In Car Camera Report

To whom it may concern,

The Farmer City Police Department received 4 cameras from the grant and had them installed in our 4 patrol vehicles. The camera systems are set to run whenever the vehicle is turned on and are used to document traffic stop, call for service, accidents etc. The chief of police or his designee down loads the video from the vehicle cameras to a secure evidence library when needed or when the camera hard drive gets full. The videos are the reviewed monthly or when needed by the chief of police or his designee. Please see the attached form for the list of events related to the camera's use.

You can reach me at the above the above number or my department e-mail nquest@cityoffarmercity.org if you have any questions or concerns.

Respectfully Submitted,

Nathan Guest

Chief of Police

Farmer City Police Department
