The South Cook Intermediate Service Center #4 waived an exit conference in a correspondence from Dr. Vanessa Kinder, Executive Director, on November 30, 2021.

South Cook Intermediate Service Center #4 Financial Statement Report Summary

The audit of the accompanying basic financial statements of the South Cook Intermediate Service Center #4 was performed by Roth & Co., LLP.

Based on their audit, the auditors expressed an unmodified opinion on the South Cook Intermediate Service Center #4's basic financial statements.

INDEPENDENT AUDITOR'S REPORT

Honorable Frank J. Mautino Auditor General State of Illinois

and

Board of Directors
South Cook Intermediate Service Center #4

Report on the Financial Statements

As Special Assistant Auditors for the Auditor General, we have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the South Cook Intermediate Service Center #4, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the South Cook Intermediate Service Center #4's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor

considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the South Cook Intermediate Service Center #4, as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Illinois Municipal Retirement Fund - Schedule of Changes in the Net Pension Liability (Asset) and Related Ratios, Illinois Municipal Retirement Fund - Schedule of Employer Contributions, Teachers' Retirement System of the State of Illinois - Schedule of the Employer's Proportionate Share of the Net Pension Liability, Teachers' Retirement System of the State of Illinois -Schedule of Employer Contributions, Teachers' Health Insurance Security Fund - Schedule of the Employer's Proportionate Share of the Collective Net OPEB Liability, Teachers' Health Insurance Security Fund - Schedule of Employer Contributions, and Health Insurance Plan -Schedule of Changes in the Total OPEB Liability and Related Ratios on page 68 through page 72 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the South Cook Intermediate Service Center #4's basic financial statements. The combining schedules of accounts, the budgetary comparison schedules, and the combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining schedules of accounts, the budgetary comparison schedules, and the combining fund financial statements are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules of accounts, the budgetary comparison schedules, and the combining fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 17, 2021 on our consideration of the South Cook Intermediate Service Center #4's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the South Cook Intermediate Service Center #4's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the South Cook Intermediate Service Center #4's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Frank J. Mautino Auditor General State of Illinois

and

Board of Directors South Cook Intermediate Service Center #4

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the South Cook Intermediate Service Center #4, as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the South Cook Intermediate Service Center #4's basic financial statements, and have issued our report thereon dated December 17, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the South Cook Intermediate Service Center #4's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the South Cook Intermediate Service Center #4's internal control. Accordingly, we do not express an opinion on the effectiveness of the South Cook Intermediate Service Center #4's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the South Cook Intermediate Service Center #4's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the South Cook Intermediate Service Center #4's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the South Cook Intermediate Service Center #4's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The South Cook Intermediate Service Center #4 (ISC #4 or Center) was formed under the provisions of the State of Illinois, Illinois State Board of Education (ISBE).

A. DATE OF MANAGEMENT'S REVIEW

Management has evaluated subsequent events through December 17, 2021, the date when the financial statements were available to be issued.

B. FINANCIAL REPORTING ENTITY

The portion of Cook County, Illinois, outside of the City of Chicago, constitutes a Regional Office of Education established pursuant to Section 3A-4 of the Illinois School Code (105 ILCS 5/3A-4) and has an oversight board responsible for the duties and programs specified in Section 3A-17 of the Illinois School Code administered through three (3) Intermediate Service Centers (North Cook, West Cook, and South Cook).

The purpose of South Cook Intermediate Service Center #4 is to provide services designed to be responsive to the needs of the schools in South Cook County, Illinois. This area includes the following school districts and the associated special education cooperatives:

Summit School Dist. #104 Central Stickney School Dist. #110 North Palos School Dist. #117 Oak Lawn-Hometown School Dist. #123 Alsip/Hazelgreen/Oak Lawn School Dist. #126 Palos Heights School Dist. #128 Patton School Dist. #133 Forest Ridge School Dist. #142 Prairie-Hills School Dist #144 Harvey/Dixmoor School Dist. #147 South Holland School Dist. #150 Hazel Crest School Dist. #152 1/2 Burnham School Dist. #154 1/2 Hoover/Schrum School Dist. #157 Country Club Hills School Dist. #160 Park Forest-Chicago Heights School Dist. #163 Ford Heights School Dist. #169 Sandridge School Dist. #172 Bicom Twp. South Cook Intermediate Service Center #4 is governed by a board. The administrative agent designated for this Center is Chicago Heights, School District 170. In accordance with the Illinois School Code (105 ILCS 2/3.62), the services to be made available shall include the planning, implementation and evaluation of the following:

- Education for Gifted Children;
- Computer Technology Education;
- Mathematics, Science and Reading Resources for teachers, including continuing education, in-service training, and staff development; and
- Teacher Certification.

South Cook Intermediate Service Center #4 may also provide training, technical assistance, coordination and planning in other program areas. The State Board of Education shall promulgate rules and regulations necessary to operate South Cook Intermediate Service Center #4.

C. SCOPE OF REPORTING ENTITY

The South Cook Intermediate Service Center #4's reporting entity includes all related organizations for which they exercise oversight responsibility.

The South Cook Intermediate Service Center #4 has developed criteria to determine whether outside agencies with activities which benefit the citizens of the region, including districts or joint agreements which serve pupils from numerous regions, should be included in its financial reporting entity. The criteria include, but are not limited to, whether the South Cook

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Intermediate Service Center #4 exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The districts and joint agreements have been determined not to be a part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are therefore excluded from the accompanying financial statements because the South Cook Intermediate Service Center #4 does not control the assets, operations, or management of the districts or joint agreements. In addition, the South Cook Intermediate Service Center #4 is not aware of any entity, which would exercise such oversight as to result in the South Cook Intermediate Service Center #4 being considered a component unit of the entity.

D. GOVERNMENT-WIDE FINANCIAL STATEMENTS

The South Cook Intermediate Service Center #4's government-wide financial statements include a Statement of Net Position and a Statement of Activities and report information on all of the non-fiduciary activities of the South Cook Intermediate Service Center #4. These statements present a summary of governmental and business-type activities for the South Cook Intermediate Service Center #4 accompanied by a total column and are presented on an "economic resources" measurement focus as prescribed by GASB Statement No. 34. Governmental activities include programs supported primarily by State and federal grants and other intergovernmental revenues. The South Cook Intermediate Service Center #4 also has business-type activities that rely on fees and charges for support.

All of the South Cook Intermediate Service Center #4's assets, including capital assets, deferred outflows of resources, liabilities, and deferred inflows of resources are included in the accompanying Statement of Net Position.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (1) charges to customers or applicants who

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and (2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function or segment. Other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and any fiduciary funds even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and proprietary funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and reported in a single column.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, such as, payables, receivables and transfers. Interfund activities between governmental funds and between governmental funds and proprietary funds appear as due to/due from on the governmental fund Balance Sheet and proprietary fund Statement of Net Position and as other sources and other uses on the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances and the proprietary fund Statement of Revenues, Expenses, and Changes in Fund Net Position. All internal balances in the Statement of Net Position have been eliminated except those representing balances between the governmental activities and the business-type activities, if applicable. In the Statement of Activities those transactions between governmental and business-type activities, if applicable, have not been eliminated.

E. GOVERNMENTAL FUND FINANCIAL STATEMENTS

Governmental Fund Financial Statements include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances for all major governmental funds and nonmajor funds aggregated. An accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the government-wide financial statements.

The governmental fund financial statements have been prepared in accordance with generally accepted accounting principles on the modified accrual basis. Under modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both "measurable and available."

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

"Measurable" means that the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. All revenues are considered "available" if they are collected within 60 days after year end. Revenues received more than 60 days after the end of the current period are deferred inflows of resources in the governmental fund financial statements but are recognized as current revenues in the government-wide financial statements. Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for prepaid expenses and other noncurrent obligations, which are recognized when paid.

F. PROPRIETARY FUND FINANCIAL STATEMENTS

Proprietary fund financial statements include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Fund Net Position, and a Statement of Cash Flows for each major proprietary fund and nonmajor funds aggregated.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets plus deferred outflows of resources and liabilities plus deferred inflows of resources (whether current or noncurrent) are included on the Statement of Net Position. The Statement of Revenues, Expenses, and Changes in Fund Net Position present increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues, if any, are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses, if any, are reported as non-operating expenses.

For the Statement of Cash Flows, cash on deposits and the investments with an original maturity of 90 days or less are considered cash and cash equivalents.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

G. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

The governmental funds financial statements focus on the measurement of spending or "financial flow" and the determination of changes in financial position, rather than upon net income determination. This means that only current assets plus deferred outflows of resources and current liabilities plus deferred inflows of resources are generally included on their balance sheets. The reported fund balance (net current position) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current position. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the South Cook Intermediate Service Center #4; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually recoverable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria are met.

Under the terms of grant agreements, South Cook Intermediate Service Center #4 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted funding resources available to finance the program. It is South Cook Intermediate Service Center #4's policy to first apply restricted funds, then unrestricted. For unrestricted funds, committed funds are used first, then assigned funds, then unassigned if any.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

H. FUND ACCOUNTING

The South Cook Intermediate Service Center #4 uses funds to maintain its financial records during the year. A fund is defined as an independent fiscal and accounting entity with a self-balancing set of accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, fund balances, revenues and expenditures or expenses, as appropriate. Fund accounting segregates funds according to their intended purposes and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds is maintained consistent with legal and managerial requirements. The South Cook Intermediate Service Center #4 uses governmental and proprietary funds.

Governmental Funds

Governmental funds are those through which most governmental functions typically are reported. Governmental funds reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources and liabilities and deferred inflows of resources is reported as a fund balance.

As prescribed by GASB Statement No. 34, governmental fund reporting focuses on the major funds, rather than on the fund type. There is a twostep process for determining if a fund should be reported as a major fund: 1) total assets (including deferred outflows of resources), liabilities inflows (including deferred of resources), revenues, expenditures/expenses (excluding extraordinary items) of an individual fund are at least 10% of the corresponding total for the fund type, and 2) total assets (including deferred outflows of resources), liabilities (including deferred inflows of resources), revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 5% of the corresponding total for the total of all governmental and proprietary funds combined. Funds that do not meet the major fund determination requirements are reported in aggregate as nonmajor funds. The South Cook Intermediate Service Center #4 has presented all major funds that met the above qualifications.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The South Cook Intermediate Service Center #4 reports the following major governmental funds:

<u>General Fund</u> - The General Fund is the general operating fund of the South Cook Intermediate Service Center #4 and is used to account for financial resources within the territorial boundaries of the Center except those required to be accounted for and reported in another fund. General Funds include the following:

RISE and General State Aid - Regional Institute for Scholastic Excellence (RISE) is an alternative school program serving students from grades 6-12 who are eligible for suspension or expulsion, or who have been suspended or may be expelled, due to gross misconduct. The RISE program is offered to students by the local public school districts serviced by the South Cook ISC as an optional educational opportunity for students who may be expelled, are suspended, or at risk of failure or dropout. General State Aid Funds received from ISBE resulting from students attending the RISE school are also accounted for in this fund.

<u>Local</u> - This program is used for the general operation of the Center, located at 253 West Joe Orr Road, Chicago Heights, Illinois.

<u>Spelling Bee</u> - This program is used to account for local monies received for, and payment of, expenditures by the Spelling Bee program which administers the Regional Scripps Spelling Bee and provides for the champion and a parent to attend the National Spelling Bee in Washington, DC.

<u>Major Special Revenue Fund</u> - Special Revenue Funds are used to account for and report the proceeds of specific revenue sources (other than fiduciary and major capital projects) that are restricted to expenditures for specified purposes. Major special revenue funds include the following:

<u>Education Fund</u> - This fund is used to account for and report the proceeds of specific revenue sources that are restricted by grant agreements or contracts to expenditures for specified purposes supporting education enhancement programs as follows:

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

McKinney-Vento Education for Homeless Children and Youth - This program uses federal funds to provide training and technical assistance to school districts to assist school officials in understanding and complying with the McKinney-Vento Act.

<u>Regional Safe Schools</u> - This program provides funding for an alternative school program for disruptive youth in grades 6-12 whom have been removed from the regular school setting due to continuous disruptions in the classroom.

<u>ROE/ISC Operations</u> - This program is used to account for grant monies received for, and payment of, expenditures for ISC administrative operations. Program funding is used to assist schools in all areas of school improvement.

<u>South Cook Mathematics Initiative</u> - This program is used to account for grant monies received for, and payment of, expenditures to improve the teaching and learning of mathematics for grades 6-9.

<u>Digital Equity</u> - This program provides funding to close the digital divide and enable digital-age teaching and learning. Funds are used to provide students with technology tools and home internet access necessary for technology-rich remote learning experiences.

Emergency Relief Grant - This program provides funding to provide emergency relief funds to address the impact that novel coronavirus disease 2019 (COVID-19) has had, and continues to have, on elementary and secondary schools across the nation as required under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Elementary and Secondary School Emergency Relief (ESSER) II - This program provides additional funding to provide emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools across the nation as required under the Coronavirus Response and Relief Supplemental Appropriation Act (CRRSAA) 2021.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Title II - Teacher Quality - Leadership</u> - This program is used to account for federal grant monies received for, and payment of, expenditures related to providing teachers and principals training in teacher and principal evaluations.

<u>Title II - Teacher Quality - Teacher Residencies</u> - This program is used to account for federal grant monies received for, and payment of, expenditures related to implementing and operating an effective innovative teacher residency program.

<u>Institute Fund</u> - This program accounts for teacher certificate registration, issuance and evaluation fees for processing certificates, and expenses for meetings of a professional nature. All funds generated remain restricted until expended only on the aforementioned activities.

Proprietary Funds

Proprietary funds are those which account for resources from fees charged directly to those entities or individuals that use its services. Proprietary funds are as follows:

<u>Major Proprietary Fund</u> - The South Cook Intermediate Service Center #4 reports the following proprietary fund as a major fund:

<u>Workshop Fund</u> - This fund is used to account for the various fees charged for local workshops that provide professional development to area educators.

Nonmajor Proprietary Fund - The South Cook Intermediate Service Center #4 reports the following nonmajor proprietary fund:

<u>Fingerprinting Fund</u> - The Fingerprinting Fund is used to account for the administration of the Fingerprinting Program.

I. GOVERNMENTAL FUND BALANCES

Fund balance is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources in a Governmental Fund. The following types of fund balances may be presented in the Governmental Funds Balance Sheet and Governmental Funds Combining Schedule of Accounts:

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Nonspendable fund balance - The portion of a Governmental Fund's net position that is not available to be spent, either short term or long term, in either form or through legal restrictions. The South Cook Intermediate Service Center #4 has nonspendable fund balance in the General Fund's RISE and General State Aid and Local.

Restricted fund balance - The portion of a Governmental Fund's net position that is subject to external enforceable legal restrictions. The Institute Fund is restricted by Illinois Statute.

Committed fund balance - The portion of a Governmental Fund's net position with self-imposed constraints or limitations that have been placed at the highest level of decision making. The South Cook Intermediate Service Center #4 has no committed fund balances.

Assigned fund balance - The portion of a Governmental Fund's net position for which an intended use of resources has been denoted. The accounts presented with assigned fund balances are specified for a particular purpose by the Executive Director. The South Cook Intermediate Service Center #4 has an assigned fund balance in the General Fund's RISE and General State Aid.

Unassigned fund balance - The portion of a Governmental Fund's net position that are expendable financial resources in a governmental fund that are not designated for a specific purpose. The following General Fund accounts present an unassigned fund balances: Local and Spelling Bee. The following Education Fund accounts have an unassigned fund deficit: ROE/ISC Operations and Title II - Teacher Quality Teacher Residencies.

J. NET POSITION

Equity is classified as net position and displayed in three components:

Net investment in capital assets - Consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of bonds, mortgages, notes or other borrowing, if any, that are attributable to the acquisition, construction, or improvement of those assets.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Restricted net position - Consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted net position - The net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of investment in capital assets or the restricted component of net position.

K. BUDGET INFORMATION

The South Cook Intermediate Service Center #4 acts as the administrative agent for certain grant programs that are accounted for in the General and Education Fund. Certain programs have separate budgets and are required to report to ISBE; however, none of the annual budgets have been legally adopted nor are they required to do so. Comparisons of budgeted and actual results are presented as supplemental information.

Budgetary comparison schedules have been provided in supplementary schedules for the following funds: McKinney-Vento Education for Homeless Children and Youth, Regional Safe Schools, ROE/ISC Operations, South Cook Mathematics Initiative, Digital Equity, Emergency Relief Grant, ESSER II, Title II - Teacher Quality - Teacher Residencies, and Title II - Teacher Quality - Leadership.

L. CASH AND CASH EQUIVALENTS

Cash and cash equivalents consists of cash on deposit. The South Cook Intermediate Service Center #4 considers all liquid investments with a maturity of three months or less when purchased to be cash equivalents. All interest income is recognized as revenue in the appropriate fund's Statement of Revenues, Expenditures, and Changes in Fund Balances or Statement of Revenues, Expenses, and Changes in Fund Net Position.

M. INTERFUND RECEIVABLES AND PAYABLES

The recordings of due from and due to other funds are a result of various borrowings between funds during the year.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

N. CAPITAL ASSETS

Capital assets purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on all assets is provided on the straight–line basis over the following estimated useful lives:

Building and improvements	40 years
Site improvements	15-20 years
Equipment	5-15 years

In the fund financial statements, fixed assets used in governmental operations are accounted for as capital outlay expenditures of the governmental fund upon acquisition.

O. ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

P. REVENUE FROM FEDERAL AND STATE GRANTS

Revenues from federal and State grant awards are recorded net of the amount due to the State or federal agency for unused portion of the grant or the amount carried over to the following fiscal year project. Amounts due to the State or federal agency are carried over to the following project year and are recorded as liabilities.

Q. <u>DEFERRED</u> <u>OUTFLOWS</u> <u>OF RESOURCES AND DEFERRED</u> <u>INFLOWS OF RESOURCES</u>

<u>Deferred Outflows of Resources</u> - Deferred outflows of resources represent a consumption of net position that applies to a future period(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

charged to pension expense or OPEB and contributions from the employer after the measurement date but before the end of the employer's reporting period.

<u>Deferred Inflows of Resources</u> - Deferred inflows of resources represent an acquisition of net position that applies to a future period(s) and will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources are reported in the governmental fund financial statements as unavailable revenue and represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources consist of grant receivables not collected within sixty days after year end.

Deferred inflows of resources in the Statement of Net Position consist of the unamortized portion of the net pension liability that will reduce pension expense in future years or the OPEB liability that will reduce OPEB expenses in future years.

R. PENSIONS

For purposes of measuring the net pension asset/liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Illinois Municipal Retirement System (IMRF) and Teachers' Retirement System of the State of Illinois (TRS) and additions to/deductions from IMRF's and TRS' fiduciary net position have been determined on the same basis as they are reported by IMRF and TRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

S. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

For purposes of measuring the South Cook Intermediate Service Center #4's OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB and OPEB expense, information about the fiduciary net position of the South Cook Intermediate Service Center #4's

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

OPEB Plan and additions to/deductions from the South Cook Intermediate Service Center #4's fiduciary net position have been determined on the same basis as they are reported by the South Cook Intermediate Service Center #4's Plan. For this purpose, the South Cook Intermediate Service Center #4's Plan recognizes benefit payments when due and payable in accordance with the benefit terms.

T. INDIRECT COSTS

The South Cook Intermediate Service Center #4 may charge funds for centralized expenses, which may include an administrative overhead component. These interfund administrative overhead charges are not eliminated and are included in the direct expenses of the fund they are charged to and in revenue of the fund they are charged from.

U. NEW ACCOUNTING PRONOUNCEMENTS

In fiscal year 2021, the South Cook Intermediate Service Center #4 implemented Governmental Accounting Standards Board (GASB) Statement No. 84, *Fiduciary Activities*, GASB Statement No. 90, *Majority Equity Interests - an amendment of GASB Statements No. 14 and No. 61*, and applicable sections of GASB Statement No. 92, *Omnibus 2020*. The implementation of these standards did not have a significant effect on the South Cook Intermediate Service Center #4's financial statements.

NOTE 2 DEPOSITS AND INVESTMENTS

The South Cook Intermediate Service Center #4 does not have a formal investment policy. The South Cook Intermediate Service Center #4 is allowed to invest in securities as authorized by 30 ILCS 235/2 and 6 and 105 ILCS 5/8-7.

BANK DEPOSITS

At June 30, 2021, the carrying amount of the South Cook Intermediate Service Center #4's government-wide deposits were \$4,403,887, including \$3,099,407 held on deposit with Bloom Township School Treasurer, an imprest account totaling \$10,000, \$200 cash on hand, \$1,265,155 investment in Illinois Funds, and separate deposit accounts totaling \$29,125. The bank balances for the imprest account and separate deposit accounts were \$9,151 and \$29,125,

NOTE 2 DEPOSITS AND INVESTMENTS (Continued)

respectively, which were fully covered by federal depository insurance. Risk category was not determinable for the amount pooled and held on deposit with a separate legal governmental agency (Bloom Township School Treasurer).

Custodial Credit Risk - Custodial credit risk for deposits with financial institutions is the risk that, in the event of bank failure, the Center's deposits may not be returned to it. To guard against custodial credit risk for deposits with financial institutions, the South Cook Intermediate Service Center #4's investment policy requires that deposits with financial institutions in excess of FDIC limits be secured by some form of collateral, by a written agreement, and held at an independent, third-party institution in the name of the South Cook Intermediate Service Center #4.

INVESTMENTS

The South Cook Intermediate Service Center #4's, only investments are internally pooled in the Illinois Funds. As of June 30, 2021, the South Cook Intermediate Service Center #4 had investments with carrying and fair value of \$1,265,155 invested in Illinois Funds.

Credit Risk - At June 30, 2021, the Illinois Funds Money Market Fund had a Fitch's AAAmmf rating. The pool is audited annually by an outside independent auditor and copies of the report are distributed to participants. Although not subject to direct regulatory oversight, the fund is administered by the Illinois State Treasurer in accordance with the provision of the Illinois Public Funds Investment Act, 30 ILCS 235. All investments are fully collateralized.

Interest Rate Risk - The Illinois Funds Money Market Fund, created by the Illinois General Assembly, enables custodians of public funds an investment option with a competitive rate of return on fully collateralized investments and immediate access to the funds. The investment policy of the Illinois Funds Money Market Funds states that, unless authorized specifically by the Treasurer, a minimum of 75% of its investments shall have less than one-year maturity and no investment shall exceed two years maturity.

Concentration of Credit Risk - Unless specifically authorized by the Treasurer, the Illinois Funds Money Market Fund's investment policy limits investment categories to not exceed 25% of the portfolio with the exception of cash equivalents and U.S. Treasury securities. Further certificates of deposit cannot exceed 10% of any single financial institution's total deposits.

NOTE 3 DEFINED BENEFIT PENSION PLAN

Illinois Municipal Retirement Fund

IMRF Plan Description

The South Cook Intermediate Service Center #4's defined benefit pension plan for regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The South Cook Intermediate Service Center #4's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service.

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2020, the following employees were covered by the benefit terms:

	<u>IMRF</u>
Retirees and Beneficiaries currently receiving benefits	18
Inactive Plan Members entitled to but not yet receiving benefits	55
Active Plan Members	23
Total	96

Contributions

As set by statute, the South Cook Intermediate Service Center #4's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The South Cook Intermediate Service Center #4's annual contribution rate for calendar year 2020 was11.24%. For the fiscal year ended June 30, 2021, South Cook Intermediate Service Center #4 contributed \$100,885 to the plan. The South Cook Intermediate Service Center #4 also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

Net Pension Liability

The South Cook Intermediate Service Center #4's net pension liability was measured as of December 31, 2020. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2020:

- The **Actuarial Cost Method** used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Inflation Rate** was assumed to be 2.25%.
- Salary Increases were expected to be 2.85% to 13.75%.
- The **Investment Rate of Return** was assumed to be 7.25%.
- **Projected Retirement Age** was from the Experience-based Table of Rates, specific to the type of eligibility condition, last updated for the 2020 valuation according to an experience study from years 2017 to 2019.
- For **non-disabled retirees**, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020.
- For **Disabled Retirees**, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.
- For **Active Members**, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.
- The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table as of December 31, 2020:

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

Asset Class	Portfolio Target Percentage	Long-Term Expected Rate of Return
Equities	37%	5.00%
International Equity	18%	6.00%
Fixed Income	28%	1.30%
Real Estate	9%	6.20%
Alternatives	7%	
Private Equity		6.95%
Hedge Funds		N/A
Commodities		2.85%
Cash Equivalents	1%	0.70%
Total	100%	

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability as of December 31, 2020. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- 1. the long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- 2. the tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 7.25%, the municipal bond rate is 2.00%, and the resulting single discount rate is 7.25%.

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

Changes in the Net Pension Liability (Asset)

	Total Pension Liability (A)	Plan Fiduciary Net Position (B)	Net Pension Liability (Asset) (A) – (B)

Balances as of December 31, 2020	\$ 3,985,360	\$ 4,173,350	\$ (187,990)

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the plan's net pension liability, calculated using a Single Discount Rate of 7.25%, as well as what the plan's net pension liability would be if it were calculated using a Single Discount Rate that is 1% lower or 1% higher:

	% Lower 6.25%	Current Discount 7.25%		Lower Discount 1% High		Discount 1% High	1% Higher 8.25%
Net Pension Liability (Asset)	\$ 325,969	\$	(187,990)	\$ (598,738)			

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2021, the South Cook Intermediate Service Center #4 recognized pension benefit of \$24,233. At June 30, 2021, the South Cook Intermediate Service Center #4 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

Deferred Amounts Related to Pensions	Deferred Outflows of Resources		Deferred Inflows of Resources	
Deferred amounts to be recognized in Pension Expense in Future Periods				
Difference between expected and actual experience	\$	33,461	\$	_
Changes in assumptions		_		18,293
Net difference between projected and actual earnings on pension plan investments		_		352,639
Total deferred amounts to be recognized in pension expense in future periods		33,461		370,932
Pension contributions made subsequent to the measurement date		51,400		_
Total deferred amounts related to pension	\$	84,861	\$	370,932

\$51,400 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense in future periods as follows:

Year	Net Deferred		
Ending		Inflows

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

Teachers' Retirement System of the State of Illinois

Plan description

The South Cook Intermediate Service Center #4 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at https://www.trsil.org/financial/cafrs/fy2020; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling 888-678-3675, option 2.

Benefits Provided

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system service prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different than Tier 1.

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2024. One program allows retiring Tier 1 members to receive a partial lumpsum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the State of Illinois.

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2020, was 9.0 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the South Cook Intermediate Service Center #4.

On-behalf contributions to TRS. The State of Illinois makes employer pension contributions on behalf of the South Cook Intermediate Service Center #4. For the year ended June 30, 2021, State of Illinois contributions recognized by the South Cook Intermediate Service Center #4 were based on the State's proportionate share of the collective net pension liability associated with the

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

South Cook Intermediate Service Center #4, and the South Cook Intermediate Service Center #4 recognized revenue and expenditures of \$1,077,398 in pension contributions from the State of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2021, were \$6,952 and are deferred because they were paid after the June 30, 2020 measurement date.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the South Cook Intermediate Service Center #4, there is a statutory requirement for the South Cook Intermediate Service Center #4 to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the State contribution rate to TRS and were much higher.

For the year ended June 30, 2021, the employer pension contribution was 10.41 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2021, salaries totaling \$36,072 were paid from federal and special trust funds that required employer contribution of \$3,755. These contributions are deferred because they were paid after the June 30, 2020 measurement date.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The South Cook Intermediate Service Center #4 is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2021, the South Cook Intermediate Service

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

Center #4 did not make any employer contributions to TRS for employer contributions due on salary increases in excess of 6 percent or for sick leave days granted in excess of the normal annual allotment.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the South Cook Intermediate Service Center #4 reported a liability for its proportionate share of the net pension liability (first amount shown below) that reflected a reduction for State pension support provided to the employer. The State's support and total are for disclosure purposes only. The amount recognized by the South Cook Intermediate Service Center #4 as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the employer were as follows:

South Cook Intermediate Service Center #4's proportionate share of the net pension liability State's proportionate share of the net pension liability associated with the South Cook	\$ 129,158
Intermediate Service Center #4	10,116,348
Total	\$ 10,245,506

The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2019 and rolled forward to June 30, 2020. The South Cook Intermediate Service Center #4's proportion of the net pension liability was based on the South Cook Intermediate Service Center #4's share of contributions to TRS for the measurement year ended June 30, 2020, relative to the contributions of all participating TRS employers and the State during that period. At June 30, 2020, the South Cook Intermediate Service Center #4's proportion was 0.00014980909 percent, which was a decrease of 0.00001038875 percent from its proportion measured as of June 30, 2019.

For the year ended June 30, 2021, the South Cook Intermediate Service Center #4 recognized pension expense of \$1,077,398 and revenue of \$1,077,398 for support provided by the State. For the year ended June 30, 2021, the Intermediate Service Center #4 recognized pension expense of \$89,662. At

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

June 30, 2021, South Cook Intermediate Service Center #4 reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		Outflows of Inflows of	
Differences between expected and actual experience	\$	1,252	\$	34
Net difference between projected and actual earnings				
on pension plan investments		3,856		_
Change of assumptions		529		1,355
Changes in proportion and differences between employer contributions and proportionate share of				
contributions		9,543		178,344
Employer contributions subsequent to the		,		,
measurement date		10,707		
Total	\$	25,887	\$	179,733

\$10,707 reported as deferred outflows of resources related to pensions resulting from employer contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the reporting year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	Net Deferred			
Year Ending June 30,	Inflows of Resources			
2022	\$	(65,168)		
2023		(68,444)		
2024		(31,926)		
2025		689		
2026		296		
Total	\$	(164,553)		

Actuarial Assumptions

The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

Inflation

Salary increases

Investment rate of return

2.50 percent
varies by amount of service credit
7.00 percent, net of pension plan
investment expense, including inflation

In the June 30, 2020 actuarial valuation, mortality rates were based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates are based on a fully-generational basis using projection table MP-2017. In the June 30, 2019 actuarial valuation, mortality rates were also based on the RP-2014 White Collar Table with appropriate adjustments for TRS experience. The rates were used on a fully-generational basis using projection table MP-2014.

The long-term (20-year) expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class that were used by the actuary are summarized in the following table:

	Target	Long-Term Expected Real
Asset Class	Allocation	Rate of Return
U.S. equities large cap	16.5%	6.1%
U.S. equities small/mid cap	2.3	7.2
International equities developed	12.2	7.0
Emerging market equities	3.0	9.4
U.S. bonds core	7.0	2.2
U.S. bonds high yield	2.5	4.1
International debt developed	3.1	1.5
Emerging international debt	3.2	4.5
Real estate	16.0	5.7
Private debt	5.2	6.3
Hedge funds	10.0	4.3
Private equity	15.0	10.5
Infrastructure	4.0	6.2
Total	100.0%	

NOTE 3 DEFINED BENEFIT PENSION PLAN (Continued)

Discount rate

At June 30, 2020, the discount rate used to measure the total pension liability was 7.0 percent, which was the same as the June 30, 2019 rate. The projection of cash flows used to determine the discount rate assumed that employee contributions, employer contributions, and state contributions will be made at the current statutorily-required rates.

Based on those assumptions, TRS's fiduciary net position at June 30, 2020 was projected to be available to make all projected future benefit payments to current active and inactive members and all benefit recipients. Tier 1's liability is partially funded by Tier 2 members, as the Tier 2 member contribution is higher than the cost of Tier 2 benefits. Due to this subsidy, contributions from future members in excess of the service cost are also included in the determination of the discount rate. All projected future payments were covered, so the long-term expected rate of return on TRS investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the South Cook Intermediate Service Center #4's proportionate share of the net pension liability to changes in the discount rate

The following presents the South Cook Intermediate Service Center #4's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the South Cook Intermediate Service Center #4's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate.

1% Decrea (6.00%)			Disc	Current count Rate 7.00%)	1% Increase (8.00%)	
Employer's proportionate share of the net pension liability	\$	156,775	\$	129,158	\$	106,422

TRS Fiduciary Net Position

Detailed information about the TRS's fiduciary net position as of June 30, 2020 is available in the separately issued TRS *Comprehensive Annual Financial Report*.

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS

Teachers' Health Insurance Security Fund

THIS Plan Description

The South Cook Intermediate Service Center #4 participates in the Teachers' Health Insurance Security (THIS) fund. The THIS fund is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs. The THIS fund is a cost-sharing multipleemployer defined benefit postemployment healthcare plan that covers retired employees of participating employers throughout the State of Illinois, excluding the Chicago Public School System. THIS health coverage includes provisions for medical, prescription, and behavioral health benefits, but does not provide vision, dental, or life insurance benefits. Annuitants may participate in the State administered Preferred Provider Organization plan or choose from several managed care options. As a result of the Governor's Executive Order 12-01, the responsibilities in relation to THIS were transferred to the Department of Central Management Services (CMS) as of July 1, 2013. CMS administers the plan with the cooperation of the TRS.

Benefits Provided

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by CMS with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 required all active contributors to TRS who are not employees of the State to make a contribution to the THIS Fund.

A percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

On-behalf Contributions to the THIS Fund

The State of Illinois makes employer retiree health insurance contributions on behalf of the South Cook Intermediate Service Center #4. For the year ended June 30, 2021, State of Illinois contributions recognized by the South Cook Intermediate Service Center #4 were based on the State's proportionate share

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS (Continued)

of the collective net OPEB liability associated with the South Cook Intermediate Service Center #4, and recognized revenue and expenditures of \$50,918 in OPEB contributions from the State of Illinois.

South Cook Intermediate Service Center #4 Contributions to the THIS Fund

The South Cook Intermediate Service Center #4 also makes contributions to the THIS Fund. The South Cook Intermediate Service Center #4 THIS Fund contribution was 0.92 percent during the year ended June 30, 2021 and 0.92, 0.92, 0.88, 0.84, and 0.80 percent during the years ended June 30, 2020, June 30, 2019, June 30, 2018, June 30, 2017, and June 30, 2016, respectively. For the year ended June 30, 2021, the South Cook Intermediate Service Center #4 paid \$11,027 to the THIS Fund, which was 100 percent of the required contribution. For the years ended June 30, 2020, June 30, 2019, June 30, 2018, June 30, 2017, and June 30, 2016, the South Cook Intermediate Service Center #4 paid \$11,689, \$11,731, \$12,685, \$13,197, and \$13,093 to the THIS Fund, respectively, which was 100 percent of the required contribution.

Further Information on the THIS Fund

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General: http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp. The current reports are listed under "Central Management Services." Prior reports are available under "Healthcare and Family Services."

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of June 30, 2019, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified.

Inflation 2.50%

Salary increases Depends on service and ranges from 9.50% at 1

year of service to 4.00% at 20 or more years of service. Salary increase includes a 3.25% wage

inflation assumption.

Investment rate of return 0%, net of OPEB plan investment expense,

including inflation, for all plan years.

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS (Continued)

Healthcare cost trend rates

Trend for fiscal year 2020 based on expected increases used to develop average costs. For fiscal years on and after 2021, trend starts at 8.25% for non-Medicare cost and Medicare costs, and gradually decreases to an ultimate trend of 4.25%. There is no additional trend rate adjustment due to the repeal of the Excise Tax.

Mortality rates for retirement and beneficiary annuitants were based on the RP-2014 White Collar Annuitant Mortality Table, adjusted for TRS Disabled Annuitant table. Mortality rates for pre-retirement were based on the RP-2014 White Collar Table. All tables reflect future mortality improvements using Projection Scale MP-2017.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an actuarial experience study for the period July 1, 2014 through June 30, 2017.

Single Discount Rate

Projected benefit payments are required to be discounted to their actuarial present values using a Single Discount Rate that reflects (1) a long-term expected rate of return on OPEB plan investments (to the extent that the plan's fiduciary net position is projected to be sufficient to pay benefits), and (2) tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

Since the THIS fund is financed on a pay-as-you-go basis, a discount rate consistent with fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity's index's "20-year Municipal GO AA Index" has been selected. The discount rates are 3.13 percent as of June 30, 2019, and 2.45 percent as of June 30, 2020.

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS (Continued)

Sensitivity of the South Cook Intermediate Service Center #4's Proportionate Share of the Collective Net OPEB Liability to Changes in the Discount Rate

The following presents the South Cook Intermediate Service Center #4's proportionate share of the collective net OPEB liability, as well as what the South Cook Intermediate Service Center #4's proportionate share of the collective net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.45 percent) or 1-percentage-point higher (3.45 percent) than the current discount rate:

	1% Decrease (1.45%)	Discount Rate (2.45%)	1% Increase (3.45%)	
Employer's proportionate share of the collective net OPEB liability	\$ 1,620,654	\$ 1,348,465	\$ 1,132,808	

Sensitivity of the South Cook Intermediate Service Center #4's Proportionate Share of the Collective Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following table shows the South Cook Intermediate Service Center #4's collective net OPEB liability as of June 30, 2020, using current trend rates and sensitivity trend rates that are either 1-percentage-point higher or lower. The current claims trend rates are 8.25% in 2021 decreasing to an ultimate trend rate of 4.25% in 2037.

	1%	Healthcare Cost	1%
	Decrease ^a	Trend Rates	Increase ^b
Employer's proportionate			
share of the collective			
net OPEB liability	\$ 1,084,570	\$ 1,348,465	\$ 1,705,182

^a One percentage point decrease in healthcare trend rates are 7.25% in 2021 decreasing to an ultimate trend rate of 3.25% in 2037.

One percentage point increase in healthcare trend rates are 9.25% in 2021 decreasing to an ultimate trend rate of 5.25% in 2037.

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS (Continued)

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2021, the South Cook Intermediate Service Center #4 reported a liability for its proportionate share of the collective net OPEB liability that reflected a reduction for State OPEB support provided to the South Cook Intermediate Service Center #4. The amount recognized by the South Cook Intermediate Service Center #4 as its proportionate share of the collective net OPEB liability, the related State support, and the total portion of the collective net OPEB liability that was associated with the South Cook Intermediate Service Center #4 were as follows:

South Cook Intermediate Service Center #4's	
proportionate share of the collective net OPEB liability	\$ 1,348,465
State's proportionate share of the collective net OPEB	
liability associated with the South Cook	
Intermediate Service Center #4	1,826,805
Total	\$ 3,175,270

The collective net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the collective net OPEB liability was determined by an actuarial valuation as of June 30, 2019 and was rolled forward to the June 30, 2020 measurement date. The South Cook Intermediate Service Center #4's proportion of the collective net OPEB liability was based on a projection of the South Cook Intermediate Service Center #4's long-term share of contributions to the OPEB plan relative to the projected contributions of the South Cook Intermediate Service Center #4, actuarially determined. At June 30, 2020, the South Cook Intermediate Service Center #4's proportion was 0.005044 percent, which was a decrease of 0.000130 from its proportion measured as of June 30, 2019 (0.005174 percent). The State's support and total are for disclosure purposes only.

For the year ended June 30, 2021, the South Cook Intermediate Service Center #4 recognized OPEB expense of \$50,918 and revenue of \$50,918 for support provided by the State. For the year ended June 30, 2021, the South Cook Intermediate Service Center #4 recognized OPEB income of \$114,093. At June 30, 2021, the South Cook Intermediate Service Center #4 reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS (Continued)

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Differences between expected and actual experience	\$	_	\$	35,827
Change in assumptions		457		222,428
Net difference between projected and actual earnings on OPEB plan investments		_		38
Changes in proportion and differences between employer contributions and proportionate share of				
contributions		129,051		83,039
Employer contributions subsequent				
to the measurement date		11,027		
Total Deferred Amounts Related to OPEB	\$	140,535	\$	341,332

\$11,027 reported as deferred outflows of resources related to OPEB resulting from South Cook Intermediate Service Center #4 contributions subsequent to the measurement date and before the end of the fiscal year will be included as a reduction of the collective net OPEB liability in the year ending June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in the South Cook Intermediate Service Center #4's OPEB expense as follows:

Year Ending	Net Deferred Inflows

THIS Fiduciary Net Position

Detailed information about the THIS Fund fiduciary net position as of June 30, 2020, is available in the separately issued THIS Financial Report.

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS (Continued)

Teacher Retirement System - Health Insurance Plan

Plan Description and Actuarial Valuation

In addition to providing the pension benefits described in Note 3, the South Cook Intermediate Service Center #4 provides postemployment health care benefits (OPEB) for retired TRS employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the South Cook Intermediate Service Center #4 and can be amended by board approval. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report.

For financial statement purposes, an actuarial valuation is required to be performed at least every two years. As a result of this requirement, the South Cook Intermediate Service Center #4 had an actuarial valuation for the year ended June 30, 2021. The results are described below.

Eligibility Provisions

Select employees eligible to retire under TRS are eligible for the postemployment health care benefits.

Benefits Provided

The South Cook Intermediate Service Center #4 provides continued health insurance coverage at the blended employer rate to all eligible retirees in accordance with Illinois Compiled Statutes, which creates an implicit subsidy of retiree health insurance. To be eligible for benefits, an employee must qualify for retirement under the South Cook Intermediate Service Center #4 retirement plan. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer and the retiree is no longer eligible to participate in the plan, but can purchase a Medicare supplement plan from South Cook Intermediate Service Center #4's insurance provider.

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS (Continued)

Membership

At June 30, 2021, membership consisted of:

Inactive employees or beneficiaries currently receiving benefits	_
Inactive employees entitled to but not yet receiving benefits	_
Active employees fully eligible to receive plan benefits	22
Total	22
Number of Participating Employers	1

Funding Policy and Contributions

There is no funding policy that exists for the postretirement plan at this time, as the total OPEB liabilities are currently an unfunded obligation.

The employer contributions and benefit payments are related to the increase in active premiums due to the presence of retirees in the determination of blended retiree/active premiums.

Total OPEB Liability

The South Cook Intermediate Service Center #4's total OPEB liability of \$254,945 was measured as of June 30, 2021 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods in the measurement, unless otherwise specified.

Inflation	3.50%
Actuarial Cost Method	Entry Age Normal cost method was applied for actively employed participants.
Discount rate	As of June 30, 2021 a rate of 2.18% was used. As of
	June 30, 2020 a rate of 2.66% was used.
Healthcare cost trend rates	Based on forecast information in published papers from industry experts combined with historical premium rate experience, suggests a 6.50% medical increase for the 2020-2021 fiscal year trending down to an ultimate rate of 4.50% increase in the 2028-2029 and later fiscal years.

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS (Continued)

Mortality rates	Mortality rates used were based on the RP-2014 Healthy Annuitant Mortality Table with White Collar Adjustments, projected generationally with Scale MP-2014. Post-commencement rates were further adjusted. Specifically, male rates were multiplied by 115% for ages 78-114, and female rates were multiplied by 76% for ages 50-77 and 106% for ages 78-114.
Salary scale	Salary is assumed to increase at a rate of 3.50% per year, and represents merit increases plus cost of living adjustments. Benefits are not salary based and this assumption is only used for application of the cost method.
Retirement rates	For TRS employees hired prior to January 1, 2011, eligibility for reduced early retirement is 55 years old and 20 years of service while eligibility for normal unreduced retirement is 55 years old and 35 years of service, 60 years old and 10 years of service, or 62 years old and 5 years of service. For TRS employees hired after January 1, 2011, eligibility for reduced early retirement is 62 years old and 10 years of service while eligibility for normal unreduced retirement is 67 years old and 10 years of service. Assumptions are based on the expectation that future experience under the plan will be materially consistent with the assumptions utilized in the TRS valuations.

Changes in the Total OPEB Liability

The following represents the reconciliation of the Total OPEB Liability (TOL) from the beginning of the Fiscal Year (July 1, 2020) to the end of the Fiscal Year (June 30, 2021). The TOL as of June 30, 2021 is \$254,945.

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS (Continued)

IMRF - Health Insurance Plan

Plan Description and Actuarial Valuation

In addition to providing the pension benefits described in Note 3, the South Cook Intermediate Service Center #4 provides postemployment health care benefits (OPEB) for retired IMRF employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the South Cook Intermediate Service Center #4 and can be amended by board approval. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a separate report.

For financial statement purposes, an actuarial valuation is required to be performed at least every two years. As a result of this requirement, the South Cook Intermediate Service Center #4 had an actuarial valuation for the year ended June 30, 2021. The results are described below.

Eligibility Provisions

Employees eligible to retire under IMRF are eligible for the postemployment health care benefits.

Benefits Provided

The South Cook Intermediate Service Center #4 provides continued health insurance coverage at the blended employer rate to all eligible retirees in accordance with Illinois Compiled Statutes, which creates an implicit subsidy of retiree health insurance. To be eligible for benefits, an employee must qualify for retirement under the South Cook Intermediate Service Center #4 retirement plan. Retirees pay the full cost of the coverage. Upon a retiree reaching 65 years of age, Medicare becomes the primary insurer and the retiree is no longer eligible to participate in the plan, but can purchase a Medicare supplement plan from South Cook Intermediate Service Center #4's insurance provider.

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS (Continued)

Membership

At June 30, 2021, membership consisted of:

Inactive employees or beneficiaries currently receiving benefits	_
Inactive employees entitled to but not yet receiving benefits	_
Active employees	17
Total	17
Number of Participating Employers	1

Funding Policy and Contributions

There is no funding policy that exists for the postretirement plan at this time, as the total OPEB liabilities are currently an unfunded obligation.

The employer contributions and benefit payments are related to the increase in active premiums due to the presence of retirees in the determination of blended retiree/active premiums.

Total OPEB Liability

The South Cook Intermediate Service Center #4's total OPEB liability of \$113,545 was measured as of June 30, 2021 and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs

The total OPEB liability in the June 30, 2021 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods in the measurement, unless otherwise specified.

Inflation	3.00%
Actuarial Cost Method	Entry Age Normal cost method was applied for
	actively employed participants.
Discount rate	As of June 30, 2021 a rate of 2.18% was used. As of
	June 30, 2020 a rate of 2.66% was used.

NOTE 4 OTHER POSTEMPLOYMENT BENEFITS (Continued)

Healthcare cost trend rates	Based on forecast information in published papers from industry experts combined with historical premium rate experience, suggests a 6.50% medical increase for the 2020-2021 fiscal year trending down to an ultimate rate of 4.50% increase in the 2028-2029 and later fiscal years.
Mortality rates	Pre-retirement rates are based on public sector tables (Pub2010) and post-retirement rates are based on IMRF specific data, projected generationally with Scale MP-2020.
Salary scale	Salary is assumed to increase at a rate of 3.0% per year, and represents merit increases plus cost of living adjustments. Benefits are not salary based and this assumption is only used for application of the cost method.
Retirement rates	For IMRF employees hired prior to January 1, 2011, eligibility for reduced early retirement is 55 years old and 8 years of service while eligibility for normal unreduced retirement is 55 years old and 35 years of service or 60 years old and 8 years of service. For IMRF employees hired after January 1, 2011, eligibility for reduced early retirement is 62 years old and 10 years of service while eligibility for normal unreduced retirement is 62 years old and 35 years of service or 67 years old and 10 years of services. Assumptions are based on the expectation that future experience under the plan will be materially consistent with the assumptions utilized in the IMRF valuations.

Changes in the Total OPEB Liability

The following represents the reconciliation of the Total OPEB Liability (TOL) from the beginning of the Fiscal Year (July 1, 2020) to the end of the Fiscal Year (June 30, 2021). The TOL as of June 30, 2021 is \$113,545.

Total	\$	7,120			

NOTE 5 RISK MANAGEMENT

The South Cook Intermediate Service Center #4 is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. South Cook Intermediate Service Center #4 has purchased commercial insurance to cover these risks. No losses have been incurred in excess of the amounts covered by insurance over the past three years.

NOTE 6 CAPITAL ASSETS

In accordance with GASB Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, South Cook Intermediate Service Center #4 has reported capital assets in the government-wide Statement of Net Position. Purchases are reported as capital outlay in the governmental fund statements. Purchases of business-type activities are capitalized when purchased. The following table provides a summary of changes in capital assets for the year ended June 30, 2021:

	Balance July 1, 2020 Additions		De	eletions	Balance June 30, 2021		
Governmental activities:			 				
Building and improvements	\$	4,380,729	\$ -	\$	-	\$	4,380,729
Site improvements		187,979	-		-		187,979
Equipment		2,202,117	 		(56,740)		2,145,377
Total cost		6,770,825	-		(56,740)		6,714,085
Less: Accumulated depreciation							
Building and improvements		(2,005,600)	(102,121)		-		(2,107,721)
Site improvements		(5,956)	(10,022)		-		(15,978)
Equipment		(1,887,001)	 (40,634)		56,740		(1,870,895)
Total accumulated depreciation		(3,898,557)	(152,777)		56,740		(3,994,594)
Governmental activities							
Investment in capital assets, net	\$	2,872,268	\$ (152,777)	\$		\$	2,719,491

Capital assets are depreciated using the straight-line method over the estimated useful lives of the assets. Depreciation expense for the year ended June 30, 2021 of \$152,777 was charged to the governmental activities instructional services function on the government-wide Statement of Activities. Investment in capital assets is the component of net position that reports capital assets net of accumulated depreciation.

NOTE 7 ON-BEHALF PAYMENTS

The State of Illinois paid the following salaries of the executive director and assistant executive director and contributions on-behalf of the South Cook Intermediate Service Center #4:

State of Illinois	
Executive Director Salary	\$ 122,592
Executive Director Fringe Benefits	38,424
Assistant Executive Director Salary	110,328
Assistant Executive Director Fringe Benefits	 28,084
Subtotal	299,428
ISC #4's share of THIS OPEB expense	50,918
ISC #4's share of TRS pension expense	 1,077,398
Total	\$ 1,427,744

Salary and benefit date for the Executive Director and Assistant Executive Director were calculated based on data provided by ISBE. These amounts have been recorded in the accompanying governmental fund financial statements as State revenue and expenditures.

South Cook Intermediate Service Center #4 also recorded \$1,077,398 in revenue and expenses as on-behalf payments from ISBE for the Center's share of the State's Teachers' Retirement System pension expense and \$50,918 in revenue and expenses as on-behalf payments from the THIS fund for the Center's share of the OPEB expense in the Statement of Activities. In addition, South Cook Intermediate Service Center #4 has not included any on-behalf payments related to the State's TRS pension expense for the Executive Director and Assistant Executive Director.

NOTE 8 DUE FROM OTHER GOVERNMENTS

South Cook Intermediate Service Center #4's General and Education Fund have funds due from various other governmental units which consist of the following:

Due fro	m	Other Governments:
-	4	

Local governments	\$ 46,039
ISBE	 70,640
Total	\$ 116,679

NOTE 9 INTERFUND ACTIVITIES

Interfund due to/from fund balances at June 30, 2021 consist of the following individual due to/from other funds in the governmental fund Balance Sheet. The purpose of interfund borrowing was to cover temporary shortfalls in cash flow within grant programs and funds.

Fund	Due From Other Funds		Due to Other Funds	
General Fund				
RISE and General State Aid	\$	59,653	\$	_
Spelling Bee		4,320		_
Major Special Revenue Fund - Education Fund				
Regional Safe Schools		10,778		_
South Cook Mathematics Initiative		_		4,990
Digital Equity		_		16,972
ESSER II		_		9,320
Title II - Teacher Quality - Teacher Residencies		_		36,536
Title II - Teacher Quality - Leadership		_		6,933
Total	\$	74,751	\$	74,751

Interfund transfers in/out to other fund balances at June 30, 2021 consist of the following individual transfers in/out to other funds in the governmental fund Statement of Revenues, Expenditures, and Changes in Fund Balances. These transfers were made in order to meet operating cost needs in the receiving fund.

Fund	Tra	Transfers In		Transfers Out	
General Fund					
Local	\$	722,945	\$	_	
RISE and General State Aid		_		722,945	
Total	\$	722,945	\$	722,945	

NOTE 10 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Generally accepted accounting principles require disclosure of certain information concerning individual funds which are presented only in combination on the financial statements. Funds having deficit fund balances/net position and funds which over expend appropriations during the year are required to be disclosed. The following funds had deficit fund balances at June 30, 2021:

Special Revenue Fund - Education Fund -	
ROE/ISC Operations	\$ 3,523
Title II - Teacher Quality - Teacher Residencies	879

NOTE 11 NONCURRENT LIABILITIES

Changes in noncurrent liabilities during the fiscal year were as follows:

	Balance			Balance

Notes to Schedule:

This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.

Changes of Assumptions:

For 2014, changes are primarily from adopting an IMRF specific mortality tables with fully generational projection scale MP-2014 (base year 2014) developed from the RP-2014 mortality tables.

For 2015, changes are primarily from a change in the calculated single discount rate from 7.49% in 2014 to 7.47% in 2015.

For 2016, changes are primarily from a change in the calculated single discount rate from 7.47% in 2015 to 7.50% in 2016.

For 2017, changes are primarily from adopting an IMRF specific mortality tables with fully generational projection scale MP-2017 (base year 2015) developed from the RP-2014 mortality tables.

For 2018, the assumed investment rate of return was lowered from 7.50% to 7.25%.

For 2020, changes are primarily from adopting the Pub-2010, amount weighted, general mortality tables for retirees and active members.

Notes to Schedule:

Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2020 Contribution Rate*

Valuation Date:

Notes Actuarially determined contribution rates are calculated as of December 31 each year, which is 6 months prior

to the beginning of the fiscal year in which contributions are reported.

Methods and Assumptions Used to Determine 2020 Contribution Rates:

Actuarial Cost Method: Aggregate entry age normal
Amortization Method: Level percentage of payroll, closed

Remaining Amortization Period: 23-year closed period

Asset Valuation Method: 5-year smoothed market; 20% corridor

Wage Growth: 3.25%
Price Inflation: 2.50%

Salary Increases: 3.35% to 14.25%, including inflation

Investment Rate of Return: 7.25%

Retirement Age: Experience-based table of rates that are specific to the type of eligibility condition. Last

updated for the 2017 valuation pursuant to an experience study of the period 2014-2016.

Mortality: For non-disabled retirees, an IMRF specific mortality rates were used with fully

generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Healthy Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, an IMRF specific mortality rates were used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, an IMRF specific mortality rates were used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF

experience.

Other Information:

Notes: There were no benefit changes during the year.

This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, information is presented for those years for which information is available.

^{*} Based on Valuation Assumptions used in the December 31, 2018 actuarial valuation; note two year lag between valuation and rate setting.

Notes to Schedule

Changes of Assumptions

For the 2020-2016 measurement years, the assumed investment rate of return was of 7.0 percent, including an inflation rate of 2.5 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit and were consistent in 2019 and 2020. These actuarial assumptions were based on an experience study dated September 18, 2018.

For the 2015 measurement year, the assumed investment rate of return was 7.5 percent, including an inflation rate of 3.0 percent and a real return of 4.5 percent. Salary increases were assumed to vary by service credit. Various other changes in assumptions were adopted based on the experience analysis for the three-year period ending June 30, 2014.
