A person who owns and occupies a single family dwelling and who constructs, installs, maintains, services or cleans the private sewage disposal system which serves his single family residence shall not be required to be licensed under this Act, however, such person

shall comply with all other provisions of this Act and the private sewage disposal code promulgated hereunder by the Department.

Any person who constructs, installs, repairs, modifies, or maintains a private sewage disposal system, other than a system which serves his own single family residence, shall be licensed by the Department as a Private Sewage System Installation Contractor and any person who cleans or pumps waste from a private sewage disposal system, other than a system which serves his own single family residence, or hauls or disposes of wastes removed therefrom shall be licensed by the Department as a Private Sewage Disposal System Pumping Contractor in accordance with this Act.

This waste shall be (i) transported to and disposed of at a sewage treatment facility permitted by the Illinois Environmental Protection Agency and located on the mine property, or (ii) stored on-site in a sanitary manner pending removal and

subsequent disposal by a licensed private sewage disposal pumping contractor.
