# FINANCIAL STATEMENT REPORT SUMMARY

For the Year Ended June 30, 2023

The audit of the accompanying basic financial statements of the Peoria County Regional Office of Education #48 was performed by GW & Associates PC.

Based on their audit, the auditors expressed an unmodified opinion on the Peoria County Regional Office of Education #48's basic financial statements.

#### **INDEPENDENT AUDITOR'S REPORT**

Honorable Frank J. Mautino Auditor General State of Illinois

### **Report on the Audit of the Financial Statements**

### **Opinions**

As Special Assistant Auditors for the Auditor General, we have audited the modified cash basis financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Peoria County Regional Office of Education No. 48, as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Peoria County Regional Office of Education No. 48's basic financial statements as listed in the table of contents.

In our opinion, the accompanying modified cash basis financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Peoria County Regional Office of Education No. 48, as of June 30, 2023, and the respective changes in modified cash basis financial position and, where applicable, cash flows thereof for the year then ended in accordance with modified cash basis of accounting described in Note 1.

# **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Peoria County Regional Office of Education No. 48, and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### Emphasis of Matter - Basis of Accounting

We draw your attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of the Peoria County Regional Office of Education No. 48's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting
  estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Peoria County Regional Office of Education No. 48's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Peoria County Regional Office of Education No. 48's basic financial statements. The modified cash basis combining schedules of accounts, the modified cash basis budgetary comparison schedules, and the modified cash basis combining fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the modified cash basis combining schedules of accounts, the modified cash basis budgetary comparison schedules, and the modified cash basis combining fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole on the modified cash basis of accounting as described in Note 1.

### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated April 22, 2024, on our consideration of the Peoria County Regional Office of Education No. 48's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Peoria County Regional Office of Education No. 48's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Peoria County Regional Office of Education No. 48's internal control over financial reporting and compliance.

Hillside, Illinois April 22, 2024 INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Frank J. Mautino Auditor General State of Illinois

As Special Assistant Auditors for the Auditor General, we have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Peoria County Regional Office of Education No. 48 as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the Peoria County Regional Office of Education No. 48's modified cash basis financial statements, and we have issued our report thereon dated April 22, 2024.

## **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Peoria County Regional Office of Education No. 48's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the modified cash basis financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Peoria County Regional Office of Education No. 48's internal control. Accordingly, we do not express an opinion on the effectiveness of the Peoria County Regional Office of Education No. 48's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Peoria County Regional Office of Education No. 48's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Peoria County Regional Office of Education No. 48's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Peoria County Regional Office of Education No. 48's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

#### 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Peoria County Regional Office of Education #48 was formed under the provisions of the State of Illinois, Illinois State Board of Education.

This summary of significant accounting policies of the Regional Office of Education #48 is presented to assist in understanding the Regional Office of Education #48's financial statements. The financial statements and notes are representations of the Regional Office of Education #48's management who is responsible for the integrity and objectivity of the financial statements. As discussed further in the "Measurement Focus and Basis of Accounting" section of this note, these financial statements are presented on the modified cash basis of accounting. The modified cash basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP). Generally accepted accounting principles include all relevant Governmental Accounting Standards Boards (GASB) pronouncements, which have been applied in these financial statements to the extent that they are applicable to the modified cash basis of accounting.

#### FINANCIAL REPORTING ENTITY

The Regional Office of Education #48 operates under the School Code (Articles 5/3 and 5/3A of Illinois Compiled Statutes, Chapter 105). The Regional Office of Education #48 encompasses Peoria County. The Regional Superintendent of Schools (Regional Superintendent) serves as chief administrative officer of the Regional Office of Education #48 and is elected pursuant to Article 3, Illinois Compiled Statutes, Chapter 105.

The Regional Superintendent's responsibilities include, but are not limited to, compliance visits of public schools; direction of teachers and school officers; to serve as the official advisor and assistant of school officers and teachers; to conduct teacher institutes as well as to aid and encourage the formation of other teachers' meetings and assist in their management; ensuring the safety, health and welfare of the students in the region by periodically inspecting the school buildings and ensuring that the bus drivers have valid driving licenses and are properly trained to operate the school buses. The Regional Superintendent is also responsible for the examinination of evidence of indebtedness; file and keep the reports and statements returned by school treasurers and trustees.

The Regional Superintendent is responsible for inspection and approval or rejection of school treasurers' bonds; providing the State Board of Education with an affidavit showing that the treasurers of school districts under her control are properly bonded; apportionment and payment of funds received from the State for the districts in the Regional Office of Education #48, or see that no payments are made unless the treasurer has filed or renewed appropriate bond and that the district has certified publication of the annual financial report. ## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

For the period ended June 30, 2023, the Regional Office of Education #48 applied for, received, and administered numerous State and federal programs and grants in assistance and support of the educational activities of the school districts in Regional Office of Education #48. Such activities are reported as a single special revenue fund (Education Fund).

#### SCOPE OF THE REPORTING ENTITY

The Regional Office of Education #48 reporting entity includes all related organizations for which they exercise oversight responsibility.

The Regional Office of Education #48 has developed criteria to determine whether outside agencies with activities which benefit the citizens of the Regional Office of Education #48, including districts or joint agreements which serve pupils from numerous regions, should be included in its financial reporting entity. The criteria include, but are not limited to, whether the Regional Office of Education #48 exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

The districts and joint agreements have been determined not to be a part of the reporting entity after applying the manifesting of oversight, scope of public service, and special financing relationships criteria and are therefore excluded from the accompanying financial statements because the Regional Office of Education #48 does not control the assets, operations, or management of the districts or joint agreements. In addition, the Regional Office of Education #48 is not aware of any entity, which would exercise such oversight as to result in the Regional Office of Education #48 being considered a component unit of the entity.

The Statement of Net Position - Modified Cash Basis and the Statement of Activities - Modified Cash Basis are government-wide financial statements. They report information on all of the Regional Office of Education #48's activities with most of the interfund activities removed. Governmental activities include programs supported primarily by State and federal grants and other intergovernmental revenues. The Regional Office of Education #48 has one business-type activity - Local Workshops. The Local Workshop Fund accounts for fees charged for various workshops and conferences that provide staff development for educators in central and west central Illinois. The Regional Office of Education #48 also had another business-type activity that ceased operations on June 30, 2022, and the related fund was closed on June 30, 2023 - Illinois Virtual School.

The Regional Office of Education #48's government-wide financial statements include a Statement of Net Position - Modified Cash Basis and a Statement of Activities - Modified Cash Basis. These statements present a summary of governmental and business-type activities for the Regional Office of Education #48 accompanied by a total column. All of the Regional Office of Education #48's assets and liabilities in accordance with the modified cash basis of accounting are included in the accompanying Statement of Net Position - Modified Cash Basis. The Statement of Activities - Modified Cash Basis demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges for services, and 2) grants and contributions that are restricted to meeting operational or capital requirements of a particular function. Other items not properly included among progam revenues are reported instead as general revenues.

# 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Certain eliminations have been made as prescribed by GASB Statement No. 34 in regards to interfund activities, such as, payables, receivables and transfers. Interfund activities between governmental funds and proprietary funds appear as due to/due from on the governmental fund Balance Sheet - Modified Cash Basis and proprietary fund Statement of Net Position - Modified Cash Basis and as other financing sources and uses on the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances - Modified Cash Basis and as transfers in and out on the proprietary fund Statement of Revenues, Expenses and Changes in Fund Net Position - Modified Cash Basis.

All interfund transactions between governmental funds and between business-type funds are eliminated on the government-wide financial statements. Interfund activities between governmental funds and business-type funds are shown as internal balances on the government-wide financial statements.

All internal balances in the Statement of Net Position - Modified Cash Basis have been eliminated except those representing balances between the governmental activities and the business-type activities.

The purpose of interfund borrowing and permanent transfers is to cover temporary or permanent short falls in cash flow within grant programs and funds.

#### PROPRIETARY FUND FINANCIAL STATEMENTS

Proprietary fund financial statements include a Statement of Net Position - Modified Cash Basis, a Statement of Revenues, Expenses and Changes in Fund Net Position - Modified Cash Basis, and a Statement of Cash Flows - Modified Cash Basis for each major proprietary fund and nonmajor funds aggregated.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

#### GOVERNMENTAL FUND FINANCIAL STATEMENTS

Governmental fund financial statements include a Balance Sheet - Modified Cash Basis and a Statement of Revenues, Expenditures and Changes in Fund Balances - Modified Cash Basis for all major governmental funds and nonmajor funds aggregated. When necessary, an accompanying schedule is presented to reconcile and explain the differences in fund balances and changes in fund balances as presented in these statements to the net position and changes in net position presented in the government-wide financial statements.

The governmental fund financial statements have been prepared in accordance with the modified cash basis of accounting. Under the modified cash basis of accounting, revenues are recorded when received. Expenditures are recognized when paid.

#### MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide financial statements and proprietary funds are reported using the "economic resources" measurement focus within the limitations of the modified cash basis of accounting. Revenues are recorded when received and expenses are recorded when paid.

The governmental funds financial statements focus on the measurement of spending or "financial flow" and the determination of changes in financial position, rather than upon net income determination. This means that only current assets and current liabilities recognized on the modified cash basis of accounting are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Basis of accounting refers to when revenues received and expenses or expenditures disbursed are recognized in the accounts and how they are reported on the financial statements. The Regional Office of Education No. 48 maintains its accounting records for all funds on the modified cash basis of accounting. Modified cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions. Liabilities are recognized for payroll withholdings that have not yet been remitted and interfund assets and liabilities are recognized for cash that is being temporarily borrowed by one fund from another fund. Revenues are recognized when they are received, and expenses or expenditures are recognized when paid. Generally accepted accounting principles require the recognition of revenue when it becomes "measurable" and "available" as net current assets and, generally, expenses or expenditures when the related liability is incurred.

Under the terms of grant agreements, Regional Office of Education #48 funds certain programs by a combination of specific cost-reimbursement grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted funding resources available to finance the program. It is the Regional Office of Education #48's policy to first apply cost-reimbursement grant resources to such programs, and then general revenues. It is the Regional Office of Education #48's policy to first apply restricted funds, then unrestricted. For unrestricted fund balances, committed funds are used first, then assigned funds, then unassigned if any.

#### **FUND ACCOUNTING**

The Regional Office of Education #48 uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Regional Office of Education #48 uses governmental, proprietary, and fiduciary funds.

### **GOVERNMENTAL FUNDS**

Governmental funds are those through which most governmental functions typically are reported. Governmental funds reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purpose for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as a fund balance.

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

GOVERNMENTAL FUNDS (Continued)

As prescribed by GASB Statement No. 34, governmental fund reporting focuses on the major funds, rather than on the fund type. There is a two-step process for determining if a fund should be reported as a major fund: 1) total assets, liabilities, revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 10% of the corresponding total for the fund type, and 2) total assets, liabilities, revenues, or expenditures/expenses (excluding extraordinary items) of an individual fund are at least 5% of the corresponding total for the total of all governmental and proprietary funds combined. Funds that do not meet the major fund determination requirements are reported in aggregate as nonmajor funds. The Regional Office of Education #48 has presented all major funds that met the above qualifications.

The Regional Office of Education #48 reports the following major governmental funds:

#### 3 ILLINOIS MUNICIPAL RETIREMENT FUND

#### IMRF PLAN DESCRIPTION

The Regional Office of Education #48's defined benefit pension plan for Regular employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The Regional Office of Education #48's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of an agent multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this note. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Annual Comprehensive Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

#### **BENEFITS PROVIDED**

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

#### **CONTRIBUTIONS**

As set by statute, the Regional Office of Education #48's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The Regional Office of Education #48's annual contribution rate was 6.72% for calendar year 2022 and 7.34% for calendar year 2023. For the fiscal year ended June 30, 2023, the Regional Office of Education #48 contributed \$40,589 to the plan. The Regional Office of Education #48 also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

The Regional Office of Education #48 does not record a net pension liability, deferred inflows of resources, or deferred outflows of resources because it follows the modified cash basis of accounting as described in Note 1. Pension expense recorded in the financial statements is cash disbursements made to meet current year contribution obligations.

#### 4 TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS

The Regional Office of Education #48 participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at https://www.trsil.org/financial/acfrs/fy2022; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or calling (888) 678-3675, option 2.

### 4 TEACHERS' RETIREMENT SYSTEM OF THE STATE OF ILLINOIS (Continued)

#### **BENEFITS PROVIDED**

TRS provides retirement, disability, and death benefits. Tier 1 members have TRS or reciprocal system services prior to January 1, 2011. Tier 1 members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest consecutive years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service.

Tier 2 members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the highest four. Disability provisions for Tier 2 are identical to those of Tier 1. Death benefits are payable under a formula that is different than Tier 1.

Essentially all Tier 1 retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier 2 annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Public Act 100-0023, enacted in 2017, creates an optional Tier 3 hybrid retirement plan, but it has not yet gone into effect. Public Act 100-0587, enacted in 2018, requires TRS to offer two temporary benefit buyout programs that expire on June 30, 2026. One program allows retiring Tier 1 members to receive a partial lump-sum payment in exchange for accepting a lower, delayed annual increase. The other allows inactive vested Tier 1 and 2 members to receive a partial lump-sum payment in lieu of a retirement annuity. Both programs began in 2019 and are funded by bonds issued by the State of Illinois.

#### **CONTRIBUTIONS**

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2022, was 9 percent of creditable earnings. The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the Regional Office of Education #48. For the year ending June 30, 2023, the Regional Office of Education #48 did not contribute on behalf of employees.

#### 2.2 FORMULA CONTRIBUTIONS

Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ending June 30, 2023 were \$6,449 (including \$692 paid by PERFECT, a custodial fund).

#### FEDERAL AND SPECIAL TRUST FUND CONTRIBUTIONS

When TRS members are paid from federal and special trust funds administered by the Regional Office of Education #48, there is a statutory requirement for the Regional Office of Education #48 to pay an employer pension contribution from those funds. Under Public Act 100-0340, the federal and special trust fund contribution rate is the total employer normal cost beginning with the year ended June 30, 2018.

Previously, employer contributions for employees paid from federal and special trust funds were at the same rate as the state contribution rate to TRS and were much higher.

For the year ended June 30, 2023, the employer pension contribution was 10.49 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2023, salaries totaling \$63,300 were paid from federal and special trust funds that required Regional Office of Education #48 contributions of \$6,640 (including \$5,372 paid by PERFECT, a custodial fund).

#### EMPLOYER RETIREMENT COST CONTRIBUTIONS

Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The Regional Office of Education #48 is required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary.

A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2023, the Regional Office of Education #48 made no payments to TRS for employer contributions due on salary increases in excess of 6 percent and no payments were made for sick leave days granted in excess of the normal annual allotment.

The Regional Office of Education #48 does not record a net pension liability, deferred inflows of resources, or deferred outflows of resources because it follows the modified cash basis of accounting as described in Note 1. Pension expense recorded in the financial statements is cash disbursements made to meet current year contribution obligations.

### 5 TEACHERS' HEALTH INSURANCE SECURITY FUND

#### PLAN DESCRIPTION

The Regional Office of Education #48 participates in the Teacher Health Insurance Security (THIS) Fund. THIS is a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of Illinois public school teachers employed outside the City of Chicago. The THIS fund is a non-appropriated trust fund held outside the State Treasury, with the State Treasurer as custodian. Additions deposited into the Trust are for the sole purpose of providing the health benefits to retirees, as established under the plan, and associated administrative costs.

The State Employees Group Insurance Act of 1971 (5 ILCS 375/6.5) establishes the eligibility and benefit provisions of the plan. Amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the state to make a contribution to the THIS Fund.

Dependents are eligible for coverage, at a rate of 100% of the cost of coverage.

The publicly available financial report for the THIS Fund may be found on the website of the Illinois Auditor General: http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp. The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

The Regional Office of Education #48 does not record a liability for Other Post-employment Benefits (OPEB), deferred inflows of resources, or deferred outflows of resources because it follows the modified cash basis of accounting as described in Note 1. OPEB expense recorded in the financial statements is cash disbursements made to meet current year contribution obligations.

#### 10 OTHER POST EMPLOYMENT BENEFITS - HEALTH INSURANCE

#### PLAN DESCRIPTION

The Regional Office of Education #48 administers a single-employer defined benefit OPEB plan, "the Plan". The plan provides OPEB for eligible retirees, spouses, and surviving spouses through The Regional Office of Education #48's group health insurance plan, which covers both active and retired members. The benefits, benefit levels, employee contributions, and employer contributions are governed by the Regional Office of Education #48 and can be amended by the Regional Office of Education through its personnel manual, except for the implicit subsidy which is governed by the State Legislature and Illinois Compiled Statutes (ILCS). The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The Plan does not issue a stand-alone financial report.

#### **BENEFITS PROVIDED**

The Regional Office of Education #48 provides medical and prescription benefits, through continued health insurance coverage, at the blended employer rate to all eligible retirees in accordance with Illinois Compiled Statutes. This benefit creates an implicit subsidy of retiree health insurance.

To be eligible for benefits, an employee must qualify for retirement under the Regional Office of Education #48 retirement plan. General employees who became Illinois Municipal Retirement Fund (IMRF) members prior to January 1, 2011 are eligible at the earliest of: 1. Age 60 with 8 years of service; 2. Age 55 with 35 years of service; or 3. Age 55 with 8 years of service (early retirement with reduced benefit). General employees who became IMRF members on/after January 1, 2011 are eligible at the earliest of: 1. Age 67 with 10 years of service; 2. Age 62 with 35 years of service; or 3. Age 62 with 10 years of service (early retirement with reduced benefit). Upon a retiree reaching age 65 years of age, Medicare becomes the primary insurer and the retiree is no longer eligible to participate in the plan. Spousal coverage converts to COBRA upon the death of a retiree or active employees eligible for retirement and terminates once the spouse attains age 65. If the retiree attains age 65 (eligible for Medicare) prior to their spouse, the spouse may elect to continue coverage through the Regional Office until the spouse attains age 65.

#### **MEMBERSHIP**

At June 30, 2023, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments Inactive employees entitled to but not yet receiving benefit payments Active employees

Active employees who have not elected health coverage are assumed not to elect coverage at retirement and they have been excluded from plan membership numbers and related valuations.

#### **FUNDING POLICY**

All plan funding is done on a pay-as-you go basis as the Regional Office of Education #48 is not required to and currently does not advance fund the costs of benefits that may become due and payable in the future.
