PRESIDING OFFICER: (SENATOR LIGHTFORD)

Please proceed, Senator.

SENATOR MURPHY:

Thank you. First of all, it -- it's alarming to me that Senator Sullivan has, yet again, walked onto the Floor with a young lady with a crown on her head. Senator Jacobs, is there -- he's right next to you. Is there anything you could have done about this? They all go in his district? To the point: I am very privileged today to have two Pages, and they are twins. Danny and Jessica Webster are from Hoffman Estates. Like Senator Connelly, they are boy and girl twins. They're in sixth grade at Lincoln Prairie School, a rare K through 8 public school that is trying some innovation in that district. They're both interested in gymnastics, ice skating and swimming, and have a number of different hobbies. Their Grandma and Grandpa Nelson are up above

SENATOR COLLINS:

For a point of personal privilege.

PRESIDING OFFICER: (SENATOR LIGHTFORD)

Please state your point, Senator.

SENATOR COLLINS:

Thank you. In the gallery to my left, we have a group of students from one of the alternative network schools, Prologue. They came today to witness the work that we do and to congratulate us on being such efficient, dedicated public servants. I'm sure that's what they want to do. So, Madam Chairwoman {sic}, would you please welcome the Prologue group that's in my -- in the gallery?

PRESIDING OFFICER: (SENATOR LIGHTFORD)

It's a initiative of the City of Naperville. This allows municipalities to treat emerald ash borer-infected trees in the right-of-way under certain limited criteria. Thank you very much, Madam President. Senate Bill 2671, as amended, is a recommendation of the Illinois Environmental Protection Agency. It amends the Environmental Protection Act to provide stricter oversight of large used tire facilities, requiring used tire storage facilities with more than ten thousand used tires, or at which more than five hundred tons of used tires are processed in a calendar year, to secure a solid waste permit from the IEPA to operate in the State. It also authorizes the Attorney General's Office or a State's Attorney to seek injunctive relief against such facilities in Illinois if they are not in compliance with established financial assurance requirements adopted by the Illinois Pollution Control Board. This bill contains no new taxes or fees or increased taxes or fees. The current one-hundred-dollar annual fee will still apply.

Thank you very much, Mr. President. Senate Bill 3259, as amended, provides property tax relief for small businesses which had their property destroyed from a natural disaster. The bill grants commercial and industrial properties which are used and occupied by a small business a reduced valuation for a period of fifteen years. The bill is similar in spirit to Senator Forby's natural disaster homestead exemption, which we passed a couple years ago. The bill's concept is at the request of the Champaign County Board and result of tornadoes which destroyed small businesses and property in the town of Gifford, Illinois, along with the town of Washington and other towns in the State of Illinois, last November. Request a favorable vote.

SENATOR FRERICHES:

Sure. The idea is similar to when that tornado went through Harrisburg a couple years ago, and there were people who were looking at rebuilding their properties and they found that their property values would escalate dramatically. And some people were saying, "I don't want to rebuild because I can't afford those property taxes." This is similar to businesses that have been in business - family businesses - for fifty years, and it's saying that we're going to increase their property values, property taxes, by four percent a year up to fifteen years before they come back in. It's a way of easing them back into and encourage redevelopment in the town of Gifford.

This would allow a number of licensed occupations to get a photoless license; instead, they give a thumbprint, which is, frankly, far more beneficial from a law enforcement standpoint anyway, were something to happen at a later date. We've done this previously for driver's licenses, State IDs, FOID cards, et cetera. The language in here is the same language we adopted by working with the Illinois State Police previously on the FOID card position. And frankly, instead of coming back - I represent the Amish community in Arthur - instead of coming back every couple years with one here, one there, one here, this just gets rid of everything else there is to get rid of.
