Yes, thank you, very much, Mr. President and fellow Senators. Essentially what the amendment the committee offers does, it ties the bill down to correct a situation where we have the allied agencies in our Senate districts, that is Senator Luft's and my own, to permit these kinds of boards to own property and this would not jeopardize certain Federal Grants. The amendment ties it down to only that particular authority. They still are under and subject to the appropriate county authorities. In this case, the county board which

would still be passing on their budget and they still would have to look to a...a higher authority. Answer any questions. Otherwise, urge its adoption.
