SENATOR MAHAR:

Thank you, Mr. President, Members of the Senate. Senate Resolution 1157 asks the Governor's Task Force on Crime and Corrections to investigate the feasibility of housing prisoners on military bases that have been recently closed - not necessarily in Illinois. I have here the interim report issued by Chairman Valukas, and I've gone through this thing, and I don't see where they have -- they've looked at the problems and various alternatives; this is not one of them. I think that the feasibility of this should be examined by the commission, and I would move adoption of this resolution.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Is there discussion? Senator Cullerton.

SENATOR CULLERTON:

Senator Mahar, I've just been given some information I wanted to verify, concerning whether or not you have ever been drafted to play in the -- professional baseball, and if so, why you weren't on the Senate softball team?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Mahar. Take your time, we want to hear it all. Senator.

SENATOR MAHAR:

Well, I -- I don't remember that. That's before my time. I've got a bad knee.

Senator Rigney.

SENATOR RIGNEY:

Mr. President, 1319 is a result of the recently completed Quill Case, in which the court said we can modify the old Bellas Hess Case dealing with the collection of use taxes. However, it will be necessary for Congress to pass enabling legislation that will require the out-of-state catalogue companies to collect this tax for us. There's maybe something well over a hundred million dollars riding on this particular issue, and all we're doing is asking Congress to implement what was called for in the Quill Case.

Thank you, Mr. President, Ladies and Gentlemen of the Senate. House Joint Resolution 137 is the housekeeping resolution, pursuant to our passage of a joint resolution proposing a constitutional amendment to be on the November ballot. We are also charged with the responsibility of appointing eight Legislative Members to prepare the arguments for and against for the voter, and to prepare the form of the ballot, and this has to be done by June the 26th, and so there is some urgency. I would urge an Aye vote.

SENATOR MACDONALD:

Thank you, Mr. President. This amendment is agreed to by the Illinois Department of Transportation and the Northwest Municipal Conference, to iron out the remaining discrepancies of this Adopt-A-Highway agreement. The language adds "carcasses" to those items not to be picked up by volunteers. Also the new language

REGULAR SESSION

allows for IDOT and the sponsoring jurisdiction to determine if the section of the roadway is not safe for purposes of the program, and allows IDOT to have uniform sign standards in terms of location. The intent of the language that calls for the local jurisdictions and IDOT to cooperatively decide which State routes are safe is an effort to keep dangerous stretches of highway from being adopted where the chance of injury is great. It is intended that IDOT would identify such dangerous segments and document those in writing so that a listing could be provided to all local governments wishing to begin an Adopt-A-Highway program. Should the Department abuse this power, by restricting municipalities' ability to begin these programs, I feel the Legislature should delete the cooperative language. But this is the amendment now, and I ask for its adoption.

PRESIDENT ROCK:

Senator Macdonald has moved the adoption of Amendment No. 1 to House Bill 2741. Discussion? Senator Demuzio.

SENATOR DEMUZIO:

Let me just point out that this may be a perfectly innocuous amendment that the -- this one and the last one, our staff has not seen. If your staff will just share these things with us, it'll make this process go a lot smoother and we'll be able to get out of here a lot quicker. So, I'm not pointing out simply to you, Senator Macdonald, but just to make a carte blanche statement that we ought to at least have these amendments ahead of time so that we know what they're doing.

Mr. President and Members of the Senate, this is a -- I'll call it a trailer amendment for the seven to five bill that we passed and that is currently on 3rd Reading in the House. At the request of some of the financial institutions to further clarify and -- and restrict the Department of Financial Institutions in the implementation of that new program, the decision was made, at the request of some of our friends from the other side of the aisle in the other House, to use this bill as a vehicle for the amendment rather than possibly jeopardize that other piece of legislation.

Senator Macdonald, on Committee Amendment No. 1.

SENATOR MACDONALD:

Committee Amendment No. 1 is a proposed amendment that would make changes in the Central Midwest Interstate Low-Level Radioactive Waste Compact, the Illinois Low-Level Radioactive Waste Management Act and the Radiation Protection Act of 1990. This amendment would also repeal the Section 16 of the Illinois Low-Level Radioactive Waste Management Act and Nuclear Waste Interstate Compact Act. Finally, the amendment would create a new Act which would be known and cited as the Radioactive Waste Compact, and I would like to add that Senator Jerry Joyce has been very instrumental in working with the Department of Nuclear Safety on this particular piece of legislation and on these amendments. So I move for the adoption of the Floor amendment, and I think we have -- I mean the committee amendment, and I think there are two -- two other amendments from the Floor.

PRESIDENT ROCK:

the years. What this amendment does is allow a municipal government to have quick-take powers only in regards to flooding, and they have to go to the Department of Waterways to get permission to do it. In other words, they just can't come in and take somebody's property; they got to go to the Department of Waterways, ask permission, and then they grant them permission. Now I have a specific problem in the City of Bensonville, where they've been trying to get a piece of property for about seven years, and they haven't been able to do it, so this is going to expedite that. Establishes a sixty-five-dollar adoption filing fee with the circuit clerk's office, and the court may waive the fee in a special needs adoption as defined by DCFS. No other fee besides the sixty-five-dollar filing fee shall be charged to any person in connection with an adoptive proceeding. And that's basically what it does. Thank -- thank you, Mr. President. This bill came over from the House in the form that a party convicted of a violent crime where the victim was a child, would be a factor to be considered in the division of property in the dissolution of a divorce. There were objections by the Bar Association to opening up "fault" in the division of marital property. And working with the House sponsor and the Bar Association, we amended this bill yesterday, so that as amended, the bill would allow a court to consider such offenses as aggravated battery and sexual assault against a child in deciding whether to impose a constructive trust on jointly or separately held property of the parties. It was moved from the fault Section to the Section 503(g) of the Marriage and Dissolution Act at the suggestion of the Bar Association, and that removes the opposition of the Bar Association, and I know of no other opponents to the bill, and I would ask for the passage of House Bill 661, as amended.

SENATOR HAWKINSON:

Thank you, Mr. President. This bill comes as an initiative of the school board in Princeton, Illinois. It passed the House 116 to nothing in the form that allowed a school district which would annex a dissolved school district to assume the bonded indebtedness of the dissolved district. In the Elementary and Secondary Education Committee, Senator Berman and the State Board suggested that this might be too wide open, that a later school board could make such a determination. And the bill was amended in committee, which removed the opposition which says that if a school board intends to assume the indebtedness of a territory that is being annexed, it must do so prior to the date of the annexation. This removed the opposition. I'd be happy to answer any questions, otherwise ask for the passage of House Bill 2940, as amended.

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Joyce.

SENATOR JOYCE:

...(machine cutoff)...and fellow Members, this is just authorizing a transfer of real -- certain real property between the Will County Forest Preserve and a private party. It's the same amount of acreage on both sides. It's four acres for the Preserve, four acres for the private individual. It has the same appraisal value. It's just something that will work better for each member involved. And I recommend its adoption.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Discussion? Senator Fawell.

SENATOR FAWELL:

Thank you very much. Will the sponsor yield for a question?

SENATOR FAWELL:

Could you explain exactly what the Forest Preserve plans on doing with these four acres?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator -- Senator Joyce.

SENATOR JOYCE:

Excuse me. I believe they're going to use it as part of a habitat program. Evidently, the four acres that the farmer has is a more wooded-type acre. The four acres that the Forest Preserve have is more suited for farming. So it's noncontroversial, even-up exchange.

I would imagine that's up to the discretion of the Forest Preserve. I have not been informed on that.

Since we're not used to you handling local bills, there was some question in terms of the bonded indebtedness that this might lead to for the Forest Preserve District, and we were very concerned not to get the Will County Forest Preserve District too deeply into bonded indebtedness. Could -- do you know exactly what the bonded -- bond increase is?

It would have absolutely no effect.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Keats.

SENATOR KEATS:

Well, a major purchase like this of particularly valuable farmland -- I mean, we may need a -- I would think a professional assessor to inspect this, and I think perhaps that's an amendment you should consider, is that we would have a professional inspector review this to see if it's a wetlands, or to see if this has toxic waste dumped on it, or if this has ever been a law office or any of these other disreputable things that could have been put there, just to make sure that we, as the County, are not absorbing some large long-term liabilities.

This arises from a situation where the Attorney General knew about the disposal of hazardous waste in a normal landfill and didn't inform the local State's attorney, so the waste kept piling up without the State's attorney being able to prohibit or block the shipment of hazardous waste. This is the bill that I believe you probably had a misunderstanding on -- that the Department of Insurance came up

with this language to deal with this particular problem. So therefore, that was a misunderstanding. I thought perhaps you had been enlightened. But this is the bill that -- they agreed to write this particular language so that the law that is currently on the book can be applied.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Schuneman.

SENATOR SCHUNEMAN:

I think the answer was Yes. Just for the edification of the Members, what -- what you're seeking to do here is to allow agents and brokers who are selling their product - and I'm -- I'm one of those agents and brokers - to allow them to sign a premium finance agreement without submitting that agreement in advance to the insured, who has to pay the premium. I don't think that's a very good idea. The Department of Insurance is supposed to be looking out for the consumers in Illinois, and the fact that they're supporting this bill, I think is kind of foolish of them. I don't think it's a very good idea. It probably would make my life a little easier if you passed this bill, but I don't think it's a good practice to begin. If we're going to do it for the purchase of insurance, then why not do it for the purchase of house siding, or roofing or a whole lot of other products? And I really think we ought to reject this idea.

PRESIDING OFFICER: (SENATOR DEMUZIO)

Further discussion? If not, Senator Jones may close.

SENATOR JONES:

Yeah. Thank you, Mr. President. And in response to the speaker in opposition, when the bill was in committee, I know that you did vote for it then, but one of the things is this -- is that when an agent or broker write a policy, that policy transaction may take place on the telephone. In most instances, it does take place on the telephone.

SENATOR JONES:

Well, I'm sorry that my enlightened colleague, who has served so diligently on the committee, do not understand the process. I hate to ask a question like this, but this virtually makes township governments county governments. I mean, this appears, as I read it, this basically will make a township government a county government. I mean, there are only some features for county government left that aren't included here. Is that our intention, to make county governments actually major governmental levels with broad-based taxing and spending authorities? Is that the intent of the bill?

PRESIDING OFFICER: (SENATOR DEMUZIO)

Senator Macdonald.

SENATOR MACDONALD:

Senator Keats, that is not the intent of the bill. I think that more and more, with funds being limited from -- from county government, from village governments, and from -- from other areas of government, that we are looking more and more to township governments, and it is important for them to be able to have the flexibility to meet the needs of the people that they are serving also. Thank you, Mr. President and Members of the Senate. House Bill 3060 prohibits implements of husbandry from being transported on another vehicle with a width greater than eight foot six inches, within any construction area on any highway or street. This bill is proposed by the construction industry, and also it has an amendment that will require construction equipment that's capable of being self-propelled or towed on commercial trucks used in construction areas, to have some form of identification names on the side of them. I think this may address some of the concerns that Senator Fawell had with Senator Hawkinson's legislation. And I know of no opposition, and I'd ask for its passage.

SENATOR DUDYCZ:

Senator O'Daniel, our staff analysis shows that there were possibly two Floor amendments that were going to be introduced. You introduced one yesterday, and you explained the contents of House Bill 3061, which authorized certain vehicles with permanently mounted equipment to have a width of eight feet six inches. And now staff tells me that we may have actually adopted the contents of House Bill 3063. Could you just clarify that for us?

And this would all be contingent upon appropriation and funds available for that. It comes out of a long-term study from a number of social service agencies trying to develop a one-stop-shopping approach to deal with this very small segment of those who are hearing impaired, because right now, depending upon this situation, there -- no one really knows quite where to put them. It's kind of an esoteric jumping around the State to see where services indeed are -- are located. And this would indeed pull it all together. This bill comes as a result of a proposal by the Henry County State's Attorney in which -- they had a court case in which a circuit judge held that a stepfather or a father or other family member was not in a position of trust in terms of that being an aggravating factor for an offense committed against a child. We have, in the Unified Code of Correction, factors in aggravation and factors in mitigation, and one of the factors in aggravation is that the person who commits the offense holds a position of trust, such as a teacher or counselor or -- or other person. It's been assumed that a family member is a position -- a person in a position of trust, but it's not specifically spelled out in the Statute, and this bill would spell that out in the Statute, which I think is only logical. And I would ask for the passage of House Bill 3184.

It authorizes the district board to impose a fine for each day of discharge after a full hearing, and it details hearing procedures for assessing fines and issuing orders. the tax levy ordinances of the forest preserve districts in any county having a population of less than three million. I would be happy to answer any questions, and move for the passage of the bill.

Indicates he'll yield.

SENATOR DeANGELIS:

Why are we doing this?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton.

SENATOR CULLERTON:

The purpose of a tax levy validation is to basically preempt the use of nonsubstantive procedural objections as the basis of a suit challenging tax levies and extensions. And so that's why we passed this bill. We do it, as you know, annually. We -- and what this -- if you look at the actual text of the bill, we are adding the year 1991 to a whole list of previous years where we passed such a bill, going back to 1966. So that's why we're doing it.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator DeAngelis.

SENATOR DeANGELIS:

Well, I'm aware we've been doing it for a long time, but I do know that we now have a reformed county board president, and I thought therefore he might want to change some of the practices of the past. My understanding is that the reason you want the validation is that Cook County Forest Preserve District does not itemize its appropriation. And therefore, what you're asking us

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

120th Legislative Day

to do is immunize that body from any wrongdoing, even though they will not let us know what they're doing.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator -- Senator Cullerton.

SENATOR CULLERTON:

Well, as I stated, we -- we do this - and have done it, going back to 1966 - to preempt the use of nonsubstantive procedural objections as a basis for a suit. Now I was unaware of the fact that the Cook County Forest Preserve District does not itemize their expenses. I think that's something that should be taken up in the Cook County Board, and I would recommend that you contact a member of the Cook County Board and ask them to pass an ordinance to reform that provision. But that shouldn't affect the fact that we still need to pass a tax validation ordinance that applies not just to Cook County, but also to all of the forest preserve districts in the State. And they asked for it. Senator Fawell asked for the amendment, and she put the amendment on.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

This is a recommendation of the State's Attorney. Senator DeAngelis.

SENATOR DeANGELIS:

Well, I am aware of that, Senator Cullerton, but I also am aware that Cook County does not itemize its appropriation. The other forest preserve districts do. So, I mean, if we're going to -- we're going to validate something for somebody else, we at least know why we're validating that. I'm not so certain why we know we're validating this for Cook County, because I don't know what I'm validating.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

SENATOR TOPINKA:

Mr. President and Ladies and Gentlemen of the Senate, I know

STATE OF ILLINOIS

we've had this practice go on in Cook County for quite some time, and now would seek to move it around to other counties as well. That doesn't make it right, and it certainly doesn't make it proper. And all we've really done is just move something bad and expand upon it to -- to other counties. And I think Senator DeAngelis kind of puts his finger on it, in that if he votes on this, he really doesn't know what he's validating. And I think taxpayers also don't know what they're validating when they -- they really do not see this enumeration by the Cook County Forest Preserve District. I have no ax to grind with the Cook County Forest Preserve District which, by and large, I think does a very good job. But this particular item has stuck in the craw of the Legislature year after year, and we continue to do it, and now we've made it worse. And I really think we ought to look at this and think about it, 'cause we've really excluded the taxpayers.

SENATOR CULLERTON:

Thank you, Mr. President, Members of the Senate. This bill comes to us and -- with the support of the Illinois Library Association, and it basically says that no new library shall be established under the Village Library Act after the effective date of this amendatory Act, and it grandfathers in the four libraries that have been established under the Village Library Act. A little background on this: We - we have almost six hundred and thirty libraries in Illinois, and they are governed either by the Local Library Act or the Library District Act. But a few - as I indicated, four - were created under this very obscure Village

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION

Library Act. Now the concern of the Library Association is -- is that if -- if a library was to be established under this Village Library Act, because the law also requires reciprocity, that one could be established that would not have any financial support; they would issue its citizens library cards, and then they could go off and use other neighboring libraries that -- they would have to subsidize them. So this is a concern of the Library Association, and they have a grandfather clause in the bill. And I think it makes sense. I'd be happy to answer any questions, and ask for an Aye vote.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Any discussion? Senator Welch.

SENATOR WELCH:

Question of the sponsor.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Indicates he'll yield.

SENATOR WELCH:

Currently, a library can be formed with either taxing authority, or it could be formed without taxing authority, according to this analysis. And what your bill says is that no longer can any city form a library that doesn't have taxing authority. Is that right?

SENATOR CULLERTON:

Yeah. I have to -- I have to go over this one more time to make sure it's clear. There are four libraries that have been established in this State under what's called the Village Library Act, and this was -- this -- this Village Library Act was created at a time when it was not possible to establish a public library in a village under the Local Library Act. And so this was -- this -- this Village Library Act, at the time, was to recognize situations where the village had sufficient resources from other sources to support public library services - that is, when they

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

120th Legislative Day

June 18, 1992

didn't need any property tax. Now four of these libraries were established and still exist. Now apparently what the concern of the Library Association is, is that a village would go out, form one of these libraries under the Village Library Act, and not have any taxing authority at all; they would then issue library cards to everyone who's in that village, and then they would -- since they don't really have a library, but they have the authority to issue these -- these library cards, then the citizens would go off and use some other neighboring library that, of course, is supported by some other taxpaying body. So that's the purpose of this bill: to make sure that these village library -- or libraries created under the Village Library Act could not be created in the future so as to abuse this -- this law.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Welch.

SENATOR WELCH:

Well, the existing four libraries that don't have taxing authority, does this bill give them taxing authority?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton.

SENATOR CULLERTON:

No. It -- there are three ways in which you can create a library: the Local Library Act, or the Library District Act, and then this Village Library Act, where you don't have any taxing authority. Okay? So here's what the concern is -- okay.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Welch.

SENATOR WELCH:

So what you're saying is that the Library Association wants us to make sure that no libraries are created that don't have taxing authority. So what we're doing is creating a bill that says if you want a library, you have to have taxing authority. So we're

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

120th Legislative Day

creating, in effect, a mandated taxing authority for any new libraries. Local government or local individuals will have no choice whether its a taxing body or a nontaxing body. Everything has to be a taxing body, right?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton.

SENATOR CULLERTON:

If you create a library without a taxing authority, but you keep in the law the -- the reciprocity obligations of honoring library cards throughout all the libraries, then you have -- the concern of the Library Association is that people might use this as a ruse, a village might create a library - not build a library, not actually have a library - just issue cards, and so then they'd go to other library districts that are funded by other taxpayers. That's what the concern is. That's what the bill is. And if you don't like it, maybe you can vote No. I don't care. I'm just trying to explain it.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

There's a lot of lights here. Senator Fawell.

SENATOR FAWELL:

Thank you -- thank you very much. In order to be a library in this State, under the -- under present laws, you -- under most of the ways that you organize a library, there has to be so many books, there have to be a building, there have to be certain certified personnel and so on and so forth. This original law is outdated. That's the way they used to set up libraries. They used to have a couple books; they used to have somebody come in on an afternoon. That was before we started being able to borrow books from each other's library and that type of thing. All this bill does is -- says let's make sure that somebody isn't going to have a scam, in effect, and set up a library, not tax for it, issue cards, and then go to the neighbor's library and say, "Well,

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Weaver.

SENATOR WEAVER:

Well, thank you, Mr. President. A question of the sponsor, Mr. President.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Indicates he'll yield.

SENATOR WEAVER:

There are several small communities that contract on a fee basis with larger libraries for their residents to pay a fee to use that. Will this preclude them from paying a fee to use a surrounding community library?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton.

SENATOR CULLERTON:

No, not at all. They can still go ahead and do that. This just says that they cannot establish a -- under this obscure Village Library Act, they cannot establish their own library and then not really have a library, just issue the cards. But, no, the practice you describe, where they contract with either a library established under the Local Library Act, which would be municipal and township libraries, or some establish a library under the Library District Act, which are called special districts. They can continue to operate and have contractual arrangements with communities. I was just trying to describe this -- this obscure Village Library Act, under which there's only four libraries that are -- have been established under this to date. And I told you about the concern that the libraries have about

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

120th Legislative Day

this being used in -- or abused, and that's the purpose of the bill.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Hawkinson.

SENATOR HAWKINSON:

Thank you, Mr. President. Will the sponsor yield?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Indicates he will.

SENATOR HAWKINSON:

I have no quarrel with that purpose, and it sounds reasonable and everything. My question is -- one of the hotter issues are those areas of the State where the citizens decide in a village or for some other reason they do not want to be part of a library district. Current law sometimes allows them to be annexed in, and in order to avoid that, they have to use backdoor referendum and some other things. I'm wondering if this is an attempt to take away one of the tactics of some of those areas that perhaps have chosen not to be annexed, and this is -- by establishing a village library district, then they won't -- they cannot be annexed by another district, and they don't have to pay property taxes for services they don't want. Is this at all part of the motivation, or does this play into this at all?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton.

SENATOR CULLERTON:

Well, certainly the -- the proponents of the bill did not state to me that that's why they want to do it, and to date - and not recently, I would point out, but to date - there's only been four of these village libraries been established. I imagine that, you know, if you wanted to form a village library -- I don't even know that that means that you can't later on be annexed or -- or taken in under some Local Library Act or a Library District Act.

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

120th Legislative Day

June 18, 1992

So I don't even know if that would be a defense. But that certainly is not the motivation of the bill.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Hawkinson.

SENATOR HAWKINSON:

So you know of none of -- no area of the State where some group of citizens has attempted this to avoid annexation, and then that's not what this bill is addressing.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton. Cullerton.

SENATOR CULLERTON:

Yes, that's -- that's correct; that's not the motivation of the bill, and I don't know of any situations where that's occurred.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Schuneman.

SENATOR SCHUNEMAN:

Thank you, Mr. President. Will the sponsor yield?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Indicates he will.

SENATOR SCHUNEMAN:

Senator, in your description, I didn't understand for sure - is there someplace where some village library has done this now that has caused problems to surrounding libraries?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton.

SENATOR CULLERTON:

No, I don't know of any situation. Apparently, they are attempting to pass this bill before the situation arises. And as I said, the potential abuse here is issuing cards without actually building a library, and that, because of the reciprocity that's in the law, you then would go out and use somebody else's library

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

120th Legislative Day

June 18, 1992

without -- without paying for it.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Schuneman.

SENATOR SCHUNEMAN:

Well, I understand. That's probably a laudable thing; that they be required to share some kind of expense, but throughout rural Illinois, there are many very, very small libraries that are created by solicitation of the people. And you know, it's a very, very small operation. In some of those instances where they're allowed to get on the regional library systems that we have in this State, libraries that were formed -- for example, in my town, where the library is supported by the city, now they're being required to keep people from the rural areas from having library cards unless they make a very high charge to those people. And I would hate to see -- you know, I wouldn't want to be a party to passing some kind of a bill that aggravates that situation, especially if we're passing it prospectively, you know. If there's no problem as of today, I'm not quite sure it is why we want to pass this bill, Senator.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton.

SENATOR CULLERTON:

Well, this is along the lines of the question asked by Senator Weaver, and I want to make it clear. You have -- if you have a small municipal library that's established by the Local Library Act, either townships or municipalities can use that Act to establish those libraries, and they can contract with outlying rural areas if they want, to allow those residents to come in and use the library. This bill has nothing to do with that. This doesn't affect that. This just says that those outlying, rural areas - I imagine you could say - could not establish their own library under the Village Library Act, not build a library and

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

120th Legislative Day

then issue cards and then have to have those cards honored within your municipality's library. That would be a way of going around having to pay for the services, which now they have to pay. So that's the theory behind the bill.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Keats.

SENATOR KEATS:

There's an unintentional problem with this bill. There's a town in Lake County called Highwood. Very famous little town, because they don't have any property tax, refuse to have one. Everything done in town is volunteered. When they wanted to do a library, all the folks of the town got together one day and they built the thing, and they furnished it. They do not tax for it, but it is a library built under -- I think the Village Library Act. They are in the system, but what you're saying is -- here was an example of a self-help town. This would make that impossible. So I would say -- I see that as a glitch. But the second problem is - and I would ask this: why are we solving a problem we don't have? You know, we have to ask ourselves, why do we need to solve a problem we don't have?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton. Cullerton, please.

SENATOR CULLERTON:

...(machine cutoff)...So, Senator Keats, in response: first of all, if your Homewood Library -- Highwood Library was formed under the Village Library Act, then they're grandfathered in - if they're one of the four in the State. But I suspect that they're probably not. They're probably a local library established under the Local Library Act, but since they don't need to pay for it by property taxes, they probably don't have a property tax levy. They just accept donations, and that's how they run their library. Once again, this bill would not affect them at all. But if some

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

120th Legislative Day

neighboring village, who didn't have a library, established a library under this Village Library Act, issued cards, but didn't build a library, then the law says they are entitled to come over to Highwood and use those services for free, without paying any -- any fees. And that's the evil that the bill is trying to address, even though it hasn't happened yet.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton, to close. Oh, I'm sorry. Karpziel. Senator Karpziel, your light just went on.

SENATOR KARPIEL:

It's been going on and off.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Yeah, I know.

SENATOR KARPIEL:

Thank you, Mr. President. I don't think -- I think this is a lot of debate for a bill that's really not all that earth-shattering, except that frankly, I think it sounds like a silly bill, because -- it's -- it's very simple. If -- you don't have to abolish the whole Act and prohibit people from -- libraries from being established under village library districts. All you have to do is have the -- the surrounding libraries or all the other libraries not accept their card, for crying out loud. If you come in with this card from that library -- what? They have to? Why do they have to, if they're not a part of the system?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton.

SENATOR CULLERTON:

This is the key to the bill, and I didn't know this until I inquired of the people from the Library Association. Apparently there's a State Statute that says any library that's formed under one of the three ways in which you can form a library, you have to have reciprocity; you have to accept their card. Okay? So you

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

120th Legislative Day

could -- you could establish this village library, not build a library, but issue cards, and then they go to other people's libraries; they have to accept their card, and they don't have to pay any fees. That's the problem. And that's the reason why -- it is potentially not a silly bill if someone tried to abuse it, and that's why we're passing the bill, hopefully.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Cullerton, to close.

SENATOR CULLERTON:

Well, I think Senator Fawell summed it up better than me, and I thank her for bailing me out. And I would ask for an Aye vote.

SECRETARY HAWKER:

House Bill 3436.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Jacobs.

SENATOR JACOBS:

Thank you, Mr. President, Ladies and Gentlemen of the Senate. This is a bill that was requested by the Community Bankers Association. It declares that a security interest in a deposit account does not displace a common law right of set-off. This was an agreed bill. I know of no known opposition, and ask for its support.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Any discussion? The question is, shall House Bill -- I'm sorry. It wasn't on. Senator Hawkinson.

SENATOR HAWKINSON:

Thank you, Mr. President. Will the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Indicates he will.

SENATOR HAWKINSON:

Senator, right now a bank can set off your account, and what that means, they can apply it against a debt if they have a security agreement that's on the back of your -- your bank card or your -- your deposit agreement. There has to be a contract that allows set-off. And sometimes this set-off is exercised against a joint tenant. For example, a mother and daughter - mother could place a daughter on an account for purposes of convenience. She's not able, because of ill health or something, to pay her own bills, and the daughter becomes a joint tenant. What can happen occasionally is that that daughter has some financial problems and

-- of her own that have nothing to do with the mother, who really owns the account, and the bank, if they have an agreement, can take the mother's account and set off the daughter's debt. But they have to have a contract to do that. Are you now saying that even without a contract - that under some common law case that could be a hundred years old for all we know - that there can be set-off against someone's account, even though that set-off has not been explained to them in a contract?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Jacobs.

SENATOR JACOBS:

Thank you, Mr. President. As I understand it, Senator, that the security interest is perfected only when there's an agreement that is signed. Now whether or not that -- that -- and when it is signed and when it is executed, and then when the other organization, other than the secured party maintaining the account -- the deposit account, is given such notice. So it appears to me there has to be notice.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Hawkinson.

SENATOR HAWKINSON:

So for purposes of legislative intent, this is not -- this is not designed to expand the current set-off rights, for example, involving the debt of a joint tenant - this would not be designed to expand those set-off rights without notice -- prior notice to the account owner?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Jacobs.

SENATOR JACOBS:

Senator, as I understand it, this is a clarification as to when a security interest in a deposit account is, in effect, as they say, perfected.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Hawkinson.

SENATOR HAWKINSON:

Well, it may be a clarification, but it's not intended to expand set-off rights, or to give financial institutions rights to set off against owners of a joint tenancy account, because of a debt of some other joint tenant.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Jacobs.

SENATOR JACOBS:

That is not my intent, and as far as I understand it, that is not the intent of the bill.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Geo-Karis.

SENATOR GEO-KARIS:

Will the sponsor yield for a question?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Indicates he will.

SENATOR GEO-KARIS:

I'm not sure I understand this bill, but -- correct me if I'm wrong. Does this bill, in effect, state that if I have a bank account in Carl Hawkinson's bank, for example, and -- and I owe money on -- and I owe that bank money, does that bank have a priority lien on my bank account, rather than some other bank where I've also borrowed money?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

As I understand the bill, no.

But then, according to our analysis, it said that -- it says that the -- a depository bank's claimed an account where the account is used as collateral for -- for a loan, that depository bank can make a claim on it.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Jacobs.

SENATOR JACOBS:

Would you repeat that question, Senator? I didn't hear that?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Geo-Karis.

SENATOR GEO-KARIS:

According to our analysis, it says that -- my understanding is that a depository bank, if it has a claim to an account that I have in that bank, and that I had used that account as collateral for a loan, I think -- the way I read this is that bank would have a prior lien on that account, rather than some other bank where I may have borrowed money from. In other words, it's not very clear for me. Perhaps you can explain it a little better, because I'm not too clear on it.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Jacobs.

SENATOR JACOBS:

Senator, if you look at the bill, it really is -- doesn't really say a lot, but the purpose of the bill - and it's the best way I can perhaps describe it - is that, as it says, that declares that Article 9 of the Code, i.e. secured transactions does not displace a common law right of set-off of the secured party as to the deposit account maintained by the secured party. I think it's a clarification, and that's all it is, Senator.

This legislation amends -- makes various changes to the Illinois Plumbing License Law, and it's a result of negotiations and agreement between the plumbing contractors of Chicago and Cook County, the Chicago Journeymen Plumbers Local 130, and the Department of Public Health. It amends the license law to eliminate the fee schedule and replace that with -- by allowing the Department of Public Health to establish a fee schedule. It creates the Plumbing Licensure and Program Fund, and it amends the State Finance Act. It establishes requirements and procedures for licensure of apprentice plumbers. Inexperienced apprentice plumbers, first- and second-year apprentices, must have direct supervision by their sponsor in order to perform most plumbing work. Second-year apprentices may do repair and maintenance work if they have completed a minimum number of hours of classroom instructions or its equivalent. The other changes are relatively minor, requiring apprentice plumbers to be at least sixteen years old, and other provisions. Be happy to answer any questions. SENATOR PALMER:

Okay. Senator Cullerton, would you explain or describe what is meant by the apprentice program, and what kind of experience an apprentice has to have for two years in order to qualify?

PRESIDING OFFICER: (SENATOR COLLINS)

Senator Holmberg -- I mean Cullerton. I'm sorry.

SENATOR CULLERTON:

The -- apparently the change that this law would bring about deals with the definition of "supervision". Currently, "supervision" means any plumbing done by a licensed apprentice plumber must be inspected at least once after an initial rough-in and once upon completion by the licensed sponsor or his agent. And in addition, all renovation, alteration, extension and maintenance work done by a licensed apprentice plumber on an existing plumbing system must be approved by the licensed sponsor or his agent. This bill provides that supervision -- means that first- and second-year licensed apprentices must perform plumbing, as defined in the Act, under the direct personal supervision of a licensed sponsor or his agent, except for maintenance and repair work done by second-year apprentices. These particular second-year apprentices must have received a minimum number of hours of classroom instruction or its equivalent. Supervision with respect to all other apprentice plumbers means that, except for maintenance and repair work, any plumbing done by such apprentices must be inspected daily, after initial rough-in and after completion by the licensed sponsor or his agent. In addition, all repair and maintenance work done by apprentices must

be approved by the licensed sponsor or his agent. So remember that this is not a new Act. We are amending an Act that already exists - that dealing with licensing of plumbers. And it's really more of a technical change in -- in the law with regard to the definition of "supervision."

3594 is the hotel tax, or the Hotel Operators' Occupational Tax. That tax was never intended to apply to a business employee who is a resident of a training facility owned by a specific corporation. However, discussions with the Department of Revenue, even though the tax has never been applied, those discussions have implied that the Department of Revenue may consider applying that tax in the future. To prevent that, what House Bill 3594 does is add a definition to the word "public," which clarifies for taxation purpose that employees and other persons of a business and its affiliates or subsidiaries who stay overnight at a facility owned by the employer, affiliate or subsidiary, for the sole purpose of training, will not be considered as a hotel guest for tax purposes.

Current law permits aliens to hold title to property for only six years, after which time the land must be conveyed to a bona fide purchaser for value. This was enacted in 1897. What this bill does is to authorize aliens to acquire, hold and dispose of real property in the same manner as natural born U.S. citizens. However, it does not apply to the Agricultural Foreign Investment Disclosure Act, which is a -- an Act which we enacted so that information could be acquired and used by the Director of Agriculture to analyze the effect of foreign holdings on family farms in rural communities. SENATOR HAWKINSON:

Thank you, Mr. President. House Bill 3921, as it came over from the House, raised the maximum fine for child pornography from ten thousand dollars to one hundred thousand dollars. Under the current law, the counties get the ten-thousand-dollar fine. That would not be changed by this bill, but any fine over that would go to the State to create the Child Sexual Abuse Fund in the State Treasury. As it came over from the House, this would have been administered by the Department of Public Health. The Department of Public Health and the Department of Children and Family Services agreed that this would be better administered by the Department of Children and Family Services, and we amended this bill yesterday to provide that the Child Sexual Abuse Fund would be administered by the Department of Children and Family Services, and would be used for grants to private agencies giving treatment and counseling to the victims of child sexual abuse. Lady from DuPage, Senator Fawell. Fawell, please.

SENATOR FAWELL:

Thank you very much. This was a proposal by the State Appellate Prosecutor's Office, and what it does, it extends from thirty to ninety days, after filing, the period that the court has to examine a petition for post-conviction relief. What has happened in the past is, the -- due to the time that the clerk has had, there have been some real problems in the courts. And so the post-conviction petition should be extended to ninety days.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Any discussion? Senator Welch.

SENATOR WELCH:

Yes, Mr. President. I'd just like to say that I stand in opposition to this bill. One of the reasons why it takes so long to have the death penalty enacted in the State of Illinois is that we have a lot of extra procedures after a conviction, and one of them is a post-conviction relief petition that a defendant is entitled to. What this bill says is that instead of the court entering a decision within thirty days, we're going to give them another two months. So what this bill does is delay the imposition of the death penalty by two months. So I would urge people to vote No.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Any further discussion? Senator Hawkinson.

SENATOR HAWKINSON:

My initial reaction to this bill was to question why we would need to delay a post-conviction petition from thirty days to sixty <sic> days. This is a proposal of the State Appellate Prosecutor's however, and I called them and I talked -- also, it's a proposal of State's Attorney Jack O'Malley. I called my local State's attorneys for their reaction to the bill. The reason for the bill is this, and the reason I'm standing in support: right

STATE OF ILLINOIS
87th GENERAL ASSEMBLY
REGULAR SESSION
SENATE TRANSCRIPT

120th Legislative Day

now, if a post-conviction relief petition is filed, a judge has thirty days to dispose of it without holding a hearing. The judge can dispose of it -- if it's obviously a frivolous petition, the judge can dispose of it within thirty days without holding a hearing. There are so many of these petitions in Cook County, and their branches are spread so far, that the Cook County State's Attorney is finding that the judges are getting these sometimes on the twenty-ninth day or not getting them within the thirty days at all. What this means, as a practical matter, is that on the most frivolous of petitions - and believe me, there are many frivolous petitions that are filed in post-conviction relief - the judge then has to schedule a full-blown hearing on every petition. That is what clogs down the system, delays the system and causes delays in death penalty and other cases. By extending this period to ninety days, the judges will be able to look at all these petitions and dismiss those that are frivolous, without a hearing. I think, contrary to the prior speaker, this will actually speed up the system, and that's the reason the State's attorneys are in favor of this bill.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

The Lady from Cook, Senator Alexander.

SENATOR ALEXANDER:

Thank you, Mr. President. Will the sponsor yield?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Indicates he will.

SENATOR ALEXANDER:

My question to the sponsor is: one, if I am convicted of a crime, normally I am granted within a thirty-day period to file for an appeal. I then proceed to the Appellate level or other levels of court for a judicial rehearing. Does this piece of legislation in any way stop me from filing a post-conviction after a final court of review - Supreme or Appellate - has heard my last

call? So does it in any way affect my filing date with this ninety-day extension, or thirty-day extension?

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Fawell.

SENATOR FAWELL:

No, it has nothing to do with that. It only is talking about the courts -- the amount of time the court has to review.

PRESIDING OFFICER: (SENATOR LECHOWICZ)

Senator Alexander.

SENATOR ALEXANDER:

Thank you. I think I understand then. I then can proceed in the normal course with a notice of appeal; run what is considered my normal course in the courts; lose everything; and then I can start post-conviction petitions, as it has been in the past, without feeling that I have been denied any rights. Am I correct? Thank you.

Senator Weaver has moved passage of House Bill 4194. Discussion? If not, the question is, shall House Bill 4194 pass. Those in favor will vote Aye. Opposed, vote Nay. And the voting's open. All voted who wish? Have all voted who wish? Have all voted who wish? Take the record. On that question, there are 56 Ayes, no Nays, none voting Present. House Bill 4194, having received the required constitutional majority, is declared passed. All right. Ladies and Gentlemen, we have now gone through the entire Calendar. I would turn your attention to the list of Recalls that has been passed out by the Secretary. It helps the clerical help up in Enrolling and Engrossing. We can get this done and then we're through for the day. So I'd ask the bill sponsors to please be ready. That's Macdonald, Davidson, Dunn, Jones, Jones, Jones, Jones, Jones and Jones. If you'll turn to page 26 on the Calendar. Earlier today, we moved from 2nd to 3rd Reading Senate Bill -- House Bill 2741. 2741. Senator Macdonald. You don't wish to call it back. All right. Page 11. 2818. 2818. Senator Davidson seeks leave of this Body -- on the Order of House Bills 3rd Reading is House Bill 2818. Senator Davidson seeks leave of the Body to return that bill to the Order of 2nd Reading for purposes of an amendment. Is leave granted? Leave is granted. On the Order of House Bills 2nd Reading is House Bill 3105. Madam Secretary.

SECRETARY HAWKER:

Amendment No. 1 offered by Senator Thomas Dunn.

PRESIDENT ROCK:

Senator Dunn.

SENATOR T. DUNN:

Thank you, Mr. President. There is an exception to the Freedom of Information Act when there is a pending law enforcement proceedings, which would deny access to those records by a citizen. This would put a cap of one year on for the denial period. The second portion of the amendment would prohibit the investigative body and the subject agreeing later that neither would release the investigation material when it's paid for by taxpayers' dollars.

PRESIDENT ROCK:

Gentleman has moved the adoption of Amendment No. 1 to House Bill 3105. Discussion? If not, all in favor, indicate by saying

PRESIDENT ROCK:

Senator DeAngelis.

SENATOR DeANGELIS:

Thank you, Mr. President. Floor Amendment No. 2 seeks to restore within the bill, which is the Homestead Exemption, the right of Cook County to extract from the School Aid Formula what would result -- what would come from losing the assessed valuation. I realize, in deference to the sponsor, that this might put the bill in jeopardy, and with my respect for the sponsor, I'm going to withdraw it. But I would like to caution my Downstate friends that those of you who resent the system of classification in Cook County, do not overlook - do not overlook -

the fact that we are equalized across that county. And when our assessed valuation is measured for the School Aid Formula, it is not measured only based on the residential classification, but it's also based on the business classification. And it's based on the equalized assessed valuation across the county, which is thirty-three and a third percent, like all the rest of the counties in the State of Illinois. I will withdraw the amendment.

PRESIDENT ROCK:

And the sponsor thanks the Gentleman. Amendment's withdrawn. Further amendments?

SENATOR DEMUZIO:

Thank you, Mr. President and Ladies and Gentlemen of the Senate. This amendment is the Comptroller's amendment. Apparently it is to codify the current House and Senate accounting practices for district office expenses. Apparently, there is some duplication that is currently involved in that process, and this would allow the Comptroller the opportunity to eliminate the duplication. It's my understanding it's been discussed with the Secretary of the Senate and others, and it -- I understand there is no opposition. I would move its adoption.
