Mr. President -- I am directed to inform the Senate that the House of Representatives has concurred with the Senate in the passage of a bill of the following title, to-wit:

SENATE BILL NO. 2340

A bill for AN ACT concerning elections.

Together with the following amendment which is attached, in the adoption of which I am instructed to ask the concurrence of the Senate, to-wit:

House Amendment No. 1 to SENATE BILL NO. 2340

Passed the House, as amended, November 15, 2006.

[November 16, 2006]

AMENDMENT NO. 1 TO SENATE BILL 2340

AMENDMENT NO. 1. Amend Senate Bill 2340 by replacing everything after the enacting clause with the following:

"Section 5. The Election Code is amended by changing Section 24C-12 as follows:
(10 ILCS 5/24C-12)

Sec. 24C-12. Procedures for Counting and Tallying of Ballots. In an election jurisdiction where a Direct Recording Electronic Voting System is used, the following procedures for counting and tallying the ballots shall apply:

Before the opening of the polls, the judges of elections shall assemble the voting equipment and devices and turn the equipment on. The judges shall, if necessary, take steps to activate the voting devices and counting equipment by inserting into the equipment and voting devices appropriate data cards containing passwords and data codes that will select the proper ballot formats selected for that polling place and that will prevent inadvertent or unauthorized activation of the poll-opening function. Before voting begins and before ballots are entered into the voting devices, the judges of election shall cause to be printed a record of the following: the election's identification data, the device's unit identification, the ballot's format identification, the contents of each active candidate register by office and of each active public question register showing that they contain all zero votes, all ballot fields that can be used to invoke special voting options, and other information needed to ensure the readiness of the equipment and to accommodate administrative reporting requirements. The judges must also check to be sure that the totals are all zeros in the counting columns and in the public counter affixed to the voting devices.

After the judges have determined that a person is qualified to vote, a voting device with the proper ballot to which the voter is entitled shall be enabled to be used by the voter. The ballot may then be cast by the voter by marking by appropriate means the designated area of the ballot for the casting of a vote for any candidate or for or against any public question. The voter shall be able to vote for any and all candidates and public measures appearing on the ballot in any legal number and combination and the voter shall be able to delete, change or correct his or her selections before the ballot is cast. The voter shall be able to select candidates whose names do not appear upon the ballot for any office by entering electronically as many names of candidates as the voter is entitled to select for each office.

Upon completing his or her selection of candidates or public questions, the voter shall signify that voting has been completed by activating the appropriate button, switch or active area of the ballot screen associated with end of voting. Upon activation, the voting system shall record an image of the completed ballot, increment the proper ballot position registers, and shall signify to the voter that the ballot has been cast. Upon activation, the voting system shall also print a permanent paper record of each ballot cast as defined in Section 24C-2 of this Code. This permanent paper record shall (i) be printed in a clear, readily readable format that can be easily reviewed by the voter for completeness and accuracy and (ii) either be self-contained within the voting device or be deposited by the voter into a secure ballot box. No permanent paper record shall be removed from the polling place except by election officials as authorized by this Article. All permanent paper records shall be preserved and secured by election officials in the same manner as paper ballots and shall be available as an official record for any recount, redundant count, or verification or retabulation of the vote count conducted with respect to any election in which the voting system is used. The voter shall exit the voting station and the voting system shall prevent any further attempt to vote until it has been properly re-activated. If a voting device has been enabled for voting but the voter leaves the polling place without casting a ballot, 2 judges of election, one from each of the 2 major political parties, shall spoil the ballot.

Throughout the election day and before the closing of the polls, no person may check any vote totals for any candidate or public question on the voting or counting equipment. Such equipment shall be programmed so that no person may reset the equipment for reentry of ballots unless provided the proper code from an authorized representative of the election authority.

The precinct judges of election shall check the public register to determine whether the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the applications for ballot. If the same do not agree, the judges of election shall immediately contact the offices of the election authority in charge of the election for further instructions. If the number of ballots counted by the voting equipment agrees with the number of voters voting as shown by the application for ballot, the number shall be listed on the "Statement of Ballots" form provided by the election authority.

[November 16, 2006]

Except as otherwise provided in this Section, the ~~The~~ totals for all candidates and propositions shall be tabulated; and 4 copies of a "Certificate of Results" shall be printed by the automatic tabulating equipment; one copy shall be posted in a conspicuous place inside the polling place; and every effort shall be made by the judges of election to provide a copy for each authorized pollwatcher or other official authorized to be present in the polling place to observe the counting of ballots; but in no case shall the number of copies to be made available to pollwatchers be fewer than 4, chosen by lot by the judges of election. In addition, sufficient time shall be provided by the judges of election to the pollwatchers to allow them to copy information from the copy which has been posted.

Until December 31, 2007, in elections at which fractional cumulative votes are cast for candidates, the tabulation of those fractional cumulative votes may be made by the election authority at its central office location, and 4 copies of a "Certificate of Results" shall be printed by the automatic tabulation equipment and shall be posted in 4 conspicuous places at the central office location where those fractional cumulative votes have been tabulated.

If instructed by the election authority, the judges of election shall cause the tabulated returns to be transmitted electronically to the offices of the election authority via modem or other electronic medium.

The precinct judges of election shall select a bi-partisan team of 2 judges, who shall immediately return the ballots in a sealed container, along with all other election materials and equipment as instructed by the election authority; provided, however, that such container must first be sealed by the election judges with filament tape or other approved sealing devices provided for the purpose in a manner that the ballots cannot be removed from the container without breaking the seal or filament tape and disturbing any signatures affixed by the election judges to the container. The election authority shall keep the office of the election authority, or any receiving stations designated by the authority, open for at least 12 consecutive hours after the polls close or until the ballots and election material and equipment from all precincts within the jurisdiction of the election authority have been returned to the election authority. Ballots and election materials and equipment returned to the office of the election authority which are not signed and sealed as required by law shall not be accepted by the election authority until the judges returning the ballots make and sign the necessary corrections. Upon acceptance of the ballots and election materials and equipment by the election authority, the judges returning the ballots shall take a receipt signed by the election authority and stamped with the time and date of the return. The election judges whose duty it is to return any ballots and election materials and equipment as provided shall, in the event the ballots, materials or equipment cannot be found when needed, on proper request, produce the receipt which they are to take as above provided.

A message from the House by
Mr. Mahoney, Clerk:

Mr. President -- I am directed to inform the Senate that the House of Representatives has adopted the following joint resolution, in the adoption of which I am instructed to ask the concurrence of the Senate, to-wit:

HOUSE JOINT RESOLUTION NO. 142

WHEREAS, The Cherokee Indians were once a great tribe living in and around the Great Smoky Mountains; they were probably the most civilized tribe in America with well established churches and schools; they are credited with an independent development of the log cabin; the Cherokees had their own recorded code of tribal laws with elected officials to govern them; they adopted the white man's ways and Christianity and were skilled at farming and cattle raising; and

WHEREAS, With the discovery of gold on Cherokee lands, a movement that had been gathering since about 1802 for the removal of all Indians to reservations began in earnest; the Georgia legislature passed a law that "no Indian or descendants of an Indian shall be deemed a competent witness in any case in court to which a white person may be a party"; other states containing Cherokee lands adopted similar laws; and

WHEREAS, Many Cherokees were given whiskey by whites, who took advantage of their drunkenness and bribed the Indians out of their land holdings with paltry sums of money and empty promises; about 2,000 moved west through this trickery; some 15,000 were not fooled by these methods and were forced to walk the "Trail of Tears", as it became known for its many hardships and sorrows it brought to their people; and

WHEREAS, President Andrew Jackson gave his full support to the removal of the Cherokees from their land; an armed force of 7,000 made up of militia, regular army, and volunteers under General Winfield Scott forced the remaining 15,000 Cherokees from their homes in the Great Smoky Mountains and removed them to stockades at the U.S. Indian Agency near Charleston, Tennessee; their homes were burned and their property destroyed and plundered; farms belonging to the Cherokees for generations were won by white settlers in a lottery; and

WHEREAS, The march of 1,000 miles began in the winter of 1838; carrying only a few light blankets and wearing scant clothing with daily rations of only salt pork and corn meal, many sickened and died along the way; medical care was nearly non-existent; only the very old, sick, and small children could be carried in wagons or ride on horseback; over 8,000 were on foot, most without shoes or moccasins; they crossed Tennessee and Kentucky; about the 3rd of December, 1838, they arrived in Southern Illinois at Golconda; and

WHEREAS, To reach Golconda from Kentucky, the Cherokee had to cross the Ohio River; they were forced to pay \$1 a head for a ferry passage on "Berry's Ferry" operating out of Golconda, which was rather exorbitant because it normally cost only 12 and half cents for a Conestoga wagon and all you could carry; "Berry's Ferry" made over \$10,000 that winter out of the pockets of the starving Cherokees; they were not allowed passage until the ferry had serviced all others wishing to cross and were forced to take shelter under "Mantle Rock," a shelter bluff on the Kentucky side, until "Berry had nothing better to do"; many died huddled together at Mantle Rock waiting to cross; and

WHEREAS, Many contagious diseases spread among the tribe during their journey - cholera, whooping cough, and small pox; the Cherokee were given used blankets from a hospital in Tennessee where an epidemic of small pox had broken out; because of the diseases, the Indians were not allowed to go into any towns or villages along the way; many times this meant traveling much farther to go around them; one family in Golconda had compassion on them, however, and shared their pumpkin crop with the Cherokee; and

[November 16, 2006]

WHEREAS, While staying near Golconda, several Cherokee were murdered by locals; the killers filed a lawsuit against the U.S. Government through the courthouse in Vienna, suing the government for \$35 a head to bury the murdered Cherokee; they lost their suit and the bodies were thrown in shallow, unmarked graves near Brownfield where a monument to the Trail of Tears now stands; and

WHEREAS, The Cherokee marched on through Southern Illinois; their trail, which follows the course of what is now Illinois Route 146, is marked by crude camps from Golconda through Dixon Springs, Wartrace, Vienna, Mt. Pleasant, and Jonesboro to the Dutch Creek Crossing; about December 15, 1838, they were forced to spend the winter in the area of what is now the Trail of Tears State Forest; floating ice on the Mississippi River made it impossible to cross; many died there during the long, cold winter; Some were sold into slavery and a few escaped; and

WHEREAS, Those who escaped the march hid in the hills; some eventually returned to their land in the Smoky Mountains and their descendents live to this day in and around Cherokee, North Carolina; annually they re-enact the tragic events of that winter and their forced march in a play called "Unto These Hills"; at least 4,000 Cherokee Indians died that winter along with the pride of a nation that may never be restored; and

WHEREAS, Illinois Route 146 has not previously been officially designated by the State of Illinois as a historic route of the Trail of Tears; therefore, be it

RESOLVED, BY THE HOUSE OF REPRESENTATIVES OF THE NINETY-FOURTH GENERAL ASSEMBLY OF THE STATE OF ILLINOIS, THE SENATE CONCURRING HEREIN, that Illinois Route 146 is officially designated a historic highway and a route of the Trail of Tears; and be it further

RESOLVED, That the Illinois Department of Transportation is requested to erect at suitable locations, consistent with State regulations, appropriate plaques or signs giving notice of the designation; and be it further

RESOLVED, That suitable copies of this resolution be presented to the Secretary of the Illinois Department of Transportation and to Dr. K. Andrew West, president of the Trail of Tears Association, Illinois Chapter.

Senator Crotty offered the following amendment and moved its adoption:

AMENDMENT NO. 1 TO SENATE BILL 863

AMENDMENT NO. 1. Amend Senate Bill 863 by replacing everything after the enacting clause with the following:

"Section 5. The School Code is amended by changing Section 19-1 as follows:
(105 ILCS 5/19-1) (from Ch. 122, par. 19-1)

Sec. 19-1. Debt limitations of school districts.

(a) School districts shall not be subject to the provisions limiting their indebtedness prescribed in "An Act to limit the indebtedness of counties having a population of less than 500,000 and townships, school districts and other municipal corporations having a population of less than 300,000", approved February 15, 1928, as amended.

No school districts maintaining grades K through 8 or 9 through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 6.9% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1,

[November 16, 2006]

1979, previous to the incurring of such indebtedness.

No school districts maintaining grades K through 12 shall become indebted in any manner or for any purpose to an amount, including existing indebtedness, in the aggregate exceeding 13.8% on the value of the taxable property therein to be ascertained by the last assessment for State and county taxes or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979, previous to the incurring of such indebtedness.

No partial elementary unit district, as defined in Article 11E of this Code, shall become indebted in any manner or for any purpose in an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, plus an amount, including existing indebtedness, in the aggregate exceeding 6.9% of the value of the taxable property of that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes. Moreover, no partial elementary unit district, as defined in Article 11E of this Code, shall become indebted on account of bonds issued by the district for high school purposes in the aggregate exceeding 6.9% of the value of the taxable property of the entire district, to be ascertained by the last assessment for State and county taxes, nor shall the district become indebted on account of bonds issued by the district for elementary purposes in the aggregate exceeding 6.9% of the value of the taxable property for that portion of the district included in the elementary and high school classification, to be ascertained by the last assessment for State and county taxes.

Notwithstanding the provisions of any other law to the contrary, in any case in which the voters of a school district have approved a proposition for the issuance of bonds of such school district at an election held prior to January 1, 1979, and all of the bonds approved at such election have not been issued, the debt limitation applicable to such school district during the calendar year 1979 shall be computed by multiplying the value of taxable property therein, including personal property, as ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness, by the percentage limitation applicable to such school district under the provisions of this subsection (a).

(b) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, additional indebtedness may be incurred in an amount not to exceed the estimated cost of acquiring or improving school sites or constructing and equipping additional building facilities under the following conditions:

(1) Whenever the enrollment of students for the next school year is estimated by the board of education to increase over the actual present enrollment by not less than 35% or by not less than 200 students or the actual present enrollment of students has increased over the previous school year by not less than 35% or by not less than 200 students and the board of education determines that additional school sites or building facilities are required as a result of such increase in enrollment; and

(2) When the Regional Superintendent of Schools having jurisdiction over the school district and the State Superintendent of Education concur in such enrollment projection or increase and approve the need for such additional school sites or building facilities and the estimated cost thereof; and

(3) When the voters in the school district approve a proposition for the issuance of bonds for the purpose of acquiring or improving such needed school sites or constructing and equipping such needed additional building facilities at an election called and held for that purpose. Notice of such an election shall state that the amount of indebtedness proposed to be incurred would exceed the debt limitation otherwise applicable to the school district. The ballot for such proposition shall state what percentage of the equalized assessed valuation will be outstanding in bonds if the proposed issuance of bonds is approved by the voters; or

(4) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if the school board determines that additional facilities are needed to provide a quality educational program and not less than 2/3 of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the school district may issue bonds for this purpose; or

(5) Notwithstanding the provisions of paragraphs (1) through (3) of this subsection (b), if (i) the school district has previously availed itself of the provisions of paragraph (4) of this subsection (b) to enable it to issue bonds, (ii) the voters of the school district have not defeated a proposition for the issuance of bonds since the referendum described in paragraph (4) of this subsection (b) was held, (iii) the school board determines that additional facilities are needed to provide a quality educational program, and (iv) a majority of those voting in an election called by the school board on the question approve the issuance of bonds for the construction of such facilities, the

school district may issue bonds for this purpose.

In no event shall the indebtedness incurred pursuant to this subsection (b) and the existing indebtedness of the school district exceed 15% of the value of the taxable property therein to be ascertained by the last assessment for State and county taxes, previous to the incurring of such indebtedness or, until January 1, 1983, if greater, the sum that is produced by multiplying the school district's 1978 equalized assessed valuation by the debt limitation percentage in effect on January 1, 1979.

The indebtedness provided for by this subsection (b) shall be in addition to and in excess of any other debt limitation.

(c) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, in any case in which a public question for the issuance of bonds of a proposed school district maintaining grades kindergarten through 12 received at least 60% of the valid ballots cast on the question at an election held on or prior to November 8, 1994, and in which the bonds approved at such election have not been issued, the school district pursuant to the requirements of Section 11A-10 (now repealed) may issue the total amount of bonds approved at such election for the purpose stated in the question.

(d) Notwithstanding the debt limitation prescribed in subsection (a) of this Section, a school district that meets all the criteria set forth in paragraphs (1) and (2) of this subsection (d) may incur an additional indebtedness in an amount not to exceed \$4,500,000, even though the amount of the additional indebtedness authorized by this subsection (d), when incurred and added to the aggregate amount of indebtedness of the district existing immediately prior to the district incurring the additional indebtedness authorized by this subsection (d), causes the aggregate indebtedness of the district to exceed the debt limitation otherwise applicable to that district under subsection (a):

(1) The additional indebtedness authorized by this subsection (d) is incurred by the school district through the issuance of bonds under and in accordance with Section 17-2.11a for the purpose of replacing a school building which, because of mine subsidence damage, has been closed as provided in paragraph (2) of this subsection (d) or through the issuance of bonds under and in accordance with Section 19-3 for the purpose of increasing the size of, or providing for additional functions in, such replacement school buildings, or both such purposes.

(2) The bonds issued by the school district as provided in paragraph (1) above are issued for the purposes of construction by the school district of a new school building pursuant to Section 17-2.11, to replace an existing school building that, because of mine subsidence damage, is closed as of the end of the 1992-93 school year pursuant to action of the regional superintendent of schools of the educational service region in which the district is located under Section 3-14.22 or are issued for the purpose of increasing the size of, or providing for additional functions in, the new school building being constructed to replace a school building closed as the result of mine subsidence damage, or both such purposes.

(e) (Blank).

(f) Notwithstanding the provisions of subsection (a) of this Section or of any other law, bonds in not to exceed the aggregate amount of \$5,500,000 and issued by a school district meeting the following criteria shall not be considered indebtedness for purposes of any statutory limitation and may be issued in an amount or amounts, including existing indebtedness, in excess of any heretofore or hereafter imposed statutory limitation as to indebtedness:

(1) At the time of the sale of such bonds, the board of education of the district shall have determined by resolution that the enrollment of students in the district is projected to increase by not less than 7% during each of the next succeeding 2 school years.

(2) The board of education shall also determine by resolution that the improvements to be financed with the proceeds of the bonds are needed because of the projected enrollment increases.

(3) The board of education shall also determine by resolution that the projected increases in enrollment are the result of improvements made or expected to be made to passenger rail facilities located in the school district.

Notwithstanding the provisions of subsection (a) of this Section or of any other law, a school district that has availed itself of the provisions of this subsection (f) prior to July 22, 2004 (the effective date of Public Act 93-799) may also issue bonds approved by referendum up to an amount, including existing indebtedness, not exceeding 25% of the equalized assessed value of the taxable property in the district if all of the conditions set forth in items (1), (2), and (3) of this subsection (f) are met.

(g) Notwithstanding the provisions of subsection (a) of this Section or any other law, bonds in not to exceed an aggregate amount of 25% of the equalized assessed value of the taxable property of a school district and issued by a school district meeting the criteria in paragraphs (i) through (iv) of this subsection shall not be considered indebtedness for purposes of any statutory limitation and may be

issued pursuant to resolution of the school board in an amount or amounts, including existing indebtedness, in excess of any statutory limitation of indebtedness heretofore or hereafter imposed:

- (i) The bonds are issued for the purpose of constructing a new high school building to replace two adjacent existing buildings which together house a single high school, each of which is more than 65 years old, and which together are located on more than 10 acres and less than 11 acres of property.
- (ii) At the time the resolution authorizing the issuance of the bonds is adopted, the cost of constructing a new school building to replace the existing school building is less than 60% of the cost of repairing the existing school building.
- (iii) The sale of the bonds occurs before July 1, 1997.
- (iv) The school district issuing the bonds is a unit school district located in a county of less than 70,000 and more than 50,000 inhabitants, which has an average daily attendance of less than 1,500 and an equalized assessed valuation of less than \$29,000,000.
- (h) Notwithstanding any other provisions of this Section or the provisions of any other law, until January 1, 1998, a community unit school district maintaining grades K through 12 may issue bonds up to an amount, including existing indebtedness, not exceeding 27.6% of the equalized assessed value of the taxable property in the district, if all of the following conditions are met:

On motion of Senator Martinez, **Senate Bill No. 947** was recalled from the order of third reading to the order of second reading.

Senator Martinez offered the following amendment:

AMENDMENT NO. 1 TO SENATE BILL 947

AMENDMENT NO. 1. Amend Senate Bill 947 by replacing everything after the enacting clause with the following:

"Section 5. The Liquor Control Act of 1934 is amended by changing Section 6-11 as follows:
(235 ILCS 5/6-11) (from Ch. 43, par. 127)

Sec. 6-11. Sale near churches, schools, and hospitals.

(a) No license shall be issued for the sale at retail of any alcoholic liquor within 100 feet of any church, school other than an institution of higher learning, hospital, home for aged or indigent persons or for veterans, their spouses or children or any military or naval station, provided, that this prohibition shall not apply to hotels offering restaurant service, regularly organized clubs, or to restaurants, food shops or other places where sale of alcoholic liquors is not the principal business carried on if the place of business so exempted is not located in a municipality of more than 500,000 persons, unless required by local ordinance; nor to the renewal of a license for the sale at retail of alcoholic liquor on premises within 100 feet of any church or school where the church or school has been established within such 100 feet since the issuance of the original license. In the case of a church, the distance of 100 feet shall be measured to the nearest part of any building used for worship services or educational programs and not to property boundaries.

(b) Nothing in this Section shall prohibit the issuance of a retail license authorizing the sale of alcoholic liquor to a restaurant, the primary business of which is the sale of goods baked on the premises if (i) the restaurant is newly constructed and located on a lot of not less than 10,000 square feet, (ii) the restaurant costs at least \$1,000,000 to construct, (iii) the licensee is the titleholder to the premises and resides on the premises, and (iv) the construction of the restaurant is completed within 18 months of the effective date of this amendatory Act of 1998.

(c) Nothing in this Section shall prohibit the issuance of a retail license authorizing the sale of alcoholic liquor incidental to a restaurant if (1) the primary business of the restaurant consists of the sale of food where the sale of liquor is incidental to the sale of food and the applicant is a completely new owner of the restaurant, (2) the immediately prior owner or operator of the premises where the restaurant is located operated the premises as a restaurant and held a valid retail license authorizing the sale of alcoholic liquor at the restaurant for at least part of the 24 months before the change of ownership, and (3) the restaurant is located 75 or more feet from a school.

(d) In the interest of further developing Illinois' economy in the area of commerce, tourism, convention, and banquet business, nothing in this Section shall prohibit issuance of a retail license authorizing the sale of alcoholic beverages to a restaurant, banquet facility, grocery store, or hotel having not fewer than 150 guest room accommodations located in a municipality of more than 500,000 persons,

[November 16, 2006]

notwithstanding the proximity of such hotel, restaurant, banquet facility, or grocery store to any church or school, if the licensed premises described on the license are located within an enclosed mall or building of a height of at least 6 stories, or 60 feet in the case of a building that has been registered as a national landmark, or in a grocery store having a minimum of 56,010 square feet of floor space in a single story building in an open mall of at least 3.96 acres that is adjacent to a public school that opened as a boys technical high school in 1934, or in a grocery store having a minimum of 31,000 square feet of floor space in a single story building located a distance of more than 90 feet but less than 100 feet from a high school that opened in 1928 as a junior high school and became a senior high school in 1933, and in each of these cases if the sale of alcoholic liquors is not the principal business carried on by the licensee.

For purposes of this Section, a "banquet facility" is any part of a building that caters to private parties and where the sale of alcoholic liquors is not the principal business.
