Senator Haine, for what purpose do you rise? SENATOR HAINE:

Madam President, a point of personal privilege.

PRESIDING OFFICER: (SENATOR HALVORSON)

State your point.

SENATOR HAINE:

Thank you, Madam President. Ladies and Gentlemen of the Senate, I wish to call your attention to a good friend from Alton, Mrs. Gina Wolter, and her daughter, Abby. Mrs. Wolter is a very active member of the Juvenile Diabetes Association in Alton area - Alton/Godfrey - very accomplished part of that group and a -- and a community leader. Abby is a brilliant young East Middle School student in the Alton Community Unit Schools. I would -- they're here to lobby the Members of the General Assembly and -- and observe us at -- at work. I'd ask a warm welcome to Mrs. Wolter and Abby.

PRESIDING OFFICER: (SENATOR HALVORSON)

If our guests in the gallery could please rise. Please stand up and be recognized. Welcome to Springfield. Okay. If everybody can turn to page 4. We're going to be going to Senate Bills 3rd Reading. So, on Senate Bill No. 1, Senator Hunter, do you wish to proceed? Madam Secretary, read the bill. SECRETARY HAWKER:

Senate Bill 1.

(Secretary reads title of bill)

3rd Reading of the bill.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Hunter.

SENATOR HUNTER:

Thank you, Madam President and Ladies and Gentlemen of the Senate. Senate Bill 1, better known as "Ticket For The Cure"...

PRESIDING OFFICER: (SENATOR HALVORSON)

Excuse me, Senator Hunter. Could we please keep it down? I appreciate it, so we can hear Senator Hunter present her bill. Senator Hunter.

SENATOR HUNTER:

Cancer is the leading cause of death in the United States for persons under eighty-four years of age. In Illinois this year, approximately nine thousand three hundred women will be

16th Legislative Day

3/2/2005

diagnosed with breast cancer and one thousand seven hundred and eighty will die of this disease. For women, breast cancer is the leading -- the leading cancer diagnosed, and accounts for about thirty percent of invasive cancer diagnosed in Illinois. are a number of factors that play a role in the risk of developing cancer and receiving access to appropriate care to detect and treat cancer. These factors include, but not limited to, education, income, employment, insurance status. groups, including the American Cancer Society, is to eliminate the disparities often seen among these different racial, ethnic and socioeconomic groups. African-Americans are more likely to develop cancer than persons of any other race or ethic -- ethnic And, African-American women have breast cancer death rates one-third higher than their counterparts. The proportion of African-Americans diagnosed with more advanced stages of the disease is higher than Caucasians. Hispanic women are least likely of any ethnic group to use preventative services, such as pap smears, mammograms and clinical breast exams. Senate Bill No. 1, better known as "Ticket For The Cure", is supported by the American Cancer Society-Illinois Chapter and Y-ME. Senate Bill 1 will require the Department of Revenue to begin a special instant scratch-off Lottery game titled "Ticket For The Cure". proceeds will go to breast cancer awareness and treatment. Department of Public Health will grant the proceeds from "Ticket For The Cure" to public or private entities in Illinois to help with research, screening, treatments and the prevention of breast Before grants can be awarded, grant applications must be reviewed by the Ticket For The Cure advisory board which will be established as a result of this legislation, in which it will consist of ten people, in which the Governor will appoint two people and each leadership from each caucus will also appoint two The game is scheduled to start on July 1, 2006, or soon This is a new game and it will enhance - I repeat this bill will enhance the Common School Fund and it will bring new purchasers and new dollars to the school -- to this Fund. have an analysis from the Commission on Government Forecasting and Accountability, and they are indicating that there is very minimum impact, if any, to this -- this bill. I also have a letter from Carolyn Adams, the Superintendent of the Lottery, and

16th Legislative Day

3/2/2005

they are taking no position at all on this legislation. Ladies and Gentlemen, I ask for a favorable vote.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any discussion? Senator Geo-Karis.

SENATOR GEO-KARIS:

Madam President and Ladies and Gentlemen of the Senate, I have never bought a Lottery ticket in my life, but I'll tell you one thing, I'm certainly going to buy a Lottery ticket for this cause. It's very worthwhile and I commend President Jones and Senator Hunter and all the other folks that are on this bill for their efforts on it. It's a very worthwhile cause and I certainly urge everyone to support it. What -- what else can we do? It is a serious situation. You all know that and we all know that. So, Ladies and Gentlemen, I certainly speak in favor of the bill and urge all of my colleagues on both sides of the aisle to support it.

PRESIDING OFFICER: (SENATOR HALVORSON)

Any further discussion? Senator Sieben.

SENATOR SIEBEN:

Thank you -- very much, Madam President, Ladies and Gentlemen of the Senate. Commend the sponsor on her concern about the issue of breast cancer and the need to find funds to fund research on breast cancer. I know she's very sincere in her But I reluctantly rise in opposition to this My concern is this, and I expressed this in the legislation. Executive Committee, that -- I don't think there's anybody in the room probably that hasn't been touched by the issue of breast cancer. My mother died just a little over two years ago - victim of breast cancer. I've run in the -- the Race for the Cure. I've donated to the fund for the cure. I've walked in the walk Where -- I think all of us have supported that. for the cure. My concern is the precedent we're setting here by establishing a Lottery game where the proceeds of the ticket sales will be separated from the Lottery funds and put into a dedicated fund. That, in -- in itself, is a reasonable mechanism to handle the sales of these tickets. And I agree with the sponsor that it will attract new players to the Lottery game. I also believe that there will be players that are playing the Lottery today that will switch, that will shift the game that they play, and

16th Legislative Day

3/2/2005

that by doing this, will take some money away from the existing Lottery system. Now, I don't know what you hear from your constituents when you go out and people ask you, "What's happened to all that Lottery money?" I thought we put the Lottery -- we authorized the Lottery in 1974 to fund education. aren't getting enough money, and now you want to do something to start a precedent - and I think this is a dangerous precedent starting -- creating games for very worthy causes. disagrees with the cause here. But I think there will be players that now -- as Senator Geo-Karis may start playing, there's your I think there will be other people that are currently playing the Lottery that now will switch and buy the Ticket For The Cure. The effect of that, you're taking money away from the Education Fund. You're taking money out of the Lottery and putting it into the cause for the cure. cause, but you're going to lose money that could be going to education. You're going to say to the voters, any time you've got a worthy cause, let's start a new game and let's sell a new ticket and let's take those monies out of the -- Lottery money and put it to the cause for the cure, or for prostate cancer, or for whatever the -- the cause may be. So, I commend the sponsor, but I just don't think in good conscience we want to start down this road where we take money away from education through people that are buying a ticket for a different cause. So, I would urge a No or Present vote.

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Jones.

SENATOR E. JONES:

Thank you, Madam President. I rise in strong support of Senate Bill 1, Ticket For The Cure. And I was here when we originally passed the Lottery, and people will continue to ask, as Senator Sieben says, "Where does the Lottery go?" "Where do the funds go for education?" Each year for the last fifteen years, that fund has remained almost constant - anywhere from five-fifty to six hundred million dollars annually. So that question will always still be here. I don't care where you go, because each year its purchasing power has been diminished. But this is an entirely new game that currently does not exist, which in turn will bring people -- will cause people to want to

16th Legislative Day

3/2/2005

participate in it. Now, I see on the local televisions back home, you got the Avon Walk for Breast Cancer. It -- it's -it's the number one cause of -- of death among -- among so many And it's not only those who are not being treated or who're receiving the care. But it's a issue I think we should deal with. Playing the Lottery is something that one would do voluntarily. You're not compelled to pay -- to play it. with the various groups around the State of Illinois and this is a means with which we can get money in for in-State research, as well as treatment programs, to bring about more awareness as to -- for women to go in and get the necessary breast cancer treatment or testing to see whether or not they have breast cancer. It's not going to impact the Common School Fund. Matter of fact, it should enhance the School Fund, because if you go in and buy one ticket -- a new player go in, she -- Adeline may go and buy one Ticket For The Cure and they may have that big Mega Millions. She may buy three or four other tickets. And she may take you, Senator Sieben, along with her. So, I -- let's not be so concerned about the Common School Fund. This bill will enhance the Common School Fund. And it should receive fifty-nine affirmative votes.

Is there any further discussion? Seeing none, Senator Hunter, to close.

SENATOR HUNTER:

I ask for a favorable vote.

PRESIDING OFFICER: (SENATOR HALVORSON)

3rd Reading of the bill.

16th Legislative Day

3/2/2005

PRESIDING OFFICER: (SENATOR HALVORSON)

Senator Martinez.

SENATOR MARTINEZ:

Thank you, Madam President. Senate Bill 6 amends the School Visitation Rights Act, requiring an employer to grant an employee unpaid leave up to twenty-four hours, currently eight hours, per school year in order to attend school conferences and other It also removes provision requiring an employee to exhaust all accrued vacation leave before becoming eligible under the Act. The -- Senate Bill 6 will also expand the time allowed for parents to take unpaid leave in order to participate more in their -- children's school activities. In addition, requiring employees to first exhaust all of their vacation time may discourage employees from pursuing this type of leave. This is why this provision is removed from the bill. Many parents need such vacation time for summer breaks and school holidays. According to National PTA, parental involvement in a child's education is a major factor in determining success in school. Currently, through an administrative order, State employees are allowed up to twenty-four hours of unpaid leave that is similar to the provision of the bill. And one -- one important -- one important aspect of this bill is the Act applies solely to public and private employers with fifty or more employees in Illinois.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any discussion? Senator Pankau. SENATOR PANKAU:

Thank you, Madam President. I would just like to -- alert my fellow colleagues. This bill came through the Labor Committee and there are several things that you should be aware of in the bill. It does raise the amount of hours from eight hours up to twenty-four, but there was no real evidence to show that there was a reason why we needed this drastic increase, a -- a three-Also, presently you must use up all of your fold increase. vacation pay before you're entitled to take this eight hours. That part was eliminated from the bill. So even if you have personal days, vacation days or whatever left, you still have the ability to go up to twenty-four hours for this school visitation or -- or school activity allotment. I don't think anybody denies that we want parents to be more involved in their schools, but I

16th Legislative Day

3/2/2005

don't necessarily know that this is the way to do it. It seems like those that want to be involved are going to take the time and their employers totally understand and even give them the time. I know of many employers, if you say "My child has an XYZ activity this afternoon. Can I leave an hour early from work?" they say, "Fine. Just go. Family is important." Family is important, but I'd be very careful of this bill. And therefore, with all due respect to the sponsor, I would ask that you consider a Present or a No vote.

PRESIDING OFFICER: (SENATOR HALVORSON)

Is there any further discussion? Seeing none, Senator Martinez, to close.

SENATOR MARTINEZ:

Thank you. Thank you, Senator. One of the -- there's a lot of -- we talk about parent participation in school, and some -some parents don't have the luxury of being able to take time off work every time there's a school activity without having to use up their time -- vacation time. I think vacation time is so important to families, because this is the opportunity they have to be able to spend -- especially during the summer months, when they can out and spend a week or two weeks with family doing some great things, going out of town and having a -- a great time with their -- with their children. I just think that when you look at the school year - some school districts have nine months, other have year round - I don't think twenty-four hours of that given time in the whole entire year is too much to ask for -- for an employer to allow a parent who wants to be able to maybe accompany a -- a -- a child on a field trip or accompany a child to -- or -- or, coming to talk to the teachers and -- and -- and get updates on what's going on with school. I think twenty-four hours is -- is adequate time during a school year and to an employer to allow the parent to participate in what's going on. I don't feel that eight hours is enough time. Parents need time on vacation, like I said, to be able to go out with their But I think that this is something that we need to do today to ensure those parents that can't take the time out all the time to be able to be allowed by the employer, you know, unpaid time they can utilize to go and be with their children. And I ask for a favorable vote.

Senate Bill 36 amends the IMRF Article of the Illinois Pension Code. It allows IMRF annuitants who have taken early retirement benefits to return to service with an -- IMRF employer in cases where the employee is not required to participate, or elects not to participate, in the IMRF with respect to that employment. This bill will also allow these annuitants to take position with IMRF employers which qualify for the participation with another Illinois pension -- pension -- public pension fund, such as TRS. Certain contractual positions will still be subject to the early retirement return-to-service penalty.

Thank you, Madam President, Members of the Senate. This bill passed unanimously out of the Judiciary Committee. It deals with the issue of -- extradition. Excuse me. This came to me from the Tazewell County State's Attorney, Stewart Umholtz, and he has a federal prison in his county. And when a federal prisoner is released at -- to another State, where they have a sentence to finish in another state, we have to go through very expensive extradition proceedings which are unnecessary because it's clear that the other person is going to go to prison in So what this bill does is to authorize the another state. release of federally incarcerated individuals into the custody of officers from another state where the individual has violated the terms of their parole or has an unexpired sentence in the other state, and it would save the State a lot of money. SENATOR PETERSON:

Thank you, Madam President. Senate Bill 53 passed out of the Judiciary Committee with a unanimous vote. This bill arises out of multiple constituent concerns with competitive shooters attempting to purchase bulk ammunition at reduced prices through the mail. The FOID law is written to require that ammunition only be sold to those displaying a FOID card. Due to this language, out of State business -- businesses refuse to sell ammunition to Illinois residents. This bill allows citizens of Illinois to purchase ammunition from an out-of-state seller by providing a copy of their FOID card, a copy of their driver's license or State ID card, and provides that ammunition be -- only be shipped to an address on one of those two documents.
