

AN ACT concerning education.

**Be it enacted by the People of the State of Illinois,  
represented in the General Assembly:**

Section 5. The School Code is amended by changing Section 21-14 as follows:

(105 ILCS 5/21-14) (from Ch. 122, par. 21-14)

Sec. 21-14. Registration and renewal of certificates.

(a) A limited four-year certificate or a certificate issued after July 1, 1955, shall be renewable at its expiration or within 60 days thereafter by the county superintendent of schools having supervision and control over the school where the teacher is teaching upon certified evidence of meeting the requirements for renewal as required by this Act and prescribed by the State Board of Education in consultation with the State Teacher Certification Board. An elementary supervisory certificate shall not be renewed at the end of the first four-year period covered by the certificate unless the holder thereof has filed certified evidence with the State Teacher Certification Board that he has a master's degree or that he has earned 8 semester hours of credit in the field of educational administration and supervision in a recognized institution of higher learning. The holder shall continue to earn 8 semester hours of credit each four-year period until

such time as he has earned a master's degree.

All certificates not renewed as provided in this Section or registered in accordance with this Code shall lapse after a period of 6 months from the expiration of the last year of registration. Such certificates may be immediately reinstated upon payment by the applicant to the State Board of Education of (1) any and all back fees, including without limitation registration fees, owed from the time of expiration of the certificate until the date of reinstatement; and (2) a \$500 penalty or the demonstration of proficiency by completing 9 semester hours of coursework from a regionally accredited institution of higher education in the content area that most aligns with the educator's endorsement area or areas; provided that, until September 1, 2012, certificates that have lapsed solely for the failure to pay a registration fee may be immediately reinstated upon payment only of any and all back fees, including without limitation registration fees, owed from the time of expiration of the certificate until the date of reinstatement. Any and all back fees and penalty amounts shall be deposited by the State Board of Education into the Teacher Certificate Fee Revolving Fund. Any certificate may be voluntarily surrendered by the certificate holder. A voluntarily surrendered certificate shall be treated as a revoked certificate.

(b) When those teaching certificates issued before February 15, 2000 are renewed for the first time after February

15, 2000, all such teaching certificates shall be exchanged for Standard Teaching Certificates as provided in subsection (c) of Section 21-2. All Initial and Standard Teaching Certificates, including those issued to persons who previously held teaching certificates issued before February 15, 2000, shall be renewable under the conditions set forth in this subsection (b).

Initial Teaching Certificates are valid for 4 years of teaching, as provided in subsection (b) of Section 21-2 of this Code, and are renewable every 4 years until the person completes 4 years of teaching. If the holder of an Initial Certificate has completed 4 years of teaching but has not completed the requirements set forth in paragraph (2) of subsection (c) of Section 21-2 of this Code, then the Initial Certificate may be reinstated for one year, during which the requirements must be met. A holder of an Initial Certificate who has not completed 4 years of teaching may continuously register the certificate for additional 4-year periods without penalty. Initial Certificates that are not registered shall lapse consistent with subsection (a) of this Section and may be reinstated only in accordance with subsection (a). Standard Teaching Certificates are renewable every 5 years as provided in subsection (c) of Section 21-2 and subsection (c) of this Section. For purposes of this Section, "teaching" is defined as employment and performance of services in an Illinois public or State-operated elementary school, secondary school, or

cooperative or joint agreement with a governing body or board of control, in a certificated teaching position, or a charter school operating in compliance with the Charter Schools Law.

(c) In compliance with subsection (c) of Section 21-2 of this Code, which provides that a Standard Teaching Certificate may be renewed by the State Teacher Certification Board based upon proof of continuing professional development, the State Board of Education and the State Teacher Certification Board shall jointly:

(1) establish a procedure for renewing Standard Teaching Certificates, which shall include but not be limited to annual timelines for the renewal process and the components set forth in subsections (d) through (k) of this Section;

(2) establish the standards for certificate renewal;

(3) approve or disapprove the providers of continuing professional development activities;

(4) determine the maximum credit for each category of continuing professional development activities, based upon recommendations submitted by a continuing professional development activity task force, which shall consist of 6 staff members from the State Board of Education, appointed by the State Superintendent of Education, and 6 teacher representatives, 3 of whom are selected by the Illinois Education Association and 3 of whom are selected by the Illinois Federation of Teachers;

(5) designate the type and amount of documentation required to show that continuing professional development activities have been completed; and

(6) provide, on a timely basis to all Illinois teachers, certificate holders, regional superintendents of schools, school districts, and others with an interest in continuing professional development, information about the standards and requirements established pursuant to this subsection (c).

(d) Any Standard Teaching Certificate held by an individual employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated teaching position or a charter school in compliance with the Charter Schools Law must be maintained Valid and Active through certificate renewal activities specified in the certificate renewal procedure established pursuant to subsection (c) of this Section, provided that a holder of a Valid and Active certificate who is only employed on either a part-time basis or day-to-day basis as a substitute teacher shall pay only the required registration fee to renew his or her certificate and maintain it as Valid and Active. All other Standard Teaching Certificates held may be maintained as Valid and Exempt through the registration process provided for in the certificate renewal procedure established pursuant to subsection (c) of

this Section. A Valid and Exempt certificate must be immediately activated, through procedures developed jointly by the State Board of Education and the State Teacher Certification Board, upon the certificate holder becoming employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control in a certificated teaching position or a charter school operating in compliance with the Charter Schools Law. A holder of a Valid and Exempt certificate may activate his or her certificate through procedures provided for in the certificate renewal procedure established pursuant to subsection (c) of this Section.

(e)(1) A Standard Teaching Certificate that has been maintained as Valid and Active for the 5 years of the certificate's validity shall be renewed as Valid and Active upon the certificate holder: (i) completing an advanced degree from an approved institution in an education-related field; (ii) completing at least 8 semester hours of coursework as described in subdivision (B) of paragraph (3) of this subsection (e); (iii) (blank); (iv) completing the National Board for Professional Teaching Standards process as described in subdivision (D) of paragraph (3) of this subsection (e); or (v) earning 120 continuing professional development units ("CPDU") as described in subdivision (E) of paragraph (3) of this subsection (e). The maximum continuing professional

development units for each continuing professional development activity identified in subdivisions (F) through (J) of paragraph (3) of this subsection (e) shall be jointly determined by the State Board of Education and the State Teacher Certification Board. If, however, the certificate holder has maintained the certificate as Valid and Exempt for a portion of the 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be proportionately reduced by the amount of time the certificate was Valid and Exempt. Furthermore, if a certificate holder is employed and performs teaching services on a part-time basis for all or a portion of the certificate's 5-year period of validity, the number of continuing professional development units needed to renew the certificate as Valid and Active shall be reduced by 50% for the amount of time the certificate holder has been employed and performed teaching services on a part-time basis. Part-time shall be defined as less than 50% of the school day or school term.

Notwithstanding any other requirements to the contrary, if a Standard Teaching Certificate has been maintained as Valid and Active for the 5 years of the certificate's validity and the certificate holder has completed his or her certificate renewal plan before July 1, 2002, the certificate shall be renewed as Valid and Active.

(2) Beginning July 1, 2004, in order to satisfy the

requirements for continuing professional development provided for in subsection (c) of Section 21-2 of this Code, each Valid and Active Standard Teaching Certificate holder shall complete professional development activities that address the certificate or those certificates that are required of his or her certificated teaching position, if the certificate holder is employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, or that certificate or those certificates most closely related to his or her teaching position, if the certificate holder is employed in a charter school. Except as otherwise provided in this subsection (e), the certificate holder's activities must address purposes (A), (B), (C), or (D) and must reflect purpose (E) of the following continuing professional development purposes:

(A) Advance both the certificate holder's knowledge and skills as a teacher consistent with the Illinois Professional Teaching Standards and the Illinois Content Area Standards in the certificate holder's areas of certification, endorsement, or teaching assignment in order to keep the certificate holder current in those areas.

(B) Develop the certificate holder's knowledge and skills in areas determined to be critical for all Illinois teachers, as defined by the State Board of Education, known

as "State priorities".

(C) Address the knowledge, skills, and goals of the certificate holder's local school improvement plan, if the teacher is employed in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control.

(D) Expand the certificate holder's knowledge and skills in an additional teaching field or toward the acquisition of another teaching certificate, endorsement, or relevant education degree.

(E) Address the needs of serving students with disabilities, including adapting and modifying the general curriculum related to the Illinois Learning Standards to meet the needs of students with disabilities and serving such students in the least restrictive environment. Teachers who hold certificates endorsed for special education must devote at least 50% of their continuing professional development activities to this purpose. Teachers holding other certificates must devote at least 20% of their activities to this purpose.

A speech-language pathologist or audiologist who is licensed under the Illinois Speech-Language Pathology and Audiology Practice Act and who has met the continuing education requirements of that Act and the rules promulgated under that Act shall be deemed to have satisfied the continuing professional development requirements established by the State

The membership and terms of members of the LPDC may be determined by the agreement. Provisions regarding LPDCs contained in a collective bargaining agreement in existence on the effective date of this amendatory Act of the 93rd General Assembly between a school district and the exclusive bargaining representative shall remain in full force and effect for the term of the agreement, unless terminated by mutual agreement. The LPDC shall make recommendations to the regional superintendent of schools on renewal of teaching certificates. The regional superintendent of schools for each region shall perform the following functions:

(1) review recommendations for certificate renewal, if any, received from LPDCs;

(2) (blank);

(3) (blank);

(4) (blank);

(5) determine whether certificate holders have met the requirements for certificate renewal and notify certificate holders if the decision is not to renew the certificate;

(6) provide a certificate holder with the opportunity to appeal a recommendation made by a LPDC, if any, not to renew the certificate to the regional professional development review committee;

(7) issue and forward recommendations for renewal or nonrenewal of certificate holders' Standard Teaching Certificates to the State Teacher Certification Board; and

(8) (blank).

(g)(1) Each regional superintendent of schools shall review and concur or nonconcur with each recommendation for renewal or nonrenewal of a Standard Teaching Certificate he or she receives from a local professional development committee, if any, or, if a certificate holder appeals the recommendation to the regional professional development review committee, the recommendation for renewal or nonrenewal he or she receives from a regional professional development review committee and, within 14 days of receipt of the recommendation, shall provide the State Teacher Certification Board with verification of the following, if applicable:

(A) the certificate holder has satisfactorily completed professional development and continuing education activities set forth in paragraph (3) of subsection (e) of this Section;

(B) the certificate holder has submitted the statement of assurance required under paragraph (4) of subsection (e) of this Section, and this statement has been attached to

the application for renewal;

(C) the local professional development committee, if any, has recommended the renewal of the certificate holder's Standard Teaching Certificate and forwarded the recommendation to the regional superintendent of schools;

(D) the certificate holder has appealed his or her local professional development committee's recommendation of nonrenewal, if any, to the regional professional development review committee and the result of that appeal;

(E) the regional superintendent of schools has concurred or nonconcurred with the local professional development committee's or regional professional development review committee's recommendation, if any, to renew or nonrenew the certificate holder's Standard Teaching Certificate and made a recommendation to that effect; and

(F) the established registration fee for the Standard Teaching Certificate has been paid.

If the notice required by this subsection (g) includes a recommendation of certificate nonrenewal, then, at the same time the regional superintendent of schools provides the State Teacher Certification Board with the notice, he or she shall also notify the certificate holder in writing, by certified mail, return receipt requested, that this notice has been provided to the State Teacher Certification Board.

(2) Each certificate holder shall have the right to appeal

his or her local professional development committee's recommendation of nonrenewal, if any, to the regional professional development review committee, within 14 days of receipt of notice that the recommendation has been sent to the regional superintendent of schools. Each regional superintendent of schools shall establish a regional professional development review committee or committees for the purpose of advising the regional superintendent of schools, upon request, and handling certificate holder appeals. This committee shall consist of at least 4 classroom teachers, one non-administrative certificated educational employee, 2 administrators, and one at-large member who shall be either (i) a parent, (ii) a member of the business community, (iii) a community member, or (iv) an administrator, with preference given to an individual chosen from among those persons listed in items (i), (ii), and (iii) in order to secure representation of an interest not already represented on the committee. The teacher and non-administrative certificated educational employee members of the review committee shall be selected by their exclusive representative, if any, and the administrators and at-large member shall be selected by the regional superintendent of schools. A regional superintendent of schools may add additional members to the committee, provided that the same proportion of teachers to administrators and at-large members on the committee is maintained. Any additional teacher and non-administrative certificated educational

employee members shall be selected by their exclusive representative, if any. Vacancies in positions on a regional professional development review committee shall be filled in the same manner as the original selections. Committee members shall serve staggered 3-year terms. All individuals selected to serve on regional professional development review committees must be known to demonstrate the best practices in teaching or their respective field of practice.

(h) (1) The State Teacher Certification Board shall review the regional superintendent of schools' recommendations to renew or nonrenew Standard Teaching Certificates and notify certificate holders in writing whether their certificates have been renewed or nonrenewed within 90 days of receipt of the recommendations, unless a certificate holder has appealed a regional superintendent of schools' recommendation of nonrenewal, as provided in paragraph (2) of this subsection (h). The State Teacher Certification Board shall verify that the certificate holder has met the renewal criteria set forth in paragraph (1) of subsection (g) of this Section.

(2) Each certificate holder shall have the right to appeal a regional superintendent of school's recommendation to nonrenew his or her Standard Teaching Certificate to the State Teacher Certification Board, within 14 days of receipt of notice that the decision has been sent to the State Teacher Certification Board, which shall hold an appeal hearing within 60 days of receipt of the appeal. When such an appeal is taken,

the certificate holder's Standard Teaching Certificate shall continue to be valid until the appeal is finally determined. The State Teacher Certification Board shall review the regional superintendent of school's recommendation, the regional professional development review committee's recommendation, if any, and the local professional development committee's recommendation, if any, and all relevant documentation to verify whether the certificate holder has met the renewal criteria set forth in paragraph (1) of subsection (g) of this Section. The State Teacher Certification Board may request that the certificate holder appear before it. All actions taken by the State Teacher Certification Board shall require a quorum and be by a simple majority of those present and voting. A record of all votes shall be maintained. The State Teacher Certification Board shall notify the certificate holder in writing, within 7 days of completing the review, whether his or her Standard Teaching Certificate has been renewed or nonrenewed, provided that if the State Teacher Certification Board determines to nonrenew a certificate, the written notice provided to the certificate holder shall be by certified mail, return receipt requested. All certificate renewal or nonrenewal decisions of the State Teacher Certification Board are final and subject to administrative review.

(i) Holders of Master Teaching Certificates shall meet the same requirements and follow the same procedures as holders of Standard Teaching Certificates, except that their renewal

cycle shall be as set forth in subsection (d) of Section 21-2 of this Code and their renewal requirements shall be subject to paragraph (8) of subsection (c) of Section 21-2 of this Code.

A holder of a teaching certificate endorsed as a speech-language pathologist who has been granted the Certificate of Clinical Competence by the American Speech-Language Hearing Association may renew his or her Standard Teaching Certificate pursuant to the 10-year renewal cycle set forth in subsection (d) of Section 21-2 of this Code.

(j) Holders of Valid and Exempt Standard and Master Teaching Certificates who are not employed and performing services in an Illinois public or State-operated elementary school, secondary school, or cooperative or joint agreement with a governing body or board of control, in a certificated teaching position, may voluntarily activate their certificates through the regional superintendent of schools of the regional office of education for the geographic area where their teaching is done. These certificate holders shall follow the same renewal criteria and procedures as all other Standard and Master Teaching Certificate holders, except that their continuing professional development activities need not reflect or address the knowledge, skills, and goals of a local school improvement plan.

(k) (Blank).

(l) (Blank).

(m) The changes made to this Section by this amendatory Act

of the 93rd General Assembly that affect renewal of Standard and Master Certificates shall apply to those persons who hold Standard or Master Certificates on or after the effective date of this amendatory Act of the 93rd General Assembly and shall be given effect upon renewal of those certificates.

The program shall also provide course material and instruction to advise pupils of the Abandoned Newborn Infant Protection Act. The program shall include information about cancer, including without limitation types of cancer, signs and symptoms, risk factors, the importance of early prevention and detection, and information on where to go for help. Notwithstanding the above educational areas, the following areas may also be included as a basis for curricula in all elementary and secondary schools in this State: basic first aid (including, but not limited to, cardiopulmonary resuscitation and the Heimlich maneuver), heart disease, diabetes, stroke, the prevention of child abuse, neglect, and suicide, and teen dating violence in grades 8 through 12.

The school board of each public elementary and secondary school in the State shall encourage all teachers and other school personnel to acquire, develop, and maintain the knowledge and skills necessary to properly administer life-saving techniques, including without limitation the Heimlich maneuver and rescue breathing. The training shall be in accordance with standards of the American Red Cross, the American Heart Association, or another nationally recognized

certifying organization. A school board may use the services of non-governmental entities whose personnel have expertise in life-saving techniques to instruct teachers and other school personnel in these techniques. Each school board is encouraged to have in its employ, or on its volunteer staff, at least one person who is certified, by the American Red Cross or by another qualified certifying agency, as qualified to administer first aid and cardiopulmonary resuscitation. A school district that applies for a grant must demonstrate that it has funds to pay half of the cost of the training for which matching grant money is sought. The State Board of Education shall award the grants on a first-come, first-serve basis.

No pupil shall be required to take or participate in any class or course on AIDS or family life instruction if his parent or guardian submits written objection thereto, and refusal to take or participate in the course or program shall not be reason for suspension or expulsion of the pupil.

Curricula developed under programs established in accordance with this Act in the major educational area of alcohol and drug use and abuse shall include classroom instruction in grades 5 through 12. The instruction, which shall include matters relating to both the physical and legal effects and ramifications of drug and substance abuse, shall be integrated into existing curricula; and the State Board of Education shall develop and make available to all elementary and secondary schools in this State instructional materials and guidelines which will assist the schools in incorporating the instruction into their existing curricula.
