PRESIDENT ROCK:

Consent Calendar. All right. Ladies and Gentlemen, there's been a request to go to the Order of House Bills 3rd Reading. So when we begin, we will begin on Page 9, on the Order of House Bills 3rd Reading to take up House Bill 3-0-2-8 - 3-0-2-8 - at the request of Senators Carroll and Weaver. So I'd ask all the Members who are in their offices to please join us on the Floor, as we will begin with House Bills on 3rd Reading for final action on House Bill 3-0-2-8. In the meantime, the Chair is prepared to welcome a very special guest. ...(machine cutoff)... And I will yield, for that purpose, to Senator Ken Hall. Senator.

SENATOR HALL:

Thank you, Mr. President. Ladies and Gentlemen of the Senate, we're indeed honored today for having this lovely young lady and her family, and they're happen to be from the 57th District, a city called Dupo, Illinois, which is in my district, and I'm indeed honored that she is -- she is a Miss Illinois, U.S.A. pageant. Would you please give a warm hand to Miss Tracy Bollinger -- no -- that's JoAnn -- it's Terri, isn't it -- Terri Bollinger. Come right up, Terri.

MISS TERRI BOLLINGER:

SENATOR HALL:

I want -- I certainly want to thank President Rock and the Members of the Senate, and this says House Joint -- Senate Joint Resolution, and it's got to go over to the House. So again, thanks.

PRESIDENT ROCK:

Senator Geo-Karis, for what purpose do you arise?

SENATOR GEO-KARIS:

Mr. President, on a point of personal privilege.

PRESIDENT ROCK:

State your point, please.

SENATOR GEO-KARIS:

Mr. President, Ladies and Gentlemen of the Senate, sitting up in the gallery, up there -- upstairs in the Democrat side of this hall, are three of my constituents: Maynard Deedon, know as "Skip Deedon," his son, Barry, and Jasmine Whitmore. Jasmine is from Wadsworth, Illinois, and Maynard Deedon and his son, Barry Deedon, are from Zion, Illinois, and we want to welcome them here today.

PRESIDENT ROCK:

Will our guests please stand and be recognized. Welcome to Springfield. Senator Keats, for what purpose do you arise, sir?

SENATOR KEATS:

Thank you, Mr. President. One of our fine Illinois companies, which happens to be headquartered in my district - Nutrasweet - has a little reception for all of us out in the rotunda. They have a new fat substitute. Now, a man as trim as the Senate President, who's lost such weight - you needn't worry about this, Phil - but the rest of us who are worried, they have -- it's a

special new concept, lowers the fat content, and it -- stuff's really great, and if you'd like to try it, it's right in the rotunda, and you are welcome to come out and try the various products they have.

PRESIDENT ROCK:

All right. With leave of the Body, Ladies and Gentlemen, we'll move to the Order of House Bills 3rd Reading. If you turn to Page 9 in your Calendar. Top of Page 9. On the Order of House Bills 3rd Reading is House Bill 3028. Read the bill, Madam Secretary, please.

SECRETARY HAWKER:

House Bill 3028.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDENT ROCK:

Senator Carroll.

SENATOR CARROLL:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. House Bill 3-0-2-8, in its current form, does two things: one is it clarifies that we will be using General Revenue Funds to pay for the State fairs, instead of the Agricultural Premium Fund, so that we do not have to continue those transfers every year, and secondly, by the amendment we adopted yesterday, it guarantees that the thirty-six million dollars of excess funds that are sitting in the Road Fund, will, in fact, be paid back within three years from today. We will be borrowing it this year. We shall voluntarily pay some back next year, and if we do not, the Comptroller will take one-twelfth of whatever remains unpaid and take it from General Revenue and put it back into the Road Fund the third year. The Secretary of Transportation, in his testimony yesterday, though he is not enamored or in love with that which we are doing, did indicate from a cash flow basis, that this did no

86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

risk at all to the cash spending plan of the Highway Program of Illinois, and in fact will not in any way impair or impact any road, bridge, airport or anything else the Department is doing. With this guarantee that the funds we are using that are currently sitting in a bank, can be used to maintain a balanced budget for needed programs and paid back before the Road Fund needs them, I would urge a favorable roll call on House Bill 3028.

PRESIDENT ROCK:

Discussion? Senator Etheredge.

SENATOR ETHEREDGE:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I rise in support of this legislation. As Senator Carroll has just indicated, the second part of this bill is -- forms an integral part of the bipartisan Senate budget plan. So it -- it is very -- what we're doing is a setting, in our Statutes, the repayment plan from General Revenue back to Road Fund, and I would urge an Aye vote.

PRESIDENT ROCK:

Further discussion? Any further discussion? If I can have your attention, Ladies and Gentlemen. WAND-TV, WCIA-TV, WHOI-Channel 19 in Peoria, WMAQ-TV from Chicago, have all requested permission to videotape the proceedings. Without objection, leave is granted. Is there any further discussion? Further discussion? If not, the question is, shall House Bill 3028 pass. Those in favor will vote Aye. Opposed will vote Nay, and the voting is open. Have all voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 55 Ayes, 1 Nay, 1 voting Present. House Bill 3028, having received the required constitutional majority, is declared passed. ...(machine cutoff)... have your attention. We'll turn to Page 19 on the Calendar. Page 19 on the Calendar. SENATOR T. DUNN:

Thank you, Mr. President. I would just like to correct the record and report that I inadvertently hit the wrong button on 3208 <sic> and I meant to vote Yes.

PRESIDENT ROCK:

The record will so reflect. Senator Geo-Karis, for what purpose do you arise?

SENATOR GEO-KARIS:

Mr. President and Ladies and Gentlemen of the Senate, there will be a Republican Caucus immediately after this morning's Session.

PRESIDENT ROCK:

All right. That request is in order. Senator Vadalabene.

SENATOR VADALABENE:

Thank you, Mr. President. There'll be a Democratic Caucus in Room 212 immediately.

SENATOR SEVERNS:

Thank you, Mr. President. I would like to move to suspend the rules for immediate consideration and adoption of Senate Resolution 1216. It is a congratulatory resolution and I have Barbara Ginter Mendenhall here today to accept the resolution.

PRESIDENT ROCK:

All right. Senator Severns has moved to suspend the rules for the immediate consideration and adoption of Senate Resolution 1216. All in favor of the Motion to Suspend, indicate by saying Aye. SENATOR SEVERNS:

Thank you, Mr. President and Members of the Senate. This resolution today is given to Barbara Mendenhall, who -- who has worked for the State of Illinois as a social worker trainee for the last twenty years and she has represented what I believe to be the finest example of public service, and for that reason, I'm

SENATOR KELLY:

Thank you, Mr. President and Members of the Senate. This resolution would recognize the overpass in the Village of Hazel Crest of 294, and it would become the former Mayor of Hazel Crest, Patrick O'Block Overpass, and it requests that the Village of Hazel Crest designate this as the Patrick O'Block. He was very instrumental and was a key figure in getting these federal funds and going to Washington, and he was certainly a respected Mayor of this city, and I would appreciate very much support of the Senate on this resolution.

savings and loans attempting to meet the new Financial Institutions Reform and Recovery Act requirements. This assistance would be given only if it would be less costly than the seizure of institutions that are, indeed, well managed. The Office of Thrift Supervision, the FDIC and the RTC Oversight Board are asked to provide Illinois S & Ls, which are threatened with seizure, an opportunity to qualify for open thrift assistance before a takeover is attempted by the Federal Government. This has no cost to the State, and I -- I would like to emphasize that. In fact, we will probably save money because Illinois has, at present, two hundred and forty-three S & Ls with total assets in excess of sixty billion dollars, twenty thousand employees, and combined net profits of sixteen million. For the sixth consecutive year our S & Ls have been very, very profitable. They've had their most profitable year, and now they wait in threat of seizure. It just costs us more in federal dollars. This could save them and make Illinois' thrifts stronger, so I would ask your support.

SENATOR PHILIP:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. I'm -- I'm kind of confused myself. Senator Savickas asked me to handle that bill <sic>. I did. We put an amendment on it, if I remember correctly, cutting the membership from eighteen to fifteen, and it's simply a Statewide commission to -- to come back and make recommendations to the General Assembly in regards to the towing problems, and I think it's a good idea, and I think we ought to support it, quite frankly.

law, the Compensation Review Board, having heard public testimony and considered -- made some recommendations concerning the base compensation of all State employees, including the hundred and sixty-five or so that are State officers and Constitutional Officers, the entire Judiciary, and of course, the General Assembly. Senate Joint Resolution 192 is, I think, a reasonable response to the recommendations of the Compensation Review Board, and what it says, essentially, is that the increased compensation that was recommended for State officers pursuant to the Compensation Review Act, dated April 25, 1990, be reduced to zero. We are recommending, although the Compensation Review Board, in my judgment, made quite a compelling case for increased compensation for the Constitutional Officers, the State Cabinet and Code Department Directors, the members of the Judiciary and the Members of the Assembly -- although, in my judgment, they made a compelling case for increased compensation, recognizing that we are indeed in tight fiscal straits in this State, this recommendation contained in Senate Joint Resolution 192 would reduce to zero percent those proposed recommended increases, and would further approve the recommendation for annual increases as set forth in the report. That report sets forth -- it is recommended that all salaries of public officials on July 1, 1991, and July 1 of each year thereafter, receive a cost-of-living adjustment. By the lesser of a cost-of-living index to be determined, or five percent of the current salary, and the cost-of-living index is the one that's used by the United States Department of Labor, which, in fact, I'm told, last year amounted -- was in the amount of some 3.7 percent. That index was adopted, the report says, because it is one of the most conservative of available indexes. I think the Compensation Review Board report deserves our reaction, our recommendation, because essentially, the bedrock philosophy of the Compensation Review Board was that a

86th GENERAL ASSEMBLY
REGULAR SESSION

policy of fairness is also good fiscal management, as this is literally the only way the State can attract and retain qualified personnel. I think Senate Joint Resolution 192 represents a reasonable response. It will put into place a cost-of-living adjustment for all State employees and for the Judiciary, and I think it's long overdue, and I would urge an Aye vote for the adoption of Senate Joint Resolution 192.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Senator Rock has -- has moved the adoption of Senate Joint Resolution 192. Is there discussion? Senator Davidson.

SENATOR DAVIDSON:

First, I'd like to ask a procedural question, then I'd like to speak in opposition. First, my understanding is, since I yield my time, that time on the agenda at this time, we'll come right back to Senate Bill -- Senate Joint Resolution 164 as soon as we get done -- the vote on this resolution?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Well, the -- the motion was that we would have the leave to go to this Order of business expressly for this purpose. It is -- it is indicated to the Chair that we wish to go right back to your resolution as soon as -- soon as we're finished, if that's still your intention. Senator Davidson.

SENATOR DAVIDSON:

That's still my intention, and I'm glad we got that point cleared up. Ladies and Gentlemen of the Senate, I'd like to speak in opposition to this. As -- we all well know that we're all citizen legislators, by the constitution, and the more you raise the pay under whatever guise you want to call it, the less chance we have as citizen legislators. I know some of you are full-time legislators, quote, which is a poor term, in my knowledge, because whether you -- have another occupation, such as President Rock and

STATE OF ILLINOIS
86th GENERAL ASSEMBLY

I and other people, or whether you don't, you're actually on full-time legislators. I know my patients feel like when they come in to see me with one of their physical ailments, it's their opportunity to bang my ear - whatever they may feel about something we're considering or not considering - and since they are from Public Aid recipients to multimillionaires, I have a cross section of the public, which maybe some of you are not exposed to. I think this is a bad idea, and I would urge all of you to vote No.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Hall.

SENATOR HALL:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. I've been around here almost twenty-six years. I am -- or twenty-four. It's been so long I've forgotten, almost. And when I think that what legislators do today, when you think that here we are - I've seen the budget of the State of Illinois go from almost - a little better than five billion for two years, to twenty-six billion for -- for one year, and I can well remember when -- when Senator Vadalabene and -- that -- our minority leader and -- who else came? You came? Where is he? He's not here now, but Frank Savickas and all of us -- and when you think of the time, the largest business in this State is the State. It's ridiculous to say that you don't feel that you should be able to get a cost-of-living pay. When you think that what the Board had recommended, I think was really too large to accept at this time, or to make an effort. I -- I feel that we're so underpaid, and you know that everybody looks at this to say, "What do legislators do?" Legislators give of their time, and really everybody makes the legislators look like, "Oh, you're a legislator," or "Oh, you're a politician." I want you to know, the politician is the highest office in the land. You're not legally born unless a

STATE OF ILLINOIS
86th GENERAL ASSEMBLY

politician fills out a birth certificate for you. And you're not legally dead unless a politician fill out a death certificate for you. And to come along to say that you want to reject? Simply, here is a chiropractor doing other work, everything, and here he is to get up to say "This is a terrible way to go." Well, I think it's terrible if you sit here and don't feel that you deserve another cost of living. Unbelievable. It's just something that I can't see, so I would -- I strongly support this resolution, and I recommend the President for making an effort to -- to do this. What happens is that -- I have never criticized other people if they're double-dippers, or whatever they say. All that I know, I've been here all these years, and after over twenty-four years, I'm still trying to get just a little bit over thirty thousand dollars a year. It's unbelievable, and I think everybody should think in consideration of your fellow people here on this Floor who don't make the money you make. Yet the cost of living has gone up. This is a worthwhile thing to consider. I urge an affirmative vote for this resolution.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator Rock may close.

SENATOR ROCK:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. Again, I think it's fundamental fairness. It's something that's long overdue. We are dealing with the Executive Branch, the entire Judiciary, and yes, indeed, ourselves, but the fact of the matter is, if we are to attract and retain good people, they are entitled to adequate compensation. I would urge an Aye vote for Senate Joint Resolution 192.

SECRETARY HAWKER:

Senate Joint Resolution 164.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Davidson.

SENATOR DAVIDSON:

Mr. President and Members of the Senate, Senate Joint Resolution 164 gives you an opportunity to do the right thing. This calls for the rejection of the Compensation Review Board's recommendation. It calls for the rejection of the fourteen percent -- or fourteen and a half percent salary increase for all the people enumerated or offices enumerated therein, as well as for a cost of living. I think -- could I have a little attention, Mr. President?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Ladies and Gentlemen -- Ladies and Gentlemen, if we could have some order, please. Take our conferences off the Floor. Senator Davidson.

SENATOR DAVIDSON:

Mr. President, this is an -- ill-advised, ill-timed. Here we are at a very budget-crunching time in the fiscal status of the State of Illinois. The approp commission in bipartisanship has just had to reduce the -- the Illinois budget by half a billion dollars to try to work out some scheme of financing for education, mental health, public aid, et cetera. Here you are wanting to raise the salaries of a thousand-plus employees of the State. Be they judges, be they we in the Legislature, or constitutional officers or appointed different department heads. This is

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

unconscionable, in my mind, and will urge all of you -- this is the one time -- the one time you get to vote Yes to say No, and this is a time to say No by voting Yes, and I urge all of you - at least thirty of you - to put a Yes vote up there for Senate Joint Resolution 164, rejecting the recommendation of the Compensation Review Board.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Is there discussion? Senator Rock.

SENATOR ROCK:

Thank you, Mr. President. Ladies and Gentlemen of the Senate, I rise in opposition to Senate Joint Resolution 1-6-4, and suggest to the Members of this Body that we have, in fact, adequately and reasonably already dealt with the report of the Compensation Review Board. We have indeed reduced their recommendation to zero percent, so there is no fiscal impact in this fiscal year, recognizing, as the Senator pointed out, that it is tough fiscally this year, and we are, in fact, cutting spending, and that's the reason that Senate Joint Resolution 192 reduced it down to zero. I would ask those who voted affirmatively for Senate Joint Resolution 192 to vote negatively or Present on Senate Joint Resolution 164, on the basis that 192 is the one that has to go to the House - should go to the House - and I'm going to ask the House to deal with it as quickly as possible. And we certainly don't want to send the House mixed signals. They have difficulty enough understanding what goes on around here, and we don't want to send them two different signals. Send them only 192. Leave 164 here. In my judgment, the question has already been answered by the Senate, and I applaud their answer and ask those who answered affirmatively to vote negatively on -- on 164.

STATE OF ILLINOIS

June 13, 1990

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I didn't want this motion -- or the previous resolution to go by without some comment to -- perhaps the broader subject. Senator Davidson said this is a tough budget year. It is a tough budget year, and we've had other tough budget years, but Ladies and Gentlemen, there isn't one employee, that I'm aware of, in State Government that isn't going to get a pay increase. There hasn't been one State employee that I'm aware of, except those covered by these resolutions, who hasn't gotten some pay increase in the past three years. The only ones who haven't are the people sitting here, the people sitting across the rotunda, the executive branch officers and the judges. How many employees could you hire in your businesses back home if you said to them, "You're not going to get a pay raise for three years, or five years." Not many, I don't think. Not many. Now I'm not standing up to oppose this resolution to plead for us. Each of us know the kind of time and commitment and talent that we give to our jobs, and in all lack of humility, on behalf of each of us, the public gets their good money's worth, regardless or whether we get a pay raise out of this one, out of Senator Rock's resolution, or not. But let me mention one other area of government that causes me great concern, and that's the Judiciary. Let me read from the report of the Compensation Review Board. Illinois judges -- quote -- "Illinois judges are required to contribute as much as eleven percent of their gross pay to their retirement fund. This is one of the highest, if not the highest such contribution in the United States. Indeed, some states fund the retirement of judges with no payment for -- from the judge. Federal judges are not required to make any payment -- any payment into their individual retirement fund, because they receive full salary for life. This substantial retirement contribution makes comparisons of Illinois judges' salaries with those of other states misleading. We heard

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION

testimony" - the Commission did - "that after deductions for retirement and taxes, the net pay of a State court judge may be less than four thousand dollars a month. The most compelling argument for a substantial increase in the compensation of the Judiciary is the comparison of salaries of Illinois court judges with those of federal judges. As of January 1, 1991, a trial court judge in the federal system will be receiving an annual salary of a hundred and twenty thousand eight hundred dollars, which is forty thousand dollars more -- forty thousand dollars more than the current salary of a trial judge in the Illinois State Court." A more dramatic example, made by a spokesman for the Joint Commission, is that a magistrate in the federal court -- a magistrate, who generally cannot try a case without the agreement of the parties, will be receiving approximately a hundred and eleven thousand dollars. Almost seventeen thousand more than a Supreme Court Justice of the State of Illinois. The top law school students are being hired by law firms in the City of Chicago at starting salaries equal to associate judges and circuit court judges in the State of Illinois. Shame on us for not recognizing the quality and the commitment of the Judiciary in Illinois. Now we've agreed, by the passage of Senator Rock's resolution, not to give them an increase, but to give them a cost-of-living adjustment that starts in 1991. That is small, inadequate compensation for the Judiciary of this State, but at least it is some small recognition. If you vote Yes on SJR 164, you're saying to another equal branch of government that they're not even entitled to that. I can't do that, and I hope a majority of you won't do that, either. I urge a No vote.

PRESIDING OFFICER: (SENATOR DEMUZIO)

All right. Further discussion? Senator Keats.

SENATOR KEATS:

Thank you, Mr. President. Very briefly, I don't disagree with

anything Senator Berman has said, and I would oppose this resolution, but I want to give you another example, too. Come January, we have a new Governor coming in. We, needless to say, hope it will be Jim Edgar. You, hopefully, will be wrong, and you hope it's Neil Hartigan. But the simple fact is, it's going to be a new Governor, and I want to give you one comparison outside of the legal field. Secretary of Transportation, a budget of well over a billion dollars a year, is paid seventy-one thousand dollars. You know an engineer with a couple years' experience, with a master's degree, will start at over sixty thousand, and their budget consists of being able to get three or four pencils in their drawer. Now you start to compare the private sector to what we're asking the Secretary of Department of Transportation to earn, and you look at the responsibilities and the differences. It is in the Judicial field and Senator Berman is right, and -- and I second everything he said, but just look at the Governor's Cabinet. The Director of the Department of Public Aid makes roughly half of what someone in the private sector in those sort of fields makes. If we want - we hope Jim Edgar, you hope Neil Hartigan - if we want a new Governor to have the kind of cabinet we need to solve these budget problems we've been wrestling with year in and year out, you know, gang, you can't starve the cabinet to death forever. At some point we have to get those salaries back to a competitive level so that we can ask people in the business world who are in their fifties to take these jobs. You don't have a cabinet made up of twenty-five-year-olds. You need to have a salary commensurate with the ability level of the people we want in the Cabinet, and that's Governor of this State.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator Davidson, you may close.

Mr. President and Members of the Senate, each of you vote as

you feel. I really hadn't expected to speak out, but since the point was issue -- raised, our judges, in my opinion, are certainly not overworked. I don't know how many of you came out of county government, but I did, as chairman of the county board. And I remember very well that the county employees were working from eight to five, but I also remember very well that the circuit court judges started at nine, maybe, and they quit no later than four, with rare exceptions, unless they had a murder case or some other hot issue case that had gone to the jury. We, the county and the State, pay all their overhead, their secretaries, their court reporters, they have no -- they don't contribute any more to their pension fund that you and I do as a legislator. So please don't cry to me about these poor, underpaid judges. Every time there's a vacancy for judgeship, at least in this judicial Section, there's no lack -- no lack of candidates for that vacancy. In fact, I think we have one now, and there's thirty some odd applications for that one vacancy. So don't -- don't tell me how bad off they are. You vote however you want. I think it's ill-timed, ill-advised. If we're going to continue to have citizen legislators, which the -- our founding fathers in the Constitution asked us to do - and one of the local media stations here had a very good editorial on that this past week - I think all of you should vote No by voting Yes to reject the recommendation of the Compensation Review Board, and I would appreciate a Yes vote.

Mr. President and Members of the Senate, this resolution came from the Illinois Department of Veterans Affairs, urging us, for the U.S. Department of Veterans Affairs, to authorize an outpatient medical service for veterans here in Springfield. This has the support of the SIU School of Medicine, St. John's Hospital, Memorial Medical Center. There're seventy thousand plus veterans live in a fifty-mile radius of Springfield, and this will keep them from having to make all these expensive trips and tiring trips any place from a hundred to a hundred and fifty miles, sometimes two hundred miles to receive and kind of care. Thank you, Madam President and Ladies and Gentlemen of the Senate. Floor Amendment No. 1 to House Bill 3683 addresses concerns which have been raised by various parties interested in the legislation. This bill's a follow-up to last year's House Bill 90, which was -- or -- designed to allow pharmacies an opportunity to participate in HMO contracts, and thereby allow consumers to deal with the pharmacy of their choice. The amendment incorporates a two-year sunset provision, as was contained in the legislation we passed out of here last year. The amendment also exempts HMOs which operate their own pharmacies rather than contracting out for pharmacy services. This provision was also adopted in last year's bill. Finally, this amendment

SENATOR RIGNEY:

Mr. President, this is the coterminus township bill again, that we dealt with during the Senate Session. That bill fell on tough times over in the House, but an identical bill has come over to the Senate. And what we are doing in this amendment has been requested by the Municipal League and by the Township Officials Association. It merely cleans up, or at least provides a clarification on coterminus townships. It makes it clear that coterminus status remains within their governmental structure, even after boundary changes may have occurred during the annexation process.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Is there discussion? Senator Hawkinson.

SENATOR HAWKINSON:

Thank you, Mr. President. Will the Senator yield for some questions?

PRESIDING OFFICER: (SENATOR DEMUZIO)

SENATOR HAWKINSON:

Senator, when the Senate Bill was before us, we had a

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

discussion, and I think there were some unanswered questions as a result, and I'd like to just make our intent clear here if we could. Does House Bill 3795, or the current coterminus city township Statute ever result in a situation where once a area has not been disconnected from the adjacent township, that the coterminus city township loses its powers as a coterminus city township?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Rigney.

SENATOR RIGNEY:

No. The Legislature has never intended such a result.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Hawkinson.

SENATOR HAWKINSON:

And if a referendum to disconnect sales in an adjacent township or an area is not disconnected by virtue of an intergovernmental agreement as authorized in this bill, does the city still have the powers of a coterminus city township?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Rigney.

SENATOR RIGNEY:

Yes. It would be legislative intent to -- that those basic powers to be preserved and be retained.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Hawkinson.

SENATOR HAWKINSON:

And do those powers include the ability of the city to annex new territory and to have that territory automatically disconnected from the adjacent township?

Senator Rigney.

SENATOR RIGNEY:

Yes. All annexation powers are preserved to the municipality.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Hawkinson.

SENATOR HAWKINSON:

And finally, this Senate Amendment No. 1, then, as I understand it, is not really adding new authority, but is clarifying the Statute to make it clear that the city remains a coterminus city township, even after its city boundaries may no longer be identical to its township boundaries.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Rigney.

SENATOR RIGNEY:

Yes. That is correct. Senate Amendment No. 1 is declarative of existing law in stating that failure of disconnection from the adjacent township does not affect the status of the coterminus city township in its future annexations and disconnections, or its ongoing authority to act within its boundaries as a coterminus city township.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? Senator Kelly.

SENATOR KELLY:

Thank you, Mr. President. I'd like to ask a question. Did the -- this agreement on this amendment which was reached between townships and the Illinois Municipal League and, in effect, would preserve the original agreement that was made several years ago?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Rigney.

SENATOR RIGNEY:

Yeah. Thank you, Mr. President. Will the sponsor yield?

PRESIDING OFFICER: (SENATOR LUFT)

Sponsor indicates he'll yield.

SENATOR JONES:

Yes. Senator Berman, I had planned to talk to you before this came up, but I didn't vote for this in committee because I had some concerns about what this actually do and the limits that you are placing on here. Now, my analysis shows one thing, but is the bill limited to just those four things, because I read it -- it is so broad that the person who is leasing the car could -- could end up having to pay for those damages themselves instead of that two-hundred-dollar limit. As I read it, it says in any action brought by the person who is doing the leasing. So as a result, what could conceivably happen -- and you being an attorney -- did that include like depositions, appearing in court, and so forth and things of that nature?

PRESIDING OFFICER: (SENATOR LUFT)

Senator Berman.

SENATOR BERMAN:

No. If you look on Page 3 of the amendment, lines two through twelve, it sets out exactly what the items are. I won't take the time to reread them, but we read them in the committee, and the committee approved it. There's nothing broader than that.

PRESIDING OFFICER: (SENATOR LUFT)

...(machine cutoff)... Senator Jones.

SENATOR JONES:

Well. As I read, it says the duties shall include, but not limited to, and that "not limited to" is not in there, and I go back to the previous -- the previous paragraph. It says in any action. And so, therefore, it is not limited to just what it says there on that line that you specified. But it -- it is quite broad. And my concerns about that, Senator, is that if I live in

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

102nd Legislative Day

Chatham, Illinois, and I come to Chicago, I lease a car -- rent a car, and that two-hundred-dollar limit, they may want me to come there, to give depositions, appear in court, and in case the person hasn't -- didn't have insurance, I may miss -- there's nothing in here to protect the consumer who leases the -- rents the automobile. And that's what I meant in committee that I had some concerns, because it is too broad, and a person renting a car that's involved in an accident might end up having to pay all of that cost himself. And that's why I say it's not limited to what you said those paragraphs on that page says it does. It says that, "any action."

PRESIDING OFFICER: (SENATOR LUFT)

Senator Berman.

SENATOR BERMAN:

Let me suggest we'll move it, we'll -- give me some language, and I'll bring it back on 3rd -- on Recall.

PRESIDING OFFICER: (SENATOR LUFT)

Further discussion? Senator Jones.

SENATOR JONES:

Does that mean that you'll hold it on 2nd till we come up with some language to limit it to just what you have in those paragraphs? 'Cause as I said, it's quite broad.

PRESIDING OFFICER: (SENATOR LUFT)

Senator Berman.

SENATOR BERMAN:

This was heard on June 8th. I have not seen any language from you to make it more particular. I'm not sure I have any problem with what you're requesting. But I'd like to see the language so we know what we're talking about. We have a committee amendment. Let's put the committee amendment on. Well, it's not a question of not having language. I just want the Body to know what's entailed in the amendment, and the amendment entails far greater than what you have given us -- led us to believe in just those sentences, because it says, "in any action." And, not that I had any particular amendment, but it's not restricted to what you said it's restricted to, and I think the Membership should know that when they're called to vote on this. SENATOR ROCK:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. House Bill 3868 represents the continuation of an agreement between the county and the municipalities, specifically with respect to annexed -- newly annexed property and the Cable TV franchise - who gets the revenue and who's -- who's the governor. Amendment No. 1, which was offered and adopted in committee, deals with the problem of the installation of cable TV in a multiple-unit building. It is agreed to by virtually everyone, and provides that the owner of the building has some rights in terms of what kind of installation and when the installation can take place. SENATOR WOODYARD:

Thank you, Mr. President and Members of the Senate. Amendment No. 2 would allow municipalities in counties outside -- or municipalities of under two million people to own and operate their own cable TV systems. We found that quite a number of small downstate communities only have access to one cable. And it's felt by them that in many cases they would be able to provide better service at less cost by the municipality itself. And the Cable TV Association is neutral on this amendment. I really know of no opposition to it, and I would move its adoption.

Senator Geo-Karis, Floor Amendment No. 1.

SENATOR GEO-KARIS:

Amendment No. 1 to 3966 simply calls for disclosure from not only the people like General Motors and the rest of them, but also the other manufacturers. And I think it's a good amendment. And I ask for its favorable approval.

PRESIDING OFFICER: (SENATOR LUFT)

Discussion? Discussion? Senator Jones.

SENATOR JONES:

Thank you, Mr. President, Members of the Senate. I strongly oppose this amendment. This amendment really attempts to gut the bill. This bill in its current form is the way I desired. This amendment deletes the bill - makes the bill a nothing bill. So I'd ask this Body to defeat this amendment.

PRESIDING OFFICER: (SENATOR LUFT)

Further discussion? Senator Schuneman.

SENATOR SCHUNEMAN:

Thank you, Mr. President. I stand in support of this amendment. The sponsor, in committee, and others who support this bill, have indicated that what they want is a disclosure of where the parts would come from that are going to be used to repair an automobile. That's precisely what this amendment requires. It requires that the estimate that's prepared detail the name of the manufacturer of the part. And I think that represents disclosure. The unfortunate thing about the bill, as introduced, it seems to have an implied criticism that any part that's not made by the original manufacturer is somehow inferior, and that's simply not true, Ladies and Gentlemen. It is not true. And not every part that's made by the original manufacturer is made by a union worker either. Some of those original parts are made in foreign countries. So it seems to me that this amendment is a much better approach to what it is we're trying to, if, in fact, we're trying

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION

to give notice to the consumer about the kind of part that he would have put on his car. I think it makes sense, and I support the amendment.

PRESIDING OFFICER: (SENATOR LUFT)

Further discussion? Senator Jones, for a second time.

SENATOR JONES:

Yeah. Thank you, Mr. President. And in response to the previous speaker, in the bill in its present form is a disclosure bill. And what this amendment does is delete that particular fact. And the bill -- bill, as it now stands, will do something, and will let the consumer know what they are getting and what they are purchasing. This bill deletes that requirement -- this amendment deletes that requirement. And I ask that this Body defeat Amendment No. 1.

PRESIDING OFFICER: (SENATOR LUFT)

Further discussion? Senator Jacobs.

SENATOR JACOBS:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. I -- I, too, stand in opposition to the amendment, mainly because, you know, this bill was held in Rules. I think if we're going to act upon a bill, we should act upon a bill. And I think this completely changes the -- the bill from its original intent. I think 3966, as it originally stood, is a good attempt to at least get something started. And I -- and I would ask that we vote No on this amendment.

PRESIDING OFFICER: (SENATOR LUFT)

Further discussion? Further discussion? If not, Geo-Karis -- Senator Geo-Karis, you may close.

SENATOR GEO-KARIS:

Mr. President, Ladies and Gentlemen of the Senate, this bill, without my amendment, does not provide the disclosure that should be there for the consumers, and I'm appalled at the sponsor of

this bill with not wanting to help the consumers. Let me tell you something, the Fords, the Chevys, the Plymouths, consider -- are considered American-made cars. And actually, many parts of those cars are manufactured in twelve countries: Taiwan, Japan, Mexico, Australia, Korea, West Germany, Italy, France, England, Great Britain, the Philippines and Singapore. Now don't sit there and tell me that this is a disclosure bill. Let's have a complete disclosure. That's the only way that we can be fair, or are we going to have the big automobile companies run this country? I ask for favorable consideration of this amendment.

PRESIDING OFFICER: (SENATOR LUFT)

Senator Geo-Karis moves for the adoption of Amendment 1 to House Bill 3966. Those in favor will vote Aye -- I'm sorry -- those in favor, signify by saying Aye. Opposed, vote Nay. The opinion of the Chair, the Nays have it. There's been a request for a roll call. Senator Geo-Karis moves for the adoption of Amendment No. 1 to 3966. All those in favor will vote Aye. Opposed, vote Nay. The voting is open. Have all voted who wish? Have all voted who wish? Last call. Have all voted who wish? Take the record, please, Mr. Secretary. On that question, the Ayes are 30, the Nays are 25, none voting Present, and the Senate does adopt Amendment No. 1 to House Bill 3966. Any further Floor amendments?

SENATOR MAROVITZ:

Thank you very much, Mr. President and Members of the Senate. Amendment No. 1 to House Bill 1268 embodies a -- idea and a concept that passed this Body without any negative votes, and that clarifies that in regards to grandparents' visitation, if there is a happy, functioning, intact family where the mother and father are together, that they would make the decision about who their children would visit with. That is their decision. And it would not allow grandparents to have standing where the parents are intact, and they are happy, and they are functioning together. We passed this bill 58 to 0. And I would ask for adoption of Amendment No. 1.

SENATOR MAROVITZ:

Thank you very much, Mr. President. This clarifies a question that was asked. Somebody asked, "Well, what if a - what if one parent wants the grandparents to visit and the other parent doesn't?" Now, this is an intact family. No divorce. They're together. But mom says, "I'd like my parents to visit," and dad says "no." Well, if one of the parents will join in requesting that visitation, then the grandparents should have visitation. Even though the family's intact, if one of the parents joins, we're going to allow the grandparents to have visitation, and that's what this is about. And I would ask for adoption of Amendment No. 2.

PRESIDING OFFICER: (SENATOR D'ARCO)

PRESIDING OFFICER: (SENATOR D'ARCO)

SENATOR MAROVITZ:

Thank you very much, Mr. President and Members of the Senate. Senate Amendment No. 1 to House Bill 3019 revises the exception to the six-year period of Statute of repose in attorney malpractice cases for actions involving wills and other testamentary documents. As passed in the House, the bill provided a ten-year Statute of limitations in such cases, which could have meant that the Statute could run before the will went into effect. This amendment eliminates that period and specifies that the action must be brought within two years after the date of death, or if the will's admitted to probate, within the time for filing claims against the estate or contesting the will, and I'd ask for adoption.

Thank you, Mr. President, Members of the Senate. The underlying bill itself, so you all know, is the mandatory motorcycle helmet bill. This certainly is a -- is a very controversial issue. And I think most of we downstaters certainly do oppose the bill in its present form. This amendment would allow that -- or would basically say that the bill applies only to the City of Chicago. That seems to be where most of the support is located for this bill, and that's basically what the amendment does. And I would move for its adoption.

PRESIDING OFFICER: (SENATOR D'ARCO)

And it is unlawful to make laws of this nature that would only apply to one section of the State of Illinois. So first of all, I -- I stand in opposition of this.

SENATOR SEVERNS:

Thank you, Mr. President and Members of the Senate. Amendment No. 1 to House Bill 3481 was drafted by the Women's Law Project at the request of the Citizens Council on Women. In essence, it reduces unnecessary litigation while pursuing the right of defendants. It also lowers the cost to the State in doing so. I know of no objection. I would move for its adoption.

SENATOR SAVICKAS:

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

102nd Legislative Day

June 13, 1990

Well, I guess a point of information or a point of order. Senator Welch has filed a fiscal note on House Bill 3426 on the assumption that an amendment will be adopted that will require a fiscal note explanation. The bill, as it is presently written and as the amendments that were offered in committee and one other proposed amendment by Senator Joyce, has no fiscal implication. An amendment offered by Senator Kustra seems to be the amendment in question, as far as a fiscal implication -- fiscal note. So we're filing a fiscal note on a bill that has no fiscal implication, and may not have any if Senator Kustra's amendment is not adopted or if he withholds it, and we move it, get these amendments on, and move it to 3rd, and bring it back for him to try. But at this point, I'd like to know just where we're at because the fiscal -- there is no fiscal application to the bill or to the amendments from committee and Senator Joyce.

PRESIDENT ROCK:

Well. Under the -- under Chapter 63, Section 42.32 -- 33, if the sponsor of a measure is of the opinion that no fiscal note is necessary, any Member of either House may thereafter request that a note be obtained. And in such case, the matter shall be decided by a majority vote of those present and voting in the House of which he is a Member. So I guess what that says, essentially, is if you as the sponsor, have the opinion that no fiscal note is necessary, and a majority of the Members agree with you, that's fine. I'm -- I'm told that two fiscal notes have been filed, one as to the original bill and one as to the bill as to be amended. Now, if -- if you -- ordinarily around here we -- we honor -- and we always honor requests for fiscal notes. If -- if indeed it's your opinion that no fiscal note is necessary, we can put the question, and if a majority agree with you, then we'll move on. Senator Savickas.

SENATOR SAVICKAS:

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

102nd Legislative Day

June 13, 1990

Well, if there's been a request on the original bill, obviously that -- we should honor that and -- I don't understand where the original bill part is, but the...

PRESIDENT ROCK:

All right. Well, we'll have time to think it through. We're not leaving this order of business. We're going to be on this order of business tomorrow and next week and...

SENATOR SAVICKAS:

Fine.

PRESIDENT ROCK:

...the week after and the week after that. Senator Kustra, for what purpose do you arise, sir?

SENATOR KUSTRA:

Thank you, Mr. President. I -- I suppose, since we are going to be on this order of business, it doesn't have to be stated now, but I -- I, for the life of me, can't figure out how the -- the amendment I wanted to offer has any fiscal impact at all. So I don't know whether or not Senator Welch is directing his fiscal impact note at my amendment, but I wish he'd look at the -- at the amendment before he -- he moves forward, if that's the purpose, because my -- our staff says that we're going to get a simple answer - no fiscal impact.

PRESIDENT ROCK:

Okay. Senator Welch indicates that he will certainly look at it. Senator Joyce, for what purpose do you arise, sir?

SENATOR J.J JOYCE:

Well, I would just -- I would just inquire of Senator Welch if, in fact, the purpose of filing a fiscal note is to delay, or somehow interfere with the process, then maybe he would reconsider and just remove it. If -- if there's some other motivation behind it, then, you know, we'll have to, as you say, we've always honored it. So.

STATE OF ILLINOIS
86th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

102nd Legislative Day

June 13, 1990

PRESIDENT ROCK:

Right. Senator Welch.

SENATOR WELCH:

Senator, I'd just say that this amendment proposed by Senator Kustra is a far-reaching amendment banning all types of incineration, both hazardous waste and municipal, which was not the original intent of the bill. The banning of incineration of municipal waste would seem to me to impinge upon the powers of municipalities - that would possibly have a impact here in the State. So, therefore, I filed a fiscal note, to see just what the cost would be to the State if we passed the amendment, if we mandate requirements on these county waste management committees that have been meeting for two years. The Kustra amendment now would take away their authority to use incineration as an option, and that may have a fiscal impact, so I think it is applicable.

PRESIDENT ROCK:

All right. Senator Joyce.

SENATOR J.J. JOYCE:

Is your fiscal note only to the Kustra amendment? There is a fiscal note on the original? Is someone else the filer of that?

PRESIDENT ROCK:

Senator Welch.

SENATOR WELCH:

I was advised by the staff that to file a fiscal note against the Kustra amendment, I also had to file a fiscal note against the bill. I do not believe the original bill has a fiscal implication to the State. I do believe the Kustra amendment does have implications, but I was told procedure in the Senate is to do both fiscal note requirement -- fiscal note filings.

PRESIDENT ROCK:

Senator Joyce.

Senator Welch.

SENATOR WELCH:

Yeah. But I would file it again when Senator Kustra -- I would -- I would think it would attach to his amendment, should it be refiled.

PRESIDENT ROCK:

Senator Raica.

SENATOR RAICA:

Mr. President, since the Chair has stated, by rule, that we can, at the sponsor's request, remove the applicability of the fiscal note to House Bill 3426, I would like to ask if we can do that by -- by a thirty vote, since it was admitted that Senator Savickas' original bill, 3426, and my understanding, Senator Joyce's amendments which he wanted to put on does not have a fiscal impact, can we just take the thirty or -- or -- can we just go with the -- the -- the vote to move 3426 with the -- with the two amendments? And Savickas says later time if he has to, he'll call the bill back. But can we just do it now?

PRESIDENT ROCK:

Well, upon request of the sponsor, it certainly could be done. I'm not sure it would accomplish the purpose, because the second fiscal note request would apply to the amendment. And so once the amendment is offered, the bill would still remain on 2nd Reading. My suggestion is that those who are interested ought to get together, and we'll get back at it tomorrow.
