SENATE RESOLUTION NO. 748

WHEREAS, The Lewis and Clark Expedition is about President Thomas Jefferson's dream, the planning and preparation required for an early 19th-century military expedition, and then finally about the expedition itself; and

WHEREAS, Both geographically and historically, the territory now known as Illinois played a significant role in the Lewis and Clark story; and

WHEREAS, Beginning with their arrival near present-day Cairo in November of 1803, and ending with their official departure from Wood River on May 14, 1804, the Corps of Discovery spent more than six months in what is now the State of Illinois; and

WHEREAS, On November 11, 1803, the Captains of the Corps arrived with about 20 men at Fort Massac, near present day Metropolis, Illinois; and

WHEREAS, This western outpost of the United States Army provided logistical support and a central location for recruiting military and civilian volunteers; and

WHEREAS, The Corps arrived at Fort Kaskaskia, near present-day Ellis Grove, Illinois, on November 27th, where they socialized with local citizens and recruited additional volunteers; and

WHEREAS, On December 12, 1803, the Corps, now over 40 men, landed at Wood River and
 [May 3, 2006]

established Camp River Dubois; and

WHEREAS, Camp River Dubois would be the Corps' temporary home until their departure on May 14, 1804; and

WHEREAS, The Corps used their time at Camp River Dubois to drill, practice marksmanship, and acquire and stow the supplies needed for the long expedition; and

WHEREAS, Expanding the Lewis and Clark National Historic Trail to include additional sites associated with the preparation and return phase of the expedition would provide additional tourism to southern Illinois; and

WHEREAS, Legislation has been filed in the United States Congress to create the Lewis and Clark National Historic Trail Extension Act of 2006; and

WHEREAS, This legislation amends the National Trails System Act to extend the Lewis and Clark National Historic Trail to include additional sites associated with the preparation and return phase of the expedition; and

WHEREAS, The extended route would include designated Lewis and Clark sites in Virginia, the District of Columbia, Maryland, Delaware, Pennsylvania, West Virginia, Ohio, Kentucky, Tennessee, Indiana, and Illinois; and

WHEREAS, The legislation requires a suitability and feasibility study be completed to include the extended route within one year from the date funds are first made available for that purpose; and

WHEREAS, The Lewis and Clark Trail Heritage Foundation supports recognition of a continuous trail across the country on the National Park Service's official trail map and the right to post the official trail signs; and

WHEREAS, The extension of the Lewis and Clark National Historic Trail from coast to coast would complete the story and expose a broader base of Americans to the educational and cultural aspects of the expedition; and

WHEREAS, The Lewis and Clark Trail Heritage Foundation believes that the status quo does not adequately recognize Monticello, the home of Thomas Jefferson, where he dreamed his vision for America, Washington, D.C., where he shared his dream with Meriwether Lewis, or a variety of other significant places throughout the Eastern Legacy states; and

WHEREAS, The Lewis and Clark Trail Heritage Foundation partners with the National Parks Service, the Bureau of Land Management, and the Forest Service in caring for the Lewis and Clark National Historic Trail and also supports scholarship, educational efforts, and research on the expedition; therefore, be it

RESOLVED, BY THE SENATE OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, that we support and urge the United States Congress to pass legislation calling for federal approval of extension of the Lewis and Clark National Historic Trail; and be it further

RESOLVED, That a suitable copy of this resolution be presented to each member of the Illinois Congressional delegation, the Speaker of the United States House of Representatives, and the Majority Leader of the United States Senate.

(b) If the amount that the State Board of Education will pay to a school district from fiscal year 2005 appropriations, as estimated by the State Board of Education on April 1, 2005, is less than the amount that the State Board of Education paid to the school district from fiscal year 2004 appropriations, then the State Board of Education shall make a fiscal year 2005 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2005 appropriations and the amount paid from fiscal year 2004 appropriations.

(c) If the amount that the State Board of Education will pay to a school district from fiscal year 2006 appropriations, as estimated by the State Board of Education on April 1, 2006, is less than the amount that the State Board of Education paid to the school district from fiscal year 2005 appropriations, then the State Board of Education shall make a fiscal year 2006 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2006 appropriations and the amount paid from fiscal year 2005 appropriations.

(d) If the amount that the State Board of Education will pay to a school district from fiscal year 2007 appropriations, as estimated by the State Board of Education on April 1, 2007, is less than the amount that the State Board of Education paid to the school district from fiscal year 2006 appropriations, then the State Board of Education, subject to appropriation, shall make a fiscal year 2007 transitional assistance payment to the school district in an amount equal to the difference between the estimated amount to be paid from fiscal year 2007 appropriations and the amount paid from fiscal year 2006 appropriations.

Sec. 18-8.05. Basis for apportionment of general State financial aid and supplemental general State aid to the common schools for the 1998-1999 and subsequent school years.

(A) General Provisions.

(1) The provisions of this Section apply to the 1998-1999 and subsequent school years. The system of general State financial aid provided for in this Section is designed to assure that, through a combination of State financial aid and required local resources, the financial support provided each pupil in Average Daily Attendance equals or exceeds a prescribed per pupil Foundation Level. This formula approach imputes a level of per pupil Available Local Resources and provides for the basis to calculate a per pupil level of general State financial aid that, when added to Available Local Resources, equals or exceeds the Foundation Level. The amount of per pupil general State financial aid for school districts, in general, varies in inverse relation to Available Local Resources. Per pupil amounts are based upon each school district's Average Daily Attendance as that term is defined in this Section.

(2) In addition to general State financial aid, school districts with specified levels or concentrations of pupils from low income households are eligible to receive supplemental general State financial aid grants as provided pursuant to subsection (H). The supplemental State aid grants provided for school districts under subsection (H) shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section.

(3) To receive financial assistance under this Section, school districts are required to file claims with the State Board of Education, subject to the following requirements:

(a) Any school district which fails for any given school year to maintain school as required by law, or to maintain a recognized school is not eligible to file for such school year any claim upon the Common School Fund. In case of nonrecognition of one or more attendance centers in a school district otherwise operating recognized schools, the claim of the district shall be reduced in the proportion which the Average Daily Attendance in the attendance center or centers bear to the Average Daily Attendance in the school district. A "recognized school" means any public school which meets the standards as established for recognition by the State Board of Education. A school district or attendance center not having recognition status at the end of a school term is entitled to receive State aid payments due upon a legal claim which was filed while it was recognized.

(b) School district claims filed under this Section are subject to Sections 18-9, 18-10, and 18-12, except as otherwise provided in this Section.

(c) If a school district operates a full year school under Section 10-19.1, the general State aid to the school district shall be determined by the State Board of Education in accordance with

this Section as near as may be applicable.

(d) (Blank).

(4) Except as provided in subsections (H) and (L), the board of any district receiving any of the grants provided for in this Section may apply those funds to any fund so received for which that board is authorized to make expenditures by law.

School districts are not required to exert a minimum Operating Tax Rate in order to qualify for assistance under this Section.

(5) As used in this Section the following terms, when capitalized, shall have the meaning ascribed herein:

(a) "Average Daily Attendance": A count of pupil attendance in school, averaged as provided for in subsection (C) and utilized in deriving per pupil financial support levels.

(b) "Available Local Resources": A computation of local financial support, calculated on the basis of Average Daily Attendance and derived as provided pursuant to subsection (D).

(c) "Corporate Personal Property Replacement Taxes": Funds paid to local school districts pursuant to "An Act in relation to the abolition of ad valorem personal property tax and the replacement of revenues lost thereby, and amending and repealing certain Acts and parts of Acts in connection therewith", certified August 14, 1979, as amended (Public Act 81-1st S.S.-1).

(d) "Foundation Level": A prescribed level of per pupil financial support as provided for in subsection (B).

(e) "Operating Tax Rate": All school district property taxes extended for all purposes, except Bond and Interest, Summer School, Rent, Capital Improvement, and Vocational Education Building purposes.

(B) Foundation Level.

(1) The Foundation Level is a figure established by the State representing the minimum level of per pupil financial support that should be available to provide for the basic education of each pupil in Average Daily Attendance. As set forth in this Section, each school district is assumed to exert a sufficient local taxing effort such that, in combination with the aggregate of general State financial aid provided the district, an aggregate of State and local resources are available to meet the basic education needs of pupils in the district.

(2) For the 1998-1999 school year, the Foundation Level of support is \$4,225. For the 1999-2000 school year, the Foundation Level of support is \$4,325. For the 2000-2001 school year, the Foundation Level of support is \$4,425. For the 2001-2002 school year and 2002-2003 school year, the Foundation Level of support is \$4,560. For the 2003-2004 school year, the Foundation Level of support is \$4,810. For the 2004-2005 school year, the Foundation Level of support is \$4,964. For the 2005-2006 school year, the Foundation Level of support is \$5,164.

(3) For the 2006-2007 ~~2005-2006~~ school year and each school year thereafter, the Foundation Level of support is \$5,334 ~~\$5,164~~ or such greater amount as may be established by law by the General Assembly.

(C) Average Daily Attendance.

(1) For purposes of calculating general State aid pursuant to subsection (E), an Average Daily Attendance figure shall be utilized. The Average Daily Attendance figure for formula calculation purposes shall be the monthly average of the actual number of pupils in attendance of each school district, as further averaged for the best 3 months of pupil attendance for each school district. In compiling the figures for the number of pupils in attendance, school districts and the State Board of Education shall, for purposes of general State aid funding, conform attendance figures to the requirements of subsection (F).

(2) The Average Daily Attendance figures utilized in subsection (E) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated or the average of the attendance data for the 3 preceding school years, whichever is greater. The Average Daily Attendance figures utilized in subsection (H) shall be the requisite attendance data for the school year immediately preceding the school year for which general State aid is being calculated.

(D) Available Local Resources.

(1) For purposes of calculating general State aid pursuant to subsection (E), a representation of Available Local Resources per pupil, as that term is defined and determined in this subsection, shall be utilized. Available Local Resources per pupil shall include a calculated dollar amount representing local

[May 3, 2006]

school district revenues from local property taxes and from Corporate Personal Property Replacement Taxes, expressed on the basis of pupils in Average Daily Attendance. Calculation of Available Local Resources shall exclude any tax amnesty funds received as a result of Public Act 93-26.

(2) In determining a school district's revenue from local property taxes, the State Board of Education shall utilize the equalized assessed valuation of all taxable property of each school district as of September 30 of the previous year. The equalized assessed valuation utilized shall be obtained and determined as provided in subsection (G).

(3) For school districts maintaining grades kindergarten through 12, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 3.00%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades kindergarten through 8, local property tax revenues per pupil shall be calculated as the product of the applicable equalized assessed valuation for the district multiplied by 2.30%, and divided by the district's Average Daily Attendance figure. For school districts maintaining grades 9 through 12, local property tax revenues per pupil shall be the applicable equalized assessed valuation of the district multiplied by 1.05%, and divided by the district's Average Daily Attendance figure.

(4) The Corporate Personal Property Replacement Taxes paid to each school district during the calendar year 2 years before the calendar year in which a school year begins, divided by the Average Daily Attendance figure for that district, shall be added to the local property tax revenues per pupil as derived by the application of the immediately preceding paragraph (3). The sum of these per pupil figures for each school district shall constitute Available Local Resources as that term is utilized in subsection (E) in the calculation of general State aid.

(E) Computation of General State Aid.

(1) For each school year, the amount of general State aid allotted to a school district shall be computed by the State Board of Education as provided in this subsection.

(2) For any school district for which Available Local Resources per pupil is less than the product of 0.93 times the Foundation Level, general State aid for that district shall be calculated as an amount equal to the Foundation Level minus Available Local Resources, multiplied by the Average Daily Attendance of the school district.

(3) For any school district for which Available Local Resources per pupil is equal to or greater than the product of 0.93 times the Foundation Level and less than the product of 1.75 times the Foundation Level, the general State aid per pupil shall be a decimal proportion of the Foundation Level derived using a linear algorithm. Under this linear algorithm, the calculated general State aid per pupil shall decline in direct linear fashion from 0.07 times the Foundation Level for a school district with Available Local Resources equal to the product of 0.93 times the Foundation Level, to 0.05 times the Foundation Level for a school district with Available Local Resources equal to the product of 1.75 times the Foundation Level. The allocation of general State aid for school districts subject to this paragraph 3 shall be the calculated general State aid per pupil figure multiplied by the Average Daily Attendance of the school district.

(4) For any school district for which Available Local Resources per pupil equals or exceeds the product of 1.75 times the Foundation Level, the general State aid for the school district shall be calculated as the product of \$218 multiplied by the Average Daily Attendance of the school district.

(5) The amount of general State aid allocated to a school district for the 1999-2000 school year meeting the requirements set forth in paragraph (4) of subsection (G) shall be increased by an amount equal to the general State aid that would have been received by the district for the 1998-1999 school year by utilizing the Extension Limitation Equalized Assessed Valuation as calculated in paragraph (4) of subsection (G) less the general State aid allotted for the 1998-1999 school year. This amount shall be deemed a one time increase, and shall not affect any future general State aid allocations.

(F) Compilation of Average Daily Attendance.

(1) Each school district shall, by July 1 of each year, submit to the State Board of Education, on forms prescribed by the State Board of Education, attendance figures for the school year that began in the preceding calendar year. The attendance information so transmitted shall identify the average daily attendance figures for each month of the school year. Beginning with the general State aid claim form for the 2002-2003 school year, districts shall calculate Average Daily Attendance as provided in subdivisions (a), (b), and (c) of this paragraph (1).

(a) In districts that do not hold year-round classes, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(b) In districts in which all buildings hold year-round classes, days of attendance in July and August shall be added to the month of September and any days of attendance in June shall be added to the month of May.

(c) In districts in which some buildings, but not all, hold year-round classes, for the non-year-round buildings, days of attendance in August shall be added to the month of September and any days of attendance in June shall be added to the month of May. The average daily attendance for the year-round buildings shall be computed as provided in subdivision (b) of this paragraph (1). To calculate the Average Daily Attendance for the district, the average daily attendance for the year-round buildings shall be multiplied by the days in session for the non-year-round buildings for each month and added to the monthly attendance of the non-year-round buildings.

Except as otherwise provided in this Section, days of attendance by pupils shall be counted only for sessions of not less than 5 clock hours of school work per day under direct supervision of: (i) teachers, or (ii) non-teaching personnel or volunteer personnel when engaging in non-teaching duties and supervising in those instances specified in subsection (a) of Section 10-22.34 and paragraph 10 of Section 34-18, with pupils of legal school age and in kindergarten and grades 1 through 12.

Days of attendance by tuition pupils shall be accredited only to the districts that pay the tuition to a recognized school.

(2) Days of attendance by pupils of less than 5 clock hours of school shall be subject to the following provisions in the compilation of Average Daily Attendance.

(a) Pupils regularly enrolled in a public school for only a part of the school day may be counted on the basis of 1/6 day for every class hour of instruction of 40 minutes or more attended pursuant to such enrollment, unless a pupil is enrolled in a block-schedule format of 80 minutes or more of instruction, in which case the pupil may be counted on the basis of the proportion of minutes of school work completed each day to the minimum number of minutes that school work is required to be held that day.

(b) Days of attendance may be less than 5 clock hours on the opening and closing of the school term, and upon the first day of pupil attendance, if preceded by a day or days utilized as an institute or teachers' workshop.

(c) A session of 4 or more clock hours may be counted as a day of attendance upon certification by the regional superintendent, and approved by the State Superintendent of Education to the extent that the district has been forced to use daily multiple sessions.

(d) A session of 3 or more clock hours may be counted as a day of attendance (1) when the remainder of the school day or at least 2 hours in the evening of that day is utilized for an in-service training program for teachers, up to a maximum of 5 days per school year of which a maximum of 4 days of such 5 days may be used for parent-teacher conferences, provided a district conducts an in-service training program for teachers which has been approved by the State Superintendent of Education; or, in lieu of 4 such days, 2 full days may be used, in which event each such day may be counted as a day of attendance; and (2) when days in addition to those provided in item (1) are scheduled by a school pursuant to its school improvement plan adopted under Article 34 or its revised or amended school improvement plan adopted under Article 2, provided that (i) such sessions of 3 or more clock hours are scheduled to occur at regular intervals, (ii) the remainder of the school days in which such sessions occur are utilized for in-service training programs or other staff development activities for teachers, and (iii) a sufficient number of minutes of school work under the direct supervision of teachers are added to the school days between such regularly scheduled sessions to accumulate not less than the number of minutes by which such sessions of 3 or more clock hours fall short of 5 clock hours. Any full days used for the purposes of this paragraph shall not be considered for computing average daily attendance. Days scheduled for in-service training programs, staff development activities, or parent-teacher conferences may be scheduled separately for different grade levels and different attendance centers of the district.

(e) A session of not less than one clock hour of teaching hospitalized or homebound pupils on-site or by telephone to the classroom may be counted as 1/2 day of attendance, however these pupils must receive 4 or more clock hours of instruction to be counted for a full day of attendance.

(f) A session of at least 4 clock hours may be counted as a day of attendance for first grade pupils, and pupils in full day kindergartens, and a session of 2 or more hours may be counted as 1/2 day of attendance by pupils in kindergartens which provide only 1/2 day of attendance.

(g) For children with disabilities who are below the age of 6 years and who cannot attend 2 or more clock hours because of their disability or immaturity, a session of not less than one clock hour may be counted as 1/2 day of attendance; however for such children whose educational

needs so require a session of 4 or more clock hours may be counted as a full day of attendance.

(h) A recognized kindergarten which provides for only 1/2 day of attendance by each pupil shall not have more than 1/2 day of attendance counted in any one day. However, kindergartens may count 2 1/2 days of attendance in any 5 consecutive school days. When a pupil attends such a kindergarten for 2 half days on any one school day, the pupil shall have the following day as a day absent from school, unless the school district obtains permission in writing from the State Superintendent of Education. Attendance at kindergartens which provide for a full day of attendance by each pupil shall be counted the same as attendance by first grade pupils. Only the first year of attendance in one kindergarten shall be counted, except in case of children who entered the kindergarten in their fifth year whose educational development requires a second year of kindergarten as determined under the rules and regulations of the State Board of Education.

(i) On the days when the Prairie State Achievement Examination is administered under subsection (c) of Section 2-3.64 of this Code, the day of attendance for a pupil whose school day must be shortened to accommodate required testing procedures may be less than 5 clock hours and shall be counted towards the 176 days of actual pupil attendance required under Section 10-19 of this Code, provided that a sufficient number of minutes of school work in excess of 5 clock hours are first completed on other school days to compensate for the loss of school work on the examination days.

(G) Equalized Assessed Valuation Data.

(1) For purposes of the calculation of Available Local Resources required pursuant to subsection (D), the State Board of Education shall secure from the Department of Revenue the value as equalized or assessed by the Department of Revenue of all taxable property of every school district, together with (i) the applicable tax rate used in extending taxes for the funds of the district as of September 30 of the previous year and (ii) the limiting rate for all school districts subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law.

The Department of Revenue shall add to the equalized assessed value of all taxable property of each school district situated entirely or partially within a county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code (a) an amount equal to the total amount by which the homestead exemption allowed under Section 15-176 of the Property Tax Code for real property situated in that school district exceeds the total amount that would have been allowed in that school district if the maximum reduction under Section 15-176 was (i) \$4,500 in Cook County or \$3,500 in all other counties in tax year 2003 or (ii) \$5,000 in all counties in tax year 2004 and thereafter and (b) an amount equal to the aggregate amount for the taxable year of all additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. The county clerk of any county that is or was subject to the alternative general homestead exemption provisions of Section 15-176 of the Property Tax Code shall annually calculate and certify to the Department of Revenue for each school district all homestead exemption amounts under Section 15-176 of the Property Tax Code and all amounts of additional exemptions under Section 15-175 of the Property Tax Code for owners with a household income of \$30,000 or less. It is the intent of this paragraph that if the general homestead exemption for a parcel of property is determined under Section 15-176 of the Property Tax Code rather than Section 15-175, then the calculation of Available Local Resources shall not be affected by the difference, if any, between the amount of the general homestead exemption allowed for that parcel of property under Section 15-176 of the Property Tax Code and the amount that would have been allowed had the general homestead exemption for that parcel of property been determined under Section 15-175 of the Property Tax Code. It is further the intent of this paragraph that if additional exemptions are allowed under Section 15-175 of the Property Tax Code for owners with a household income of less than \$30,000, then the calculation of Available Local Resources shall not be affected by the difference, if any, because of those additional exemptions.

This equalized assessed valuation, as adjusted further by the requirements of this subsection, shall be utilized in the calculation of Available Local Resources.

(2) The equalized assessed valuation in paragraph (1) shall be adjusted, as applicable, in the following manner:

(a) For the purposes of calculating State aid under this Section, with respect to any part of a school district within a redevelopment project area in respect to which a municipality has adopted tax increment allocation financing pursuant to the Tax Increment Allocation Redevelopment Act, Sections 11-74.4-1 through 11-74.4-11 of the Illinois Municipal Code or the Industrial Jobs Recovery Law, Sections 11-74.6-1 through 11-74.6-50 of the Illinois Municipal Code, no part of the

current equalized assessed valuation of real property located in any such project area which is attributable to an increase above the total initial equalized assessed valuation of such property shall be used as part of the equalized assessed valuation of the district, until such time as all redevelopment project costs have been paid, as provided in Section 11-74.4-8 of the Tax Increment Allocation Redevelopment Act or in Section 11-74.6-35 of the Industrial Jobs Recovery Law. For the purpose of the equalized assessed valuation of the district, the total initial equalized assessed valuation or the current equalized assessed valuation, whichever is lower, shall be used until such time as all redevelopment project costs have been paid.

(b) The real property equalized assessed valuation for a school district shall be adjusted by subtracting from the real property value as equalized or assessed by the Department of Revenue for the district an amount computed by dividing the amount of any abatement of taxes under Section 18-170 of the Property Tax Code by 3.00% for a district maintaining grades kindergarten through 12, by 2.30% for a district maintaining grades kindergarten through 8, or by 1.05% for a district maintaining grades 9 through 12 and adjusted by an amount computed by dividing the amount of any abatement of taxes under subsection (a) of Section 18-165 of the Property Tax Code by the same percentage rates for district type as specified in this subparagraph (b).

(3) For the 1999-2000 school year and each school year thereafter, if a school district meets all of the criteria of this subsection (G)(3), the school district's Available Local Resources shall be calculated under subsection (D) using the district's Extension Limitation Equalized Assessed Valuation as calculated under this subsection (G)(3).

For purposes of this subsection (G)(3) the following terms shall have the following meanings:

"Budget Year": The school year for which general State aid is calculated and awarded under subsection (E).

"Base Tax Year": The property tax levy year used to calculate the Budget Year allocation of general State aid.

"Preceding Tax Year": The property tax levy year immediately preceding the Base Tax Year.

"Base Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Base Tax Year multiplied by the limiting rate as calculated by the County Clerk and defined in the Property Tax Extension Limitation Law.

"Preceding Tax Year's Tax Extension": The product of the equalized assessed valuation utilized by the County Clerk in the Preceding Tax Year multiplied by the Operating Tax Rate as defined in subsection (A).

"Extension Limitation Ratio": A numerical ratio, certified by the County Clerk, in which the numerator is the Base Tax Year's Tax Extension and the denominator is the Preceding Tax Year's Tax Extension.

"Operating Tax Rate": The operating tax rate as defined in subsection (A).

If a school district is subject to property tax extension limitations as imposed under the Property Tax Extension Limitation Law, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation of that district. For the 1999-2000 school year, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the district's 1996 Equalized Assessed Valuation and the district's Extension Limitation Ratio. For the 2000-2001 school year and each school year thereafter, the Extension Limitation Equalized Assessed Valuation of a school district as calculated by the State Board of Education shall be equal to the product of the Equalized Assessed Valuation last used in the calculation of general State aid and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of a school district as calculated under this subsection (G)(3) is less than the district's equalized assessed valuation as calculated pursuant to subsections (G)(1) and (G)(2), then for purposes of calculating the district's general State aid for the Budget Year pursuant to subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources under subsection (D).

(4) For the purposes of calculating general State aid for the 1999-2000 school year only, if a school district experienced a triennial reassessment on the equalized assessed valuation used in calculating its general State financial aid apportionment for the 1998-1999 school year, the State Board of Education shall calculate the Extension Limitation Equalized Assessed Valuation that would have been used to calculate the district's 1998-1999 general State aid. This amount shall equal the product of the equalized assessed valuation used to calculate general State aid for the 1997-1998 school year and the district's Extension Limitation Ratio. If the Extension Limitation Equalized Assessed Valuation of the school district as calculated under this paragraph (4) is less than the district's equalized assessed valuation

utilized in calculating the district's 1998-1999 general State aid allocation, then for purposes of calculating the district's general State aid pursuant to paragraph (5) of subsection (E), that Extension Limitation Equalized Assessed Valuation shall be utilized to calculate the district's Available Local Resources.

(5) For school districts having a majority of their equalized assessed valuation in any county except Cook, DuPage, Kane, Lake, McHenry, or Will, if the amount of general State aid allocated to the school district for the 1999-2000 school year under the provisions of subsection (E), (H), and (J) of this Section is less than the amount of general State aid allocated to the district for the 1998-1999 school year under these subsections, then the general State aid of the district for the 1999-2000 school year only shall be increased by the difference between these amounts. The total payments made under this paragraph (5) shall not exceed \$14,000,000. Claims shall be prorated if they exceed \$14,000,000.

(H) Supplemental General State Aid.

(1) In addition to the general State aid a school district is allotted pursuant to subsection (E), qualifying school districts shall receive a grant, paid in conjunction with a district's payments of general State aid, for supplemental general State aid based upon the concentration level of children from low-income households within the school district. Supplemental State aid grants provided for school districts under this subsection shall be appropriated for distribution to school districts as part of the same line item in which the general State financial aid of school districts is appropriated under this Section. If the appropriation in any fiscal year for general State aid and supplemental general State aid is insufficient to pay the amounts required under the general State aid and supplemental general State aid calculations, then the State Board of Education shall ensure that each school district receives the full amount due for general State aid and the remainder of the appropriation shall be used for supplemental general State aid, which the State Board of Education shall calculate and pay to eligible districts on a prorated basis.

(1.5) This paragraph (1.5) applies only to those school years preceding the 2003-2004 school year. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall be the low-income eligible pupil count from the most recently available federal census divided by the Average Daily Attendance of the school district. If, however, (i) the percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count of a high school district with fewer than 400 students exceeds by 75% or more the percentage change in the total low-income eligible pupil count of contiguous elementary school districts, whose boundaries are coterminous with the high school district, or (ii) a high school district within 2 counties and serving 5 elementary school districts, whose boundaries are coterminous with the high school district, has a percentage decrease from the 2 most recent federal censuses in the low-income eligible pupil count and there is a percentage increase in the total low-income eligible pupil count of a majority of the elementary school districts in excess of 50% from the 2 most recent federal censuses, then the high school district's low-income eligible pupil count from the earlier federal census shall be the number used as the low-income eligible pupil count for the high school district, for purposes of this subsection (H). The changes made to this paragraph (1) by Public Act 92-28 shall apply to supplemental general State aid grants for school years preceding the 2003-2004 school year that are paid in fiscal year 1999 or thereafter and to any State aid payments made in fiscal year 1994 through fiscal year 1998 pursuant to subsection 1(n) of Section 18-8 of this Code (which was repealed on July 1, 1998), and any high school district that is affected by Public Act 92-28 is entitled to a recomputation of its supplemental general State aid grant or State aid paid in any of those fiscal years. This recomputation shall not be affected by any other funding.

(1.10) This paragraph (1.10) applies to the 2003-2004 school year and each school year thereafter. For purposes of this subsection (H), the term "Low-Income Concentration Level" shall, for each fiscal year, be the low-income eligible pupil count as of July 1 of the immediately preceding fiscal year (as determined by the Department of Human Services based on the number of pupils who are eligible for at least one of the following low income programs: Medicaid, KidCare, TANF, or Food Stamps, excluding pupils who are eligible for services provided by the Department of Children and Family Services, averaged over the 2 immediately preceding fiscal years for fiscal year 2004 and over the 3 immediately preceding fiscal years for each fiscal year thereafter) divided by the Average Daily Attendance of the school district.

(2) Supplemental general State aid pursuant to this subsection (H) shall be provided as follows for the 1998-1999, 1999-2000, and 2000-2001 school years only:

(a) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for any school year shall be \$800 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for the 1998-1999 school year shall be \$1,100 multiplied by the low income eligible pupil count.

(c) For any school district with a Low Income Concentration Level of at least 50% and less than 60%, the grant for the 1998-99 school year shall be \$1,500 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of 60% or more, the grant for the 1998-99 school year shall be \$1,900 multiplied by the low income eligible pupil count.

(e) For the 1999-2000 school year, the per pupil amount specified in subparagraphs (b), (c), and (d) immediately above shall be increased to \$1,243, \$1,600, and \$2,000, respectively.

(c) For any school district with a Low Income Concentration Level of at least 20% and less than 35%, the grant for each school year shall be \$1,330 multiplied by the low income eligible pupil count.

(d) For any school district with a Low Income Concentration Level of at least 35% and less than 50%, the grant for each school year shall be \$1,362 multiplied by the low income eligible pupil count.

(a) For any school district with a Low Income Concentration Level of 15% or less, the grant for each school year shall be \$355 multiplied by the low income eligible pupil count.

(b) For any school district with a Low Income Concentration Level greater than 15%, the grant for each school year shall be \$294.25 added to the product of \$2,700 and the square of the Low Income Concentration Level, all multiplied by the low income eligible pupil count.

For the 2003-2004 school year, 2004-2005 school year, ~~and~~ 2005-2006 school year, and 2006-2007 school year only, the grant shall be no less than the grant for the 2002-2003 school year. For the 2007-2008 ~~2006-2007~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.66. For the 2008-2009 ~~2007-2008~~ school year only, the grant shall be no less than the grant for the 2002-2003 school year multiplied by 0.33. Notwithstanding the provisions of this paragraph to the contrary, if for any school year supplemental general State aid grants are prorated as provided in paragraph (1) of this subsection (H), then the grants under this paragraph shall be prorated.

For the 2003-2004 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.25 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2004-2005 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.50 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year. For the 2005-2006 school year only, the grant shall be no greater than the grant received during the 2002-2003 school year added to the product of 0.75 multiplied by the difference between the grant amount calculated under subsection (a) or (b) of this paragraph (2.10), whichever is applicable, and the grant received during the 2002-2003 school year.

(3) School districts with an Average Daily Attendance of more than 1,000 and less than 50,000 that qualify for supplemental general State aid pursuant to this subsection shall submit a plan to the State Board of Education prior to October 30 of each year for the use of the funds resulting from this grant of supplemental general State aid for the improvement of instruction in which priority is given to meeting

the education needs of disadvantaged children. Such plan shall be submitted in accordance with rules and regulations promulgated by the State Board of Education.

(4) School districts with an Average Daily Attendance of 50,000 or more that qualify for supplemental general State aid pursuant to this subsection shall be required to distribute from funds available pursuant to this Section, no less than \$261,000,000 in accordance with the following requirements:

(a) The required amounts shall be distributed to the attendance centers within the district in proportion to the number of pupils enrolled at each attendance center who are eligible to receive free or reduced-price lunches or breakfasts under the federal Child Nutrition Act of 1966 and under the National School Lunch Act during the immediately preceding school year.

(b) The distribution of these portions of supplemental and general State aid among attendance centers according to these requirements shall not be compensated for or contravened by adjustments of the total of other funds appropriated to any attendance centers, and the Board of Education shall utilize funding from one or several sources in order to fully implement this provision annually prior to the opening of school.

(c) Each attendance center shall be provided by the school district a distribution of noncategorical funds and other categorical funds to which an attendance center is entitled under law in order that the general State aid and supplemental general State aid provided by application of this subsection supplements rather than supplants the noncategorical funds and other categorical funds provided by the school district to the attendance centers.

(d) Any funds made available under this subsection that by reason of the provisions of this subsection are not required to be allocated and provided to attendance centers may be used and appropriated by the board of the district for any lawful school purpose.

(e) Funds received by an attendance center pursuant to this subsection shall be used by the attendance center at the discretion of the principal and local school council for programs to improve educational opportunities at qualifying schools through the following programs and services: early childhood education, reduced class size or improved adult to student classroom ratio, enrichment programs, remedial assistance, attendance improvement, and other educationally beneficial expenditures which supplement the regular and basic programs as determined by the State Board of Education. Funds provided shall not be expended for any political or lobbying purposes as defined by board rule.

(f) Each district subject to the provisions of this subdivision (H)(4) shall submit an acceptable plan to meet the educational needs of disadvantaged children, in compliance with the requirements of this paragraph, to the State Board of Education prior to July 15 of each year. This plan shall be consistent with the decisions of local school councils concerning the school expenditure plans developed in accordance with part 4 of Section 34-2.3. The State Board shall approve or reject the plan within 60 days after its submission. If the plan is rejected, the district shall give written notice of intent to modify the plan within 15 days of the notification of rejection and then submit a modified plan within 30 days after the date of the written notice of intent to modify. Districts may amend approved plans pursuant to rules promulgated by the State Board of Education.

Upon notification by the State Board of Education that the district has not submitted a plan prior to July 15 or a modified plan within the time period specified herein, the State aid funds affected by that plan or modified plan shall be withheld by the State Board of Education until a plan or modified plan is submitted.

If the district fails to distribute State aid to attendance centers in accordance with an approved plan, the plan for the following year shall allocate funds, in addition to the funds otherwise required by this subsection, to those attendance centers which were underfunded during the previous year in amounts equal to such underfunding.

For purposes of determining compliance with this subsection in relation to the requirements of attendance center funding, each district subject to the provisions of this subsection shall submit as a separate document by December 1 of each year a report of expenditure data for the prior year in addition to any modification of its current plan. If it is determined that there has been a failure to comply with the expenditure provisions of this subsection regarding contravention or supplanting, the State Superintendent of Education shall, within 60 days of receipt of the report, notify the district and any affected local school council. The district shall within 45 days of receipt of that notification inform the State Superintendent of Education of the remedial or corrective action to be taken, whether by amendment of the current plan, if feasible, or by adjustment in the plan for the following year. Failure to provide the expenditure report or the notification of remedial or corrective action in a timely manner shall result in a withholding of the affected funds.

The State Board of Education shall promulgate rules and regulations to implement the

provisions of this subsection. No funds shall be released under this subdivision (H)(4) to any district that has not submitted a plan that has been approved by the State Board of Education.

(I) General State Aid for Newly Configured School Districts.

(1) For a new school district formed by combining property included totally within 2 or more previously existing school districts, for its first year of existence the general State aid and supplemental general State aid calculated under this Section shall be computed for the new district and for the previously existing districts for which property is totally included within the new district. If the computation on the basis of the previously existing districts is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the new district.

(2) For a school district which annexes all of the territory of one or more entire other school districts, for the first year during which the change of boundaries attributable to such annexation becomes effective for all purposes as determined under Section 7-9 or 7A-8, the general State aid and supplemental general State aid calculated under this Section shall be computed for the annexing district as constituted after the annexation and for the annexing and each annexed district as constituted prior to the annexation; and if the computation on the basis of the annexing and annexed districts as constituted prior to the annexation is greater, a supplementary payment equal to the difference shall be made for the first 4 years of existence of the annexing school district as constituted upon such annexation.

(3) For 2 or more school districts which annex all of the territory of one or more entire other school districts, and for 2 or more community unit districts which result upon the division (pursuant to petition under Section 11A-2) of one or more other unit school districts into 2 or more parts and which together include all of the parts into which such other unit school district or districts are so divided, for the first year during which the change of boundaries attributable to such annexation or division becomes effective for all purposes as determined under Section 7-9 or 11A-10, as the case may be, the general State aid and supplemental general State aid calculated under this Section shall be computed for each annexing or resulting district as constituted after the annexation or division and for each annexing and annexed district, or for each resulting and divided district, as constituted prior to the annexation or division; and if the aggregate of the general State aid and supplemental general State aid as so computed for the annexing or resulting districts as constituted after the annexation or division is less than the aggregate of the general State aid and supplemental general State aid as so computed for the annexing and annexed districts, or for the resulting and divided districts, as constituted prior to the annexation or division, then a supplementary payment equal to the difference shall be made and allocated between or among the annexing or resulting districts, as constituted upon such annexation or division, for the first 4 years of their existence. The total difference payment shall be allocated between or among the annexing or resulting districts in the same ratio as the pupil enrollment from that portion of the annexed or divided district or districts which is annexed to or included in each such annexing or resulting district bears to the total pupil enrollment from the entire annexed or divided district or districts, as such pupil enrollment is determined for the school year last ending prior to the date when the change of boundaries attributable to the annexation or division becomes effective for all purposes. The amount of the total difference payment and the amount thereof to be allocated to the annexing or resulting districts shall be computed by the State Board of Education on the basis of pupil enrollment and other data which shall be certified to the State Board of Education, on forms which it shall provide for that purpose, by the regional superintendent of schools for each educational service region in which the annexing and annexed districts, or resulting and divided districts are located.

(3.5) Claims for financial assistance under this subsection (I) shall not be recomputed except as expressly provided under this Section.

(4) Any supplementary payment made under this subsection (I) shall be treated as separate from all other payments made pursuant to this Section.

(J) Supplementary Grants in Aid.

(1) Notwithstanding any other provisions of this Section, the amount of the aggregate general State aid in combination with supplemental general State aid under this Section for which each school district is eligible shall be no less than the amount of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-98 school year, pursuant to the provisions of that Section as it was then in effect. If a school district qualifies to receive a supplementary payment made under this subsection (J), the amount of the aggregate general State aid in combination with supplemental general State aid under this Section which that district is eligible to receive for each school year shall be no less than the amount

of the aggregate general State aid entitlement that was received by the district under Section 18-8 (exclusive of amounts received under subsections 5(p) and 5(p-5) of that Section) for the 1997-1998 school year, pursuant to the provisions of that Section as it was then in effect.

(2) If, as provided in paragraph (1) of this subsection (J), a school district is to receive aggregate general State aid in combination with supplemental general State aid under this Section for the 1998-99 school year and any subsequent school year that in any such school year is less than the amount of the aggregate general State aid entitlement that the district received for the 1997-98 school year, the school district shall also receive, from a separate appropriation made for purposes of this subsection (J), a supplementary payment that is equal to the amount of the difference in the aggregate State aid figures as described in paragraph (1).

(3) (Blank).

(K) Grants to Laboratory and Alternative Schools.

In calculating the amount to be paid to the governing board of a public university that operates a laboratory school under this Section or to any alternative school that is operated by a regional superintendent of schools, the State Board of Education shall require by rule such reporting requirements as it deems necessary.

As used in this Section, "laboratory school" means a public school which is created and operated by a public university and approved by the State Board of Education. The governing board of a public university which receives funds from the State Board under this subsection (K) may not increase the number of students enrolled in its laboratory school from a single district, if that district is already sending 50 or more students, except under a mutual agreement between the school board of a student's district of residence and the university which operates the laboratory school. A laboratory school may not have more than 1,000 students, excluding students with disabilities in a special education program.

As used in this Section, "alternative school" means a public school which is created and operated by a Regional Superintendent of Schools and approved by the State Board of Education. Such alternative schools may offer courses of instruction for which credit is given in regular school programs, courses to prepare students for the high school equivalency testing program or vocational and occupational training. A regional superintendent of schools may contract with a school district or a public community college district to operate an alternative school. An alternative school serving more than one educational service region may be established by the regional superintendents of schools of the affected educational service regions. An alternative school serving more than one educational service region may be operated under such terms as the regional superintendents of schools of those educational service regions may agree.

Each laboratory and alternative school shall file, on forms provided by the State Superintendent of Education, an annual State aid claim which states the Average Daily Attendance of the school's students by month. The best 3 months' Average Daily Attendance shall be computed for each school. The general State aid entitlement shall be computed by multiplying the applicable Average Daily Attendance by the Foundation Level as determined under this Section.

(L) Payments, Additional Grants in Aid and Other Requirements.

(1) For a school district operating under the financial supervision of an Authority created under Article 34A, the general State aid otherwise payable to that district under this Section, but not the supplemental general State aid, shall be reduced by an amount equal to the budget for the operations of the Authority as certified by the Authority to the State Board of Education, and an amount equal to such reduction shall be paid to the Authority created for such district for its operating expenses in the manner provided in Section 18-11. The remainder of general State school aid for any such district shall be paid in accordance with Article 34A when that Article provides for a disposition other than that provided by this Article.

(2) (Blank).

(3) Summer school. Summer school payments shall be made as provided in Section 18-4.3.

(M) Education Funding Advisory Board.

The Education Funding Advisory Board, hereinafter in this subsection (M) referred to as the "Board", is hereby created. The Board shall consist of 5 members who are appointed by the Governor, by and with the advice and consent of the Senate. The members appointed shall include representatives of education, business, and the general public. One of the members so appointed shall be designated by the Governor at the time the appointment is made as the chairperson of the Board. The initial members of the Board may be appointed any time after the effective date of this amendatory Act of 1997. The regular term of each member of the Board shall be for 4 years from the third Monday of January of the year in which the

term of the member's appointment is to commence, except that of the 5 initial members appointed to serve on the Board, the member who is appointed as the chairperson shall serve for a term that commences on the date of his or her appointment and expires on the third Monday of January, 2002, and the remaining 4 members, by lots drawn at the first meeting of the Board that is held after all 5 members are appointed, shall determine 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2001, and 2 of their number to serve for terms that commence on the date of their respective appointments and expire on the third Monday of January, 2000. All members appointed to serve on the Board shall serve until their respective successors are appointed and confirmed. Vacancies shall be filled in the same manner as original appointments. If a vacancy in membership occurs at a time when the Senate is not in session, the Governor shall make a temporary appointment until the next meeting of the Senate, when he or she shall appoint, by and with the advice and consent of the Senate, a person to fill that membership for the unexpired term. If the Senate is not in session when the initial appointments are made, those appointments shall be made as in the case of vacancies.

The Education Funding Advisory Board shall be deemed established, and the initial members appointed by the Governor to serve as members of the Board shall take office, on the date that the Governor makes his or her appointment of the fifth initial member of the Board, whether those initial members are then serving pursuant to appointment and confirmation or pursuant to temporary appointments that are made by the Governor as in the case of vacancies.

The State Board of Education shall provide such staff assistance to the Education Funding Advisory Board as is reasonably required for the proper performance by the Board of its responsibilities.

For school years after the 2000-2001 school year, the Education Funding Advisory Board, in consultation with the State Board of Education, shall make recommendations as provided in this subsection (M) to the General Assembly for the foundation level under subdivision (B)(3) of this Section and for the supplemental general State aid grant level under subsection (H) of this Section for districts with high concentrations of children from poverty. The recommended foundation level shall be determined based on a methodology which incorporates the basic education expenditures of low-spending schools exhibiting high academic performance. The Education Funding Advisory Board shall make such recommendations to the General Assembly on January 1 of odd numbered years, beginning January 1, 2001.

(N) (Blank).

(O) References.

(1) References in other laws to the various subdivisions of Section 18-8 as that Section existed before its repeal and replacement by this Section 18-8.05 shall be deemed to refer to the corresponding provisions of this Section 18-8.05, to the extent that those references remain applicable.

(2) References in other laws to State Chapter 1 funds shall be deemed to refer to the supplemental general State aid provided under subsection (H) of this Section.

(P) Public Act 93-838 and Public Act 93-808 make inconsistent changes to this Section. Under Section 6 of the Statute on Statutes there is an irreconcilable conflict between Public Act 93-808 and Public Act 93-838. Public Act 93-838, being the last acted upon, is controlling. The text of Public Act 93-838 is the law regardless of the text of Public Act 93-808.

ARTICLE 5. AMENDATORY PROVISIONS

Section 5-5. The Illinois Income Tax Act is amended by changing Sections 905 and 911 as follows:

(35 ILCS 5/905) (from Ch. 120, par. 9-905)

Sec. 905. Limitations on Notices of Deficiency.

(a) In general. Except as otherwise provided in this Act:

(1) A notice of deficiency shall be issued not later than 3 years after the date the return was filed, and

(2) No deficiency shall be assessed or collected with respect to the year for which the return was filed unless such notice is issued within such period.

(b) Substantial omission of items.

(1) Omission of more than 25% of income. If the taxpayer omits from base income an amount properly includible therein which is in excess of 25% of the amount of base income stated in the return, a notice of deficiency may be issued not later than 6 years after the return was filed. For purposes of this paragraph, there shall not be taken into account any amount which is omitted in the return if such amount is disclosed in the return, or in a statement attached to the return, in a manner adequate to apprise the Department of the nature and the amount of such item.

(2) Reportable transactions. If a taxpayer fails to include on any return or statement for any taxable year any information with respect to a reportable transaction, as required under Section 501(b) of this Act, a notice of deficiency may be issued not later than 6 years after the return is filed with respect to the taxable year in which the taxpayer participated in the reportable transaction and said deficiency is limited to the non-disclosed item.

(c) No return or fraudulent return. If no return is filed or a false and fraudulent return is filed with intent to evade the tax imposed by this Act, a notice of deficiency may be issued at any time.

(d) Failure to report federal change. If a taxpayer fails to notify the Department in any case where notification is required by Section 304(c) or 506(b), or fails to report a change or correction which is treated in the same manner as if it were a deficiency for federal income tax purposes, a notice of deficiency may be issued (i) at any time or (ii) on or after August 13, 1999, at any time for the taxable year for which the notification is required or for any taxable year to which the taxpayer may carry an

Article 2 credit, or a Section 207 loss, earned, incurred, or used in the year for which the notification is required; provided, however, that the amount of any proposed assessment set forth in the notice shall be limited to the amount of any deficiency resulting under this Act from the recomputation of the taxpayer's net income, Article 2 credits, or Section 207 loss earned, incurred, or used in the taxable year for which the notification is required after giving effect to the item or items required to be reported.

(e) Report of federal change.

(1) Before August 13, 1999, in any case where notification of an alteration is given as required by Section 506(b), a notice of deficiency may be issued at any time within 2 years after the date such notification is given, provided, however, that the amount of any proposed assessment set forth in such notice shall be limited to the amount of any deficiency resulting under this Act from recomputation of the taxpayer's net income, net loss, or Article 2 credits for the taxable year after giving effect to the item or items reflected in the reported alteration.

(2) On and after August 13, 1999, in any case where notification of an alteration is given as required by Section 506(b), a notice of deficiency may be issued at any time within 2 years after the date such notification is given for the taxable year for which the notification is given or for any taxable year to which the taxpayer may carry an Article 2 credit, or a Section 207 loss, earned, incurred, or used in the year for which the notification is given, provided, however, that the amount of any proposed assessment set forth in such notice shall be limited to the amount of any deficiency resulting under this Act from recomputation of the taxpayer's net income, Article 2 credits, or Section 207 loss earned, incurred, or used in the taxable year for which the notification is given after giving effect to the item or items reflected in the reported alteration.

(f) Extension by agreement. Where, before the expiration of the time prescribed in this Section for the issuance of a notice of deficiency, both the Department and the taxpayer shall have consented in writing to its issuance after such time, such notice may be issued at any time prior to the expiration of the period agreed upon. In the case of a taxpayer who is a partnership, Subchapter S corporation, or trust and who enters into an agreement with the Department pursuant to this subsection on or after January 1, 2003, a notice of deficiency may be issued to the partners, shareholders, or beneficiaries of the taxpayer at any time prior to the expiration of the period agreed upon. Any proposed assessment set forth in the notice, however, shall be limited to the amount of any deficiency resulting under this Act from recomputation of items of income, deduction, credits, or other amounts of the taxpayer that are taken into account by the partner, shareholder, or beneficiary in computing its liability under this Act. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

(g) Erroneous refunds. In any case in which there has been an erroneous refund of tax payable under this Act, a notice of deficiency may be issued at any time within 2 years from the making of such refund, or within 5 years from the making of such refund if it appears that any part of the refund was induced by fraud or the misrepresentation of a material fact, provided, however, that the amount of any proposed assessment set forth in such notice shall be limited to the amount of such erroneous refund.

Beginning July 1, 1993, in any case in which there has been a refund of tax payable under this Act attributable to a net loss carryback as provided for in Section 207, and that refund is subsequently determined to be an erroneous refund due to a reduction in the amount of the net loss which was originally carried back, a notice of deficiency for the erroneous refund amount may be issued at any time during the same time period in which a notice of deficiency can be issued on the loss year creating the carryback amount and subsequent erroneous refund. The amount of any proposed assessment set forth in the notice shall be limited to the amount of such erroneous refund.

(h) Time return deemed filed. For purposes of this Section a tax return filed before the last day prescribed by law (including any extension thereof) shall be deemed to have been filed on such last day.

(i) Request for prompt determination of liability. For purposes of subsection (a)(1), in the case of a tax return required under this Act in respect of a decedent, or by his estate during the period of administration, or by a corporation, the period referred to in such Subsection shall be 18 months after a written request for prompt determination of liability is filed with the Department (at such time and in such form and manner as the Department shall by regulations prescribe) by the executor, administrator, or other fiduciary representing the estate of such decedent, or by such corporation, but not more than 3 years after the date the return was filed. This subsection shall not apply in the case of a corporation unless:

- (1) (A) such written request notifies the Department that the corporation contemplates dissolution at or before the expiration of such 18-month period, (B) the dissolution is begun in good faith before the expiration of such 18-month period, and (C) the dissolution is completed;
- (2) (A) such written request notifies the Department that a dissolution has in good

faith been begun, and (B) the dissolution is completed; or

(3) a dissolution has been completed at the time such written request is made.

(j) Withholding tax. In the case of returns required under Article 7 of this Act (with respect to any amounts withheld as tax or any amounts required to have been withheld as tax) a notice of deficiency shall be issued not later than 3 years after the 15th day of the 4th month following the close of the calendar year in which such withholding was required.

(k) Penalties for failure to make information reports. A notice of deficiency for the penalties provided by Subsection 1405.1(c) of this Act may not be issued more than 3 years after the due date of the reports with respect to which the penalties are asserted.

(l) Penalty for failure to file withholding returns. A notice of deficiency for penalties provided by Section 1004 of this Act for taxpayer's failure to file withholding returns may not be issued more than three years after the 15th day of the 4th month following the close of the calendar year in which the withholding giving rise to taxpayer's obligation to file those returns occurred.

(m) Transferee liability. A notice of deficiency may be issued to a transferee relative to a liability asserted under Section 1405 during time periods defined as follows:

1) Initial Transferee. In the case of the liability of an initial transferee, up to 2

years after the expiration of the period of limitation for assessment against the transferor, except that if a court proceeding for review of the assessment against the transferor has begun, then up to 2 years after the return of the certified copy of the judgment in the court proceeding.

2) Transferee of Transferee. In the case of the liability of a transferee, up to 2

years after the expiration of the period of limitation for assessment against the preceding transferee, but not more than 3 years after the expiration of the period of limitation for assessment against the initial transferor; except that if, before the expiration of the period of limitation for the assessment of the liability of the transferee, a court proceeding for the collection of the tax or liability in respect thereof has been begun against the initial transferor or the last preceding transferee, as the case may be, then the period of limitation for assessment of the liability of the transferee shall expire 2 years after the return of the certified copy of the judgment in the court proceeding.

(n) Notice of decrease in net loss. On and after ~~August 23, 2002 the effective date of this amendatory Act of the 92nd General Assembly,~~ no notice of deficiency shall be issued as the result of a decrease determined by the Department in the net loss incurred by a taxpayer in any taxable year ending prior to December 31, 2002 under Section 207 of this Act unless the Department has notified the taxpayer of the proposed decrease within 3 years after the return reporting the loss was filed or within one year after an amended return reporting an increase in the loss was filed, provided that in the case of an amended return, a decrease proposed by the Department more than 3 years after the original return was filed may not exceed the increase claimed by the taxpayer on the original return.

(35 ILCS 5/911) (from Ch. 120, par. 9-911)

Sec. 911. Limitations on Claims for Refund.

(a) In general. Except as otherwise provided in this Act:

(1) A claim for refund shall be filed not later than 3 years after the date the return

was filed (in the case of returns required under Article 7 of this Act respecting any amounts withheld as tax, not later than 3 years after the 15th day of the 4th month following the close of the calendar year in which such withholding was made), or one year after the date the tax was paid, whichever is the later; and

(2) No credit or refund shall be allowed or made with respect to the year for which the claim was filed unless such claim is filed within such period.

(b) Federal changes.

(1) In general. In any case where notification of an alteration is required by Section

506(b), a claim for refund may be filed within 2 years after the date on which such notification was due (regardless of whether such notice was given), but the amount recoverable pursuant to a claim filed under this Section shall be limited to the amount of any overpayment resulting under this Act from recomputation of the taxpayer's net income, net loss, or Article 2 credits for the taxable year after giving effect to the item or items reflected in the alteration required to be reported.

(2) Tentative carryback adjustments paid before January 1, 1974. If, as the result of

the payment before January 1, 1974 of a federal tentative carryback adjustment, a notification of an alteration is required under Section 506(b), a claim for refund may be filed at any time before January 1, 1976, but the amount recoverable pursuant to a claim filed under this Section shall be limited to the amount of any overpayment resulting under this Act from recomputation of the taxpayer's base income for the taxable year after giving effect to the federal alteration resulting from the tentative

carryback adjustment irrespective of any limitation imposed in paragraph (l) of this subsection.

(c) Extension by agreement. Where, before the expiration of the time prescribed in this section for the filing of a claim for refund, both the Department and the claimant shall have consented in writing to its filing after such time, such claim may be filed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. In the case of a taxpayer who is a partnership, Subchapter S corporation, or trust and who enters into an agreement with the Department pursuant to this subsection on or after January 1, 2003, a claim for refund may be issued to the partners, shareholders, or beneficiaries of the taxpayer at any time prior to the expiration of the period agreed upon. Any refund allowed pursuant to the claim, however, shall be limited to the amount of any overpayment of tax due under this Act that results from recomputation of items of income, deduction, credits, or other amounts of the taxpayer that are taken into account by the partner, shareholder, or beneficiary in computing its liability under this Act.

(d) Limit on amount of credit or refund.

(1) Limit where claim filed within 3-year period. If the claim was filed by the claimant during the 3-year period prescribed in subsection (a), the amount of the credit or refund shall not exceed the portion of the tax paid within the period, immediately preceding the filing of the claim, equal to 3 years plus the period of any extension of time for filing the return.

(2) Limit where claim not filed within 3-year period. If the claim was not filed within such 3-year period, the amount of the credit or refund shall not exceed the portion of the tax paid during the one year immediately preceding the filing of the claim.

(e) Time return deemed filed. For purposes of this section a tax return filed before the last day prescribed by law for the filing of such return (including any extensions thereof) shall be deemed to have been filed on such last day.

(f) No claim for refund based on the taxpayer's taking a credit for estimated tax payments as provided by Section 601(b)(2) or for any amount paid by a taxpayer pursuant to Section 602(a) or for any amount of credit for tax withheld pursuant to Section 701 may be filed more than 3 years after the due date, as provided by Section 505, of the return which was required to be filed relative to the taxable year for which the payments were made or for which the tax was withheld. The changes in this subsection (f) made by this amendatory Act of 1987 shall apply to all taxable years ending on or after December 31, 1969.

(g) Special Period of Limitation with Respect to Net Loss Carrybacks. If the claim for refund relates to an overpayment attributable to a net loss carryback as provided by Section 207, in lieu of the 3 year period of limitation prescribed in subsection (a), the period shall be that period which ends 3 years after the time prescribed by law for filing the return (including extensions thereof) for the taxable year of the net loss which results in such carryback (or, on and after August 13, 1999, with respect to a change in the carryover of an Article 2 credit to a taxable year resulting from the carryback of a Section 207 loss incurred in a taxable year beginning on or after January 1, 2000, the period shall be that period that ends 3 years after the time prescribed by law for filing the return (including extensions of that time) for that subsequent taxable year), or the period prescribed in subsection (c) in respect of such taxable year, whichever expires later. In the case of such a claim, the amount of the refund may exceed the portion of the tax paid within the period provided in subsection (d) to the extent of the amount of the overpayment attributable to such carryback. On and after August 13, 1999, if the claim for refund relates to an overpayment attributable to the carryover of an Article 2 credit, or of a Section 207 loss, earned, incurred (in a taxable year beginning on or after January 1, 2000), or used in a year for which a notification of a change affecting federal taxable income must be filed under subsection (b) of Section 506, the claim may be filed within the period prescribed in paragraph (1) of subsection (b) in respect of the year for which the notification is required. In the case of such a claim, the amount of the refund may exceed the portion of the tax paid within the period provided in subsection (d) to the extent of the amount of the overpayment attributable to the recomputation of the taxpayer's Article 2 credits, or Section 207 loss, earned, incurred, or used in the taxable year for which the notification is given.

(h) Claim for refund based on net loss. On and after ~~August 23, 2002 the effective date of this amendatory Act of the 92nd General Assembly~~, no claim for refund shall be allowed to the extent the refund is the result of an amount of net loss incurred in any taxable year ending prior to December 31, 2002 under Section 207 of this Act that was not reported to the Department within 3 years of the due date (including extensions) of the return for the loss year on either the original return filed by the taxpayer or on amended return or to the extent that the refund is the result of an amount of net loss incurred in any taxable year under Section 207 for which no return was filed within 3 years of the due date (including extensions) of the return for the loss year.

Section 5-10. The Public Utilities Act is amended by changing Section 8-403.1 as follows:
(220 ILCS 5/8-403.1) (from Ch. 111 2/3, par. 8-403.1)

Sec. 8-403.1. Electricity purchased from qualified solid waste energy facility; tax credit; distributions for economic development.

(a) It is hereby declared to be the policy of this State to encourage the development of alternate energy production facilities in order to conserve our energy resources and to provide for their most efficient use.

(b) For the purpose of this Section and Section 9-215.1, "qualified solid waste energy facility" means a facility determined by the Illinois Commerce Commission to qualify as such under the Local Solid Waste Disposal Act, to use methane gas generated from landfills as its primary fuel, and to possess characteristics that would enable it to qualify as a cogeneration or small power production facility under federal law.

(c) In furtherance of the policy declared in this Section, the Illinois Commerce Commission shall require electric utilities to enter into long-term contracts to purchase electricity from qualified solid waste energy facilities located in the electric utility's service area, for a period beginning on the date that the facility begins generating electricity and having a duration of not less than 10 years in the case of facilities fueled by landfill-generated methane, or 20 years in the case of facilities fueled by methane generated from a landfill owned by a forest preserve district. The purchase rate contained in such contracts shall be equal to the average amount per kilowatt-hour paid from time to time by the unit or units of local government in which the electricity generating facilities are located, excluding amounts paid for street lighting and pumping service.

(d) Whenever a public utility is required to purchase electricity pursuant to subsection (c) above, it shall be entitled to credits in respect of its obligations to remit to the State taxes it has collected under the Electricity Excise Tax Law equal to the amounts, if any, by which payments for such electricity exceed (i) the then current rate at which the utility must purchase the output of qualified facilities pursuant to the federal Public Utility Regulatory Policies Act of 1978, less (ii) any costs, expenses, losses, damages or other amounts incurred by the utility, or for which it becomes liable, arising out of its failure to obtain such electricity from such other sources. The amount of any such credit shall, in the first instance, be determined by the utility, which shall make a monthly report of such credits to the Illinois Commerce Commission and, on its monthly tax return, to the Illinois Department of Revenue. Under no circumstances shall a utility be required to purchase electricity from a qualified solid waste energy facility at the rate prescribed in subsection (c) of this Section if such purchase would result in estimated tax credits that exceed, on a monthly basis, the utility's estimated obligation to remit to the State taxes it has collected under the Electricity Excise Tax Law. The owner or operator shall negotiate facility operating conditions with the purchasing utility in accordance with that utility's posted standard terms and conditions for small power producers. If the Department of Revenue disputes the amount of any such credit, such dispute shall be decided by the Illinois Commerce Commission. Whenever a qualified solid waste energy facility has paid or otherwise satisfied in full the capital costs or indebtedness incurred in developing and implementing the qualified solid waste energy facility, whenever the qualified solid waste energy facility ceases to operate and produce electricity from methane gas generated from landfills, or at the end of the contract entered into pursuant to subsection (c) of this Section, whichever occurs first, the qualified solid waste energy facility shall reimburse the Public Utility Fund and the General Revenue Fund in the State treasury for the actual reduction in payments to those Funds caused by this subsection (d) in a manner to be determined by the Illinois Commerce Commission and based on the manner in which revenues for those Funds were reduced. The payments shall be made to the Illinois Commerce Commission, which shall determine the appropriate disbursements to the Public Utility Fund and the General Revenue Fund based on this subsection (d).

(e) The Illinois Commerce Commission shall not require an electric utility to purchase electricity from any qualified solid waste energy facility which is owned or operated by an entity that is primarily engaged in the business of producing or selling electricity, gas, or useful thermal energy from a source other than one or more qualified solid waste energy facilities.

(e-5) A qualified solid waste energy facility may receive the purchase rate provided in subsection (c) of this Section only for kilowatt-hours generated by the use of methane gas generated from landfills. The purchase rate provided in subsection (c) of this Section does not apply to electricity generated by the use of a fuel that is not methane gas generated from landfills. If the Illinois Commerce Commission determines that a qualified solid waste energy facility has violated the requirement regarding the use of methane gas generated from a landfill as set forth in this subsection (e-5), then the Commission shall issue an order requiring that the qualified solid waste energy facility repay the State for all dollar

amounts of electricity sales that are determined by the Commission to be the result of the violation. As part of that order, the Commission shall have the authority to revoke the facility's approval to act as a qualified solid waste energy facility granted by the Commission under this Section. If the amount owed by the qualified solid waste energy facility is not received by the Commission within 90 days after the date of the Commission's order that requires repayment, then the Commission shall issue an order that revokes the facility's approval to act as a qualified solid waste energy facility granted by the Commission under this Section. The Commission's action that vacates prior qualified solid waste energy facility approval does not excuse the repayment to the State treasury required by subsection (d) of this Section for utility tax credits accumulated up to the time of the Commission's action. A qualified solid waste energy facility must receive Commission approval before it may use any fuel in addition to methane gas generated from a landfill in order to generate electricity. If a qualified solid waste energy facility petitions the Commission to use any fuel in addition to methane gas generated from a landfill to generate electricity, then the Commission shall have the authority to do the following:

(1) establish the methodology for determining the amount of electricity that is generated by the use of methane gas generated from a landfill and the amount that is generated by the use of other fuel;

(2) determine all reporting requirements for the qualified solid waste energy facility that are necessary for the Commission to determine the amount of electricity that is generated by the use of methane gas from a landfill and the amount that is generated by the use of other fuel and the resulting payments to the qualified solid waste energy facility; and

(3) require that the qualified solid waste energy facility, at the qualified solid waste energy facility's expense, install metering equipment that the Commission determines is necessary to enforce compliance with this subsection (e-5).

A public utility that is required to enter into a long-term purchase contract with a qualified solid waste energy facility has no duty to determine whether the electricity being purchased was generated by the use of methane gas generated from a landfill or was generated by the use of some other fuel in violation of the requirements of this subsection (e-5).

(f) This Section does not require an electric utility to construct additional facilities unless those facilities are paid for by the owner or operator of the affected qualified solid waste energy facility.

(g) The Illinois Commerce Commission shall require that: (1) electric utilities use the electricity purchased from a qualified solid waste energy facility to displace electricity generated from nuclear power or coal mined and purchased outside the boundaries of the State of Illinois before displacing electricity generated from coal mined and purchased within the State of Illinois, to the extent possible, and (2) electric utilities report annually to the Commission on the extent of such displacements.

(h) Nothing in this Section is intended to cause an electric utility that is required to purchase power hereunder to incur any economic loss as a result of its purchase. All amounts paid for power which a utility is required to purchase pursuant to subparagraph (c) shall be deemed to be costs prudently incurred for purposes of computing charges under rates authorized by Section 9-220 of this Act. Tax credits provided for herein shall be reflected in charges made pursuant to rates so authorized to the extent such credits are based upon a cost which is also reflected in such charges.

(i) Beginning in February 1999 and through January 2009, each qualified solid waste energy facility that sells electricity to an electric utility at the purchase rate described in subsection (c) shall file with the Department of Revenue on or before the 15th of each month a form, prescribed by the Department of Revenue, that states the number of kilowatt hours of electricity for which payment was received at that purchase rate from electric utilities in Illinois during the immediately preceding month. This form shall be accompanied by a payment from the qualified solid waste energy facility in an amount equal to six-tenths of a mill (\$.0006) per kilowatt hour of electricity stated on the form. Beginning on the effective date of this amendatory Act of the 92nd General Assembly, a qualified solid waste energy facility must file the form required under this subsection (i) before the 15th of each month regardless of whether the facility received any payment in the previous month. Payments received by the Department of Revenue shall be deposited into the Municipal Economic Development Fund, a trust fund created outside the State treasury. The State Treasurer may invest the moneys in the Fund in any investment authorized by the Public Funds Investment Act, and investment income shall be deposited into and become part of the Fund. Moneys in the Fund shall be used by the State Treasurer as provided in subsection (j).

Beginning on July 1, 2006 through January 31, 2009, each month the State Treasurer shall certify the following to the State Comptroller:

(A) the amount received by the Department of Revenue under this subsection (i) during the immediately preceding month; and

(B) the amount received by the Department of Revenue under this subsection (i) in the

[May 3, 2006]

corresponding month in calendar year 2002.

As soon as practicable after receiving the certification from the State Treasurer, the State Comptroller shall transfer from the General Revenue Fund to the Municipal Economic Development Fund in the State treasury an amount equal to the amount by which the amount calculated under item (B) of this paragraph exceeds the amount calculated under item (A) of this paragraph, if any.

The obligation of a qualified solid waste energy facility to make payments into the Municipal Economic Development Fund shall terminate upon either: (1) expiration or termination of a facility's contract to sell electricity to an electric utility at the purchase rate described in subsection (c); or (2) entry of an enforceable, final, and non-appealable order by a court of competent jurisdiction that Public Act 89-448 is invalid. Payments by a qualified solid waste energy facility into the Municipal Economic Development Fund do not relieve the qualified solid waste energy facility of its obligation to reimburse the Public Utility Fund and the General Revenue Fund for the actual reduction in payments to those Funds as a result of credits received by electric utilities under subsection (d).

A qualified solid waste energy facility that fails to timely file the requisite form and payment as required by this subsection (i) shall be subject to penalties and interest in conformance with the provisions of the Illinois Uniform Penalty and Interest Act.

Every qualified solid waste energy facility subject to the provisions of this subsection (i) shall keep and maintain records and books of its sales pursuant to subsection (c), including payments received from those sales and the corresponding tax payments made in accordance with this subsection (i), and for purposes of enforcement of this subsection (i) all such books and records shall be subject to inspection by the Department of Revenue or its duly authorized agents or employees.

When a qualified solid waste energy facility fails to file the form or make the payment required under this subsection (i), the Department of Revenue, to the extent that it is practical, may enforce the payment obligation in a manner consistent with Section 5 of the Retailers' Occupation Tax Act, and if necessary may impose and enforce a tax lien in a manner consistent with Sections 5a, 5b, 5c, 5d, 5e, 5f, 5g, and 5i of the Retailers' Occupation Tax Act. No tax lien may be imposed or enforced, however, unless a qualified solid waste energy facility fails to make the payment required under this subsection (i). Only to the extent necessary and for the purpose of enforcing this subsection (i), the Department of Revenue may secure necessary information from a qualified solid waste energy facility in a manner consistent with Section 10 of the Retailers' Occupation Tax Act.

All information received by the Department of Revenue in its administration and enforcement of this subsection (i) shall be confidential in a manner consistent with Section 11 of the Retailers' Occupation Tax Act. The Department of Revenue may adopt rules to implement the provisions of this subsection (i).

For purposes of implementing the maximum aggregate distribution provisions in subsections (j) and (k), when a qualified solid waste energy facility makes a late payment to the Department of Revenue for deposit into the Municipal Economic Development Fund, that payment and deposit shall be attributed to the month and corresponding quarter in which the payment should have been made, and the Treasurer shall make retroactive distributions or refunds, as the case may be, whenever such late payments so require.

(j) The State Treasurer, without appropriation, must make distributions immediately after January 15, April 15, July 15, and October 15 of each year, up to maximum aggregate distributions of \$500,000 for the distributions made in the 4 quarters beginning with the April distribution and ending with the January distribution, from the Municipal Economic Development Fund to each city, village, or incorporated town that has within its boundaries an incinerator that: (1) uses or, on the effective date of Public Act 90-813, used municipal waste as its primary fuel to generate electricity; (2) was determined by the Illinois Commerce Commission to qualify as a qualified solid waste energy facility prior to the effective date of Public Act 89-448; and (3) commenced operation prior to January 1, 1998. Total distributions in the aggregate to all qualified cities, villages, and incorporated towns in the 4 quarters beginning with the April distribution and ending with the January distribution shall not exceed \$500,000. The amount of each distribution shall be determined pro rata based on the population of the city, village, or incorporated town compared to the total population of all cities, villages, and incorporated towns eligible to receive a distribution. Distributions received by a city, village, or incorporated town must be held in a separate account and may be used only to promote and enhance industrial, commercial, residential, service, transportation, and recreational activities and facilities within its boundaries, thereby enhancing the employment opportunities, public health and general welfare, and economic development within the community, including administrative expenditures exclusively to further these activities. These funds, however, shall not be used by the city, village, or incorporated town, directly or indirectly, to purchase, lease, operate, or in any way subsidize the operation of any incinerator, and these funds shall not be paid, directly or indirectly, by the city, village, or incorporated town to the owner, operator, lessee,

shareholder, or bondholder of any incinerator. Moreover, these funds shall not be used to pay attorneys fees in any litigation relating to the validity of Public Act 89-448. Nothing in this Section prevents a city, village, or incorporated town from using other corporate funds for any legitimate purpose. For purposes of this subsection, the term "municipal waste" has the meaning ascribed to it in Section 3.290 of the Environmental Protection Act.

(k) If maximum aggregate distributions of \$500,000 under subsection (j) have been made after the January distribution from the Municipal Economic Development Fund, then the balance in the Fund shall be refunded to the qualified solid waste energy facilities that made payments that were deposited into the Fund during the previous 12-month period. The refunds shall be prorated based upon the facility's payments in relation to total payments for that 12-month period.

(l) Beginning January 1, 2000, and each January 1 thereafter, each city, village, or incorporated town that received distributions from the Municipal Economic Development Fund, continued to hold any of those distributions, or made expenditures from those distributions during the immediately preceding year shall submit to a financial and compliance and program audit of those distributions performed by the Auditor General at no cost to the city, village, or incorporated town that received the distributions. The audit should be completed by June 30 or as soon thereafter as possible. The audit shall be submitted to the State Treasurer and those officers enumerated in Section 3-14 of the Illinois State Auditing Act. If the Auditor General finds that distributions have been expended in violation of this Section, the Auditor General shall refer the matter to the Attorney General. The Attorney General may recover, in a civil action, 3 times the amount of any distributions illegally expended. For purposes of this subsection, the terms "financial audit," "compliance audit", and "program audit" have the meanings ascribed to them in Sections 1-13 and 1-15 of the Illinois State Auditing Act.

(m) On and after the effective date of this amendatory Act of the 94th General Assembly, beginning on the first date on which renewable energy certificates or other saleable representations are sold by a qualified solid waste energy facility, with or without the electricity generated by the facility, and utilized by an electric utility or another electric supplier to comply with a renewable energy portfolio standard mandated by Illinois law or mandated by order of the Illinois Commerce Commission, that qualified solid waste energy facility may not sell electricity pursuant to this Section and shall be exempt from the requirements of subsections (a) through (l) of this Section, except that it shall remain obligated for any reimbursements required under subsection (d) of this Section. All of the provisions of this Section shall remain in full force and effect with respect to any qualified solid waste energy facility that sold electric energy pursuant to this Section at any time before July 1, 2006 and that does not sell renewable energy certificates or other saleable representations to meet the requirements of a renewable energy portfolio standard mandated by Illinois law or mandated by order of the Illinois Commerce Commission.

(n) Notwithstanding any other provision of law to the contrary, beginning on July 1, 2006, the Illinois Commerce Commission shall not issue any order determining that a facility is a qualified solid waste energy facility unless the qualified solid waste energy facility was determined by the Illinois Commerce Commission to be a qualified solid waste energy facility before July 1, 2006. As a guide to the intent, interpretation, and application of this amendatory Act of the 94th General Assembly, it is hereby declared to be the policy of this State to honor each qualified solid waste energy facility contract in existence on the effective date of this amendatory Act of the 94th General Assembly if the qualified solid waste energy facility continues to meet the requirements of this Section for the duration of its respective contract term.

AMENDMENT NO. 2. Amend Senate Bill 1863 by replacing everything after the enacting clause with the following:

"Section 1. Short title. This Act may be cited as the FY2007 Budget Implementation (Human Services) Act.

Section 5. Purpose. It is the purpose of this Act to implement the Governor's FY2007 budget recommendations concerning human services.

Section 10. The Illinois Administrative Procedure Act is amended by changing Section 5-45 and adding Section 5-46.2 as follows:

(5 ILCS 100/5-45) (from Ch. 127, par. 1005-45)

Sec. 5-45. Emergency rulemaking.

(a) "Emergency" means the existence of any situation that any agency finds reasonably constitutes a threat to the public interest, safety, or welfare.

(b) If any agency finds that an emergency exists that requires adoption of a rule upon fewer days than is required by Section 5-40 and states in writing its reasons for that finding, the agency may adopt an emergency rule without prior notice or hearing upon filing a notice of emergency rulemaking with the Secretary of State under Section 5-70. The notice shall include the text of the emergency rule and shall be published in the Illinois Register. Consent orders or other court orders adopting settlements negotiated by an agency may be adopted under this Section. Subject to applicable constitutional or statutory provisions, an emergency rule becomes effective immediately upon filing under Section 5-65 or at a stated date less than 10 days thereafter. The agency's finding and a statement of the specific reasons for the finding shall be filed with the rule. The agency shall take reasonable and appropriate measures to make emergency rules known to the persons who may be affected by them.

(c) An emergency rule may be effective for a period of not longer than 150 days, but the agency's authority to adopt an identical rule under Section 5-40 is not precluded. No emergency rule may be adopted more than once in any 24 month period, except that this limitation on the number of emergency rules that may be adopted in a 24 month period does not apply to (i) emergency rules that make additions to and deletions from the Drug Manual under Section 5-5.16 of the Illinois Public Aid Code or the generic drug formulary under Section 3.14 of the Illinois Food, Drug and Cosmetic Act, (ii) emergency rules adopted by the Pollution Control Board before July 1, 1997 to implement portions of the Livestock Management Facilities Act, or (iii) emergency rules adopted by the Illinois Department of Public Health under subsections (a) through (i) of Section 2 of the Department of Public Health Act when necessary to protect the public's health. Two or more emergency rules having substantially the same purpose and effect shall be deemed to be a single rule for purposes of this Section.

(d) In order to provide for the expeditious and timely implementation of the State's fiscal year 1999 budget, emergency rules to implement any provision of Public Act 90-587 or 90-588 or any other budget initiative for fiscal year 1999 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (d). The adoption of emergency rules authorized by this subsection (d) shall be deemed to be necessary for the public interest, safety, and welfare.

(e) In order to provide for the expeditious and timely implementation of the State's fiscal year 2000 budget, emergency rules to implement any provision of this amendatory Act of the 91st General Assembly or any other budget initiative for fiscal year 2000 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (e). The adoption of emergency rules authorized by this subsection (e) shall be deemed to be necessary for the public interest, safety, and welfare.

(f) In order to provide for the expeditious and timely implementation of the State's fiscal year 2001

[May 3, 2006]

budget, emergency rules to implement any provision of this amendatory Act of the 91st General Assembly or any other budget initiative for fiscal year 2001 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (f). The adoption of emergency rules authorized by this subsection (f) shall be deemed to be necessary for the public interest, safety, and welfare.

(g) In order to provide for the expeditious and timely implementation of the State's fiscal year 2002 budget, emergency rules to implement any provision of this amendatory Act of the 92nd General Assembly or any other budget initiative for fiscal year 2002 may be adopted in accordance with this Section by the agency charged with administering that provision or initiative, except that the 24-month limitation on the adoption of emergency rules and the provisions of Sections 5-115 and 5-125 do not apply to rules adopted under this subsection (g). The adoption of emergency rules authorized by this subsection (g) shall be deemed to be necessary for the public interest, safety, and welfare.

The Department is authorized to adopt rules implementing those changes by emergency rulemaking. This emergency rulemaking authority is granted by, and may be exercised only during, the 94th General Assembly.

Section 15. The Illinois Public Aid Code is amended by changing Sections 5-5.4, 5A-2, and 5A-12.1 and adding Section 12-4.36 as follows:

(305 ILCS 5/5-5.4) (from Ch. 23, par. 5-5.4)

Sec. 5-5.4. Standards of Payment - Department of Healthcare and Family Services ~~Public Aid~~. The Department of ~~Healthcare and Family Services Public Aid~~ shall develop standards of payment of skilled nursing and intermediate care services in facilities providing such services under this Article which:

(1) Provide for the determination of a facility's payment for skilled nursing and intermediate care services on a prospective basis. The amount of the payment rate for all nursing facilities certified by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities, Long Term Care for Under Age 22 facilities, Skilled Nursing facilities, or Intermediate Care facilities under the medical assistance program shall be prospectively established annually on the basis of historical, financial, and statistical data reflecting actual costs from prior years, which shall be applied to the current rate year and updated for inflation, except that the capital cost element for newly constructed facilities shall be based upon projected budgets. The annually established payment rate shall take effect on July 1 in 1984 and subsequent years. No rate increase and no update for inflation shall be provided on or after July 1, 1994 and before July 1, 2007 ~~2006~~, unless specifically provided for in this Section. The changes made by Public Act 93-841 ~~this amendatory Act of the 93rd General Assembly~~ extending the duration of the prohibition against a rate increase or update for inflation are effective retroactive to July 1, 2004.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on July 1, 1998 shall include an increase of 3%. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1998 shall include an increase of 3% plus \$1.10 per resident-day, as defined by the Department. For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care Facilities for the Developmentally Disabled or Long Term Care for Under Age 22 facilities, the rates taking effect on January 1, 2006 shall include an increase of 3%.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 1999 shall include an increase of 1.6% and, for services provided on or after October 1, 1999, shall be increased by \$4.00 per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Skilled Nursing facilities or Intermediate Care facilities, the rates taking effect on July 1, 2000 shall include an increase of 2.5% per resident-day, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, a new payment methodology must be implemented for the nursing component of the rate effective July 1, 2003. The Department of Public Aid (now Healthcare and Family Services) shall develop the new payment methodology using the Minimum Data Set (MDS) as the instrument to collect information concerning nursing home resident condition necessary to compute the rate. The Department of ~~Public Aid~~ shall develop the new payment methodology to meet the unique needs of Illinois nursing home residents while remaining subject to the appropriations provided by the General Assembly. A transition period from the payment methodology in effect on June 30, 2003 to the payment methodology in effect on July 1, 2003 shall be provided for a period not

exceeding 3 years after implementation of the new payment methodology as follows:

(A) For a facility that would receive a lower nursing component rate per patient day under the new system than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be held at the level in effect on the date immediately preceding the date that the Department implements the new payment methodology until a higher nursing component rate of reimbursement is achieved by that facility.

(B) For a facility that would receive a higher nursing component rate per patient day under the payment methodology in effect on July 1, 2003 than the facility received effective on the date immediately preceding the date that the Department implements the new payment methodology, the nursing component rate per patient day for the facility shall be adjusted.

(C) Notwithstanding paragraphs (A) and (B), the nursing component rate per patient day for the facility shall be adjusted subject to appropriations provided by the General Assembly.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on March 1, 2001 shall include a statewide increase of 7.85%, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or Long Term Care for Under Age 22 facilities, the rates taking effect on April 1, 2002 shall include a statewide increase of 2.0%, as defined by the Department. This increase terminates on July 1, 2002; beginning July 1, 2002 these rates are reduced to the level of the rates in effect on March 31, 2002, as defined by the Department.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on July 1, 2001 shall be computed using the most recent cost reports on file with the Department of Public Aid no later than April 1, 2000, updated for inflation to January 1, 2001. For rates effective July 1, 2001 only, rates shall be the greater of the rate computed for July 1, 2001 or the rate effective on June 30, 2001.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the Illinois Department shall determine by rule the rates taking effect on July 1, 2002, which shall be 5.9% less than the rates in effect on June 30, 2002.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, if the payment methodologies required under Section 5A-12 and the waiver granted under 42 CFR 433.68 are approved by the United States Centers for Medicare and Medicaid Services, the rates taking effect on July 1, 2004 shall be 3.0% greater than the rates in effect on June 30, 2004. These rates shall take effect only upon approval and implementation of the payment methodologies required under Section 5A-12.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, the rates taking effect on January 1, 2005 shall be 3% more than the rates in effect on December 31, 2004.

Notwithstanding any other provisions of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as intermediate care facilities that are federally defined as Institutions for Mental Disease, a socio-development component rate equal to 6.6% of the facility's nursing component rate as of January 1, 2006 shall be established and paid effective July 1, 2006. The Illinois Department may by rule adjust these socio-development component rates, but in no case may such rates be diminished.

For facilities licensed by the Department of Public Health under the Nursing Home Care Act as Intermediate Care for the Developmentally Disabled facilities or as long-term care facilities for residents under 22 years of age, the rates taking effect on July 1, 2003 shall include a statewide increase of 4%, as defined by the Department.

Notwithstanding any other provision of this Section, for facilities licensed by the Department of Public Health under the Nursing Home Care Act as skilled nursing facilities or intermediate care facilities, effective January 1, 2005, facility rates shall be increased by the difference between (i) a facility's per diem property, liability, and malpractice insurance costs as reported in the cost report filed with the Department of Public Aid and used to establish rates effective July 1, 2001 and (ii) those same costs as reported in the facility's 2002 cost report. These costs shall be passed through to the facility without caps or limitations, except for adjustments required under normal auditing procedures.

[May 3, 2006]

Rates established effective each July 1 shall govern payment for services rendered throughout that fiscal year, except that rates established on July 1, 1996 shall be increased by 6.8% for services provided on or after January 1, 1997. Such rates will be based upon the rates calculated for the year beginning July 1, 1990, and for subsequent years thereafter until June 30, 2001 shall be based on the facility cost reports for the facility fiscal year ending at any point in time during the previous calendar year, updated to the midpoint of the rate year. The cost report shall be on file with the Department no later than April 1 of the current rate year. Should the cost report not be on file by April 1, the Department shall base the rate on the latest cost report filed by each skilled care facility and intermediate care facility, updated to the midpoint of the current rate year. In determining rates for services rendered on and after July 1, 1985, fixed time shall not be computed at less than zero. The Department shall not make any alterations of regulations which would reduce any component of the Medicaid rate to a level below what that component would have been utilizing in the rate effective on July 1, 1984.

(2) Shall take into account the actual costs incurred by facilities in providing services for recipients of skilled nursing and intermediate care services under the medical assistance program.

(3) Shall take into account the medical and psycho-social characteristics and needs of the patients.

(4) Shall take into account the actual costs incurred by facilities in meeting licensing and certification standards imposed and prescribed by the State of Illinois, any of its political subdivisions or municipalities and by the U.S. Department of Health and Human Services pursuant to Title XIX of the Social Security Act.

The Department of Healthcare and Family Services ~~Public Aid~~ shall develop precise standards for payments to reimburse nursing facilities for any utilization of appropriate rehabilitative personnel for the provision of rehabilitative services which is authorized by federal regulations, including reimbursement for services provided by qualified therapists or qualified assistants, and which is in accordance with accepted professional practices. Reimbursement also may be made for utilization of other supportive personnel under appropriate supervision.

(Section scheduled to be repealed on July 1, 2008)

Sec. 5A-2. Assessment; no local authorization to tax.

(a) Subject to Sections 5A-3 and 5A-10, an annual assessment on inpatient services is imposed on each hospital provider in an amount equal to the hospital's occupied bed days multiplied by \$84.19 multiplied by the proration factor for State fiscal year 2004 and the hospital's occupied bed days multiplied by \$84.19 for State fiscal year 2005.

The Department of Healthcare and Family Services ~~Public Aid~~ shall use the number of occupied bed days as reported by each hospital on the Annual Survey of Hospitals conducted by the Department of Public Health to calculate the hospital's annual assessment. If the sum of a hospital's occupied bed days is not reported on the Annual Survey of Hospitals or if there are data errors in the reported sum of a hospital's occupied bed days as determined by the Department of Healthcare and Family Services (formerly Department of Public Aid), then the Department of Healthcare and Family Services ~~Public Aid~~ may obtain the sum of occupied bed days from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Department of Healthcare and Family Services ~~Public Aid~~ or its duly authorized agents and employees.

Subject to Sections 5A-3 and 5A-10, for the privilege of engaging in the occupation of hospital provider, beginning August 1, 2005, an annual assessment is imposed on each hospital provider for State fiscal years 2006, 2007, and 2008, in an amount equal to 2.5835% of the hospital provider's adjusted gross hospital revenue for inpatient services and 2.5835% of the hospital provider's adjusted gross hospital revenue for outpatient services. If the hospital provider's adjusted gross hospital revenue is not available, then the Illinois Department may obtain the hospital provider's adjusted gross hospital revenue from any source available, including, but not limited to, records maintained by the hospital provider, which may be inspected at all times during business hours of the day by the Illinois Department or its duly authorized agents and employees.

(b) Nothing in this Article shall be construed to authorize any home rule unit or other unit of local government to license for revenue or to impose a tax or assessment upon hospital providers or the occupation of hospital provider, or a tax or assessment measured by the income or earnings of a hospital provider.

(c) As provided in Section 5A-14, this Section is repealed on July 1, 2008.

(d) Notwithstanding any of the other provisions of this Section, the Department is authorized, during

this 94th General Assembly, to adopt rules to reduce the rate of any annual assessment imposed under this Section, as authorized by Section 5-46.2 of the Illinois Administrative Procedure Act.

These payments shall be paid on a quarterly basis. For State fiscal year 2006, once the approval of the payment methodology required under this Section and any waiver required under 42 CFR 433.68 by the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services is received, the Department shall pay the total amounts required for fiscal year 2006 under this Section within 100 days of the latest notification. In State fiscal years 2007 and 2008, the total amounts required under this Section shall be paid in 4 equal installments on or before the seventh State business day of September, December, March, and May, except that if the date of notification of the approval of the payment methodologies required under this Section and any waiver required under 42 CFR 433.68 is on or after July 1, 2006, the sum of amounts required under this Section prior to the date of notification shall be paid within 100 days of the date of the last notification. Payments under this Section are not due and payable, however, until (i) the methodologies described in this Section are approved by the federal government in an appropriate State Plan amendment, (ii) the assessment imposed under this Article is determined to be a permissible tax under Title XIX of the Social Security Act, and (iii) the assessment is in effect.

(b) Medicaid eligibility payment. In addition to amounts paid for inpatient hospital services, the Department shall pay each Illinois hospital (except for hospitals described in Section 5A-3) for each inpatient Medicaid admission in State fiscal year 2003, \$430 multiplied by the percentage by which the number of Medicaid recipients in the county in which the hospital is located increased from State fiscal year 1998 to State fiscal year 2003.

(c) Medicaid high volume adjustment.

(1) In addition to rates paid for inpatient hospital services, the Department shall pay to each Illinois hospital (except for hospitals that qualify for Medicaid Percentage Adjustment payments under 89 Ill. Adm. Code 148.122 for the 12-month period beginning on October 1, 2004) that provided more than 10,000 Medicaid inpatient days of care (determined using the hospital's fiscal year 2002 Medicaid cost report on file with the Department on July 1, 2004) amounts as follows:

(i) for hospitals that provided more than 10,000 Medicaid inpatient days of care but less than or equal to 14,500 Medicaid inpatient days of care, \$90 for each Medicaid inpatient day of care provided during that period; and

(ii) for hospitals that provided more than 14,500 Medicaid inpatient days of care but less than or equal to 18,500 Medicaid inpatient days of care, \$135 for each Medicaid inpatient day of care provided during that period; and

(iii) for hospitals that provided more than 18,500 Medicaid inpatient days of care but less than or equal to 20,000 Medicaid inpatient days of care, \$225 for each Medicaid inpatient day of care provided during that period; and

(iv) for hospitals that provided more than 20,000 Medicaid inpatient days of care, \$900 for each Medicaid inpatient day of care provided during that period.

Provided, however, that no hospital shall receive more than \$19,000,000 per year in such payments under subparagraphs (i), (ii), (iii), and (iv).

(2) In addition to rates paid for inpatient hospital services, the Department shall pay to each Illinois general acute care hospital that as of October 1, 2004, qualified for Medicaid percentage adjustment payments under 89 Ill. Adm. Provided, however, that no hospital shall receive more than \$1,200,000 per year in such payments.

(d) Intensive care adjustment. In addition to rates paid for inpatient services, the Department shall pay an adjustment payment to each Illinois general acute care hospital located in a large urban area that, based on the hospital's fiscal year 2002 Medicaid cost report, had a ratio of Medicaid intensive care unit days to total Medicaid days greater than 19%. If such ratio for the hospital is less than 30%, the hospital shall be paid an adjustment payment for each Medicaid

inpatient day of care provided equal to \$1,000 multiplied by the hospital's ratio of Medicaid intensive care days to total Medicaid days. If such ratio for the hospital is equal to or greater than 30%, the hospital shall be paid an adjustment payment for each Medicaid inpatient day of care provided equal to \$2,800 multiplied by the hospital's ratio of Medicaid intensive care days to total Medicaid days.

(e) Trauma center adjustments.

(1) In addition to rates paid for inpatient hospital services, the Department shall pay to each Illinois general acute care hospital that as of January 1, 2005, was designated as a Level I trauma center and is either located in a large urban area or is located in an other urban area and as of October 1, 2004 qualified for Medicaid percentage adjustment payments under 89 Ill. Adm. Code 148.122, a payment equal to \$800 multiplied by the hospital's Medicaid intensive care unit days (excluding Medicare crossover days). This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004. For hospitals located in large urban areas outside of a city with a population in excess of 1,000,000 people, the payment required under this subsection shall be multiplied by 4.5. For hospitals located in other urban areas, the payment required under this subsection shall be multiplied by 8.5.

(2) In addition to rates paid for inpatient hospital services, the Department shall pay an additional payment to each Illinois general acute care hospital that as of January 1, 2005, was designated as a Level II trauma center and is located in a county with a population in excess of 3,000,000 people. The payment shall equal \$4,000 per day for the first 500 Medicaid inpatient days, \$2,000 per day for the Medicaid inpatient days between 501 and 1,500, and \$100 per day for any Medicaid inpatient day in excess of 1,500. This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004.

(3) In addition to rates paid for inpatient hospital services, the Department shall pay an additional payment to each Illinois general acute care hospital that as of January 1, 2005, was designated as a Level II trauma center, is located in a large urban area outside of a county with a population in excess of 3,000,000 people, and as of January 1, 2005, was designated a Level III perinatal center or designated a Level II or II+ prenatal center that has a ratio of Medicaid intensive care unit days to total Medicaid days greater than 5%. The payment shall equal \$4,000 per day for the first 500 Medicaid inpatient days, \$2,000 per day for the Medicaid inpatient days between 501 and 1,500, and \$100 per day for any Medicaid inpatient day in excess of 1,500. This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004.

(4) In addition to rates paid for inpatient hospital services, the Department shall pay an additional payment to each Illinois children's hospital that as of January 1, 2005, was designated a Level I pediatric trauma center that had more than 30,000 Medicaid days in State fiscal year 2003 and to each Level I pediatric trauma center located outside of Illinois and that had more than 700 Illinois Medicaid cases in State fiscal year 2003. The amount of such payment shall equal \$325 multiplied by the hospital's Medicaid intensive care unit days, and this payment shall be multiplied by 2.25 for hospitals located outside of Illinois. This payment shall be calculated based on data from the hospital's 2002 cost report on file with the Department on July 1, 2004.

(5) Notwithstanding any other provision of this subsection, a children's hospital, as defined in 89 Ill. Adm. Code 149.50(c)(3)(B), is not eligible for the payments described in paragraphs (1), (2), and (3) of this subsection.

In no event, however, shall that amount be less than zero.

(2) For Illinois psychiatric hospitals and distinct part psychiatric units of Illinois general acute care hospitals whose inpatient per diem rate as in effect on July 1, 2002 is greater than \$420, the Department shall pay, in addition to any other amounts authorized under this Code, \$40 for each Medicaid inpatient psychiatric day of care provided in State fiscal year 2003.

(3) In addition to rates paid for inpatient psychiatric services, for Illinois psychiatric hospitals located in a county with a population in excess of 3,000,000 people that did not qualify for Medicaid percentage adjustment payments under 89 Ill. Code 148.296, as in effect for State fiscal year 2005, a supplemental tertiary care adjustment payment equal to 2.5 multiplied by the tertiary care adjustment payment required under 89 Ill. Adm. Code 148.296, as in effect for State fiscal year 2005.

(i) Crossover percentage adjustment. In addition to rates paid for inpatient services, the Department shall pay each Illinois general acute care hospital, excluding any hospital defined as a cancer center hospital in rules by the Department, located in an urban area that provided over 500 days of inpatient care to Medicaid recipients, that had a ratio of crossover days to total Medicaid days, utilizing information used for the Medicaid percentage adjustment determination described in 84 Ill. Adm. Code 148.122, effective October 1, 2004, of greater than 40%, and that does not qualify for Medicaid percentage adjustment payments under 89 Ill. Adm. Any such rules shall be adopted by the Department, as authorized by Section 5-46.2 of the Illinois Administrative Procedure Act. Notwithstanding any other provision of law, any changes implemented in relation to Public Act 94-242 shall be given retroactive effect so that they shall be deemed to have taken effect as of the effective date of that Public Act.

(s) Definitions. Unless the context requires otherwise or unless provided otherwise in this Section, the terms used in this Section for qualifying criteria and payment calculations shall have the same meanings as those terms have been given in the Illinois Department's administrative rules as in effect on May 1, 2005. Other terms shall be defined by the Illinois Department by rule.

As used in this Section, unless the context requires otherwise:

(u) For purposes of this Section, the terms "Medicaid days", "ambulatory procedure listing services", and "ambulatory procedure listing payments" do not include any days, charges, or services for which Medicare was liable for payment, except where explicitly stated otherwise in this Section.

Sec. 12-4.36. Pilot program for persons who are medically fragile and technology-dependent.

(a) Subject to appropriations for the first fiscal year of the pilot program beginning July 1, 2006, the Department of Human Services, in cooperation with the Department of Healthcare and Family Services, shall adopt rules to initiate a 3-year pilot program to (i) test a standardized assessment tool for persons who are medically fragile and technology-dependent who may be provided home and community-based services to meet their medical needs rather than be provided care in an institution not solely because of a severe mental or developmental impairment and (ii) provide appropriate home and community-based medical services for such persons as provided in subsection (c) of this Section. The Department of Human Services may administer the pilot program until June 30, 2009 if the General Assembly annually appropriates funds for this purpose.

(b) Notwithstanding any other provisions of this Code, the rules implementing the pilot program shall provide for criteria, standards, procedures, and reimbursement for services that are not otherwise being provided in scope, duration, or amount through any other program administered by any Department of Human Services or any other agency of the State for these medically fragile, technology-dependent persons. At a minimum, the rules shall include the following:

(1) A requirement that a pilot program participant be eligible for medical assistance under this

Code, a citizen of the United States, or an individual who is lawfully residing permanently in the United States, and a resident of Illinois.

(2) A requirement that a standardized assessment for medically fragile, technology-dependent persons will establish the level of care and the service-cost maximums.

(3) A requirement for a determination by a physician licensed to practice medicine in all its branches (i) that, except for the provision of home and community-based care, these individuals would require the level of care provided in an institutional setting and (ii) that the necessary level of care can be provided safely in the home and community through the provision of medical support services.

(4) A requirement that the services provided be medically necessary and appropriate for the level of functioning of the persons who are participating in the pilot program.

(5) Provisions for care coordination and family support services that will enable the person to receive services in the most integrated setting possible appropriate to his or her medical condition and level of functioning.

(6) The frequency of assessment and plan-of-care reviews.

(7) The family or guardian's active participation as care givers in meeting the individual's medical needs.

(8) The estimated cost to the State for in-home care, as compared to the institutional level of care appropriate to the individual's medical needs, may not exceed 100% of the institutional care as indicated by the standardized assessment tool.

(9) When determining the hours of medically necessary support services needed to maintain the individual at home, consideration shall be given to the availability of other services, including direct care provided by the individual's family or guardian that can reasonably be expected to meet the medical needs of the individual.

(c) During the pilot program, an individual who has received services pursuant to paragraph 7 of Section 5-2 of this Code, but who no longer receive such services because he or she has reached the age of 21, may be provided additional services pursuant to rule if the Department of Human Services, Division of Rehabilitation Services, determines from completion of the assessment tool for that individual that the exceptional care rate established by the Department of Healthcare and Family Services under Section 5-5.8a of this Code is not sufficient to cover the medical needs of the individual under the home and community-based services (HCBS) waivers for persons with disabilities.

(d) The Department of Human Services is authorized to lower the payment levels established under this Section or take such other actions, including, without limitation, cessation of enrollment, reduction of available medical services, and changing standards for eligibility, that are deemed necessary by the Department during a State fiscal year to ensure that payments under this Section do not exceed available funds. These changes may be accomplished by emergency rulemaking under Section 5-45 of the Illinois Administrative Procedure Act, except that the limitation on the number of emergency rules that may be adopted in a 24-month period shall not apply.

(e) The Department of Human Services must make an annual report to the Governor and the General Assembly with respect to the persons eligible for medical assistance under this pilot program. The report must cover the State fiscal year ending on June 30 of the preceding year. The first report is due by January 1, 2008. The report must include the following information for the fiscal year covered by the report:

(1) The number of persons who were evaluated through the assessment tool under this pilot program.

(2) The number of persons who received services not available under the home and community-based services (HCBS) waivers for persons with disabilities under this pilot program.

(3) The number of persons whose services were reduced under this pilot program.

(4) The nature, scope, and cost of services provided under this pilot program.

(5) The comparative costs of providing those services in other institutions.

(6) The Department's progress in establishing an objective, standardized assessment tool for the HCBS waiver that assesses the medical needs of medically fragile, technology-dependent adults.

(7) Recommendations for the funding needed to expand this pilot program to all medically fragile, technology-dependent individuals in HCBS waivers.

(6) the procedure, if any, by which the terms of any contract with bondholders may be altered or amended and the amount of bonds and holders of which must consent thereto, and the manner in which consent shall be given;

(7) defining the acts or omissions which shall constitute a default in the duties of the Authority to holders of bonds and providing the rights or remedies of such holders in the event of a default which may include provisions restricting individual right of action by bondholders;

AMENDMENT NO. 2 TO SENATE BILL 1977

AMENDMENT NO. 2. Amend Senate Bill 1977, AS AMENDED, by replacing everything after the enacting clause with the following:

"ARTICLE 1. SHORT TITLE; PURPOSE

Section 1-1. Short title. This Act may be cited as the FY2007 Budget Implementation (Finance) Act.

Section 1-3. Purpose. The purpose of this Act is to make changes in State programs that are necessary to implement the Governor's FY2007 budget recommendations concerning finance.

ARTICLE 5. AMENDATORY PROVISIONS

Section 5-5. The State Employees Group Insurance Act of 1971 is amended by changing Sections 6.10, 10, and 13.1 as follows:

(5 ILCS 375/6.10)

Sec. 6.10. Contributions to the Community College Health Insurance Security Fund.

(a) Beginning January 1, 1999, every active contributor of the State Universities Retirement System (established under Article 15 of the Illinois Pension Code) who (1) is a full-time employee of a community college district (other than a community college district subject to Article VII of the Public Community College Act) or an association of community college boards and (2) is not an employee as defined in Section 3 of this Act shall make contributions toward the cost of community college annuitant and survivor health benefits at the rate of 0.50% of salary.

These contributions shall be deducted by the employer and paid to the State Universities Retirement System as service agent for the Department of Central Management Services. The System may use the same processes for collecting the contributions required by this subsection that it uses to collect the contributions received from those employees under Section 15-157 of the Illinois Pension Code. An employer may agree to pick up or pay the contributions required under this subsection on behalf of the employee; such contributions shall be deemed to have been paid by the employee.

The State Universities Retirement System shall promptly deposit all moneys collected under this subsection (a) into the Community College Health Insurance Security Fund created in Section 6.9 of this Act. The moneys collected under this Section shall be used only for the purposes authorized in Section 6.9 of this Act and shall not be considered to be assets of the State Universities Retirement System. Contributions made under this Section are not transferable to other pension funds or retirement systems and are not refundable upon termination of service.

(b) Beginning January 1, 1999, every community college district (other than a community college district subject to Article VII of the Public Community College Act) or association of community college boards that is an employer under the State Universities Retirement System shall contribute toward the cost of the community college health benefits provided under Section 6.9 of this Act an amount equal to 0.50% of the salary paid to its full-time employees who participate in the State

[May 3, 2006]

Universities Retirement System and are not members as defined in Section 3 of this Act.

These contributions shall be paid by the employer to the State Universities Retirement System as service agent for the Department of Central Management Services. The System may use the same processes for collecting the contributions required by this subsection that it uses to collect the contributions received from those employers under Section 15-155 of the Illinois Pension Code.

The State Universities Retirement System shall promptly deposit all moneys collected under this subsection (b) into the Community College Health Insurance Security Fund created in Section 6.9 of this Act. The moneys collected under this Section shall be used only for the purposes authorized in Section 6.9 of this Act and shall not be considered to be assets of the State Universities Retirement System. Contributions made under this Section are not transferable to other pension funds or retirement systems and are not refundable upon termination of service.

(c) On or before November 15 of each year, the Board of Trustees of the State Universities Retirement System shall certify to the Governor, the Director of Central Management Services, and the State Comptroller its estimate of the total amount of contributions to be paid under subsection (a) of this Section for the next fiscal year. Beginning in fiscal year 2008, the amount certified shall be decreased or increased each year by the amount that the actual active employee contributions either fell short of or exceeded the estimate used by the Board in making the certification for the previous fiscal year. The State Universities Retirement System shall calculate the amount of actual active employee contributions in fiscal years 1999 through 2005. Based upon this calculation, the fiscal year 2008 certification shall include an amount equal to the cumulative amount that the actual active employee contributions either fell short of or exceeded the estimate used by the Board in making the certification for those fiscal years. The certification shall include a detailed explanation of the methods and information that the Board relied upon in preparing its estimate. As soon as possible after the effective date of this Section, the Board shall submit its estimate for fiscal year 1999.

(d) Beginning in fiscal year 1999, on the first day of each month, or as soon thereafter as may be practical, the State Treasurer and the State Comptroller shall transfer from the General Revenue Fund to the Community College Health Insurance Security Fund 1/12 of the annual amount appropriated for that fiscal year to the State Comptroller for deposit into the Community College Health Insurance Security Fund under Section 1.4 of the State Pension Funds Continuing Appropriation Act.

(e) Except where otherwise specified in this Section, the definitions that apply to Article 15 of the Illinois Pension Code apply to this Section.

(5 ILCS 375/10) (from Ch. 127, par. 530)

Sec. 10. Payments by State; premiums.

(a) The State shall pay the cost of basic non-contributory group life insurance and, subject to member paid contributions set by the Department or required by this Section, the basic program of group health benefits on each eligible member, except a member, not otherwise covered by this Act, who has retired as a participating member under Article 2 of the Illinois Pension Code but is ineligible for the retirement annuity under Section 2-119 of the Illinois Pension Code, and part of each eligible member's and retired member's premiums for health insurance coverage for enrolled dependents as provided by Section 9. The State shall pay the cost of the basic program of group health benefits only after benefits are reduced by the amount of benefits covered by Medicare for all members and dependents who are eligible for benefits under Social Security or the Railroad Retirement system or who had sufficient Medicare-covered government employment, except that such reduction in benefits shall apply only to those members and dependents who (1) first become eligible for such Medicare coverage on or after July 1, 1992; or (2) are Medicare-eligible members or dependents of a local government unit which began participation in the program on or after July 1, 1992; or (3) remain eligible for, but no longer receive Medicare coverage which they had been receiving on or after July 1, 1992. The Department may determine the aggregate level of the State's contribution on the basis of actual cost of medical services adjusted for age, sex or geographic or other demographic characteristics which affect the costs of such programs.

The cost of participation in the basic program of group health benefits for the dependent or survivor of a living or deceased retired employee who was formerly employed by the University of Illinois in the Cooperative Extension Service and would be an annuitant but for the fact that he or she was made ineligible to participate in the State Universities Retirement System by clause (4) of subsection (a) of Section 15-107 of the Illinois Pension Code shall not be greater than the cost of participation that would otherwise apply to that dependent or survivor if he or she were the dependent or survivor of an annuitant under the State Universities Retirement System.

(a-1) Beginning January 1, 1998, for each person who becomes a new SERS annuitant and

participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SERS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant. In the case of a new SERS annuitant who has elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the annuitant shall be deemed to be receiving a retirement annuity based on the number of years of creditable service that the annuitant had established at the time of his or her termination of service under SERS.

(a-2) Beginning January 1, 1998, for each person who becomes a new SERS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Employees' Retirement System of Illinois on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SERS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor. In the case of a new SERS survivor who was the dependent of an annuitant who elected to receive an alternative retirement cancellation payment under Section 14-108.5 of the Illinois Pension Code in lieu of an annuity, for the purposes of this subsection the deceased annuitant's creditable service shall be determined as of the date of termination of service rather than the date of death.

(a-3) Beginning January 1, 1998, for each person who becomes a new SERS annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service upon which the annuitant's retirement annuity is based, up to a maximum of 100% for an annuitant with 20 or more years of creditable service. The remainder of the cost of a new SERS annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant.

(a-4) (Blank).

(a-5) Beginning January 1, 1998, for each person who becomes a new SERS survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service in the State Universities Retirement System on the date of death, up to a maximum of 100% for a survivor of an employee or annuitant with 20 or more years of creditable service. The remainder of the cost of the new SERS survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-6) Beginning July 1, 1998, for each person who becomes a new TRS State annuitant and participates in the basic program of group health benefits, the State shall contribute toward the cost of the annuitant's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code upon which the annuitant's retirement annuity is based, up to a maximum of 100%; except that the State contribution shall be 12.5% per year (rather than 5%) for each full year of creditable service as a regional superintendent or assistant regional superintendent of schools. The remainder of the cost of a new TRS State annuitant's coverage under the basic program of group health benefits shall be the responsibility of the annuitant.

(a-7) Beginning July 1, 1998, for each person who becomes a new TRS State survivor and participates in the basic program of group health benefits, the State shall contribute toward the cost of the survivor's coverage under the basic program of group health benefits an amount equal to 5% of that cost for each full year of the deceased employee's or deceased annuitant's creditable service as a teacher as defined in paragraph (2), (3), or (5) of Section 16-106 of the Illinois Pension Code on the date of death, up to a maximum of 100%; except that the State contribution shall be 12.5% per year (rather than 5%) for each full year of the deceased employee's or deceased annuitant's creditable service as a regional superintendent or assistant regional superintendent of schools. The remainder of the cost of the new TRS State survivor's coverage under the basic program of group health benefits shall be the responsibility of the survivor.

(a-8) A new SERS annuitant, new SERS survivor, new SERS annuitant, new SERS survivor, new TRS State annuitant, or new TRS State survivor may waive or terminate coverage in the program of group health benefits. Any such annuitant or survivor who has waived or terminated coverage may enroll

or re-enroll in the program of group health benefits only during the annual benefit choice period, as determined by the Director; except that in the event of termination of coverage due to nonpayment of premiums, the annuitant or survivor may not re-enroll in the program.

(a-9) No later than May 1 of each calendar year, the Director of Central Management Services shall certify in writing to the Executive Secretary of the State Employees' Retirement System of Illinois the amounts of the Medicare supplement health care premiums and the amounts of the health care premiums for all other retirees who are not Medicare eligible.

A separate calculation of the premiums based upon the actual cost of each health care plan shall be so certified.

The Director of Central Management Services shall provide to the Executive Secretary of the State Employees' Retirement System of Illinois such information, statistics, and other data as he or she may require to review the premium amounts certified by the Director of Central Management Services.

(b) State employees who become eligible for this program on or after January 1, 1980 in positions normally requiring actual performance of duty not less than 1/2 of a normal work period but not equal to that of a normal work period, shall be given the option of participating in the available program. If the employee elects coverage, the State shall contribute on behalf of such employee to the cost of the employee's benefit and any applicable dependent supplement, that sum which bears the same percentage as that percentage of time the employee regularly works when compared to normal work period.

(c) The basic non-contributory coverage from the basic program of group health benefits shall be continued for each employee not in pay status or on active service by reason of (1) leave of absence due to illness or injury, (2) authorized educational leave of absence or sabbatical leave, or (3) military leave with pay and benefits. This coverage shall continue until expiration of authorized leave and return to active service, but not to exceed 24 months for leaves under item (1) or (2). This 24-month limitation and the requirement of returning to active service shall not apply to persons receiving ordinary or accidental disability benefits or retirement benefits through the appropriate State retirement system or benefits under the Workers' Compensation or Occupational Disease Act.

(d) The basic group life insurance coverage shall continue, with full State contribution, where such person is (1) absent from active service by reason of disability arising from any cause other than self-inflicted, (2) on authorized educational leave of absence or sabbatical leave, or (3) on military leave with pay and benefits.

(e) Where the person is in non-pay status for a period in excess of 30 days or on leave of absence, other than by reason of disability, educational or sabbatical leave, or military leave with pay and benefits, such person may continue coverage only by making personal payment equal to the amount normally contributed by the State on such person's behalf. Such payments and coverage may be continued: (1) until such time as the person returns to a status eligible for coverage at State expense, but not to exceed 24 months, (2) until such person's employment or annuitant status with the State is terminated, or (3) for a maximum period of 4 years for members on military leave with pay and benefits and military leave without pay and benefits (exclusive of any additional service imposed pursuant to law).

(f) The Department shall establish by rule the extent to which other employee benefits will continue for persons in non-pay status or who are not in active service.

(g) The State shall not pay the cost of the basic non-contributory group life insurance, program of health benefits and other employee benefits for members who are survivors as defined by paragraphs (1) and (2) of subsection (q) of Section 3 of this Act. The costs of benefits for these survivors shall be paid by the survivors or by the University of Illinois Cooperative Extension Service, or any combination thereof. However, the State shall pay the amount of the reduction in the cost of participation, if any, resulting from the amendment to subsection (a) made by this amendatory Act of the 91st General Assembly.

(h) Those persons occupying positions with any department as a result of emergency appointments pursuant to Section 8b.8 of the Personnel Code who are not considered employees under this Act shall be given the option of participating in the programs of group life insurance, health benefits and other employee benefits. Such persons electing coverage may participate only by making payment equal to the amount normally contributed by the State for similarly situated employees. Such amounts shall be determined by the Director. Such payments and coverage may be continued until such time as the person becomes an employee pursuant to this Act or such person's appointment is terminated.

(i) Any unit of local government within the State of Illinois may apply to the Director to have its employees, annuitants, and their dependents provided group health coverage under this Act on a non-insured basis. To participate, a unit of local government must agree to enroll all of its employees, who may select coverage under either the State group health benefits plan or a health maintenance

organization that has contracted with the State to be available as a health care provider for employees as defined in this Act. A unit of local government must remit the entire cost of providing coverage under the State group health benefits plan or, for coverage under a health maintenance organization, an amount determined by the Director based on an analysis of the sex, age, geographic location, or other relevant demographic variables for its employees, except that the unit of local government shall not be required to enroll those of its employees who are covered spouses or dependents under this plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the unit of local government attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 85% of the employees are enrolled and the unit of local government remits the entire cost of providing coverage to those employees, except that a participating school district must have enrolled at least 85% of its full-time employees who have not waived coverage under the district's group health plan by participating in a component of the district's cafeteria plan. A participating school district is not required to enroll a full-time employee who has waived coverage under the district's health plan, provided that an appropriate official from the participating school district attests that the full-time employee has waived coverage by participating in a component of the district's cafeteria plan. For the purposes of this subsection, "participating school district" includes a unit of local government whose primary purpose is education as defined by the Department's rules.

Employees of a participating unit of local government who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating unit of local government may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the unit of local government, its employees, or some combination of the two as determined by the unit of local government. The unit of local government shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine monthly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages, or contributed by the State for basic insurance coverages on behalf of its employees, adjusted for differences between State employees and employees of the local government in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the unit of local government and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the unit of local government.

In the case of coverage of local government employees under a health maintenance organization, the Director shall annually determine for each participating unit of local government the maximum monthly amount the unit may contribute toward that coverage, based on an analysis of (i) the age, sex, geographic location, and other relevant demographic variables of the unit's employees and (ii) the cost to cover those employees under the State group health benefits plan. The Director may similarly determine the maximum monthly amount each unit of local government may contribute toward coverage of its employees' dependents under a health maintenance organization.

Monthly payments by the unit of local government or its employees for group health benefits plan or health maintenance organization coverage shall be deposited in the Local Government Health Insurance Reserve Fund.

The Local Government Health Insurance Reserve Fund shall be a continuing fund not subject to fiscal year limitations. All revenues arising from the administration of the health benefits program established under this Section shall be deposited into the Local Government Health Insurance Reserve Fund. All expenditures from this Fund shall be used for payments for health care benefits for local government and rehabilitation facility employees, annuitants, and dependents, and to reimburse the Department or its administrative service organization for all expenses incurred in the administration of benefits. No other State funds may be used for these purposes.

A local government employer's participation or desire to participate in a program created under this subsection shall not limit that employer's duty to bargain with the representative of any collective bargaining unit of its employees.

(j) Any rehabilitation facility within the State of Illinois may apply to the Director to have its employees, annuitants, and their eligible dependents provided group health coverage under this Act on a non-insured basis. To participate, a rehabilitation facility must agree to enroll all of its employees and remit the entire cost of providing such coverage for its employees, except that the rehabilitation facility shall not be required to enroll those of its employees who are covered spouses or dependents under this

plan or another group policy or plan providing health benefits as long as (1) an appropriate official from the rehabilitation facility attests that each employee not enrolled is a covered spouse or dependent under this plan or another group policy or plan, and (2) at least 85% of the employees are enrolled and the rehabilitation facility remits the entire cost of providing coverage to those employees. Employees of a participating rehabilitation facility who are not enrolled due to coverage under another group health policy or plan may enroll in the event of a qualifying change in status, special enrollment, special circumstance as defined by the Director, or during the annual Benefit Choice Period. A participating rehabilitation facility may also elect to cover its annuitants. Dependent coverage shall be offered on an optional basis, with the costs paid by the rehabilitation facility, its employees, or some combination of the 2 as determined by the rehabilitation facility. The rehabilitation facility shall be responsible for timely collection and transmission of dependent premiums.

The Director shall annually determine quarterly rates of payment, subject to the following constraints:

(1) In the first year of coverage, the rates shall be equal to the amount normally charged to State employees for elected optional coverages or for enrolled dependents coverages or other contributory coverages on behalf of its employees, adjusted for differences between State employees and employees of the rehabilitation facility in age, sex, geographic location or other relevant demographic variables, plus an amount sufficient to pay for the additional administrative costs of providing coverage to employees of the rehabilitation facility and their dependents.

(2) In subsequent years, a further adjustment shall be made to reflect the actual prior years' claims experience of the employees of the rehabilitation facility.

Monthly payments by the rehabilitation facility or its employees for group health benefits shall be deposited in the Local Government Health Insurance Reserve Fund.

The surplus, if any, in the Road Fund after the payment of principal and interest on that bonded indebtedness then annually due shall be used as follows:

first -- to pay the cost of administration of Chapters 2 through 10 of the Illinois Vehicle Code; and

secondly -- no Road Fund monies derived from fees, excises, or license taxes relating to registration, operation and use of vehicles on public highways or to fuels used for the propulsion of those vehicles, shall be appropriated or expended other than for costs of administering the laws imposing those fees, excises, and license taxes, statutory refunds and adjustments allowed thereunder, administrative costs of the Department of Transportation, including, but not limited to, the operating

expenses of the Department relating to the administration of public transportation programs, payment of debts and liabilities incurred in construction and reconstruction of public highways and bridges, acquisition of rights-of-way for and the cost of construction, reconstruction, maintenance, repair, and operation of public highways and bridges under the direction and supervision of the State, political subdivision, or municipality collecting those monies, and the costs for patrolling and policing the public highways (by State, political subdivision, or municipality collecting that money) for enforcement of traffic laws. The separation of grades of such highways with railroads and costs associated with protection of at-grade highway and railroad crossing shall also be permissible.

Appropriations for any of such purposes are payable from the Road Fund or the Grade Crossing Protection Fund as provided in Section 8 of the Motor Fuel Tax Law.

Except as provided in this paragraph, beginning with fiscal year 1991 and thereafter, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of its total fiscal year 1990 Road Fund appropriations for those purposes unless otherwise provided in Section 5g of this Act. For fiscal years 2003, 2004, 2005, ~~and 2006~~ and 2007 only, no Road Fund monies shall be appropriated to the Department of State Police for the purposes of this Section in excess of \$97,310,000. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods unless otherwise provided in Section 5g of this Act.

In fiscal year 1994, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1991 Road Fund appropriations to the Secretary of State for those purposes, plus \$9,800,000. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other method.

Beginning with fiscal year 1995 and thereafter, no Road Fund monies shall be appropriated to the Secretary of State for the purposes of this Section in excess of the total fiscal year 1994 Road Fund appropriations to the Secretary of State for those purposes. It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods.

<u>Fiscal Year 2007</u>	<u>\$130,500,000;</u>
Fiscal Year 2008 2007 and each year thereafter	\$30,500,000.

It shall not be lawful to circumvent this limitation on appropriations by governmental reorganization or other methods.

No new program may be initiated in fiscal year 1991 and thereafter that is not consistent with the limitations imposed by this Section for fiscal year 1984 and thereafter, insofar as appropriation of Road Fund monies is concerned.

Nothing in this Section prohibits transfers from the Road Fund to the State Construction Account Fund under Section 5e of this Act; nor to the General Revenue Fund, as authorized by this amendatory Act of the 93rd General Assembly.

(c-1) Special provisions for State fiscal year 2003. Notwithstanding any other provision of this Section to the contrary, for State fiscal year 2003 only, transfers among line item appropriations to an agency from the same treasury fund may be made provided that the sum of such transfers for an agency in State fiscal year 2003 shall not exceed 3% of the aggregate amount appropriated to that State agency for State fiscal year 2003 for the following objects: personal services, except that no transfer may be approved which reduces the aggregate appropriations for personal services within an agency; extra help; student and inmate compensation; State contributions to retirement systems; State contributions to social security; State contributions for employee group insurance; contractual services; travel; commodities; printing; equipment; electronic data processing; operation of automotive equipment; telecommunications services; travel and allowance for committed, paroled, and discharged prisoners; library books; federal matching grants for student loans; refunds; workers' compensation, occupational disease, and tort claims; and, in appropriations to institutions of higher education, awards and grants.

(d) Transfers among appropriations made to agencies of the Legislative and Judicial departments and to the constitutionally elected officers in the Executive branch require the approval of the officer authorized in Section 10 of this Act to approve and certify vouchers. (5) This Act shall constitute an irrevocable and continuing appropriation from the Income Tax Refund Fund for the purpose of paying refunds upon the order of the Director in accordance with the provisions of this Section.

(e) Deposits into the Education Assistance Fund and the Income Tax Surcharge Local Government Distributive Fund.

Section 5-60. The Cigarette Tax Act is amended by changing Section 2 as follows:
(35 ILCS 130/2) (from Ch. 120, par. 453.2)

[May 3, 2006]

Sec. 2. Tax imposed; rate; collection, payment, and distribution; discount.

(a) A tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at the rate of 5 1/2 mills per cigarette sold, or otherwise disposed of in the course of such business in this State. In addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at a rate of 1/2 mill per cigarette sold or otherwise disposed of in the course of such business in this State on and after January 1, 1947, and shall be paid into the Metropolitan Fair and Exposition Authority Reconstruction Fund or as otherwise provided in Section 29. On and after December 1, 1985, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes in this State at a rate of 4 mills per cigarette sold or otherwise disposed of in the course of such business in this State. Of the additional tax imposed by this amendatory Act of 1985, \$9,000,000 of the moneys received by the Department of Revenue pursuant to this Act shall be paid each month into the Common School Fund. On and after the effective date of this amendatory Act of 1989, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 5 mills per cigarette sold or otherwise disposed of in the course of such business in this State. On and after the effective date of this amendatory Act of 1993, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 7 mills per cigarette sold or otherwise disposed of in the course of such business in this State. On and after December 15, 1997, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 7 mills per cigarette sold or otherwise disposed of in the course of such business of this State. All of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act from the additional taxes imposed by this amendatory Act of 1997, shall be paid each month into the Common School Fund. On and after July 1, 2002, in addition to any other tax imposed by this Act, a tax is imposed upon any person engaged in business as a retailer of cigarettes at the rate of 20.0 mills per cigarette sold or otherwise disposed of in the course of such business in this State. The payment of such taxes shall be evidenced by a stamp affixed to each original package of cigarettes, or an authorized substitute for such stamp imprinted on each original package of such cigarettes underneath the sealed transparent outside wrapper of such original package, as hereinafter provided. However, such taxes are not imposed upon any activity in such business in interstate commerce or otherwise, which activity may not under the Constitution and statutes of the United States be made the subject of taxation by this State.

Beginning on the effective date of this amendatory Act of the 92nd General Assembly and through June 30, 2006, all of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to the Common School Fund, shall be distributed each month as follows: first, there shall be paid into the General Revenue Fund an amount which, when added to the amount paid into the Common School Fund for that month, equals \$33,300,000, except that in the month of August of 2004, this amount shall equal \$83,300,000; then, from the moneys remaining, if any amounts required to be paid into the General Revenue Fund in previous months remain unpaid, those amounts shall be paid into the General Revenue Fund; then, beginning on April 1, 2003, from the moneys remaining, \$5,000,000 per month shall be paid into the School Infrastructure Fund; then, if any amounts required to be paid into the School Infrastructure Fund in previous months remain unpaid, those amounts shall be paid into the School Infrastructure Fund; then the moneys remaining, if any, shall be paid into the Long-Term Care Provider Fund. To the extent that more than \$25,000,000 has been paid into the General Revenue Fund and Common School Fund per month for the period of July 1, 1993 through the effective date of this amendatory Act of 1994 from combined receipts of the Cigarette Tax Act and the Cigarette Use Tax Act, notwithstanding the distribution provided in this Section, the Department of Revenue is hereby directed to adjust the distribution provided in this Section to increase the next monthly payments to the Long Term Care Provider Fund by the amount paid to the General Revenue Fund and Common School Fund in excess of \$25,000,000 per month and to decrease the next monthly payments to the General Revenue Fund and Common School Fund by that same excess amount.

Beginning on July 1, 2006, all of the moneys received by the Department of Revenue pursuant to this Act and the Cigarette Use Tax Act, other than the moneys that are dedicated to the Common School Fund, shall be distributed each month as follows: first, there shall be paid into the General Revenue Fund an amount that, when added to the amount paid into the Common School Fund for that month, equals \$29,200,000; then, from the moneys remaining, if any amounts required to be paid into the General Revenue Fund in previous months remain unpaid, those amounts shall be paid into the General Revenue Fund; then from the moneys remaining, \$5,000,000 per month shall be paid into the School Infrastructure Fund; then, if any amounts required to be paid into the School Infrastructure Fund in

[May 3, 2006]

previous months remain unpaid, those amounts shall be paid into the School Infrastructure Fund; then the moneys remaining, if any, shall be paid into the Long-Term Care Provider Fund.

When any tax imposed herein terminates or has terminated, distributors who have bought stamps while such tax was in effect and who therefore paid such tax, but who can show, to the Department's satisfaction, that they sold the cigarettes to which they affixed such stamps after such tax had terminated and did not recover the tax or its equivalent from purchasers, shall be allowed by the Department to take credit for such absorbed tax against subsequent tax stamp purchases from the Department by such distributor.

The impact of the tax levied by this Act is imposed upon the retailer and shall be prepaid or pre-collected by the distributor for the purpose of convenience and facility only, and the amount of the tax shall be added to the price of the cigarettes sold by such distributor. Collection of the tax shall be evidenced by a stamp or stamps affixed to each original package of cigarettes, as hereinafter provided.

Each distributor shall collect the tax from the retailer at or before the time of the sale, shall affix the stamps as hereinafter required, and shall remit the tax collected from retailers to the Department, as hereinafter provided. Any distributor who fails to properly collect and pay the tax imposed by this Act shall be liable for the tax. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on the effective date of this amendatory Act of 1989 shall not be required to pay the additional tax imposed by this amendatory Act of 1989 on such stamped cigarettes. Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale at 12:01 a.m. on the effective date of this amendatory Act of 1993, is required to pay the additional tax imposed by this amendatory Act of 1993 on such stamped cigarettes. This payment, less the discount provided in subsection (b), shall be due when the distributor first makes a purchase of cigarette tax stamps after the effective date of this amendatory Act of 1993, or on the first due date of a return under this Act after the effective date of this amendatory Act of 1993, whichever occurs first. Any distributor having cigarettes to which stamps have been affixed in his possession for sale on December 15, 1997 shall not be required to pay the additional tax imposed by this amendatory Act of 1997 on such stamped cigarettes.

Any distributor having cigarettes to which stamps have been affixed in his or her possession for sale on July 1, 2002 shall not be required to pay the additional tax imposed by this amendatory Act of the 92nd General Assembly on those stamped cigarettes.

The amount of the Cigarette Tax imposed by this Act shall be separately stated, apart from the price of the goods, by both distributors and retailers, in all advertisements, bills and sales invoices.

(b) The distributor shall be required to collect the taxes provided under paragraph (a) hereof, and, to cover the costs of such collection, shall be allowed a discount during any year commencing July 1st and ending the following June 30th in accordance with the schedule set out hereinbelow, which discount shall be allowed at the time of purchase of the stamps when purchase is required by this Act, or at the time when the tax is remitted to the Department without the purchase of stamps from the Department when that method of paying the tax is required or authorized by this Act. Prior to December 1, 1985, a discount equal to 1 2/3% of the amount of the tax up to and including the first \$700,000 paid hereunder by such distributor to the Department during any such year; 1 1/3% of the next \$700,000 of tax or any part thereof, paid hereunder by such distributor to the Department during any such year; 1% of the next \$700,000 of tax, or any part thereof, paid hereunder by such distributor to the Department during any such year, and 2/3 of 1% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year shall apply. On and after December 1, 1985, a discount equal to 1.75% of the amount of the tax payable under this Act up to and including the first \$3,000,000 paid hereunder by such distributor to the Department during any such year and 1.5% of the amount of any additional tax paid hereunder by such distributor to the Department during any such year shall apply.

Two or more distributors that use a common means of affixing revenue tax stamps or that are owned or controlled by the same interests shall be treated as a single distributor for the purpose of computing the discount.

(c) The taxes herein imposed are in addition to all other occupation or privilege taxes imposed by the State of Illinois, or by any political subdivision thereof, or by any municipal corporation.

Section 5-65. The Motor Fuel Tax Law is amended by changing Section 8 as follows:

(35 ILCS 505/8) (from Ch. 120, par. 424)

Sec. 8. Except as provided in Section 8a, subdivision (h)(1) of Section 12a, Section 13a.6, and items 13, 14, 15, and 16 of Section 15, all money received by the Department under this Act, including payments made to the Department by member jurisdictions participating in the International Fuel Tax Agreement, shall be deposited in a special fund in the State treasury, to be known as the "Motor Fuel

Tax Fund", and shall be used as follows:

(a) 2 1/2 cents per gallon of the tax collected on special fuel under paragraph (b) of Section 2 and Section 13a of this Act shall be transferred to the State Construction Account Fund in the State Treasury;

(b) \$420,000 shall be transferred each month to the State Boating Act Fund to be used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act;

(c) \$2,250,000 shall be transferred each month to the Grade Crossing Protection Fund to be used as follows: not less than \$6,000,000 each fiscal year shall be used for the construction or reconstruction of rail highway grade separation structures; \$2,250,000 in fiscal year 2004 and each fiscal year thereafter shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission's railroad safety program in connection with its duties under subsection (3) of Section 18c-7401 of the Illinois Vehicle Code, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads, streets, or pedestrian walkways in the county highway system, township and district road system, or municipal street system as defined in the Illinois Highway Code, as the same may from time to time be amended, for separation of grades, for installation, construction or reconstruction of crossing protection or reconstruction, alteration, relocation including construction or improvement of any existing highway necessary for access to property or improvement of any grade crossing including the necessary highway approaches thereto of any railroad across the highway or public road, or for the installation, construction, reconstruction, or maintenance of a pedestrian walkway over or under a railroad right-of-way, as provided for in and in accordance with Section 18c-7401 of the Illinois Vehicle Code. The Commission shall not order more than \$2,000,000 per year in Grade Crossing Protection Fund moneys for pedestrian walkways. In entering orders for projects for which payments from the Grade Crossing Protection Fund will be made, the Commission shall account for expenditures authorized by the orders on a cash rather than an accrual basis. For purposes of this requirement an "accrual basis" assumes that the total cost of the project is expended in the fiscal year in which the order is entered, while a "cash basis" allocates the cost of the project among fiscal years as expenditures are actually made. To meet the requirements of this subsection, the Illinois Commerce Commission shall develop annual and 5-year project plans of rail crossing capital improvements that will be paid for with moneys from the Grade Crossing Protection Fund. The annual project plan shall identify projects for the succeeding fiscal year and the 5-year project plan shall identify projects for the 5 directly succeeding fiscal years. The Commission shall submit the annual and 5-year project plans for this Fund to the Governor, the President of the Senate, the Senate Minority Leader, the Speaker of the House of Representatives, and the Minority Leader of the House of Representatives on the first Wednesday in April of each year;

(d) of the amount remaining after allocations provided for in subsections (a), (b) and (c), a sufficient amount shall be reserved to pay all of the following:

(1) the costs of the Department of Revenue in administering this Act;

(2) the costs of the Department of Transportation in performing its duties imposed by the Illinois Highway Code for supervising the use of motor fuel tax funds apportioned to municipalities, counties and road districts;

(3) refunds provided for in Section 13 of this Act and under the terms of the International Fuel Tax Agreement referenced in Section 14a;

(4) from October 1, 1985 until June 30, 1994, the administration of the Vehicle Emissions Inspection Law, which amount shall be certified monthly by the Environmental Protection Agency to the State Comptroller and shall promptly be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund to the Vehicle Inspection Fund, and for the period July 1, 1994 through June 30, 2000, one-twelfth of \$25,000,000 each month, for the period July 1, 2000 through June 30, 2003, one-twelfth of \$30,000,000 each month, and \$15,000,000 on July 1, 2003, and \$15,000,000 on January 1, 2004, and \$15,000,000 on each July 1 and October 1, or as soon thereafter as may be practical, during the period July 1, 2004 through June 30, ~~2008~~ 2006, for the administration of the Vehicle Emissions Inspection Law of 1995, to be transferred by the State Comptroller and Treasurer from the Motor Fuel Tax Fund into the Vehicle Inspection Fund;

(5) amounts ordered paid by the Court of Claims; and

(6) payment of motor fuel use taxes due to member jurisdictions under the terms of the International Fuel Tax Agreement. The Department shall certify these amounts to the Comptroller by the 15th day of each month; the Comptroller shall cause orders to be drawn for such amounts, and the Treasurer shall administer those amounts on or before the last day of each month;

[May 3, 2006]

(e) after allocations for the purposes set forth in subsections (a), (b), (c) and (d), the remaining amount shall be apportioned as follows:

(1) Until January 1, 2000, 58.4%, and beginning January 1, 2000, 45.6% shall be deposited as follows:

(A) 37% into the State Construction Account Fund, and

(B) 63% into the Road Fund, \$1,250,000 of which shall be reserved each month for the Department of Transportation to be used in accordance with the provisions of Sections 6-901 through 6-906 of the Illinois Highway Code;

(2) Until January 1, 2000, 41.6%, and beginning January 1, 2000, 54.4% shall be transferred to the Department of Transportation to be distributed as follows:

(A) 49.10% to the municipalities of the State,

(B) 16.74% to the counties of the State having 1,000,000 or more inhabitants,

(C) 18.27% to the counties of the State having less than 1,000,000 inhabitants,

(D) 15.89% to the road districts of the State.

As soon as may be after the first day of each month the Department of Transportation shall allot to each municipality its share of the amount apportioned to the several municipalities which shall be in proportion to the population of such municipalities as determined by the last preceding municipal census if conducted by the Federal Government or Federal census. If territory is annexed to any municipality subsequent to the time of the last preceding census the corporate authorities of such municipality may cause a census to be taken of such annexed territory and the population so ascertained for such territory shall be added to the population of the municipality as determined by the last preceding census for the purpose of determining the allotment for that municipality. If the population of any municipality was not determined by the last Federal census preceding any apportionment, the apportionment to such municipality shall be in accordance with any census taken by such municipality. Any municipal census used in accordance with this Section shall be certified to the Department of Transportation by the clerk of such municipality, and the accuracy thereof shall be subject to approval of the Department which may make such corrections as it ascertains to be necessary.

As soon as may be after the first day of each month the Department of Transportation shall allot to each county its share of the amount apportioned to the several counties of the State as herein provided. Each allotment to the several counties having less than 1,000,000 inhabitants shall be in proportion to the amount of motor vehicle license fees received from the residents of such counties, respectively, during the preceding calendar year. The Secretary of State shall, on or before April 15 of each year, transmit to the Department of Transportation a full and complete report showing the amount of motor vehicle license fees received from the residents of each county, respectively, during the preceding calendar year. The Department of Transportation shall, each month, use for allotment purposes the last such report received from the Secretary of State.

As soon as may be after the first day of each month, the Department of Transportation shall allot to the several counties their share of the amount apportioned for the use of road districts. The allotment shall be apportioned among the several counties in the State in the proportion which the total mileage of township or district roads in the respective counties bears to the total mileage of all township and district roads in the State. Funds allotted to the respective counties for the use of road districts therein shall be allocated to the several road districts in the county in the proportion which the total mileage of such township or district roads in the respective road districts bears to the total mileage of all such township or district roads in the county. After July 1 of any year, no allocation shall be made for any road district unless it levied a tax for road and bridge purposes in an amount which will require the extension of such tax against the taxable property in any such road district at a rate of not less than either .08% of the value thereof, based upon the assessment for the year immediately prior to the year in which such tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less. If any road district has levied a special tax for road purposes pursuant to Sections 6-601, 6-602 and 6-603 of the Illinois Highway Code, and such tax was levied in an amount which would require extension at a rate of not less than .08% of the value of the taxable property thereof, as equalized or assessed by the Department of Revenue, or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, such levy shall, however, be deemed a proper compliance with this Section and shall qualify such road district for an allotment under this Section. If a township has transferred to the road and bridge fund money which, when added to the amount of any tax levy of the road district would be the equivalent of a tax levy requiring extension at a rate of at least .08%, or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less, such transfer, together with any such tax

levy, shall be deemed a proper compliance with this Section and shall qualify the road district for an allotment under this Section.

In counties in which a property tax extension limitation is imposed under the Property Tax Extension Limitation Law, road districts may retain their entitlement to a motor fuel tax allotment if, at the time the property tax extension limitation was imposed, the road district was levying a road and bridge tax at a rate sufficient to entitle it to a motor fuel tax allotment and continues to levy the maximum allowable amount after the imposition of the property tax extension limitation. Any road district may in all circumstances retain its entitlement to a motor fuel tax allotment if it levied a road and bridge tax in an amount that will require the extension of the tax against the taxable property in the road district at a rate of not less than 0.08% of the assessed value of the property, based upon the assessment for the year immediately preceding the year in which the tax was levied and as equalized by the Department of Revenue or, in DuPage County, an amount equal to or greater than \$12,000 per mile of road under the jurisdiction of the road district, whichever is less.

As used in this Section the term "road district" means any road district, including a county unit road district, provided for by the Illinois Highway Code; and the term "township or district road" means any road in the township and district road system as defined in the Illinois Highway Code. For the purposes of this Section, "road district" also includes park districts, forest preserve districts and conservation districts organized under Illinois law and "township or district road" also includes such roads as are maintained by park districts, forest preserve districts and conservation districts. The Department of Transportation shall determine the mileage of all township and district roads for the purposes of making allotments and allocations of motor fuel tax funds for use in road districts.

Payment of motor fuel tax moneys to municipalities and counties shall be made as soon as possible after the allotment is made. The treasurer of the municipality or county may invest these funds until their use is required and the interest earned by these investments shall be limited to the same uses as the principal funds.

Section 5-70. The Illinois Pension Code is amended by changing Sections 2-124, 14-108.6, 14-131, 15-155, 16-158, and 18-131 as follows:

(40 ILCS 5/2-124) (from Ch. 108 1/2, par. 2-124)

Sec. 2-124. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with the contributions of participants, interest earned on investments, and other income will meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is \$4,157,000.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is \$5,220,300.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act in any fiscal

[May 3, 2006]

year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 2-134, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(2) In addition, any position titles with the Speaker of the House of Representatives, the Minority Leader of the House of Representatives, the President of the Senate, the Minority Leader of the Senate, the Attorney General, the Secretary of State, the Comptroller, the Treasurer, the Auditor General, the Supreme Court, the Court of Claims, and each legislative agency are eligible for the alternative retirement cancellation payment provided in this Section.

(c) In lieu of any retirement annuity or other benefit provided under this Article, a person who qualifies for and elects to receive the alternative retirement cancellation payment under this

Section shall be entitled to receive a one-time lump sum retirement cancellation payment equal to the amount of his or her contributions to the System (including any employee contributions for optional service credit and including any employee contributions paid by the employer or credited to the employee during disability) as of the date of termination, with regular interest, multiplied by 2.

(d) Notwithstanding any other provision of this Article, a person who receives an alternative retirement cancellation payment under this Section thereby forfeits the right to any other retirement or disability benefit or refund under this Article, and no widow's, survivor's, or death benefit deriving from that person shall be payable under this Article. Upon accepting an alternative retirement cancellation payment under this Section, the person's creditable service and all other rights in the System are terminated for all purposes, except for the purpose of determining State group life and health benefits for the person and his or her survivors as provided under the State Employees Group Insurance Act of 1971.

(e) To the extent permitted by federal law, a person who receives an alternative retirement cancellation payment under this Section may direct the System to pay all or a portion of that payment as a rollover into another retirement plan or account qualified under the Internal Revenue Code of 1986, as amended.

(f) Notwithstanding Section 14-111, a person who has received an alternative retirement cancellation payment under this Section and who reenters service under this Article other than as a temporary employee must repay to the System the amount by which that alternative retirement cancellation payment exceeded the amount of his or her refundable employee contributions within 60 days of resuming employment under this System. For the purposes of re-establishing creditable service that was terminated upon election of the alternative retirement cancellation payment, the portion of the alternative retirement cancellation payment representing refundable employee contributions shall be deemed a refund repayable in accordance with Section 14-130.

(g) The Commission on Government Forecasting and Accountability shall determine and report to the Governor and the General Assembly, on or before January 1, ~~2008~~ 2007, its estimate of (1) the annual amount of payroll savings likely to be realized by the State as a result of the early termination of persons receiving the alternative retirement cancellation payment under this Section and (2) the net annual savings or cost to the State from the program of alternative retirement cancellation payments under this Section.

The System, the Department of Central Management Services, the Governor's Office of Management and Budget, and all other departments shall provide to the Commission any assistance that the Commission may request with respect to its report under this Section. The Commission may require departments to provide it with any information that it deems necessary or useful with respect to its reports under this Section, including without limitation information about (1) the final earnings of former department employees who elected to receive alternative retirement cancellation payments under this Section, (2) the earnings of current department employees holding the positions vacated by persons who elected to receive alternative retirement cancellation payments under this Section, and (3) positions vacated by persons who elected to receive alternative retirement cancellation payments under this Section that have not yet been refilled.

(40 ILCS 5/14-131) (from Ch. 108 1/2, par. 14-131)

Sec. 14-131. Contributions by State.

(a) The State shall make contributions to the System by appropriations of amounts which, together with other employer contributions from trust, federal, and other funds, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

For the purposes of this Section and Section 14-135.08, references to State contributions refer only to employer contributions and do not include employee contributions that are picked up or otherwise paid by the State or a department on behalf of the employee.

(b) The Board shall determine the total amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board, using the formula in subsection (e).

The Board shall also determine a State contribution rate for each fiscal year, expressed as a percentage of payroll, based on the total required State contribution for that fiscal year (less the amount received by the System from appropriations under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act, if any, for the fiscal year ending on the June 30 immediately preceding the applicable November 15 certification deadline), the estimated payroll (including all forms of compensation) for personal services rendered by eligible employees, and the recommendations of the actuary.

For the purposes of this Section and Section 14.1 of the State Finance Act, the term "eligible employees" includes employees who participate in the System, persons who may elect to participate in the System but have not so elected, persons who are serving a qualifying period that is required for participation, and annuitants employed by a department as described in subdivision (a)(1) or (a)(2) of Section 14-111.

(c) Contributions shall be made by the several departments for each pay period by warrants drawn by the State Comptroller against their respective funds or appropriations based upon vouchers stating the amount to be so contributed. These amounts shall be based on the full rate certified by the Board under Section 14-135.08 for that fiscal year. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the several departments shall not make contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The several departments shall resume those contributions at the commencement of fiscal year 2005.

(d) If an employee is paid from trust funds or federal funds, the department or other employer shall pay employer contributions from those funds to the System at the certified rate, unless the terms of the trust or the federal-State agreement preclude the use of the funds for that purpose, in which case the required employer contributions shall be paid by the State. From the effective date of this amendatory Act of the 93rd General Assembly through the payment of the final payroll from fiscal year 2004 appropriations, the department or other employer shall not pay contributions for the remainder of fiscal year 2004 but shall instead make payments as required under subsection (a-1) of Section 14.1 of the State Finance Act. The department or other employer shall resume payment of contributions at the commencement of fiscal year 2005.

(e) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that (i) for State fiscal year 1998, for all purposes of this Code and any other law of this State, the certified percentage of the applicable employee payroll shall be 5.052% for employees earning eligible creditable service under Section 14-110 and 6.500% for all other employees, notwithstanding any contrary certification made under Section 14-135.08 before the effective date of this amendatory Act of 1997, and (ii) in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a State contribution in excess of the amount otherwise required under this subsection and subsection (a): 9.8% in FY 1999; 10.0% in FY 2000; 10.2% in FY 2001; 10.4% in FY 2002; 10.6% in FY 2003; and 10.8% in FY 2004.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2006 is \$203,783,900.

Notwithstanding any other provision of this Article, the total required State contribution to the System for State fiscal year 2007 is \$344,164,400.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal

year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 14-135.08, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(f) After the submission of all payments for eligible employees from personal services line items in fiscal year 2004 have been made, the Comptroller shall provide to the System a certification of the sum of all fiscal year 2004 expenditures for personal services that would have been covered by payments to the System under this Section if the provisions of this amendatory Act of the 93rd General Assembly had not been enacted. Upon receipt of the certification, the System shall determine the amount due to the System based on the full rate certified by the Board under Section 14-135.08 for fiscal year 2004 in order to meet the State's obligation under this Section. The System shall compare this amount due to the amount received by the System in fiscal year 2004 through payments under this Section and under Section 6z-61 of the State Finance Act. If the amount due is more than the amount received, the difference shall be termed the "Fiscal Year 2004 Shortfall" for purposes of this Section, and the Fiscal Year 2004 Shortfall shall be satisfied under Section 1.2 of the State Pension Funds Continuing Appropriation Act. If the amount due is less than the amount received, the difference shall be termed the "Fiscal Year 2004 Overpayment" for purposes of this Section, and the Fiscal Year 2004 Overpayment shall be repaid by the System to the Pension Contribution Fund as soon as practicable after the certification.

(40 ILCS 5/15-155) (from Ch. 108 1/2, par. 15-155)

Sec. 15-155. Employer contributions.

(a) The State of Illinois shall make contributions by appropriations of amounts which, together with the other employer contributions from trust, federal, and other funds, employee contributions, income from investments, and other income of this System, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (a-1).

(a-1) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is \$166,641,900.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is \$252,064,100.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act in any fiscal

year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 15-165, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(b) If an employee is paid from trust or federal funds, the employer shall pay to the Board contributions from those funds which are sufficient to cover the accruing normal costs on behalf of the employee. However, universities having employees who are compensated out of local auxiliary funds, income funds, or service enterprise funds are not required to pay such contributions on behalf of those employees. The local auxiliary funds, income funds, and service enterprise funds of universities shall not be considered trust funds for the purpose of this Article, but funds of alumni associations, foundations, and athletic associations which are affiliated with the universities included as employers under this Article and other employers which do not receive State appropriations are considered to be trust funds for the purpose of this Article.

(b-1) The City of Urbana and the City of Champaign shall each make employer contributions to this System for their respective firefighter employees who participate in this System pursuant to subsection (h) of Section 15-107. The rate of contributions to be made by those municipalities shall be determined annually by the Board on the basis of the actuarial assumptions adopted by the Board and the recommendations of the actuary, and shall be expressed as a percentage of salary for each such employee. The Board shall certify the rate to the affected municipalities as soon as may be practical. The employer contributions required under this subsection shall be remitted by the municipality to the System at the same time and in the same manner as employee contributions.

(c) Through State fiscal year 1995: The total employer contribution shall be apportioned among the various funds of the State and other employers, whether trust, federal, or other funds, in accordance with actuarial procedures approved by the Board. State of Illinois contributions for employers receiving State appropriations for personal services shall be payable from appropriations made to the employers or to the System. The contributions for Class I community colleges covering earnings other than those paid from trust and federal funds, shall be payable solely from appropriations to the Illinois Community College Board or the System for employer contributions.

(d) Beginning in State fiscal year 1996, the required State contributions to the System shall be appropriated directly to the System and shall be payable through vouchers issued in accordance with subsection (c) of Section 15-165, except as provided in subsection (g).

(e) The State Comptroller shall draw warrants payable to the System upon proper certification by the System or by the employer in accordance with the appropriation laws and this Code.

(f) Normal costs under this Section means liability for pensions and other benefits which accrues to the System because of the credits earned for service rendered by the participants during the fiscal year and expenses of administering the System, but shall not include the principal of or any redemption premium or interest on any bonds issued by the Board or any expenses incurred or deposits required in connection therewith.

(g) If the amount of a participant's earnings for any academic year used to determine the final rate of earnings exceeds the amount of his or her earnings with the same employer for the previous academic year by more than 6%, the participant's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in earnings that is in

excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The employer contributions required under this subsection (g) shall be paid in the form of a lump sum within 30 days after receipt of the bill after the participant begins receiving benefits under this Article.

The provisions of this subsection (g) do not apply to earnings increases paid to participants under contracts or collective bargaining agreements entered into, amended, or renewed before the effective date of this amendatory Act of the 94th General Assembly.

Sec. 16-158. Contributions by State and other employing units.

(a) The State shall make contributions to the System by means of appropriations from the Common School Fund and other State funds of amounts which, together with other employer contributions, employee contributions, investment income, and other income, will be sufficient to meet the cost of maintaining and administering the System on a 90% funded basis in accordance with actuarial recommendations.

The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the recommendations of the actuary, using the formula in subsection (b-3).

(a-1) Annually, on or before November 15, the Board shall certify to the Governor the amount of the required State contribution for the coming fiscal year. The certification shall include a copy of the actuarial recommendations upon which it is based.

On or before May 1, 2004, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2005, taking into account the amounts appropriated to and received by the System under subsection (d) of Section 7.2 of the General Obligation Bond Act.

On or before July 1, 2005, the Board shall recalculate and recertify to the Governor the amount of the required State contribution to the System for State fiscal year 2006, taking into account the changes in required State contributions made by this amendatory Act of the 94th General Assembly.

(b) Through State fiscal year 1995, the State contributions shall be paid to the System in accordance with Section 18-7 of the School Code.

(b-1) Beginning in State fiscal year 1996, on the 15th day of each month, or as soon thereafter as may be practicable, the Board shall submit vouchers for payment of State contributions to the System, in a total monthly amount of one-twelfth of the required annual State contribution certified under subsection (a-1). From the effective date of this amendatory Act of the 93rd General Assembly through June 30, 2004, the Board shall not submit vouchers for the remainder of fiscal year 2004 in excess of the fiscal year 2004 certified contribution amount determined under this Section after taking into consideration the transfer to the System under subsection (a) of Section 6z-61 of the State Finance Act. These vouchers shall be paid by the State Comptroller and Treasurer by warrants drawn on the funds appropriated to the System for that fiscal year.

If in any month the amount remaining unexpended from all other appropriations to the System for the applicable fiscal year (including the appropriations to the System under Section 8.12 of the State Finance Act and Section 1 of the State Pension Funds Continuing Appropriation Act) is less than the amount lawfully vouchered under this subsection, the difference shall be paid from the Common School Fund under the continuing appropriation authority provided in Section 1.1 of the State Pension Funds Continuing Appropriation Act.

(b-2) Allocations from the Common School Fund apportioned to school districts not coming under this System shall not be diminished or affected by the provisions of this Article.

(b-3) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section; except that in the following specified State fiscal years, the State contribution to the System shall not be less than the following indicated percentages of the applicable employee payroll, even if the indicated percentage will produce a

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is \$534,627,700.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is \$738,014,500.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under subsection (a-1), shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

(c) Payment of the required State contributions and of all pensions, retirement annuities, death benefits, refunds, and other benefits granted under or assumed by this System, and all expenses in connection with the administration and operation thereof, are obligations of the State.

If members are paid from special trust or federal funds which are administered by the employing unit, whether school district or other unit, the employing unit shall pay to the System from such funds the full accruing retirement costs based upon that service, as determined by the System. Employer contributions, based on salary paid to members from federal funds, may be forwarded by the distributing agency of the State of Illinois to the System prior to allocation, in an amount determined in accordance with guidelines established by such agency and the System.

(d) Effective July 1, 1986, any employer of a teacher as defined in paragraph (8) of Section 16-106 shall pay the employer's normal cost of benefits based upon the teacher's service, in addition to employee contributions, as determined by the System. Such employer contributions shall be forwarded monthly in accordance with guidelines established by the System.

However, with respect to benefits granted under Section 16-133.4 or 16-133.5 to a teacher as defined in paragraph (8) of Section 16-106, the employer's contribution shall be 12% (rather than 20%) of the member's highest annual salary rate for each year of creditable service granted, and the employer shall also pay the required employee contribution on behalf of the teacher. For the purposes of Sections 16-133.4 and 16-133.5, a teacher as defined in paragraph (8) of Section 16-106 who is serving in that capacity while on leave of absence from another employer under this Article shall not be considered an employee of the employer from which the teacher is on leave.

(e) Beginning July 1, 1998, every employer of a teacher shall pay to the System an employer contribution computed as follows:

(1) Beginning July 1, 1998 through June 30, 1999, the employer contribution shall be

equal to 0.3% of each teacher's salary.

(2) Beginning July 1, 1999 and thereafter, the employer contribution shall be equal to 0.58% of each teacher's salary.

The school district or other employing unit may pay these employer contributions out of any source of funding available for that purpose and shall forward the contributions to the System on the schedule established for the payment of member contributions.

These employer contributions are intended to offset a portion of the cost to the System of the increases in retirement benefits resulting from this amendatory Act of 1998.

Each employer of teachers is entitled to a credit against the contributions required under this subsection (e) with respect to salaries paid to teachers for the period January 1, 2002 through June 30, 2003, equal to the amount paid by that employer under subsection (a-5) of Section 6.6 of the State Employees Group Insurance Act of 1971 with respect to salaries paid to teachers for that period.

The additional 1% employee contribution required under Section 16-152 by this amendatory Act of 1998 is the responsibility of the teacher and not the teacher's employer, unless the employer agrees, through collective bargaining or otherwise, to make the contribution on behalf of the teacher.

If an employer is required by a contract in effect on May 1, 1998 between the employer and an employee organization to pay, on behalf of all its full-time employees covered by this Article, all mandatory employee contributions required under this Article, then the employer shall be excused from paying the employer contribution required under this subsection (e) for the balance of the term of that contract. The employer and the employee organization shall jointly certify to the System the existence of the contractual requirement, in such form as the System may prescribe. This exclusion shall cease upon the termination, extension, or renewal of the contract at any time after May 1, 1998.

(f) If the amount of a teacher's salary for any school year used to determine final average salary exceeds the amount of his or her salary with the same employer for the previous school year by more than 6%, the teacher's employer shall pay to the System, in addition to all other payments required under this Section and in accordance with guidelines established by the System, the present value of the increase in benefits resulting from the portion of the increase in salary that is in excess of 6%. This present value shall be computed by the System on the basis of the actuarial assumptions and tables used in the most recent actuarial valuation of the System that is available at the time of the computation. The employer contributions required under this subsection (f) shall be paid in the form of a lump sum within 30 days after receipt of the bill after the teacher begins receiving benefits under this Article.

The provisions of this subsection (f) do not apply to salary increases paid to teachers under contracts or collective bargaining agreements entered into, amended, or renewed before the effective date of this amendatory Act of the 94th General Assembly.

(40 ILCS 5/18-131) (from Ch. 108 1/2, par. 18-131)

Sec. 18-131. Financing; employer contributions.

(a) The State of Illinois shall make contributions to this System by appropriations of the amounts which, together with the contributions of participants, net earnings on investments, and other income, will meet the costs of maintaining and administering this System on a 90% funded basis in accordance with actuarial recommendations.

(b) The Board shall determine the amount of State contributions required for each fiscal year on the basis of the actuarial tables and other assumptions adopted by the Board and the prescribed rate of interest, using the formula in subsection (c).

(c) For State fiscal years 2011 through 2045, the minimum contribution to the System to be made by the State for each fiscal year shall be an amount determined by the System to be sufficient to bring the total assets of the System up to 90% of the total actuarial liabilities of the System by the end of State fiscal year 2045. In making these determinations, the required State contribution shall be calculated each year as a level percentage of payroll over the years remaining to and including fiscal year 2045 and shall be determined under the projected unit credit actuarial cost method.

For State fiscal years 1996 through 2005, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments so that by State fiscal year 2011, the State is contributing at the rate required under this Section.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2006 is \$29,189,400.

Notwithstanding any other provision of this Article, the total required State contribution for State fiscal year 2007 is \$35,236,800.

For each of State fiscal years 2008 through 2010, the State contribution to the System, as a percentage of the applicable employee payroll, shall be increased in equal annual increments from the required State

[May 3, 2006]

contribution for State fiscal year 2007, so that by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Beginning in State fiscal year 2046, the minimum State contribution for each fiscal year shall be the amount needed to maintain the total assets of the System at 90% of the total actuarial liabilities of the System.

Amounts received by the System pursuant to Section 25 of the Budget Stabilization Act in any fiscal year do not reduce and do not constitute payment of any portion of the minimum State contribution required under this Article in that fiscal year. Such amounts shall not reduce, and shall not be included in the calculation of, the required State contributions under this Article in any future year until the System has reached a funding ratio of at least 90%. A reference in this Article to the "required State contribution" or any substantially similar term does not include or apply to any amounts payable to the System under Section 25 of the Budget Stabilization Act.

Notwithstanding any other provision of this Section, the required State contribution for State fiscal year 2005 and for fiscal year 2008 and each fiscal year thereafter, as calculated under this Section and certified under Section 18-140, shall not exceed an amount equal to (i) the amount of the required State contribution that would have been calculated under this Section for that fiscal year if the System had not received any payments under subsection (d) of Section 7.2 of the General Obligation Bond Act, minus (ii) the portion of the State's total debt service payments for that fiscal year on the bonds issued for the purposes of that Section 7.2, as determined and certified by the Comptroller, that is the same as the System's portion of the total moneys distributed under subsection (d) of Section 7.2 of the General Obligation Bond Act. In determining this maximum for State fiscal years 2008 through 2010, however, the amount referred to in item (i) shall be increased, as a percentage of the applicable employee payroll, in equal increments calculated from the sum of the required State contribution for State fiscal year 2007 plus the applicable portion of the State's total debt service payments for fiscal year 2007 on the bonds issued for the purposes of Section 7.2 of the General Obligation Bond Act, so that, by State fiscal year 2011, the State is contributing at the rate otherwise required under this Section.

Section 5-71. The State Pension Funds Continuing Appropriation Act is amended by adding Section 1.7 as follows:

(40 ILCS 15/1.7 new)

Sec. 1.7. Appropriations from the Pension Stabilization Fund.

(a) All of the moneys deposited from time to time into the Pension Stabilization Fund are hereby appropriated, on a continuing basis, to the State Comptroller for the purpose of making distributions to the designated retirement systems as provided in Section 25 of the Budget Stabilization Act.

(b) The appropriations made under this Section are in addition to, and do not affect, the amounts subject to appropriation under any other Section of this Act.

Section 5-72. The Regional Transportation Authority Act is amended by changing Section 4.13 as follows:

(70 ILCS 3615/4.13) (from Ch. 111 2/3, par. 704.13)

Sec. 4.13. Annual Capital Improvement Plan.

(a) With respect to each calendar year, the Authority shall prepare as part of its Five Year Program an Annual Capital Improvement Plan (the "Plan") which shall describe its intended development and implementation of the Strategic Capital Improvement Program. The Plan shall include the following information:

(i) a list of projects for which approval is sought from the Governor, with a description of each project stating at a minimum the project cost, its category, its location and the entity responsible for its implementation;

(ii) a certification by the Authority that the Authority and the Service Boards have applied for all grants, loans and other moneys made available by the federal government or the State of Illinois during the preceding federal and State fiscal years for financing its capital development activities;

(iii) a certification that, as of September 30 of the preceding calendar year or any later date, the balance of all federal capital grant funds and all other funds to be used as matching funds therefor which were committed to or possessed by the Authority or a Service Board but which had not been obligated was less than \$350,000,000, or a greater amount as authorized in writing by the Governor (for purposes of this subsection (a), "obligated" means committed to be paid by the Authority or a Service Board under a contract with a nongovernmental entity in connection with the

performance of a project or committed under a force account plan approved by the federal government);

(iv) a certification that the Authority has adopted a balanced budget with respect to such calendar year under Section 4.01 of this Act;

(v) a schedule of all bonds or notes previously issued for Strategic Capital Improvement Projects and all debt service payments to be made with respect to all such bonds and the estimated additional debt service payments through June 30 of the following calendar year expected to result from bonds to be sold prior thereto;

(vi) a long-range summary of the Strategic Capital Improvement Program describing the projects to be funded through the Program with respect to project cost, category, location, and implementing entity, and presenting a financial plan including an estimated time schedule for obligating funds for the performance of approved projects, issuing bonds, expending bond proceeds and paying debt service throughout the duration of the Program; and

(vii) the source of funding for each project in the Plan. For any project for which full funding has not yet been secured and which is not subject to a federal full funding contract, the Authority must identify alternative, dedicated funding sources available to complete the project. The Governor may waive this requirement on a project by project basis.

(b) The Authority shall submit the Plan with respect to any calendar year to the Governor on or before January 15 of that year, or as soon as possible thereafter; provided, however, that the Plan shall be adopted on the affirmative votes of 9 of the then Directors. The Plan may be revised or amended at any time, but any revision in the projects approved shall require the Governor's approval.

(c) The Authority shall seek approval from the Governor only through the Plan or an amendment thereto. The Authority shall not request approval of the Plan from the Governor in any calendar year in which it is unable to make the certifications required under items (ii), (iii) and (iv) of subsection (a). In no event shall the Authority seek approval of the Plan from the Governor for projects in an aggregate amount exceeding the proceeds of authorization for bonds or notes for Strategic Capital Improvement Projects issued under Section 4.04 of this Act.

(d) The Governor may approve the Plan for which approval is requested. The Governor's approval is limited to the amount of the project cost stated in the Plan. The Governor shall not approve the Plan in a calendar year if the Authority is unable to make the certifications required under items (ii), (iii) and (iv) of subsection (a). In no event shall the Governor approve the Plan for projects in an aggregate amount exceeding the proceeds of authorization for bonds or notes for Strategic Capital Improvement Projects issued under Section 4.04 of this Act.

(e) With respect to capital improvements, only those capital improvements which are in a Plan approved by the Governor shall be financed with the proceeds of bonds or notes issued for Strategic Capital Improvement Projects.

(f) Before the Authority or a Service Board obligates any funds for a project for which the Authority or Service Board intends to use the proceeds of bonds or notes for Strategic Capital Improvement Projects, but which project is not included in an approved Plan, the Authority must notify the Governor of the intended obligation. No project costs incurred prior to approval of the Plan including that project may be paid from the proceeds of bonds or notes for Strategic Capital Improvement Projects issued under Section 4.04 of this Act.

(a) All certificate registration fees and a portion of renewal and duplicate fees shall be kept by the regional superintendent as described in Section 21-16 of this Code, together with a record of the names of the persons paying them. (a) Until January 1, 1998, a tax is imposed on the adjusted gross receipts received from gambling games authorized under this Act at the rate of 20%.

(a-1) From January 1, 1998 until July 1, 2002, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

15% of annual adjusted gross receipts up to and including \$25,000,000;

20% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding \$50,000,000;

(a-2) From July 1, 2002 until July 1, 2003, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

15% of annual adjusted gross receipts up to and including \$25,000,000;

22.5% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding \$50,000,000;

27.5% of annual adjusted gross receipts in excess of \$50,000,000 but not exceeding \$75,000,000;

(a-3) Beginning July 1, 2003, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

70% of annual adjusted gross receipts in excess of \$250,000,000.

An amount equal to the amount of wagering taxes collected under this subsection (a-3) that are in addition to the amount of wagering taxes that would have been collected if the wagering tax rates under subsection (a-2) were in effect shall be paid into the Common School Fund.

The privilege tax imposed under this subsection (a-3) shall no longer be imposed beginning on the earlier of (i) July 1, 2005; (ii) the first date after June 20, 2003 that riverboat gambling operations are conducted pursuant to a dormant license; or (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act. For the purposes of this subsection (a-3), the term "dormant license" means an owners license that is authorized by this Act under which no riverboat gambling operations are being conducted on June 20, 2003.

(a-4) Beginning on the first day on which the tax imposed under subsection (a-3) is no longer imposed, a privilege tax is imposed on persons engaged in the business of conducting riverboat gambling operations, other than licensed managers conducting riverboat gambling operations on behalf of the State, based on the adjusted gross receipts received by a licensed owner from gambling games authorized under this Act at the following rates:

15% of annual adjusted gross receipts up to and including \$25,000,000;

22.5% of annual adjusted gross receipts in excess of \$25,000,000 but not exceeding \$50,000,000;

27.5% of annual adjusted gross receipts in excess of \$50,000,000 but not exceeding \$75,000,000;

32.5% of annual adjusted gross receipts in excess of \$75,000,000 but not exceeding \$100,000,000;

37.5% of annual adjusted gross receipts in excess of \$100,000,000 but not exceeding \$150,000,000;

45% of annual adjusted gross receipts in excess of \$150,000,000 but not exceeding \$200,000,000;

50% of annual adjusted gross receipts in excess of \$200,000,000.

(a-8) Riverboat gambling operations conducted by a licensed manager on behalf of the State are not subject to the tax imposed under this Section.

(a-10) The taxes imposed by this Section shall be paid by the licensed owner to the Board not later than 3:00 o'clock p.m. of the day after the day when the wagers were made.

(a-15) If the privilege tax imposed under subsection (a-3) is no longer imposed pursuant to item (i) of the last paragraph of subsection (a-3), then by June 15 of each year, each owners licensee, other than an owners licensee that admitted 1,000,000 persons or fewer in calendar year 2004, must, in addition to the payment of all amounts otherwise due under this Section, pay to the Board a reconciliation payment in the amount, if any, by which the licensed owner's base amount for the licensed owner exceeds the amount of net privilege tax paid under this Section by the licensed owner to the Board in the then current State fiscal year. A licensed owner's net privilege tax obligation due for the balance of the State fiscal year shall be reduced up to the total of the amount paid by the licensed owner in its June 15 reconciliation payment. The obligation imposed by this subsection (a-15) is binding on any person, firm, corporation, or other entity that acquires an ownership interest in any such owners license. The obligation imposed under this subsection (a-15) terminates on the earliest of: (i) July 1, 2007, (ii) the first day after the effective date of this amendatory Act of the 94th General Assembly that riverboat gambling operations are conducted pursuant to a dormant license, (iii) the first day that riverboat gambling operations are conducted under the authority of an owners license that is in addition to the 10 owners licenses initially authorized under this Act, or (iv) the first day that a licensee under the Illinois Horse Racing Act of 1975 conducts gaming operations with slot machines or other electronic gaming devices. The Board must reduce the obligation imposed under this subsection (a-15) by an amount the Board deems reasonable for any of the following reasons: (A) an act or acts of God, (B) an act of bioterrorism or terrorism or a bioterrorism or terrorism threat that was investigated by a law enforcement agency, or (C) a condition beyond the control of the owners licensee that does not result from any act or omission by the owners licensee or any of its agents and that poses a hazardous threat to the health and safety of patrons. If an owners licensee pays an amount in excess of its liability under this Section, the Board shall apply the overpayment to future payments required under this Section.

For purposes of this subsection (a-15):

"Act of God" means an incident caused by the operation of an extraordinary force that cannot be foreseen, that cannot be avoided by the exercise of due care, and for which no person can be held liable.

"Base amount" means the following:

[May 3, 2006]

For a riverboat in Alton, \$31,000,000.
 For a riverboat in East Peoria, \$43,000,000.
 For the Empress riverboat in Joliet, \$86,000,000.
 For a riverboat in Metropolis, \$45,000,000.
 For the Harrah's riverboat in Joliet, \$114,000,000.
 For a riverboat in Aurora, \$86,000,000.
 For a riverboat in East St. Louis, \$48,500,000.
 For a riverboat in Elgin, \$198,000,000.

"Dormant license" has the meaning ascribed to it in subsection (a-3).

"Net privilege tax" means all privilege taxes paid by a licensed owner to the Board under this Section, less all payments made from the State Gaming Fund pursuant to subsection (b) of this Section.

The changes made to this subsection (a-15) by this amendatory Act of the 94th General Assembly are intended to restate and clarify the intent of Public Act 94-673 with respect to the amount of the payments required to be made under this subsection by an owners licensee to the Board.

(b) Until January 1, 1998, 25% of the tax revenue deposited in the State Gaming Fund under this Section shall be paid, subject to appropriation by the General Assembly, to the unit of local government which is designated as the home dock of the riverboat. Beginning January 1, 1998, from the tax revenue deposited in the State Gaming Fund under this Section, an amount equal to 5% of adjusted gross receipts generated by a riverboat shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat. From the tax revenue deposited in the State Gaming Fund pursuant to riverboat gambling operations conducted by a licensed manager on behalf of the State, an amount equal to 5% of adjusted gross receipts generated pursuant to those riverboat gambling operations shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat upon which those riverboat gambling operations are conducted.

(c) Appropriations, as approved by the General Assembly, may be made from the State Gaming Fund to the Department of Revenue and the Department of State Police for the administration and enforcement of this Act, or to the Department of Human Services for the administration of programs to treat problem gambling.

(c-5) After the payments required under subsections (b) and (c) have been made, an amount equal to 15% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid from the State Gaming Fund into the Horse Racing Equity Fund.

(c-10) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid into the Horse Racing Equity Fund pursuant to subsection (c-5) in the prior calendar year.

(c-15) After the payments required under subsections (b), (c), and (c-5) have been made, an amount equal to 2% of the adjusted gross receipts of (1) an owners licensee that relocates pursuant to Section 11.2, (2) an owners licensee conducting riverboat gambling operations pursuant to an owners license that is initially issued after June 25, 1999, or (3) the first riverboat gambling operations conducted by a licensed manager on behalf of the State under Section 7.3, whichever comes first, shall be paid, subject to appropriation from the General Assembly, from the State Gaming Fund to each home rule county with a population of over 3,000,000 inhabitants for the purpose of enhancing the county's criminal justice system.

(c-20) Each year the General Assembly shall appropriate from the General Revenue Fund to the Education Assistance Fund an amount equal to the amount paid to each home rule county with a population of over 3,000,000 inhabitants pursuant to subsection (c-15) in the prior calendar year.

A probation district of two or more counties within a circuit may be created for the purposes of providing full-time probation services. Every county or group of counties within a circuit shall maintain a probation department which shall be under the authority of the Chief Judge of the circuit or some other judge designated by the Chief Judge. The Chief Judge, through the Probation and Court Services Department shall submit annual plans to the Division for probation and related services.

(b) The Chief Judge of each circuit shall appoint the Chief Probation Officer and all other probation officers for his or her circuit from lists of qualified applicants supplied by the Supreme Court. (d) \$1,000 per month for salaries for the remaining probation officer positions engaged in basic services and new or expanded services. All such positions shall be approved by the division in accordance with this Act and division standards.

(e) 100% of the travel expenses in accordance with Division standards for all Probation positions approved under paragraph (b) of subsection 4 of this Section.

The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

In counties with more than one Probation and Court Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult and juvenile offenders to the Department of Corrections and shall require, when appropriate, coordination with the Department of Corrections and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.

(c) The Department shall be in compliance with standards developed by the Supreme Court for basic, new and expanded services, training, personnel hiring and promotion.

(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

prior to January 1, 1978, shall be exempted from the minimum requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.

(d) The Department has an established compensation schedule approved by the Supreme Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

(8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4 will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of Basic Probation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be required to reduce the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required under Section 13 of this Act. For State fiscal years 2004, 2005, ~~and 2006~~ , and 2007 only, the Mandatory Arbitration Fund may be used to provide for Probation Department expenses, including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical costs, equipment, telecommunications, postage, commodities and printing.

(12) For purposes of this Act only, probation officers shall be considered peace officers. In the exercise of their official duties, probation officers, sheriffs, and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his or her probation, conditional discharge, or supervision, and it shall be the duty of the officer making the arrest to take the probationer before the Court having jurisdiction over the probationer for further order.

The Division may:

- (a) establish qualifications for chief probation officers and other probation and court services personnel as to hiring, promotion, and training.

[May 3, 2006]

(e) employ sufficient personnel in the Division to carry out the functions of the Division.

(f) establish a system of training and establish standards for personnel orientation and training.

(g) develop standards for a system of record keeping for cases and programs, gather statistics, establish a system of uniform forms, and develop research for planning of Probation Services.

(j) monitor and evaluate all programs operated by Probation and Court Services Departments, and may include in the program evaluation criteria such factors as the percentage of Probation sentences for felons convicted of Probationable offenses.

(k) seek the cooperation of local and State government and private agencies to improve the quality of probation and court services.

(l) where appropriate, establish programs and corresponding standards designed to generally improve the quality of probation and court services and reduce the rate of adult or juvenile offenders committed to the Department of Corrections.

(m) establish such other standards and regulations and do all acts necessary to carry out the intent and purposes of this Act.

The Division shall establish a model list of structured intermediate sanctions that may be imposed by a probation agency for violations of terms and conditions of a sentence of probation, conditional discharge, or supervision.

The State of Illinois shall provide for the costs of personnel, travel, equipment, telecommunications, postage, commodities, printing, space, contractual services and other related costs necessary to carry out the intent of this Act.

(2) (a) The chief judge of each circuit shall provide full-time probation services for all counties within the circuit, in a manner consistent with the annual probation plan, the standards, policies, and regulations established by the Supreme Court. A probation district of two or more counties within a circuit may be created for the purposes of providing full-time probation services. Every county or group of counties within a circuit shall maintain a probation department which shall be under the authority of the Chief Judge of the circuit or some other judge designated by the Chief Judge. The Chief Judge, through the Probation and Court Services Department shall submit annual plans to the Division for probation and related services.

(b) The Chief Judge of each circuit shall appoint the Chief Probation Officer and all other probation officers for his or her circuit from lists of qualified applicants supplied by the Supreme Court. Candidates for chief managing officer and other probation officer positions must apply with both the Chief Judge of the circuit and the Supreme Court.

(3) A Probation and Court Service Department shall apply to the Supreme Court for funds for basic services, and may apply for funds for new and expanded programs or Individualized Services and Programs. Costs shall be reimbursed monthly based on a plan and budget approved by the Supreme Court. No Department may be reimbursed for costs which exceed or are not provided for in the approved annual plan and budget. After the effective date of this amendatory Act of 1985, each county must provide basic services in accordance with the annual plan and standards created by the division. No department may receive funds for new or expanded programs or individualized services and programs unless they are in compliance with standards as enumerated in paragraph (h) of subsection (1) of this Section, the annual plan, and standards for basic services.

(4) The Division shall reimburse the county or counties for probation services as follows:

(a) 100% of the salary of all chief managing officers designated as such by the Chief Judge and the division.

(b) 100% of the salary for all probation officer and supervisor positions approved for

reimbursement by the division after April 1, 1984, to meet workload standards and to implement intensive sanction and probation supervision programs and other basic services as defined in this Act.

(c) 100% of the salary for all secure detention personnel and non-secure group home personnel approved for reimbursement after December 1, 1990. For all such positions approved for reimbursement before December 1, 1990, the counties shall be reimbursed \$1,250 per month beginning July 1, 1995, and an additional \$250 per month beginning each July 1st thereafter until the positions receive 100% salary reimbursement. Allocation of such positions will be based on comparative need considering capacity, staff/resident ratio, physical plant and program.

(d) \$1,000 per month for salaries for the remaining probation officer positions engaged in basic services and new or expanded services. All such positions shall be approved by the division in accordance with this Act and division standards.

(e) 100% of the travel expenses in accordance with Division standards for all Probation positions approved under paragraph (b) of subsection 4 of this Section.

(f) If the amount of funds reimbursed to the county under paragraphs (a) through (e) of subsection 4 of this Section on an annual basis is less than the amount the county had received during the 12 month period immediately prior to the effective date of this amendatory Act of 1985, then the Division shall reimburse the amount of the difference to the county. The effect of paragraph (b) of subsection 7 of this Section shall be considered in implementing this supplemental reimbursement provision.

(5) The Division shall provide funds beginning on April 1, 1987 for the counties to provide Individualized Services and Programs as provided in Section 16 of this Act.

(6) A Probation and Court Services Department in order to be eligible for the reimbursement must submit to the Supreme Court an application containing such information and in such a form and by such dates as the Supreme Court may require. Departments to be eligible for funding must satisfy the following conditions:

(a) The Department shall have on file with the Supreme Court an annual Probation plan for continuing, improved, and new Probation and Court Services Programs approved by the Supreme Court or its designee. This plan shall indicate the manner in which Probation and Court Services will be delivered and improved, consistent with the minimum standards and regulations for Probation and Court Services, as established by the Supreme Court. In counties with more than one Probation and Court Services Department eligible to receive funds, all Departments within that county must submit plans which are approved by the Supreme Court.

(b) The annual probation plan shall seek to generally improve the quality of probation services and to reduce the commitment of adult offenders to the Department of Corrections and to reduce the commitment of juvenile offenders to the Department of Juvenile Justice and shall require, when appropriate, coordination with the Department of Corrections, the Department of Juvenile Justice, and the Department of Children and Family Services in the development and use of community resources, information systems, case review and permanency planning systems to avoid the duplication of services.

(c) The Department shall be in compliance with standards developed by the Supreme Court for basic, new and expanded services, training, personnel hiring and promotion.

(d) The Department shall in its annual plan indicate the manner in which it will support the rights of crime victims and in which manner it will implement Article I, Section 8.1 of the Illinois Constitution and in what manner it will coordinate crime victims' support services with other criminal justice agencies within its jurisdiction, including but not limited to, the State's Attorney, the Sheriff and any municipal police department.

(7) No statement shall be verified by the Supreme Court or its designee or vouchered by the Comptroller unless each of the following conditions have been met:

(a) The probation officer is a full-time employee appointed by the Chief Judge to provide probation services.

(b) The probation officer, in order to be eligible for State reimbursement, is receiving a salary of at least \$17,000 per year.

(c) The probation officer is appointed or was reappointed in accordance with minimum qualifications or criteria established by the Supreme Court; however, all probation officers appointed prior to January 1, 1978, shall be exempted from the minimum requirements established by the Supreme Court. Payments shall be made to counties employing these exempted probation officers as long as they are employed in the position held on the effective date of this amendatory Act of 1985. Promotions shall be governed by minimum qualifications established by the Supreme Court.

(d) The Department has an established compensation schedule approved by the Supreme

Court. The compensation schedule shall include salary ranges with necessary increments to compensate each employee. The increments shall, within the salary ranges, be based on such factors as bona fide occupational qualifications, performance, and length of service. Each position in the Department shall be placed on the compensation schedule according to job duties and responsibilities of such position. The policy and procedures of the compensation schedule shall be made available to each employee.

(8) In order to obtain full reimbursement of all approved costs, each Department must continue to employ at least the same number of probation officers and probation managers as were authorized for employment for the fiscal year which includes January 1, 1985. This number shall be designated as the base amount of the Department. No positions approved by the Division under paragraph (b) of subsection 4 will be included in the base amount. In the event that the Department employs fewer Probation officers and Probation managers than the base amount for a period of 90 days, funding received by the Department under subsection 4 of this Section may be reduced on a monthly basis by the amount of the current salaries of any positions below the base amount.

(9) Before the 15th day of each month, the treasurer of any county which has a Probation and Court Services Department, or the treasurer of the most populous county, in the case of a Probation or Court Services Department funded by more than one county, shall submit an itemized statement of all approved costs incurred in the delivery of Basic Probation and Court Services under this Act to the Supreme Court. The treasurer may also submit an itemized statement of all approved costs incurred in the delivery of new and expanded Probation and Court Services as well as Individualized Services and Programs. The Supreme Court or its designee shall verify compliance with this Section and shall examine and audit the monthly statement and, upon finding them to be correct, shall forward them to the Comptroller for payment to the county treasurer. In the case of payment to a treasurer of a county which is the most populous of counties sharing the salary and expenses of a Probation and Court Services Department, the treasurer shall divide the money between the counties in a manner that reflects each county's share of the cost incurred by the Department.

(10) The county treasurer must certify that funds received under this Section shall be used solely to maintain and improve Probation and Court Services. The county or circuit shall remain in compliance with all standards, policies and regulations established by the Supreme Court. If at any time the Supreme Court determines that a county or circuit is not in compliance, the Supreme Court shall immediately notify the Chief Judge, county board chairman and the Director of Court Services Chief Probation Officer. If after 90 days of written notice the noncompliance still exists, the Supreme Court shall be required to reduce the amount of monthly reimbursement by 10%. An additional 10% reduction of monthly reimbursement shall occur for each consecutive month of noncompliance. Except as provided in subsection 5 of Section 15, funding to counties shall commence on April 1, 1986. Funds received under this Act shall be used to provide for Probation Department expenses including those required under Section 13 of this Act. For State fiscal years 2004, 2005, ~~and 2006~~ ~~and 2007~~ only, the Mandatory Arbitration Fund may be used to provide for Probation Department expenses, including those required under Section 13 of this Act.

(11) The respective counties shall be responsible for capital and space costs, fringe benefits, clerical costs, equipment, telecommunications, postage, commodities and printing.

(12) For purposes of this Act only, probation officers shall be considered peace officers. In the exercise of their official duties, probation officers, sheriffs, and police officers may, anywhere within the State, arrest any probationer who is in violation of any of the conditions of his or her probation, conditional discharge, or supervision, and it shall be the duty of the officer making the arrest to take the probationer before the Court having jurisdiction over the probationer for further order.

(d) Interest earned on monies deposited in a probation and court services fund may be used by the county for its ordinary and contingent expenditures.

(e) The county board may appropriate moneys from the probation and court services fund, upon the direction of the chief judge, to support programs that are part of the continuum of juvenile delinquency intervention programs which are or may be developed within the county. The grants from the probation and court services fund shall be for no more than one year and may be used for any expenses attributable to the program including administration and oversight of the program by the probation department.

(f) The county board may appropriate moneys from the probation and court services fund, upon the direction of the chief judge, to support practices endorsed or required under the Sex Offender Management Board Act, including but not limited to sex offender evaluation, treatment, and monitoring programs that are or may be developed within the county.

(g) For the State Fiscal Years 2005, ~~and 2006~~, ~~and 2007~~ only, the Administrative Office of the Illinois Courts may permit a county or circuit to use its probation and court services fund for the payment of salaries of probation officers and other court services personnel whose salaries are reimbursed under this Act if the State's FY2005, ~~or~~ FY2006, ~~or~~ FY2007 appropriation to the Supreme Court for reimbursement to counties for probation salaries and services is less than the amount appropriated to the Supreme Court for these purposes for State Fiscal Year 2004. Section 5-110. The Workers' Compensation Act is amended by changing Section 4 as follows:

(820 ILCS 305/4) (from Ch. 48, par. 138.4)

Sec. 4. (a) Any employer, including but not limited to general contractors and their subcontractors, who shall come within the provisions of Section 3 of this Act, and any other employer who shall elect to provide and pay the compensation provided for in this Act shall:

(1) File with the Commission annually an application for approval as a self-insurer which shall include a current financial statement, and annually, thereafter, an application for renewal of self-insurance, which shall include a current financial statement. Said application and financial statement shall be signed and sworn to by the president or vice president and secretary or assistant secretary of the employer if it be a corporation, or by all of the partners, if it be a copartnership, or by the owner if it be neither a copartnership nor a corporation. All initial applications and all applications for renewal of self-insurance must be submitted at least 60 days prior to the requested effective date of self-insurance. An employer may elect to provide and pay compensation as provided for in this Act as a member of a group workers' compensation pool under Article V 3/4 of the Illinois Insurance Code. If an employer becomes a member of a group workers' compensation pool, the employer shall not be

relieved of any obligations imposed by this Act.

If the sworn application and financial statement of any such employer does not satisfy the Commission of the financial ability of the employer who has filed it, the Commission shall require such employer to,

(2) Furnish security, indemnity or a bond guaranteeing the payment by the employer of the compensation provided for in this Act, provided that any such employer whose application and financial statement shall not have satisfied the commission of his or her financial ability and who shall have secured his liability in part by excess liability insurance shall be required to furnish to the Commission security, indemnity or bond guaranteeing his or her payment up to the effective limits of the excess coverage, or

(3) Insure his entire liability to pay such compensation in some insurance carrier authorized, licensed, or permitted to do such insurance business in this State. Every policy of an insurance carrier, insuring the payment of compensation under this Act shall cover all the employees and the entire compensation liability of the insured: Provided, however, that any employer may insure his or her compensation liability with 2 or more insurance carriers or may insure a part and qualify under subsection 1, 2, or 4 for the remainder of his or her liability to pay such compensation, subject to the following two provisions:

Firstly, the entire compensation liability of the employer to employees working at or from one location shall be insured in one such insurance carrier or shall be self-insured, and

Secondly, the employer shall submit evidence satisfactorily to the Commission that his or her entire liability for the compensation provided for in this Act will be secured. Any provisions in any policy, or in any endorsement attached thereto, attempting to limit or modify in any way, the liability of the insurance carriers issuing the same except as otherwise provided herein shall be wholly void.

Nothing herein contained shall apply to policies of excess liability carriage secured by employers who have been approved by the Commission as self-insurers, or

(4) Make some other provision, satisfactory to the Commission, for the securing of the payment of compensation provided for in this Act, and

(5) Upon becoming subject to this Act and thereafter as often as the Commission may in writing demand, file with the Commission in form prescribed by it evidence of his or her compliance with the provision of this Section.

(a-1) Regardless of its state of domicile or its principal place of business, an employer shall make payments to its insurance carrier or group self-insurance fund, where applicable, based upon the premium rates of the situs where the work or project is located in Illinois if:

(A) the employer is engaged primarily in the building and construction industry; and

(B) subdivision (a)(3) of this Section applies to the employer or the employer is a member of a group self-insurance plan as defined in subsection (1) of Section 4a.

The Illinois Workers' Compensation Commission shall impose a penalty upon an employer for violation of this subsection (a-1) if:

(i) the employer is given an opportunity at a hearing to present evidence of its compliance with this subsection (a-1); and

(ii) after the hearing, the Commission finds that the employer failed to make payments upon the premium rates of the situs where the work or project is located in Illinois.

The penalty shall not exceed \$1,000 for each day of work for which the employer failed to make payments upon the premium rates of the situs where the work or project is located in Illinois, but the total penalty shall not exceed \$50,000 for each project or each contract under which the work was performed.

Any penalty under this subsection (a-1) must be imposed not later than one year after the expiration of the applicable limitation period specified in subsection (d) of Section 6 of this Act. Penalties imposed under this subsection (a-1) shall be deposited into the Illinois Workers' Compensation Commission Operations Fund, a special fund that is created in the State treasury. Subject to appropriation, moneys in the Fund shall be used solely for the operations of the Illinois Workers' Compensation Commission and by the Department of Financial and Professional Regulation for the purposes authorized in subsection (c) of Section 25.5 of this Act.

(b) The sworn application and financial statement, or security, indemnity or bond, or amount of insurance, or other provisions, filed, furnished, carried, or made by the employer, as the case may be, shall be subject to the approval of the Commission.

Deposits under escrow agreements shall be cash, negotiable United States government bonds or negotiable general obligation bonds of the State of Illinois. Such cash or bonds shall be deposited in

[May 3, 2006]

escrow with any State or National Bank or Trust Company having trust authority in the State of Illinois.

Upon the approval of the sworn application and financial statement, security, indemnity or bond or amount of insurance, filed, furnished or carried, as the case may be, the Commission shall send to the employer written notice of its approval thereof. The certificate of compliance by the employer with the provisions of subparagraphs (2) and (3) of paragraph (a) of this Section shall be delivered by the insurance carrier to the Illinois Workers' Compensation Commission within five days after the effective date of the policy so certified. The insurance so certified shall cover all compensation liability occurring during the time that the insurance is in effect and no further certificate need be filed in case such insurance is renewed, extended or otherwise continued by such carrier. The insurance so certified shall not be cancelled or in the event that such insurance is not renewed, extended or otherwise continued, such insurance shall not be terminated until at least 10 days after receipt by the Illinois Workers' Compensation Commission of notice of the cancellation or termination of said insurance; provided, however, that if the employer has secured insurance from another insurance carrier, or has otherwise secured the payment of compensation in accordance with this Section, and such insurance or other security becomes effective prior to the expiration of the 10 days, cancellation or termination may, at the option of the insurance carrier indicated in such notice, be effective as of the effective date of such other insurance or security.

(c) Whenever the Commission shall find that any corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or other insurer effecting workers' compensation insurance in this State shall be insolvent, financially unsound, or unable to fully meet all payments and liabilities assumed or to be assumed for compensation insurance in this State, or shall practice a policy of delay or unfairness toward employees in the adjustment, settlement, or payment of benefits due such employees, the Commission may after reasonable notice and hearing order and direct that such corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or insurer, shall from and after a date fixed in such order discontinue the writing of any such workers' compensation insurance in this State. Subject to such modification of the order as the Commission may later make on review of the order, as herein provided, it shall thereupon be unlawful for any such corporation, company, association, aggregation of individuals, reciprocal or interinsurers exchange, or insurer to effect any workers' compensation insurance in this State. A copy of the order shall be served upon the Director of Insurance by registered mail. Whenever the Commission finds that any service or adjustment company used or employed by a self-insured employer or by an insurance carrier to process, adjust, investigate, compromise or otherwise handle claims under this Act, has practiced or is practicing a policy of delay or unfairness toward employees in the adjustment, settlement or payment of benefits due such employees, the Commission may after reasonable notice and hearing order and direct that such service or adjustment company shall from and after a date fixed in such order be prohibited from processing, adjusting, investigating, compromising or otherwise handling claims under this Act.

Whenever the Commission finds that any self-insured employer has practiced or is practicing delay or unfairness toward employees in the adjustment, settlement or payment of benefits due such employees, the Commission may, after reasonable notice and hearing, order and direct that after a date fixed in the order such self-insured employer shall be disqualified to operate as a self-insurer and shall be required to insure his entire liability to pay compensation in some insurance carrier authorized, licensed and permitted to do such insurance business in this State, as provided in subparagraph 3 of paragraph (a) of this Section.

All orders made by the Commission under this Section shall be subject to review by the courts, said review to be taken in the same manner and within the same time as provided by Section 19 of this Act for review of awards and decisions of the Commission, upon the party seeking the review filing with the clerk of the court to which said review is taken a bond in an amount to be fixed and approved by the court to which the review is taken, conditioned upon the payment of all compensation awarded against the person taking said review pending a decision thereof and further conditioned upon such other obligations as the court may impose. Upon the review the Circuit Court shall have power to review all questions of fact as well as of law. The penalty hereinafter provided for in this paragraph shall not attach and shall not begin to run until the final determination of the order of the Commission.

(d) Whenever a panel of 3 Commissioners comprised of one member of the employing class, one member of the employee class, and one member not identified with either the employing or employee class, with due process and after a hearing, determines an employer has knowingly failed to provide coverage as required by paragraph (a) of this Section, the failure shall be deemed an immediate serious danger to public health, safety, and welfare sufficient to justify service by the Commission of a work-stop order on such employer, requiring the cessation of all business operations of such employer at the place of employment or job site. Any law enforcement agency in the State shall, at the request of the

Commission, render any assistance necessary to carry out the provisions of this Section, including, but not limited to, preventing any employee of such employer from remaining at a place of employment or job site after a work-stop order has taken effect. Any work-stop order shall be lifted upon proof of insurance as required by this Act. Any orders under this Section are appealable under Section 19(f) to the Circuit Court.

Any individual employer, corporate officer or director of a corporate employer, partner of an employer partnership, or member of an employer limited liability company who knowingly fails to provide coverage as required by paragraph (a) of this Section is guilty of a Class 4 felony. This provision shall not apply to any corporate officer or director of any publicly-owned corporation. Each day's violation constitutes a separate offense. The State's Attorney of the county in which the violation occurred, or the Attorney General, shall bring such actions in the name of the People of the State of Illinois, or may, in addition to other remedies provided in this Section, bring an action for an injunction to restrain the violation or to enjoin the operation of any such employer.

Any individual employer, corporate officer or director of a corporate employer, partner of an employer partnership, or member of an employer limited liability company who negligently fails to provide coverage as required by paragraph (a) of this Section is guilty of a Class A misdemeanor. This provision shall not apply to any corporate officer or director of any publicly-owned corporation. Each day's violation constitutes a separate offense. The State's Attorney of the county in which the violation occurred, or the Attorney General, shall bring such actions in the name of the People of the State of Illinois.

The criminal penalties in this subsection (d) shall not apply where there exists a good faith dispute as to the existence of an employment relationship. Evidence of good faith shall include, but not be limited to, compliance with the definition of employee as used by the Internal Revenue Service.

Employers who are subject to and who knowingly fail to comply with this Section shall not be entitled to the benefits of this Act during the period of noncompliance, but shall be liable in an action under any other applicable law of this State. In the action, such employer shall not avail himself or herself of the defenses of assumption of risk or negligence or that the injury was due to a co-employee. In the action, proof of the injury shall constitute prima facie evidence of negligence on the part of such employer and the burden shall be on such employer to show freedom of negligence resulting in the injury. The employer shall not join any other defendant in any such civil action. Nothing in this amendatory Act of the 94th General Assembly shall affect the employee's rights under subdivision (a)3 of Section 1 of this Act. Any employer or carrier who makes payments under subdivision (a)3 of Section 1 of this Act shall have a right of reimbursement from the proceeds of any recovery under this Section.

An employee of an uninsured employer, or the employee's dependents in case death ensued, may, instead of proceeding against the employer in a civil action in court, file an application for adjustment of claim with the Commission in accordance with the provisions of this Act and the Commission shall hear and determine the application for adjustment of claim in the manner in which other claims are heard and determined before the Commission.

All proceedings under this subsection (d) shall be reported on an annual basis to the Workers' Compensation Advisory Board.

Upon a finding by the Commission, after reasonable notice and hearing, of the knowing and willful failure or refusal of an employer to comply with any of the provisions of paragraph (a) of this Section or the failure or refusal of an employer, service or adjustment company, or an insurance carrier to comply with any order of the Illinois Workers' Compensation Commission pursuant to paragraph (c) of this Section disqualifying him or her to operate as a self insurer and requiring him or her to insure his or her liability, the Commission may assess a civil penalty of up to \$500 per day for each day of such failure or refusal after the effective date of this amendatory Act of 1989. The minimum penalty under this Section shall be the sum of \$10,000. Each day of such failure or refusal shall constitute a separate offense. The Commission may assess the civil penalty personally and individually against the corporate officers and directors of a corporate employer, the partners of an employer partnership, and the members of an employer limited liability company, after a finding of a knowing and willful refusal or failure of each such named corporate officer, director, partner, or member to comply with this Section. The liability for the assessed penalty shall be against the named employer first, and if the named employer fails or refuses to pay the penalty to the Commission within 30 days after the final order of the Commission, then the named corporate officers, directors, partners, or members who have been found to have knowingly and willfully refused or failed to comply with this Section shall be liable for the unpaid penalty or any unpaid portion of the penalty. Upon investigation by the insurance non-compliance unit of the Commission, the Attorney General shall have the authority to prosecute all proceedings to enforce the civil and administrative provisions of this Section before the Commission. The Commission shall promulgate

procedural rules for enforcing this Section.

Upon the failure or refusal of any employer, service or adjustment company or insurance carrier to comply with the provisions of this Section and with the orders of the Commission under this Section, or the order of the court on review after final adjudication, the Commission may bring a civil action to recover the amount of the penalty in Cook County or in Sangamon County in which litigation the Commission shall be represented by the Attorney General. The Commission shall send notice of its finding of non-compliance and assessment of the civil penalty to the Attorney General. It shall be the duty of the Attorney General within 30 days after receipt of the notice, to institute prosecutions and promptly prosecute all reported violations of this Section.

Any individual employer, corporate officer or director of a corporate employer, partner of an employer partnership, or member of an employer limited liability company who, with the intent to avoid payment of compensation under this Act to an injured employee or the employee's dependents, knowingly transfers, sells, encumbers, assigns, or in any manner disposes of, conceals, secretes, or destroys any property belonging to the employer, officer, director, partner, or member is guilty of a Class 4 felony.

Penalties and fines collected pursuant to this paragraph (d) shall be deposited upon receipt into a special fund which shall be designated the Injured Workers' Benefit Fund, of which the State Treasurer is ex-officio custodian, such special fund to be held and disbursed in accordance with this paragraph (d) for the purposes hereinafter stated in this paragraph (d), upon the final order of the Commission. The Injured Workers' Benefit Fund shall be deposited the same as are State funds and any interest accruing thereon shall be added thereto every 6 months. The Injured Workers' Benefit Fund is subject to audit the same as State funds and accounts and is protected by the general bond given by the State Treasurer. The Injured Workers' Benefit Fund is considered always appropriated for the purposes of disbursements as provided in this paragraph, and shall be paid out and disbursed as herein provided and shall not at any time be appropriated or diverted to any other use or purpose. Moneys in the Injured Workers' Benefit Fund shall be used only for payment of workers' compensation benefits for injured employees when the employer has failed to provide coverage as determined under this paragraph (d) and has failed to pay the benefits due to the injured employee. The Commission shall have the right to obtain reimbursement from the employer for compensation obligations paid by the Injured Workers' Benefit Fund. Any such amounts obtained shall be deposited by the Commission into the Injured Workers' Benefit Fund. If an injured employee or his or her personal representative receives payment from the Injured Workers' Benefit Fund, the State of Illinois has the same rights under paragraph (b) of Section 5 that the employer who failed to pay the benefits due to the injured employee would have had if the employer had paid those benefits, and any moneys recovered by the State as a result of the State's exercise of its rights under paragraph (b) of Section 5 shall be deposited into the Injured Workers' Benefit Fund. The custodian of the Injured Workers' Benefit Fund shall be joined with the employer as a party respondent in the application for adjustment of claim. After July 1, 2006, the Commission shall make disbursements from the Fund once each year to each eligible claimant. An eligible claimant is an injured worker who has within the previous fiscal year obtained a final award for benefits from the Commission against the employer and the Injured Workers' Benefit Fund and has notified the Commission within 90 days of receipt of such award. Within a reasonable time after the end of each fiscal year, the Commission shall make a disbursement to each eligible claimant. At the time of disbursement, if there are insufficient moneys in the Fund to pay all claims, each eligible claimant shall receive a pro-rata share, as determined by the Commission, of the available moneys in the Fund for that year. Payment from the Injured Workers' Benefit Fund to an eligible claimant pursuant to this provision shall discharge the obligations of the Injured Workers' Benefit Fund regarding the award entered by the Commission.

(e) This Act shall not affect or disturb the continuance of any existing insurance, mutual aid, benefit, or relief association or department, whether maintained in whole or in part by the employer or whether maintained by the employees, the payment of benefits of such association or department being guaranteed by the employer or by some person, firm or corporation for him or her: Provided, the employer contributes to such association or department an amount not less than the full compensation herein provided, exclusive of the cost of the maintenance of such association or department and without any expense to the employee. This Act shall not prevent the organization and maintaining under the insurance laws of this State of any benefit or insurance company for the purpose of insuring against the compensation provided for in this Act, the expense of which is maintained by the employer. This Act shall not prevent the organization or maintaining under the insurance laws of this State of any voluntary mutual aid, benefit or relief association among employees for the payment of additional accident or sick benefits.

(f) No existing insurance, mutual aid, benefit or relief association or department shall, by reason of

anything herein contained, be authorized to discontinue its operation without first discharging its obligations to any and all persons carrying insurance in the same or entitled to relief or benefits therein.

(g) Any contract, oral, written or implied, of employment providing for relief benefit, or insurance or any other device whereby the employee is required to pay any premium or premiums for insurance against the compensation provided for in this Act shall be null and void. Any employer withholding from the wages of any employee any amount for the purpose of paying any such premium shall be guilty of a Class B misdemeanor.

In the event the employer does not pay the compensation for which he or she is liable, then an insurance company, association or insurer which may have insured such employer against such liability shall become primarily liable to pay to the employee, his or her personal representative or beneficiary the compensation required by the provisions of this Act to be paid by such employer. The insurance carrier may be made a party to the proceedings in which the employer is a party and an award may be entered jointly against the employer and the insurance carrier.

(h) It shall be unlawful for any employer, insurance company or service or adjustment company to interfere with, restrain or coerce an employee in any manner whatsoever in the exercise of the rights or remedies granted to him or her by this Act or to discriminate, attempt to discriminate, or threaten to discriminate against an employee in any way because of his or her exercise of the rights or remedies granted to him or her by this Act.

It shall be unlawful for any employer, individually or through any insurance company or service or adjustment company, to discharge or to threaten to discharge, or to refuse to rehire or recall to active service in a suitable capacity an employee because of the exercise of his or her rights or remedies granted to him or her by this Act.

(i) If an employer elects to obtain a life insurance policy on his employees, he may also elect to apply such benefits in satisfaction of all or a portion of the death benefits payable under this Act, in which case, the employer's compensation premium shall be reduced accordingly.

(j) Within 45 days of receipt of an initial application or application to renew self-insurance privileges the Self-Insurers Advisory Board shall review and submit for approval by the Chairman of the Commission recommendations of disposition of all initial applications to self-insure and all applications to renew self-insurance privileges filed by private self-insurers pursuant to the provisions of this Section and Section 4a-9 of this Act. Each private self-insurer shall submit with its initial and renewal applications the application fee required by Section 4a-4 of this Act.

The Chairman of the Commission shall promptly act upon all initial applications and applications for renewal in full accordance with the recommendations of the Board or, should the Chairman disagree with any recommendation of disposition of the Self-Insurer's Advisory Board, he shall within 30 days of receipt of such recommendation provide to the Board in writing the reasons supporting his decision. The Chairman shall also promptly notify the employer of his decision within 15 days of receipt of the recommendation of the Board.

If an employer is denied a renewal of self-insurance privileges pursuant to application it shall retain said privilege for 120 days after receipt of a notice of cancellation of the privilege from the Chairman of the Commission.

All orders made by the Chairman under this Section shall be subject to review by the courts, such review to be taken in the same manner and within the same time as provided by subsection (f) of Section 19 of this Act for review of awards and decisions of the Commission, upon the party seeking the review filing with the clerk of the court to which such review is taken a bond in an amount to be fixed and approved by the court to which the review is taken, conditioned upon the payment of all compensation awarded against the person taking such review pending a decision thereof and further conditioned upon such other obligations as the court may impose. Upon the review the Circuit Court shall have power to review all questions of fact as well as of law.

ARTICLE 15. TRANSIT AUTHORITY PENSION FUNDING

Section 15-5. The Illinois Pension Code is amended by changing Section 22-101 and adding Section 22-103 as follows:

(40 ILCS 5/22-101) (from Ch. 108 1/2, par. 22-101)

Sec. 22-101. Metropolitan Transit Authority (CTA) Pension Fund.

(a) There shall be established and maintained by the Authority created by the "Metropolitan Transit Authority Act", approved April 12, 1945, as amended, a financially sound pension and retirement system adequate to provide for all payments when due under such established system or as modified from time to time by ordinance of the Chicago Transit Board. For this purpose, ~~both~~ the Board must make contributions to the established system as required under this Section and may make any additional contributions provided for by Board ordinance or collective bargaining agreement. The ~~and the~~ participating employees shall make such periodic payments to the established system as may be determined by Board ~~such~~ ordinance or collective bargaining agreement. The Board, in lieu of social security payments required to be paid by private corporations engaged in similar activity, shall make payments into such established system at least equal in amount to the amount so required to be paid by such private corporations.

Provisions shall be made by the Board for all Board members, officers and employees of the Authority appointed pursuant to the "Metropolitan Transit Authority Act" to become, subject to reasonable rules and regulations, members or beneficiaries of the pension or retirement system with uniform rights, privileges, obligations and status as to the class in which such officers and employees belong. The terms, conditions and provisions of any pension or retirement system or of any amendment or modification thereof affecting employees who are members of any labor organization may be established, amended or modified by agreement with such labor organization, but must be consistent with the requirements of this Section.

(b) Beginning January 1, 2009, the Authority shall make contributions to the retirement system in an amount which, together with the contributions of participants, interest earned on investments, and other income, will meet the cost of maintaining and administering the retirement plan in accordance with applicable actuarial recommendations and assumptions and the requirements of this Section. These contributions may be paid on a payroll or other periodic basis, but shall in any case be paid at least monthly.

For retirement system fiscal years 2009 through 2058, the minimum contribution to the retirement system to be made by the Authority for each fiscal year shall be an amount determined jointly by the Authority and the trustee of the retirement system to be sufficient to bring the total assets of the retirement system up to 90% of its total actuarial liabilities by the end of fiscal year 2058. In making these determinations, the required Authority contribution shall be calculated each year as a level

percentage of payroll over the years remaining to and including fiscal year 2058 and shall be determined under the projected unit credit actuarial cost method. Beginning in retirement system fiscal year 2059, the minimum Authority contribution for each fiscal year shall be the amount needed to maintain the total assets of the retirement system at 90% of the total actuarial liabilities of the system.

For purposes of determining employer contributions and actuarial liabilities under this subsection, contributions and liabilities relating to health care benefits shall not be included. As used in this Section, "retirement system fiscal year" means the calendar year, or such other plan year as may be defined from time to time in the agreement known as the Retirement Plan for Chicago Transit Authority Employees, or its successor agreement.

(c) The Authority and the trustee shall jointly certify to the Governor, the General Assembly, and the Board of the Regional Transportation Authority on or before November 15 of 2008 and of each year thereafter the amount of the required Authority contributions to the retirement system for the next retirement system fiscal year under subsection (b). The certification shall include a copy of the actuarial recommendations upon which it is based. In addition, copies of the certification shall be sent to the Commission on Government Forecasting and Accountability, the Mayor of Chicago, the Chicago City Council, and the Cook County Board.

(d) The Authority shall take all actions lawfully available to it to separate the funding of health care benefits for retirees and their dependents and survivors from the funding for its retirement system. The Authority shall endeavor to achieve this separation as soon as possible, and in any event no later than January 1, 2009.

(e) This amendatory Act of the 94th General Assembly does not affect or impair the right of either the Authority or its employees to collectively bargain the amount or level of employee contributions to the retirement system.

(40 ILCS 5/22-103 new)

Sec. 22-103. Regional Transportation Authority and related pension plans.

(a) As used in this Section:

"Affected pension plan" means a defined-benefit pension plan supported in whole or in part by employer contributions and maintained by the Regional Transportation Authority, the Suburban Bus Division, or the Commuter Rail Division, or any combination thereof, under the general authority of the Regional Transportation Authority Act, including but not limited to any such plan that has been established under or is subject to a collective bargaining agreement or is limited to employees covered by a collective bargaining agreement. "Affected pension plan" does not include any pension fund or retirement system subject to Section 22-101 of this Section.

"Authority" means the Regional Transportation Authority created under the Regional Transportation Authority Act.

"Contributing employer" means an employer that is required to make contributions to an affected pension plan under the terms of that plan.

"Funding ratio" means the ratio of an affected pension plan's assets to the present value of its actuarial liabilities, as determined at its latest actuarial valuation in accordance with applicable actuarial assumptions and recommendations.

"Under-funded pension plan" or "under-funded" means an affected pension plan that, at the time of its last actuarial valuation, has a funding ratio of less than 90%.

(b) The contributing employers of each affected pension plan have a general duty to make the required employer contributions to the affected pension plan in a timely manner in accordance with the terms of the plan. A contributing employer must make contributions to the affected pension plan as required under this subsection and, if applicable, subsection (c); a contributing employer may make any additional contributions provided for by the board of the employer or collective bargaining agreement.

(c) In the case of an affected pension plan that is under-funded on January 1, 2009 or becomes under-funded at any time after that date, the contributing employers shall contribute to the affected pension plan, in addition to all amounts otherwise required, amounts sufficient to bring the funding ratio of the affected pension plan up to 90% in accordance with an amortization schedule adopted jointly by the contributing employers and the trustee of the affected pension plan. The amortization schedule may extend for any period up to a maximum of 50 years and shall provide for additional employer contributions in substantially equal annual amounts over the selected period. If the contributing employers and the trustee of the affected pension plan do not agree on an appropriate period for the amortization schedule within 6 months of the date of determination that the plan is under-funded, then the amortization schedule shall be based on a period of 50 years.

In the case of an affected pension plan that has more than one contributing employer, each

contributing employer's share of the total additional employer contributions required under this subsection shall be determined: (i) in proportion to the amounts, if any, by which the respective contributing employers have failed to meet their contribution obligations under the terms of the affected pension plan; or (ii) if all of the contributing employers have met their contribution obligations under the terms of the affected pension plan, then in the same proportion as they are required to contribute under the terms of that plan. In the case of an affected pension plan that has only one contributing employer, that contributing employer is responsible for all of the additional employer contributions required under this subsection.

If an under-funded pension plan is determined to have achieved a funding ratio of at least 90% during the period when an amortization schedule is in force under this Section, the contributing employers and the trustee of the affected pension plan, acting jointly, may cancel the amortization schedule and the contributing employers may cease making additional contributions under this subsection for as long as the affected pension plan retains a funding ratio of at least 90%.

(d) Beginning January 1, 2009, if the Authority fails to pay to an affected pension fund within 30 days after it is due (i) any employer contribution that it is required to make as a contributing employer, (ii) any additional employer contribution that it is required to pay under subsection (c), or (iii) any payment that it is required to make under Section 4.02a or 4.02b of the Regional Transportation Authority Act, the trustee of the affected pension fund shall promptly so notify the Commission on Government Forecasting and Accountability, the Mayor of Chicago, the Governor, and the General Assembly.

(e) For purposes of determining employer contributions, assets, and actuarial liabilities under this subsection, contributions, assets, and liabilities relating to health care benefits shall not be included.

(f) This amendatory Act of the 94th General Assembly does not affect or impair the right of any contributing employer or its employees to collectively bargain the amount or level of employee contributions to an affected pension plan, to the extent that the plan includes employees subject to collective bargaining.

Section 15-10. The Regional Transportation Authority Act is amended by changing Section 4.02 and by adding Sections 4.02a and 4.02b as follows:

(70 ILCS 3615/4.02) (from Ch. 111 2/3, par. 704.02)

Sec. 4.02. Federal, State and Other Funds.

(a) The Authority shall have the power to apply for, receive and expend grants, loans or other funds from the State of Illinois or any department or agency thereof, from any unit of local government, from the federal government or any department or agency thereof, for use in connection with any of the powers or purposes of the Authority as set forth in this Act. The Authority shall have power to make such studies as may be necessary and to enter into contracts or agreements with the State of Illinois or any department or agency thereof, with any unit of local government, or with the federal government or any department or agency thereof, concerning such grants, loans or other funds, or any conditions relating thereto, including obligations to repay such funds. The Authority may make such covenants concerning such grants, loans and funds as it deems proper and necessary in carrying out its responsibilities, purposes and powers as provided in this Act.

(b) The Authority shall be the primary public body in the metropolitan region with authority to apply for and receive any grants, loans or other funds relating to public transportation programs from the State of Illinois or any department or agency thereof, or from the federal government or any department or agency thereof. Any unit of local government, Service Board or transportation agency may apply for and receive any such federal or state capital grants, loans or other funds, provided, however that a Service Board may not apply for or receive any grant or loan which is not identified in the Five-Year Program. Any Service Board, unit of local government or transportation agency shall notify the Authority prior to making any such application and shall file a copy thereof with the Authority. Nothing in this Section shall be construed to impose any limitation on the ability of the State of Illinois or any department or agency thereof, any unit of local government or Service Board or transportation agency to make any grants or to enter into any agreement or contract with the National Rail Passenger Corporation. Nor shall anything in this Section impose any limitation on the ability of any school district to apply for or receive any grant, loan or other funds for transportation of school children.

(c) The Authority shall provide to the Service Board any monies received relating to public transportation services under the jurisdiction of the Service Boards as follows:

(1) As soon as may be practicable after the Authority receives payment, under Section 4.03(m) or Section 4.03.1(d), of the proceeds of those taxes levied by the Authority, the Authority shall transfer to each Service Board the amount to which it is entitled under Section 4.01(d);

(2) The Authority by ordinance adopted by 9 of its then Directors shall establish a

formula apportioning any federal funds for operating assistance purposes the Authority receives to each Service Board. In establishing the formula, the Board shall consider, among other factors: ridership levels, the efficiency with which the service is provided, the degree of transit dependence of the area served and the cost of service. That portion of any federal funds for operating assistance received by the Authority shall be paid to each Service Board as soon as may be practicable upon their receipt provided the Authority has adopted a balanced budget as required by Section 4.01 and further provided that the Service Boards are in compliance with the requirements in Section 4.11.

(3) The Authority by ordinance adopted by 9 of its then Directors shall apportion to the Service Boards funds provided by the State of Illinois under Section 4.09 and shall make payment of said funds to each Service Board as soon as may be practicable upon their receipt provided the Authority has adopted a balanced budget as required by Section 4.01 and further provided the Service Board is in compliance with the requirements in Section 4.11.

(4) Beginning January 1, 2009, before making any payments, transfers, or expenditures under this subsection to a Service Board, the Authority must first comply with Section 4.02a or 4.02b of this Act, whichever may be applicable.

(Source: P.A. 83-885; 83-886.)

(70 ILCS 3615/4.02a new)

Sec. 4.02a. Chicago Transit Authority contributions to pension funds.

(a) The Authority shall continually review the Chicago Transit Authority's payment of the required contributions to its retirement system under Section 22-101 of the Illinois Pension Code.

(b) Beginning January 1, 2009, if at any time the Authority determines that the Chicago Transit Authority's payment of any portion of the required contributions to its retirement system under Section 22-101 of the Illinois Pension Code is more than one month overdue, it shall as soon as possible pay the amount of those overdue contributions to the trustee of the retirement system on behalf of the Chicago Transit Authority out of moneys otherwise payable to the Chicago Transit Authority under subsection (c) of Section 4.02 of this Act. The Authority shall thereafter have no liability to the Chicago Transit Authority for amounts paid to the trustee of the retirement system under this Section.

(c) Whenever the Authority acts or determines that it is required to act under subsection (b), it shall so notify the Chicago Transit Authority, the Mayor of Chicago, the Governor, and the General Assembly.

(70 ILCS 3615/4.02b new)

Sec. 4.02b. Other contributions to pension funds.

(a) The Authority shall continually review the payment of the required employer contributions to affected pension plans under Section 22-103 of the Illinois Pension Code.

(b) Beginning January 1, 2009, if at any time the Authority determines that the Commuter Rail Board's or Suburban Bus Board's payment of any portion of the required contributions to an affected pension plan under Section 22-103 of the Illinois Pension Code is more than one month overdue, it shall as soon as possible pay the amount of those overdue contributions to the trustee of the affected pension plan on behalf of that Service Board out of moneys otherwise payable to that Service Board under subsection (c) of Section 4.02 of this Act. The Authority shall thereafter have no liability to the Service Board for amounts paid to the trustee of the affected pension plan under this Section.

(c) Whenever the Authority acts or determines that it is required to act under subsection (b), it shall so notify the affected Service Board, the Mayor of Chicago, the Governor, and the General Assembly.

(d) Beginning January 1, 2009, if the Authority fails to pay to an affected pension fund within 30 days after it is due any employer contribution that it is required to make as a contributing employer under Section 22-103 of the Illinois Pension Code, it shall promptly so notify the Commission on Government Forecasting and Accountability, the Mayor of Chicago, the Governor, and the General Assembly, and it shall promptly pay the overdue amount out of the first money available to the Authority for its administrative expenses, as that term is defined in Section 4.01(c).

(30 ILCS 105/8h)

Sec. 8h. Transfers to General Revenue Fund.

(a) Except as otherwise provided in this Section and Section 8n of this Act, and subsection (b), notwithstanding any other State law to the contrary, the Governor may, through June 30, 2007, from time to time direct the State Treasurer and Comptroller to transfer a specified sum from any fund held by the State Treasurer to the General Revenue Fund in order to help defray the State's operating costs for the fiscal year. The total transfer under this Section from any fund in any fiscal year shall not exceed the lesser of (i) 8% of the revenues to be deposited into the fund during that fiscal year or (ii) an amount that leaves a remaining fund balance of 25% of the July 1 fund balance of that fiscal year. In fiscal year 2005 only, prior to calculating the July 1, 2004 final balances, the Governor may calculate and direct the State Treasurer with the Comptroller to transfer additional amounts determined by applying the formula authorized in Public Act 93-839 to the funds balances on July 1, 2003. No transfer may be made from a fund under this Section that would have the effect of reducing the available balance in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund estimated to be expended for that fiscal year.

This Section does not apply to any funds that are restricted by federal law to a specific use, to any funds in the Motor Fuel Tax Fund, the Intercity Passenger Rail Fund, the Hospital Provider Fund, the Medicaid Provider Relief Fund, the Teacher Health Insurance Security Fund, the Reviewing Court Alternative Dispute Resolution Fund, ~~or~~ the Voters' Guide Fund, the Foreign Language Interpreter Fund, the Lawyers' Assistance Program Fund, the Supreme Court Federal Projects Fund, the Supreme Court Special State Projects Fund, ~~or~~ the Low-Level Radioactive Waste Facility Development and Operation Fund, or the Hospital Basic Services Preservation Fund, or to any funds to which subsection (f) of Section 20-40 of the Nursing and Advanced Practice Nursing Act applies. No transfers may be made under this Section from the Pet Population Control Fund.

Notwithstanding any other provision of this Section, for fiscal year 2004, the total transfer under this Section from the Road Fund or the State Construction Account Fund shall not exceed the lesser of (i) 5% of the revenues to be deposited into the fund during that fiscal year or (ii) 25% of the beginning balance in the fund. For fiscal year 2005 through fiscal year 2007, no amounts may be transferred under this

[May 3, 2006]

Section from the Road Fund, the State Construction Account Fund, the Criminal Justice Information Systems Trust Fund, the Wireless Service Emergency Fund, or the Mandatory Arbitration Fund.

In determining the available balance in a fund, the Governor may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor.

(a-5) Transfers directed to be made under this Section on or before February 28, 2006 that are still pending on the effective date of this amendatory Act of the 94th General Assembly shall be redirected as provided in Section 8n of this Act.

(b) This Section does not apply to: (i) the Ticket For The Cure Fund; (ii) ~~or to~~ any fund established under the Community Senior Services and Resources Act; or (iii) ~~(ii)~~ on or after January 1, 2006 (the effective date of Public Act 94-511) ~~this amendatory Act of the 94th General Assembly~~, the Child Labor and Day and Temporary Labor Enforcement Fund.

In determining the amount of the allocation to the General Revenue Fund, the Governor ~~Director of the Governor's Office of Management and Budget~~ shall calculate whether the available resources in the fund are sufficient to satisfy the unexpended and unreserved appropriations from the fund for the fiscal year.

In calculating the available resources in a fund, the Governor ~~Director of the Governor's Office of Management and Budget~~ may include receipts, transfers into the fund, and other resources anticipated to be available in the fund in that fiscal year.

Upon determining the amount of an allocation to the General Revenue Fund under this Section, the Governor ~~Director of the Governor's Office of Management and Budget~~ may direct the State Treasurer and Comptroller to transfer the amount of that allocation from the fund in which the fee amounts have been deposited to the General Revenue Fund; provided, however, that the Governor ~~Director~~ shall not direct the transfer of any amount that would have the effect of reducing the available resources in the fund to an amount less than the amount remaining unexpended and unreserved from the total appropriation from that fund for that fiscal year.

The State Treasurer and Comptroller shall transfer the amounts designated under this Section as soon as may be practicable after receiving the direction to transfer from the Governor ~~Director of the Governor's Office of Management and Budget~~.

This Section does not apply to the Demutualization Trust Fund established under the Uniform Disposition of Unclaimed Property Act.

The recipient and the recipient's guardian or substitute decision maker shall be given the opportunity to refuse generally accepted mental health or developmental disability services, including but not limited to medication. If such services are refused, they shall not be given unless such services are necessary to prevent the recipient from causing serious and imminent physical harm to the recipient or others and no less restrictive alternative is available. If the physician determines that the recipient meets the standard for authorized involuntary treatment under Section 2-107.1, the facility director shall petition the court for authorized involuntary treatment pursuant to that Section unless the facility director states in writing in the recipient's record why the filing of such a petition is not warranted.

(1) Any person 18 years of age or older, including any guardian, may petition the circuit court for an order authorizing the administration of authorized involuntary treatment to a recipient of services. Upon receipt of the petition and notice, the party served, or the person delivering the petition and notice to the party served, shall acknowledge service. If the party sending the petition and notice does not receive acknowledgement of service within 24 hours, service must be made by personal service.

The petition may include a request that the court authorize such testing and procedures as may be essential for the safe and effective administration of the authorized involuntary treatment sought to be administered, but only where the petition sets forth the specific testing and procedures sought to be administered.

If a hearing is requested to be held immediately following the hearing on a petition for involuntary admission, then the notice requirement shall be the same as that for the hearing on the petition for involuntary admission, and the petition filed pursuant to this Section shall be filed with the petition for involuntary admission.

(2) The court shall hold a hearing within 7 days of the filing of the petition. The People, the petitioner, or the respondent shall be entitled to a continuance of up to 7 days as of right. An additional continuance of not more than 7 days may be granted to any party (i) upon a showing that the continuance is needed in order to adequately prepare for or present evidence in a hearing under this Section or (ii) under exceptional circumstances. The court may grant an additional continuance not to exceed 21 days when, in its discretion, the court determines that such a continuance is necessary in order to provide the recipient with an examination pursuant to Section 3-803 or 3-804 of this Act, to provide the recipient with a trial by jury as provided in Section 3-802 of this Act, or to arrange for the substitution of counsel as provided for by the Illinois Supreme Court Rules. The hearing shall be separate from a judicial proceeding held to determine whether a person is subject to involuntary admission but may be heard immediately preceding or following such a judicial proceeding and may be heard by the same trier of fact or law as in that judicial proceeding.

(3) Unless otherwise provided herein, the procedures set forth in Article VIII of Chapter 3 of this Act, including the provisions regarding appointment of counsel, shall govern hearings held under this subsection (a-5).

(4) Authorized involuntary treatment shall not be administered to the recipient unless it has been determined by clear and convincing evidence that all of the following factors are present. In determining whether a person meets the criteria specified in the following paragraphs (A) through (G), the court may consider evidence of the person's history of serious violence, repeated past pattern of specific behavior, actions related to the person's illness, or past outcomes of various treatment options. †

(A) That the recipient has a serious mental illness or developmental disability.

(B) That because of said mental illness or developmental disability, the recipient currently exhibits any one of the following: (i) deterioration of his or her ability to function, as compared to the recipient's ability to function prior to the current onset of symptoms of the mental illness or disability for which treatment is presently sought, (ii) suffering, or (iii) threatening behavior.

(C) That the illness or disability has existed for a period marked by the continuing presence of the symptoms set forth in item (B) of this subdivision (4) or the repeated

episodic occurrence of these symptoms.

(D) That the benefits of the treatment outweigh the harm.

(E) That the recipient lacks the capacity to make a reasoned decision about the treatment.

(F) That other less restrictive services have been explored and found inappropriate.

(G) If the petition seeks authorization for testing and other procedures, that such testing and procedures are essential for the safe and effective administration of the treatment.

(5) In no event shall an order issued under this Section be effective for more than 90

days. A second 90-day period of involuntary treatment may be authorized pursuant to a hearing that complies with the standards and procedures of this subsection (a-5). Thereafter, additional 180-day periods of involuntary treatment may be authorized pursuant to the standards and procedures of this Section without limit. If a new petition to authorize the administration of authorized involuntary treatment is filed at least 15 days prior to the expiration of the prior order, and if any continuance of the hearing is agreed to by the recipient, the administration of the treatment may continue in accordance with the prior order pending the completion of a hearing under this Section.

(6) An order issued under this subsection (a-5) shall designate the persons authorized to administer the authorized involuntary treatment under the standards and procedures of this subsection (a-5). Those persons shall have complete discretion not to administer any treatment authorized under this Section. The order shall also specify the medications and the anticipated range of dosages that have been authorized and may include a list of any alternative medications and range of dosages deemed necessary.

(b) A guardian may be authorized to consent to the administration of authorized involuntary treatment to an objecting recipient only under the standards and procedures of subsection (a-5).

(c) Notwithstanding any other provision of this Section, a guardian may consent to the administration of authorized involuntary treatment to a non-objecting recipient under Article XIa of the Probate Act of 1975.

(d) Nothing in this Section shall prevent the administration of authorized involuntary treatment to recipients in an emergency under Section 2-107 of this Act.

(e) Notwithstanding any of the provisions of this Section, authorized involuntary treatment may be administered pursuant to a power of attorney for health care under the Powers of Attorney for Health Care Law or a declaration for mental health treatment under the Mental Health Treatment Preference Declaration Act.

(f) The Department shall conduct annual trainings for clinical personnel on the appropriate use of authorized involuntary treatment, standards for its use, and the preparation of court petitions under this Section.

AMENDMENT NO. 1 TO SENATE BILL 2030

AMENDMENT NO. 1. Amend Senate Bill 2030 by replacing everything after the enacting clause with the following:

"Section 5. The Emergency Telephone System Act is amended by changing Section 15.3 as follows:
(50 ILCS 750/15.3) (from Ch. 134, par. 45.3)

Sec. 15.3. Surcharge.

(a) The corporate authorities of any municipality or any county may, subject to the limitations of subsections (c) ~~and~~ (d), ~~and~~ (h), and in addition to any tax levied pursuant to the Simplified Municipal Telecommunications Tax Act, impose a monthly surcharge on billed subscribers of network connection provided by telecommunication carriers engaged in the business of transmitting messages by means of electricity originating within the corporate limits of the municipality or county imposing the surcharge at a rate per network connection determined in accordance with subsection (c). Provided, however, that where multiple voice grade communications channels are connected between the subscriber's premises

[May 3, 2006]

and a public switched network through private branch exchange (PBX) or centrex type service, a municipality imposing a surcharge at a rate per network connection, as determined in accordance with this Act, shall impose 5 such surcharges per network connection, as determined in accordance with subsections (a) and (d) of Section 2.12 of this Act. For mobile telecommunications services, if a surcharge is imposed it shall be imposed based upon the municipality or county that encompasses the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. A municipality may enter into an intergovernmental agreement with any county in which it is partially located, when the county has adopted an ordinance to impose a surcharge as provided in subsection (c), to include that portion of the municipality lying outside the county in that county's surcharge referendum. If the county's surcharge referendum is approved, the portion of the municipality identified in the intergovernmental agreement shall automatically be disconnected from the county in which it lies and connected to the county which approved the referendum for purposes of a surcharge on telecommunications carriers.

(b) For purposes of computing the surcharge imposed by subsection (a), the network connections to which the surcharge shall apply shall be those in-service network connections, other than those network connections assigned to the municipality or county, where the service address for each such network connection or connections is located within the corporate limits of the municipality or county levying the surcharge. Except for mobile telecommunication services, the "service address" shall mean the location of the primary use of the network connection or connections. For mobile telecommunication services, "service address" means the customer's place of primary use as defined in the Mobile Telecommunications Sourcing Conformity Act. With respect to network connections provided for use with pay telephone services for which there is no billed subscriber, the telecommunications carrier providing the network connection shall be deemed to be its own billed subscriber for purposes of applying the surcharge.

(c) Upon the passage of an ordinance to impose a surcharge under this Section the clerk of the municipality or county shall certify the question of whether the surcharge may be imposed to the proper election authority who shall submit the public question to the electors of the municipality or county in accordance with the general election law; provided that such question shall not be submitted at a consolidated primary election. The public question shall be in substantially the following form:

Shall the county (or city, village or incorporated town) of impose a surcharge of up to ...¢ per month per network connection, which surcharge will be added to the monthly bill you receive for telephone or telecommunications charges, for the purpose of installing (or improving) a 9-1-1 Emergency Telephone System?	YES
-----	NO

If a majority of the votes cast upon the public question are in favor thereof, the surcharge shall be imposed.

However, if a Joint Emergency Telephone System Board is to be created pursuant to an intergovernmental agreement under Section 15.4, the ordinance to impose the surcharge shall be subject to the approval of a majority of the total number of votes cast upon the public question by the electors of all of the municipalities or counties, or combination thereof, that are parties to the intergovernmental agreement.

The referendum requirement of this subsection (c) shall not apply to any municipality with a population over 500,000 or to any county in which a proposition as to whether a sophisticated 9-1-1 Emergency Telephone System should be installed in the county, at a cost not to exceed a specified monthly amount per network connection, has previously been approved by a majority of the electors of the county voting on the proposition at an election conducted before the effective date of this amendatory Act of 1987.

(d) A county may not impose a surcharge, unless requested by a municipality, in any incorporated area which has previously approved a surcharge as provided in subsection (c) or in any incorporated area where the corporate authorities of the municipality have previously entered into a binding contract or letter of intent with a telecommunications carrier to provide sophisticated 9-1-1 service through municipal funds.

(e) A municipality or county may at any time by ordinance change the rate of the surcharge imposed

under this Section if the new rate does not exceed the rate specified in the referendum held pursuant to subsection (c).

(f) The surcharge authorized by this Section shall be collected from the subscriber by the telecommunications carrier providing the subscriber the network connection as a separately stated item on the subscriber's bill.

(g) The amount of surcharge collected by the telecommunications carrier shall be paid to the particular municipality or county or Joint Emergency Telephone System Board not later than 30 days after the surcharge is collected, net of any network or other 9-1-1 or sophisticated 9-1-1 system charges then due the particular telecommunications carrier, as shown on an itemized bill. The telecommunications carrier collecting the surcharge shall also be entitled to deduct 3% of the gross amount of surcharge collected to reimburse the telecommunications carrier for the expense of accounting and collecting the surcharge.

(h) ~~(Blank). Except as expressly provided in subsection (a) of this Section, a municipality with a population over 500,000 may not impose a monthly surcharge in excess of \$1.25 per network connection.~~

(i) Any municipality or county or joint emergency telephone system board that has imposed a surcharge pursuant to this Section prior to the effective date of this amendatory Act of 1990 shall hereafter impose the surcharge in accordance with subsection (b) of this Section.

(j) The corporate authorities of any municipality or county may issue, in accordance with Illinois law, bonds, notes or other obligations secured in whole or in part by the proceeds of the surcharge described in this Section. Notwithstanding any change in law subsequent to the issuance of any bonds, notes or other obligations secured by the surcharge, every municipality or county issuing such bonds, notes or other obligations shall be authorized to impose the surcharge as though the laws relating to the imposition of the surcharge in effect at the time of issuance of the bonds, notes or other obligations were in full force and effect until the bonds, notes or other obligations are paid in full. The State of Illinois pledges and agrees that it will not limit or alter the rights and powers vested in municipalities and counties by this Section to impose the surcharge so as to impair the terms of or affect the security for bonds, notes or other obligations secured in whole or in part with the proceeds of the surcharge described in this Section.

(k) Any surcharge collected by or imposed on a telecommunications carrier pursuant to this Section shall be held to be a special fund in trust for the municipality, county or Joint Emergency Telephone Board imposing the surcharge. Except for the 3% deduction provided in subsection (g) above, the special fund shall not be subject to the claims of creditors of the telecommunication carrier.

Section 10. The Wireless Emergency Telephone Safety Act is amended by changing Section 45 as follows:

(50 ILCS 751/45)

(Section scheduled to be repealed on April 1, 2008)

Sec. 45. Continuation of current practices. Notwithstanding any other provision of this Act, a unit of local government or emergency telephone system board providing wireless 9-1-1 service and imposing and collecting a wireless carrier surcharge prior to July 1, 1998 may continue its practices of imposing and collecting its wireless carrier surcharge, but in no event shall that monthly surcharge exceed \$2.50 ~~\$1.25~~ per commercial mobile radio service (CMRS) connection or in-service telephone number billed on a monthly basis. (a) No license shall be issued for the sale at retail of any alcoholic liquor within 100 feet of any church, school other than an institution of higher learning, hospital, home for aged or indigent persons or for veterans, their spouses or children or any military or naval station, provided, that this prohibition shall not apply to hotels offering restaurant service, regularly organized clubs, or to restaurants, food shops or other places where sale of alcoholic liquors is not the principal business carried on if the place of business so exempted is not located in a municipality of more than 500,000 persons, unless required by local ordinance; nor to the renewal of a license for the sale at retail of alcoholic liquor on premises within 100 feet of any church or school where the church or school has been established within such 100 feet since the issuance of the original license. In the case of a church, the distance of 100 feet shall be measured to the nearest part of any building used for worship services or educational programs and not to property boundaries.

(b) Nothing in this Section shall prohibit the issuance of a retail license authorizing the sale of alcoholic liquor to a restaurant, the primary business of which is the sale of goods baked on the premises if (i) the restaurant is newly constructed and located on a lot of not less than 10,000 square feet, (ii) the restaurant costs at least \$1,000,000 to construct, (iii) the licensee is the titleholder to the premises and resides on the premises, and (iv) the construction of the restaurant is completed within 18 months of the effective date of this amendatory Act of 1998.

(c) Nothing in this Section shall prohibit the issuance of a retail license authorizing the sale of alcoholic liquor incidental to a restaurant if (1) the primary business of the restaurant consists of the sale of food where the sale of liquor is incidental to the sale of food and the applicant is a completely new owner of the restaurant, (2) the immediately prior owner or operator of the premises where the restaurant is located operated the premises as a restaurant and held a valid retail license authorizing the sale of alcoholic liquor at the restaurant for at least part of the 24 months before the change of ownership, and (3) the restaurant is located 75 or more feet from a school.
