To the Senate Redistricting Committee,

Above and attached is the ILFull map that I previously submitted to this committee and to the House Redistricting Committee regarding our current IL3 district drawn here as IL6 (you can see my forward of my original email to the committee below). I would like to clarify that I was unable to use the portal to submit a map as I did not understand the interface, thus I only submitted maps via email. I had also previously submitted maps of smaller areas asking for IL3 district to keep its borders. Recognizing that this would not be viable based on what I saw at hearings, this attached map was my most recent submission- addressing the idea that IL3 will become IL6 and requesting this shape be considered.

Much thanks,
Meghann McEntee

To the Redistricting Committee,

Attached is a full Illinois district map I would like to submit to the Senate Redistricting Committee. We want a map that is fair for all Democrats. We want a map that can bring our communities together, not divide us as the drafts are doing to my district and community (the current IL03). I hope you'll give it a look, and listen to our constituent voices.

Respectfully,
Meghann McEntee
