to the proper election officials who shall submit the proposition to the voters of the District at the next

The proposition shall be in substantially the following form:

(B) Two thousand five hundred electors of any Metro East Mass Transit District may petition the Chief Judge of the Circuit Court, or any judge of that Circuit designated by the Chief Judge, in which that District is located to cause to be submitted to a vote of the electors the question whether the tax rates for the Metro East Mass Transit District Retailers' Occupation Tax, the Metro East Mass Transit District Service Occupation Tax, and the Metro East Mass Transit District Use Tax for the District should be increased from 0.25% to 0.75%.

Upon submission of such petition the court shall set a date not less than 10 nor more than 30 days thereafter for a hearing on the sufficiency thereof. Notice of the filing of such petition and of such date shall be given in writing to the District and the County Clerk at least 7 days before the date of such hearing.

If such petition is found sufficient, the court shall enter an order to submit that proposition at the next election, in accordance with general election law.

The form of the petition shall be in substantially the following form: To the Circuit Court of the County of (name of county):

We, the undersigned electors of the (name of transit district), respectfully petition your honor to submit to a vote of the electors of (name of transit district) the following proposition:

(C) The votes shall be recorded as "YES" or "NO". If a majority of all votes cast on the proposition are for the increase in the tax rates, the Metro East Mass Transit District shall begin imposing the increased rates in the District, and the Department of Revenue shall begin collecting the increased amounts, as provided under this Section. An ordinance imposing or discontinuing a tax hereunder or effecting a change in the rate thereof shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next

following the adoption and filing, or on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing.

(D) If the voters have approved a referendum under this subsection, before November 1, 1994, to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance at any time before January 1, 1995 that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The ordinance excluding titled or registered tangible personal property from the rate increase must be filed with the Department at least 15 days before its effective date. At any time after adopting an ordinance excluding from the rate increase tangible personal property that is titled or registered with an agency of this State's government, the Metro East Mass Transit District Board of Trustees may adopt an ordinance applying the rate increase to that tangible personal property. The ordinance shall be adopted, and a certified copy of that ordinance shall be filed with the Department, on or before October 1, whereupon the Department shall proceed to administer and enforce the rate increase against tangible personal property titled or registered with an agency of this State's government as of the following January 1. After December 31, 1995, any reimposed rate increase in effect under

this subsection shall no longer apply to tangible personal property titled or registered with an agency of this State's government. Beginning January 1, 1996, the Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government. After July 1, 2004, if the voters have approved a referendum under this subsection to increase the tax rate under this subsection, the Metro East Mass Transit District Board of Trustees may adopt by a majority vote an ordinance that excludes from the rate increase tangible personal property that is titled or registered with an agency of this State's government. The Board of Trustees of any Metro East Mass Transit District may never reimpose a previously excluded tax rate increase on tangible personal property titled or registered with an agency of this State's government.

(d-6) If the Board of Trustees of any Metro East Mass Transit District has imposed a rate increase under subsection

(d-5) and filed an ordinance with the Department of Revenue excluding titled property from the higher rate, then that Board may, by ordinance adopted with the concurrence of two-thirds of the then trustees, impose throughout the District a fee. The fee on the excluded property shall not exceed \$20 per retail transaction or an amount equal to the amount of tax excluded, whichever is less, on tangible personal property that is titled or registered with an agency of this State's government. Beginning July 1, 2004, the fee shall apply only to titled property that is subject to either the Metro East Mass Transit District Retailers' Occupation Tax or the Metro East Mass Transit District Service Occupation Tax. No fee shall be imposed or collected under this subsection on the sale of a motor vehicle in this State to a resident of another state if that motor vehicle will not be titled in this State.

(d-7) Until June 30, 2004, if a fee has been imposed under subsection (d-6), a fee shall also be imposed upon the privilege of using, in the district, any item of tangible personal property that is titled or registered with any agency of this State's government, in an amount equal to the amount of the fee imposed under subsection (d-6).

No retailers' discount shall apply to any fee imposed under subsection (d-6).

(d-8) No item of titled property shall be subject to both the higher rate approved by referendum, as authorized under subsection (d-5), and any fee imposed under subsection (d-6) or (d-7).

(d-9) (Blank).

(d-10) (Blank).

(e) A certificate of registration issued by the State Department of Revenue to a retailer under the Retailers' Occupation Tax Act or under the Service Occupation Tax Act shall permit the registrant to engage in a business that is taxed under the tax imposed under paragraphs (b), (c) or (d) of this Section and no additional registration shall be required under the tax. A certificate issued under the Use Tax Act or the Service Use Tax Act shall be applicable with regard to any tax imposed under paragraph (c) of this Section.

(f) (Blank).

(g) Any ordinance imposing or discontinuing any tax under this Section shall be adopted and a certified copy thereof filed with the Department on or before June 1, whereupon the Department of Revenue shall proceed to administer and enforce this Section on behalf of the Metro East Mass Transit District as of September 1 next following such adoption and filing. Beginning January 1, 1992, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of July, whereupon the Department shall proceed to administer and enforce this Section as of the first day of October next following such adoption and filing. Beginning January 1, 1993, except as provided in subsection (d-5) of this Section, an ordinance or resolution imposing or discontinuing the tax hereunder shall be adopted and a certified copy thereof filed with the Department on or before the first day of October, whereupon the Department shall proceed to administer and enforce this Section as of the first day of January next following such adoption and filing, or, beginning January 1, 2004, on or before the first day of April, whereupon the Department shall proceed to administer and enforce this Section as of the first day of July next following the adoption and filing.

On or before the 25th day of each calendar month, the State Department of Revenue shall prepare and certify to the Comptroller of the State of Illinois the amount to be paid to the District, which shall be the then balance in the fund, less any amount determined by the Department to be necessary for the payment of refunds. Within 10 days after receipt by the Comptroller of the certification of the amount to be paid to the District, the Comptroller shall cause an order to be drawn for payment for the amount in accordance with the direction in the certification.

Sec. 10-20.40. Student biometric information.

(a) For the purposes of this Section, "biometric information" means any information that is collected through an identification process for individuals based on their unique behavioral or physiological characteristics, including fingerprint, hand geometry, voice, or facial recognition or iris or retinal scans.

(b) School districts that collect biometric information from students shall adopt policies that require, at a minimum, all of the following:

(1) Written permission from the individual who has legal custody of the student, as defined in Section 10-20.12b of this Code, or from the student if he or she has reached the age of 18.

(A) upon the student's graduation or withdrawal from the school district; or

(B) upon receipt in writing of a request for discontinuation by the individual having legal custody of the student or by the student if he or she has reached the age of 18.

(3) The destruction of all of a student's biometric information within 30 days after the use of the biometric information is discontinued in accordance with item (2) of this subsection (b).

(4) The use of biometric information solely for identification or fraud prevention.

(5) A prohibition on the sale, lease, or other disclosure of biometric information to another person or entity, unless:

age of 18, consents to the disclosure; or

(B) the disclosure is required by court order.

(6) The storage, transmittal, and protection of all biometric information from disclosure.

(c) Failure to provide written consent under item (1) of subsection (b) of this Section by the individual who has legal custody of the student or by the student, if he or she has reached the age of 18, must not be the basis for refusal of any services otherwise available to the student.

(d) Student biometric information may be destroyed without notification to or the approval of a local records commission under the Local Records Act if destroyed within 30 days after the use of the biometric information is discontinued in accordance with item (2) of subsection (b) of this Section.

(a) Beginning with all newly-negotiated collective bargaining agreements entered into after the effective date of this amendatory Act of the 95th General Assembly, a school board and the exclusive bargaining representative, if any, may include a performance-based teacher compensation plan in the subject of its collective bargaining agreement. Nothing in this Section shall preclude the school board and the exclusive bargaining representative from agreeing to and implementing a new performance-based teacher compensation plan prior to the termination of the current collective bargaining agreement.

(b) The new teacher compensation plan bargained and agreed to by the school board and the exclusive bargaining representative under subsection (a) of this Section shall provide certificated personnel with base salaries and shall

Sec. 10-21.3a. Transfer of students.

(a) Each school board shall establish and implement a policy governing the transfer of a student from one attendance center to another within the school district upon the request of the student's parent or guardian. Any request by a parent or guardian to transfer his or her child from one attendance center to another within the school district pursuant to Section 1116 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6316 ~~6317~~) must be made no later than 30 days after the parent or guardian receives notice of the right to transfer pursuant to that law. board on an individual basis:

(1) An attendance center that exceeds or as a result of the transfer would exceed its attendance capacity.

(2) An attendance center for which the board has established academic criteria for enrollment if the student does not meet the criteria, provided that the transfer must be permitted if the attendance center is the only attendance center serving the student's grade that has not been identified for school improvement, corrective action, or restructuring under Section 1116 of the federal Elementary and Secondary Education Act of 1965 (20 U.S.C. Sec. 6316 ~~6317~~).

(3) Any attendance center if the transfer would prevent the school district from meeting its obligations under a State or federal law, court order, or consent decree applicable to the school district.

(b) Each school board shall establish and implement a policy governing the transfer of students within a school district from a persistently dangerous school to another public school in that district that is not deemed to be persistently dangerous. In order to be considered a persistently dangerous school, the school must meet all of the following criteria for 2 consecutive years:

(1) Have greater than 3% of the students enrolled in the school expelled for violence-related conduct.

(2) Have one or more students expelled for bringing a

firearm to school as defined in 18 U.S.C. 921.

(3) Have at least 3% of the students enrolled in the school exercise the individual option to transfer schools pursuant to subsection (c) of this Section.

(c) A student may transfer from one public school to another public school in that district if the student is a victim of a violent crime as defined in Section 3 of the Rights of Crime Victims and Witnesses Act. The violent crime must have occurred on school grounds during regular school hours or during a school-sponsored event.

Sec. 10-22.34c. Third party non-instructional services.

(a) A board of education may enter into a contract with a third party for non-instructional services currently performed by any employee or bargaining unit member or lay off those educational support personnel employees upon 90 days written notice to the affected employees, provided that:

(1) a contract must not be entered into and become effective during the term of a collective bargaining agreement, as that term is set forth in the agreement, covering any employees who perform the non-instructional services;

(2) a contract may only take effect upon the expiration of an existing collective bargaining agreement;

(3) any third party that submits a bid to perform the non-instructional services shall provide the following:

(A) evidence of liability insurance in scope and amount equivalent to the liability insurance provided by the school board pursuant to Section 10-22.3 of this Code;

(B) a benefits package for the third party's employees who will perform the non-instructional services comparable to the benefits package provided to school board employees who perform those services;

(C) a list of the number of employees who will provide the non-instructional services, the job classifications of those employees, and the wages the third party will pay those employees;

(D) a minimum 3-year cost projection, using generally accepted accounting principles and which the third party is prohibited from increasing if the bid is accepted by the school board, for each and every expenditure category and account for performing the non-instructional services;

(E) composite information about the criminal and disciplinary records, including alcohol or other substance abuse, Department of Children and Family Services complaints and investigations, traffic

violations, and license revocations or any other licensure problems, of any employees who may perform the non-instructional services, provided that the individual names and other identifying information of employees need not be provided with the submission of the bid, but must be made available upon request of the school board; and

(F) an affidavit, notarized by the president or chief executive officer of the third party, that each of its employees has completed a criminal background check as required by Section 10-21.9 of this Code within 3 months prior to submission of the bid, provided that the results of such background checks need not be provided with the submission of the bid, but must be made available upon request of the school board;

(4) a contract must not be entered into unless the school board provides a cost comparison, using generally accepted accounting principles, of each and every expenditure category and account that the school board projects it would incur over the term of the contract if it continued to perform the non-instructional services using its own employees with each and every expenditure category and account that is projected a third party would incur if a third party performed the non-instructional services;

(5) review and consideration of all bids by third

parties to perform the non-instructional services shall take place in open session of a regularly scheduled school board meeting, unless the exclusive bargaining representative of the employees who perform the non-instructional services, if any such exclusive bargaining representative exists, agrees in writing that such review and consideration can take place in open session at a specially scheduled school board meeting;

(6) a minimum of one public hearing, conducted by the school board prior to a regularly scheduled school board meeting, to discuss the school board's proposal to contract with a third party to perform the non-instructional services must be held before the school board may enter into such a contract; the school board must provide notice to the public of the date, time, and location of the first public hearing on or before the initial date that bids to provide the non-instructional services are solicited or a minimum of 30 days prior to entering into such a contract, whichever provides a greater period of notice;

(7) a contract shall contain provisions requiring the contractor to offer available employee positions pursuant to the contract to qualified school district employees whose employment is terminated because of the contract; and

(8) a contract shall contain provisions requiring the contractor to comply with a policy of nondiscrimination and equal employment opportunity for all persons and to take

affirmative steps to provide equal opportunity for all persons.

(b) Notwithstanding subsection (a) of this Section, a board of education may enter into a contract, of no longer than 3 months in duration, with a third party for non-instructional services currently performed by an employee or bargaining unit member for the purpose of augmenting the current workforce in an emergency situation that threatens the safety or health of the school district's students or staff, provided that the school board meets all of its obligations under the Illinois Educational Labor Relations Act.

(c) The changes to this Section made by this amendatory Act of the 95th General Assembly are not applicable to non-instructional services of a school district that on the effective date of this amendatory Act of the 95th General Assembly are performed for the school district by a third party.

(105 ILCS 5/11E-135)

Sec. 11E-135. Incentives. For districts reorganizing under this Article and for a district or districts that annex all of the territory of one or more entire other school districts in accordance with Article 7 of this Code, the following payments shall be made from appropriations made for these purposes:

(a)(1) For a combined school district, as defined in

Section 11E-20 of this Code, or for a unit district, as defined in Section 11E-25 of this Code, for its first year of existence, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district that annexes all of the territory of one or more entire other school districts as defined in Article 7 of this Code, for the first year during which the change of boundaries attributable to the annexation becomes effective for all purposes, as determined under Section 7-9 of this Code, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, then a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon the annexation.

(3) For 2 or more school districts that annex all of the

territory of one or more entire other school districts, as defined in Article 7 of this Code, for the first year during which the change of boundaries attributable to the annexation becomes effective for all purposes, as determined under Section 7-9 of this Code, the general State aid and supplemental general State aid calculated under Section 18-8.05 of this Code shall be computed for each annexing district as constituted after the annexation and for each annexing and annexed district as constituted prior to the annexation; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing districts as constituted after the annexation is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, as constituted prior to the annexation, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing districts, as constituted upon the annexation, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing districts in the same ratio as the pupil enrollment from that portion of the annexed district or districts that is annexed to each annexing district bears to the total pupil enrollment from the entire annexed district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation becomes effective for all purposes. The amount of the total

difference payment and the amount thereof to be allocated to the annexing districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data that shall be certified to the State Board of Education, on forms that it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts are located.

(4) For a school district conversion, as defined in Section 11E-15 of this Code, or a multi-unit conversion, as defined in subsection (b) of Section 11E-30 of this Code, if in their first year of existence the newly created elementary districts and the newly created high school district, from a school district conversion, or the newly created elementary district or districts and newly created combined high school - unit district, from a multi-unit conversion, qualify for less general State aid under Section 18-8.05 of this Code than would have been payable under Section 18-8.05 for that same year to the previously existing districts, then a supplementary payment equal to that difference shall be made for the first 4 years of existence of the newly created districts. The aggregate amount of each supplementary payment shall be allocated among the newly created districts in the proportion that the deemed pupil enrollment in each district during its first year of existence bears to the actual aggregate pupil enrollment in all of the districts during their first year of existence. For purposes of each allocation:

(A) the deemed pupil enrollment of the newly created high school district from a school district conversion shall be an amount equal to its actual pupil enrollment for its first year of existence multiplied by 1.25;

(B) the deemed pupil enrollment of each newly created elementary district from a school district conversion shall be an amount equal to its actual pupil enrollment for its first year of existence reduced by an amount equal to the product obtained when the amount by which the newly created high school district's deemed pupil enrollment exceeds its actual pupil enrollment for its first year of existence is multiplied by a fraction, the numerator of which is the actual pupil enrollment of the newly created elementary district for its first year of existence and the denominator of which is the actual aggregate pupil enrollment of all of the newly created elementary districts for their first year of existence;

(C) the deemed high school pupil enrollment of the newly created combined high school - unit district from a multi-unit conversion shall be an amount equal to its actual grades 9 through 12 pupil enrollment for its first year of existence multiplied by 1.25; and

(D) the deemed elementary pupil enrollment of each newly created district from a multi-unit conversion shall be an amount equal to each district's actual grade K through 8 pupil enrollment for its first year of existence,

reduced by an amount equal to the product obtained when the amount by which the newly created combined high school - unit district's deemed high school pupil enrollment exceeds its actual grade 9 through 12 pupil enrollment for its first year of existence is multiplied by a fraction, the numerator of which is the actual grade K through 8 pupil enrollment of each newly created district for its first year of existence and the denominator of which is the actual aggregate grade K through 8 pupil enrollment of all such newly created districts for their first year of existence.

The aggregate amount of each supplementary payment under this subdivision (4) and the amount thereof to be allocated to the newly created districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data, which shall be certified to the State Board of Education, on forms that it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the newly created districts are located.

(5) For a partial elementary unit district, as defined in subsection (a) or (c) of Section 11E-30 of this Code, if, in the first year of existence, the newly created partial elementary unit district qualifies for less general State aid and supplemental general State aid under Section 18-8.05 of this Code than would have been payable under that Section for

that same year to the previously existing districts that formed the partial elementary unit district, then a supplementary payment equal to that difference shall be made to the partial elementary unit district for the first 4 years of existence of that newly created district.

(6) For an elementary opt-in, as described in subsection (d) of Section 11E-30 of this Code, the general State aid difference shall be computed in accordance with paragraph (5) of this subsection (a) as if the elementary opt-in was included in an optional elementary unit district at the optional elementary unit district's original effective date. If the calculation in this paragraph (6) is less than that calculated in paragraph (5) of this subsection (a) at the optional elementary unit district's original effective date, then no adjustments may be made. If the calculation in this paragraph (6) is more than that calculated in paragraph (5) of this subsection (a) at the optional elementary unit district's original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is

2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district, 25% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(6.5) For a school district that annexes territory detached from another school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, for the first year during which the change of

boundaries attributable to the annexation becomes effective for all purposes as determined under Section 7-9 of this Code, the general State aid and supplemental general State aid calculated under this Section shall be computed for the district gaining territory and the district losing territory as constituted after the annexation and for the same districts as constituted prior to the annexation; and if the aggregate of the general State aid and supplemental general State aid as so computed for the district gaining territory and the district losing territory as constituted after the annexation is less than the aggregate of the general State aid and supplemental general State aid as so computed for the district gaining territory and the district losing territory as constituted prior to the annexation, then a supplementary payment shall be made to the annexing district for the first 4 years of existence after the annexation, equal to the difference multiplied by the ratio of student enrollment in the territory detached to the total student enrollment in the district losing territory for the year prior to the effective date of the annexation. The amount of the total difference and the proportion paid to the annexing district shall be computed by the State Board of Education on the basis of pupil enrollment and other data that must be submitted to the State Board of Education in accordance with Section 7-14A of this Code. The changes to this Section made by Public Act 95-707 ~~this~~ ~~amendatory Act of the 95th General Assembly~~ are intended to be

retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (6.5) and that are effective on or after July 1, 2004, but before January 11, 2008 (the effective date of Public Act 95-707) ~~this amendatory Act of the 95th General Assembly~~, the first required yearly payment under this paragraph (6.5) shall be paid in the fiscal year of January 11, 2008 (the effective date of Public Act 95-707) ~~this amendatory Act of the 95th General Assembly~~. Subsequent required yearly payments shall be paid in subsequent fiscal years until the payment obligation under this paragraph (6.5) is complete.

(7) Claims for financial assistance under this subsection (a) may not be recomputed except as expressly provided under Section 18-8.05 of this Code.

(8) Any supplementary payment made under this subsection (a) must be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code.

(b)(1) After the formation of a combined school district, as defined in Section 11E-20 of this Code, or a unit district, as defined in Section 11E-25 of this Code, a computation shall be made to determine the difference between the salaries effective in each of the previously existing districts on June 30, prior to the creation of the new district. For the first 4 years after the formation of the new district, a supplementary State aid reimbursement shall be paid to the new district equal

to the difference between the sum of the salaries earned by each of the certificated members of the new district, while employed in one of the previously existing districts during the year immediately preceding the formation of the new district, and the sum of the salaries those certificated members would have been paid during the year immediately prior to the formation of the new district if placed on the salary schedule of the previously existing district with the highest salary schedule.

(2) After the territory of one or more school districts is annexed by one or more other school districts as defined in Article 7 of this Code, a computation shall be made to determine the difference between the salaries effective in each annexed district and in the annexing district or districts as they were each constituted on June 30 preceding the date when the change of boundaries attributable to the annexation became effective for all purposes, as determined under Section 7-9 of this Code. For the first 4 years after the annexation, a supplementary State aid reimbursement shall be paid to each annexing district as constituted after the annexation equal to the difference between the sum of the salaries earned by each of the certificated members of the annexing district as constituted after the annexation, while employed in an annexed or annexing district during the year immediately preceding the annexation, and the sum of the salaries those certificated members would have been paid during the immediately preceding

year if placed on the salary schedule of whichever of the annexing or annexed districts had the highest salary schedule during the immediately preceding year.

(3) For each new high school district formed under a school district conversion, as defined in Section 11E-15 of this Code, the State shall make a supplementary payment for 4 years equal to the difference between the sum of the salaries earned by each certified member of the new high school district, while employed in one of the previously existing districts, and the sum of the salaries those certified members would have been paid if placed on the salary schedule of the previously existing district with the highest salary schedule.

(4) For each newly created partial elementary unit district, the State shall make a supplementary payment for 4 years equal to the difference between the sum of the salaries earned by each certified member of the newly created partial elementary unit district, while employed in one of the previously existing districts that formed the partial elementary unit district, and the sum of the salaries those certified members would have been paid if placed on the salary schedule of the previously existing district with the highest salary schedule. The salary schedules used in the calculation shall be those in effect in the previously existing districts for the school year prior to the creation of the new partial elementary unit district.

(5) For an elementary district opt-in, as described in

subsection (d) of Section 11E-30 of this Code, the salary difference incentive shall be computed in accordance with paragraph (4) of this subsection (b) as if the opted-in elementary district was included in the optional elementary unit district at the optional elementary unit district's original effective date. If the calculation in this paragraph (5) is less than that calculated in paragraph (4) of this subsection (b) at the optional elementary unit district's original effective date, then no adjustments may be made. If the calculation in this paragraph (5) is more than that calculated in paragraph (4) of this subsection (b) at the optional elementary unit district's original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is

3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the partial elementary unit district, 25% of the calculated excess shall be paid to the optional elementary unit district in each of the first 4 years after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(5.5) After the formation of a cooperative high school by 2 or more school districts under Section 10-22.22c of this Code, a computation shall be made to determine the difference between the salaries effective in each of the previously existing high schools on June 30 prior to the formation of the cooperative high school. For the first 4 years after the formation of the cooperative high school, a supplementary State aid reimbursement shall be paid to the cooperative high school equal to the difference between the sum of the salaries earned by each of the certificated members of the cooperative high

school while employed in one of the previously existing high schools during the year immediately preceding the formation of the cooperative high school and the sum of the salaries those certificated members would have been paid during the year immediately prior to the formation of the cooperative high school if placed on the salary schedule of the previously existing high school with the highest salary schedule.

(5.10) After the annexation of territory detached from another school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, a computation shall be made to determine the difference between the salaries effective in the district gaining territory and the district losing territory as they each were constituted on June 30 preceding the date when the change of boundaries attributable to the annexation became effective for all purposes as determined under Section 7-9 of this Code. For the first 4 years after the annexation, a supplementary State aid reimbursement shall be paid to the annexing district equal to the difference between the sum of the salaries earned by each of the certificated members of the annexing district as constituted after the annexation while employed in the district gaining territory or the district losing territory during the year immediately preceding the annexation and the sum of the salaries those certificated members would have been paid during such immediately preceding year if placed on the salary schedule of whichever of the

district gaining territory or district losing territory had the highest salary schedule during the immediately preceding year. To be eligible for supplementary State aid reimbursement under this Section, the intergovernmental agreement to be submitted pursuant to Section 7-14A of this Code must show that staff members were transferred from the control of the district losing territory to the control of the district gaining territory in the annexation. The changes to this Section made by Public Act 95-707 ~~this amendatory Act of the 95th General Assembly~~ are intended to be retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (5.10) and that are effective on or after July 1, 2004, but before January 11, 2008 (the effective date of Public Act 95-707) ~~this amendatory Act of the 95th General Assembly~~, the first required yearly payment under this paragraph (5.10) shall be paid in the fiscal year of January 11, 2008 (the effective date of Public Act 95-707) ~~this amendatory Act of the 95th General Assembly~~. Subsequent required yearly payments shall be paid in subsequent fiscal years until the payment obligation under this paragraph (5.10) is complete.

(5.15) ~~(5.10)~~ After the deactivation of a school facility in accordance with Section 10-22.22b of this Code, a computation shall be made to determine the difference between the salaries effective in the sending school district and each receiving school district on June 30 prior to the deactivation

of the school facility. For the lesser of the first 4 years after the deactivation of the school facility or the length of the deactivation agreement, including any renewals of the original deactivation agreement, a supplementary State aid reimbursement shall be paid to each receiving district equal to the difference between the sum of the salaries earned by each of the certificated members transferred to that receiving district as a result of the deactivation while employed in the sending district during the year immediately preceding the deactivation and the sum of the salaries those certificated members would have been paid during the year immediately preceding the deactivation if placed on the salary schedule of the sending or receiving district with the highest salary schedule.

(6) The supplementary State aid reimbursement under this subsection (b) shall be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code. In the case of the formation of a new district or cooperative high school or a deactivation, reimbursement shall begin during the first year of operation of the new district or cooperative high school or the first year of the deactivation, and in the case of an annexation of the territory of one or more school districts by one or more other school districts or the annexation of territory detached from a school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, reimbursement shall begin

during the first year when the change in boundaries attributable to the annexation becomes effective for all purposes as determined pursuant to Section 7-9 of this Code, except that for an annexation of territory detached from a school district that is effective on or after July 1, 2004, but before January 11, 2008 (the effective date of Public Act 95-707) ~~this amendatory Act of the 95th General Assembly,~~ whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, reimbursement shall begin during the fiscal year of January 11, 2008 (the effective date of Public Act 95-707) ~~this amendatory Act of the 95th General Assembly.~~ Each year that the new, annexing, or receiving district or cooperative high school, as the case may be, is entitled to receive reimbursement, the number of eligible certified members who are employed on October 1 in the district or cooperative high school shall be certified to the State Board of Education on prescribed forms by October 15 and payment shall be made on or before November 15 of that year.

(c) (1) For the first year after the formation of a combined school district, as defined in Section 11E-20 of this Code or a unit district, as defined in Section 11E-25 of this Code, a computation shall be made totaling each previously existing district's audited fund balances in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum for the creation of the new district. The new

district shall be paid supplementary State aid equal to the sum of the differences between the deficit of the previously existing district with the smallest deficit and the deficits of each of the other previously existing districts.

(2) For the first year after the annexation of all of the territory of one or more entire school districts by another school district, as defined in Article 7 of this Code, computations shall be made, for the year ending June 30 prior to the date that the change of boundaries attributable to the annexation is allowed by the affirmative decision issued by the regional board of school trustees under Section 7-6 of this Code, notwithstanding any effort to seek administrative review of the decision, totaling the annexing district's and totaling each annexed district's audited fund balances in their respective educational, working cash, operations and maintenance, and transportation funds. The annexing district as constituted after the annexation shall be paid supplementary State aid equal to the sum of the differences between the deficit of whichever of the annexing or annexed districts as constituted prior to the annexation had the smallest deficit and the deficits of each of the other districts as constituted prior to the annexation.

(3) For the first year after the annexation of all of the territory of one or more entire school districts by 2 or more other school districts, as defined by Article 7 of this Code, computations shall be made, for the year ending June 30 prior

to the date that the change of boundaries attributable to the annexation is allowed by the affirmative decision of the regional board of school trustees under Section 7-6 of this Code, notwithstanding any action for administrative review of the decision, totaling each annexing and annexed district's audited fund balances in their respective educational, working cash, operations and maintenance, and transportation funds. The annexing districts as constituted after the annexation shall be paid supplementary State aid, allocated as provided in this paragraph (3), in an aggregate amount equal to the sum of the differences between the deficit of whichever of the annexing or annexed districts as constituted prior to the annexation had the smallest deficit and the deficits of each of the other districts as constituted prior to the annexation. The aggregate amount of the supplementary State aid payable under this paragraph (3) shall be allocated between or among the annexing districts as follows:

(A) the regional superintendent of schools for each educational service region in which an annexed district is located prior to the annexation shall certify to the State Board of Education, on forms that it shall provide for that purpose, the value of all taxable property in each annexed district, as last equalized or assessed by the Department of Revenue prior to the annexation, and the equalized assessed value of each part of the annexed district that was annexed to or included as a part of an annexing

district;

(B) using equalized assessed values as certified by the regional superintendent of schools under clause (A) of this paragraph (3), the combined audited fund balance deficit of each annexed district as determined under this Section shall be apportioned between or among the annexing districts in the same ratio as the equalized assessed value of that part of the annexed district that was annexed to or included as a part of an annexing district bears to the total equalized assessed value of the annexed district; and

(C) the aggregate supplementary State aid payment under this paragraph (3) shall be allocated between or among, and shall be paid to, the annexing districts in the same ratio as the sum of the combined audited fund balance deficit of each annexing district as constituted prior to the annexation, plus all combined audited fund balance deficit amounts apportioned to that annexing district under clause (B) of this subsection, bears to the aggregate of the combined audited fund balance deficits of all of the annexing and annexed districts as constituted prior to the annexation.

(4) For the new elementary districts and new high school district formed through a school district conversion, as defined in Section 11E-15 of this Code or the new elementary district or districts and new combined high school - unit district formed through a multi-unit conversion, as defined in

subsection (b) of Section 11E-30 of this Code, a computation shall be made totaling each previously existing district's audited fund balances in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum establishing the new districts. In the first year of the new districts, the State shall make a one-time supplementary payment equal to the sum of the differences between the deficit of the previously existing district with the smallest deficit and the deficits of each of the other previously existing districts. A district with a combined balance among the 4 funds that is positive shall be considered to have a deficit of zero. The supplementary payment shall be allocated among the newly formed high school and elementary districts in the manner provided by the petition for the formation of the districts, in the form in which the petition is approved by the regional superintendent of schools or State Superintendent of Education under Section 11E-50 of this Code.

(5) For each newly created partial elementary unit district, as defined in subsection (a) or (c) of Section 11E-30 of this Code, a computation shall be made totaling the audited fund balances of each previously existing district that formed the new partial elementary unit district in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the referendum for the formation of the partial elementary unit

district. In the first year of the new partial elementary unit district, the State shall make a one-time supplementary payment to the new district equal to the sum of the differences between the deficit of the previously existing district with the smallest deficit and the deficits of each of the other previously existing districts. A district with a combined balance among the 4 funds that is positive shall be considered to have a deficit of zero.

(6) For an elementary opt-in as defined in subsection (d) of Section 11E-30 of this Code, the deficit fund balance incentive shall be computed in accordance with paragraph (5) of this subsection (c) as if the opted-in elementary was included in the optional elementary unit district at the optional elementary unit district's original effective date. If the calculation in this paragraph (6) is less than that calculated in paragraph (5) of this subsection (c) at the optional elementary unit district's original effective date, then no adjustments may be made. If the calculation in this paragraph (6) is more than that calculated in paragraph (5) of this subsection (c) at the optional elementary unit district's original effective date, then the excess must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the calculated excess shall be paid to the optional elementary unit district in

the first year after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district, 25% of the calculated excess shall be paid to the optional elementary unit district in the first year after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit district is not eligible for any additional incentives due to the elementary opt-in.

(6.5) For the first year after the annexation of territory

detached from another school district whereby the enrollment of the annexing district increases by 90% or more as a result of the annexation, a computation shall be made totaling the audited fund balances of the district gaining territory and the audited fund balances of the district losing territory in the educational fund, working cash fund, operations and maintenance fund, and transportation fund for the year ending June 30 prior to the date that the change of boundaries attributable to the annexation is allowed by the affirmative decision of the regional board of school trustees under Section 7-6 of this Code, notwithstanding any action for administrative review of the decision. The annexing district as constituted after the annexation shall be paid supplementary State aid equal to the difference between the deficit of whichever district included in this calculation as constituted prior to the annexation had the smallest deficit and the deficit of each other district included in this calculation as constituted prior to the annexation, multiplied by the ratio of equalized assessed value of the territory detached to the total equalized assessed value of the district losing territory. The regional superintendent of schools for the educational service region in which a district losing territory is located prior to the annexation shall certify to the State Board of Education the value of all taxable property in the district losing territory and the value of all taxable property in the territory being detached, as last equalized or assessed by the Department of

Revenue prior to the annexation. To be eligible for supplementary State aid reimbursement under this Section, the intergovernmental agreement to be submitted pursuant to Section 7-14A of this Code must show that fund balances were transferred from the district losing territory to the district gaining territory in the annexation. The changes to this Section made by Public Act 95-707 ~~this amendatory Act of the 95th General Assembly~~ are intended to be retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (6.5) and that are effective on or after July 1, 2004, but before January 11, 2008 (the effective date of Public Act 95-707) ~~this amendatory Act of the 95th General Assembly~~, the required payment under this paragraph (6.5) shall be paid in the fiscal year of January 11, 2008 (the effective date of Public Act 95-707) ~~this amendatory Act of the 95th General Assembly~~.

(7) For purposes of any calculation required under paragraph (1), (2), (3), (4), (5), (6), or (6.5) of this subsection (c), a district with a combined fund balance that is positive shall be considered to have a deficit of zero. For purposes of determining each district's audited fund balances in its educational fund, working cash fund, operations and maintenance fund, and transportation fund for the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), (6), and (6.5) of this subsection (c), the balance of

each fund shall be deemed decreased by an amount equal to the amount of the annual property tax theretofore levied in the fund by the district for collection and payment to the district during the calendar year in which the June 30 fell, but only to the extent that the tax so levied in the fund actually was received by the district on or before or comprised a part of the fund on such June 30. For purposes of determining each district's audited fund balances, a calculation shall be made for each fund to determine the average for the 3 years prior to the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), (6), and (6.5) of this subsection (c), of the district's expenditures in the categories "purchased services", "supplies and materials", and "capital outlay", as those categories are defined in rules of the State Board of Education. If this 3-year average is less than the district's expenditures in these categories for the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), (6), and (6.5) of this subsection (c), then the 3-year average shall be used in calculating the amounts payable under this Section in place of the amounts shown in these categories for the specified year ending June 30, as provided in paragraphs (1), (2), (3), (4), (5), (6), and (6.5) of this subsection (c). Any deficit because of State aid not yet received may not be considered in determining the June 30 deficits. The same basis of accounting shall be used by all previously existing districts and by all annexing or annexed districts, as

constituted prior to the annexation, in making any computation required under paragraphs (1), (2), (3), (4), (5), (6), and (6.5) of this subsection (c).

(8) The supplementary State aid payments under this subsection (c) shall be treated as separate from all other payments made pursuant to Section 18-8.05 of this Code.

(d)(1) Following the formation of a combined school district, as defined in Section 11E-20 of this Code, a new unit district, as defined in Section 11E-25 of this Code, a new elementary district or districts and a new high school district formed through a school district conversion, as defined in Section 11E-15 of this Code, a new partial elementary unit district, as defined in Section 11E-30 of this Code, or a new elementary district or districts formed through a multi-unit conversion, as defined in subsection (b) of Section 11E-30 of this Code, or the annexation of all of the territory of one or more entire school districts by one or more other school districts, as defined in Article 7 of this Code, a supplementary State aid reimbursement shall be paid for the number of school years determined under the following table to each new or annexing district equal to the sum of \$4,000 for each certified employee who is employed by the district on a full-time basis for the regular term of the school year:

Reorganized District's Rank	Reorganized District's Rank
by type of district (unit,	in Average Daily Attendance

high school, elementary) in Equalized Assessed Value Per Pupil by Quintile	By Quintile		
	1st Quintile	2nd Quintile	3rd, 4th, or 5th Quintile
1st Quintile	1 year	1 year	1 year
2nd Quintile	1 year	2 years	2 years
3rd Quintile	2 years	3 years	3 years
4th Quintile	2 years	3 years	3 years
5th Quintile	2 years	3 years	3 years

The State Board of Education shall make a one-time calculation of a reorganized district's quintile ranks. The average daily attendance used in this calculation shall be the best 3 months' average daily attendance for the district's first year. The equalized assessed value per pupil shall be the district's real property equalized assessed value used in calculating the district's first-year general State aid claim, under Section 18-8.05 of this Code, divided by the best 3 months' average daily attendance.

No annexing or resulting school district shall be entitled to supplementary State aid under this subsection (d) unless the district acquires at least 30% of the average daily attendance of the district from which the territory is being detached or divided.

If a district results from multiple reorganizations that would otherwise qualify the district for multiple payments under this subsection (d) in any year, then the district shall receive a single payment only for that year based solely on the most recent reorganization.

(2) For an elementary opt-in, as defined in subsection (d) of Section 11E-30 of this Code, the full-time certified staff incentive shall be computed in accordance with paragraph (1) of this subsection (d), equal to the sum of \$4,000 for each certified employee of the elementary district that opts-in who is employed by the optional elementary unit district on a full-time basis for the regular term of the school year. The calculation from this paragraph (2) must be paid as follows:

(A) If the effective date for the elementary opt-in is one year after the effective date for the optional elementary unit district, 100% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(B) If the effective date for the elementary opt-in is 2 years after the effective date for the optional elementary unit district, 75% of the amount calculated in this paragraph (2) shall be paid to the optional elementary

unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(C) If the effective date for the elementary opt-in is 3 years after the effective date for the optional elementary unit district, 50% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(D) If the effective date for the elementary opt-in is 4 years after the effective date for the optional elementary unit district, 25% of the amount calculated in this paragraph (2) shall be paid to the optional elementary unit district for the number of years calculated in paragraph (1) of this subsection (d) at the optional elementary unit district's original effective date, starting in the second year after the effective date of the elementary opt-in.

(E) If the effective date for the elementary opt-in is 5 years after the effective date for the optional elementary unit district, the optional elementary unit

district is not eligible for any additional incentives due to the elementary opt-in.

(2.5) Following the formation of a cooperative high school by 2 or more school districts under Section 10-22.22c of this Code, a supplementary State aid reimbursement shall be paid for 3 school years to the cooperative high school equal to the sum of \$4,000 for each certified employee who is employed by the cooperative high school on a full-time basis for the regular term of any such school year. If a cooperative high school results from multiple agreements that would otherwise qualify the cooperative high school for multiple payments under this Section in any year, the cooperative high school shall receive a single payment for that year based solely on the most recent agreement.

(2.10) Following the annexation of territory detached from another school district whereby the enrollment of the annexing district increases 90% or more as a result of the annexation, a supplementary State aid reimbursement shall be paid to the annexing district equal to the sum of \$4,000 for each certified employee who is employed by the annexing district on a full-time basis and shall be calculated in accordance with subsection (a) of this Section. To be eligible for supplementary State aid reimbursement under this Section, the intergovernmental agreement to be submitted pursuant to Section 7-14A of this Code must show that certified staff members were transferred from the control of the district

losing territory to the control of the district gaining territory in the annexation. The changes to this Section made by Public Act 95-707 ~~this amendatory Act of the 95th General Assembly~~ are intended to be retroactive and applicable to any annexation taking effect on or after July 1, 2004. For annexations that are eligible for payments under this paragraph (2.10) and that are effective on or after July 1, 2004, but before January 11, 2008 (the effective date of Public Act 95-707) ~~this amendatory Act of the 95th General Assembly~~, the first required yearly payment under this paragraph (2.10) shall be paid in the second fiscal year after January 11, 2008 (the effective date of Public Act 95-707) ~~this amendatory Act of the 95th General Assembly~~. Any subsequent required yearly payments shall be paid in subsequent fiscal years until the payment obligation under this paragraph (2.10) is complete.

(2.15) ~~(2.10)~~ Following the deactivation of a school facility in accordance with Section 10-22.22b of this Code, a supplementary State aid reimbursement shall be paid for the lesser of 3 school years or the length of the deactivation agreement, including any renewals of the original deactivation agreement, to each receiving school district equal to the sum of \$4,000 for each certified employee who is employed by that receiving district on a full-time basis for the regular term of any such school year who was originally transferred to the control of that receiving district as a result of the deactivation. Receiving districts are eligible for payments

under this paragraph (2.15) ~~(2.10)~~ based on the certified employees transferred to that receiving district as a result of the deactivation and are not required to receive at least 30% of the deactivating district's average daily attendance as required under paragraph (1) of this subsection (d) to be eligible for payments.

(3) The supplementary State aid reimbursement payable under this subsection (d) shall be separate from and in addition to all other payments made to the district pursuant to any other Section of this Article.

(4) During May of each school year for which a supplementary State aid reimbursement is to be paid to a new, annexing, or receiving school district or cooperative high school pursuant to this subsection (d), the school board or governing board shall certify to the State Board of Education, on forms furnished to the school board or governing board by the State Board of Education for purposes of this subsection (d), the number of certified employees for which the district or cooperative high school is entitled to reimbursement under this Section, together with the names, certificate numbers, and positions held by the certified employees.

(5) Upon certification by the State Board of Education to the State Comptroller of the amount of the supplementary State aid reimbursement to which a school district or cooperative high school is entitled under this subsection (d), the State Comptroller shall draw his or her warrant upon the State

Treasurer for the payment thereof to the school district or cooperative high school and shall promptly transmit the payment to the school district or cooperative high school through the appropriate school treasurer.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section,

school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9 and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil

financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the Foundation Level of support is \$4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is \$4,560. For the 2003-2004 school year, the Foundation Level of support is \$4,810. For the 2004-2005 school year, the Foundation Level of support is \$4,964. For the 2005-2006 school year, the Foundation Level of support is

\$5,164. For the 2006-2007 school year, the Foundation Level of support is \$5,334. For the 2007-2008 school year, the Foundation Level of support is \$5,734.

(3) For the 2008-2009 school year and each school year thereafter, the Foundation Level of support is \$5,959 or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in

subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school

districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

For partial elementary unit districts created pursuant to Article 11E of this Code, local property tax revenues per pupil shall be calculated as the product of the equalized assessed valuation for property within the partial elementary unit district for elementary purposes, as defined in Article 11E of this Code, multiplied by 2.06% and divided by the district's Average Daily Attendance figure, plus the product of the equalized assessed valuation for property within the partial elementary unit district for high school purposes, as defined in Article 11E of this Code, multiplied by 0.94% and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3).

The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local

Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance

information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of  $1/6$  day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the

first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other

staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not

less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours

and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 or 15-177 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have

been allowed in that school district if the maximum reduction under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the provisions of Section 15-176 or 15-177 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 or 15-177 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 or 15-177 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 or 15-177 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under

Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the

Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G) (3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G) (3).

For purposes of this subsection (G) (3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate

the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

Partial elementary unit districts created in accordance with Article 11E of this Code shall not be eligible for the adjustment in this subsection (G)(3) until the fifth year following the effective date of the reorganization.

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district

experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district

for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed \$14,000,000. Claims shall be prorated if they exceed \$14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal

year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income

Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to \$1,243, \$1,600, and \$2,000, respectively.

(f) For the 2000-2001 school year, the per pupil amounts specified in subparagraphs (b), (c), and (d) immediately above shall be \$1,273, \$1,640, and \$2,050, respectively.

(2.5) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 2002-2003 school year:

(a) For any school district with a Low Income Concentration Level of less than 10%, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 10% and less than 20%, the grant for each school year shall be \$675 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be \$1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be \$1,362 multiplied by the low income eligible pupil count.

(e) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for each school year shall be \$1,680 multiplied by the low income eligible pupil count.

(f) For any school district with a Low Income Concentration Level of 60% or more, the grant for each school year shall be \$2,080 multiplied by the low income eligible pupil count.

(2.10) Except as otherwise provided, supplemental general State aid pursuant to this subsection (H) shall be provided as

follows for the 2003-2004 school year and each school year thereafter:

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be \$294.25 added to the product of \$2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year and each school year thereafter through the 2008-2009 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2009-2010 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2010-2011 school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference

between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of

50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided

by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H) (4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans

developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by

December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the provisions of this subsection. No funds shall be released under this subdivision (H) (4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) (Blank).

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school

district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a

public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial

supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after

the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

A school district that applies for a grant must demonstrate that it has funds to pay half of the cost of the training for which matching grant money is sought. The State Board of Education shall award the grants on a first-come, first-serve basis.

No pupil shall be required to take or participate in any class or course on AIDS or family life instruction if his parent or guardian submits written objection thereto, and refusal to take or participate in the course or program shall not be reason for suspension or expulsion of the pupil.

The instruction, which shall include matters relating to both the physical and legal effects and ramifications of drug and substance abuse, shall be integrated into existing curricula; and the State Board of Education shall develop and make available to all elementary and secondary schools in this State instructional materials and guidelines which will assist the schools in incorporating the instruction into their existing curricula. (2) has successfully completed the program of

instruction at an approved high school, or is a student in good standing at such a school and is engaged in a program which in due course will be completed by the end of the academic year, and in either event that the candidate's academic standing is above the class median; and that the candidate has not had any university, college, normal school, private junior college or public community college, or other advanced training subsequent to graduation from high school; and

(210 ILCS 85/10.10)

Sec. 10.10. Nurse Staffing by Patient Acuity.

(a) Findings. The Legislature finds and declares all of the following:

(1) The State of Illinois has a substantial interest in promoting quality care and improving the delivery of health care services.

(2) Evidence-based studies have shown that the basic principles of staffing in the acute care setting should be based on the complexity of patients' care needs aligned with available nursing skills to promote quality patient

care consistent with professional nursing standards.

(3) Compliance with this Section promotes an organizational climate that values registered nurses' input in meeting the health care needs of hospital patients.

(b) Definitions. As used in this Section:

"Acuity model" means an assessment tool selected and implemented by a hospital, as recommended by a nursing care committee, that assesses the complexity of patient care needs requiring professional nursing care and skills and aligns patient care needs and nursing skills consistent with professional nursing standards.

"Department" means the Department of Public Health.

"Direct patient care" means care provided by a registered professional nurse with direct responsibility to oversee or carry out medical regimens or nursing care for one or more patients.

"Nursing care committee" means an existing or newly created hospital-wide committee or committees of nurses whose functions, in part or in whole, contribute to the development, recommendation, and review of the hospital's nurse staffing plan established pursuant to subsection (d).

"Registered professional nurse" means a person licensed as a Registered Nurse under the Nurse ~~Nursing and Advanced Practice Nursing~~ Act.

"Written staffing plan for nursing care services" means a

written plan for guiding the assignment of patient care nursing staff based on multiple nurse and patient considerations that yield minimum staffing levels for inpatient care units and the adopted acuity model aligning patient care needs with nursing skills required for quality patient care consistent with professional nursing standards.

(c) Written staffing plan.

(1) Every hospital shall implement a written hospital-wide staffing plan, recommended by a nursing care committee or committees, that provides for minimum direct care professional registered nurse-to-patient staffing needs for each inpatient care unit. The written hospital-wide staffing plan shall include, but need not be limited to, the following considerations:

(A) The complexity of complete care, assessment on patient admission, volume of patient admissions, discharges and transfers, evaluation of the progress of a patient's problems, ongoing physical assessments, planning for a patient's discharge, assessment after a change in patient condition, and assessment of the need for patient referrals.

(B) The complexity of clinical professional nursing judgment needed to design and implement a patient's nursing care plan, the need for specialized equipment and technology, the skill mix of other personnel providing or supporting direct patient care,

and involvement in quality improvement activities, professional preparation, and experience.

(C) Patient acuity and the number of patients for whom care is being provided.

(D) The ongoing assessments of a unit's patient acuity levels and nursing staff needed shall be routinely made by the unit nurse manager or his or her designee.

(E) The identification of additional registered nurses available for direct patient care when patients' unexpected needs exceed the planned workload for direct care staff.

(2) In order to provide staffing flexibility to meet patient needs, every hospital shall identify an acuity model for adjusting the staffing plan for each inpatient care unit.

(3) The written staffing plan shall be posted in a conspicuous and accessible location for both patients and direct care staff, as required under the Hospital Report Card Act.

(d) Nursing care committee.

(1) Every hospital shall have a nursing care committee. A hospital shall appoint members of a committee whereby at least 50% of the members are registered professional nurses providing direct patient care.

(2) A nursing care committee's recommendations must be

given significant regard and weight in the hospital's adoption and implementation of a written staffing plan.

(3) A nursing care committee or committees shall recommend a written staffing plan for the hospital based on the principles from the staffing components set forth in subsection (c). In particular, a committee or committees shall provide input and feedback on the following:

(A) Selection, implementation, and evaluation of minimum staffing levels for inpatient care units.

(B) Selection, implementation, and evaluation of an acuity model to provide staffing flexibility that aligns changing patient acuity with nursing skills required.

Sec. 370c. Mental and emotional disorders.

(a) (1) On and after the effective date of this Section, every insurer which delivers, issues for delivery or renews or

modifies group A&H policies providing coverage for hospital or medical treatment or services for illness on an expense-incurred basis shall offer to the applicant or group policyholder subject to the insurers standards of insurability, coverage for reasonable and necessary treatment and services for mental, emotional or nervous disorders or conditions, other than serious mental illnesses as defined in item (2) of subsection (b), up to the limits provided in the policy for other disorders or conditions, except (i) the insured may be required to pay up to 50% of expenses incurred as a result of the treatment or services, and (ii) the annual benefit limit may be limited to the lesser of \$10,000 or 25% of the lifetime policy limit.

(2) Each insured that is covered for mental, emotional or nervous disorders or conditions shall be free to select the physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist of his choice to treat such disorders, and the insurer shall pay the covered charges of such physician licensed to practice medicine in all its branches, licensed clinical psychologist, licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist up to the limits of coverage, provided (i) the disorder or condition treated is covered by the policy, and (ii) the physician, licensed

psychologist, licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist is authorized to provide said services under the statutes of this State and in accordance with accepted principles of his profession.

(3) Insofar as this Section applies solely to licensed clinical social workers, licensed clinical professional counselors, and licensed marriage and family therapists, those persons who may provide services to individuals shall do so after the licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist has informed the patient of the desirability of the patient conferring with the patient's primary care physician and the licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist has provided written notification to the patient's primary care physician, if any, that services are being provided to the patient. That notification may, however, be waived by the patient on a written form. Those forms shall be retained by the licensed clinical social worker, licensed clinical professional counselor, or licensed marriage and family therapist for a period of not less than 5 years.

(b) (1) An insurer that provides coverage for hospital or medical expenses under a group policy of accident and health insurance or health care plan amended, delivered, issued, or renewed after the effective date of this amendatory Act of the

92nd General Assembly shall provide coverage under the policy for treatment of serious mental illness under the same terms and conditions as coverage for hospital or medical expenses related to other illnesses and diseases. The coverage required under this Section must provide for same durational limits, amount limits, deductibles, and co-insurance requirements for serious mental illness as are provided for other illnesses and diseases. This subsection does not apply to coverage provided to employees by employers who have 50 or fewer employees.

(2) "Serious mental illness" means the following psychiatric illnesses as defined in the most current edition of the Diagnostic and Statistical Manual (DSM) published by the American Psychiatric Association:

- (A) schizophrenia;
- (B) paranoid and other psychotic disorders;
- (C) bipolar disorders (hypomanic, manic, depressive, and mixed);
- (D) major depressive disorders (single episode or recurrent);
- (E) schizoaffective disorders (bipolar or depressive);
- (F) pervasive developmental disorders;
- (G) obsessive-compulsive disorders;
- (H) depression in childhood and adolescence;
- (I) panic disorder;
- (J) post-traumatic stress disorders (acute, chronic, or with delayed onset); and

(K) anorexia nervosa and bulimia nervosa.

(3) Upon request of the reimbursing insurer, a provider of treatment of serious mental illness shall furnish medical records or other necessary data that substantiate that initial or continued treatment is at all times medically necessary. An insurer shall provide a mechanism for the timely review by a provider holding the same license and practicing in the same specialty as the patient's provider, who is unaffiliated with the insurer, jointly selected by the patient (or the patient's next of kin or legal representative if the patient is unable to act for himself or herself), the patient's provider, and the insurer in the event of a dispute between the insurer and patient's provider regarding the medical necessity of a treatment proposed by a patient's provider. If the reviewing provider determines the treatment to be medically necessary, the insurer shall provide reimbursement for the treatment. Future contractual or employment actions by the insurer regarding the patient's provider may not be based on the provider's participation in this procedure. Nothing prevents the insured from agreeing in writing to continue treatment at his or her expense. When making a determination of the medical necessity for a treatment modality for serious mental illness, an insurer must make the determination in a manner that is consistent with the manner used to make that determination with respect to other diseases or illnesses covered under the policy, including an appeals process.

(4) A group health benefit plan:

(A) shall provide coverage based upon medical necessity for the following treatment of mental illness in each calendar year:

(i) 45 days of inpatient treatment; and

(ii) beginning on June 26, 2006 (the effective date of Public Act 94-921), 60 visits for outpatient treatment including group and individual outpatient treatment; and

(iii) for plans or policies delivered, issued for delivery, renewed, or modified after January 1, 2007 (the effective date of Public Act 94-906), 20 additional outpatient visits for speech therapy for treatment of pervasive developmental disorders that will be in addition to speech therapy provided pursuant to item (ii) of this subparagraph (A);

(B) may not include a lifetime limit on the number of days of inpatient treatment or the number of outpatient visits covered under the plan; and

(C) shall include the same amount limits, deductibles, copayments, and coinsurance factors for serious mental illness as for physical illness.

(5) An issuer of a group health benefit plan may not count toward the number of outpatient visits required to be covered under this Section an outpatient visit for the purpose of medication management and shall cover the outpatient visits

under the same terms and conditions as it covers outpatient visits for the treatment of physical illness.

(6) An issuer of a group health benefit plan may provide or offer coverage required under this Section through a managed care plan.

(7) This Section shall not be interpreted to require a group health benefit plan to provide coverage for treatment of:

(A) an addiction to a controlled substance or cannabis that is used in violation of law; or

(B) mental illness resulting from the use of a controlled substance or cannabis in violation of law.

(b) The failure of the responsible federal agency to approve a waiver for children who would otherwise be eligible under this Act but who have health insurance shall not prevent the implementation of any Section of this Act provided that there are sufficient appropriated funds.

Section 295. The Illinois Low-Level Radioactive Waste Management Act is amended by changing Sections 3, 15, and 18 as follows:

(420 ILCS 20/3) (from Ch. 111 1/2, par. 241-3)

Sec. 3. Definitions.

"Agency" means the Illinois Emergency Management Agency.

"Broker" means any person who takes possession of low-level waste for purposes of consolidation and shipment.

"Compact" means the Central Midwest Interstate Low-Level Radioactive Waste Compact.

"Decommissioning" means the measures taken at the end of a facility's operating life to assure the continued protection of the public from any residual radioactivity or other potential

hazards present at a facility.

"Director" means the Director of the Illinois Emergency Management Agency.

"Disposal" means the isolation of waste from the biosphere in a permanent facility designed for that purpose.

"Facility" means a parcel of land or site, together with structures, equipment and improvements on or appurtenant to the land or site, which is used or is being developed for the treatment, storage or disposal of low-level radioactive waste.

"Facility" does not include lands, sites, structures or equipment used by a generator in the generation of low-level radioactive wastes.

"Generator" means any person who produces or possesses low-level radioactive waste in the course of or incident to manufacturing, power generation, processing, medical diagnosis and treatment, research, education or other activity.

"Hazardous waste" means a waste, or combination of wastes, which because of its quantity, concentration, or physical, chemical, or infectious characteristics may cause or significantly contribute to an increase in mortality or an increase in serious, irreversible, or incapacitating reversible, illness; or pose a substantial present or potential hazard to human health or the environment when improperly treated, stored, transported, or disposed of, or otherwise managed, and which has been identified, by characteristics or listing, as hazardous under Section 3001 of the Resource

Conservation and Recovery Act of 1976, P.L. 94-580 or under regulations of the Pollution Control Board.

"High-level radioactive waste" means:

(1) the highly radioactive material resulting from the reprocessing of spent nuclear fuel including liquid waste produced directly in reprocessing and any solid material derived from the liquid waste that contains fission products in sufficient concentrations; and

(2) the highly radioactive material that the Nuclear Regulatory Commission has determined, on the effective date of this Amendatory Act of 1988, to be high-level radioactive waste requiring permanent isolation.

"Low-level radioactive waste" or "waste" means radioactive waste not classified as high-level radioactive waste, transuranic waste, spent nuclear fuel or byproduct material as defined in Section 11e(2) of the Atomic Energy Act of 1954 (42 U.S.C. 2014).

"Mixed waste" means waste that is both "hazardous waste" and "low-level radioactive waste" as defined in this Act.

"Person" means an individual, corporation, business enterprise or other legal entity either public or private and any legal successor, representative, agent or agency of that individual, corporation, business enterprise, or legal entity.

"Post-closure care" means the continued monitoring of the regional disposal facility after closure for the purposes of detecting a need for maintenance, ensuring environmental

safety, and determining compliance with applicable licensure and regulatory requirements, and includes undertaking any remedial actions necessary to protect public health and the environment from radioactive releases from the facility.

"Regional disposal facility" or "disposal facility" means the facility established by the State of Illinois under this Act for disposal away from the point of generation of waste generated in the region of the Compact.

"Release" means any spilling, leaking, pumping, pouring, emitting, emptying, discharging, injecting, escaping, leaching, dumping or disposing into the environment of low-level radioactive waste.

"Remedial action" means those actions taken in the event of a release or threatened release of low-level radioactive waste into the environment, to prevent or minimize the release of the waste so that it does not migrate to cause substantial danger to present or future public health or welfare or the environment. The term includes, but is not limited to, actions at the location of the release such as storage, confinement, perimeter protection using dikes, trenches or ditches, clay cover, neutralization, cleanup of released low-level radioactive wastes, recycling or reuse, dredging or excavations, repair or replacement of leaking containers, collection of leachate and runoff, onsite treatment or incineration, provision of alternative water supplies and any monitoring reasonably required to assure that these actions

protect human health and the environment.

"Scientific Surveys" means, collectively, the State Geological Survey and the State Water Survey of the University of Illinois.

"Shallow land burial" means a land disposal facility in which radioactive waste is disposed of in or within the upper 30 meters of the earth's surface. However, this definition shall not include an enclosed, engineered, structurally re-enforced and solidified bunker that extends below the earth's surface.

"Storage" means the temporary holding of waste for treatment or disposal for a period determined by Agency regulations.

"Treatment" means any method, technique or process, including storage for radioactive decay, designed to change the physical, chemical or biological characteristics or composition of any waste in order to render the waste safer for transport, storage or disposal, amenable to recovery, convertible to another usable material or reduced in volume.

"Waste management" means the storage, transportation, treatment or disposal of waste.

(420 ILCS 20/15) (from Ch. 111 1/2, par. 241-15)

Sec. 15. Compensation.

(a) Any person may apply to the Agency pursuant to this Section for compensation of a loss caused by the release, in Illinois, of radioactivity from the regional disposal facility. The Agency ~~Department~~ shall prescribe appropriate forms and procedures for claims filed pursuant to this Section, which shall include, as a minimum, the following:

(1) Provisions requiring the claimant to make a sworn verification of the claim to the best of his or her knowledge.

(2) A full description, supported by appropriate evidence from government agencies, of the release of the radioactivity claimed to be the cause of the physical injury, illness, loss of income or property damage.

(3) If making a claim based upon physical injury or illness, certification of the medical history of the claimant for the 5 years preceding the date of the claim, along with certification of the alleged physical injury or illness, and expenses for the physical injury or illness, made by hospitals, physicians or other qualified medical authorities.

(4) If making a claim for lost income, information on the claimant's income as reported on his or her federal income tax return or other document for the preceding 3 years in order to compute lost wages or income.

(b) The Agency shall hold at least one hearing, if requested by the claimant, within 60 days of submission of a

claim to the Agency. The Director shall render a decision on a claim within 30 days of the hearing unless all of the parties to the claim agree in writing to an extension of time. All decisions rendered by the Director shall be in writing, with notification to all appropriate parties. The decision shall be considered a final administrative decision for the purposes of judicial review.

(c) The following losses shall be compensable under this Section, provided that the Agency has found that the claimant has established, by the weight of the evidence, that the losses were proximately caused by the designated release and are not otherwise compensable under law:

(1) One hundred percent of uninsured, out-of-pocket medical expenses, for up to 3 years from the onset of treatment;

(2) Eighty percent of any uninsured, actual lost wages, or business income in lieu of wages, caused by injury to the claimant or the claimant's property, not to exceed \$15,000 per year for 3 years;

(3) Eighty percent of any losses or damages to real or personal property; and

(4) One hundred percent of costs of any remedial actions on such property necessary to protect human health and the environment.

(d) No claim may be presented to the Agency under this Section later than 5 years from the date of discovery of the

damage or loss.

(e) Compensation for any damage or loss under this Section shall preclude indemnification or reimbursement from any other source for the identical damage or loss, and indemnification or reimbursement from any other source shall preclude compensation under this Section.

(f) The Agency shall adopt, and revise when appropriate, rules and regulations necessary to implement the provisions of this Section, including methods that provide for establishing that a claimant has exercised reasonable diligence in satisfying the conditions of the application requirements, for specifying the proof necessary to establish a damage or loss compensable under this Section and for establishing the administrative procedures to be followed in reviewing claims.

(g) Claims approved by the Director shall be paid from the Low-Level Radioactive Waste Facility Closure, Post-Closure Care and Compensation Fund, except that claims shall not be paid in excess of the amount available in the Fund. In the case of insufficient amounts in the Fund to satisfy claims against the Fund, the General Assembly may appropriate monies to the Fund in amounts it deems necessary to pay the claims.

Section 300. The Livestock Management Facilities Act is amended by changing Section 13 as follows:

(510 ILCS 77/13)

Sec. 13. Livestock waste handling facilities other than earthen livestock waste lagoons; construction standards; certification; inspection; removal-from-service requirements.

(a) After the effective date of this amendatory Act of 1999, livestock waste handling facilities other than earthen livestock waste lagoons used for the storage of livestock waste shall be constructed in accordance with this Section.

(1) Livestock waste handling facilities constructed of concrete shall meet the strength and load factors set forth in the Midwest Plan Service's Concrete Manure Storage Handbook (MWPS-36) and future updates. In addition, those structures shall meet the following requirements:

(A) Waterstops shall be incorporated into the design of the storage structure when consistent with the requirements of paragraph (1) of this subsection;

(B) Storage structures that handle waste in a liquid form shall be designed to contain a volume of not less than the amount of waste generated during 150 days of facility operation at design capacity; the owner or operator of a livestock waste handling facility constructed with concrete with a design capacity of less than 300 animal units may demonstrate to the Department that a reduced storage volume, not less than 60 days, is feasible due to (i) the availability of land application areas that can receive manure at agronomic rates or (ii) another manure disposal method is proposed that will allow for the reduced manure storage design capacity; the Department shall evaluate the proposal and determine whether a reduced manure storage design capacity is appropriate for the site; and

(C) Storage structures not covered or otherwise protected from precipitation shall, in addition to the waste storage volume requirements of subparagraph (B) of paragraph (1) of this subsection, include a 2-foot freeboard.

(2) A livestock waste handling facility in a prefabricated form shall meet the strength, load, and

compatibility factors for its intended use. Those factors shall be verified by the manufacturer's specifications.

(3) Livestock waste handling facilities holding semi-solid livestock waste, including but not limited to picket dam structures, shall be constructed according to the requirements set forth in the Midwest Plan Service's Livestock Waste Facilities Handbook (MWPS-18) and future updates or similar standards used by the Natural Resources Conservation Service of the United States Department of Agriculture.

(4) Livestock waste handling facilities holding solid livestock waste shall be constructed according to the requirements set forth in the Midwest Plan Service's Livestock Waste Facilities Handbook (MWPS-18) and future updates or similar standards used by the Natural Resources Conservation Service of the United States Department of Agriculture. In addition, solid livestock waste stacking structures shall be sized to store not less than the amount of waste generated during 6 months of facility operation at design capacity. The owner or operator of a livestock waste handling facility holding solid livestock waste with a design capacity of less than 300 animal units may demonstrate to the Department that a reduced storage volume, not less than 2 months, is feasible due to (i) the availability of land application areas that can receive manure at agronomic rates or (ii) another manure disposal

method is proposed that will allow for the reduced storage design capacity. The Department shall evaluate the proposal and determine whether a reduced manure storage design capacity is appropriate for the site.

(5) Holding ponds used for the temporary storage of livestock feedlot run-off shall be constructed according to the requirements set forth in the Midwest Plan Service's Livestock Waste Facilities Handbook (MWPS-18) and future updates or similar standards used by the Natural Resources Conservation Service of the United States Department of Agriculture.

(b) New livestock management facilities and livestock waste handling facilities constructed after the effective date of this amendatory Act of 1999 shall be subject to the additional construction requirements and siting prohibitions provided in this subsection (b).

(1) No new non-lagoon livestock management facility or livestock waste handling facility may be constructed within the floodway of a 100-year floodplain. A new livestock management facility or livestock waste handling facility may be constructed within the portion of a 100-year floodplain that is within the flood fringe and outside the floodway provided that the facility is designed and constructed to be protected from flooding and meets the requirements set forth in the Rivers, Lakes, and Streams Act, Section 5-40001 of the Counties Code, and Executive

Order Number 4 (1979). The delineation of floodplains, floodways, and flood fringes shall be in compliance with the National Flood Insurance Program. Protection from flooding shall be consistent with the National Flood Insurance Program and shall be designed so that stored livestock waste is not readily removed.

(2) A new non-lagoon livestock waste handling facility constructed in a karst area shall be designed to prevent seepage of the stored material into groundwater in accordance with ASAE 393.2 or future updates. Owners or operators of proposed facilities should consult with the local soil and water conservation district, the University of Illinois Cooperative Extension Service, or other local, county, or State resources relative to determining the possible presence or absence of such areas. Notwithstanding the other provisions of this paragraph (2), after the effective date of this amendatory Act of 1999, no non-lagoon livestock waste handling facility may be constructed within 400 feet of any natural depression in a karst area formed as a result of subsurface removal of soil or rock materials that has caused the formation of a collapse feature that exhibits internal drainage. For the purposes of this paragraph (2), the existence of such a natural depression in a karst area shall be indicated by the uppermost closed depression contour lines on a USGS 7 1/2 minute quadrangle topographic map or as determined by

Department field investigation in a karst area.

(3) A new non-lagoon livestock waste handling facility constructed in an area where aquifer material is present within 5 feet of the bottom of the facility shall be designed to ensure the structural integrity of the containment structure and to prevent seepage of the stored material to groundwater. Footings and underlying structure support shall be incorporated into the design standards of the storage structure in accordance with the requirements of Section 4.1 of the American Society of Agricultural Engineers (ASAE) EP 393.2 or future updates.

(c) A livestock waste handling facility owner may rely on guidance from the local soil and water conservation district, the Natural Resources Conservation Service of the United States Department of Agriculture, or the University of Illinois Cooperative Extension Service for soil type and associated information.

(d) The standards in subsections (a) and (b) shall serve as interim construction standards until such time as permanent rules promulgated pursuant to Section 55 of this Act become effective. In addition, the Department and the Board shall utilize the interim standards in subsections (a) and (b) as a basis for the development of such permanent rules.

(e) The owner or operator of a livestock management facility or livestock waste handling facility may, with the approval of the Department, elect to exceed the strength and

load requirements as set forth in this Section.

(f) The owner or operator of a livestock management facility or livestock waste handling facility shall send, by certified mail or in person, to the Department a certification of compliance together with copies of verification documents upon completion of construction. In the case of structures constructed with the design standards used by the Natural Resources Conservation Service of the United States Department of Agriculture, copies of the design standards and a statement of verification signed by a representative of the United States Department of Agriculture shall accompany the owner's or operator's certification of compliance. The certification shall state that the structure meets or exceeds the requirements in subsection (a) of this Section. A \$250 filing fee shall accompany the statement.

(g) The Department shall inspect the construction site prior to construction, during construction, and within 10 business days following receipt of the certification of compliance to determine compliance with the construction standards.

(h) The Department shall require modification when necessary to bring the construction into compliance with the standards set forth in this Section. The person making the inspection shall discuss with the owner, operator, or certified livestock manager an evaluation of the livestock waste handling facility construction and shall (i) provide on-site written

recommendations to the owner, operator, or certified livestock manager of what modifications are necessary or (ii) inform the owner, operator, or certified livestock manager that the facility meets the standards set forth in this Section. On the day of the inspection, the person making the inspection shall give the owner, operator, or certified livestock manager a written report of findings based on the inspection together with an explanation of remedial measures necessary to enable the livestock waste handling facility to meet the standards set forth in this Section. The Department shall, within 5 business days of the date of inspection, send an official written notice to the owner or operator of the livestock waste handling facility by certified mail, return receipt requested, indicating that the facility meets the standards set forth in this Section or identifying the remedial measures necessary to enable the livestock waste handling facility to meet the standards set forth in this Section. The owner or operator shall, within 10 business days of receipt of an official written notice of deficiencies, contact the Department to develop the principles of an agreement of compliance. The owner or operator and the Department shall enter into an agreement of compliance setting forth the specific changes to be made to bring the construction into compliance with the standards required under this Section. If an agreement of compliance cannot be achieved, the Department shall issue a compliance order to the owner or operator outlining the specific changes

to be made to bring the construction into compliance with the standards required under this Section. The owner or operator can request an administrative hearing to contest the provisions of the Department's compliance order.

(i) (Blank).

(j) If any owner or operator operates in violation of an agreement of compliance, the Department shall seek an injunction in circuit court to prohibit the operation of the facility until construction and certification of the livestock waste handling facility are in compliance with the provisions of this Section.

(k) When any livestock management facility not using an earthen livestock waste lagoon is removed from service, the accumulated livestock waste remaining within the facility shall be removed and applied to land at rates consistent with a waste management plan for the facility. Removal of the waste shall occur within 12 months after the date livestock production at the facility ceases. In addition, the owner or operator shall make provisions to prevent the accumulation of precipitation within the livestock waste handling facility. Upon completion of the removal of manure, the owner or operator of the facility shall notify the Department that the facility is being removed from service and the remaining manure has been removed. The Department shall conduct an inspection of the livestock waste handling facility and inform the owner or operator in writing that the requirements imposed under this

subsection (k) have been met or that additional actions are necessary. Commencement of operations at a facility that has livestock shelters left intact and that has completed the requirements imposed under this subsection (k) and that has been operated as a livestock management facility or livestock waste handling facility for 4 consecutive months at any time within the previous 10 years shall not be considered a new or expanded livestock management or waste handling facility. A new facility constructed after May 21, 1996 that has been removed from service for a period of 2 or more years shall not be placed back into service prior to an inspection of the livestock waste handling facility and receipt of written approval by the Department.

14. Violation of Section 11-506 of this Code or a similar provision of a local ordinance relating to the offense of street racing.

(b) The Secretary of State shall also immediately revoke

the license or permit of any driver in the following situations:

1. Of any minor upon receiving the notice provided for in Section 5-901 of the Juvenile Court Act of 1987 that the minor has been adjudicated under that Act as having committed an offense relating to motor vehicles prescribed in Section 4-103 of this Code;

3. Of any person adjudicated under the Juvenile Court Act of 1987 based on an offense determined to have been committed in furtherance of the criminal activities of an organized gang as provided in Section 5-710 of that Act, and that involved the operation or use of a motor vehicle or the use of a driver's license or permit. The revocation shall remain in effect for the period determined by the court. Upon the direction of the court, the Secretary shall issue the person a judicial driving permit, also known as a JDP. The JDP shall be subject to the same terms as a JDP issued under Section 6-206.1, except that the court may direct that a JDP issued under this subdivision (b) (3) be effective immediately.

(c) (1) Except as provided in subsection (c-5), whenever a person is convicted of any of the offenses enumerated in this Section, the court may recommend and the Secretary of State in

his discretion, without regard to whether the recommendation is made by the court may, upon application, issue to the person a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to a medical facility for the receipt of necessary medical care or to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children living in the petitioner's household to and from daycare; if the petitioner is able to demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare; provided that the Secretary's discretion shall be limited to cases where undue hardship, as defined by the rules of the Secretary of State, would result from a failure to issue the restricted driving permit. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3) If:

(A) a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension under Section 11-501.1; or

(iii) a suspension pursuant to Section 6-203.1;

arising out of separate occurrences; or

(B) a person has been convicted of one violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state; τ

that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned on the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(6) In each case the Secretary of State may issue a restricted driving permit for a period he deems appropriate, except that the permit shall expire within one

year from the date of issuance. The Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance or any similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or any similar out-of-state offense, or any combination of these offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the petitioner to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully complete the program. However, if an individual's driving privileges have been

revoked in accordance with paragraph 13 of subsection (a) of this Section, no restricted driving permit shall be issued until the individual has served 6 months of the revocation period.

(c-5) The Secretary may not issue a restricted driving permit to any person who has been convicted of a second or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state.

(d) (1) Whenever a person under the age of 21 is convicted under Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, the Secretary of State shall revoke the driving privileges of that person. One year after the date of revocation, and upon application, the Secretary of State may, if satisfied that the person applying will not endanger the public safety or welfare, issue a restricted driving permit granting the privilege of driving a motor vehicle only between the hours of 5 a.m. and 9 p.m. or as otherwise provided by this Section for a period of one year. After this one year period, and upon reapplication for a license as provided in Section 6-106, upon payment of the appropriate reinstatement fee provided under paragraph (b) of Section 6-118, the Secretary of State, in his discretion, may reinstate the petitioner's driver's license and driving

privileges, or extend the restricted driving permit as many times as the Secretary of State deems appropriate, by additional periods of not more than 12 months each.

(2) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(3) If a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(A) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense; or

(B) a statutory summary suspension under Section 11-501.1; or

(C) a suspension pursuant to Section 6-203.1;

arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(4) The person issued a permit conditioned upon the use of an interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(5) If the restricted driving permit is issued for employment purposes, then the prohibition against driving a vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(6) A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit.

(d-5) The revocation of the license, permit, or driving

privileges of a person convicted of a third or subsequent violation of Section 6-303 of this Code committed while his or her driver's license, permit, or privilege was revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state, is permanent. The Secretary may not, at any time, issue a license or permit to that person.

(e) This Section is subject to the provisions of the Driver License Compact.

(f) Any revocation imposed upon any person under subsections 2 and 3 of paragraph (b) that is in effect on December 31, 1988 shall be converted to a suspension for a like period of time.

(g) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been revoked under any provisions of this Code.

(h) The Secretary of State shall require the use of ignition interlock devices on all vehicles owned by a person who has been convicted of a second or subsequent offense under Section 11-501 of this Code or a similar provision of a local ordinance. The person must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 for each month that he or she uses the device. The Secretary shall establish by rule and regulation the procedures for certification and use

of the interlock system, the amount of the fee, and the procedures, terms, and conditions relating to these fees.

(i) (Blank).

(j) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been revoked, suspended, cancelled, or disqualified under any provisions of this Code.

any traffic ticket issued when the person's driver's license is deposited in lieu of bail, a suspension notice issued by the Secretary of State, a duplicate or corrected driver's license, a probationary driver's license or a temporary driver's license.

(b) If any conviction forming the basis of a suspension or revocation authorized under this Section is appealed, the Secretary of State may rescind or withhold the entry of the order of suspension or revocation, as the case may be, provided that a certified copy of a stay order of a court is filed with the Secretary of State. If the conviction is affirmed on appeal, the date of the conviction shall relate back to the time the original judgment of conviction was entered and the 6 month limitation prescribed shall not apply.

(c) 1. Upon suspending or revoking the driver's license or permit of any person as authorized in this Section, the Secretary of State shall immediately notify the person in writing of the revocation or suspension. The notice to be deposited in the United States mail, postage prepaid, to the last known address of the person.

2. If the Secretary of State suspends the driver's license of a person under subsection 2 of paragraph (a) of this Section, a person's privilege to operate a vehicle as an occupation shall not be suspended, provided an affidavit is properly completed, the appropriate fee received, and a permit issued prior to the effective date of the

suspension, unless 5 offenses were committed, at least 2 of which occurred while operating a commercial vehicle in connection with the driver's regular occupation. All other driving privileges shall be suspended by the Secretary of State. Any driver prior to operating a vehicle for occupational purposes only must submit the affidavit on forms to be provided by the Secretary of State setting forth the facts of the person's occupation. The affidavit shall also state the number of offenses committed while operating a vehicle in connection with the driver's regular occupation. The affidavit shall be accompanied by the driver's license. Upon receipt of a properly completed affidavit, the Secretary of State shall issue the driver a permit to operate a vehicle in connection with the driver's regular occupation only. Unless the permit is issued by the Secretary of State prior to the date of suspension, the privilege to drive any motor vehicle shall be suspended as set forth in the notice that was mailed under this Section. If an affidavit is received subsequent to the effective date of this suspension, a permit may be issued for the remainder of the suspension period.

The provisions of this subparagraph shall not apply to any driver required to possess a CDL for the purpose of operating a commercial motor vehicle.

Any person who falsely states any fact in the affidavit required herein shall be guilty of perjury under Section

6-302 and upon conviction thereof shall have all driving privileges revoked without further rights.

3. At the conclusion of a hearing under Section 2-118 of this Code, the Secretary of State shall either rescind or continue an order of revocation or shall substitute an order of suspension; or, good cause appearing therefor, rescind, continue, change, or extend the order of suspension. If the Secretary of State does not rescind the order, the Secretary may upon application, to relieve undue hardship (as defined by the rules of the Secretary of State), issue a restricted driving permit granting the privilege of driving a motor vehicle between the petitioner's residence and petitioner's place of employment or within the scope of the petitioner's employment related duties, or to allow the petitioner to transport himself or herself, or a family member of the petitioner's household to a medical facility, to receive necessary medical care, to allow the petitioner to transport himself or herself to and from alcohol or drug remedial or rehabilitative activity recommended by a licensed service provider, or to allow the petitioner to transport himself or herself or a family member of the petitioner's household to classes, as a student, at an accredited educational institution, or to allow the petitioner to transport children living in the petitioner's household to and from daycare. The petitioner

must demonstrate that no alternative means of transportation is reasonably available and that the petitioner will not endanger the public safety or welfare. Those multiple offenders identified in subdivision (b)4 of Section 6-208 of this Code, however, shall not be eligible for the issuance of a restricted driving permit.

(A) If a person's license or permit is revoked or suspended due to 2 or more convictions of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or a similar out-of-state offense, or a combination of these offenses, arising out of separate occurrences, that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(B) If a person's license or permit is revoked or suspended 2 or more times within a 10 year period due to any combination of:

(i) a single conviction of violating Section 11-501 of this Code or a similar provision of a local ordinance or a similar out-of-state offense or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an

element of the offense, or a similar out-of-state offense; or

(ii) a statutory summary suspension under Section 11-501.1; or

(iii) a suspension under Section 6-203.1; arising out of separate occurrences; that person, if issued a restricted driving permit, may not operate a vehicle unless it has been equipped with an ignition interlock device as defined in Section 1-129.1.

(C) The person issued a permit conditioned upon the use of an ignition interlock device must pay to the Secretary of State DUI Administration Fund an amount not to exceed \$30 per month. The Secretary shall establish by rule the amount and the procedures, terms, and conditions relating to these fees.

(D) If the restricted driving permit is issued for employment purposes, then the prohibition against operating a motor vehicle that is not equipped with an ignition interlock device does not apply to the operation of an occupational vehicle owned or leased by that person's employer when used solely for employment purposes.

(E) In each case the Secretary may issue a restricted driving permit for a period deemed appropriate, except that all permits shall expire within one year from the date of issuance. The

Secretary may not, however, issue a restricted driving permit to any person whose current revocation is the result of a second or subsequent conviction for a violation of Section 11-501 of this Code or a similar provision of a local ordinance or any similar out-of-state offense, or Section 9-3 of the Criminal Code of 1961, where the use of alcohol or other drugs is recited as an element of the offense, or any similar out-of-state offense, or any combination of those offenses, until the expiration of at least one year from the date of the revocation. A restricted driving permit issued under this Section shall be subject to cancellation, revocation, and suspension by the Secretary of State in like manner and for like cause as a driver's license issued under this Code may be cancelled, revoked, or suspended; except that a conviction upon one or more offenses against laws or ordinances regulating the movement of traffic shall be deemed sufficient cause for the revocation, suspension, or cancellation of a restricted driving permit. The Secretary of State may, as a condition to the issuance of a restricted driving permit, require the applicant to participate in a designated driver remedial or rehabilitative program. The Secretary of State is authorized to cancel a restricted driving permit if the permit holder does not successfully

complete the program.

(c-3) In the case of a suspension under paragraph 43 of subsection (a), reports received by the Secretary of State under this Section shall, except during the actual time the suspension is in effect, be privileged information and for use only by the courts, police officers, prosecuting authorities, the driver licensing administrator of any other state, or the Secretary of State. However, beginning January 1, 2008, if the person is a CDL holder, the suspension shall also be made available to the driver licensing administrator of any other state, the U.S. Department of Transportation, and the affected driver or motor carrier or prospective motor carrier upon request.

(c-4) In the case of a suspension under paragraph 43 of subsection (a), the Secretary of State shall notify the person by mail that his or her driving privileges and driver's license will be suspended one month after the date of the mailing of the notice.

(c-5) The Secretary of State may, as a condition of the reissuance of a driver's license or permit to an applicant whose driver's license or permit has been suspended before he or she reached the age of 18 years pursuant to any of the provisions of this Section, require the applicant to participate in a driver remedial education course and be retested under Section 6-109 of this Code.

(d) This Section is subject to the provisions of the

Drivers License Compact.

(e) The Secretary of State shall not issue a restricted driving permit to a person under the age of 16 years whose driving privileges have been suspended or revoked under any provisions of this Code.

(f) In accordance with 49 C.F.R. 384, the Secretary of State may not issue a restricted driving permit for the operation of a commercial motor vehicle to a person holding a CDL whose driving privileges have been suspended, revoked, cancelled, or disqualified under any provisions of this Code.

(730 ILCS 5/5-6-1) (from Ch. 38, par. 1005-6-1)

Sec. 5-6-1. Sentences of Probation and of Conditional Discharge and Disposition of Supervision. The General Assembly finds that in order to protect the public, the criminal justice system must compel compliance with the conditions of probation by responding to violations with swift, certain and fair punishments and intermediate sanctions. The Chief Judge of each circuit shall adopt a system of structured, intermediate sanctions for violations of the terms and conditions of a sentence of probation, conditional discharge or disposition of supervision.

(a) Except where specifically prohibited by other provisions of this Code, the court shall impose a sentence of probation or conditional discharge upon an offender unless, having regard to the nature and circumstance of the offense, and to the history, character and condition of the offender,

the court is of the opinion that:

(1) his imprisonment or periodic imprisonment is necessary for the protection of the public; or

(2) probation or conditional discharge would deprecate the seriousness of the offender's conduct and would be inconsistent with the ends of justice; or

(3) a combination of imprisonment with concurrent or consecutive probation when an offender has been admitted into a drug court program under Section 20 of the Drug Court Treatment Act is necessary for the protection of the public and for the rehabilitation of the offender.

The court shall impose as a condition of a sentence of probation, conditional discharge, or supervision, that the probation agency may invoke any sanction from the list of intermediate sanctions adopted by the chief judge of the circuit court for violations of the terms and conditions of the sentence of probation, conditional discharge, or supervision, subject to the provisions of Section 5-6-4 of this Act.

(b) The court may impose a sentence of conditional discharge for an offense if the court is of the opinion that neither a sentence of imprisonment nor of periodic imprisonment nor of probation supervision is appropriate.

(b-1) Subsections (a) and (b) of this Section do not apply to a defendant charged with a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961 if the defendant within the past 12

months has been convicted of or pleaded guilty to a misdemeanor or felony under the Illinois Vehicle Code or reckless homicide under Section 9-3 of the Criminal Code of 1961.

(c) The court may, upon a plea of guilty or a stipulation by the defendant of the facts supporting the charge or a finding of guilt, defer further proceedings and the imposition of a sentence, and enter an order for supervision of the defendant, if the defendant is not charged with: (i) a Class A misdemeanor, as defined by the following provisions of the Criminal Code of 1961: Sections 11-9.1; 12-3.2; 12-15; 26-5; 31-1; 31-6; 31-7; subsections (b) and (c) of Section 21-1; paragraph (1) through (5), (8), (10), and (11) of subsection (a) of Section 24-1; (ii) a Class A misdemeanor violation of Section 3.01, 3.03-1, or 4.01 of the Humane Care for Animals Act; or (iii) a felony. If the defendant is not barred from receiving an order for supervision as provided in this subsection, the court may enter an order for supervision after considering the circumstances of the offense, and the history, character and condition of the offender, if the court is of the opinion that:

(1) the offender is not likely to commit further crimes;

(2) the defendant and the public would be best served if the defendant were not to receive a criminal record; and

(3) in the best interests of justice an order of supervision is more appropriate than a sentence otherwise

permitted under this Code.

(c-5) Subsections (a), (b), and (c) of this Section do not apply to a defendant charged with a second or subsequent violation of Section 6-303 of the Illinois Vehicle Code committed while his or her driver's license, permit or privileges were revoked because of a violation of Section 9-3 of the Criminal Code of 1961, relating to the offense of reckless homicide, or a similar provision of a law of another state.

(d) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 11-501 of the Illinois Vehicle Code or a similar provision of a local ordinance when the defendant has previously been:

(3) pleaded guilty to or stipulated to the facts supporting a charge or a finding of guilty to a violation of Section 11-503 of the Illinois Vehicle Code or a similar provision of a local ordinance or any similar law or ordinance of another state, and the plea or stipulation was

the result of a plea agreement.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(e) The provisions of paragraph (c) shall not apply to a defendant charged with violating Section 16A-3 of the Criminal Code of 1961 if said defendant has within the last 5 years been:

(2) assigned supervision for a violation of Section 3-707, 3-708, 3-710, or 5-401.3 of the Illinois Vehicle Code or a similar provision of a local ordinance.

The court shall consider the statement of the prosecuting authority with regard to the standards set forth in this Section.

(h) The provisions of paragraph (c) shall not apply to a defendant under the age of 21 years charged with violating a serious traffic offense as defined in Section 1-187.001 of the Illinois Vehicle Code:

(1) unless the defendant, upon payment of the fines, penalties, and costs provided by law, agrees to attend and successfully complete a traffic safety program approved by the court under standards set by the Conference of Chief Circuit Judges. The accused shall be responsible for payment of any traffic safety program fees. If the accused fails to file a certificate of successful completion on or before the termination date of the supervision order, the supervision shall be summarily revoked and conviction entered. The provisions of Supreme Court Rule 402 relating to pleas of guilty do not apply in cases when a defendant enters a guilty plea under this provision; or

The inception date of the program shall be July 1, 2008. Until the inception date, none of the duties, obligations, contingencies, or consequences of or from the program shall be imposed. The program shall apply to all mortgage applications that are governed by this Article and that are made or taken on or after

the inception of the program.

(b) The database created under this program shall be maintained and administered by the Department. The database shall be designed to allow brokers, originators, counselors, title insurance companies, and closing agents to submit information to the database online. The database shall not be designed to allow those entities to retrieve information from the database, except as otherwise provided in this Article. Information submitted by the broker or originator to the Department may be used to populate the online form submitted by a counselor, title insurance company, or closing agent.

(c) Within 10 days after taking a mortgage application, the broker or originator for any mortgage on residential property within the program area must submit to the predatory lending database all of the information required under Section 72 and any other information required by the Department by rule. Within 7 days after receipt of the information, the Department shall compare that information to the housing counseling standards in Section 73 and issue to the borrower and the broker or originator a determination of whether counseling is recommended for the borrower. Notwithstanding any other

provisions of this Act requiring approval of unit owners, no approval shall be required if the developer complies with the requirements of this Section.

(d) a time limit of 10 years from the date of the recording of the declaration, after which the option to add additional property shall no longer be in effect and a statement of the circumstances, if any, under which it may terminate. In all cases in which the option to add additional property is exercised, the contracts for construction and delivery of such additional property shall contain a date for the completion and delivery of the additional property to be constructed;

(e) a statement as to whether portions of the additional land may be added to the property at different times, and as to whether there are any limitations on the order thereof, or any limitations fixing the boundaries of these portions, or whether

Subject to any restrictions and limitations specified by the condominium instruments, there shall be an appurtenant easement over and on the common elements for the purpose of

making improvements on the additional land, and for the purpose of doing what is reasonably necessary and proper in conjunction therewith.

No provision of this Act shall be binding upon or obligate the developer to exercise his option to make additions or bind the land described in the condominium instruments. No provision of the condominium instruments shall be construed to be binding upon or obligate the developer to exercise his option to make additions, and the land legally described therein shall not be bound thereby, except in the case of any covenant, restriction, limitation, or other representation or commitment in the condominium instruments, or in any other agreement made with, or by, the developer, requiring the developer to add all or any portion of the additional land, or imposing any obligation with regard to anything that is or is not to be done thereon or with regard thereto, or imposing any obligations with regard to anything that is or is not to be done on or with regard to the property or any portion thereof, this Section shall not be construed to nullify, limit, or otherwise affect any such obligation.

Any amendment to the declaration adding additional land may contain such complementary additions and modifications of the provisions of the declaration affecting the additional land which are necessary to reflect the differences in character, if any, of the additional land and the improvements thereto. Sec. 4-210. Security interest of collecting bank in items, accompanying documents and proceeds.

(a) A collecting bank has a security interest in an item and any accompanying documents or the proceeds of either:

(1) in case of an item deposited in an account, to the extent to which credit given for the item has been withdrawn or applied;

(2) in case of an item for which it has given credit available for withdrawal as of right, to the extent of the credit given, whether or not the credit is drawn upon or there is a right of charge-back; or

(2) no filing is required to perfect the security interest; and

(3) the security interest has priority over conflicting perfected security interests in the item, accompanying documents, or proceeds.
