SUBJECT: For the Record - 2024

The Illinois Department of Transportation's For the Record 2024 is now available on the Department's website at [IDOT For the Record \(illinois.gov\)](https://www.idot.gov/for-the-record). The report compares actual awards with the Annual Highway Improvement Program that was published in August 2023.

Fiscal Year 2024 was the fifth year of the Rebuild Illinois capital program which passed in June 2019. For real time data on Rebuild Illinois Accomplishments, visit [our dashboard](#).

The FY 2024 Annual Highway Improvement Program continued to remain significantly larger than previous years which has enabled the Department to design and implement more highway projects to address and repair our state's crumbling infrastructure.

The Department's 2024 awards included improvements on 1,232 miles of highway and 1,652,778 square feet of deck area (169 bridges) on the state and local systems and represents over \$4.04 billion in contracts. In 2024, the Department accomplished 86.6 percent of projects that were anticipated in the Annual Highway Improvement Program. Additionally, contracts awarded represent 76.3 percent of the Department's anticipated accomplishments in the 2024 Annual Highway Improvement Program.
